WE WELCOME YOU,
GOVERNOR HEIL.

PROPERTY OF THE 88TH

WILLIAMS BAY PUBLIC LIBRARY

HONORABLE GOVERNOR HEIL:

We remembered that when you visted Williams Bay for a few moments during the campaign, you stood on the steps by the post-office and looked down toward the bay of Lake Geneva and said that you would like to come back again and stay a while as it was such a beautiful scene.

We are glad you are coming to be the speaker at our Men's Community Club Banquet next Monday night at 7:15 at College Camp Dining Room. We hope you can come early as we wish to have you see the beautiful shore line of Lake Geneva from the deck of one of our private steamers.

The scene which you saw from the steps has changed some. We are getting a new highway on S.T.H. 36. The road has been torn up and dusty all summer and may even be in thr process of having a coat of oil when you come as the contract for oiling calls for the job to start on August 21st. We hope eventually to have a concrete road across the Bay.

You will remember that you sent the Bay a letter of congratulations in February about the acquisition of the lake shore. We haven't been able to do much about improving it until the highway is completed. Before many summers we hope to have one of the prettiest beaches on Lake Geneva.

While you are here we wish you could see our Water Plant with its purification and softening plants. We have very fine water and it is really soft for washing, etc. The mains extend to nearly all parts of the village, even down to the Camp where the dinner will be held.

We have an extensive sewer system also and will extend it to the outlying districts as needed.

Look at our Fire Station as you pass. It was built by thr Volunteer Firemen out of their dues, fire calls and enterprises which they promoted.

Our school is one of the best. It is a consolidated rural school from kindergarten through high school. Our superintendent has been called to the staff of the University of Wisconsin, on account of his outstanding work in education.

This visit is under the auspices of the Men's Community Club of Williams Bay which has had a continuous growth for nine years. This especial event is the annual Ladies' Night and Guest Night. We cannot hazard the number who will be present but it will be nearer 500 than 400. We have invited men and women from the other communities in Walworth County. So you see we are sharing you with the Lake Geneva Area and their neighbors.

Fontana would like to have you stop there and see their new beach and parking system, their new grade school and promenade from STH 36 to the beach.

Lake Geneva City is hoping that you may come this time or at a near future date to see their beautiful city which attracts thous-

ands daily in the summer time. The Riviera which was built by the City of Lake Geneva is filling a real need in the recreational life of the city. The beach has been improved during the last few years and cares for not only for the citizens but visitors from many parts of the country. The founders of the city did a fine job in laying out wide streets and planting trees so that we in this generation have beautiful highways.

At the east end of the city a very fine recreational program is being carried on in Dunn Park under a Recreational Director.

It will be rather late to see the sailing fleets when you are here this time but at times there are 50 or more sails before the wind. It makes a beautiful sight. It is also great sport. Many of our sailors will be away at the I.L.Y.A. Regatta while you are here or they would be at the dinner.

The response to our invitation to be at the dinner has been so well answered that we have men and women from Delavan, Walworth, Genoa City, East Troy, Whitewater, Darien and Sharon as well as our communities bordering on the lake. Many of our friends from across the state line and Chicago who are summering here are to be present.

College Camp is owned by George Williams College of Chicago. The camp is over 50 years old, to be exact 56 years. Many thousands of young men and women have gone out from its inspirational conferences as missionaries to the uttermost parts of the world, or to do service in the name of the Master at home.

Near by are other camps.- Eleanor Camp which furnishes ideal vacationing opportunities for young women employed in the cities.- Olivet Camp which helps Chicago folks of moderate circumstances to enjoy outings in "God's Out of Doors".

Just west of that is Holiday Home, which has been giving children from congested parts of Chicago two week outings under exceptionally trained workers. Many letters are received from prominent business men who got a vision of their possibilities when just small boys at the Home. Occasionally men with beautiful cars stop by to show their sons and daughters the place they had a holiday when a boy. This work is supported by the lake shore residents and now the grandchildren and even great-grand-children of the founders are helping in the Flower Show and other activities to raise the needed funds. You missed a beautiful flower show last Friday and Saturday.

Conference Point to the east of College Camp also has conferences during the summer and trains workers for their churches and Sunday Schools.

We could mention many other things for you to see. We have the Lake Geneva Country Club, Big Foot Country Club and College Camp Courses when you want to play golf.

Up on the hill above College Camp and within the limits of Williams Bay is the famous Yerkes Observatory. The Director and his staff wish you to visit it while here.

Col. R. P. Davidson would like you to visit the Northwestern Military and Naval Academy.

We are anxiously awaiting your visit, Governor Heil.

WELCOME!

QUITE IN HARMONY WITH OUR
OPINIONS

To the Editor of BAY LEAVES
Williams Bay, Wis.

" I am moved to compliment you on your "snappy" retort to our peev-ed visitor from Chicago. I lived there for fifteen years and NEVER saw a policeman on a corner. He's probably confused them with the Keystone Cops in the silent Motion picture days where they were paid so much per to stand on corners.

And regarding our meat markets (He said butcher shops, horrid word) well, one can at least eat and enjoy the meat. Had he tried a little more he wouldn't have cared if the fishing license cost five dollars.

And as for the two drug stores next to each other, and with the same names--- Me gosh! 'tis lucky he didn't know that there is another General Store by that name (all fine to deal with) or it would have been indeed- "Good-Bye Mr. Chips."

Mrs. Marguerite Markmann,
627 Washington Parkway
Cedar Point Park, Williams
Bay, Wisconsin.

My assistant wrote the reply to "Mr. Chips," published in BAY LEAVES last week.

EDITOR'S Note.

ACCEPTS TEACHING POSITION AT COLLEGE
IN GEORGIA

Dr. Gordon W. Wares, who has been an assistant professor at Yerkes Observatory while working for his M.A. and Ph.D. degrees, the past three years, has accepted a position as instructor in physics, mathematics and astronomy in Brenau College at Gainesville, Ga.

He and Mrs. Wares will leave soon for their new home. Dr. Wares expects to start in his new position on September 22, when the college term begins. He will return about Sept. 1 from a vacation trip to California.

PERSONALS

Miss Louise Rockenfeller, who has been quite ill at the Rose Lane Hotel the past week, is much improved and able to be around and enjoy having her friends call to see her.

Mrs. Frank Herman has been her nurse.

Her son, William Rockenfeller and wife of Chicago, visited her last Sunday.

Master Jack Homblette of Neenah, Wis. will be the guest of Mrs. Karen Steele and the Mickel children, Nancy, Mary and Frankie, for the coming two weeks.

The Mickel children with their mother and grandmother are occupying Mrs. Steele's house on Spring Street for the summer. The family is from Kansas City, Mo. and have been enjoying their stay here so much they dislike to think about returning to their home.

Dr. C.W. Hetzler, who has been at Yerkes Observatory for the past year will go to Evanston to become assistant to Dr. Oliver J. Lee, director of the Observatory at Northwestern University, who also was a former member of the staff at Yerkes Observatory.

Dr. Hetzler will enter upon his new duties September 1.

Dr. Louis Henyey of Yerkes staff has been under a leave of absence from his duties for about a month on account of illness, but is improving.

Dr. S. Chandrasekhar returned last week from France, while Prof. and Mrs. Gerard P. Kuiper returned last Tuesday from Paris. The three attended the French Astronomical congress in Paris in July, where Dr. Chandrasekhar and Prof. Kuiper lectured.

Miss Lillian Ness, secretary to Dr. Otto Struve, director of Yerkes Observatory, is spending the month of August in the state of Washington and other points in the West. Miss Mary Calvert, an assistant at Yerkes with Miss Alice Farnsworth, will return from a vacation trip to California.

LAKE GENEVA FLOWER SHOW

At the right in the main room of Horticultural Hall Henry Tolman, Gardener at the E.E.Ayer Estate had his usual garden of attractive wild flowers. Every year Mr. Tolman thinks up some new way to show the many beautiful wild flowers that grow around Lake Geneva. How many of these do you know? Joe Pye Weed, Purple Cone Flower, Iron Weed, Interrupted Fern, Loose strife, Blakelyed Susan, Jack in the Pulpit, Queen Anne's Lace, Great Lobelia, Witch Hazel, False Fox Glove, Tansy, Flowering Spurge, Wild Plum, White Baneberry, Cardinal Flower, Wood Aster, Tall Cone Flower, Indian Pipe, Golden Rod, Culvert Root.

Already Mr. Tolman is saying, "Next year I have in mind doing this ----".

Across the room was the Replica of the Old Douglas Mill at Fontana. The plan and design were by Mr. and Mrs. Robert Tarrant and their gardener, Max Vold. James Luff and Ogdn Luff were the builder and carpenter.

The old mill stone, lock and key were from the old mill which was built in 1857 by C.L.Douglas and improved by him in 1881.

Mr. George Frederick Morse, Director of Wychwood blended his exhibit into the old mill. It was an exhibit of wild life as seen in the woods, on the prairie and in the swamp. Beside many of the wild flowers which were seen in the exhibit by Mr. Tolman, in this exhibit were a Meadow Lark and Quail in their natural setting. A humming bird's nest which was seen by a mirror placed so as to show three tiny eggs in a nest not much larger than a silver dollar.

Several moth miller were to be seen perched on leaves: Lunar Moth, Tiger Swallow Tail, Giant Swallow Tail, Polyphemus Moth, Cecropia Moth.

Some of the weeds, shrubs, and wild

flowers pointed out were: baneberry, trillium, wild onion, bull thistle, white thistle, Indian paint brush, blazing star, rosin wood, lithium, poison ivy, poison snake root, Solomon Seal False and Real, Baptisia, nettle.

Some beautiful flower beds were shown in the main rooms also.

Beautiful bouquets of gladioli were so numerous that time doesn't permit mention in this article. Same can be said of the fruits and vegetables, etc.

Mrs. Austin Pope and Miss Eugenie Smith presided over the Vegetable sales booth Saturday afternoon. Mr. S.B.Chapin presented an 80 # watermelon which was raffled off at this booth. There was some discussion as to where it belonged in the fruit or vegetable booth. According to the dictionary it is a fruit.

Mrs. E.N. Mc Donnell won special mention for her thatch roofed booth facing of rye straw. Mrs. Edward W.White was on the committee with her at the booth which had very attractive displays of fruit.

The Fruit Still Life Boxes were very attractive. The blue ribbon and also special ribbon went to Mrs. William Mc Intosh and Mrs. E.B.Frost, the red to Mrs. S.B. Chapin, Jr; and the yellow to Mrs. E.W.White.

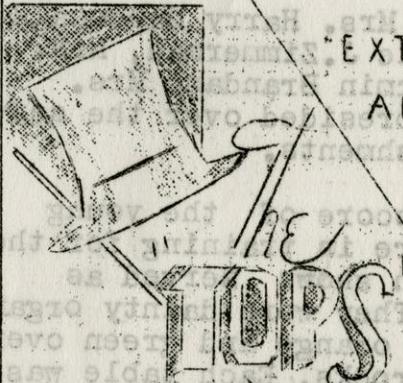

At the Vegetable booth the ribbons for the Vegetable boxes went to Mrs. W.P.Finney (spcl) Mrs. F.E. Cuniberti, Mrs.A.D. Edwards and Miss Edith Kohlsaat.

Mrs. John Eliot Warner's Home Barbecue set attracted a lot of attention. Everything for a barbecue was shown including the barbecue pot on wheels.

Mrs. Earle J.Zimmerman won first prize for table decoration and in breakfast trays. Her table was covered with white voile, appli-

More than a score of the young ladies who are in training for the future garden shows served as waitresses. They wore dainty organ- dy aprons of orange and green over snow white frocks. Each table was decorated with dainty bouquets in tiny green sprinkling cans.

BELFRY FIRST NIGHTERS THRILLED BY BREATH-TAKING PRODUCTION OF "THE ENCHANTED APRIL"

The audience at the Belfry Theatre last night viewed a rare theatrical treat when the curtains parted after the prologue of "THE ENCHANTED APRIL" and revealed a richly decorated stage, cleverly arranged to represent an Italian castle along the Mediterranean. Many fine pieces of antique furniture, several oil paintings in the best taste of the intelligent collector, heavily brocaded drapes, elaborately carved bric-a-brac, and a spacious interior with a peaked ceiling from which hangs two wrought iron chandeliers, all these together with the gold leaf wall designs won the plaudits of the capacity audience.

Mr. Diefenthaler, the director, deserves much credit for his fine taste in staging and the smoothness of the opening performance. Taking part in the production are: Louise Callaway, Williams Bay; Carole Keplinger, Chicago; Lavon Shunk, Freeport; Lynn Kiplinger, Freeport; Edith James, River Forest, Ill.; Malcom Lund, Janesville, Wis.; Rudy Lange, Delavan; Jack Castino, Delavan Lake; Aldis Darre, Pak Park, Ill.; Dorothy Goes, Delavan Lake; Marta Ibsen, harpist, Wms Bay. An added feature of the production is several solos by Miss James, accompanied by the harp music of Marta Ibsen. Both were attired in colorful Italian costumes. "THE ENCHANTED APRIL" is being presented again tonight, Friday, Saturday and Sunday nights. All those wishing to attend are warned to make reservations in advance because of the heavy demand for seats. The Belfry Theatre is located 1 mile north of Wms Bay, Wis. on the Elkhorn road.

"YOU CAN'T TAKE IT WITH YOU", prize-winning comedy, will be presented for seven nights, beginning August 28 and closing September 3. Directed by Eli Popa. Reservations are now being accepted.

There are now over one hundred summer Little Theatre groups playing in different sections of the United States.

VISIT THE GARDEN EXHIBIT OF PASTEL PORTRAITS BY CHARLES OVERALL

Have you seen the garden exhibit of the delightful pastel portraits by Charles Overall of Chicago and New York. His charming children beautifully on the lawn at Story Book Farm indicate his ability to capture the illusive thing, A characterful human likeness.

Mr. Overall closed his Chicago studio to spend the summer with his two attractive children and Mrs. Overall at Story Book Farm, to live in the atmosphere of the one hundred year old farm house and carry on his summer studio.

His hobby, re-creating early and rare lithographs of American cities, is not neglected, and he offers a showing of these old prints, Old New York, Chicago, St. Louis, etc.

Drop in for a truly fine dinner and luncheon, a cool house and a quiet vista of farm atmosphere.

The Tea-Room occupies the original farm house at one time, being the care-taker's home on the estate of Samuel H. Wheeler and maintained by a descendant of the founder of Wheeler & Wilson Sewing Machine Company.

HORSE RACES AT WALWORTH COUNTY FAIR

Owners of horses entered in the four-day race program of the Walworth County Fair, which opens Friday Sept. 1, will be competing for their own money in addition to the \$4,400 offered by the society.

The addition of the entry and declaration fees will increase the purses to such an extent that Fair officials expect some of the best mid-western racing blood to appear here.

The race program includes six racers for pacers and an equal number for trotters with purses divided equally. The added money will be determined by the number of horses entered and the number of horses starting the race. Horsemen pay a \$10 entry fee and another \$10 fee when the horse is declared the day before the race.

The colt entries have been tabulated and show 14 entered in the two-year-old trot, thus adding \$140 to the \$200 purse offered for that race. Each horse starting the race will add another \$10 to the purse. There are 16 pacers entered in the two-year-old class, 11 for the three-year-old trot and 16 for the three-old-pace.

All horses will be classified by the win-race record plan with no recognition given to money classification. Every heat is a race with the purse divided equally for each heat and the winner taking 50% of the heat purse. Second horse takes 25%, third 15, and fourth 10.

Entry and declaration fees will be added to each of the above mentioned purses.

The Fair dates are Sept. 1, 2, 3, and 4.

AT CAMP AURORA LAST WEEK

Up at Evanston, Illinois, the North End Men's Club has adopted the crippled children of the Haven Public School as their particular piece of work. On the 3rd Thursday night of each month some 500 to 800 men hold a meeting at the School and plan out their program. For the past five years \$250 per year has been raised for Cod Liver Oil, Braces, etc.. for benefit of the unfortunates.

This year the president, William H. Wark suggested that the members pay up their dues early and send the children on an outing. Over 500 of the members responded.

The outing for 13 of the children was at Camp Aurora on the south side of Lake Geneva. The youngsters went home Monday of this week after two weeks glorious time. Three adults looked after them.

Everybody helped at the Camp to see that a good time was had by all.

Mrs. Julia T. Miles, Mrs. Philip R. Smith and Mrs. B.W. Ripley of Harvard Club gave a watermelon party for the group last Saturday night.

A surprise was in store for the twin sons of Dr. J.E. Congdon of Camp Aurora on the occasion of their birthdays. Two beautiful cakes were on their table at dinner last Sunday evening. A miniature of their sailboat " Jim Flo " was placed in center of the table. Little sail boat seals were used as place cards.

Twelve F.F.A. which stands for Future Farmers of America under the leadership of Linden Botkin from Waterman, Ill. are having their vacation at Camp Aurora. The funds came out of profits from corn which the group raised.

Mr. and Mrs. M.F. Pierce of Aurora are spending their vacation at the Camp. Their daughter, Grace, has charge of the store at the camp.

Mr. and Mrs. Howard Hayes of Lexington, Ky. are spending August at the Camp.

It was edited by J.E. Burton at what was then the village of Geneva. Price for subscription \$2.00 a year greenbacks in advance.

Its policy was given under the caption " Devoted to progress and all that makes humanity better ".

This completes the lake shore list. In compiling it we have confined it to those residents having lake shore rights of some kind in their deeds.

We wish to make corrections in it which are brought to our attention. These are sometimes misspelled names, wrong initials, or changes of ownership. Kindly send any changes which you may find. We will correct the original lists and run off lists of just the directory and put a cover on the list. Already one group of service stations have asked for lists for each station.

The editor has many inquiries as to where persons can be found on the lake shore.

COLLEGE CAMP PROGRAM NOTES

COVENANT YOUNG PEOPLE IN WEEK-LONG CONFERENCE

One hundred and fifty young men and women, representatives of Chicago and suburban churches to the nineteenth annual meeting of the Covenant Young People of Cook County, Illinois, have been in session at College Camp since Monday, August 14. Mr. Robert J. Peterson of Chicago is general chairman of the conference.

Sunday morning service at College Camp will be under the auspices of this group. The Reverend Clarence A. Nelson, pastor of the Salem Covenant Church of Minneapolis, Minnesota, is to be the guest preacher. Special music will be provided by a choir of the Swedish young people.

The week-end visitors to the Camp who will be associated with the Covenant churches are expected to double the number gathered for the six-day assembly. A fine concert program sponsored by this conference will be held in the auditorium Saturday evening at eight o'clock. The public is invited.

"WELLS FARGO" WILL BE EXHIBITED NEXT WEDNESDAY

With Joel McCrea in a virile role as the adventurous agent for a westward moving express company, with lovely Frances Dee to furnish heart interest and with the inimitable Bob Burns as a trapper and scout to supply many comedy touches, the Paramount picture "Wells Fargo" has achieved high ranking as excellent family entertainment. It will be shown at College Camp next Wednesday evening, August 23, at 7:45.

TWO HOLES-IN-ONE WITHIN FOUR DAYS AT COLLEGE CAMP GOLF CLUB

Last week the only holes-in-one of the season were scored on the College Camp Golf Course. On August 9, Craig Calkins of Freeport, Ill., made the first one on hole five, 139 yards. On August 12, Robert Beaver of 4620 Clarendon Road, Chicago, scored the second on hole seven, 101 yards.

Craig Calkins' hole-in-one was unique in the annals of golfing at College Camp. His ball landed in the cup on the fly, wedging between the pin and the side of the cup.

BENJAMIN F. BILLS WILL LECTURE FRIDAY

"Joining Hands vs. Locking Horns" is the subject for the eight o'clock Friday evening lecture at College Camp this week. Mr. Benjamin F. Bills, Chicago sales counsellor, president of Benjamin F. Bills and Associates, Inc., and a Lake Shore resident of Lake Geneva will be the guest speaker.

As a teacher of salesmanship methods and principles and as counsellor for trade groups and widespread business interests, Mr. Bills has been known to many thousands of people. Geneva Lake neighbors know him as a genial personality with the gift of friendliness. Chairman of the Board of Business Managers of the Geneva Lake Summer School of Natural Science, Mr. Bills has been closely related to its program and to its director, Mr. O. D. Frank.

The lecture Friday evening will be a popular treatment of the question of selling oneself to friends and associates.

Miles at Harvard Club.

President Roosevelt has changed the date of Thanksgiving Day to November 23 instead of the last Thursday in November, as has been the American custom since 1620.

There is no sentiment or real meaning to any of the American holidays any more, just another day on the calendar. All holidays or special days in the year are commercialized. All most people do on Thanksgiving Day is to gourmands of themselves and hunt amusement. So what's the difference any more, one date or another! We won't even be permitted to celebrate our own birthdays the date it falls on soon. Some one is always taking the joy out of life.

President James N. Smith of the Louisiana State University, now in custody of the State, for embezzling a large sum of the State funds, was only living up to the practice of some of the other State officials-of "sharing the wealth."

Bud Nelson, Congress St. Wms. Bay and his cousin, Bill Thorsen of Chicago are on an auto trip to the North Woods, camping along the way.

A.H. Furlong, Gordon Mc Neil and John P. Carlson leave today for an auto trip to Hot Springs, Gladewater, Texas; Big Springs, Texas; Ardmore, Okla. and other points where Mr. Furlong is interested as a partner in oil wells. He is trying out his new Lincoln Zephyr.

John B. Wightman will build a two story English design, combination brick and lannon stone on the two lots he has purchased in Lake Geneva Manor. Prof. F.A. Fielder of Cedar Point Park is the architect. It will be strated in a few days. Others are also building there this Fall.

Lyman Inboard Runabouts

Most men want a boat, today, tomorrow

or sometime. Your boat, the one you

have in mind, the one which you have

long mulled over, represents to you

hours of precious leisure well spent,

rewarding you in good health, good

company and never tiresome sport.

Your boat, if it is going to bring you

all this, must be a careful purchase. It

must be modern and smart in appearance,

seaworthy beyond all doubt, comfortable,

dry and easy riding under practically all conditions of weather.

Since 1875, the name "LYMAN" has stood for fine boats. Sixty-four years of continual ex-

periment, test and development are reflected
