The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

INTRODUCTION

The publishers herewith present to their patrons the 16th edition of the Janesville City Directory. The work embodies all available and vital data concerning the civic, social, commercial and industrial interests and activities of the bustling municipality. The several features of the Directory, which have given such satisfaction to patrons in former issues, have been retained, amplified and improved, where possible, as suggested by experience. The standard attained in the previous issues is fully maintained in this one, and the Directory will fully serve the requirements of patrons and the public as have its predecessors.

The statistical review which follows this introduction is especially noteworthy as clearly visualizing the importance of Janesville in its civic, social, commercial and industrial aspects.

The Directory is compiled in several essential departments which are set forth in the order following:

THIS MISCELLANEOUS DEPARTMENT, pages 9 to 20, includes a fund of information regarding city and county governments, banks, churches, courts, hospitals, incorporated companies, libraries, newspapers, public and parochial schools, secret and benevolent societies, and state institutions.

THE BUYERS' GUIDE occupies pages 21 to 48. This section of the Directory, printed on tinted paper, includes numerous advertisements of the leading manufacturing, business and professional interests of Janesville. They have been carefully grouped by departments and are indexed under classified headings and otherwise in various parts of the Directory. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. In a progressive city like Janesville the need for

this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the City Directory enjoys in many and varied lines of trade.

THE STREET AND AVENUE GUIDE AND DIRECTORY OF HOUSEHOLDERS covers pages 49 to 112. In this invaluable section of the Directory the names of the residents and business houses are arranged numerically under the name of each street and avenue, the names of the occupant householder or business concern being placed opposite each number.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations is embraced in pages 113 to 414.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 415 to 472. This department shows the various manufacturing, mercantile and professional occupations compiled in alphabetical order by headings appropriate to the class of industry pursued. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

JANESVILLE

A PROGRESSIVE CITY IN SOUTHERN WISCONSIN

Janesville is located on Rock River, nearly in the geographical center of Rock County, on the southern border of the State. It was first settled in 1835, incorporated in 1853 and made the judicial seat of the county in 1859. It is 91 miles northwest of Chicago and 71 southwest of Milwaukee, on the C. & N. W. and the C . M. & St. P. Rys., also the Rockfield & Interurban Electric Ry. The shipping facilities are among the best in the State. Fine water power is afforded by Rock River. A first class system of water works and an efficient fire department are ample security against fire. The city has gas and electric light works, electric street car lines, fire alarm telegraph, a daily and weekly newspaper, high and graded schools and churches of the leading denominations. Tobacco raising, now one of the leading industries of Rock County, is of immense value to the city and has given rise to the establishment of numerous wholesale and jobbing houses in leaf tobacco; the manufactures are extensive and comprise woolen mills, farm implement works, furniture, auto trucks, shears, fireless cookers, porch shades, pen, wire fence, tractor and knitting factories, cotton mills, flour mills, dye works, building sand and gravel pits, beet sugar, toy, creamery supply and clothing factories and numerous others. The Wisconsin State School for the Blind is located here.

STATISTICAL FACTS CONCERNING JANESVILLE

Population, 21,952; area, 8 square miles; altitude, 800 feet above sea level; assessed valuation, $20,963,260; bonded debt, $972,000; tax rate, $26.76 per $1,000; miles of streets, 88; miles of paving, 30; miles of sanitary sewers, 44; miles of storm sewers, 8; miles of electric street railway, 2; parks and parkways: 11 in number, acreage 14.12, value $65,000; water works: capacity in gallons, 16,000,000, daily average pumpage 2,000,000, miles of water mains 50, value of plant $607,000 police department: men 14, stations 1; public schools, 11; Parochial and diocesan schools 3, miscellaneous schools 1; volumes in public library, 22,000; banks and trust companies, 5; theatres, 5; hospitals, 2; hotels, 12.

THE JANESVILLE CHAMBER OF COMMERCE

The Janesville Chamber of Commerce is an organization of several hundred leading citizens and business men who are representative of the best civic, commercial and industrial activities of Janesville. The Chamber is one of the most advantageous and imperatively necessary features of this up-to-date city. It is the active dynamo from which power is generated, stimulating all lines of human endeavor, reaching out for advancement for civic, commercial and industrial progress, through the channels of concerted initiative and leadership until the object is gained and success attained.

DIRECTORY LIBRARY

A library of City and County Directories and State Gazetteers has been installed by us in the offices of the Chamber of Commerce for the free use of our patrons. As the latest Directories are issued, they will be added to the Library, thereby keeping it up-to-date from year to year. We extend a cordial invitation to each and every one of our subscribers to make frequent use of the Library and to consult the Directories on file as often as desired.

MUNICIPAL PUBLICITY

Advertising Janesville

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers place copies of this Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Janesville, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves and their friends for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of potronage.

Where Keys are Kept—Keys to open the doors of all boxes are kept in a little box fastened to the pole by the side of the street box, the box having a glass cover

Direction for Sending in Fire Alarms—In case of fire go to the nearest street box, break the glass cover of the key box, take the key from the hook and place it in the door of the street box, which has a spring lock and is easily worked; the lock being released, open the door; place the index finger over the little brass hook or lug projecting from the slot near the top of the inner door, pull the hook down quickly, but steadily, to the bottom of the slot and let go immediately; the hook will fly back to its original place and the fire department will do the rest; persons turning in an alarm should remain at the box until the arrival of the department for the purpose of giving information as to the location of the fire

Signals Given on the Fire Bell—Two taps on the fire bell, after the alarm from the box has been sounded, calls for one hundred pounds direct pressure; this signal repeated calls for 125 pounds pressure; three slow taps after the alarm means "fire out;" one tap on the bell denotes broken wire; the steamer responds to alarms

CLASSIFIED BUYERS' GUIDE

OF THE CITY OF

Janesville, Wis.

1925

The Buyers' Guide contains the advertisements and business cards of the most progressive business men and firms in our city, classified according to lines of business. The habit of using these Classified Lists will save the buyer large sums of money. It is the modern and up-to-date method of finding what you want and who sells it.

NATIONAL ADVERTISERS—

are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory. Put "See the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications of your line.

LOCAL ADVERTISERS—

will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

GO WHERE THE MONEY IS

Said JAMES J. HILL

The great "Empire Builder" put a world of good advice in five words, too, when he said it. If you expect to earn a larger salary, you must prepare to go where larger money is being paid—qualify for the work—specialize—make your ability MARKETABLE.

Our Courses have pointed the way to hundreds. Don't delay. Remember you can begin here ANY DAY. We teach you individually. Write for full information or call to see us.

NAMES APPEARING IN BLACK LETTERS

IN THIS DIRECTORY are those of people who ACCOMPLISH THINGS, and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

PATRONIZE THEM!

FARNUM'S For Furniture

Here is a suite that is typical of the high quality and sensible price which characterizes the Farnum line. It deftly combines the unusual in design and beauty with impressive features of construction.

Fine quality, coupled with Farnum's dignified credit plan, has been a big factor in the growth of this big furniture store. Our cheerful willingness to help in the selection of life-time furniture has always been a delight to our patrons.

ONE OF 200 POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

MANY TRIPS AT YOUR FINGER-TIPS — SAVE MANY MILES, MINUTES and DOLLARS

There are over 300 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents—the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed —the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

TRADE! You like

to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

THE PUBLISHERS

FOURTEENTH CENSUS OF THE UNITED STATES
