TO THE TRADE.

We present for your consideration our ninth specimen book, and hope to be favorably considered when in need of goods in this line.

Attention is invited to the elegant selection of designs and the extremely low prices.

As heretofore, all orders entrusted to our care will be executed in the best possible manner and as promptly as the nature of the work will admit.

Thanking old patrons and friends for their liberal patronage accorded us heretofore, and soliciting a continuance of a share of their future favors and a trial order from those whom we have not had the pleasure of serving, we remain

Yours very truly,

CENTRAL LABEL COMPANY.

F. E. Klein & Co., Proprietors.

Terms,

Cash, subject to no discount. All accounts not settled at the expiration of 30 days from date of invoice subject to sight draft with **exchange** and **collection** added. In extending credit we rely on R. G. Dun & Co's reports unless satisfactory references accompanies the order. New firms will oblige us by enclosing cash with their orders, otherwise they will be subject to delay until we are informed of their standing through the commercial agencies.

Local Checks.

The custom of remitting with local checks has grown to such proportions that it involves a loss which we feel we are not entitled to bear, each check costing us from 15 to 25 cents to collect. Remittances may be made in post office or express money orders, registered letters, or draft on St. Louis or New York.

Orders of \$1 00 and under are too small to charge and must be accompanied by the cash.

Discount.

When orders for labels and stationery at list prices amounts to \$25 00 and over, a discount of 10% will be allowed. This discount does not include engraved labels, boxes, folding boxes, or other specialties advertised herein. On all orders for ungummed printed labels we make a discount of 10%.

Gummed Labels.

All labels will be gummed unless otherwise ordered, excepting embossed labels. 10 per cent. discount is made on all orders for ungummed printed labels. No discount on ungummed engraved or embossed labels.

Receipt of Orders.

The receipt of orders are always acknowledged by postal stating about when the goods may be expected, and failure to receive such notification is an indication that the order has not been received. If you receive no such acknowledgement make immediate inquiry.

Notice.

Our productions are not limited to the samples shown in this book. We are prepared to furnish any desired style of label at the very lowest rates.

It is not necessary when making out an order to mutilate the sample book. Order by the number printed over each label. If special wording is wanted for a certain design, give the number of design and the reading matter to be inserted.

When ordering send a printed card or label, or write the address plainly in ink as pencil copy frequently becomes obliterated.

When writing for quotations on special work, describe it as near as possible, stating the quantity desired, the amount of composition and the quality of stock, or send a sample. Don't expect us to guess at what is wanted.

Special low rates in quantities. Let us figure on your work.

Your attention is called to our list of Pill and Powder Boxes published in back of book. We carry a large stock of every variety.

Delivery.

When the cash accompanies the order, or received before shipment of goods, we pay the delivery charges; otherwise they will be delivered at expense of purchaser.

This offer only includes Labels, Prescription Blanks (except where mentioned), Note, Letter and Bill Heads, Cards and Statements. All other goods advertised herein are delivered at the expense of purchaser in every instance.

Engraving.

Special engravings furnished for Dispensing and General Labels, Monograms, Signatures, Trade Marks, Special Preparations. Etc., executed in the highest style of the art, and after first cost of engraving is incurred, can always be furnished at the same prices and in as small a quantity as ordinary printed labels.

Sketches will be forwarded for approval, when requested, and charged for. Upon receipt of the order credit will be allowed.

C. O. D.

Goods will be forwarded C. O. D. to parties having no rating in the commercial reports and who prefer not to furnish references, upon receipt of one-third the amount of order, as a guarantee that the goods will be taken out on arrival.

BEE WINE
AND
IRON

This admirable preparation so successfully used during the past ten years, has now become almost a necessity to that class of patients requiring a mild but effective tonic combining the virtues of Fresh Beef, a sound quality of Sherry Wine and a Salt of Iron, which strengthens but does not constipate. Its use in Convalescence, Wasting diseases, Dyspepsia, Alcoholism, loss of Appetite, Nervous Debility and General Prostration, is too well known to require further comment.

Each fluid ounce contains the strength of two ounces of Fresh Lean Beef, six grains Citrate of Iron, dissolved in pure Sherry Wine and flavored with choice aromatics.

DOSE: For an adult, tablespoonful three times a day; for children over six years old, teaspoonful three times a day.
