BADGERS AGAIN ENTER TEAM IN PENN RELAYS

To Send Team East for First Time Since 1916

For the first time since 1916 a University of Wisconsin relay team will again compete in the Penn Relays which are to be held in Philadelphia on April 30. The big eastern meet is the biggest track event in America, athletes from the largest institutions of the country being represented.

Director of Athletics T. E. Jones has just announced that the Badgers will compete for honors at the Penn meet and in connection with the announcement said:

"This is the greatest track meet in America and it is only fitting that a university which has made the record on the cinder path that Wisconsin has, should be represented with the other great universities of the country. In former years the Cardinal athletes always competed in the eastern carnival, and the prestige of Wisconsin athletics was established in the east because of performances of the Badgers."

Two Teams Entered

According to Coach Jones it is not definitely decided as yet just what kind of teams Wisconsin will send east. Both a four mile relay team and a medley team have been entered. It is not probable that both teams will go east and the matter will be settled at the Drake relays which will be held April 23.

Following the completion of their indoor schedule, the varsity runners are resting this week in preparation for the opening of the outdoor season next week. Intensive training for the Drake Relays will commence then, and the ensuing weeks will determine which team will represent the Badgers at the Penn races.

The four mile relay team will be made up of some of Wisconsin's fastest men, among them such stars as Wall '21, Brothers '21, Finkle '24, Dennis '21, Noble '22, and Hohlfeld '23.

Special Events at Penn

In addition to the relay teams, Coach Jones announced definitely that "Al" Knollin '22, Badger hurdler, and Dale Merrick '22, and Lloyd Wilder '21, pole vaulters would be entered in the Penn event as special events. This trio of athletes have been among the top-notchers in the middle west during the indoor season, and Coach Jones is optimistic over their chances in the eastern meet.

During the many years that Wisconsin has been represented at the Penn Relays, the Badgers have made some enviable records. In 1916 the Badgers won the greatest number of points in the events in which they participated.

Y. W. WORKER SPEAKS TO WOMEN LEADERS

Miss Leslie Blanchard, noted student worker and executive of the student department of the national board of the Y. W. C. A., arrives here today from New York City to spend a few days in Madison to consider the student problems in the university.

Miss Blanchard will speak today at 12:45 to Sophomore commission of Y. W. C. A., and this evening she will address a group of student Y. W. C. A. leaders.

During the last year Miss Blanchard has visited and studied student movements in eight European countries. The Y. W. C. A. office will be open to students who wish to meet Miss Blanchard.

DOUBLE-HEADER OPENS WOMEN'S BASKET SEASON

Juniors Defeat Freshmen and Seniors Victors Over Sophomores in Initial Contests

At the double-header opening games of the women's basketball season, the juniors defeated the freshmen by the score of 32 to 16, and the seniors won over the sophomores by a score of 30 to 18. An unusually large crowd turned out to watch the games.

The junior-freshman game was characterized by the brilliant shots of Auta Lyman '22, who made 11 baskets out of 16 tries, and by the quick and alert playing of Esther Bilstad '24, who played jumping center. The teams on the whole were well-matched, and the freshmen showed promise of future development. The senior-sophomore game was hard fought throughout. The seniors, in spite of lack of material from which to choose, presented an appearance of good teamwork, together with strong individual playing. The work of Hazel Wright '21, guarding, was particularly outstanding.

Lineups are as follows:

Junior	Freshmen
A. Lyman	F. J. Snow
M. Maxwell	F. E. Harris
M. Maxwell	R. O. R. C. Smith
M. Roach	J. C. E. Bilstad
M. Winter	G. K. Lloyd
M. Strassburger	G. J. Cherry

Senior	Sophomore
H. Thompson	F. B. Knights
B. Zimmerman	F. F. Huprich
M. Swift	J. C. I. Capps
D. Kropf	R. C. I. Clayton
D. Carlock	G. M. Severance
H. Wright	G. E. Mainland

Substitutes—Junior: M. Fish, H. Berton, I. Winchell.

Referees—L. Wallrich, and L. Stupp.

Score keepers — M. Hinkens, H. Fish, and M. Croskey.

Before the games started, stunts were put on by the different classes, and a pep session featuring snake dances, original cheers and songs, and much display of green, red, yellow, and blue, the respective colors of the freshman, sophomore, junior, and senior classes, put the crowd and teams in a frame of mind preparatory for the games.

DATE CHOSEN FOR SENIOR SWING-OUT

Esther Haven Appointed General Chairman of Annual Event

The annual senior "Swing Out" which is to be held Friday night, June 3, was the principal topic of discussion at a meeting of the Yellow Tassel, Junior girl's organization, which was held at 12:45 Tuesday noon in Lathrop hall.

The chairman of the various committees which will have charge of the affair were appointed and will meet soon to make out their committees. The chairmen are: Esther Haven, general chairman; Zirian Blish, assistant chairman; Reba Hayden, music; Marion Strassburger, publicity; Mildred Gerlach, program; Betty Sehon, stunts; Lucille Curtis, posters; Dorothy Dwight, decorations.

Mary Maxwell, junior basketball captain, and Edith Ewall, junior baseball captain, urged the girls to support their class teams in the games which are to be begun this week.

A banquet will be given early in May, at which time nominations for officers of Blue Dragon will be made. It is to be given in Lathrop cafeteria and all junior girls will be invited.

Little Brown House Once was Scene of Solar Observation

On the south side of Observatory hill, nestled among a clump of trees is a little brown house that is passed every day by hundreds of students who perhaps never give it a second thought. But there is really an interesting little story connected with it.

"Watson's Solar Observatory" was erected about 45 years ago by Prof. J. C. Watson who came to Wisconsin university to experiment on a current discovery of a new planet. It was in his honor that Washburn Observatory was built.

It was found that the rays of the sun were so intense that observations had to be made from a dug-out or some obscure place. The sight at the foot of the south side of Observatory hill was chosen and a cellar 25 feet deep was dug and cemented. The little brown house was built over it.

Professor Watson set up his apparatus and just when things were in shape for the experiment, he died leaving the unfinished work to a successor who was unable to do anything further.

The place was closed up and nobody has been in the deep cellar for about 25 years. The building is now used as a store-house by the Extension department. Several thousand dollars worth of film is kept there.

IS SENATE FAILING? TRACY TO ANSWER

"Is the Student Senate a Failure," is the title of a speech to be given by Sterling Tracy '22, at the Y. M. C. A. Fellowship meeting Thursday evening, at 7:15, in the "Y" parlors. Music will be furnished by the Y. M. C. A. orchestra, and there will be a vocal solo on the program. After the talk by Tracy, open discussion will take place.

"We want to know if the student self-government has failed," declared Wesley Travers '21, who is in charge of the meeting, "and if another type of government would be more successful. This meeting is an effort to have a thorough discussion of the subject. We want everybody out, because this problem is of vital concern to the entire school."

COLLEGES COMPETE FOR TRACK TITLE

Meet to Be Held Thursday and Saturday of This Week

The Inter-college track meet will be held in the annex Thursday, March 24, and Saturday, March 26. On Thursday the two mile, quarter mile, running broad jump, and pole vault events will be held. The remaining indoor events will be run off Saturday.

Entries should be made with Mead Burke or the team captains, who are as follows: Letters and Science, Wells Sherman; Commerce course, Marshall Sloane; Agriculture, Bert Lampen; Engineering, Harry Phillips.

Points won in this meet count toward the Nelson trophy. Individual winners or those scoring six points will receive their college emblems.

KAPPA SIGS PLACE SECOND IN BOWLING

Kappa Sigma earned the right to second place in the Inter-fraternity bowling tournament by defeating Delta Tau Delta in two out of three games last night. The tournament had ended with the two teams tied for second place. The Deltas take third place honors.

ALL SET FOR HIGH SCHOOL BASKET MEET

Waukesha to Replace Racine in Tourney—Games Start at 3:30

With the majority of the high school basketball teams arriving in Madison today, everything is in readiness for the opening of the state tournament tomorrow. The programs are printed and ready to distribute, the trophies are being held at the Hub awaiting claimants, and the student body of the university is ready to entertain the visitors.

The games start at 3:30 tomorrow afternoon and continue through until 10 o'clock. An admission of 50 cents for each session of two games will be charged.

A few additions have been made to the program at the banquet which takes place at 10 o'clock on Saturday night. Athletic Director T. E. Jones will act as toastmaster. Talks will be given as follows: Address of Welcome, "Cap" Taylor; Response, captain of winning team; "The Value of Athletics," Doctor Meanwell; "Athletics," "Red" Weston. The committee in charge desires that every "W" man in school be present at the banquet.

All "W" men who plan to attend the banquet on Saturday night will please notify Dexter Brown at the Psi U house as soon as possible.

The schedule for tomorrow is as follows:

8:30—Platteville vs. Waukesha.
4:30—Elmwood vs. Menominee.
6:45—Madison vs. Superior.
7:45—La Crosse vs. Rhinelander.
8:45—Appleton vs. Neillsville.

Racine Ruled Out

Definite word was received yesterday that Waukesha will replace Racine in the tournament. The reason given was that Grover, Racine center, had participated in a game, conducted under other than high school auspices, to which admission was charged; thereby causing that school to forfeit any game that had championship bearing.

Waukesha, however, has a team that is well capable of representing

WOMEN WILL GIVE MENORAH PROGRAM

Women members of Menorah will give their annual program at an open meeting of the society in Lathrop concert room at 7:30 tonight. The program will consist of a variety of feature numbers including aesthetic dancing, piano solos, short talks, a playlet, and one specialty number.

Two weeks later the men will have charge of the program, and in accordance with custom, the women will make an earnest effort tonight to set a standard of performance which will be hard to equal. The society extends a cordial invitation to students and townpeople to attend the meeting tonight, since it promises to be one of the best that Menorah has had this year.

HOROSCOPE FOR TODAY

CO-EDS born on this day are very liable to be girls, who, queerly, will have distinct tendencies toward effeminacy. The blonds will have more than the brunettes, but the latter's children will be sorely afflicted with colic. The brunettes will live to a ripe old age, but it is not possible that the blonds will live to be more than 90 years old. Besides the co-eds born on this date, there will be a fair proportion of men. They will have a tendency toward weak eyes, which may be remedied if they are kept off the street corners. All the men born on this day will much prefer the wives of their neighbors to their own, which will only prove that they are ordinary, well-balanced men.

Each year the piers lining the Mendota shore grow elaborate, doubtless to attract the university's fair swimmers. It is rumored that still more improvements will be in evidence this year. Here are a few of the many conveniences contemplated to help make this year's bathing season a success:

D. U. Pier. Super High Dive. Parachutes furnished before ascension. Oxygen helmets for those going to the top, on account of the rarified air. Phone service to warn those in the water that the dive has begun.

SANDWICHES SOLD ON HILL FOR A NICKEL THURSDAY MORNING

The invitation to "buy a sandwich," will greet students on the Hill Thursday morning. And breathless, breakfastless eight o'clock students may welcome that cheery call and purchase a couple of sandwiches—then hurry up the Hill, munching a ten cent breakfast.

Not since pre-war days has it been possible to get a sandwich for a nickel. But the Euthenics club is slashing prices and many students will take advantage of the novelty of a "sandwich for a nickel." A score of co-eds have agreed to canvass the campus on Thursday. Each the purchase of a victrola or piano for the Home Ec practice cottage. Home Ec will assist the Euthenics club in handling the sale.

CORNELL ADOPTS POLO

Polo has been taken up at Cornell. Artillery horses will be used during the first few weeks to give the men practice in passing and riding pending the arrival of the regular mounts. On account of the comparatively small stable to be maintained, the squad will be limited to about 20 men although all candidates will be allowed to try out for the team. It is expected that games will be played with Penn, Harvard, Princeton, and Yale.

Soldiers Chorus from Faust, by Gounod (1818-1893).

This is the well known stirring and rousing chorus which is frequently used when an exhilarating march is desired. Written originally for the men of France, it has been sung and enjoyed by men, women and children the world over.

Charles Francois Gounod, the celebrated French composer, wrote an astonishing number of works of many varieties, but he is probably best known as the composer of the opera, Faust. Sixty years or more have elapsed since the first production of this masterpiece, but it is today sung more than any other opera. At the Paris opera house alone it has been given more than 1,500 times. It combines beautiful solos, brilliant small group numbers, and great ensembles of principals, chorus, band and orchestra.

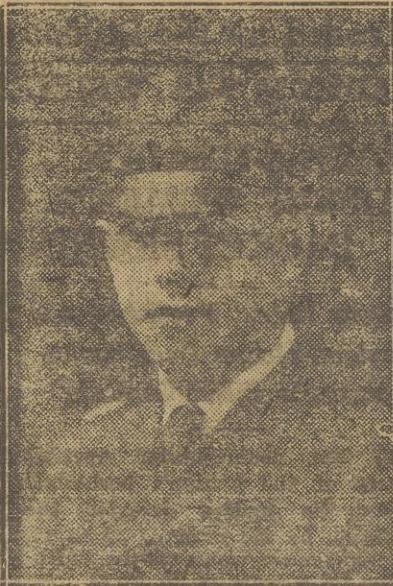

This Soldier chorus is sung by victorious warriors who have just returned from battle. They are filled with the joy of success and wish every one to celebrate with them the honor due to defenders of their country.

**DETROIT SYMPHONY
TO PLAY MARCH 29**

Ossip Gabrilowitsch Will Conduct Famous Orchestra

Ossip Gabrilowitsch, the famous pianist who appeared here several years ago in a piano recital, will be heard on next Tuesday evening, March 29, in the university gymnasium, as the conductor of the Detroit Symphony orchestra.

From his first appearance as an orchestra conductor in 1906, he has called forth praise from critics and public alike. His own power of exact interpretation and his ability to control his orchestra and to express through its perfection of technique his own musical feeling have stamped him as one of the great conductors and brought the

Beginning with the overture to an opera by Glinka "the prophet-patriarch of Russian Music," the program includes the First Symphony of Brahms, and Debussy's (*L'apres-midi d'un Faune*) and the Capriccio Espagnol of Rimsky-Korsakov.

Tickets are now on sale at Hook Brothers' Piano store. The price for town people is \$2.00; for students \$1.50.

the Milwaukee district. They were defeated by Racine in the final district tournament game by a 17 to 13 score. At the end of the first half, Racine held a 12 to 1 lead. Against these discouraging odds, the Waukesha five staged a rare comeback and came within four points of a victory. Had they discovered earlier in the game that they could not depend solely upon short shots for their points, there is a strong possibility that the outcome might have been reversed.

Madison Ranks High

In comparing Waukesha, Racine, and Madison, it may be seen that Madison ranks among the leading aspirants for state honors. Racine was barely able to defeat Kenosha, and Waukesha was defeated by both teams. Madison, by virtue of an overwhelming victory and a one point defeat, ranks above Kenosha. Both times that Racine defeated Madison the latter were not playing in their present form.

Coach Endres expects to present the most formidable lineup that he has used this season against Superior on Thursday afternoon. His men are all in the best possible condition and a sufficient number of second string men are available so

that he can make a number of changes and still not weaken his fighting combination.

A rumor, as yet entirely unofficial, is current that more teams will have to survive eligibility accusations before they will be at liberty to compete in the tourney.

The Rhinelander team, which arrived at 9 o'clock last night, was the first to appear on the scene of battle. Superior was due to arrive this morning.

**OLD EDISON DYNAMO
TO BE EXHIBITED BY
ENGINEERS AT EXPO**

The first Edison dynamo, which was one of the 15 used for the first public exhibition of incandescent lighting, will be shown beside a modern generator at the electrical exhibit of the College of Engineering in the University Exposition to be held at Madison on April 21, 22, and 23.

This old dynamo, which was built in 1880 and was in constant use until 1893, was exhibited at the World's Fair in Chicago. It will be put in running order for the University Exposition and will generate current for some arc lights that are so old they will scarcely hold together.

Four modern generators and a switch board will be set up in the

electrical booth to produce power for telephone equipment, a meter exhibit, a rotary magnetic field, heating appliances, illumination display, and other electrical appliances that will be shown. The construction of the incandescent lamp and various types of electric lights will be displayed, and a ribbon will be shown changing to various colors as various lamps light portions of it.

Among the many electrical novelties will be a lamp mounted on a piece of glass and illuminated without apparent electrical contact, and a submarine lamp which rises to the top of a tank and lights without visible connections.

The electrical exhibit will be prepared under the auspices of the student branch of the American Institute of Electrical Engineers.

**DANTE CLUB WILL
HOLD OPEN MEETING**

The Dante club will hold an open meeting today at 7:30 in Lathrop hall parlors. The program consists of an illustrated lecture on "The Art of the Italians," by Prof. Grant Showerman; Italian songs by Mrs. Frances Cefalu, well known Milwaukee coloratura soprano; a lecture on Dante by Prof. A. Lipari, and a piano solo by Paul Sanders.

SAFETY FIRST

SEVERAL canoes were on the lake last Thursday. More will be out when the weather warms up again. No doubt it is a great distinction to be among the first to plow the delightful waves of Mendota. However, it is a question whether the distinction is worth the risk at this early season.

No canoes should venture out until the life saving boat is in actual operation. It is gratifying to hear that this boat is now ready for service. Even so, the canoeists should not go out too far while the water is cold.

A strong sentiment for caution and common sense would do much to reduce the number of lives lost and endangered every year on the lake. It should be the aim of the entire student body to eliminate carelessness altogether as a cause of such accidents.

The wind and storm are dangerous enough without the assistance of human thoughtlessness.

LENTEN SERVICES

THE Campus Religious Council has arranged noon meetings in Music hall beginning today. These meetings are to begin at 12:45 o'clock and continue until 1:15.

The programs will be devotional in character and will serve to bring out much of the deep meaning of the Lenten season.

This is no time for the Christian world to neglect observance of the most solemn season in the calendar. Nations are staggering from the blows dealt by war. Men are groping about in the dark looking for the light which they hope will bring in a brighter day for civilization.

Idealism is suffering today just as the one great idealist suffered 2,000 years ago. The temptation to surrender and to compromise with unrighteousness was never stronger than now. Many of the same voices that acclaimed idealism with cosannas a little while ago are now crying out for Barabbas.

Are the idealists prepared to endure to the end? That is the test. That is where the message of Lent strikes home with impelling force today. Christendom is preparing to do honor to one who fought to the end, preferring death to the surrender of idealism. Now the instrument of his death is proclaimed as the symbol of salvation for the world.

In the light of history the tragedy of Calvary shows that the spirit of idealism will prevail if men keep the faith.

The campus meetings beginning today should cause the students to think on these things.

Sample of Snaps
Sold by Y. W. Girls

PRES. E. A. BIRGE

The above picture of Pres. E. A. Birge is a sample of the type of snapshots of members of the faculty which are being sold at 10 cents apiece in the Y. W. C. A. and Y. M. C. A. offices. They may be obtained also at a table on the main floor of Bascom hall this morning, and before 1:30 this afternoon. The money is to be used toward the salary of an assistant student secretary, a newly created position.

The list of faculty members whose pictures are now on sale are President Birge, Deans S. H. Goodnight, F. W. Roe, G. S. Sellery, H. L. Russell, F. E. Turneaure, and H. S. Richards, Profs. B. W. Snow, A. B. Hall, W. G. Bleyer, W. H. Kickhofer, J. Jastrow, S. W. Gilman, J. R. Commons, J. H. Mathews, A. P. Haake, T. E. Jones, and Coach Joseph Steinauer and Mary Anderson, secretary of the Y. W. C. A.

Orders may be given for the pictures to any member of Y. W. C. A. board.

207 LOANS MADE TO
NEEDY STUDENTS
FROM TRUST FUNDS

To aid needy students in earning their way through college, 207 loans, totaling \$11,141, were made last year by the regents of the University of Wisconsin from the loan funds and trust funds at their disposal. The loans averaged \$53 per person and many were made just in time to save students from giving up the struggle because of financial difficulties. Although every available dollar was used, many worthy students had to be refused because the funds were too small.

The university has 20 loan funds for this purpose. Fifteen of them, totaling \$15,000, may be loaned out entirely and then reloaned as the money is repaid by the recipients. Five of the loan funds, totaling \$20,454, are trust funds whose income only may be loaned out. One of these, the John A. Johnson fund, produced last year an income of \$885 for student loans.

Because of the increasing number of needy and worthy students who apply for small loans to aid in earning their way, the loan funds are at present far from adequate, and further funds are being sought from alumni and friends of the university to endow new funds or add to the principal of existing funds. Even small gifts, ranging from \$1 to \$10, are sought to enlarge the Secretary's Loan fund whose income is entirely used as small loans to students.

CLOSED MARKET SOON TO PASS

Anderson Sees Cooperation Developing; Speaks at Meet Here

"The days of closed markets and short selling will soon be passed in the grain markets of the world. Minnesota already has passed a law making the terminal market for grain an open co-operative institution. Wisconsin, too, is one of the few states at present where co-operative marketing has developed extensively. I firmly believe that our choice lies between two courses, cooperation on the part of the masses or sovietism. More and more the government is coming to see need for helping along co-operative institutions," declared James R. Anderson of Minneapolis, president of the Equity Co-operative Exchange of that city, a member of the Farmers' National Co-operative committee before a gathering in the assembly chamber of the capital Monday night.

"The farmer has had all profits taken away from him with no corresponding benefit to the consumer," said C. B. Gregory of Illinois, president of the Farm bureau of that state and member of the committee of 17 of the Farmers Co-operative National committee who spoke upon the conditions of the marketing of grain and their organization. "The primary idea of merchandizing products is to stabilize the market. A good deal of industrial depression is due to loss of profits by the farmers."

Five New Suspects

Wall St. Bomb Blast

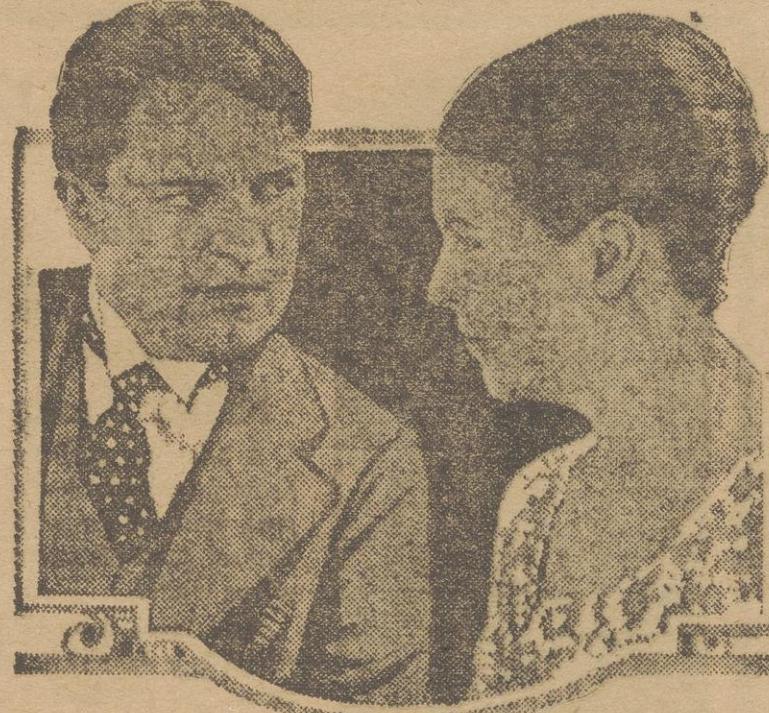

NEW ORLEANS—Five men, said to be wanted in connection with the Wall Street bomb explosion last year were brought here today from Rio De Janeiro on the shipping board steamer Rushville. The men are sailors and gave their nationality as German or Russian. They are shackled hand and foot.

WEATHER

The highest temperature during the past 24 hrs. was 89 at 4 p. m. and the lowest was 21 at 5 a. m. Sun sets at 6:12.

Unsettled and colder weather with north east winds accompany high barometer in the eastern half of the county. Southerly winds and rising temperature prevail on the plains and in the Rocky mountains. Low barometer on the Pacific slope is causing rain as far south as San Francisco.

AVERAGE WAGE IS NOW \$23.94

The average earnings of factory employees in Wisconsin in February were \$23.94 per week. This is \$5.87 less than the average earnings in factories in August, 1920, the month when earnings were highest. The decrease is due to cuts in wages, and the fact that many factories are working only part time.

These conclusions are drawn from the reports of large self-insured employers, furnished monthly to the industrial commission. The employers reporting employ approximately 30% of the total number of industrial workers in Wisconsin. The reports show that the number of employees in Wisconsin factories and mines was 2.6 per cent greater in February than in January. The total earnings, however, showed a slight decrease of .8 per cent.

There were marked increases in the number of employees in all wood-working industries and in the clothing group. On the other hand there were decreases in all metal working industries except in automobile and metal stamping factories, in which groups there was a slight recover. There were marked decreases in the number of employees also in the iron and the lead and zinc mines.

Lambda Chi Alpha Initiates

Lambda Chi Alpha announces the initiation of John J. Hurley '24, Henry M. Blume '23, Jerome A. Straka '24, Milwaukee; Darrell D. McIntyre '23, Avoca; John S. Packard '24, Rhinelander; John A. Wheeler '23, Madison, and Keith L. Fuller '23, Lake Gogebic, Mich.

Sig Chi Formal

Cherry blossoms and smilax will decorate the Sigma Chi house for the formal dinner which the fraternity will give Friday evening. Mr. and Mrs. Frank W. Hoard, Fort Atkinson, Mr. and Mrs. Henry B. Nelson, Milwaukee, and Mr. and Mrs. John Tyrell, Madison, will chaperon. An informal dance Saturday evening will complete festivities.

Mr. Skinner Guest of Haresfoot

Mr. Otis Skinner who played here Tuesday with "At the Villa Rose," was the guest of Haresfoot dramatic society, of which he is an honorary member, at a banquet at the Garden Grill after the evening performance. Other guests of the club were Prof. A. J. Pyre, Prof. O. J. Campbell, and C. L. Fernberg.

CO-EDS COME BACK FROM BLOOMINGTON; GOOD TIME WAS HAD

"Everything from slipping notes into a laundry basket bound for Bloomington to enjoying a glorious night in Chicago," excitedly answered the athletic co-ed between gulps as she tried to devour a ham sandwich and a glass of milk and answer a dozen questions as to what she did on her trip to Bloomington to the W. A. A. conference last week end.

"Never met so many wonderful girls in a few days in my life," she expounded enthusiastically. "All the stray ones, those lone delegates from far states, attached themselves to the Wisconsin delegation which was the largest there and we sure had a good time—bothered the conductors to death, hollered at the station agents in the small towns, and ended it up with a trip to Chicago where we saw "East is West" at the Princess theater and then—Sh! walked boldly into King Joy Lo's across the street for a meal.

"Gotta hurry," and she downed the last morsel, "only have ten minutes to get to basketball practice at Lathrop—tell you more about it later."

CHURCH STUDENTS TO GIVE BANQUET

The second semester banquet of the University Congregational students will be given on April 5 at the Congregational church. Dr. William F. English, Jr., of Chicago, has been secured as the principal speaker. His subject will be "The Christian Church and the International Crisis."

Samuel Wright '21, president of the Congregational Students' cabinet which will have charge of the banquet has appointed the following committees:

Arrangements: Samuel Wright, Deirdre Cox, Reba Hayden, and Ralph Larson. Program: Caroline Schweizer, Marion Mosel, Ralph Larson, and Malcolm Mitchell. Publicity: John Pinney, Adella Boyce, Kenneth Fagg, Adele Falk, Edward Lee and Ada Williams. Decorations: Gretchen Schweizer, Elizabeth Beebe, Dwight Dunlap, and Horace Martin.

Personals

Miss Margaret McDowell has returned to Madison and her work on the hill after spending a week at her home in Milwaukee.

Misses Myrtle Schmidt and Helen McDonald of Chadbourne hall are confined to the university infirmary, suffering from the effects of food poisoning.

Miss Naomi Knaup has just returned to Chadbourne after spending a few days at the infirmary for treatment for ptomaine poisoning.

Miss Gladys Fellows who graduated from Wisconsin in 1919, is a guest at the Chi Omega house, 615 North Henry. Miss Fellows is at present an instructor in the physical education department of the University of Minnesota.

Miss Helen Jamieson '20, Poynette, Wis., is visiting her sister, Miss Lucy Jamieson at Chadbourne hall. She was the guest of honor at a dinner party which her sister gave at the Madison club Monday evening.

Miss Diana Ades has had as her guest for the week end, her sister, Miss Dorothy Ades, Pardeville, Wis.

Miss Helen Rockwell of Barnard hall is in the university infirmary at present where she is recovering from an attack of ptomaine poisoning.

Miss Edith Glicksman of Milwaukee will come to spend this next week end with Miss Josephine Jung at Barnard hall.

Miss Evelyn McFarland will leave this noon for Nashville, Tenn., where she will act as delegate of Mu chapter of Tri Delta at a province convention of that sorority. The convention will last three days.

ACHOTH WINNER IN SORORITY BOWLING

Achoth sorority won the bowling championship for this year by winning three games from Kappa Delta and three from Alpha Omicron Pi. Achoth has lost five games, and Alpha Gamma Delta has lost seven.

Second and third place will be closely contested between the Alpha Gamma Delta and Alpha Xi Delta teams. Alpha Xi Delta, who have lost six games, will play Alpha Gamma Delta next week. Delta Delta Delta finished in fourth place.

The cup which is awarded to the champion sorority bowling team must be won three years in succession in order to become a permanent possession.

JUNIORS VICTORS IN OPENING BALL GAME

The juniors won the first game against the freshmen in the girl's indoor baseball tournament by a score of 18 to 11 in Lathrop gymnasium at 4:30 yesterday.

The season is to last two weeks, each team playing every other team. The winning team will be determined on a percentage basis. The victors of yesterday will play their second game Friday at 3:30.

The junior lineup for yesterday's game was as follows: A. Tucker, pitcher; R. Hayes, catcher; M. Keenan, first base; E. Correll, second base; E. Ewald, third base; A. Barton, shortstop; I. Spiker, field.

The freshman lineup was: P. Newall, pitcher; E. Porter, catcher; A. Phillipson, first base; B. Lins, second base; M. Hall, third base; D. Baldwin, left field; E. Shoot, right field; E. Oldenberg and T. Roach, shortstop.

PLAN NEW HALL

A new woman's residential hall is to be built at Ohio State. It is to be of the English manor type. Since the appropriation of \$240,000 made by the legislature four years ago is not sufficient to put up the entire building as originally planned, the main section is to be erected first, with expectations of later additional appropriation. The building will, however, appear complete. Ground breaking services were held two years ago.

SCHUETZ HAS PRIZE POSTER FOR BALL

Walter E. Schuetz '23, art editor of the Country magazine, has been awarded first prize for submitting the best poster in the Military ball poster contest. His poster although quite simple is very effective as it represents a "cadette" as the bull's-eye of a target, with the caption, "It's a Bull's-Eye," and it will be on display in the window of Morgan Brothers.

Maude M. Killian '23 was awarded second place with a clever caricature of the leading couple in the grand march. It carries the suggestion to "Get in Line." Decorative figures of a "gob" and his partner is the subject of the poster by Antoinette H. Wolff '23, which won third prize.

Honorable mention was made of the posters submitted by Helen M. Elliott '23, and Einar H. Gaustad '23. The ten posters selected will be placed on view in the store windows along State street and University avenue.

Chaplin's new wonder picture fits under no known classification. It is unlike anything that has ever been done. It stands alone. It is a medley of pathos and humor, and unless all indications fail it will go on winning and holding popular favor for many a year.

EASTER MEETINGS TO BEGIN TODAY

Beginning this noon at 12:45 in Music hall, there will be a series of religious conferences in charge of Al Willett '23. The speaker for today is the Reverend A. G. Soldan. Tomorrow the Reverend C. Kimball will talk. The third and last meeting, to be held Friday, will be conducted by the Reverend E. W. Blake-man.

It is hoped that as many students as possible will take advantage of these meetings. They will last from 12:45 to 1:15.

DOG SHOW IS NEW VENTURE

First Canine Exhibit in
City History Here
April 16

The first dog show in the history of the city will be held under the auspices of the Madison Kennel club at the stock pavilion of the university, Saturday, April 16.

All dog lovers will have the opportunity of seeing the best of all the various breeds of dogs. There will be English bulldogs, Boston terriers, bloodhounds, aristocratic collies and Airedales, chows from China, in fact typical representatives of all the known breeds.

Entries and prizes will be confined to local dogs. Kennels from this and other states, however, are interested in the Madison show and have volunteered to have on exhibition a number of their best dogs. All classes will be judged by experts, men who have officiated at many of the large dog shows.

Flu Epidemic Hits U. S. Occupation Army

COBLENZ—Influenza in epidemic form has broken out here among soldiers belonging to the U. S. occupation army. The second battalion of the 8th infantry has been quarantined by the medical authorities. Forty-five cases of the disease have been reported and it is said the attack of the malady is very severe. There have been no deaths from it so far.

AT THE ORPHEUM
Three vaudeville performances are scheduled for today at the Orpheum theater, a bargain matinee starting at 3 o'clock and the regular two evening performances at 7:15 and 9 o'clock. The present bill contains six acts and Kinogram and Topics of the Day pictures, features Ford and Cunningham in a singing and talking act, Sidney Phillips in songs and stories, a stage playlet called "O'Brien, Mgr. and Prop." The Dancing Kennedys, Bayes and Fields, two black-face comedians and the Hayatake Brothers in Japanese Athletic Pastimes.

The new Vaudeville bill announced for tomorrow night and the balance of the week will include the following Orpheum Circuit acts: Color Gems, a study in color, light and form; Tony Hunting and Corinne Frances in their comedy "The Flower Shop;" John R. Gordon & Co. in the playlet comedy "Meatless Days;" Thos. Potter Dunne, vocal dialects; Bobby Gilbert and Bert Saul, A Bundle of Rags; Davis and Pelly, Novelty Acrobats, and Kinogram pictures.

At The Theaters

AT THE STRAND

Aside from its roiling good fun, "Burglar Proof," a Paramount picture which will be shown at the Strand theater for four days starting today carries out a theme which is worth thinking about at this time when extravagance is held responsible for the high cost of living: John Harlow is so "tight" that he is sneeringly dubbed "Burglar Proof" but love changes him.

Bryant Washburn as "John" draws a clever picture that gets plenty of laughs from the "tight-wad" while reserving admiration for the man who learns that a man can be human, though saving!

First John is seen as an awkward country lout, shamed in front of a big crowd because his uncle refuses to lend him five dollars with which to take his girl on a picnic. He goes to the city with a fixed determination never to be broke again. Success finds him living in a tenement and eating in cheap "joints." His doctor tells him he must have a change to avoid a breakdown. He refuses to go out of town so dancing is prescribed as one means of a cure. Thus he meets his Laura and loosens up to find happiness in her love.

Buster Keaton in "The Scarecrow" will be the added attraction.

AT THE GRAND

Shirley Mason comes to the Grand today in a screen version of Israel Zangwill's popular stage success "Merely Mary Ann." Miss Mason plays the part of an uncomplaining little household drudge, bringing to the part a wealth of pathos and heart-reaching gentleness that is unquestionably her best impersonation to date. Worshiping the handsome and temperamental composer Mr. Lancelot, the part played by Casson Ferguson, she supplies a character creation distinctly skillful. Casson Ferguson has the role of a genius aspiring to write opera music, a lover whose selfish impositions upon the adoring Mary Ann are done with a clever skill. One exciting episode comes in an encounter between Lancelot and a mysterious boarder annoying the little drudge. An inherited fortune takes the youngster out of the sordid atmosphere into luxurious environment that makes the final scenes pleasant to remember. The picture's wholesome appeal to humanity's tender side is certain to make it well received by any audience.

AT THE FULLER

One of the novel attractions of the season is that billed to open at the Fuller theater for two days, when the Fanchon and Marco "Satires of 1920" will begin with Sunday matinee, March 27. This show, which has had a big run at the Olympic theater in Chicago has proved a revelation and has won the encomiums of the press and the box office receipts from the public. It is a refreshing idea in entertainment, being a revue with a plot, and this plot concerns itself with certain aspects of the motion picture industry which lend themselves to a satirization. Jean Hayez wrote the book, and he practiced on "The Follies" for several seasons to get himself in trim. The music and lyrics are by Fanchon and Marco, producers and stars of the revue. Nelson and Chain, Arthur West, Al Wohlman and John Sheehan form the battery of fun-makers. Eva Clark is the prima donna composed of two dozen pretty girls known as the "sun-kissed peaches" of California. Scenery and costumes are rich and elaborate.

PROFESSOR IS INVENTOR OF NEW PROCESS

New Steel Tests May Replace Acid Bessemer Method

Series of tests that may result in a radical change of the present steel making methods are now being conducted by several large steel corporations on a process invented and patented recently by Prof. R. S. McCaffery, department of mining and metallurgy of the School of Engineering.

"The experiments on my invention are yet in the stage of development," Professor McCaffery declared yesterday. "Several large corporations are now testing it out in their laboratories. Just what result they have found I do not know, for I have not heard from them lately."

In order to assist the experts in their tests, he expects to spend part of next summer's vacation at the mills. French and Canadian patents on the invention have been procured by the inventor. These arrived recently. An English patent is now pending.

Improve Bessemer Process

The invention is an improvement on the acid Bessemer steel process which aims to reduce the cost of making steel and to decrease the possibility of low quality steel in the process.

It purports to use basic material for the lining of the Bessemer converter, instead of the acid lining now used, in order to prevent corrosion of the interior of the converter and to reduce the amount of air pressure and engine power now required.

With the basic lining, composed of lime, magnesite, dolomite, oxide of iron, or the like, Professor McCaffery states that it will be possible to use lower pressure and cut down the time of blowing about 30 per cent.

His discovery of the formation, character, and action of certain oxides formed by the air blast blown into the molten iron has been the basis of the invention. The acid Bessemer process is now carried on in a converter with an acid lining, on the theory that this reduces corrosion by the acid slag that is formed.

Process Described

It was found by McCaffery's experiments at the university that the acid slag floats to the top and that the serious corrosion of the converter bottom is caused by oxides which are formed by the air blown into the converter and which, being basic, corrode the bottom.

Professor McCaffery, who has taught the subject of metallurgy at the university for the past seven years, has had varied experiences in mining work. Twenty years ago he was in Peru with an American copper mining company, employed as a special assayer.

Two years later he went to Chile where he worked in an English-owned mine as superintendent. Once a resident of Utah, New Mexico, and Idaho, as well as having spent some time in Cuba, the West Indies, and Haiti, he has now permanently taken his residence in Madison.

Gov. Blaine Attends Theater; First in Year

Gov. Blaine brushed aside the cares of state and went to the theater last night.

"First time I have been to the theater in a year" said the governor while wending his way out with the big crowd that saw Otis Skinner at the Fuller last night.

GLEE CLUB TO SING BEFORE LEGISLATURE

The Wisconsin Glee club will give a concert in the assembly chamber of the state legislature tonight at 7:30.

The student body and town people are invited. A resolution was passed granting permission for this concert.

OPEN CONTEST TO TEST KNOWLEDGE OF GOOD MUSIC

Community Committee Assigns One Piece Daily for Recognition

The second Music Memory contest which began Saturday, March 19, and which will continue until the date of the final concert in four weeks, is being held under the direction of the Madison Community Music committee in order to increase the appreciation of good music.

Anyone who can distinguish between Yankee Doodle and America or knows when to rise as soon as the Star Spangled Banner is played may enter the contest. A selection has been appointed for special study each day.

All that it is necessary to do is to hear this selection on the particular day and study it so that it can be recognized when played by the orchestra at the final concert.

The daily selections for the first two weeks follows:

First Week, March 10-25
Saturday—Sextet from Lucia de Lammermoor, Donizetti.

Palm Sunday—But the Lord is Mindful of His Own, Mendelssohn.

Monday—Minuet from Don Juan, Mozart.

Tuesday—Soldier's Chorus from Faust, Gounod.

Wednesday—Danse Macabre (Dance of Death), Saint-Saens.

Thursday—Home Sweet Home, Payne-Bishop.

Good Friday—Air for G String (from D Major Suite), Bach.

Summary: 2 instrumental solos, 1 orchestra number, 1 vocal solo, 1 vocal ensemble, 1 chorus, 1 community song.

Second Week, March 26 to April 1
Saturday—Two Grenadiers, Schumann.

Easter Sunday—Hallelujah Chorus from "The Messiah," Handel.

Monday—Morning (or Morning Mood), from Peer Gynt Suite, Grieg.

Tuesday—To a Water Lily, from Woodland Sketches, MacDowell.

Wednesday—Minuet Antique, Boccherini.

Thursday—The Lass with the Delicate Air, Arne.

Friday—Overture to William Tell (four parts), Rossini.

Summary: 2 instrumental solos, 2 orchestra numbers, 2 vocal solos, 1 chorus.

Everything on the list may be obtained in sheet music, victrola records, and piano-player rolls. Music

stores are holding concerts at noon each day, and moving picture theaters, schools, churches, social clubs and lodges, and some of the fraternity houses are presenting the assigned selection daily.

For persons who can become so well acquainted with the list of 23 compositions that they will recognize them when they are played a large number of prizes are offered.

List of Prizes

The list of prizes follow:
\$125 Brunswick phonograph, presented by Albert E. Smith.

\$85 violin, presented by Hook Brothers' Piano company.

\$85 cello, presented by The Forbes-Meagher Music company.

\$74.50 Library of Modern Music and Musicians in 10 volumes, 7 instrumental and 3 encyclopedic, donated by the Interstate Educational Society, Chicago, Ill., through the courtesy of Thomas Heffernan, representative in Madison.

EGG PRICE DROPS AS EASTER NEARS

Eggs will be cheap at Easter time according to Madison produce dealers who foretell that they will be between 23c and 25c a dozen then. They are selling at 80c now. The price is lower this year than it has been since 1916.

"The bottom is out of the egg market," said one dealer. "The early season which the mild winter ushered in is the cause of the large supply of eggs now on the market. Although local consumption is about the same, the big buyers are slow because the price is so uncertain."
