D. H. POLLOCK

DRUGS, BOOKS
AND PAINTS

308 East Grand Avenue, BELOIT, WIS.

	YOU CAN	COOK LIGHT HEAT	WITH	GAS	
--	---------	-----------------------	------	-----	--

A GAS RANGE in the kitchen is safe, convenient and economical—it costs no more than any other fuel.

ONE WELSBACH GAS LAMP in an ordinary room will light it well—if used three hours per night the cost will not exceed 50c per month.

A SMALL INEXPENSIVE GAS HEATER will bring comfort and prevent sickness—also postpone the need of furnace.

BELOIT SAVINGS BANK

Organized March 26, 1881

The Pioneer Savings Bank of Wisconsin

RECEIVES DEPOSITS IN SMALL
AMOUNTS AND INVESTS SAME FOR
THE BENEFIT OF THE DEPOSITORS

It has paid in semi-annual dividends to depositors over \$173,000 since its organization.

It will help you save your money and give you the benefit of its earnings.

It will loan you money on easy terms, and help you build or buy a home.

Loans are made on first mortgages on real estate security, and on such other security as is approved by the Finance Committee.

It will rent you a safety deposit box in which to keep your valuable papers and securities, at prices ranging from \$2.50 to \$5 per year or by the month at from 25 to 50 cents per month.

1904

STREETS AND AVENUES.

All streets running north and south, count from the State line, with the even numbers on the west side of the street. The first block begins with 100, the second 200, the third 300, etc., increasing by 100 with each succeeding block; but Bushnell avenue and Grand avenue forms a correct line, which corrects to 600.

All streets running east and west, count eastward and westward from Fifth street, with the even numbers on the south side of the street. The correction lines in passing eastward are Pleasant street, correcting to 500, and Park avenue, correcting to 900. In passing westward, Bluff street corrects to 300, Eighth street to 700, and Hackett street to 900. On streets which cross Fifth street, "E" is annexed to the number of each house east of Fifth street, thus: C. & N. W. R. R. Pass. depot, 100 E. Grand avenue.

WEST SIDE.

Adams, 1st w. of Eighth, from Shirland Ave. N. to Euclid Ave.
Afton Road, 1st W. of Fifth, from Sixth N.
Barrett Ave., 1st S. of Portland Ave. from Second to Third.
Beach Ave., 1st N. of Maple Ave., from Afton Road E.
Birch Ave., 3rd N. of Maple Ave., from Afton Road E.
Bluff, 1st W. of Fifth, from Shirland Ave. N. to Olympian Blvd.
Brooks, 1st N. of W. Grand Ave., N. W. to Hackett.
Carpenter, 4th N. of Maple Ave., from Afton Road E.
Cleveland, 1st W. of McKinley, from Euclid Ave. N. to Liberty Ave.
Division, 2nd W. of Town Line Ave., from Euclid Ave. N. to St. Lawrence Ave.
Dustrude Court runs west from 636 Eighth street.
East Liberty Ave., 5th N. of W. Grand Ave. from Fifth E.
East Merrill, 4th N. of W. Grand Ave., from Fifth E.
East Middle Ave., 6th N. of W. Grand Ave., from Fifth E.
East Portland Ave., 3rd N. of W. Grand Ave., from Fifth E.
East Roosevelt Ave., 2nd N. of W. Grand Ave., from Fifth E.
East St. Lawrence Ave., 1st N. of W. Grand Ave., from Fifth E.
Edgewater, 5th N. of Maple Ave., from Afton Road E.

JOEL B. DOW
LAWYER

BELOIT WATERWORKS COMPANY.

THE CITY OF BELOIT has one of the finest water supplies in the country, remarkable for its purity. The source of supply is evidently the same as that of Waukesha, Palmyra, and other notable Wisconsin waters in this part of the state, as the analysis shows. The water is supplied by innumerable springs bubbling up under the bottom of a huge well thirty feet in diameter and forty feet deep. It is so clear and colorless that a cut glass when filled to the brim looks no different than the empty glass.

We give the interpretation of analysis made by Prof. E. G. Smith, of Beloit College: Interpretation of results. The low amount of free ammonia, albuminoid ammonia, oxygen consumed and nitrates, and finally the physical properties indicate an almost absolute freedom from organic matters. (2) The hardness is about the average of our surface waters. (3) The results of this analysis show this water of rank among the very best city supplies. ERASTUS G. SMITH, Ph. D.

The grounds of the Waterworks occupy about five acres on the east bluff of the city, and make a very beautiful little park with its natural trees and sloping lawns. The water tower, 100 feet high, is built of stone on raising ground, and is the finest and largest piece of stone masonry of the kind in the west. The tower sustains a large cypress tank, holding 100,000 gallons of water, which is kept full at all times, day and night, and gives from its own head 60-pounds pressure to the business portion of the city. The pumps give a direct pressure of 125 pounds when required for fire purposes. Beloit has sixteen miles of water mains and over 150 fire hydrants, thus giving splendid fire protection, as well as beautiful and healthful water for domestic purposes.

An auxiliary water station on the West Side is also connected with the system and run by water power.

FIRE DEPARTMENT.

EVERET E. GOSS, Chief.

Central Station, 613 Fourth Street.

East Side Station, 1070 College Avenue.

TO GIVE AN ALARM:—Go to the nearest box, break glass in box, take key and unlock box, then pull down once on hook which is in plain sight and the alarm is given.

The first stroke or strokes of the fire bell designate the ward from which the alarm is turned in; it also designates the first figure of the box number. This is followed by a brief pause, and the remaining strokes indicate the second figure of the box number—thus: 1 stroke, pause followed by three strokes, means First Ward, box No. 13; fire out, 1—1; more pressure, 2—2; more help, 3—3.

—HENRY & HOLAHAN—

Carry the Largest Stock of Gents' Furnishing Goods.

TO KEEP THE HANDS SOFT and BEAUTIFUL USE VAN WART'S CREAM

LOTION. It hasn't that sticky, disagreeable feeling so common in most preparations of a like nature. Gloves can be worn immediately after using.
