Fair today and probably Thursday. Some what cooler Thursday.

PRICE 5 CENTS

DATES ARE FIXED FOR HARESFOOT'S SPRING OPENING

Performances Will Be Given on April 24, 25, and 26; Tour Planned

April 24, 25 and 26 have been set as the dates for the Madison performances of next spring's Haresfoot club. This announcement was made public yesterday by Sidney R. Thorson '24, business manager, after consultation with the directors of the Parkway theater.

Setting the date early in the year will give organizations ample time to change their plans for spring events in case they wish to do so, officers of the club believe.

Last spring the unavoidable conflict with the Military ball interfered somewhat with the plans of each affair, and the dramatic club is anxious to have an open date for its performances.

Combine Spring Formals

"It is probable that some fraternities already have tentative plans for spring formal dances that could be changed at this early date and we believe that they will cooperate with us in the matter," Porter F. Butts '24, president of the club said last night.

"We are sure that most of the organizations that have set tentative dates will be only too glad to change them in order to attend the show."

Three Performances

There will be three night performances, Thursday, Friday, and Saturday. A matinee will be played Saturday. This is one more Madison performance than is usually given. The extra show is the result of a demand for more seats at the play given last April.

The itinerary for the spring tour is being completed rapidly, and definite announcement of places and dates will be made in The Cardinal at an early date. The tour next spring probably will include one more foreign performance in addition to the extra show scheduled for Madison.

SECOND FROSH TICKET IS FILED

Herrmann and Sinclair Head Candidates For Class Offices

H. R. Herrmann and A. V. Sinclair head the second freshman ticket for class offices to be filed at the elections November 2. K. F. Linden for secretary, A. H. Alexander for treasurer, and H. C. Klement for sergeant-at-arms complete the candidates.

Herrmann is from Lansing, Mich. He was on the basketball, track and swimming teams there and was business manager of several student activities. He is a pledge of Inner Gate and Theta Delta Chi social fraternity.

Miss Sinclair is from Chicago and attended the Morgan Park high school there. She was an officer of her class for two years and was active in student associations. She is a member of W. A. A. and a pledge of Kappa Alpha Theta sorority.

Miss Linden is a graduate of Madison Central high school and was president of the girls' club. She was on the volleyball, basketball and baseball teams. She is a member of W. A. A. and is a pledge of Alpha Phi sorority.

Alexander is a graduate of Crane high school, Chicago. He held class offices for three years in high school and was president in his senior year. He played basketball and was a member of the track team. He is a pledge of Phi Kappa Psi and Inner Gate.

Klement is a graduate of Fort Atkinson high school. He played basketball on the Fort Atkinson team. He is registered in the College of Agriculture.

Homecoming Button Sale to Defray Expense Starts Today

CRANEFIELD ENTERED AS SENATE CANDIDATE

Harold A. Cranefield has announced his candidacy for junior representatives on the Student senate. He is a member of Hesperia, being on that organization's joint debate team for this year. Cranefield was closer on the winning Sophomore semi-public debate team last year. He is a member of Phi Kappa Alpha fraterni-

L. KISSEL ENTERS 1925 PROM RACE

New Candidate is Only Man to Run on Independent Ticket

Lester L. Kissel is the third candidate to enter the field for the chairmanship of the 1925 Junior prom. He is running singly on an independent ticket.

Last year Kissel was elected to the Union board and has been conducting the Union board dances in Lathrop.

The Union board concert series is also under his direction. Kissel is custodian of the Union building on Langdon street.

The candidate is an associate business manager of the Literary magazine and is on the business staff of the 1925 Badger. He is also a member of the Varsity water basketball squad and in his first year was on the freshman basketball squad. He has been an active worker on the Memorial union and Wisconsin in China drives.

Kissel is a member of Tumas and Sigma Phi fraternities.

More than 400 courses of study are given in the summer session of the University of Wisconsin.

Foreign Flashes

BERLIN, Oct. 23—Disorders in Hamburg were continuing this afternoon. Popular discontent with food prices caused the trouble, it was stated. Many women were among the communists who stormed and captured several police stations. Fifteen were reported dead.

CHICAGO, Oct. 23—Susan Browne, a former student at the university ended her life here today, because she would not meet the conditions of employment laid down by proprietors of large Chicago cabarets. "Susie" Browne is reported to have been very beautiful and was gifted with a good voice.

PARIS, Oct. 23—The Quai d'Orsay today expressed its vehement disfavor to any American plan for consolidation of debts to the United States. The ministers pointed out that the American debt is 17,000,000 francs more than the total number now in circulation and that should they pay their indebtedness the resulting inflation would set the franc on the same level with the mark.

PARTS, Oct. 23—American observers point out here that the formation of a Rhineland Republic and the dissolution of the German Republic means the virtual death of the Versailles treaty. As the French have many times announced their intention to remain in the Ruhr and Rhine valleys until the reparations claims are paid, if the dislocation of Germany is completed, it is unlikely that they will ever leave the Rhineland.

Committeemen Will Solicit All Fraternities Today and Tomorrow

The men's button sale for Homecoming will start today under the direction of Wilbur Wittenberg '24, chairman of the button sales committee, when all fraternities will be solicited by committeemen. The fraternity sale will continue tomorrow, according to Wittenberg.

"The financial success of Homecoming depends largely upon these sales," Wittenberg said yesterday. "The carnival, parade and programs depend partly on the button sale and the bonfire, while expenses involved in other committee work such as publicity depend entirely on the success of the sale. Every one who buys a button should put it on and wear it through Saturday."

It is hoped that the fraternity sale will be checked up and completed by Friday night. There may be a house-to-house campaign according to the success of the fraternity campaign.

The girl's button sale under the leadership of Helen Kingsford '24 is being conducted largely thru S. G. A. districts. Each sorority house will be taken care of by its S. G. A. representative.

A sale will be conducted in the various buildings on the hill Friday, however, by girls. No girls will sell buttons on the street in accordance with Kingsford regulation.

Buttons will be placed on sale at the information booths Saturday. Information booths will be situated at important points about the town and campus.

The committee has arranged to put on sale 6,000 buttons at 25 cents apiece as was done last year.

The buttons are about an inch in diameter, the top half showing a football and head guard, the date running across the middle and the bottom half displaying a W and M.

S. G. A. WILL CONSIDER VOCATIONAL CONFERENCE

A board meeting of the Women's Self Government association will be held at 7 o'clock tonight in Lathrop parlors. All dues must be in by that time, according to Lois Jacobs, president. The matter of the regular vocational conference will be brought up and considered at this time.

100,000 DIRECTORIES TO BE PRINTED THIS YEAR

The registrar's office reports that approximately 100,000 student directories are being printed this year. There will be two editions as formerly, the first including only students and the other being a directory of both students and officers. It is not known as yet when they will be ready.

FRENCH PROFESSOR TO LECTURE ON KING TUT

An illustrated lecture on La Sepulture De Tutankhamon or King Tut's tomb will be given by Prof. Alexandre Moret at 4:30 o'clock this afternoon in 165 Bascom hall. Professor Moret is a well known Professor of Egyptology in the College de France and has been secured by the committee on convocations and lectures of the university. The lecture will be given in French, and is under the auspices of the Romance language department.

Michigan Ticket Sale Postponed to Next Monday

The student ticket sale for the Michigan game on November 17, which was originally scheduled to open today, is being postponed until Monday, according to Paul Hunter who has charge of the sale.

"Students have been crowding into the gym all day Monday and Tuesday calling for their Homecoming tickets. This made it impossible to take care of Michigan reservations until next Monday," said Mr. Hunter last night. "There are half a dozen telephones continually buzzing and an unending line of people ready to ask as many questions," he said.

Public sale for the Gopher tickets for Saturday has been progressing at such a rate that only a small number remained unsold yesterday. It is very likely that Mr. Hunter's hopes for a filled stadium of 36,000 will be fulfilled.

BADGER PICTURES MUST BE IN NOV. 1

Seniors Have One Week Left in Which to File Summaries

One more week tells the story of whether senior pictures and summaries will appear with the proper college in the university section of the 1925 Badger.

For the first time graduate students who are taking degrees during 1924 are also invited to appear in a special section devoted to the graduate school.

More than a thousand pictures have been taken to date, but less than half the summaries to accompany the pictures have been received.

The Badger staff is out to produce an absolutely accurate and distinctive senior section this year, but this requires the cooperation of every senior in getting his summary in early.

Any senior who has not had his picture taken may still make arrangements with the DeLonge, Badger, Hone & McKillop, Schneider, Thomas or Woolley studios; but this action must be taken immediately as the studios are already booked several days ahead.

CRANE MADE EDITORIAL WRITER ON CARDINAL

Frank D. Crane '24 has been appointed to the staff of editorial writers of The Cardinal by the board of control. Crane was editor-in-chief of the Literary magazine last year and has been engaged in editorial work for The Cardinal since the beginning of the present school year.

STUDENTS WARNED NOT TO CHOP DOWN TREES

Mr. Frank W. Hoyt, treasurer of the Madison Park and Pleasure Drive association, has requested The Cardinal to warn students against the cutting of trees along the drive leading to the cemetery.

In past years students have chopped down numerous trees for use in decorating the different houses for Homecoming.

Two years ago trees, which had been planted by the association, were taken; and last year a group of students made off with a privately owned tree. This escapade resulted in a bill for \$300.

RIFLE CLUB PLANS TO MAKE NEW CHALLENGES

At a meeting of the Rifle club held last night several challenges to matches with other institutions were considered. Drexel Institute, Philadelphia, University of Maine, and the Michigan College of Agriculture were among those desiring matches.

It was decided that the club would challenge Northwestern university to a match to be shot there either November 3 or 10.

Last Saturday the club travelled to Ripon and succeeded in winning the dual meet with ease.

DEFAULT MAKES NINE CANDIDATES OFFICE HOLDERS

Eight Are Elected to Student Senate; One Gets Union Board Job

Compiling of petitions at the office of the dean of men by the elections committee of the Student senate show that nine of the offices went by default. More than 50 petitions were filed for the 28 offices to be filled.

Those elected by default were:

Robert Rundorff for graduate member of the Student senate.

Ted Fields, Harold Maier, Alfred Peterson, Edwin Rohrbeck, and Wilbur Wittenberg for senior members of the Student senate.

L. A. Murray and Darwin Pitts for sophomore members of the Student senate.

Vernon Smith for sophomore member of the Union board.

Must Follow Rules

Candidates were again warned that they must abide by the rules laid down by the senate elections committee. Any violation of regulations will result in immediate disqualification of the candidates, the committee stated.

"Promiscuous circulation of petitions, now that the date for filing them has passed, must be stopped," Llewellyn R. Cole '25, chairman of the committee said yesterday. "Candidates and their supporters will be held directly responsible for calling in of petitions. Continued circulation of these petitions is purely advertising and comes under that classification."

The elections bulletins will be ready for distribution in a few days. Voters are urged by the committee to procure copies and make their selections before election day. The bulletin will list all offices and the candidates for them in order by classes.

List Alphabetically

When there is more than one candidate for the same position the names will be listed alphabetically.

Voting places and time for voting will be selected early next week and announcement of these facts will be given due publicity in The Cardinal. Further announcement of necessary qualifications of voters also will be printed next week. A list of the candidates and the offices to be filled will be printed in The Cardinal one or two days before the election.

UNIVERSITY AVE. MAY BE OPENED TO SQUARE

A meeting of all citizens, who will be affected by the extension of University avenue from Gorham street to the Square will be held at 8 o'clock tomorrow night at the Association of Commerce offices.

W. A. A. TAKES IN EIGHT MEMBERS

Organization Makes Plans to Attend Michigan Game in Block

Eight new members entered the athletic ranks of W. A. A. last night. They are Anna Gebhardt '24, Dorothy Swenson '25, Helen Parr '26, Carol Mortimer '24, Julia Calliss '25, Esther Horswell '26, Jeanette Tooman '26, Margaret Hoover '26.

Edith Jorris '26 won her pin; Margaret Hadfield '24 and Katherine Fuller '24, their small Ws.

It was decided that W. A. A. get tickets in a block for the Michigan game. Esther Bilstead '24, president, announced that all fee cards with money should be in envelopes, marked "Michigan game", in the W. A. A. mail box by 1 p.m. today. Alberta Johnson '26 was appointed head of the ticket arrangement.

Saturday noon W. A. A. members and members of the Physical Education club will enjoy a luncheon together at the field house at Camp Randall. Daisy Simpson '24 is in charge of the affair.

HOP PLANNED FOR SATURDAY NIGHT

Homecoming Dance Features Night of Big Game at Lathrop

The "Homecoming Hop," planned for Saturday night following the Minnesota-Wisconsin game, is to be the big event of the evening.

All other social functions for the night have been dispensed with and alumni and students will gather to dance in Lathrop gymnasium. Norman C. Clark '24, chairman of the dance committee announces that tickets for the hop will be on sale at the University Pharmacy (Badger Photo) Wednesday night. A limited number of tickets is being sold in order that the dance may not be too crowded. The price of admission is \$1.50.

Music will be furnished by Thompson's ten piece orchestra. Lathrop parlors have been turned over to the dance committee to be used as lounging rooms.

Special features by university artists, consisting of dances, banjo acts and singing are to be a feature in the evening's entertainment. The gymnasium is to be decorated in some manner appropriate for Homecoming.

The dance ticket does not include lunch as it often has in previous years, but dancers can get refreshments and lunch at the Lathrop soda fountain.

The party is to be chaperoned by Dean and Mrs. S. H. Goodnight, Athletic Director and Mrs. T. E. Jones, and Commandant and Mrs. O. L. Brunzell.

The Homecoming Hop is expected to be the biggest affair of its kind ever held at Wisconsin. Inasmuch as all the social events for that evening have been called off, the dance will be the big drawing center for both visitors and students. Last year's Homecoming ball was very successful, and with a proceeds from the dance are expected to be still bigger. The expected to go a long way in paying the expenses of the Homecoming committees.

Other members of the committee are L. B. Frazier '26, J. Halls '26, N. Graven '24, S. Thorsen '24, and W. Krahker '24.

Loss of Formals to Iowa Students Caused By Liquor

Iowa university will have no university formals this year. R. E. Renow, dean of men said. Military ball, freshman party, sophomore cotillion, junior prom, senior hop, and men's and women's Pan-Hellenic are all included in this statement.

This decision of the faculty is thought to be a step in their campaign against the excessive drinking of liquor among the male students of the university.

"Parties last year were entirely unsatisfactory," he declared, "and unless sufficient assurance is given the committee on social organization that the respective affairs will be properly conducted, no formals sponsored by university organizations will be held."

You Must Keep This in Mind— You are not getting the best morning news service unless you are reading The Milwaukee Journal's New Morning Edition. The Journal's New Morning Edition is another manifestation of The Journal's high ideal to give to the people of Wisconsin the greatest possible newspaper.

Miller Predicts Fair and Cooler For Homecoming

Fair weather is predicted for Homecoming day by Eric Miller of the U. S. weather bureau in North hall.

"The center of the low area is in Saskatchewan today," Mr. Miller said yesterday. "This area is coming here as is also a warm wind from the gulf in such a manner as to indicate that we will have rain here probably on Thursday.

"The Chicago weather bureau today gave out the following report for the balance of the week: fair and warm tomorrow, rain Thursday, followed by generally fair and colder Friday and Saturday."

CLEF CLUB TRYOUTS ARE SET FOR TONIGHT

Clef club will hold tryouts for membership from 7 to 9 o'clock at the Sigma Kappa house, 234 Longdon street, tonight.

Clef club is open to all upper-class girls who are interested in music, whether or not they are in the school of music. Each girl is given five minutes in which to display her musical ability.

All those interested in trying out should call Fairchild 155 for appointments.

HULL WILL DESCRIBE EFFECTS OF SMOKING

Prof. C. L. Hull of the psychology department of the university will speak today at the weekly luncheon of the local council of the Knights of Columbus on "The Psychological Effects of Smoking." The discussion will be based on a two year study made among the students.

EDUCATIONAL LECTURE TO BE SENT BY RADIO

Tune in the radio to 360 meters and hear station WHA, University of Wisconsin, tonight. At 7:30 o'clock the weather forecast will open the program, followed by an educational lecture by Prof. H. F. Wilson, chairman of the department of economic entomology. On Friday night the program will consist of readings from literature, by Miss Lelia Bascom, of the Extension division department of English.

SHOE STORE TO DONATE PRIZE FOR TOUCHDOWN

Huegel and Hyland shoe store is going to give a pair of men's oxfords to the first football player who makes a touchdown in the Minnesota-Wisconsin game Saturday.

The store did the same thing last year. Gus Tebell was the lucky man.

The shoes are heavy brown leather and sell for \$10. The player that wins them will be fitted perfectly according to L. J. Haak, manager of the State street store.

Special music for the annual commencement exercises of the University of Wisconsin is now being composed by the director of the School of Music.

The work will take about 2 hours each afternoon and 3 hours on Saturday. The remuneration is quite substantial.

SCHOOL POLITICS AID CITIZENSHIP

Professor Ogg and Director Henmon Say Local System is Helpful

"Student politics are very valuable if they do not consume too much time," is the opinion of Director V. A. C. Henmon of the school of education and Prof. Fredericks A. Ogg, of the department of political science.

"The student politics are valuable in developing social intelligence and leadership. A student body of 7,000 needs organization, direction and control in political movements," said Prof. Henmon.

"There are three types of intelligents, the abstract, the social and the mechanical. The university trains the abstract intelligence primarily, while the social development is left to an offshoot of a by-product," he continued.

"While I do not know the details of the student political life here, I should think that the experience gained ought to be worth something," Prof. Ogg said yesterday. "Some of the problems and part of the political devises of the university life are exactly the same as those employed in state politics.

"A familiarity with ballots is an advantage that some persons outside the university do not have until they are voters in the national political life. The work among the student body is easier than work among a group of the outside electors. There is more homogeneity and more in common among them than in other groups of voters.

A "Swap Party" was held by the Women's Athletic association of Utah Agricultural college to start the year's activities. Every woman brought a bundle of misfit clothes, the bundles were exchanged, and each girl put on the clothes she got.

We have a few Positions for University Men

The work will take about 2 hours each afternoon and 3 hours on Saturday. The remuneration is quite substantial.

E. Dawson Elected Editor-in-Chief of Chadbourne Review

Emily Dawson '26 was elected editor in chief of the Chadbourne Review by residents of Chadbourne at the house meeting last Wednesday.

The Chadbourne Review is an annual publication, put out by a resident staff. The Review is similar to a high school annual in

makeup. It is issued every year in the spring. Work has already commenced on this year's number and the staff is putting forth special effort to make this an exceptional edition.

Dorothea Koepnick '27 was elected to the position of Keeper of the Archives.

More than 1,300 calls for teachers were received by the committee on high school relations of the University of Wisconsin this year.

Are You Preparing for the Homecoming Guests?

It's a strain on the fraternity bedding—this reunion we're going to have this weekend. The wise house-manager will pick this as the logical time to lay in an extra supply. Here are values that will interest him.

DAILY REPORTS
OF BADGER TEAMS

SPORT : NEWS

CONFERENCE
WIRE SERVICEOFFENSIVE PLAY
IS FEATURE OF
GRID PRACTICEFreshmen Are Victims of
Ryan's Hard-Hitting
Backs

With but a few days remaining before the first real test of the season, the game with Minnesota next Saturday, Coach Ryan sent his men into the fastest scrimmage session yesterday afternoon that they have seen for some time.

Keeping the varsity on the offensive much of the time, he drilled them on plays which have not yet been used in actual competition.

The freshman team, which took the brunt of the work yesterday, would make the Indiana eleven look like high school stuff. Ryan's charges needed every one of their tricks to get past the yearling squad.

Apparently Wisconsin will play an offensive game during the remainder of the season, even against the pick of conference teams which the Badgers will meet. Contrary to the old style of play, taught by "Big John" Richards, former mentor, the varsity gets most of its work during practice on offensive play.

Whereas in former years the freshmen were taught the enemies' formations and the varsity men were drilled for days and days on frustrating them, the present team carries the ball most of the time.

With the pick of his yearlings in the fray, Coach Jones had a team in the field which worried the varsity considerably. On several occasions a yearling back scooted around the end for a long gain, and in one case, Barofsky, diminutive yearling quarterback escaped the entire varsity and ran 80 yards for a touchdown.

Taft's punts were entirely up to the standard he has been setting during the past few weeks, going more than 50 yards and being placed perfectly.

Minnesota is certain to come to Madison primed to win Wisconsin's Homecoming fray. The Badgers have defeated the Gophers for the past two years, and the Northmen are after revenge.

Minnesota has gone through a fast preliminary season, sweeping before it all opposition, and Wisconsin is to be no exception they claim. With their entire squad, including Martineau, in good condition, they are certain to worry the Badgers plenty next Saturday.

HARRIER MEET WILL
BE HELD SATURDAY

There will be a cross-country dual meet with Minnesota as an additional attraction of Homecoming, Saturday morning at 11 o'clock. The distance will be 4 9-10 miles.

The Badger contenders will be picked from the following squad: Finkle, Capt. Schneider, Sherman, Bergstresser, Perry, Lister, Piper, Swingel, Reed, Peard, Schutt.

The Minnesota harriers will number among them, Jacobson, Capt. Brown, Vye, Laughlin, Shuck and others to be determined later. Minnesota will doubtless give our lads all the opposition they can take care of as the Gopher aggregation is strong this year.

They won a dual meet from Grinnell college last Saturday with four firsts. The cross-country race has been a feature of the Homecoming program which has been attracting more interest each year, and this marathon will be no exception.

King Portrait Will Hang
In University Gallery

CHICAGO—Arvid Nyholm, the artist, is completing the portrait of the late F. H. King for the Wisconsin farm portrait gallery. As the head of the department of agricultural engineering in the University of Wisconsin and later as director of engineering projects in the United States department of agriculture Prof. King attained an international reputation.

Among his many valuable contributions to the science and practice of agriculture none are more outstanding than the King system of ventilation which, widely adapted as it is, has helped immeasurably to insure the health of America's farm stock.

BADGER CAGE MENTOR
TO TEACH WITH ROCKNE

A severe blow to Wisconsin's summer school coaching staff has been felt recently with the announcement by Dr. W. E. Meanwell, Wisconsin cage mentor, that he will not teach in Madison next summer.

Meanwell plans to conduct a coaching school in Superior, Wis., with Knute Rockne, Notre Dame football coach, and L. I. Tubbs, coach of the Superior Central high school.

Meanwell and Rockne, recognized perhaps as the best in their respective positions, are certain to be huge drawing cards for the Superior school. The two coaches have been planning to get together for some time, and their final definite announcement will be gladly received by many younger coaches who want the benefit of their combined advice.

WATER BASKETBALL
WILL BE POPULARCoach Steinauer to Stress
Game During Winter
Season

Water basketball is one branch of swimming on which Coach "Joe" Steinauer will lay more stress this year than ever before. Players will be picked through a series of interfraternity water basketball meets to be held during the early winter season.

Wisconsin has been weak in water basketball in previous years, because of the fact that a victory in that event counts no points in a dual swimming meet. For that reason Steinauer has left practice in charge of assistants while he coached the varsity swimmers.

This year each fraternity will have a water basketball team, and a series of games will be played. Steinauer will pick the best players, as brought out by these matches, for the water basketball squad.

In this way he hopes to get some good material and climax dual meet wins with a victory in the basketball game.

The tank is equipped with baskets and back boards that can be let down to the ends of the tank during play. They can be raised up out of the way when not in use.

Zev And Papyrus In
Movies At The Madison

Madison horse racing fans who followed with interest the race between Zev, America's track pride, against the English racer, Papyrus, will have

Grid Graphs

By ORIE

Well, just as was promised, a heavy workout was dished out at the camp last night. The boys worked until well after dark with the Frosh, using a ghost ball and Minnesota signals.

Two coaches watched the Gophers last Saturday against North Dakota and from their reports, we have a stiff game on hand for the grads on our Homecoming.

This fellow Martineau ran the open field like in old times, and passed and received as is his custom. He's the most feared man on the Gopher aggregation, and he's due to get stopped.

Lidberg, a new find on the Minnesota outfit, is darn good this year, and will also need watching. One thing this Swedish gang have got, and that is a definitely outlined passing game.

The Varsity must have been pretty tough last night because a poor little frosh was laid out with a broken pair of ribs during the workout.

Have you folks watched the number of men our Varsity has laid out so far this year? Every report mentions the fact that so and so was carried off the field — game but out.

The boys say that Holmes is sore about his new nickname being published. Holmes is a bit modest, but you'll find that the custom among all good athletes. Zev is the name gang.

Too bad Ryan couldn't be present when the studes gave the Varsity that fitting welcome. He sure would have appreciated that after the punk sendoff he received last Thursday.

The frosh are getting all het up about their game with the sophs on November 3rd. Evidently they want to square matters after the bag rush outcome.

Try and get in Camp Randall for the secret practice.

an opportunity to see on the screen the actual race as staged at Belmont park, New York, last Saturday when the Fox News reel of the event comes to the Strand theater Wednesday. According to word received by the Strand theater today the film is 500 feet long.

READ CARDINAL ADS

SPECIAL TRAIN WILL
TAKE FANS TO URBANA

Wisconsin football fans who travel to Urbana to see the Badger-Illini tilt Nov. 10 will not have to suffer the discomforts of the ordinary train ride if plans being made for a special train on the Chicago and Northwestern road go through.

A. W. Bower, district agent, is at present planning for a special to carry rooters to the Illinois camp. The most convenient hours, both going and returning will be decided upon shortly, and a reduced rate fare will be announced.

Fans will probably leave Madison late Friday afternoon, arrive in Urbana Saturday morning, and return after the game in time to arrive in Madison early Sunday morning.

STIFF SCHEDULE
FACES CAGE MENMeanwell's Task is Difficult;
Team Practicing Daily
at Gym

With three men lost by graduation, Coach Meanwell faces no enviable task in building up a team worthy of carrying on the tradition which former Cardinal baskeeters have established.

To make his task still more difficult, the competition in conference play will be even stiffer than it was last year. For Iowa will have exactly the same team back that represented it last year when they tied with the Badgers for the highest honors. Michigan and Purdue both have suffered very little from loss by graduation, and Indiana again will be strong.

With three months to develop his men in, however, Coach Meanwell feels a good team will be forthcoming.

"For there is no reason," he said in discussing the team's future, "that an institution of the magnitude of Wisconsin should not have good teams in every branch of sport."

At present he is drilling his men in the fundamentals of the game, and in his short pass system. His greatest efforts are being directed towards the end of filling up the holes left by the graduation of Rollie Williams and Gus Tebell, for his forward and center positions will be well cared for by the remainders of last year's squad, Gibson, Spooner, Elsom, Wackman, and one new addition in the shape of Tony Varney.

Barwig and Diebold, of last winter's crop and of some experience in conference play, will probably be used as guards Barwig playing in Williams' old spot, and Diebold doubling for Gus.

Although the outlook is not the most cheerful one that ever Wisconsin basketball fans looked forward to, with such a man as "Doc" Meanwell at the head a satisfactory season is almost assured.

New Honors For
Cobb As 1923
Season Closes

NEW YORK—Ty Cobb, fiery pilot of the Detroit Tigers, has added new glory to his all-time batting record, a mark almost lost sight of the closing battles of the season and the smoke of world's series conflict. With the end of the 1923 campaign, Cobb ended his 18th consecutive season above the .300 swatting class and came into possession of the all-time record which he had shared for a season with Hans Wagner, famous old shortstop of the Pittsburgh Pirates.

Wagner set the mark at 17 years and when he retired it was the opinion of many that that was one mark that would stand to the credit of Wagner for all time. This belief, that was based on frequent reports that Cobb was about to retire, and the fact that in 1920 his batting average dropped to .334. That mark, the lowest Ty had hit since 1908, gave him a string of 15 consecutive marks of better than .300. The next year the Georgian fooled the baseball dopesesters by bunting the ball for a mark of .389

FRESHMAN TEAM
HAS SCRIMMAGE
WITH REGULARSUse Minnesota Plays in Fast
Scrimmage With
Varsity

Using all the Minnesota plays that scouts have uncovered the frosh are putting the Varsity through a stiff week in preparation for the Homecoming game with the Gophers Saturday.

Monday night the two squads went through a long dummy drill, Ryan's men trying to break up Minnesota plays as demonstrated by the yearlings. Last night both teams engaged in a heavy scrimmage.

The frosh are in fine physical condition now and give the Varsity a tussle. There have not been any injuries recently and every man is out fighting for a chance to show his stuff.

Coach Jones has a good idea of the men's ability and seems to have definitely picked his first string. There have been several changes in the lineup in the last two weeks, though, and no man has his place cinched.

Schwartz, who was holding down a tackle, has been replaced by Straubel. The big St. Johns boy is a little slow and had difficulty in getting out of the way of his backs. Sauger is still playing the other tackle and continues to look good there.

Hagemeister is still going strong at guard and Straubel, a comparatively new man, is his partner on the other side of the line. Both men are big and fast and are full of fight.

The pivot position is being held down by Bonini and Wilke, who are alternating at the job. Bonini seems to have a little edge on Wilke as he outweighs him by several pounds.

Postel is filling one flank position regularly and Larson and Burroughs are fighting for the other. Wisconsin has suffered from a scarcity of good ends this year and Coach Jones is trying to develop some good material for next year.

The frosh backfield is the best that Wisconsin has had for years. Berofsky, at quarter, handles the ball like a veteran and uses good judgment in running the team.

McGee, who is tearing the opposing line to shreds, is playing a whale of a game at fullback. He picks his holes well and seems to keep his feet when he hits the line.

The fight for the halfback positions on the first string is proving mighty warm. Barnum, Grigsby, and Bondy are all hard hitting and fast and seem to have an equal chance so far.

SOCCER TEAM ROUNDS
INTO SHAPE FOR GAMES

With twenty-two men reporting daily the soccer team is rounding into good form and Coach Schlatter feels his protégés will be ready for a public appearance soon. If it is possible a game will be arranged with the Chinese team which is champion of the Chinese Conference.

This game will be held on Nov. 3 if possible, as there is no conflicting athletic contest arranged for that date.

Coach Schlatter declares that among the colleges in the Big Ten, Wisconsin is the weakest in soccer. Every university in the Big Ten has a soccer team and there are a few intercollegiate games arranged.

It is possible that Wisconsin may be able to arrange an intercollegiate contest this year if the team develops in good form. Practice at 4:30 every day until dark ought to bring some good results.

BERLIN—August Druggish, 88 years old and a resident here since 1865, died at the home of his son.

COLEMAN—George Schwein Wagner, stepped on a nail while working for Frank Wagner.

and then tied Wagner's string of 17 consecutive .300 marks with a record in 1922 of .401, the third time in his career he had reached the ultra select class of hitters.

HELP FOR THE WEARY

Once upon a time within the walls of this university, students bewildered with the intricacies and difficulties involved in preparing lessons were offered an opportunity to learn how to study. Freshmen, who had dabbled in high school work but had never known what real studying meant until they reached this campus, were given pointers on the business of mastering a subject. They were given a right start on their course and were not forced to flounder about through the first two or three years until finally, at the end of their university studying, they had found the secret of how to learn a lesson.

Perhaps the average freshman or sophomore does not realize that he does not know how to study or if he does realize it, perhaps he does not care a rap. But when he is in the midst of his junior or senior year and looks back on what he has done here, on the time he has lost trying to find out how best to study, he will look upon the matter seriously. For the average student spends the first two years at this university learning how best he may master a subject so that he will be able to keep it in completest form and for the longest time.

At this time in the semester even the least serious-minded of us think a little on the matter of studying. When it is a case of passing or flunking a mid-semester examination, we are ready to look the situation squarely in the face. It is now that we wish we had had a better system, or any kind of a system, of studying. It is now that we wonder why we have no memory for languages, now that we wish we had a system for remembering chemical formulas, the definition of an illicit major and the situation of the somesthetic area. If we are seniors we may have devised a method of mastering these things, but if we are juniors, sophomores or more particularly freshmen, we wonder why we have such difficulty with them.

If the freshmen could be started off at the beginning of their four years in the university with a course on how to study, they would find at the end of their senior year that they had wasted much less time in studying, that they had mastered their subjects instead of getting them with only half-way accuracy and permanence and that they had had time for more work, whether on the hill or elsewhere, during their university course. One lecture a week for all or part of the first semester would take care of the situation admirably providing, of course, that a suitable man was placed in charge. If the results should be what one has reason to expect, then the course would be one of the most valuable given on the hill.

THE FIGUREHEAD OFFICE

Now that the student body is in the midst of electioneering, of holding political meetings for vari-

ous candidates, spending a great amount of time boosting Tom, Dick and Harry for this, that and the other class office, it seems an opportune time to point out just how non-essential most of these class offices are. You might hesitate at the thought of doing away with some of them; you say that they are a tradition which should remain fixed, that they are necessary to help maintain the maximum of class spirit, that they provide a suitable activity for many students.

It might be well to grant, in the beginning, that there are two offices in each class which are essential, that of president and that of treasurer, and in the senior class, of course, that of secretary. But just what good a secretary does to the three lower classes or a sergeant-at-arms does to any class is a question. As for the vice-president, that position could very well be combined with the treasurership. The other positions, any campus politician must admit, are used simply to make it possible to draw up representative and vote-getting tickets. Other than this, the offices mean less than nothing; there is no work for students holding them and, in short, the offices become mere figurehead positions. Thus they are not an activity, they are quite the opposite, simply an excuse for a student to think he is in an activity. If the candidates work for these offices only because they want to enter an activity, let them turn their attention elsewhere, for there are all too many openings for students desiring to do work outside of the class-room, and work that stands for something.

You say that these offices are fixed traditions. At the University of Wisconsin, as is the case at almost every other state university, there really can be no such thing as a fixed tradition. Editorial writers may spread the ink about traditions to the end of the chapter, but to little avail. Figures that have been compiled by a former business manager of the university show that not one half of the number of students who enter here as freshmen ever graduate and that not one half of the students who graduate enter as freshmen. With students thus entering and leaving all along the course of the four years, with only a minority staying out their entire course, there really is little chance of establishing firm traditions. How then can these non-essential offices be fixed tradition on the Badger campus when matters decidedly more important are far from firmly fixed?

The third argument is that class spirit is maintained better and more easily by the existence of these offices. Nothing that is useless, however, can very well maintain spirit, and unless members of the various classes are blind, they must recognize the uselessness of these figurehead positions. Their very absurdity would tend to break down class spirit rather than build it up.

TO THE W. G. N.

Curious to know just what attitude the Chicago papers had taken on our tremendous victory over Indiana Saturday, students spent hours Sunday morning searching the Tribune, the Examiner, the News, for an article on the game. Strange to say, however, practically no recognition was given the event.

The Chicago Tribune did run an obscure and very short story on the game. Whether the attitude of this paper towards the affair was taken because the Tribune had predicted that Wisconsin would defeat Indiana by only a 14 to 0 score, whether it was because the sport editors did not think the story had enough news value to warrant better space or whether it was because they still feel as they have been reputed to feel about Badger athletics is a question.

The first reason seems too petty for a paper like the Tribune to entertain. It could hardly be the second, for such a score as that which was run up Saturday is phenomenal in Big Ten history of football.

What choice is there left except to believe that the third reason must have governed the editors' actions?

The Tribune has a large client in the student body. Probably every fraternity and sorority house as well as most rooming houses on the campus subscribe to this paper and it would seem that the duty of the paper would be to subscribe in turn to the interests of its readers.

What is the matter with the self-styled "World's Greatest Newspaper?"

Editorial Quips and Facts

TO FLIV OR NOT TO FLIV
This world is full of dumbbells;
Some of them go to college,
They seek to hide their dumb-

ness
With some real collegiate
knowledge!

But our our idea of the dumbest
Of all the awful horde

Is the Frosh who comes to college
And proceeds to buy a Ford

We know one little freshman
Who did this little trick.

He traded all his money
For a flivver with a kick

The "car" was over ten years old
But far from being floored—
And now this kids not eating—
He's paying for his Ford:

For first the license cost six

bucks,

A couple more for tires,
He had to pay the man to find

Some dislocated wires.

That fliv has cost a fortune—
He cannot pay his board.

For one cannot go to college
And also own a Ford.

Daily Texan.

gate entrance at 12 o'clock Saturday to obtain their arm bands and be admitted to the stadium.

The Dairy Science club will hold a meeting at 7:30 o'clock on Wednesday October 24 in the Dairy building. All Student's interested are invited to attend.

S. G. A.

S. G. A. board meeting will be held at 7 o'clock Wednesday night in Lathrop parlors. All district chairmen and house presidents or representatives must be present.

EPISCOPAL MEN

There will be a free smoker from 7 to 8:15 o'clock Wednesday evening at the St. Francis club house 1015 University avenue for all Episcopal men. Rudolph Teschan '25 will entertain with his tricks. Music and refreshments.

DEDICATORY SERVICE

All students are cordially invited to attend the dedicatory service of the new Luther Memorial Cathedral which is to be held at 7:30 next Sunday evening under the auspices of the Lutheran Student Cabinet.

ROOMS FOR HOMECOMING

Rooms for Homecoming for friends may be secured now by calling the University Y. M. C. A. Badger 6213.

FROSH TRACK MANAGERS

All men wishing to try out as frosh track managers report to Mead Burke in men's gym at once. M. Burke.

ARTS AND CRAFTS CLUB

There will be a meeting of all committee members at 7 o'clock Wednesday evening, October 24 in 228 Industrial Arts laboratory.

JUNIOR MATH CLUB

The meeting of the Junior Mathematics club has been postponed until 7 o'clock Thursday evening, November 1, in 101, North Hall.

Because of conflict with the S. G. A. meeting, that of the Press club scheduled for last night has been postponed until next Tuesday.

OUTING CLUB BOARD

Outing club board will meet at 12:45 o'clock today in the small lecture room on fourth floor of Lathrop hall.

ROSS SPEAKS ON SOCIAL SITUATION

Economic Dualism is Solution Suggested to Preserve Democracy

"Economic Dualism," is the solution Prof. E. A. Ross offered under the topic "Socialism and Social Revolution" Monday night at the banquet of the Social Science club in Lathrop parlors, for the present economic and social situation.

"If we are going to preserve democracy, we cannot continue the way we are going," Professor Ross said in concluding that part of his lecture pertaining to the development of the capital and labor situation.

"The industrial revolution continues, but it is no longer a process of replacing handicraft economy with machine methods. It is one of replacing simple machines with more intricate; a process of intensification of capital. Today, labor works alongside 10 times as much capital as one hundred years ago, and this development continues."

In regard to Russia's plunge into socialism, Ross pointed out, as the chief matter concerning the manufacturing phase, there wasn't sufficient incentive in the people to supply the manufacturing establishments with all the attention and energy needed to insure success."

"Put aside Socialism. There is no possible way to do away with capitalists. It is impossible to have initiative and flexibility except under private capital. I see no prospect of being able to dispense with private capital and have every one derive his income as an active contribution."

Under the title, "Economic Dualism," Ross suggests that industries returning 15 per cent and less to private capital should be left in the hands of private capital, but in those returning 1-3 or more of the gains to private capital, public capital should be substituted. He favors a rational step by step method of so displacing private capital.

"If we proceed by that method and experience success, we have prospects of arriving at the year two thousand with a capitalist class no more numerous or of greater power than today. So, we might maintain democracy."

A professor in the agricultural school at Nebraska offers a weekly prize to the student presenting the best essay on subjects of interest to student life. This annual "Nose for news" contest attracts the attention of the pen-pushers.

Examinations For Undergraduates to Start Immediately

Examinations in all undergraduate courses in the colleges of Letters and Science, Agriculture, and Engineering will be given this week, starting today. Graduate courses in which undergraduates are registered are required to have preliminary examinations.

These written one-hour examinations are for the purpose of letting the student know what kind of work he is doing and for preparing him to take mid-semester exams, which will come about Thanksgiving.

So many students were not required to take exams in high school that without these preliminaries, they would not be able to make good grades on the mid-semesters.

EPISCOPAL MEN WILL HOLD SMOKER TONIGHT

A smoker for all Episcopal men will be given tonight at the St. Francis club house on University avenue by the university chapter of the Brotherhood of St. Andrew. The smoker is an annual affair given by the organization to further acquaintance among Episcopal men. A slight of hand performance will be given by Rudolph Teshan '25 and music and refreshments will be served.

Teachers Ready

2,000 Expected At State Session Nov. 8 To 10 In Milwaukee

MILWAUKEE, Wis.—Over 2,000 teachers, representing every county in the state, are expected to gather here for the 17th annual convention of the Wisconsin Teachers' association. The convention will be held Nov. 8 to 10.

Leading educators will be included in the program, which is being arranged by E. G. Doudna of Madison, secretary of the state association.

One of the outstanding figures at the convention will be Dr. Henry Van Dyke, nationally known author, lecturer and teacher. Others who are expected to appear are: George Arps, dean of education at the University of Ohio; Glen Frank, editor of Century magazine; Prof. L. D. Coffman; Vilhjalmur Steffansson, explorer and scientist; and Rutherford Bryan Owen, Attorney General Herman L. Ekern also will be a speaker.

MANY WOMEN ARE SELF SUPPORTING

Number Wishing to Work is Increasing Yearly, Says Assistant Dean

The number of women students who are partially or entirely self-supporting is increasing each year, Miss Elizabeth D. Young, assistant dean in charge of employment reports.

"The number of young women that applied for assistance this year is far greater than last year, and exceeds the number of such positions that are available," Miss Young said. "There is a surprising number of girls who come down here with the expectation of being entirely self-supporting. I should not like to discourage them but it is very hard to get along that way. A girl ought to have enough money to get through the first semester, anyhow. After that, it would probably be easier to find work, and to adjust herself so that her studies would not suffer."

"I strongly urge that such girls do not overlook the opportunity that is offered by many families in town who offer room or board and room in exchange for the performance of certain household duties. There are also places open in many tea-rooms and cafeterias, where students can work certain hours for their meals. With these two major items of expense taken care of, it should not be hard to get along."

Expert stenographers are the most easily placed and are the highest paid, said Miss Young. Clerical positions in the various departments of the university are desirable, especially for those who have passed the state civil service examination.

"The amount that can be earned ranges from 35 cents an hour to 50 cents an hour. In very exceptional cases it is more. One girl is earning \$55 a month collecting bills for a large department store, but that is the only case of the kind that I know of," Miss Young concluded.

Many Greeks Plan House Dances For Friday Evening

In order to co-operate with the Homecoming dance committee, many of the social organizations have planned their informal Homecoming dances for Friday evening of this week-end, making it possible to have members and guests attend the annual dance in Lathrop hall on Saturday evening.

Delta Pi Delta

An informal dance will be held at the Delta Pi Delta house on Friday evening. Mr. and Mrs. Herbert Brockhausen will serve as chaperones.

Sigma Phi Epsilon

Members of Sigma Phi Epsilon are giving an informal dance on Friday evening at the Badger room. Mr. and Mrs. Elmer Nelson have been invited to chaperone.

Alpha Sigma Phi

Alpha Sigma Phi has planned an informal dancing party to be held at the chapter house on Friday evening. The chaperons will be Mr. and Mrs. Wayland Osgood and Mr. and Mrs. H. Hodge.

Lambda Chi Alpha

A chapter house informal dance will be held in the Elizabethan room of the Park hotel by the members of Lambda Chi Alpha on Friday evening. Mr. and Mrs. Ed. Sears, Dr. and Mrs. Lottingham, and Mr. and Mrs. Prescott will chaperone.

Phi Kappa

Phi Kappa fraternity will entertain at an informal dance at the chapter house on Friday evening. The chaperones will be Mr. and Mrs. E. Manion, and Mr. and Mrs. E. J. Mc Namara.

SOCIETY NEWS

All society items for the special Homecoming Cardinal must reach the society editor by 6 o'clock on Wednesday.

Delta Chi

An informal dance will be held at the Delta Chi house on Friday evening. Mr. and Mrs. Clifford Mathys are to chaperone.

Theta Xi

Members of Theta Xi will hold an informal dance on Friday evening. Mr. and Mrs. R. E. Puerner have been invited to chaperone.

Phi Kappa Psi

A chapter house informal will be given by members of Phi Kappa Psi at the chapter house on Friday evening. Mr. and Mrs. Ray Schmitz will chaperone.

Alpha Kappa Lambda

An informal reception will be held on Friday evening at the Alpha Kappa Lambda house. The chaperons will include Mrs. John Guy Fawkes and Mrs. Simpson, Ft. Wayne, Ind.

College club luncheon

The College Women's club will entertain with a one o'clock bridge luncheon at the club house, 12 E. Gilman street, today. Mrs. Howard Weiss has been the acting chairman for arrangements.

A. I. O. Engineering mixer

The A. I. Chemical Engineering students held a mixer in the Engineering building last night.

T. K. E. Conclave

Al Weed '24, and Durwood DuBois '24 left today to represent the Wisconsin chapter of Tau Kappa Epsilon at the national conclave in St. Louis.

Best Selection is Made Now

Today, while stocks are complete, is the best time to choose a fur coat. At the game and on the campus, throughout the winter months, a fur coat is one's most prized possession.

Racoon, American Mink, Hudson Seal, Kolinsky, Caracul, Beaver, Mole, Squirrel, Muskrat, and other favorite furs are displayed in original designs becoming to the co-ed.

You may select a fur wrap here with confidence, for Madison buys its reliable furs at Simpson's.

**Boston University
Honors Huntington,
U. of W. Graduate**

While Boston university is celebrating its golden jubilee this week the students are honoring William E. Huntington '70, a graduate of the university of Wisconsin, who was president of Boston university 1904 to 1911.

Dr. Huntington was connected with the Boston institution for fifty years in various capacities. He was appointed dean of the College of Letters and Science in 1882, holding that position for 21 years. In June, 1911, he was made dean of the Graduate school.

After graduating from the University of Wisconsin, Dr. Huntington entered the school of theology of Boston university, graduating in 1873. Nine years later he received the degree of doctor of philosophy.

Elks Rehearse

Prepare For Darktown Minstrel Show Here At Parkway Next Wednesday

The Elks had a most enthusiastic rehearsal last night for their minstrel show which appears at the Parkway Wednesday, Oct. 31, for two performances. A big crowd was on hand and the director put them through several dancing stunts and gave them some special work on the song numbers. One of the big features of the show will be the act entitled the "Dancing Demons" in which J. J. Giffney, Billy Huels, Jack Pyman, Tommy Thompson, H. R. Vergeront, Harry Krehl and Clint Draper will appear. Another dancing act that is lively in the extreme will be led by Miss Doris McPherson. She will be assisted by A. W. Bareis, B. J. Keyes, M. J. Egan, Roy Drives, A. C. Morgenson, J. McCarli, Fred Frusher and A. J. Nilles.

Harry Sauthoff will appear as interlocutor in the show and Boyd's orchestra, under the direction of Jess Cohen, will be on hand to furnish a 15 minute jazz act in the olio. A host of clever singers and comedians have been secured and the Elks promise a minstrel show that will long be remembered by the Madison people. Another big rehearsal is called for tonight.

Leather bands on sombreros for University of South Carolina seniors are of a new design this year. They are one and one-half inches in width and of a deep cordovan color.

Postage stamps carried college studies to 79,868 persons in the last 17 years through the Wisconsin University Extension division.

Something to Be Thankful For
No longer is it necessary for the Wisconsin reader of morning news to be satisfied with inferior newspapers. From practically every newsdealer in the state it is now possible to get your copy of the New Morning Edition of The Milwaukee Journal. Read it regularly!

MASTERPIECES ARE GIVEN AT RECITAL

Symphony Orchestra Renders Beautiful Compositions of Four Great Artists

The Minneapolis Symphony orchestra, under the direction of Henri Verbrugghen, gave the first concert of three arranged by the Madison Orchestral association for this season at the university armory last night.

The program given by the orchestra included four masterpieces of composition, by the four masters of the art, Weber, Tschaikowsky, Bruch, and Wagner. Mendelssohn's "Spring Song" was presented as an encore.

The overture to "Euryanthe", Weber's most ambitious work, was given first on the program. This brilliant work was followed by the Tschaikowsky "Symphony Number 5, in E Minor", in four parts, each of which held an appeal and emotion of a difference significance.

Transition from despair to romance, from romance to luxurious well-being, from luxury to triumph mark the four movements of the Symphony, with a gloomy, recurring theme underlying all and showing through at times in each movement the spirit of the entire symphony.

The introduction to "Die Lorelei" composed by Max Bruch, composer of many well-known violin concertos and choral works, was the third selection on the program.

The overture and Venusberg music from "Tannhaeuser" was the most striking number given. The striking contrast between the "Pilgrim's Chorus" which composed the first movement of the work and the "Bacchanale" of the second part made this presentation very effective. Mr. Verbrugghen arranged the present version of the overture and the Bacchanale, making of the two combined a super-overture, brilliant and magnificent.

Y. W. C. A. Member Week Plans Put Under Way

The membership committee of the City Y. W. C. A. is preparing plans for the annual membership week, the first week in November.

Miss Melissa V. Brown, chairman of the committee, presided at a upper Friday night in the association parlors. Miss Jane Sh. ill, general secretary, spoke.

Among those present were: Mmes. W. J. Osburn, W. W. Gilman, Alfred Piper, E. J. Law, M. R. Kindschi, Clayton Haswell, Percy R. Terry, Paul Harloff, Fred W. Coombs, E. C. Smith, Z. K. Small, C. L. McKenzie, Walter E. Miller, C. D. Red and Misses Jane Sherrill, Melissa V. Brown, Matilda Snyder, Letta Veerhusen, Isabelle Holt, Bertha Miller, Lydia Vick, Leota Bongey, Ruth Moore, Hilda Cison, Lucy Curtiss and Margaret Smith.

EGYPTOLOGIST TO DESCRIBE WORK IN "VALLEY OF KINGS"

Arthur Weigall.

Arthur Weigall, famous Egyptologist who assisted in the supervision of the work of opening the tombs in the "Valley of the Kings," is now in the U. S. lecturing on the historical importance of discoveries in Tut's tomb and other excavations.

Quartet To Sing At Peers Club Dinner

A special quartet will be included on the program of the Peers club Wednesday evening at the City Y. M. C. A. Dinner will be served at 6. A speaker, whose name has as yet not been announced, will also be on the program.

Overcome Prejudice On Eggs, Speaker Urges

"A majority of small children have a strong prejudice against eggs," was the statement made last night by Miss Margaret McLaughlin, supervisor of the maternity ward of the Madison General hospital, at a meeting of the Pre-School Mothers' club at Randall grammar school.

"For this reason, only a small amount of egg should be served at first, to give the child a chance to express his approval or disapproval," the speaker said. "Perhaps the best way to prepare it the first time is to coddle the egg, and then have the

New Bridge Planned For University Drive

Construction of a concrete bridge to replace the old wooden bridge over the creek on University drive near University bay is scheduled to begin this fall. The contract probably will be awarded late this week at the meeting of the executive committee of the board of regents. John F. Icke, Madison contractor, was the lowest of four bidders. The cost is estimated at \$2,700.

W. F. Waterstreet Ex U. W. Instructor, Dies

GREEN BAY, WIS. — William F. Waterstreet, 49, travelling inspector for the Pauly and Pauly Cheese Co., and former instructor at the University of Wisconsin, died last night at a hotel at Escanaba, Mich. Mr. Waterstreet, who has lived there three years, graduated from the University of Wisconsin and taught there in the dairy school upon the completion of his studies.

Actual construction work on the new \$100,000 home for the school of medicine at Oklahoma university will start within the next few days.

CONGREGATIONAL CABINET

Special meeting of the Congregational students' Cabinet will be held at 12:40 o'clock this noon at the parish house.

SQUARE AND COMPASS

Square and Compass will hold a regular meeting at 7:15 o'clock tonight at 614 Langdon street.

Normal Regents Meet Friday; Talk Budgets

The state normal board of regents has been called into session here next Friday by President P. W. Ramer of River Falls, according to Secretary William Kittle. The purpose has not been made known. The board may consider the question of additional operation funds for the various schools, which the last legislature failed to appropriate. The emergency board has not yet made provision for a probable deficiency in the operation fund and Governor Blaine may be called upon to take some action.
