GRADUATES' OUTLOOK—69
PAGES 242-256

"Large enough to offer a wide variety of courses, activities, and social events; small enough for the personal touch!" was the phrase used by the official publication of the Wisconsin State System in describing its nine state universities. This description accurately characterizes the growth experienced by the River Falls campus both in enrollment and in educational facilities. The record number of approximately 1200 freshmen which increased total enrollment to 4,052 portrays the fact that River Falls is a growing school, yet a school where students are still identified by name.

The fact that both the newly enrolled freshmen and returning upperclassmen, upon returning in the fall of 1968, were welcomed with the opening of two newly constructed dormitories plus the addition of a student center and food and recreation area shows that the university system is not only expectant of but also prepared for its growing enrollment. A two-floor addition to the library, opened in late November, and the origin of a campus radio station early in November also characterized the forward progression of the university and its students.

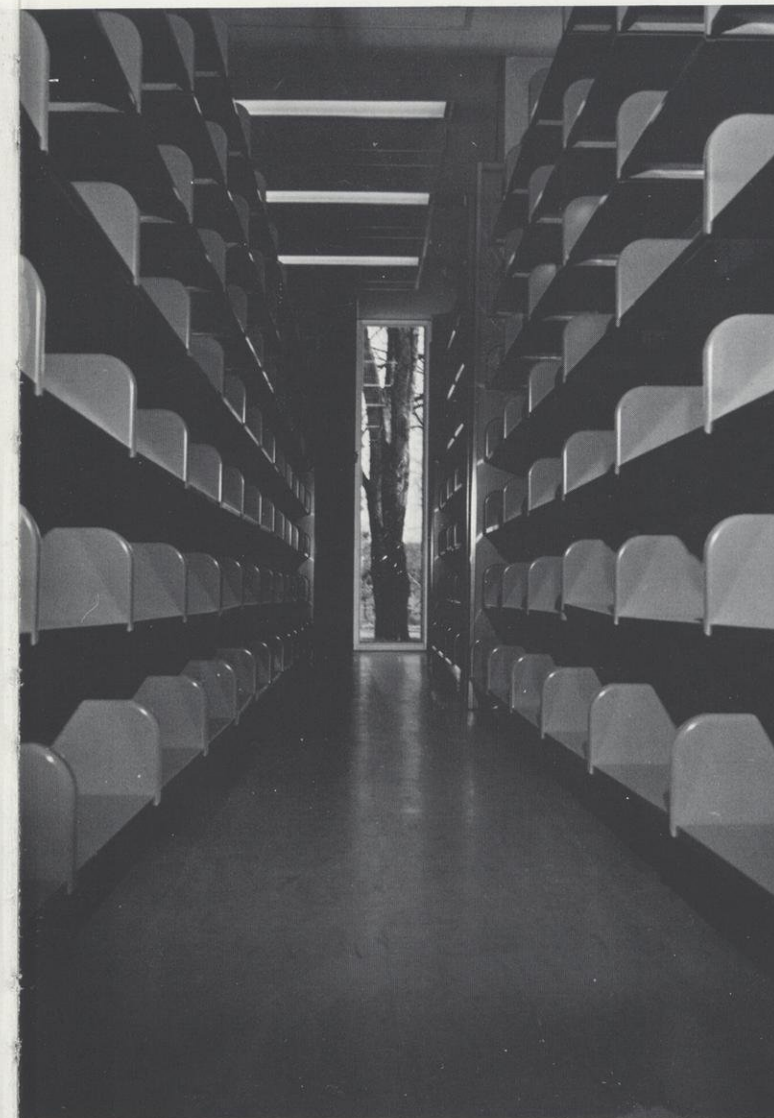

The Board of Regents, quite obviously with its eye to future intellectual and physical growth, appointed former University of Wisconsin Vice President Dr. George R. Field as its president on August 1, 1968. Field, a relatively young college president at 39, replaced Dr. Richard J. Delorit, academic vice president at River Falls, who served as acting president during the 1967-68 school year.

Generally, students, in walking from class to class, idea to idea, belief to belief, on the R F campus, throughout the 1968-69 school year, found it a time of pleasant change and stimulating growth.

The Old Library Makes Way

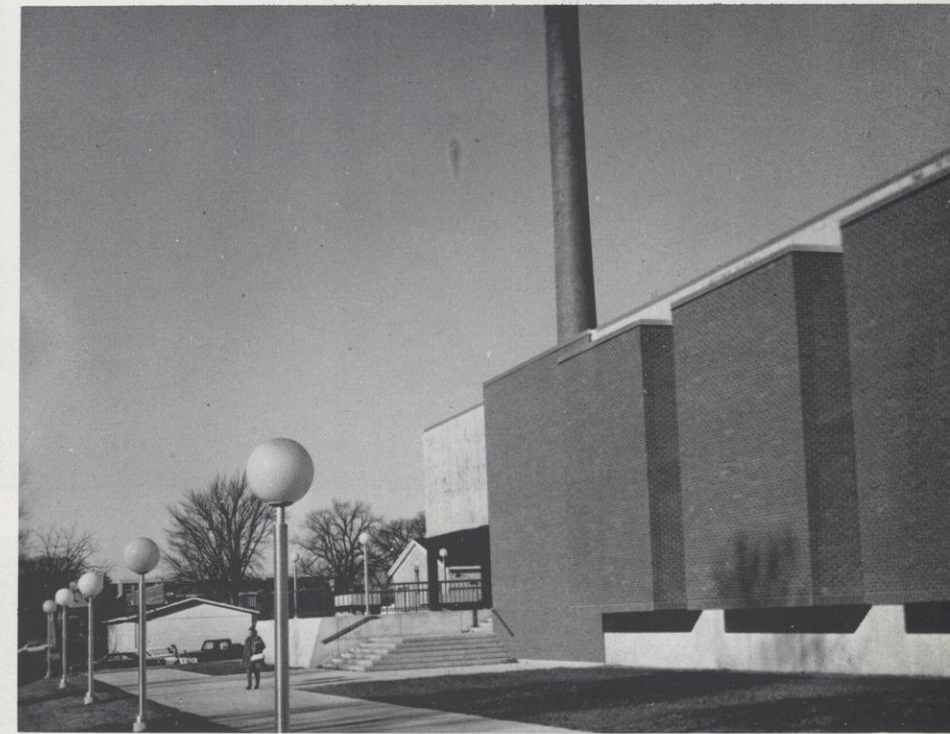

For The New Additional Space

The new library annex was opened for use by the beginning of winter quarter.

The large annex added to the Chalmer Davee Library has provided the space for large-scale expansion of present library facilities and an addition to present student services.

The \$1,300,000 building is constructed on a two-floor, highly versatile plan. The second floor will house 10 classrooms and many faculty offices which can quickly be converted into library facilities when necessary.

A few of the facilities available on the main floor include two reserve desks, expanded stack facilities, a music listening room and a furnished typewriter room, a large periodical room and individual study coves. A collection of rare books will be displayed in a small room with space for additions.

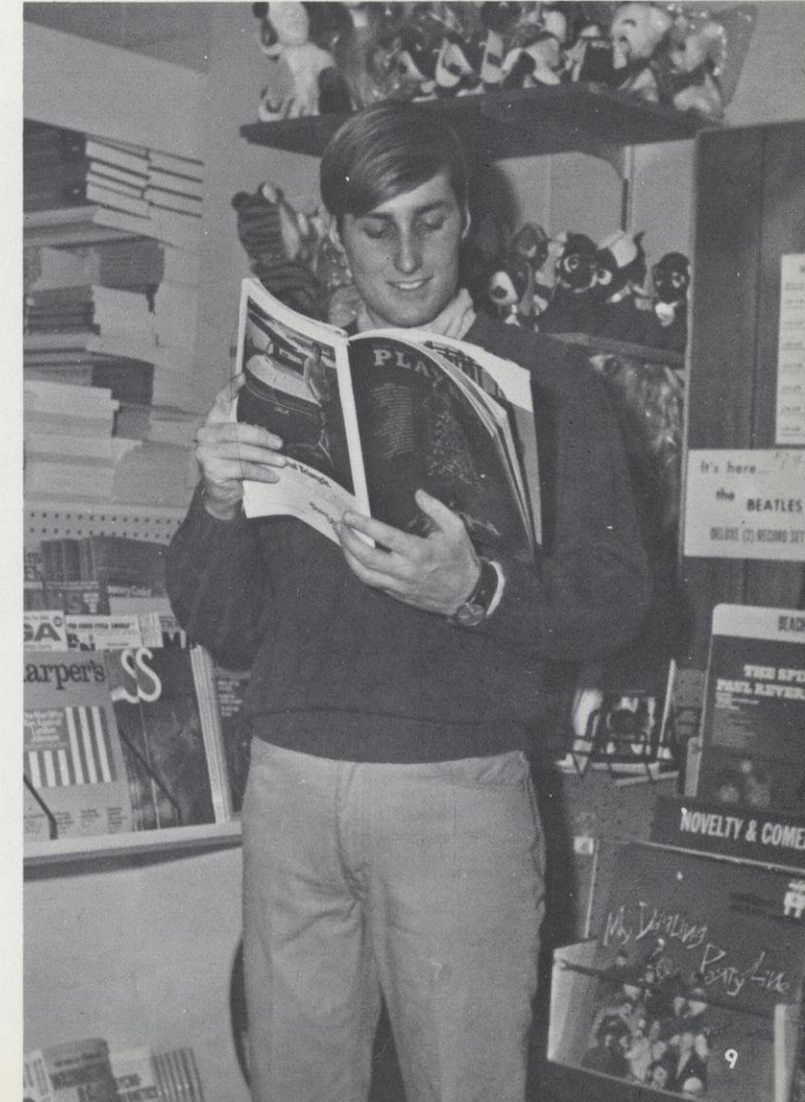

The basement area of the library will contain expanded facilities for the audio visual department, the textbook library, a museum, IBM equipment, reading rooms, a library science classroom and other uses.

The Student Center is a place of study and relaxation.

The Bookstore supplies the students with most of their required reading materials as well as entertaining literature.

This Is Where Friends Meet And Talk!

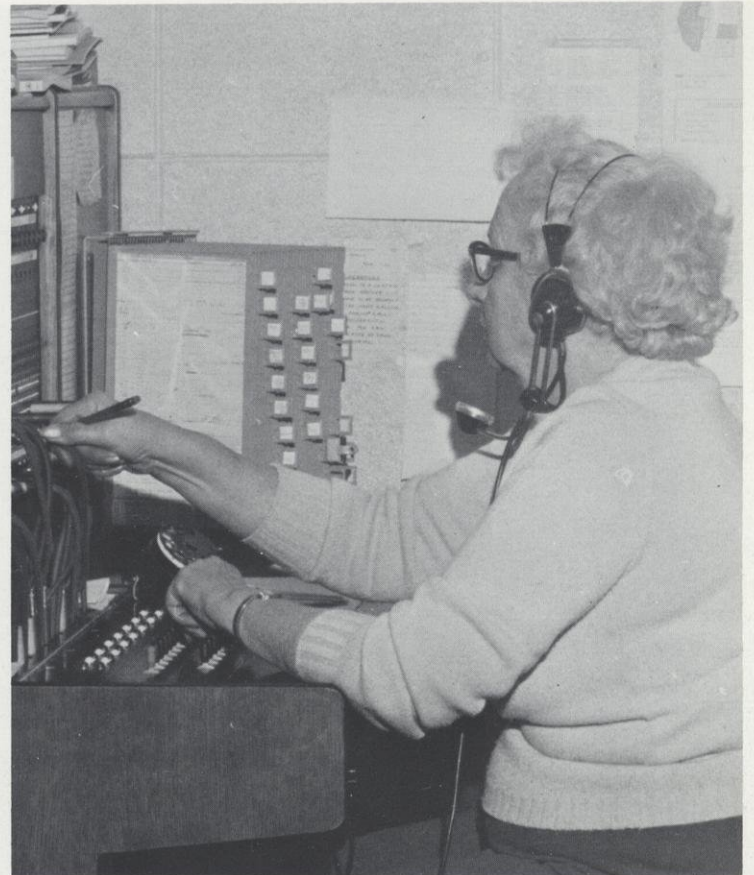

The Falcon Cage and Upstairs of the Student Center

People Work Here To Keep The College Going.

Janitors fixing the ceiling.

The switch board is always busy!

The southwest corner of Student Center contains the ballroom upstairs and gameroom downstairs.

Karges Center, Place

Of Many Center Activities

The "R" Club is in full force at all athletic events held in the gym.

Roger Wagner and company appeared here to a full house.

Dr. Bruce Peterson was one of the key performers in faculty frolics.

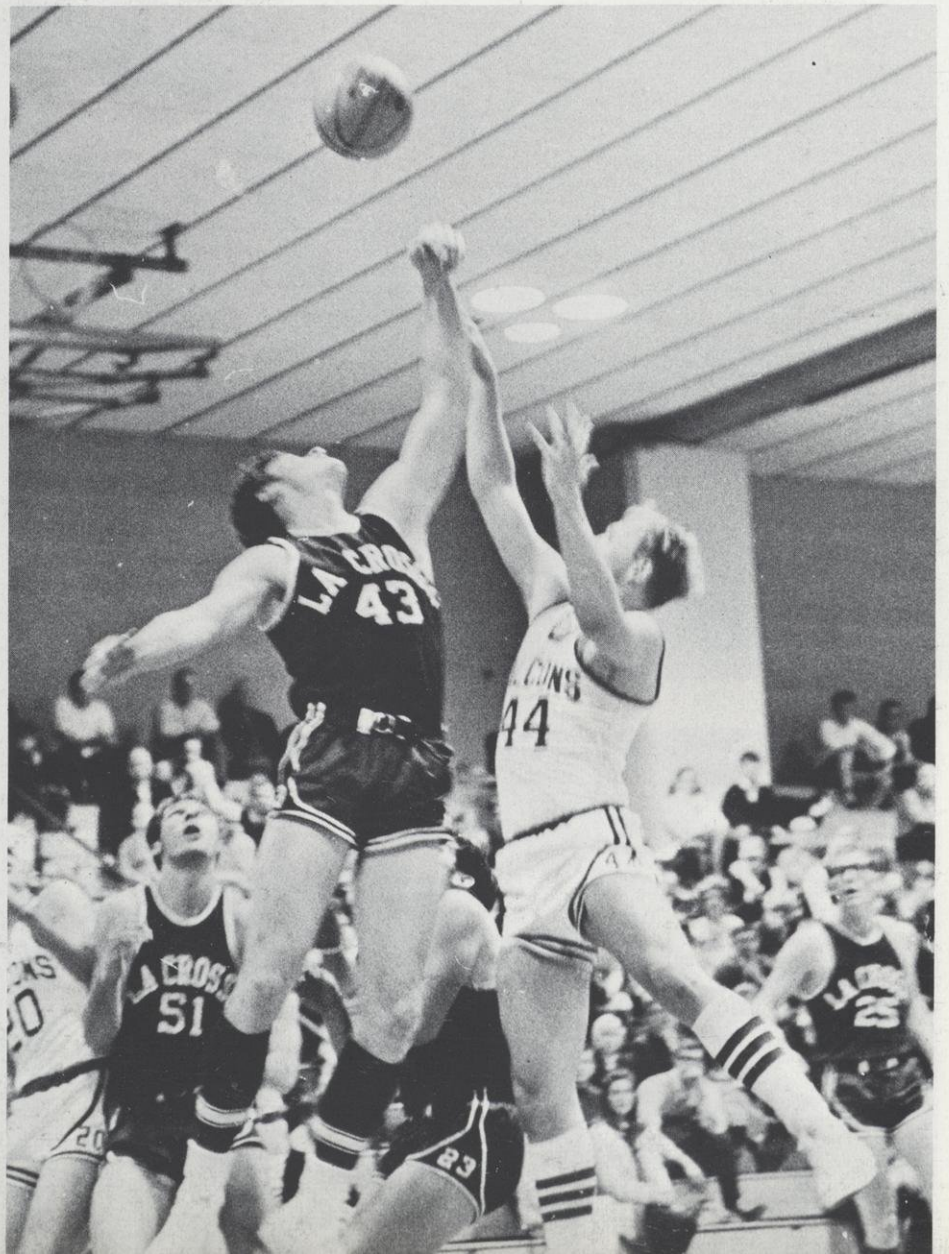

President Field gave his Inaugural Address here on October 24, 1968.

Karges Center

Karges Center houses the physical education department and is the center for athletic events and other activities.

Center Of (Physical) Education

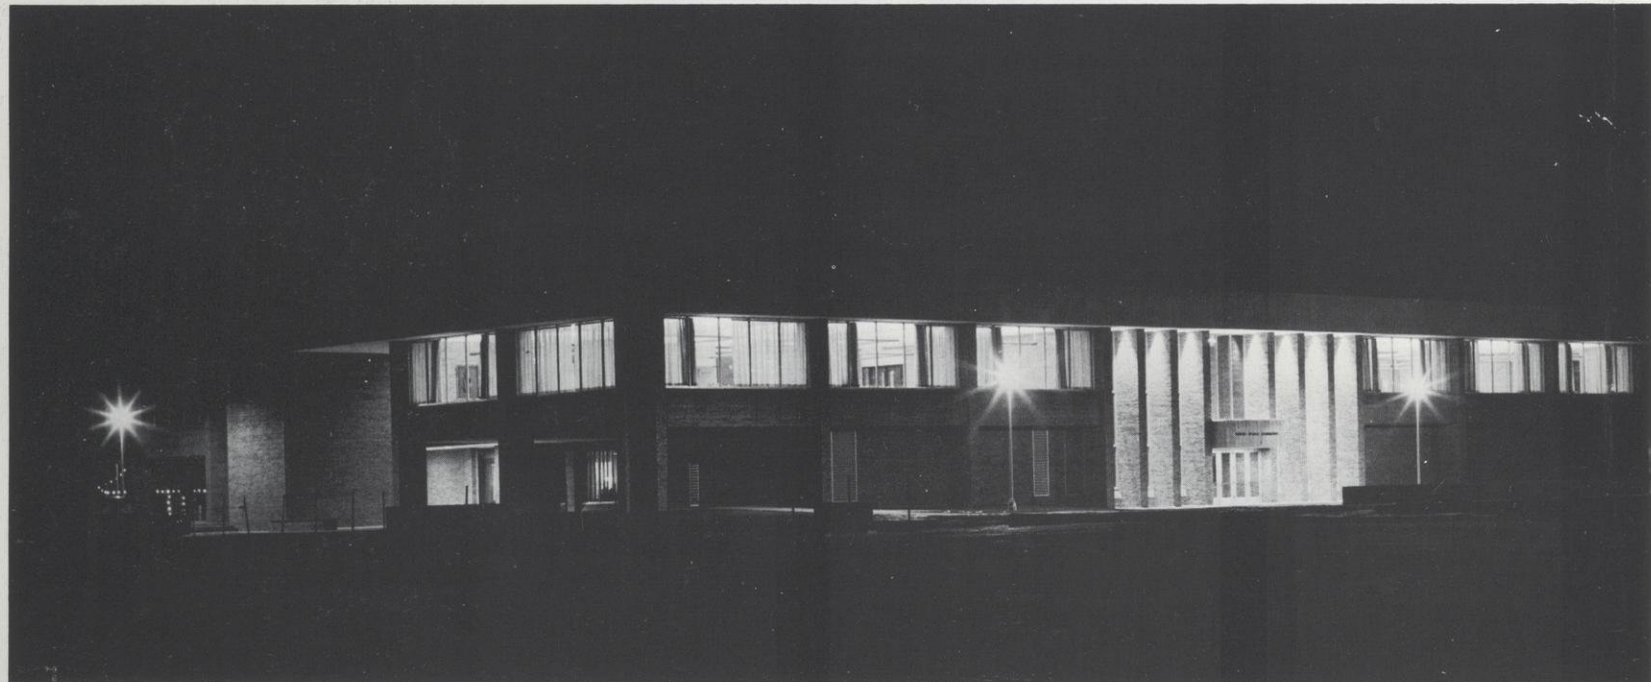

Rodli Commons was opened at the beginning of the 1968-69 term to serve the entire campus as a dining hall. The Commons has eight dining rooms to serve students.

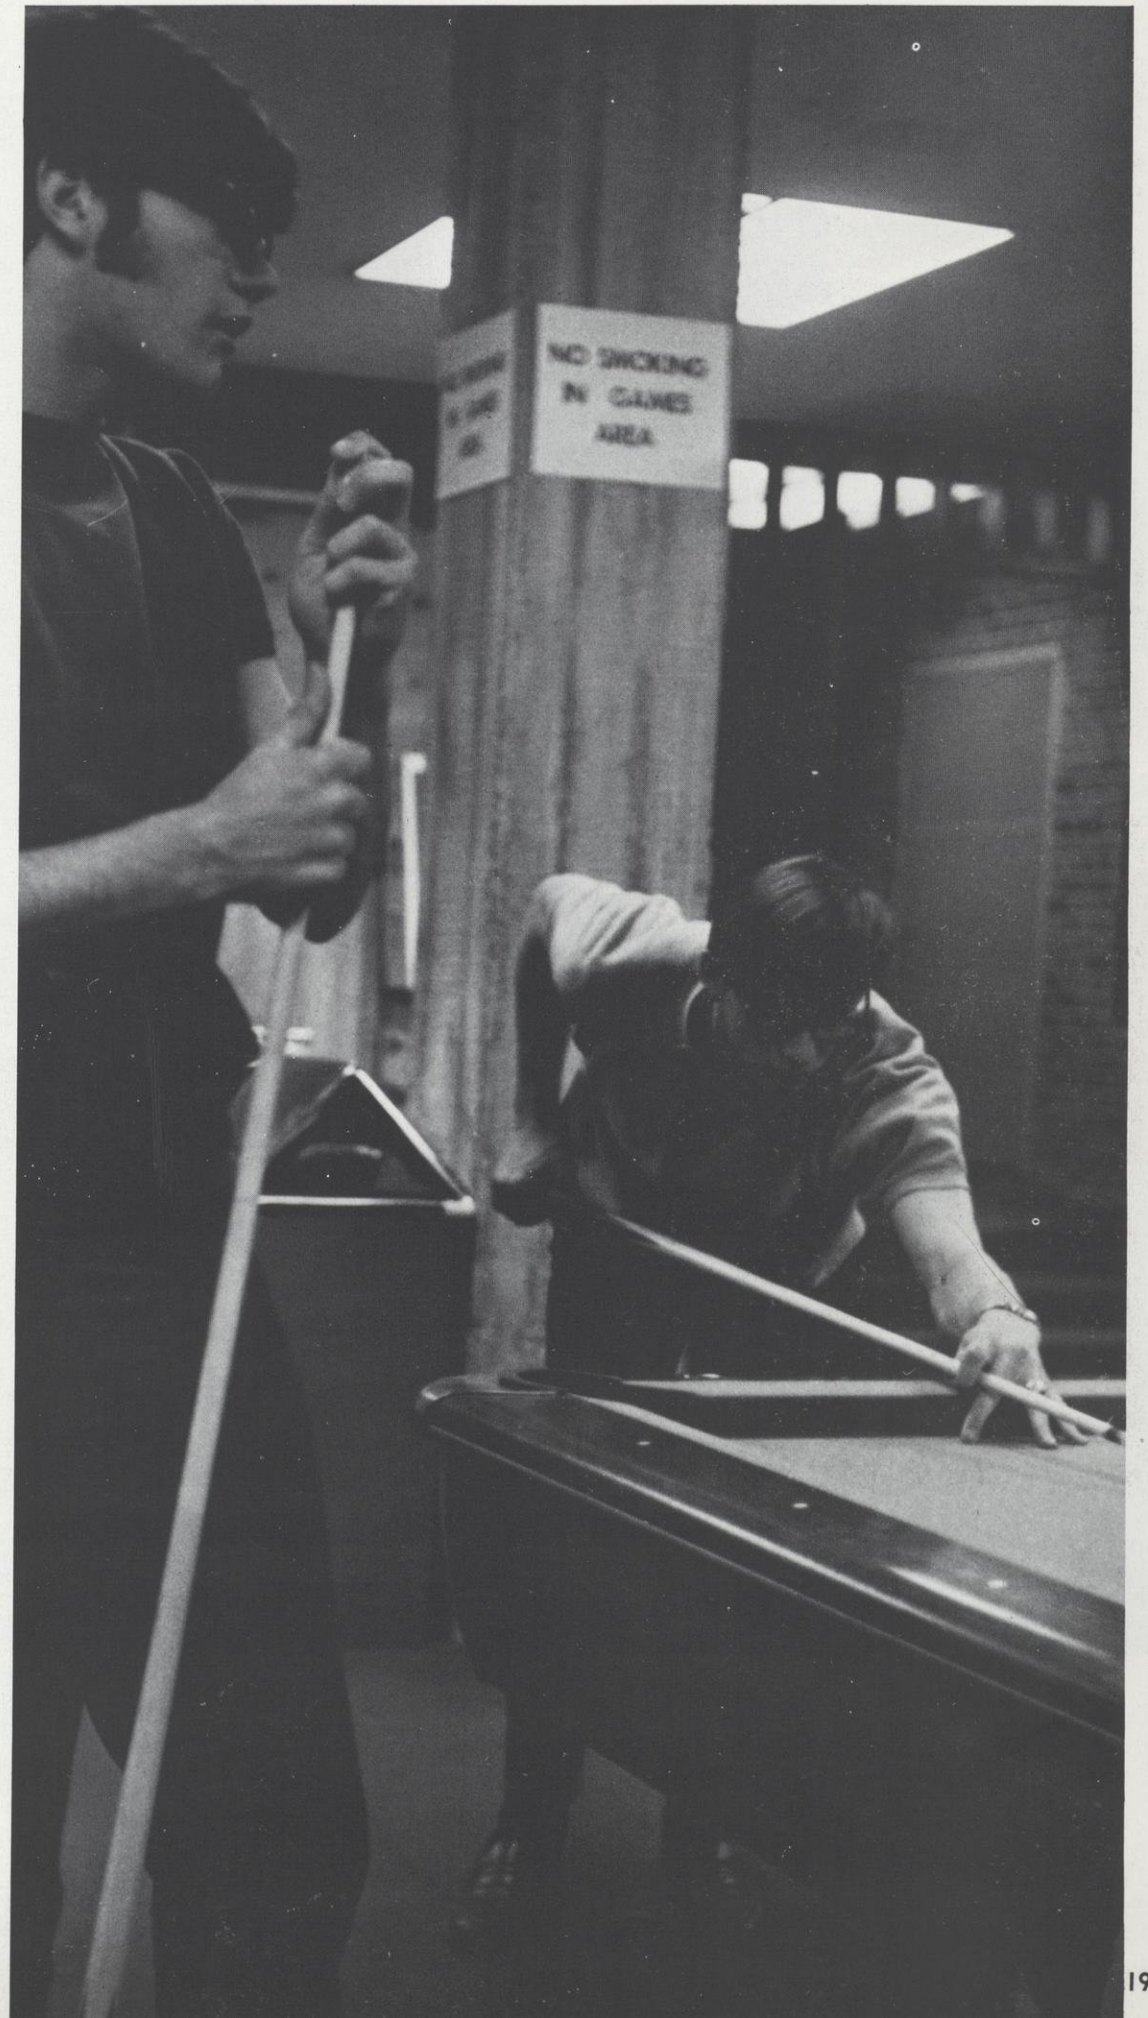

The Commons was named for David Rodli, a member of the Board of Regents for six years. Rodli died in 1965.

The Students Work

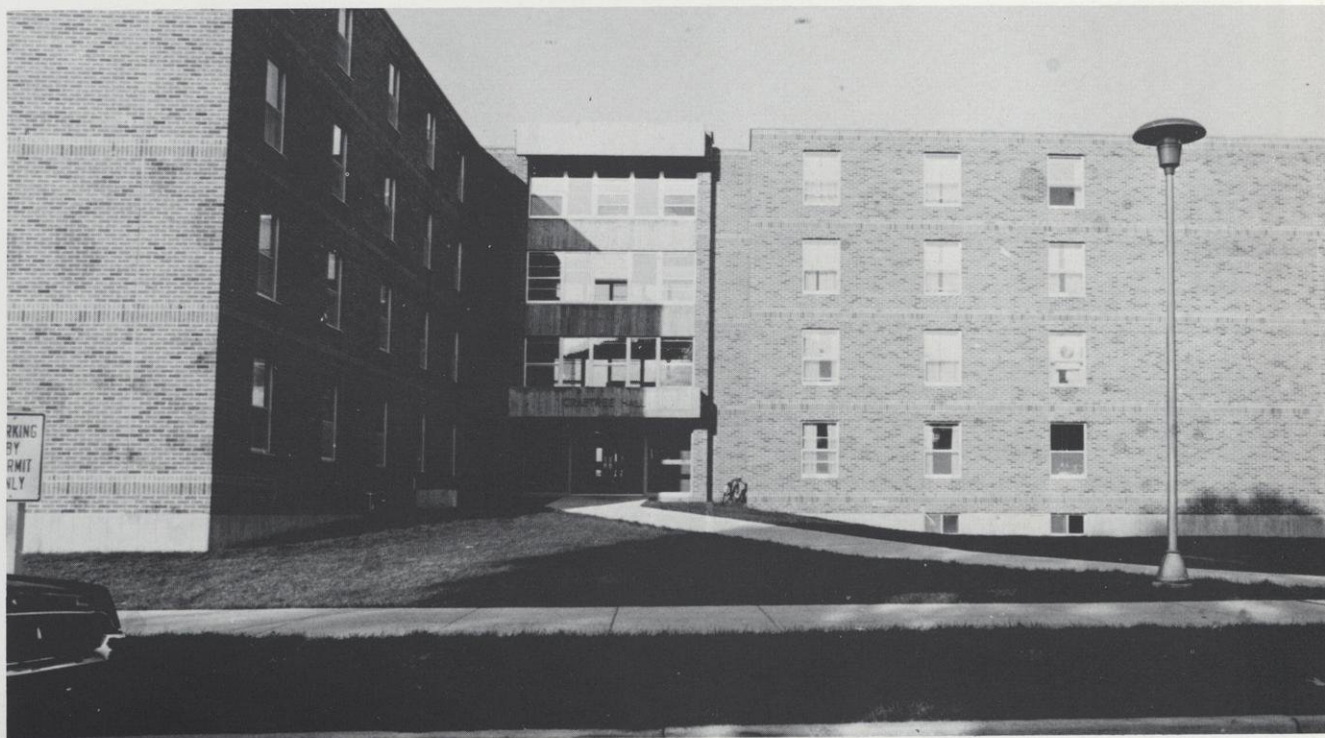

And Relax At The Commons

Rodli Commons has given students a new outlet for fun with a gameroom and a fine food service! This is truly what the Commons is all about, a place to see friends, to eat good food, and to have fun.

New Eastern Dorm Complex

Crabtree Hall, opened only this year, is the living quarters of 237 men. The residence hall was named in honor of William Crabtree, a former president of this university. Wendell Anderson, the residence counselor at Crabtree, stated that the dormitory—filled to capacity—holds 266 male students.

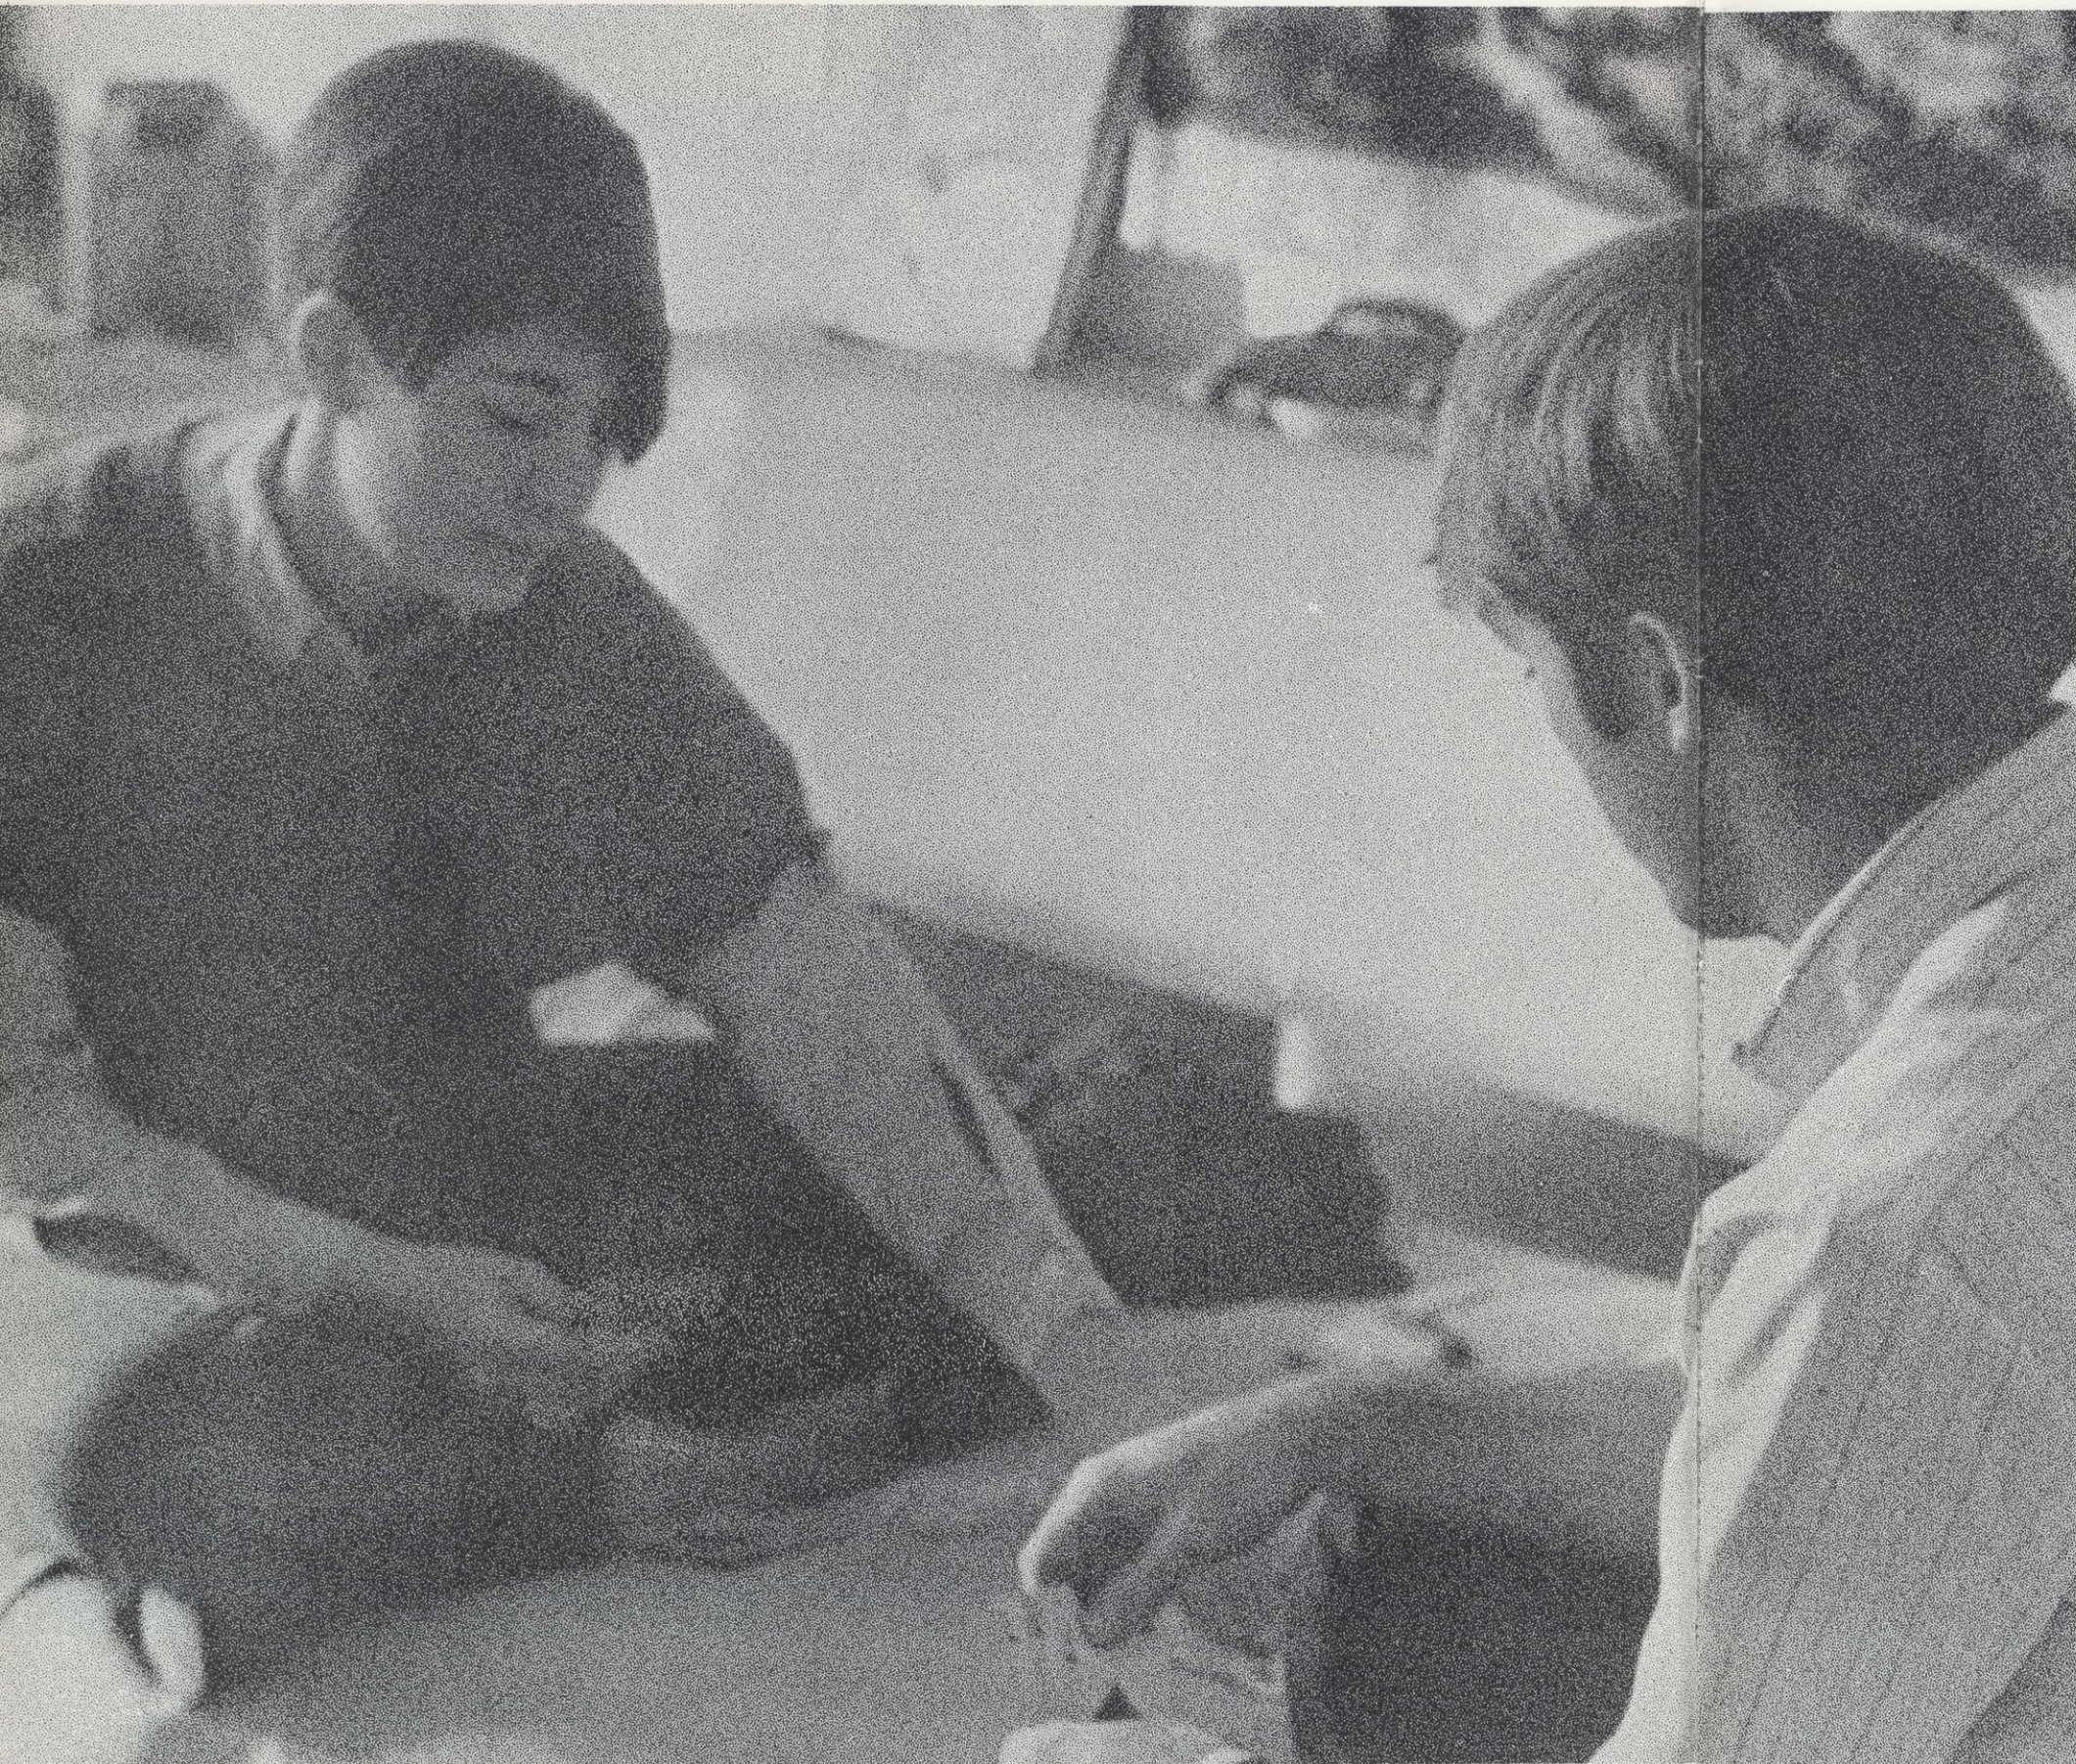

New Eastern Dorm Complex

The dorm complex located at the east end of the campus houses two men's and two women's dorms. They are Crabtree, Parker, Grimm, and McMillan.

Hathorn, "Hag" Hall

Women's Living Quarters

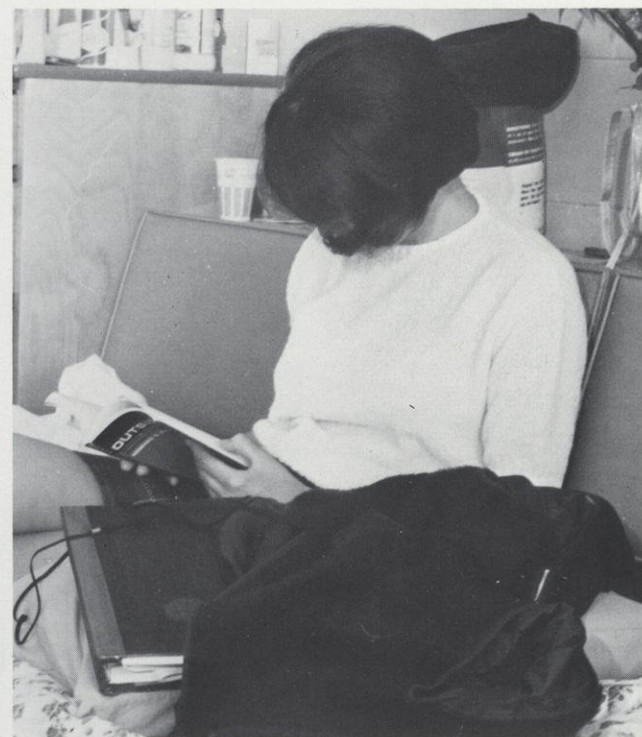

Hathorn Hall is the oldest women's dorm, but has the look of most of the others. It is also the largest dorm on our campus. Most of the women enjoy having their good times here; inviting (their) boy friends to open house is common practice.

Women's Dormitory

Life Is Fun!?

Study as well as social life is a girl's role here. And the women at River Falls take the time to do both during the course of the year.

"Playboy" is a well read magazine in all girls' dormitories!

Men's Western

Men rule the west side of the campus. Johnson Hall and May Hall along with Prucha are in use this year, while Stratton is under repair.

Dorm Complex

Chess anyone?
The men of Western Dormitory system never seem to have a dull moment, when staying over for the weekend, to get caught up with their books.

Psych Building

Psychology,
the science of man's
mind, is presented
here. Lab experiments
are held in special
areas of the building.

Industrial Arts

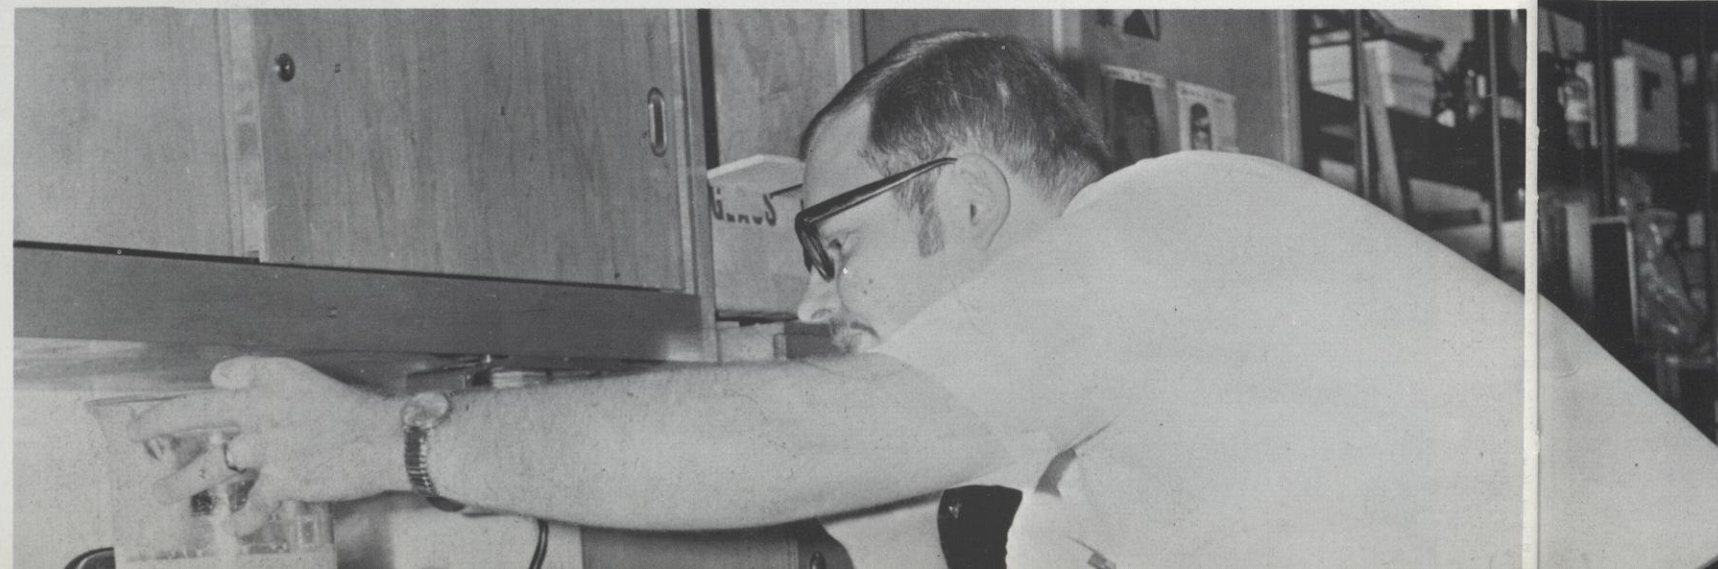

Welding and shop classes are just a few of the things going on here. Woodwork and mechanical drawing also are in this building.

Ag-Science

The Agriculture-Science Hall is the home for our math, biology, and earth science classes as well as the Ag school itself. History and geography classes are also held in this building.

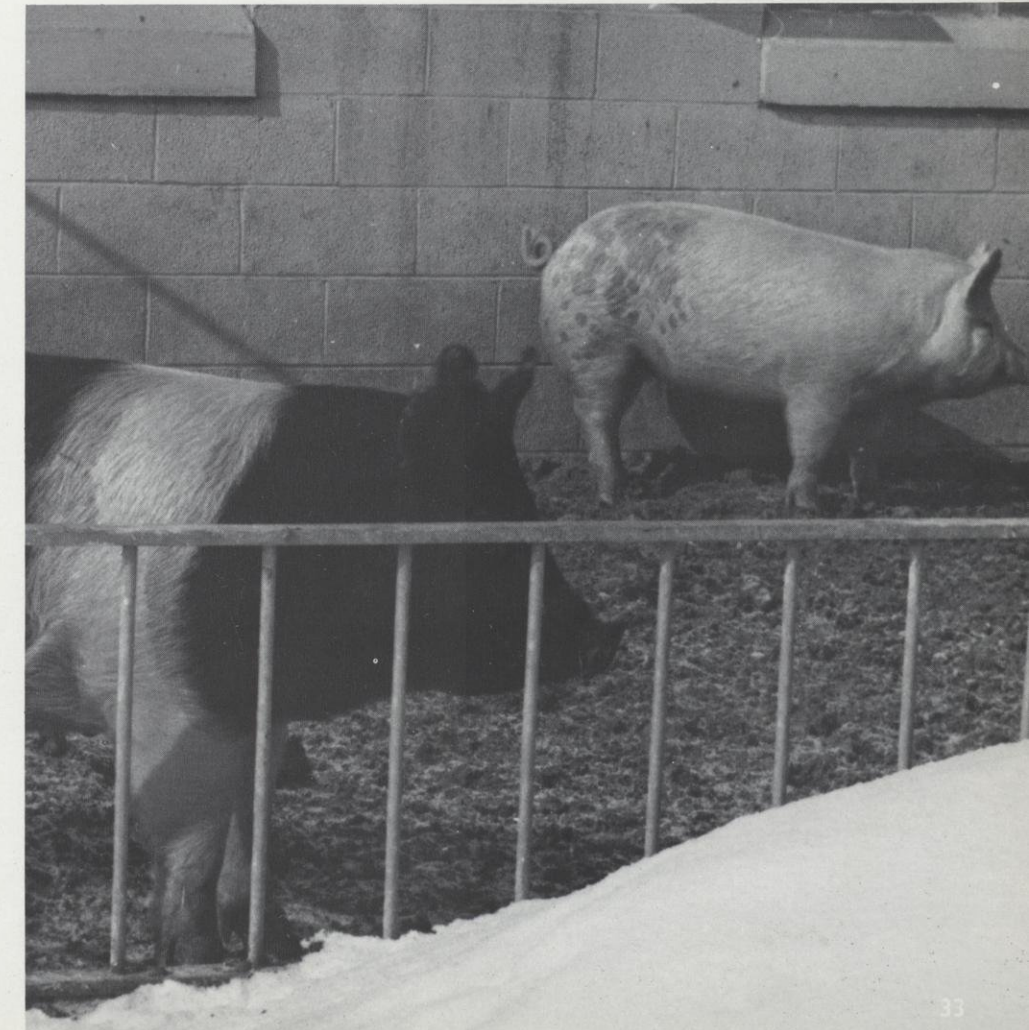

Ag-Science

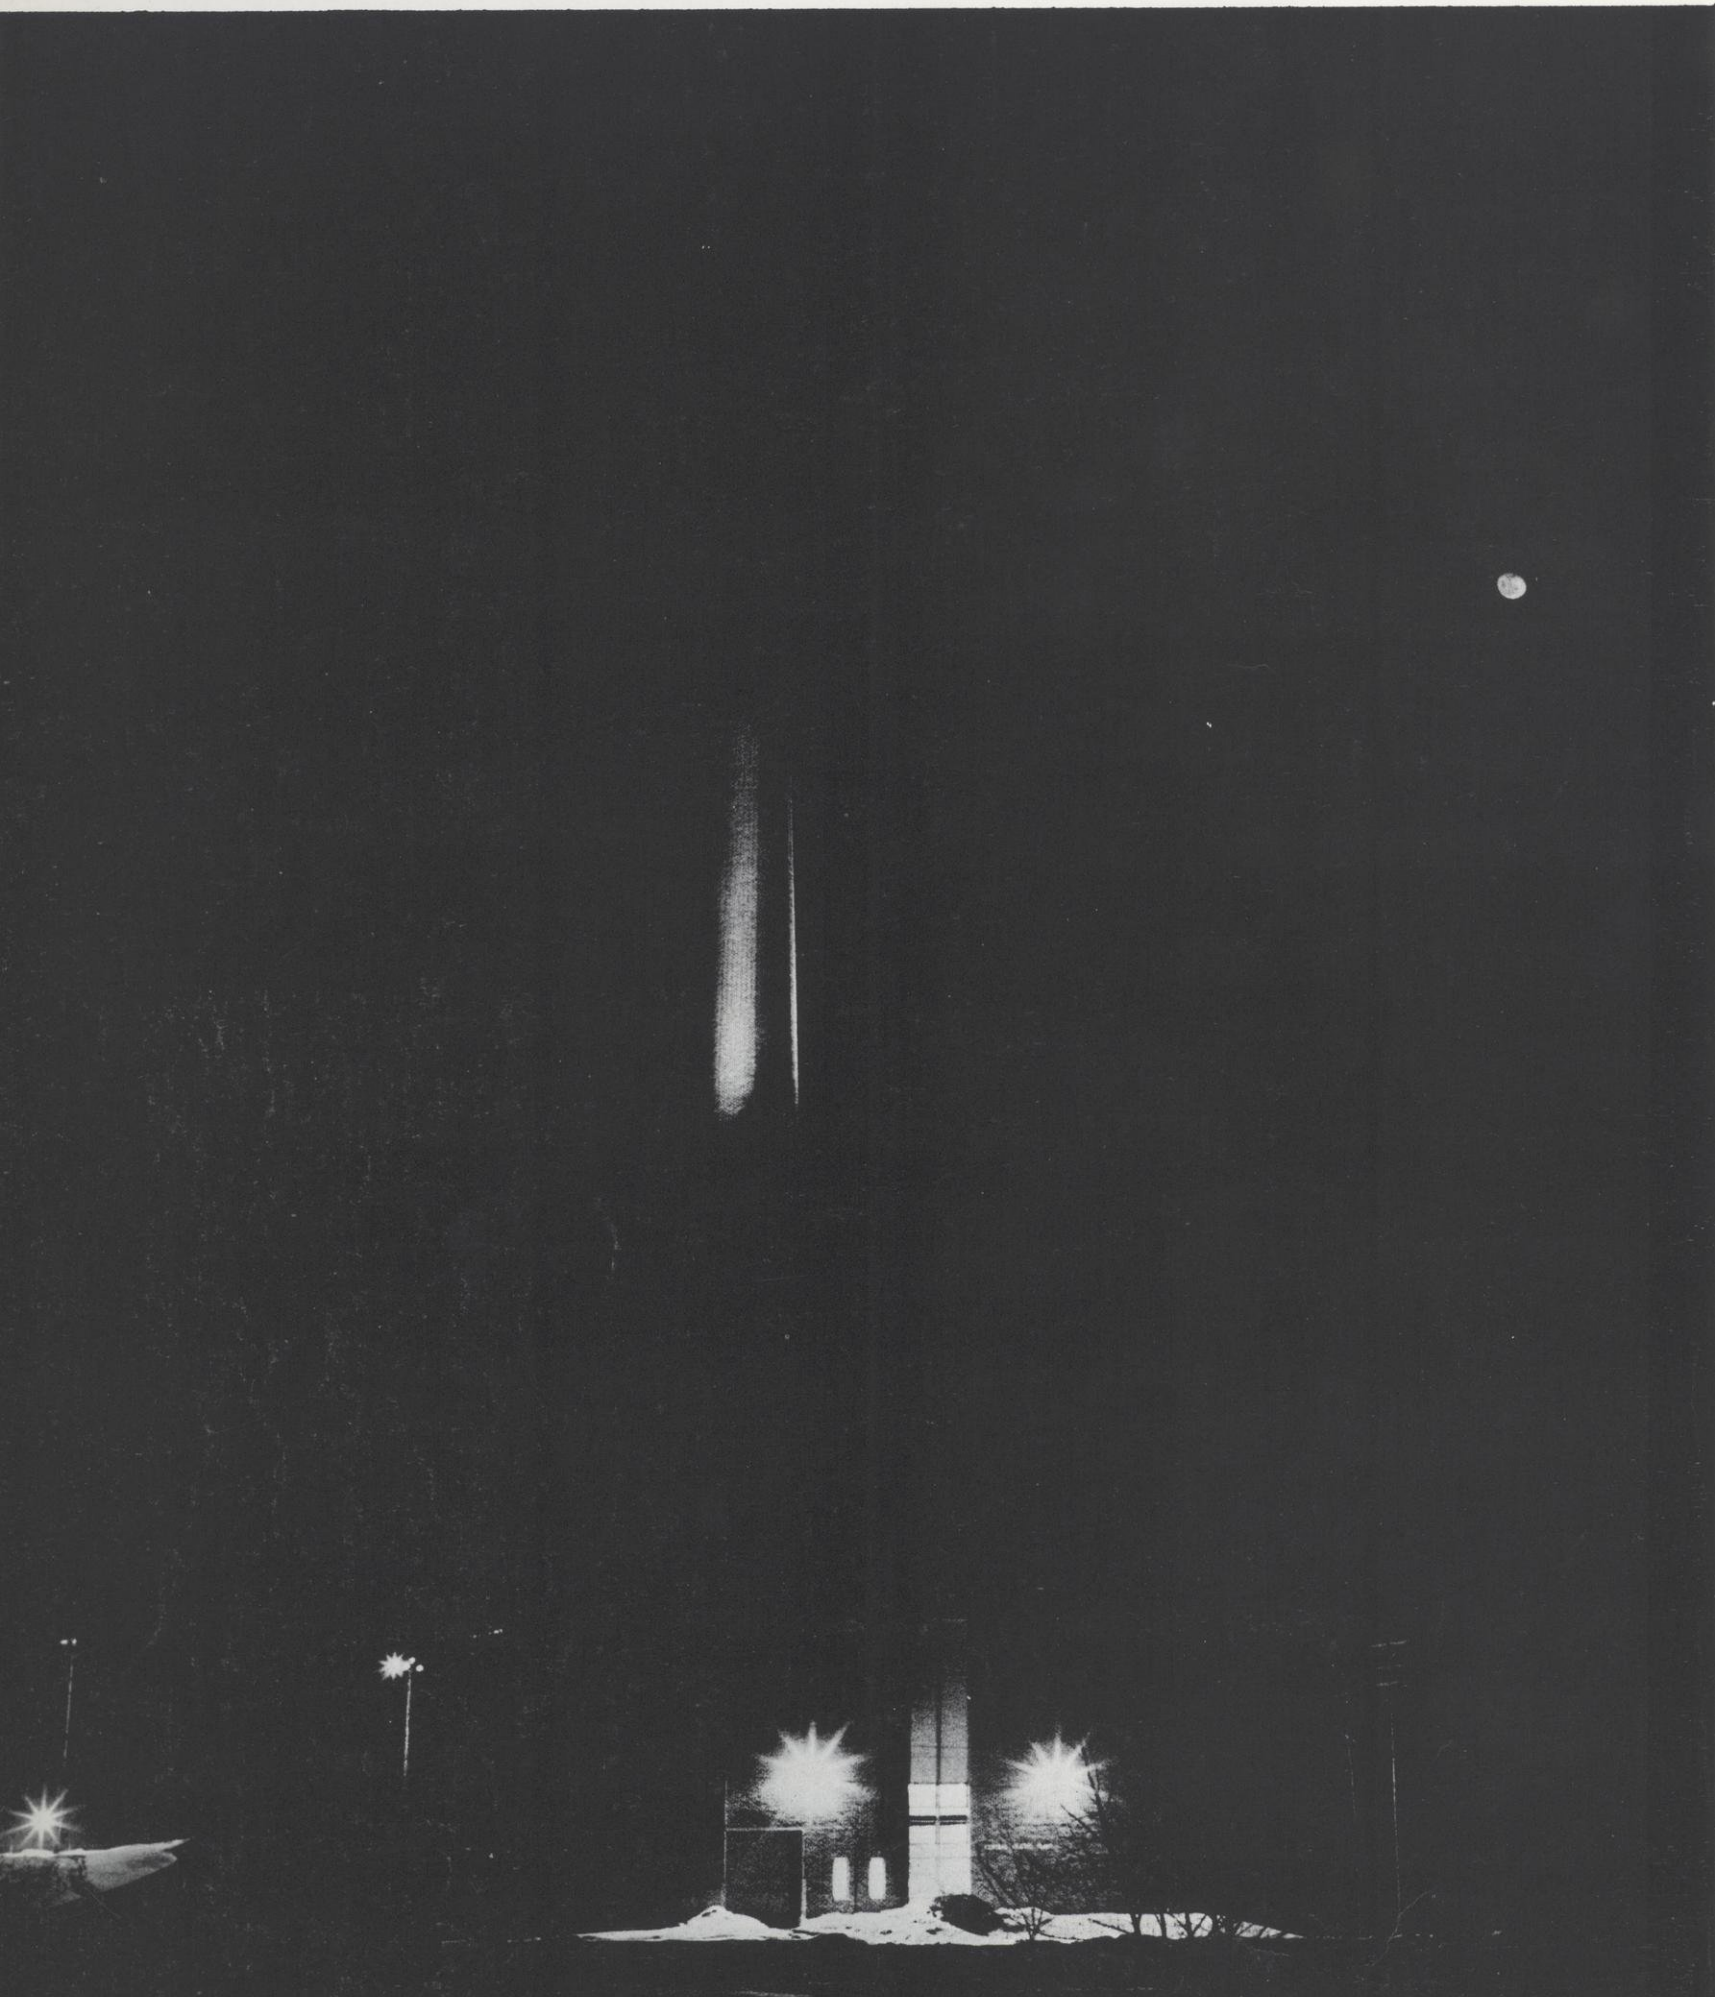

Ag-Science Research Farm

The agriculture students of River Falls are very lucky to have a research farm on campus. At this time there are two lab farms in use by the classes.

The New Power Plant

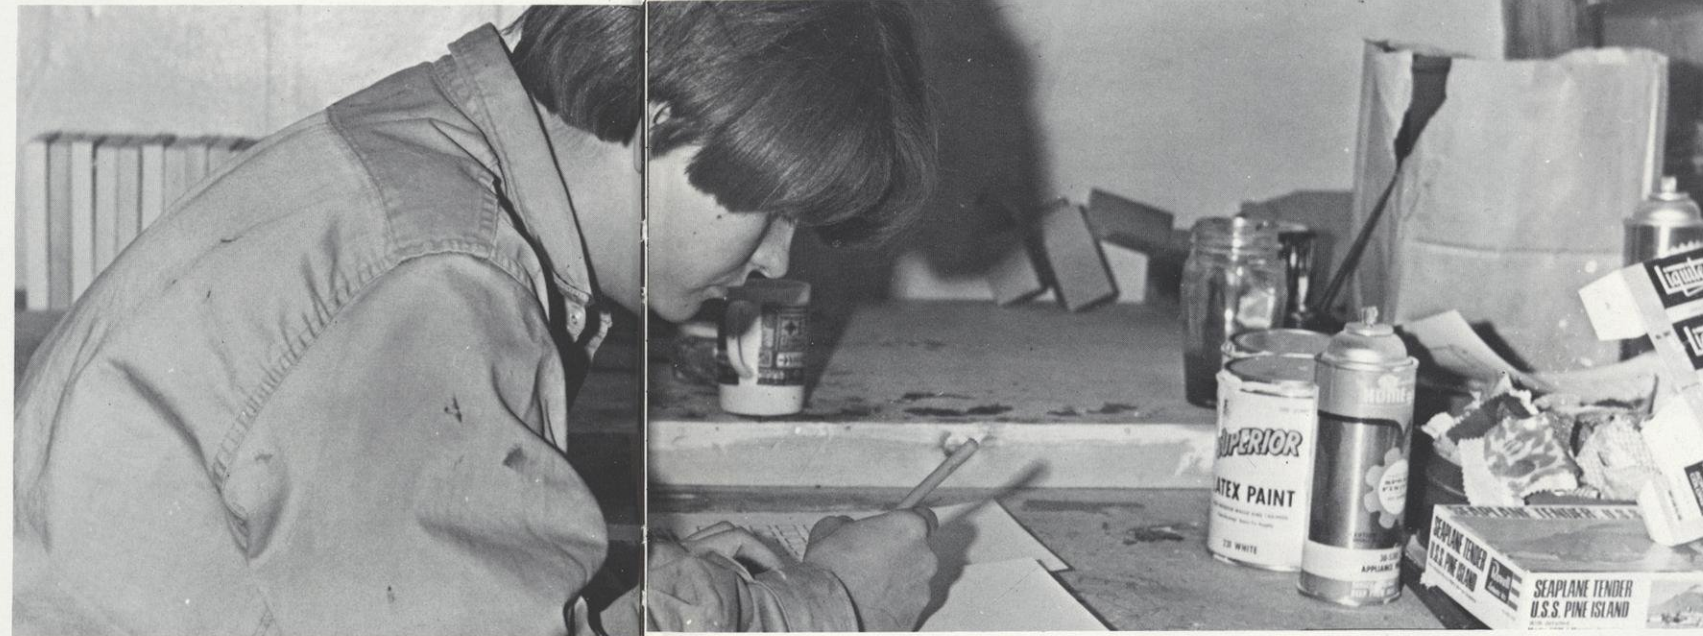

Ames Lab School

Ames Lab School works in conjunction with the University.

Art Dept. House

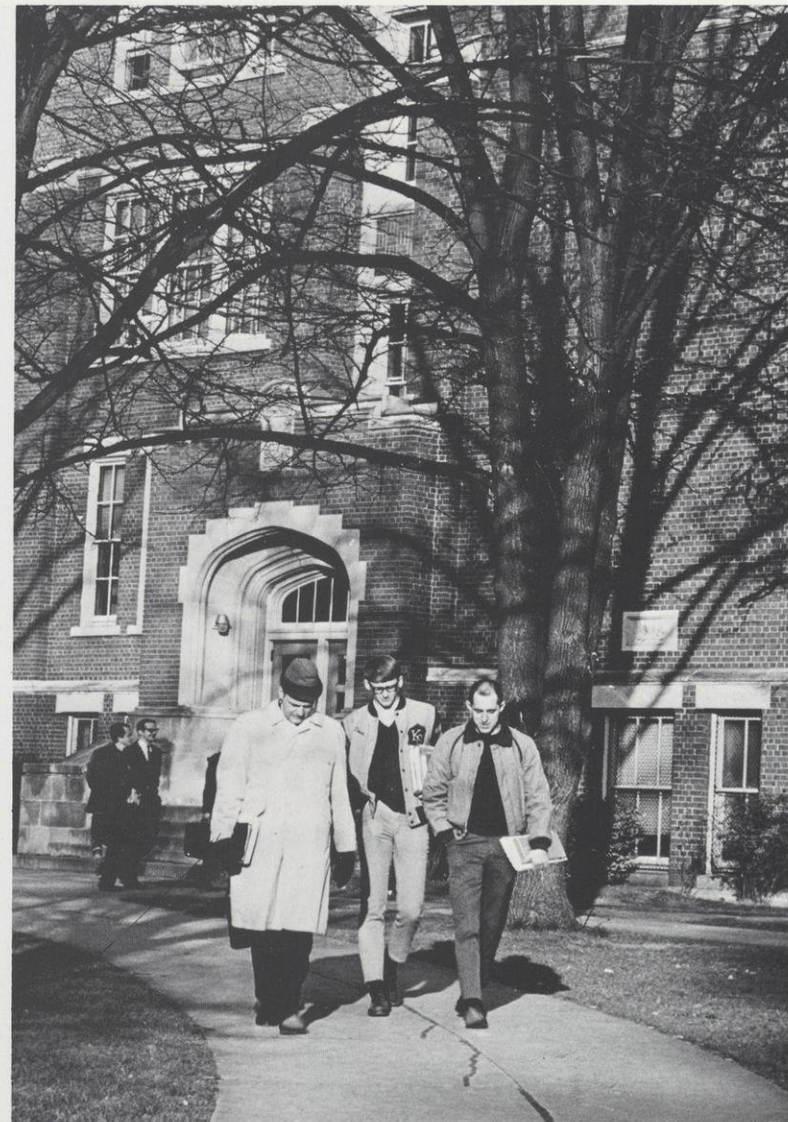

Music Dept. House

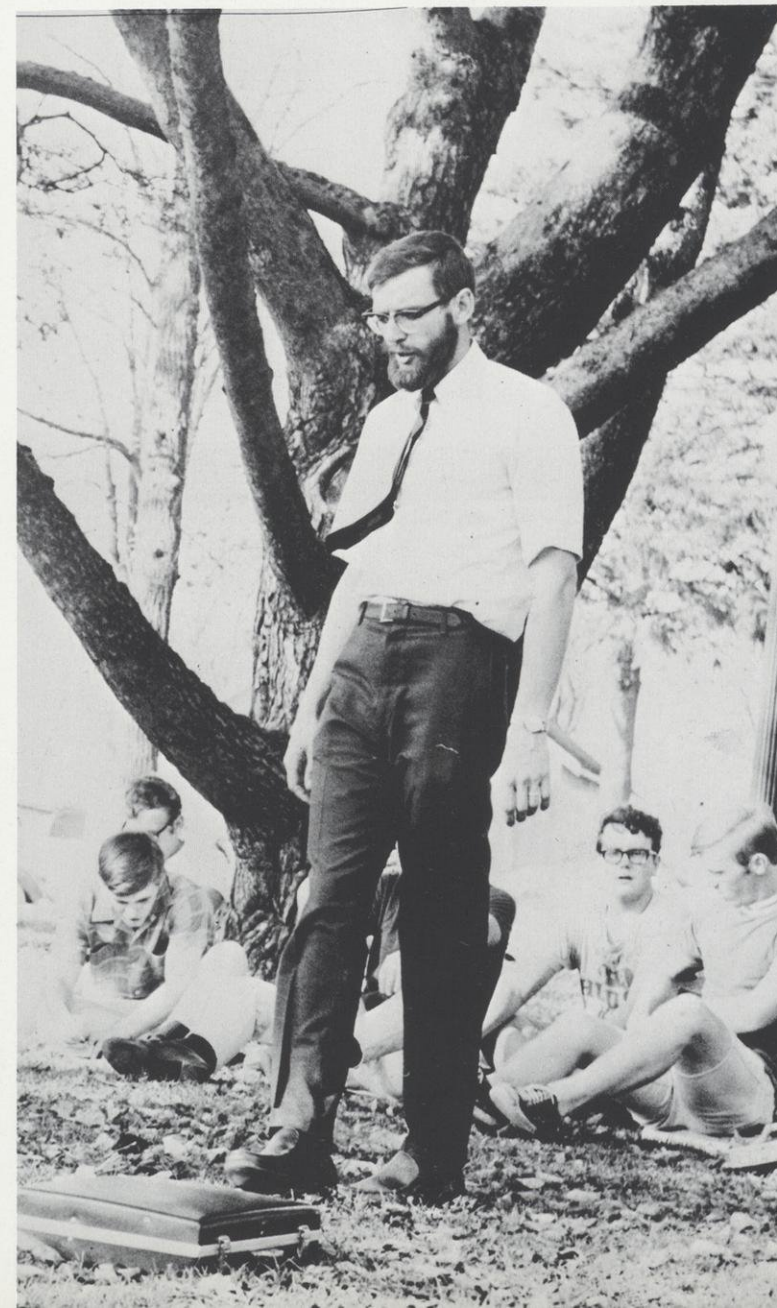

The art and music department each have a house in which to work on lessons or art projects. Many long hours are put in by the students who use them. The Art House is located next to the counseling center on Cascade and Music House is next to Hathorn Hall.

What Is College

All About, Life?

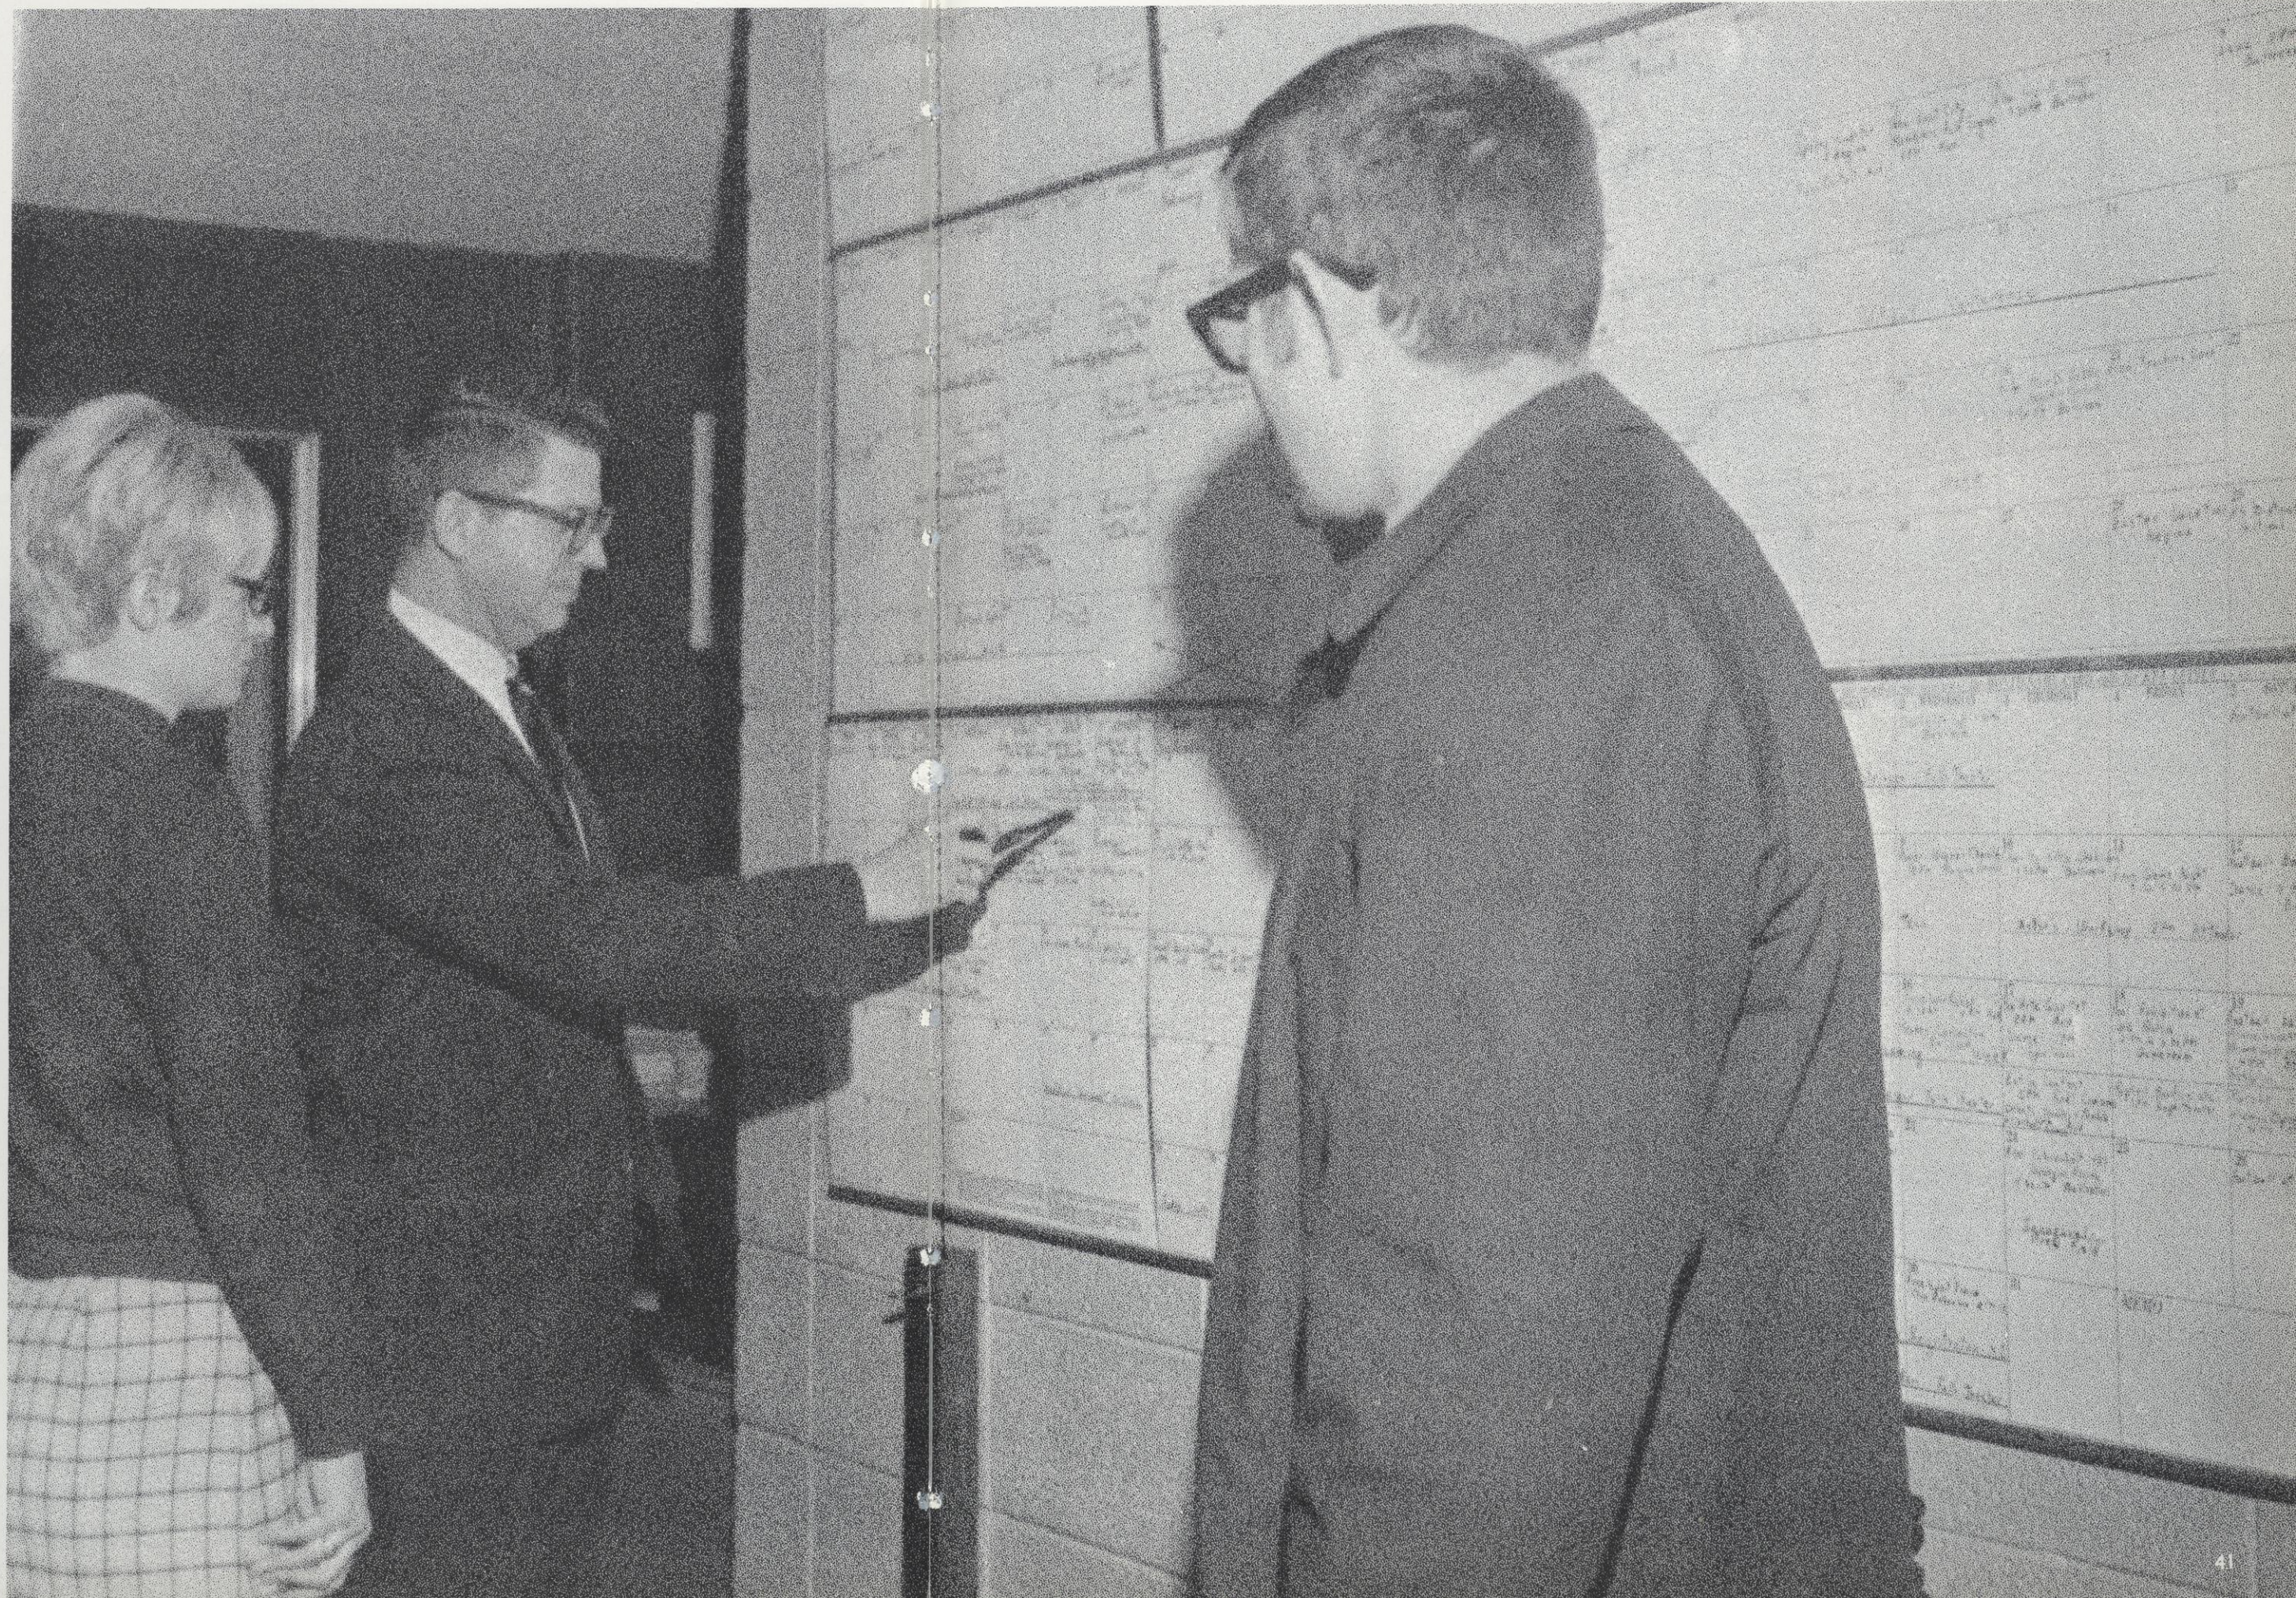

College is people, different places,
different experiences. It can be just
about anything you want it to be.

Special Events

Throughout 1969

Outlook 1969 was filled with many moments to remember.

The Outlook for tomorrow
should be brighter because of it.

[illegible]

Fall '68 Highlights

The highlights of fall included frosh initiation, the annual rodeo, dances, and the beginning of classes for the fall quarter.

What Will Come Next In '69?

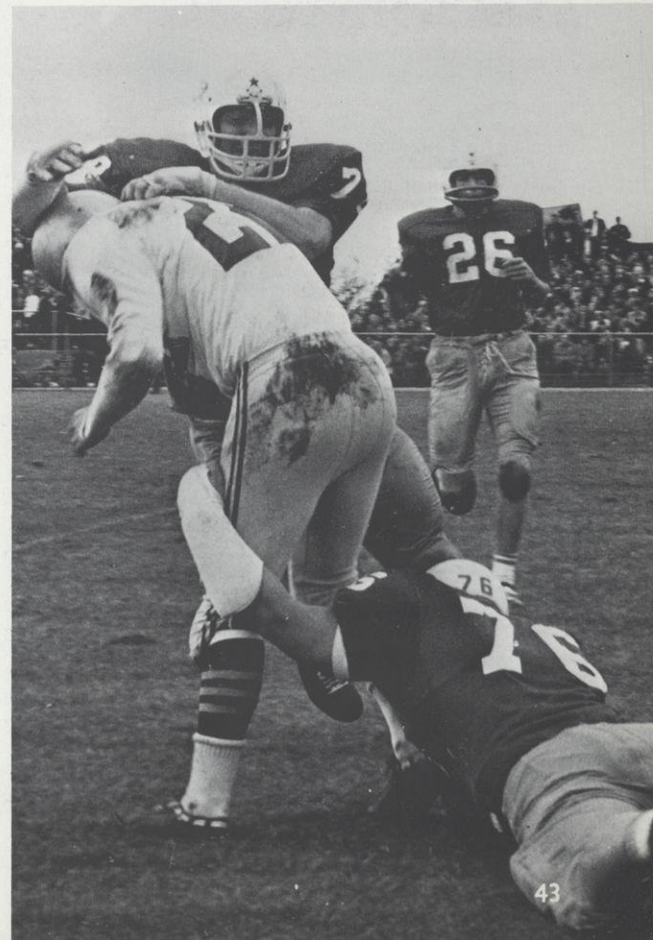

In the fall dances were held every weekend.

Walking is a daily routine going to and from classes.

Football is the sport and we play it rough and tough at R.F.

River Falls Frontier Days

RODEO

The River Falls Collegiate Rodeo Association hosted the Fifth Annual National Intercollegiate Rodeo Association Rodeo for the Falcon Frontier Days on the College Farm grounds.

The Rodeo Association has been active on campus for the past seven years. It is composed of about 25 active members including a traveling rodeo team which competes intercollegiately in the Great Plains Region. Teams compete for points toward regional championships and a chance to compete in the National Finals NIRA Rodeo.

River Falls competes in one of the toughest conferences for College rodeo in the nation today, "the Great Plains Region."

It is made up of universities from Kansas, Missouri, Nebraska, Iowa, North Dakota, South Dakota, Minnesota, and Wisconsin. There are 16 member schools from these states and over 200 individuals compete annually.

Roger Wagner Chorale's Only Show In Area

The Roger Wagner Chorale appeared Wednesday, Oct. 9, in Karges Center. It was the group's only appearance in Minnesota or Wisconsin during this season's tour. It proved to be very successful.

Roger Wagner

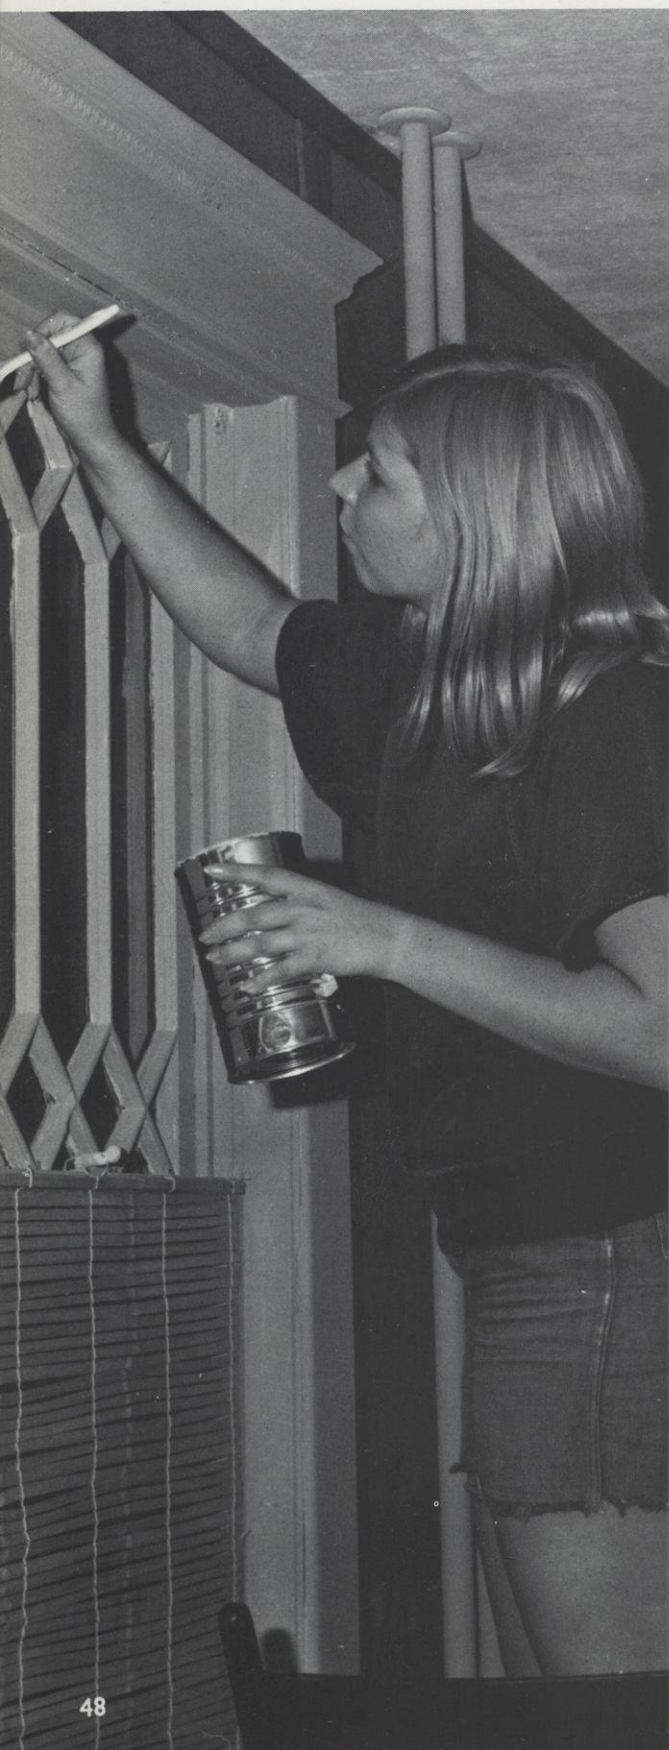

More are men's ends mark'd than their lives before.
The setting sun, and music at the close,
As the last taste of sweets, is sweetest last,
Writ in remembrance more than things long past.

Shakespeare

The First Amendment

The First Amendment, sponsored by the Coffee House Association of River Falls presented its first program Oct. 1, 1968.

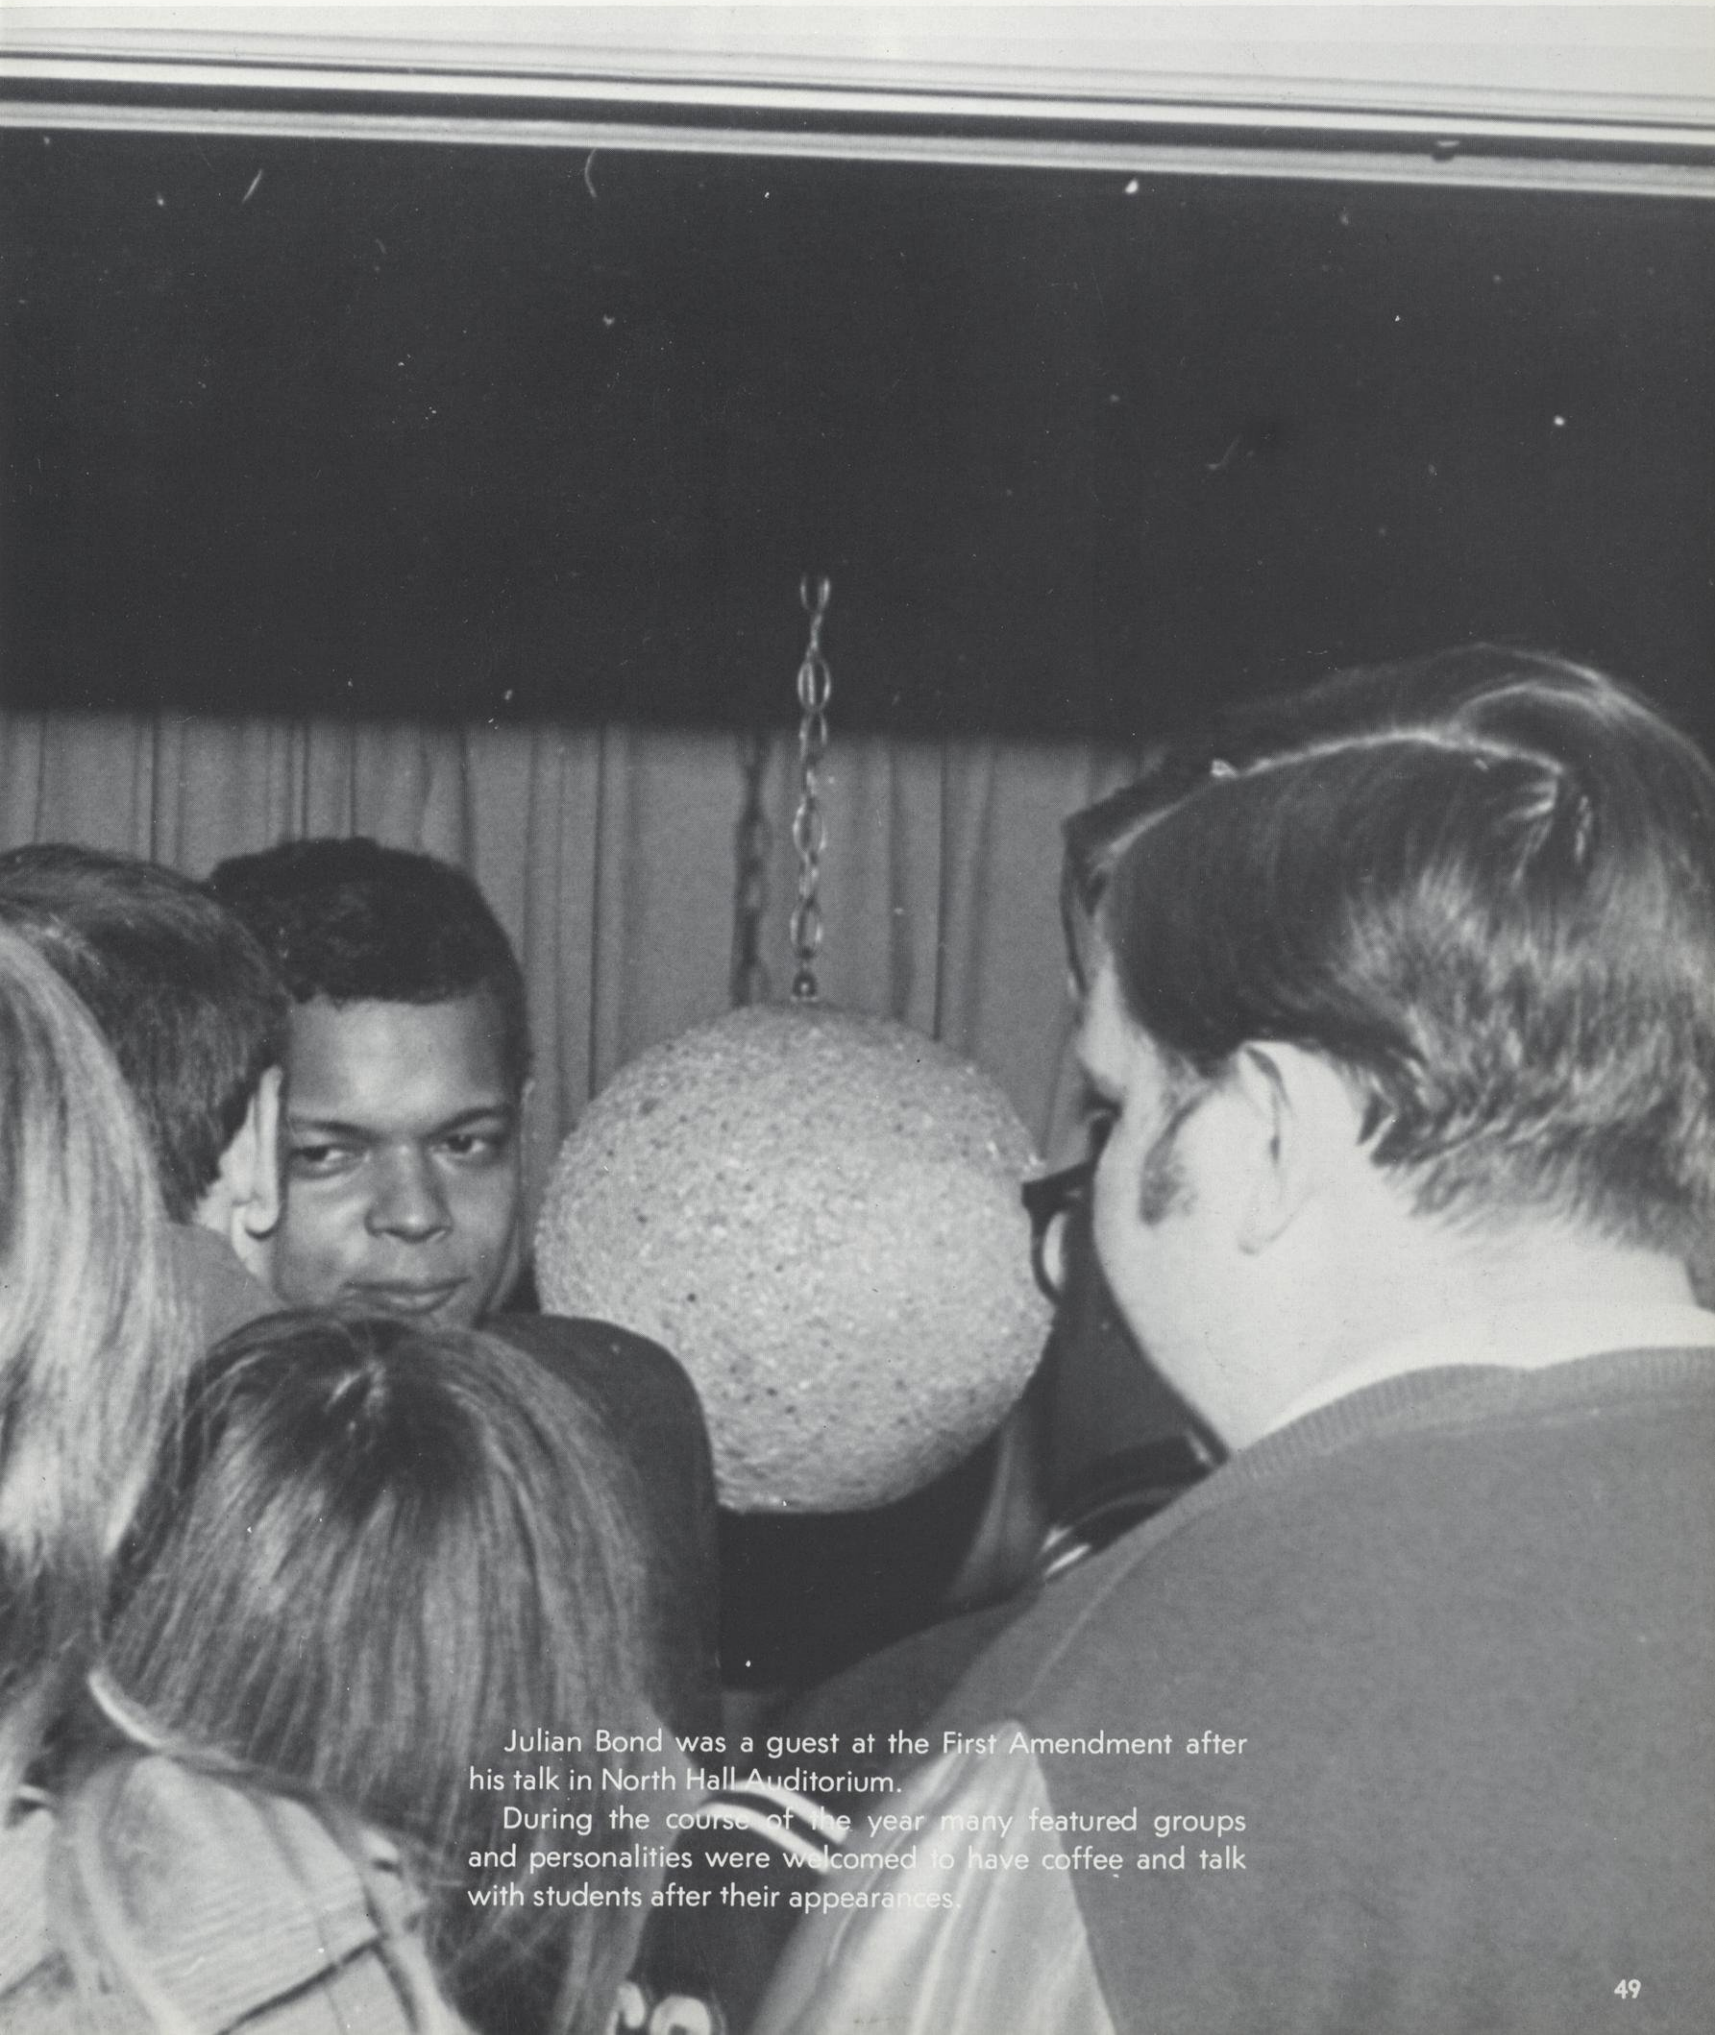

The First Amendment is located at 220 S. Second St. It was open to the students from 7:30 p.m. to mid-night, seven nights a week.

John W. Mercer was the head of the Coffee House Association during the 1968-69 school year. It was through his fine work that the coffee house was a success.

Bond At The First Amendment

Julian Bond was a guest at the First Amendment after his talk in North Hall Auditorium.

During the course of the year many featured groups and personalities were welcomed to have coffee and talk with students after their appearances.

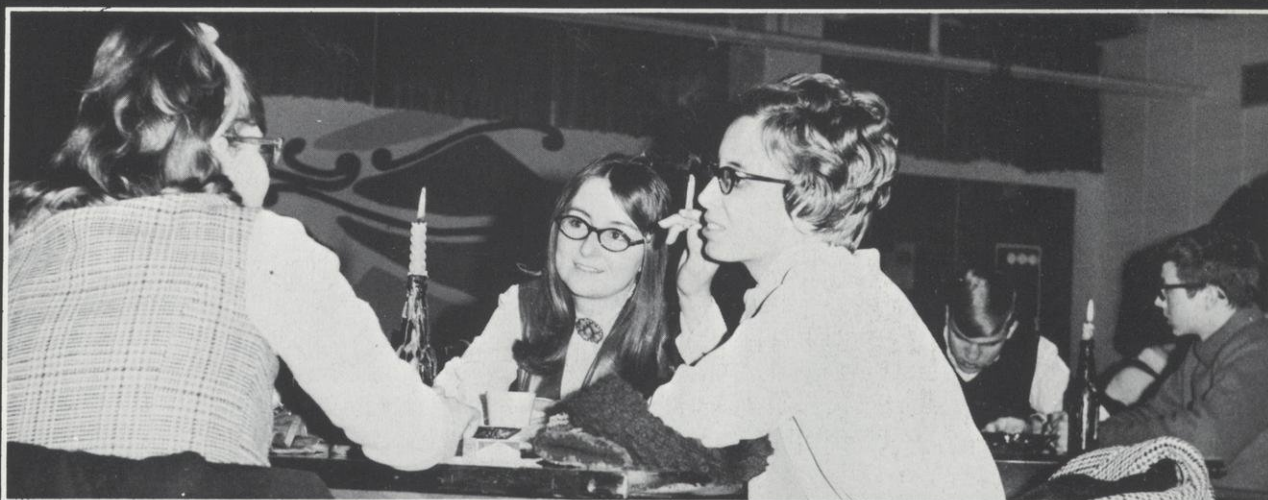

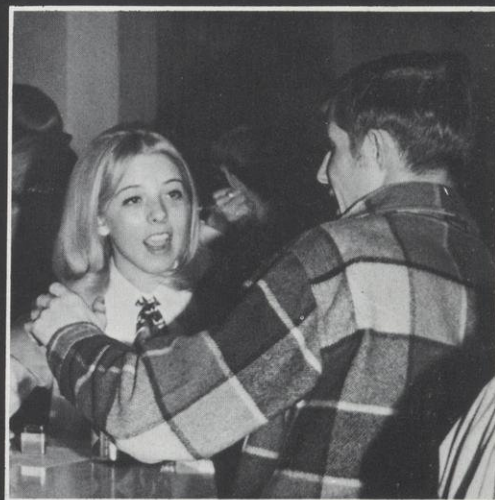

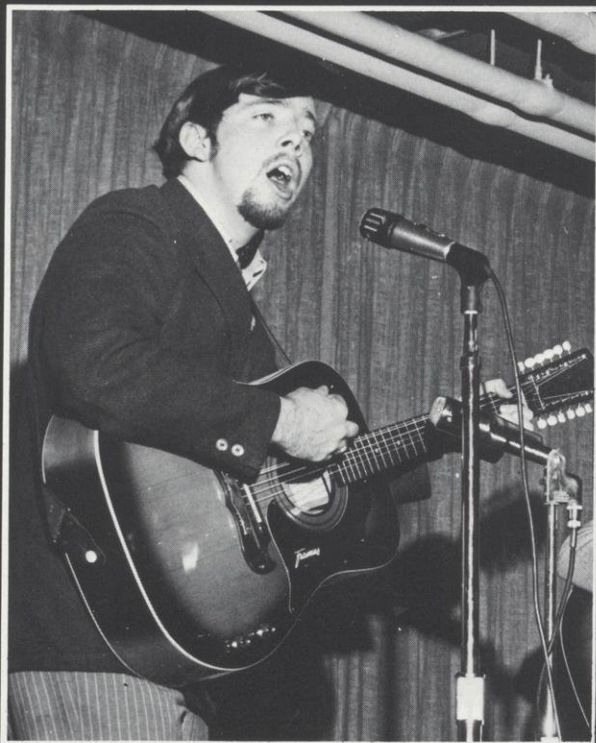

New Program Director

This fall a new and needed position to the university staff has been initiated with the addition of Lorraine Bonito as the Program Director of the Student Center.

In regard to this job, Miss Bonito feels that she is principally at River Falls to find out what the students want and need in student activities and to facilitate communication between students and faculty. She hopes that students and faculty take the initiative to bring forth new ideas or programs. Miss Bonito's job will be to see that the programs are facilitated and the ideas and suggestions made realities.

The Deep End For Real

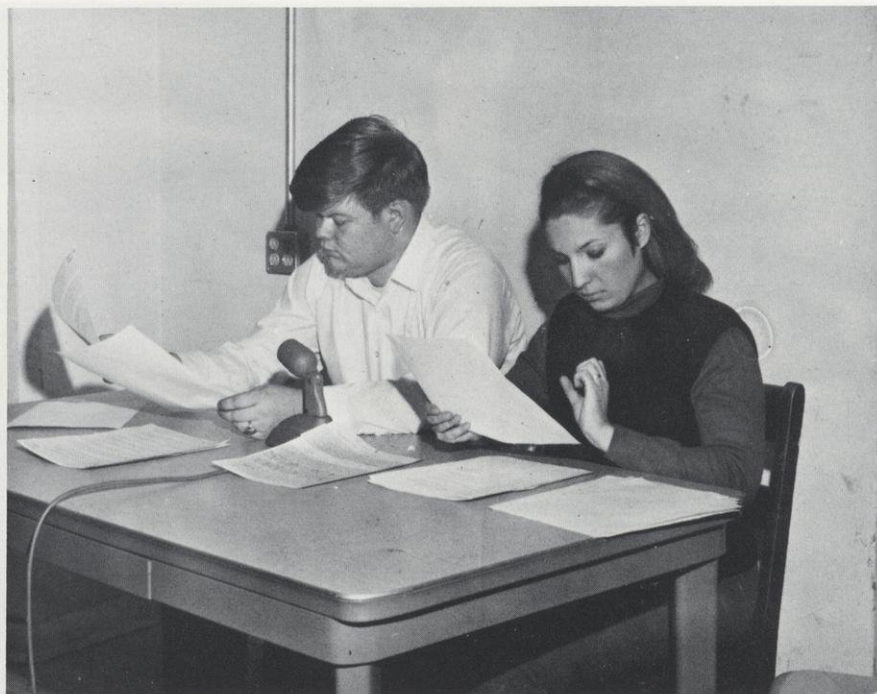

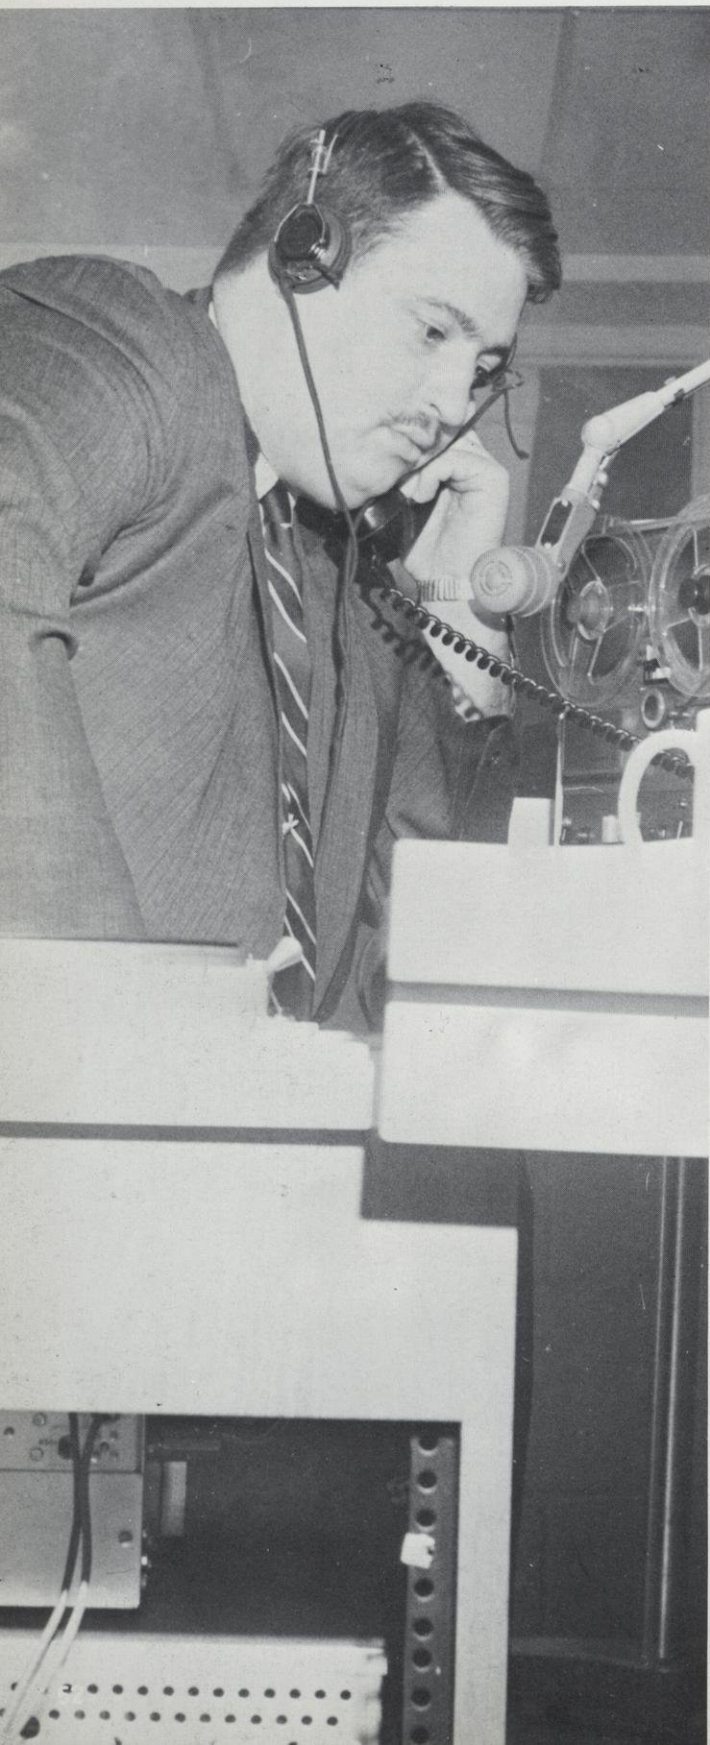

Story as stated in the VOICE:

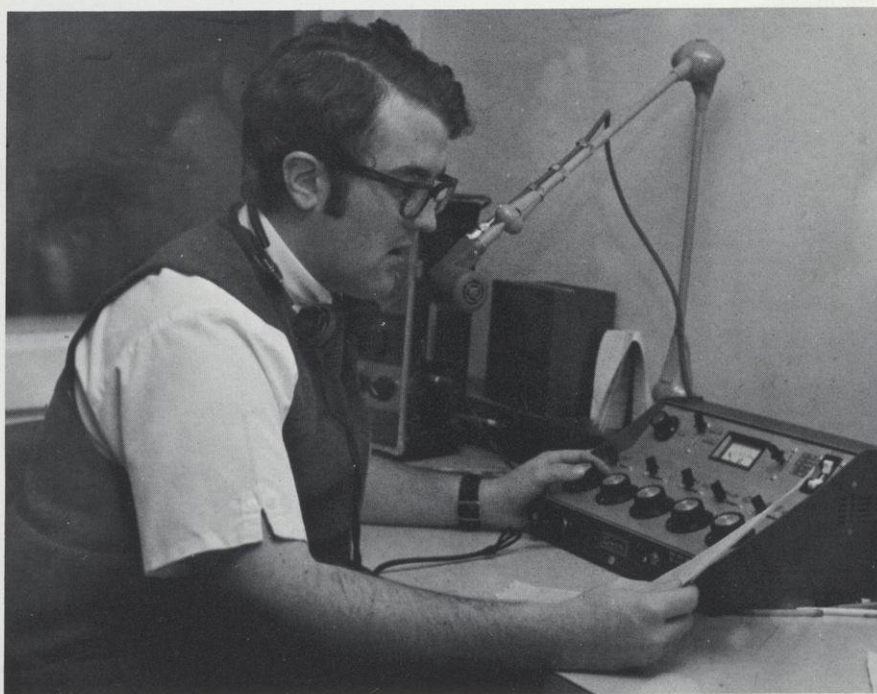

One new project already in the planning stages is a coffeehouse where entertainment will take place. Students have already painted this house and plans now include decorating and furnishing it before the launching of this new experiment.

WRFW — Sound Of River Falls

Radio Station WRFW began broadcasting
on Nov. 2, 1968.

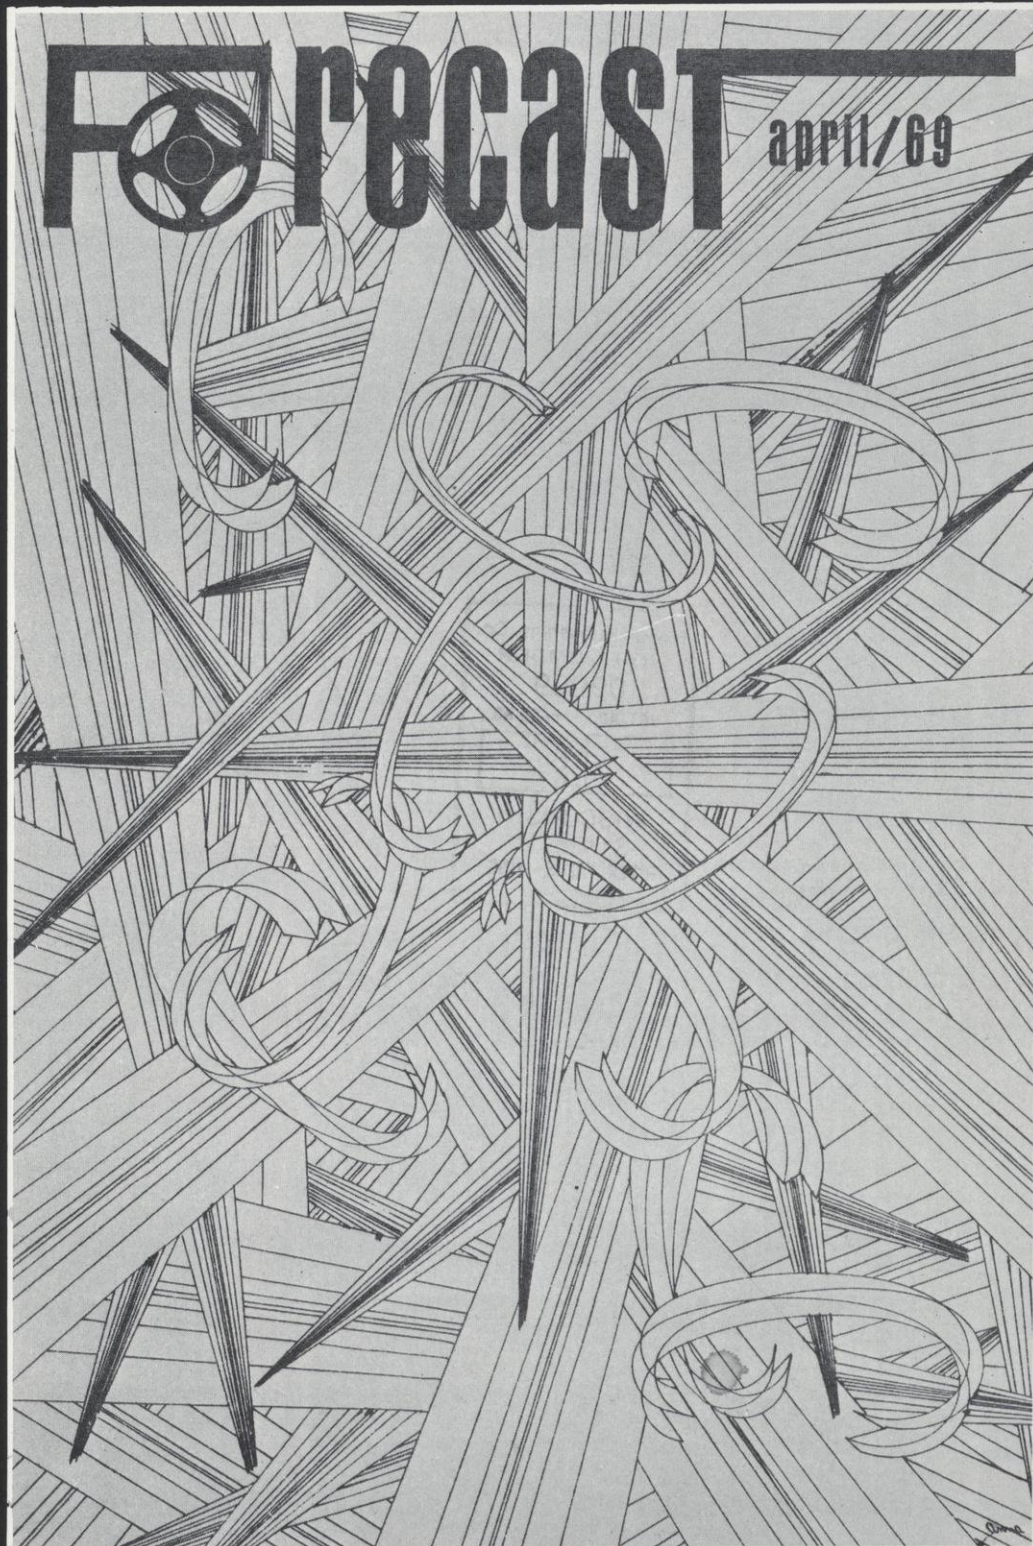

The station plays music of all kinds. It presents a 45-minute news broadcast at 6 p.m. and a 30-minute news round-up at 9:30 p.m. The coverage includes international, national, state, local, and campus news.

YEARBOOK IN SOUND

As a fund-raising activity, the radio station produced its first annual "Yearbook in Sound."

Forecast 1969

The new Program Guide Magazine which gave the listener the schedule of coming radio events.

Scholarship Dance

Michael's Mystics appeared in the Student Center Ballroom for a scholarship dance sponsored by the Music Educators National Conference (MENC) to gain funds for scholarships for River Falls students.

The Mystics, winners of five Connie Awards and four National Ballroom Operators Association Awards, have appeared with Aretha Franklin, Wilson Pickett, the Hollies, the Grass Roots, Mitch Ryder and the Detroit Wheels, the Strawberry Alarm Clock, the Buckingham, Sly and Family Stone and the First Edition.

Future Plan For Marching Band

FIELD ANNOUNCES PLANS FOR BAND

Plans are under way at WSU-RF to organize a marching band. President Field feels a marching band will add a great deal to student spirit at the University and that the addition of an exceptionally well-qualified band director to the faculty makes this an ideal time to be thinking of this type of organization.

Kickoff Convo Starts Homecoming

The 1968 Homecoming Week began with a Kick-Off Convocation, where the queen candidates and the football team were introduced. Skits were presented that followed the theme "Squash La Crosse."

Students voted for a queen candidate on Tuesday, and on Wednesday night Dawn Piirto was crowned queen during intermission of the "On Stage Review" entertainment.

"Squash La Crosse" Homecoming Theme

The Dirty Dozen made their appearance during Homecoming to keep (school spirits) high!!!

HOMECOMING SCHEDULE FOR 1968

Wednesday, Oct. 2—
The Spielhaus Dance

Monday, Oct. 14—
Kickoff Convocation

Tuesday, Oct. 15—
Queen Coronation

Thursday, Oct. 17—
Eating Contest

Friday, Oct. 18—
Pep Fest and Snake
Dance

Saturday, Oct. 19—
Parade, Game, and
Dance

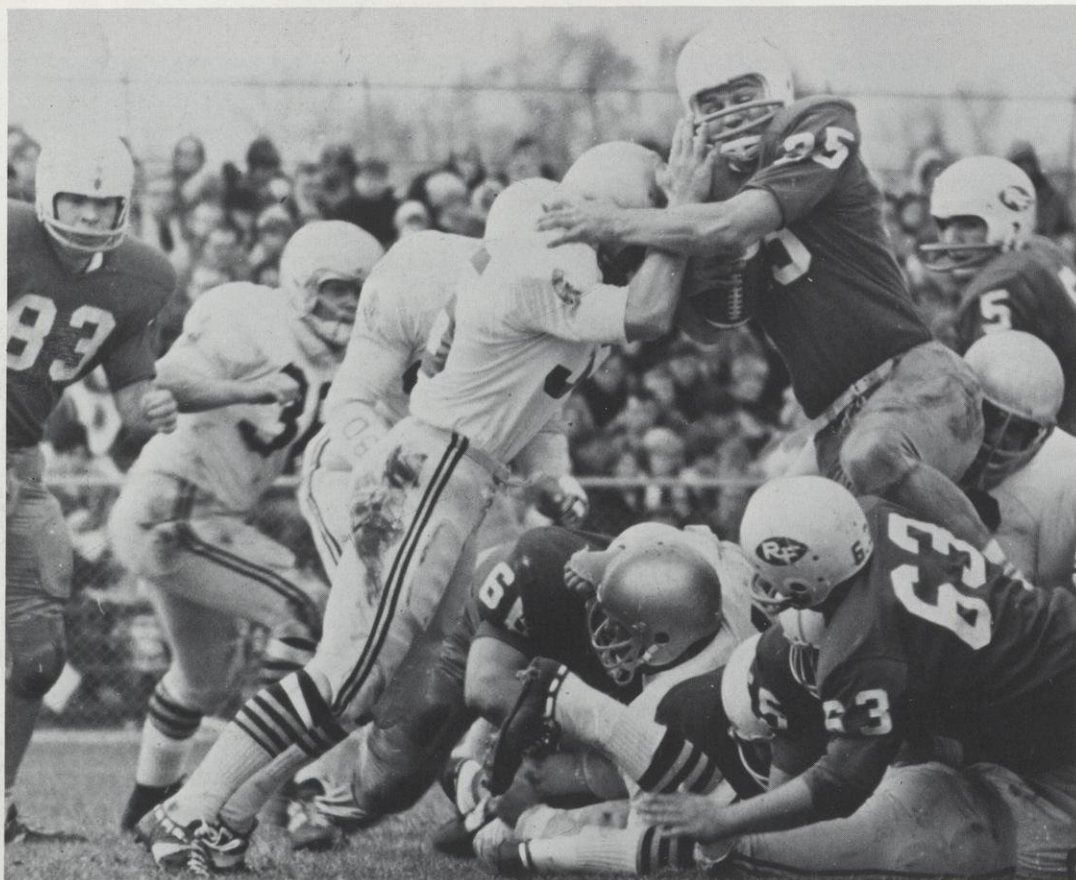

The Homecoming parade was a special event which all senators attended.

Window displays also were a part of Homecoming.

HOMEcoming 1968

The Football Game Was A Tough Loss

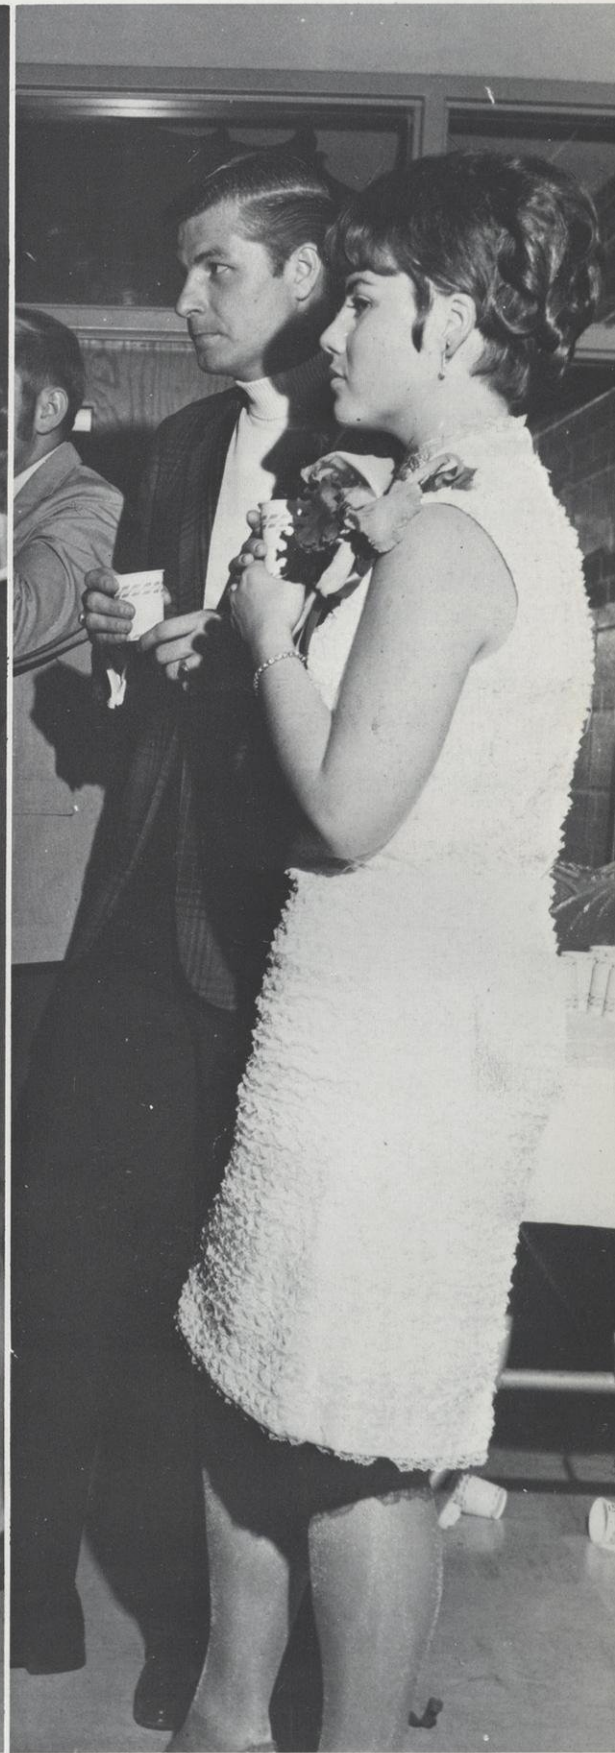

Spirits were filled to overflowing at the football game!

HOMECOMING 1968

The Dance Followed Up All Events

The Homecoming for 1968 was highlighted by a semi-formal dance!

River Falls Student Theatre

ACTORS HOLD WORKSHOP

Actor's Workshop, an educational and practical experience performance with the actors actually acting for perhaps the first time in a collegiate situation, was presented to an invitational audience October 10 and 11 in the Pit Theatre.

Scenes were presented from plays by Shaw, Housman, Ionesco, and Simon.

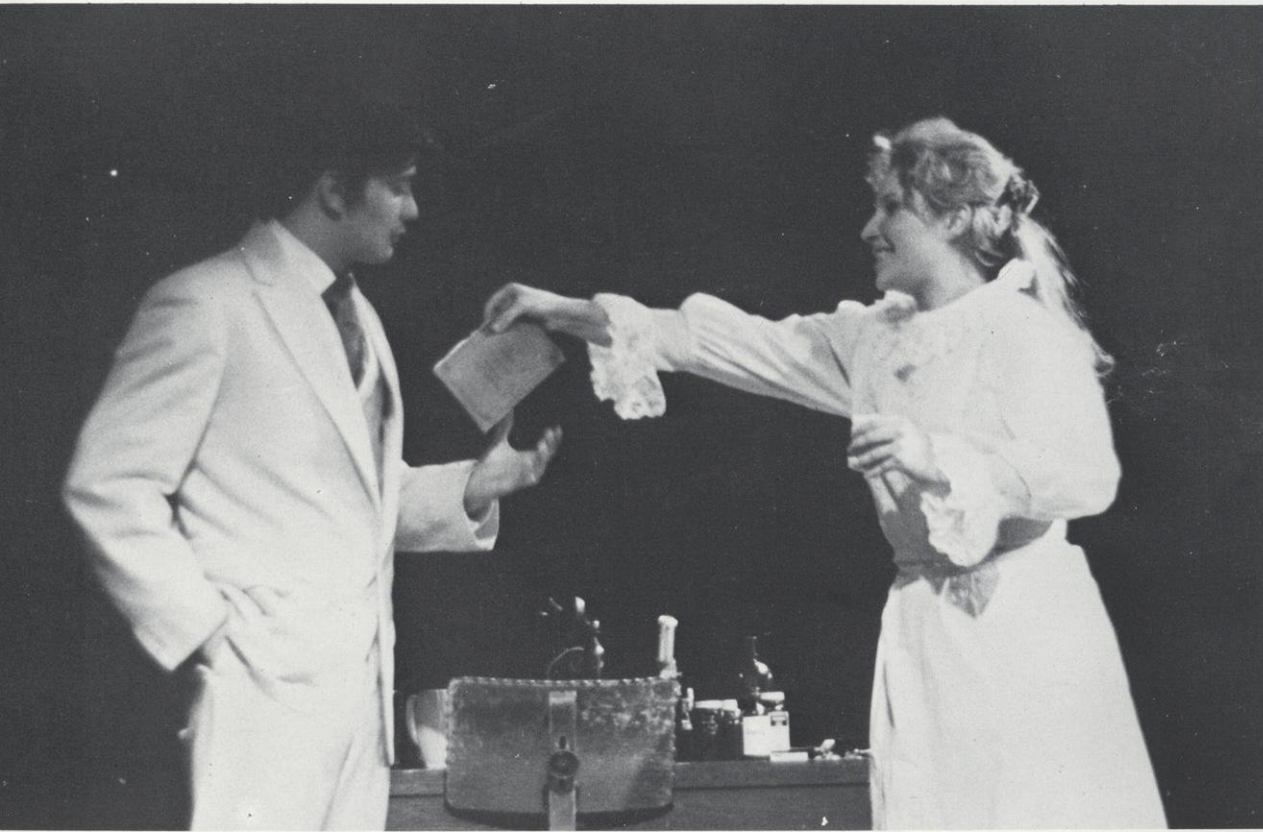

"Androcles and The Lion," written by George Bernard Shaw and directed by Dr. Blanche Davis, was enacted by Len Larson, playing Androcles; Darlene Poppe, playing Megaera (his wife); and Bruce Reynolds cast as the Lion.

The scene played was the prologue based on an early fable. It establishes the low reputation for the then new religion, Christianity.

"Victoria Regina" is a biographical drama of Queen Victoria from the time she ascended the throne to her death. The scene showed the bride Victoria watching her husband shave for the first time. It was written by Laurence Housman and directed by William Martin. The cast consisted of Len Larson, Frank Blomgren, and Susan Sloniker.

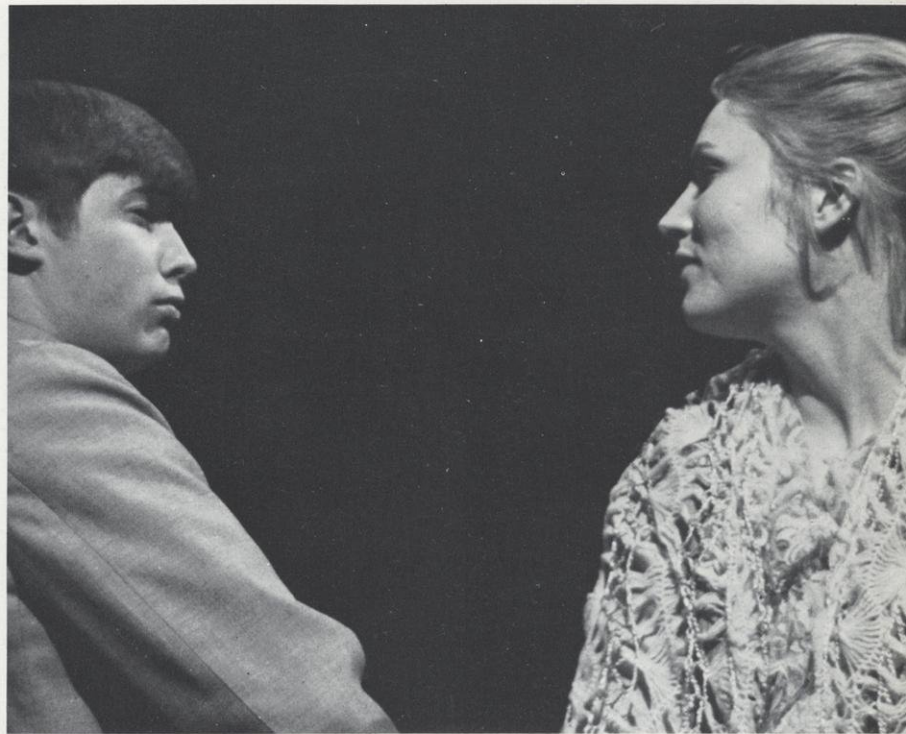

Library, The Location Of The Little Theatre

"The Chairs" by Eugene Ionesco is a satire on man's faith in his intellect and his ability to communicate. The play was directed by William Martin and the cast included Mike Houlistan, Marla Cole, and Frank Blomgren.

Shaw's play "Pygmalion" featured Len Larson, Bruce Reynolds, Carol Otto, and Kathy Kutz. The play is the same story as that of the musical "My Fair Lady" and was directed by Marcia Magyar assisted by Jane Wood.

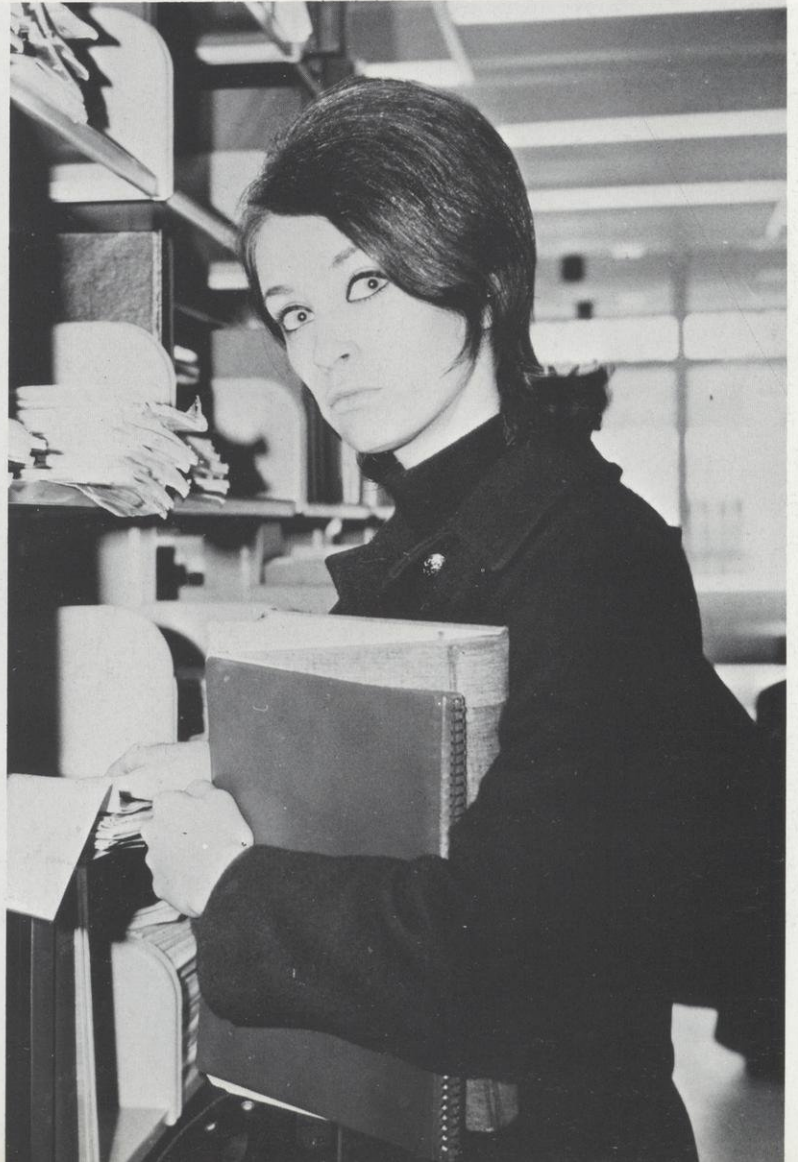

"The Odd Couple," by Neil Simon, is much like the recent movie by the same name. The scene portrayed Oscar and Felix, who are both recently divorced from their wives. The scene shows them welcome the Pigeon sisters to their apartment. The cast included Bruce Reynolds, Mike Houlistan, Karen Rabska and Debbie Wittwer. William Goetzelman directed assisted by Lyn Seethaler.

New Library Addition

The new library annex opened for full use at the beginning of winter quarter. The large annex added to the Chalmer-Davee Library provided space for a large scale expansion of library facilities and greatly added to student services.

The \$1,300,000 building was constructed on a two-floor, highly versatile plan. The second floor, which houses classrooms and many faculty offices can quickly be converted into library facilities when necessary.

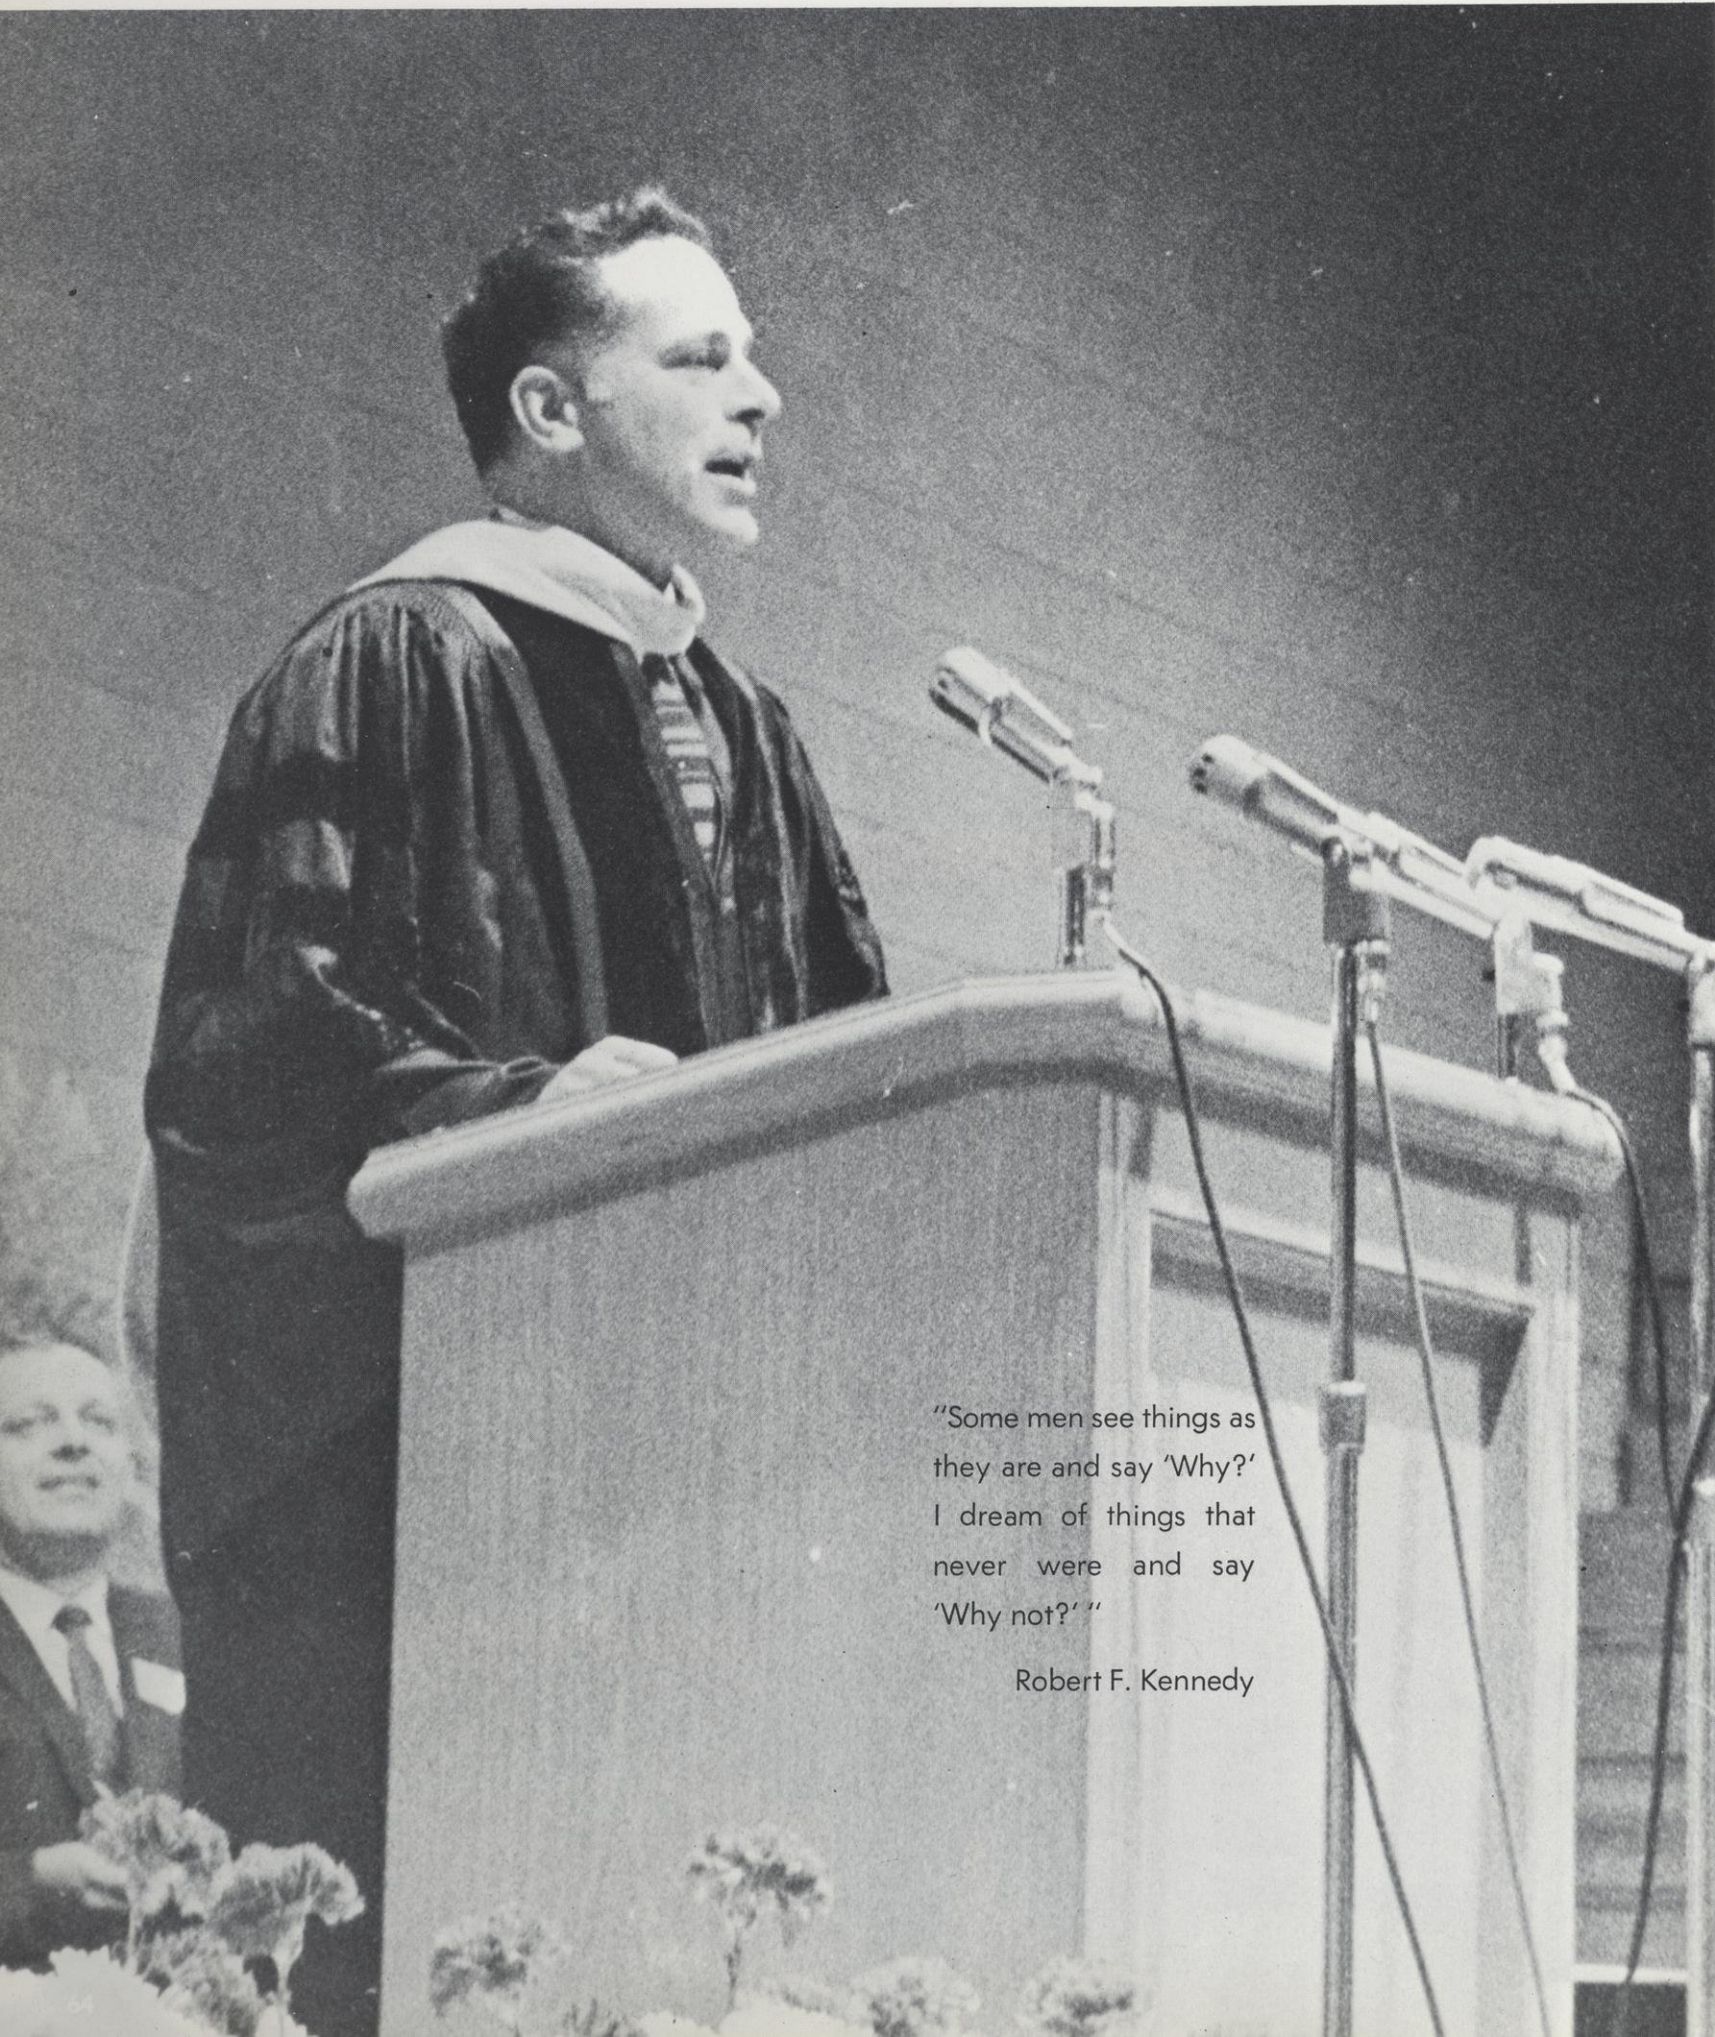

A Place To Gather Materials

The main floor includes two reserve desks, expanded stack facilities, a music listening room and a furnished typewriter room. A large periodical room is located adjacent to several small group and individual study coves. A collection of rare books will be displayed in a small room with space for additions.

The basement area of the library contains expanded facilities for the Government Document Library, the audio-visual department, the textbook library, a museum, IBM equipment, reading rooms, a library science classroom and other features.

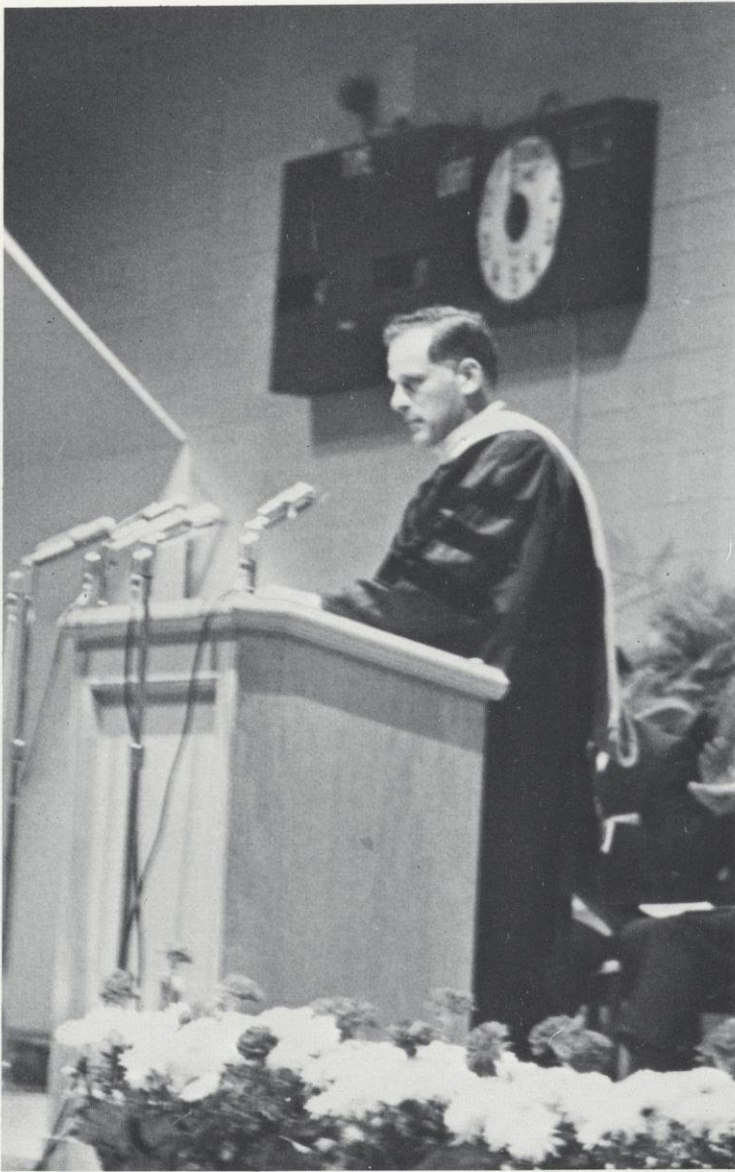

Profile Of A New President

"Some men see things as
they are and say 'Why?'
I dream of things that
never were and say
'Why not?' "

Robert F. Kennedy

Inauguration — Oct. 24, 1968

"If the battle for greatness at River Falls and in the state university system is to end in victory as did the battle for survival, there must be continued response to challenge—continued revolution if you will."

New Rodli Gameroom

Mrs. Rodli greets Dr. Sperling and guests.

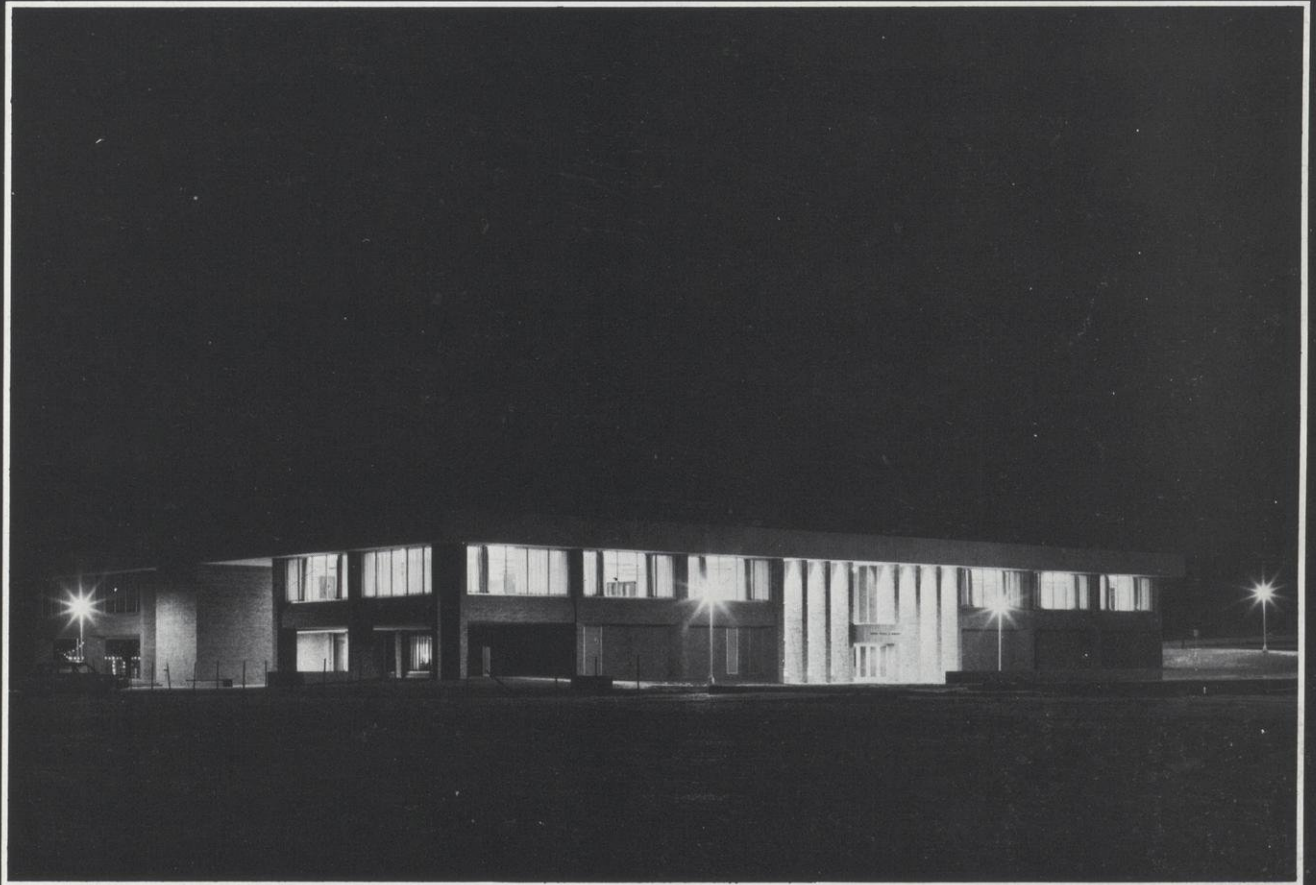

The new Rodli gameroom is equipped with a color TV, a bank of six pinball machines and vending machines, four billiard tables, and one table tennis table. Above the gameroom in the hallway is located the card playing area.

Cake and coffee were served after the official opening was over!

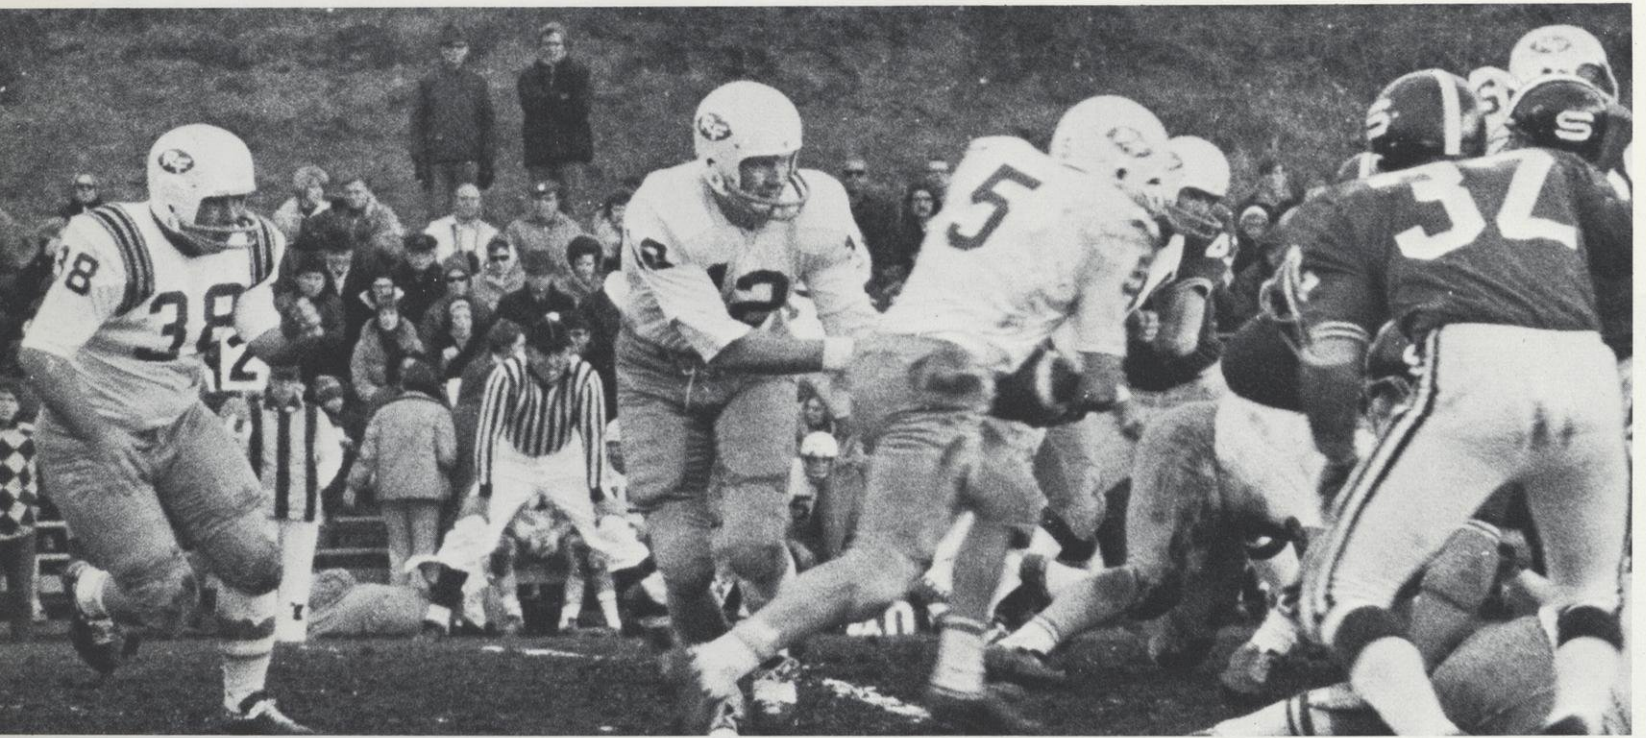

November 17 Dedication

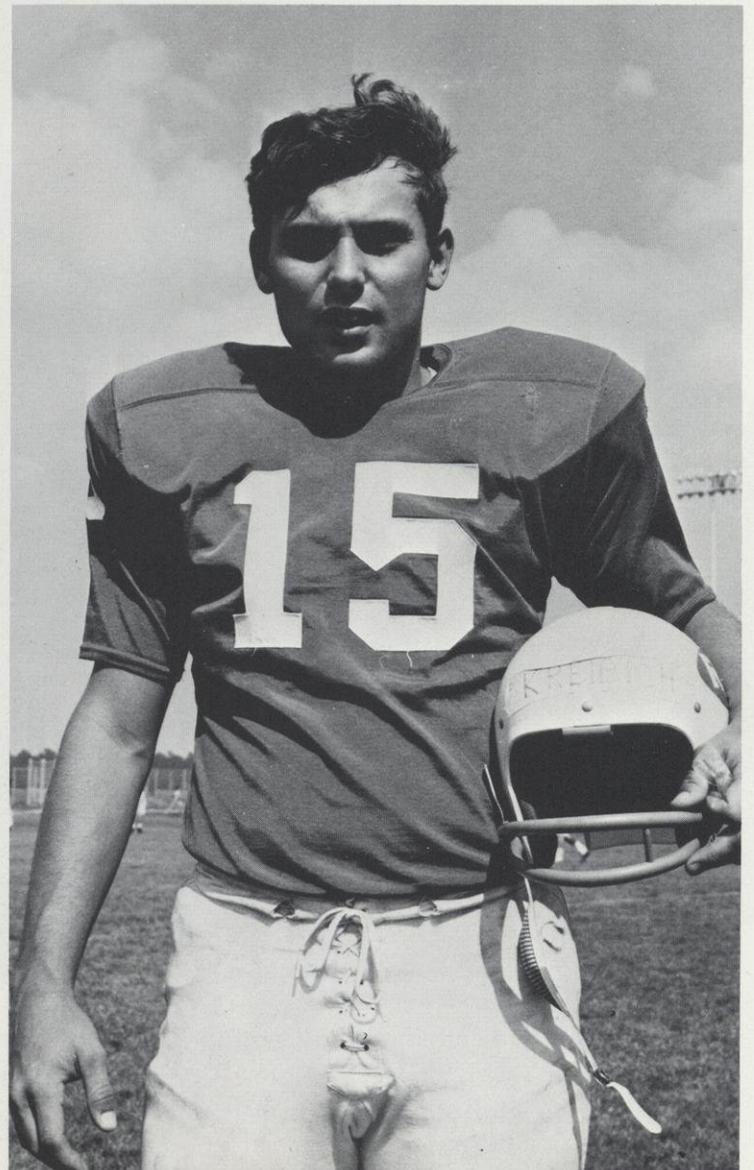

The dedication of the Commons included introductions by William Munns, Vice President of Student Affairs, a welcome by President George Field, and remarks by Richard Delorit, Academic Vice President, and Eugene Clofford, Assistant Manager of Wisconsin Electric Cooperatives.

Football: Kreibich Sets New Interception Record.

The 1968 River Falls football team finished the season with a 3-6-1 record and was 2-5-1 in conference play. The Falcons thus finished sixth in the conference scoring 110 points and giving up 148.

Outstanding performer was Brian Kreibich, a junior halfback from Alma. Kreibich intercepted 14 passes in 10 games and grabbed 10 in conference play smashing the old record of 7. He has intercepted a pass in his last 11 games.

RF Is 7th In Cross Country

Coach Rial Smith's runners earned a seventh place in the team standings, ahead of Stout and Superior. The following are the team standings.

1. La Crosse	36
2. Oshkosh	50
3. Whitewater	77
4. Platteville	93
5. Stevens Point	104
6. Eau Claire	196
7. River Falls	206
8. Stout	227
9. Superior	231

Pacing the River Falls Falcons was freshman Ron Radies, who climaxed an outstanding season with a 27th place out of 65 runners. Junior Greg Zwaldo took 39th in 23:22, Larry Rud 42nd in 23:38, Darrell Anderson 45th, freshman Tom Cooke 53rd, Brian Gorzalski 57th, and freshman Gary Sperl 61st.

Larry Rud vs. Eau Claire runner

A SURE THING THIS TIME!

River Falls Radio Station Begins

WRFW, the new educational FM radio station of Wisconsin State University—River Falls, began operation Saturday, Nov. 2.

"Day 1," with an introduction from Lorin Robinson, faculty manager of WRFW, began at 1 p.m. covering the River Falls-Stevens Point football game.

The station has potential to reach a large portion of Pierce and St. Croix counties. It will, according to Michael Norman, news director, "try to provide the fullest and most competent coverage of campus and community news."

The 350-watt output is "35 times more powerful than the majority of State University stations," said Robinson. WRFW is one of less than twelve educational University FM stations in Wisconsin and one of less than 400 in the United States.

'The Little Foxes'

"The Little Foxes," directed by Dr. Josephine Paterek, began a five-night run in the Little Theatre located in the basement of the Davee Library.

The play, written by Lillian Hellman, centers on the ambitions of the Hubbard family at the turn of the 19th century.

The Hubbard brothers, Benjamin (Jim Davis) and Oscar (Ted Swanson) together with their sister Regina (Linda Draves) plan on becoming millionaires after they convince William Marshal (Bruce Harstad) to construct cotton mills in the South. To close the deal, each is to contribute \$75,000.

There are four classes of Idols which beset men's minds. To these for distinction's sake I have assigned names calling the first class, Idols of the Tribe; the second, Idols of the Cave; the third, Idols of the Market-place; the fourth, Idols of the Theatre.

NOVUM ORGANUM

Horace (Dan Gauvin), Regina's husband, does not say whether or not he will donate his and Regina's share. Regina uses his silence to bargain for a larger share of the profits.

She gets her way at the expense of Oscar who is appeased by the subtle hinting that his son Leo (Jim Bancroft) will marry Regina's daughter, Alexandria (Judy Lerum) and will have the increased share. But when the sickly Horace refuses to contribute toward the venture, Benjamin and Oscar, with the help of Leo, seek to get the needed money in another way.

All the world's a stage,
And all the men and women
merely players;
They have their exits and
their entrances;
And one man in his time
plays many parts,
His acts being seven ages.

JAQUES "AS YOU LIKE IT"

River Falls, Where The People Are

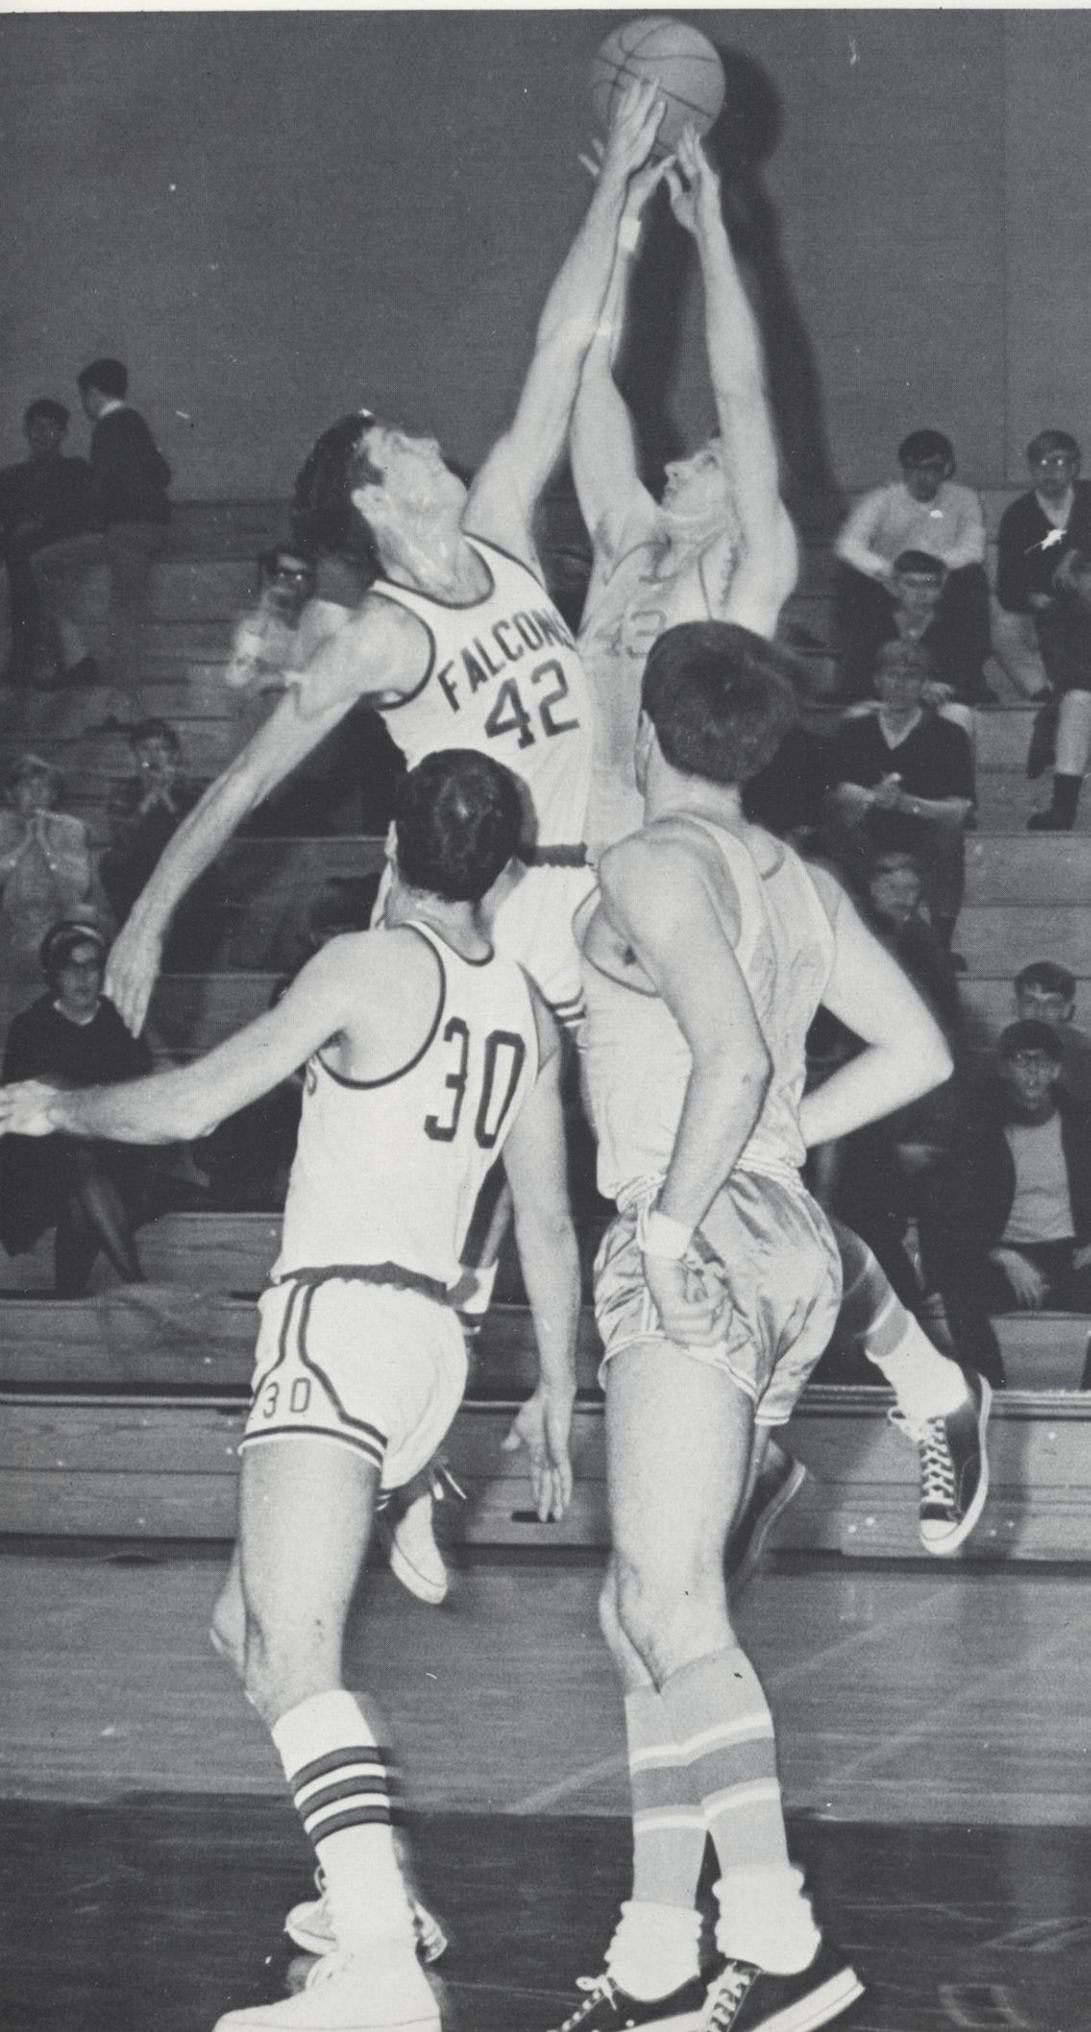

Enrollment for the 1968-69 Fall Quarter has increased. The total enrollment for the 1968-69 year is 4,052. There are 3,846 undergraduate students and 206 graduate students enrolled at WSU-RF. Of the total number of students here, 1,423 are women and 2,629 are men.

Winter Quarter Begins

Winter quarter just begins and Christmas is in the air as well as the white fluffy stuff!

Season's Greetings!!

Score, Score, Score!

Front (l to r): Joe Acotto, Bill Glomski, Steve Gustafson, Bill Van Dyke, Dennis Burich, George Voss, Pete Palmer. Mgr. Idf. Second row: Coach Newman Benson, Bill Gregor, Dave Zimmerman, Bob Parker, Jon Anderson, Brad Berg, Paul Bergman, Wayne Hasleiet.

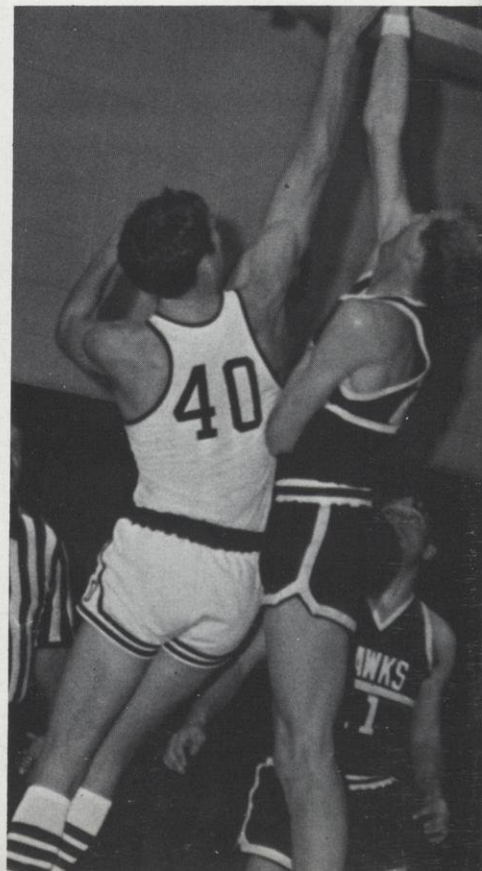

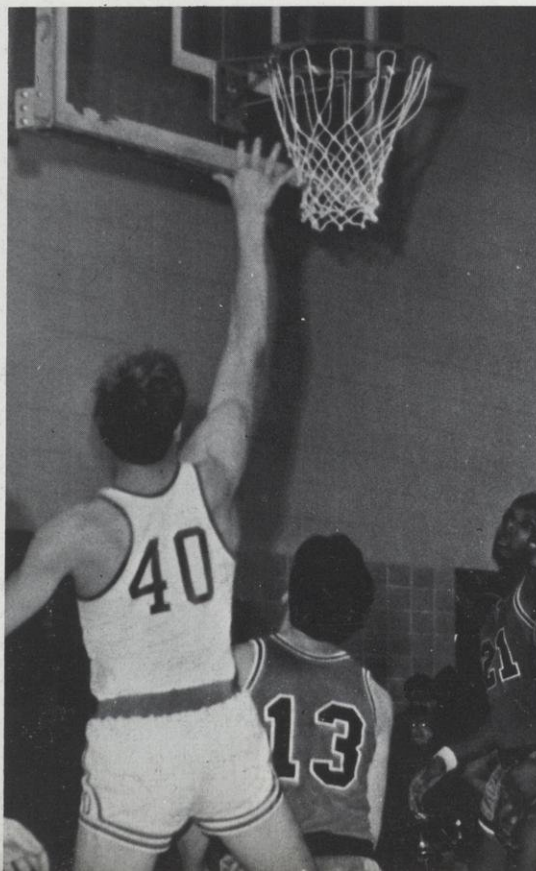

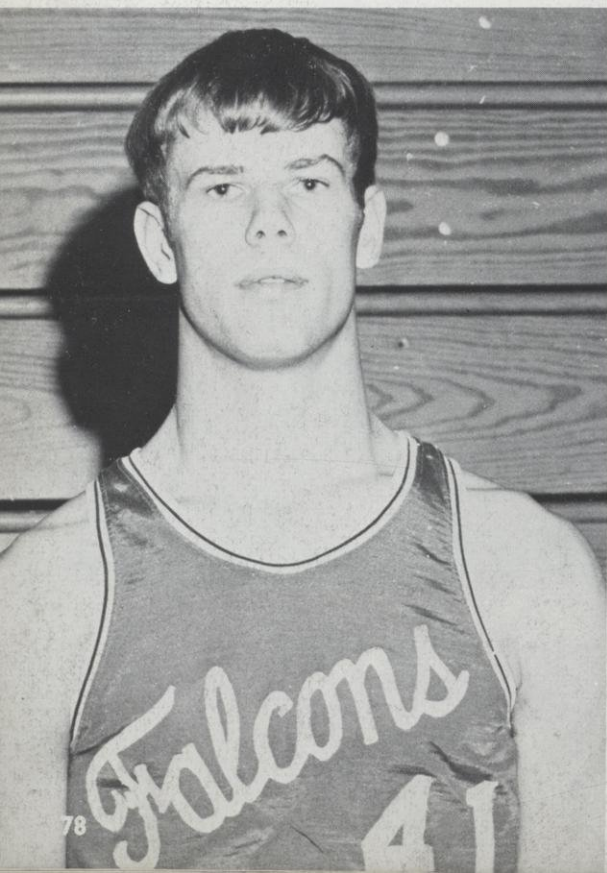

BASKETBALL

Coach Newman Benson's cagers, led by an All-American honorable mention, Steve Gustafson, compiled a 10-12 season record, 7-9 in conference play.

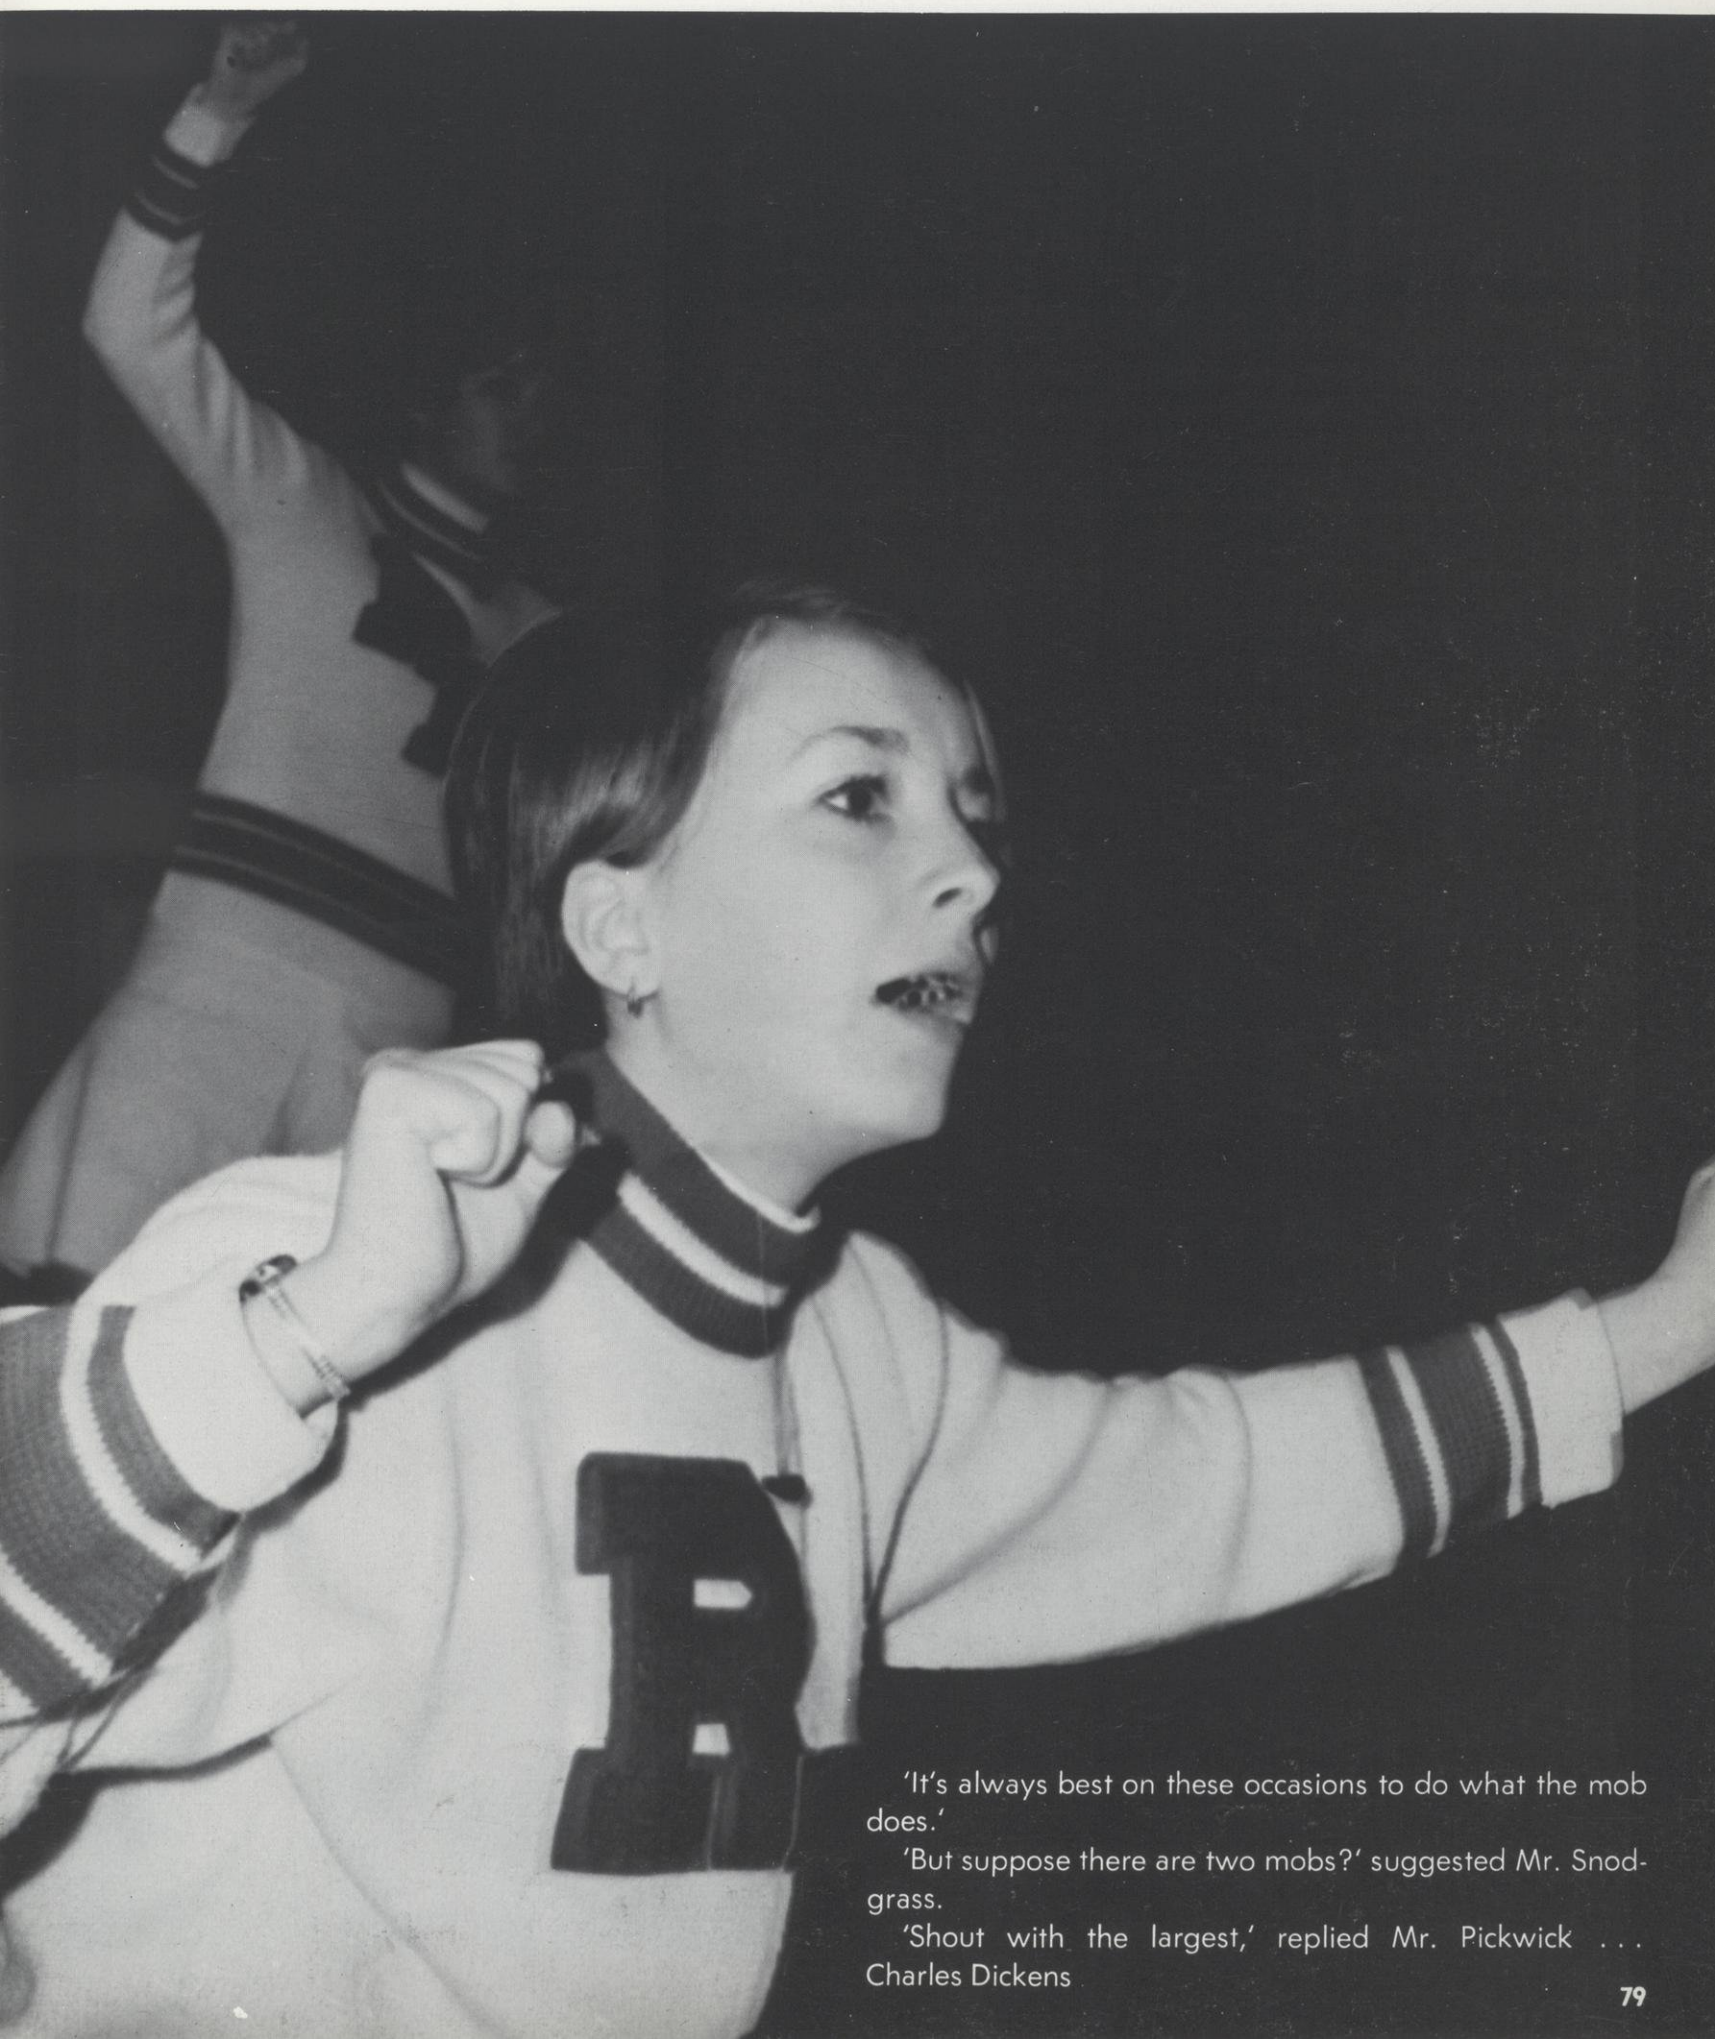

Gustafson averaged over 19 points a game and better than nine rebounds a game to gain national recognition. He averaged more than 23 points a game during the last half of the season.

In a holiday tournament at Aberdeen, South Dakota, the Falcons came home with the third place trophy, defeating Winona 73-64.

In the last four games of the season, the Falcons defeated Whitewater 94-70 and lost three games: to Platteville 73-66, to Eau Claire 79-70 and to Stout 103-73.

We Want More, Score!

'It's always best on these occasions to do what the mob does.'

'But suppose there are two mobs?' suggested Mr. Snodgrass.

'Shout with the largest,' replied Mr. Pickwick ...

Ten Pipers Piping,
Nine Drummers Drumming,
Eight Maids A-Milking,
Seven Swans A-Swimming,
Six Geese A-Laying,
Five Golden Rings,
Four Calling Birds,
Three French Hens,
Two Turtle Doves, and
A Partridge in a Pear Tree.

Veterinary College May Be Located

It is almost certain that a veterinary college, which is almost assured for Wisconsin, should be located at either River Falls or Madison. The new state veterinary college, if located in River Falls, would need an investment of \$20 million dollars in a physical plant with an annual operating budget of \$4 million, according to Donald Gray of the College of Agriculture.

Swim Team Loses To Poor Grades!

Chinnock, David, Collins, Daniel, Penticoff, David, Polansky, Kevin, Sondergarrrd, John, Uvass, Thomas, Rea, James, Caldwell, Douglas, Roff, Scott, Sirianni, Steve, Johnson, Bradley, Wright, Herbert Lee. Coach Davis, Mgr. Charles Chrotty.

Swim team loses to poor grades but keeps quality

Quality but not quantity, this is the best way to describe the 1968-1969 Wisconsin State University-River Falls swimming squad. Going into the first meet, head Coach Michael Davis had only five experienced swimmers, and two inexperienced divers to work with. Davis has lost several counted upon swimmers to poor grades, as well as ace sophomore Lee Wright, last years most improved swimmer, who captured third and fifth place medals in the conference meet. Wright is recovering from mononucleosis.

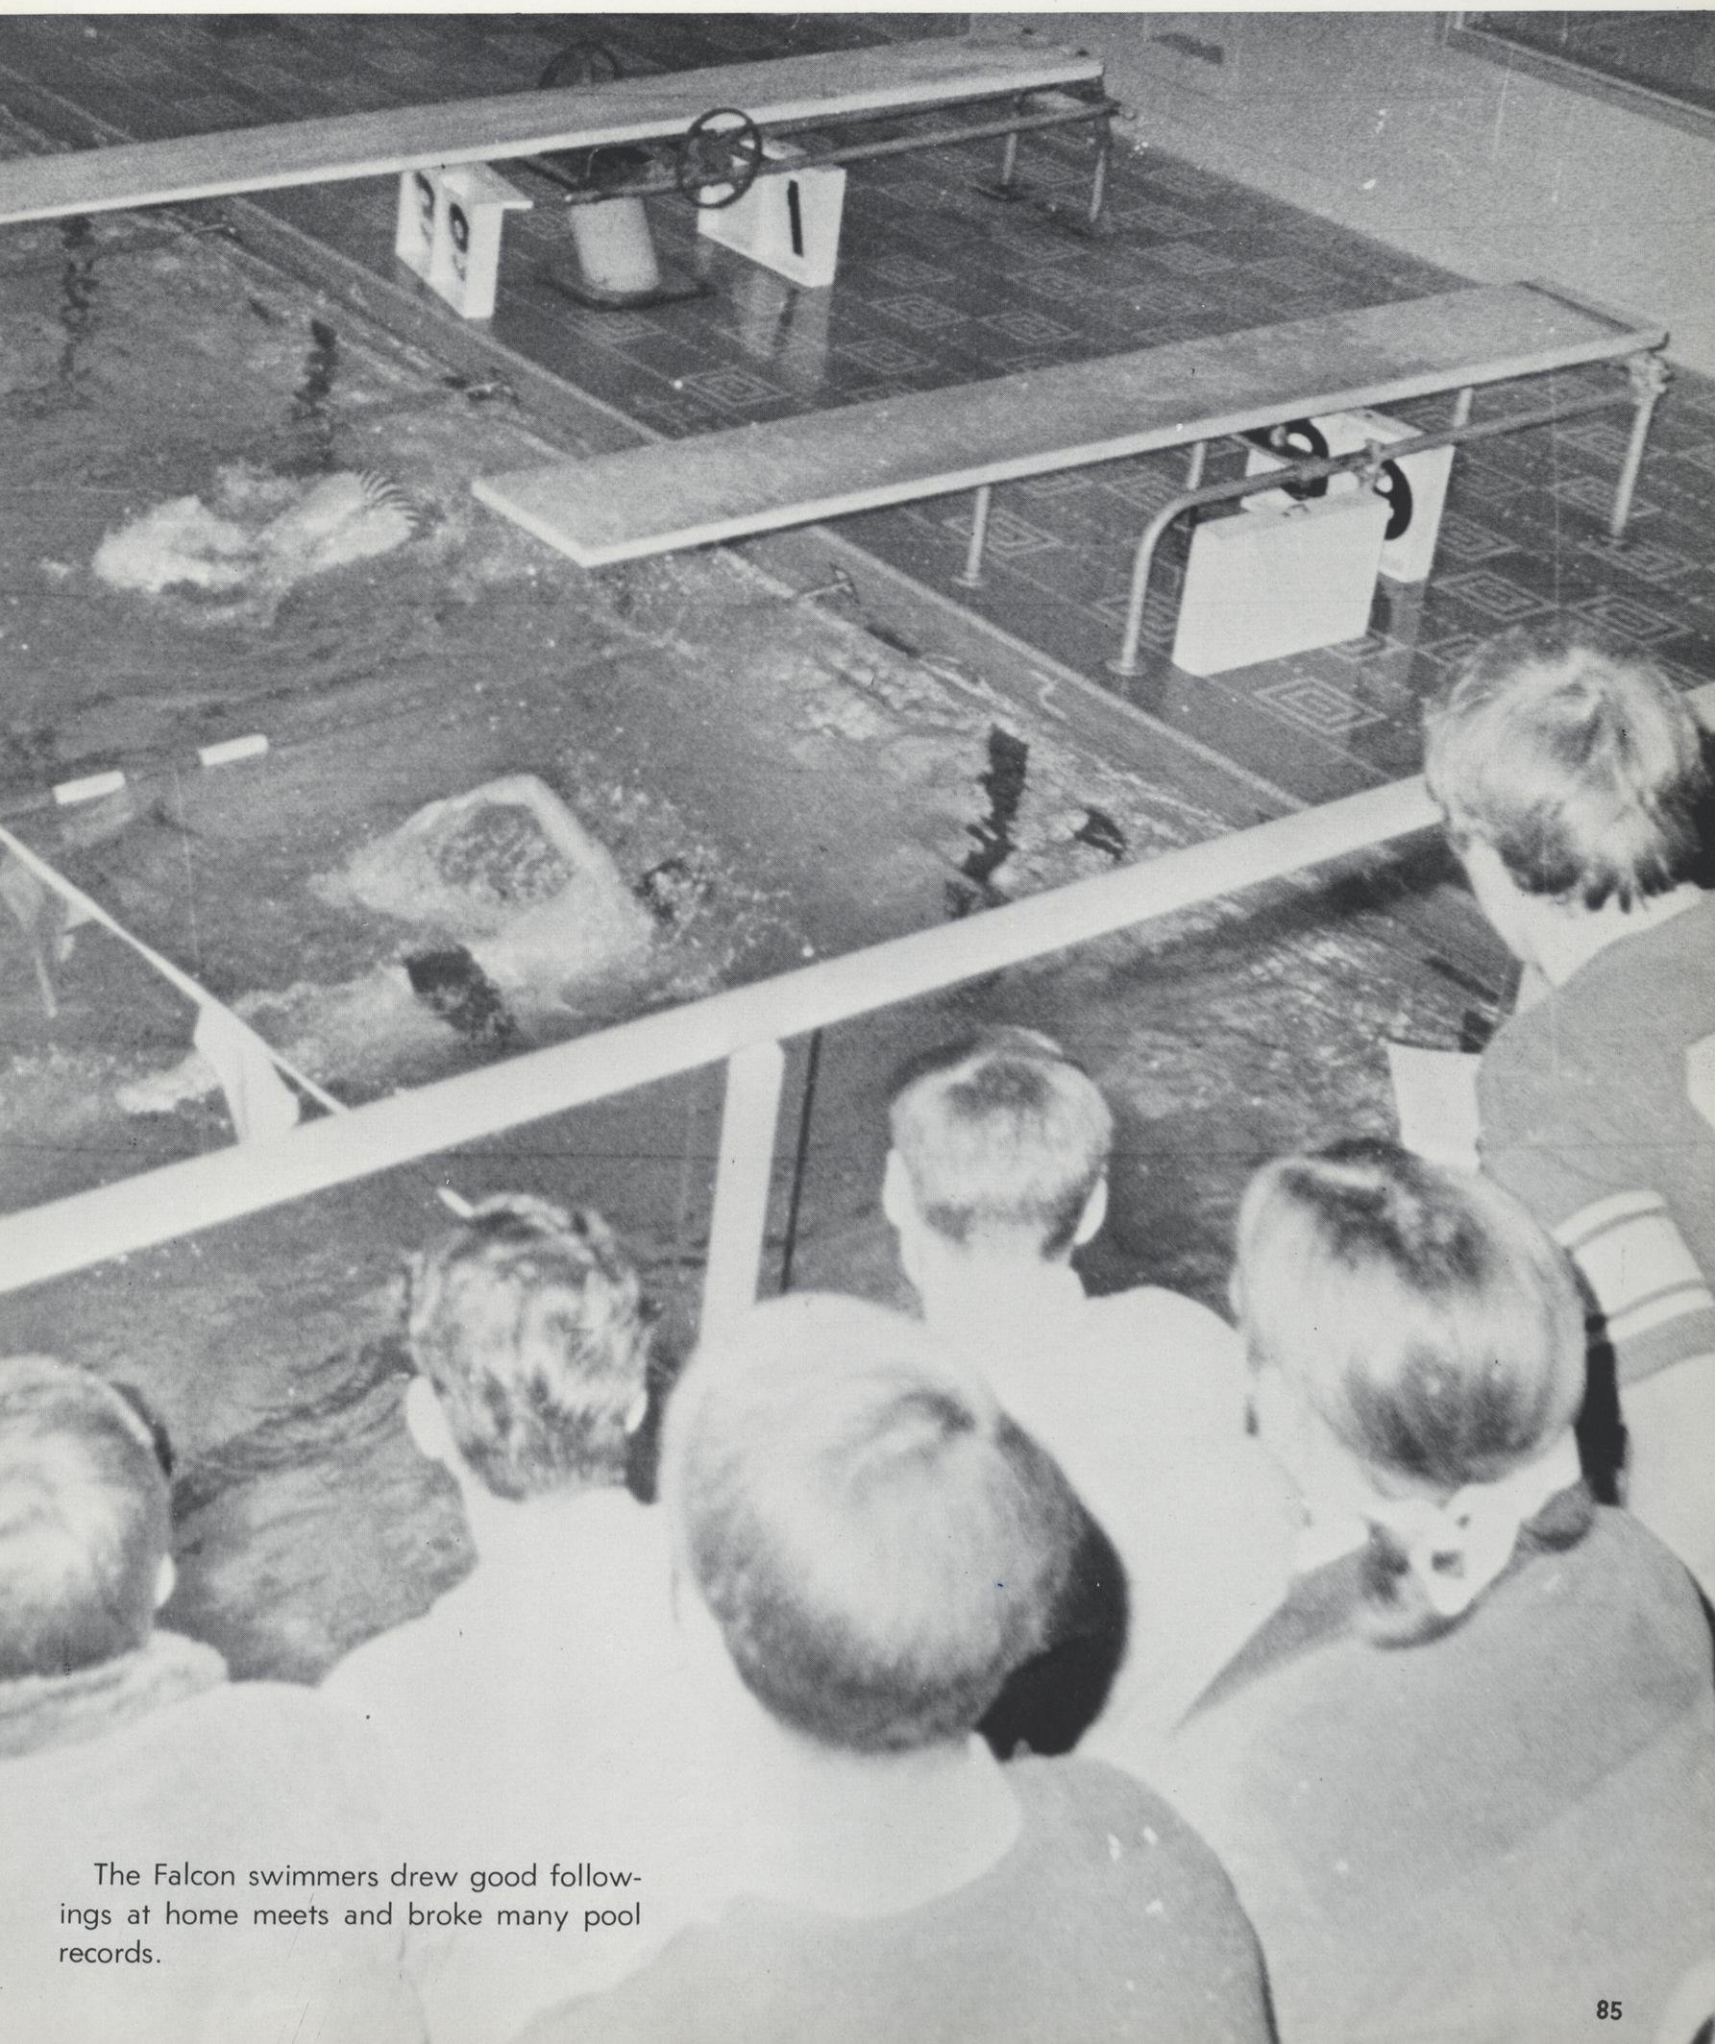

In regard to his lack of swimmers Coach Davis commented, "We have five excellent swimmers, but with only five fellows, you can't run a full meet." In the Falcons first meet, it came down to the final event as to who would win, but the RF tankers had to forfeit the event, because each swimmer had swam his maximum of three times.

To compensate for their lack of depth, Coach Davis has been stressing conditioning with workouts twice a day. "I don't expect the best dual meet record, but I think we can do a fairly representative job as far as our times in comparison to the other conference schools."

SCHEDULE

Dec. 19, Thurs., North Park College, Here 4:00
 Jan. 11, Saturday, Hamline, Here, 2:00.
 Jan. 18, Saturday, Carleton, There, 1:30.
 Jan. 24, Friday, St. Thomas, Here, 1:30.
 Feb. 1, Saturday, Stevens Point-Platteville, Platteville, 2:00.
 Feb. 8, Saturday, Whitewater-La Crosse, La Crosse, 1:30.
 Feb. 15, Saturday, Superior, There, 2:00.
 Feb. 21, Friday, Oshkosh-Stout, Here, 2:00
 March 7 and 8, Friday and Saturday, Wisconsin State University Conference, Superior.

But Makes Up For It In Quality!!

The Falcon swimmers drew good followings at home meets and broke many pool records.

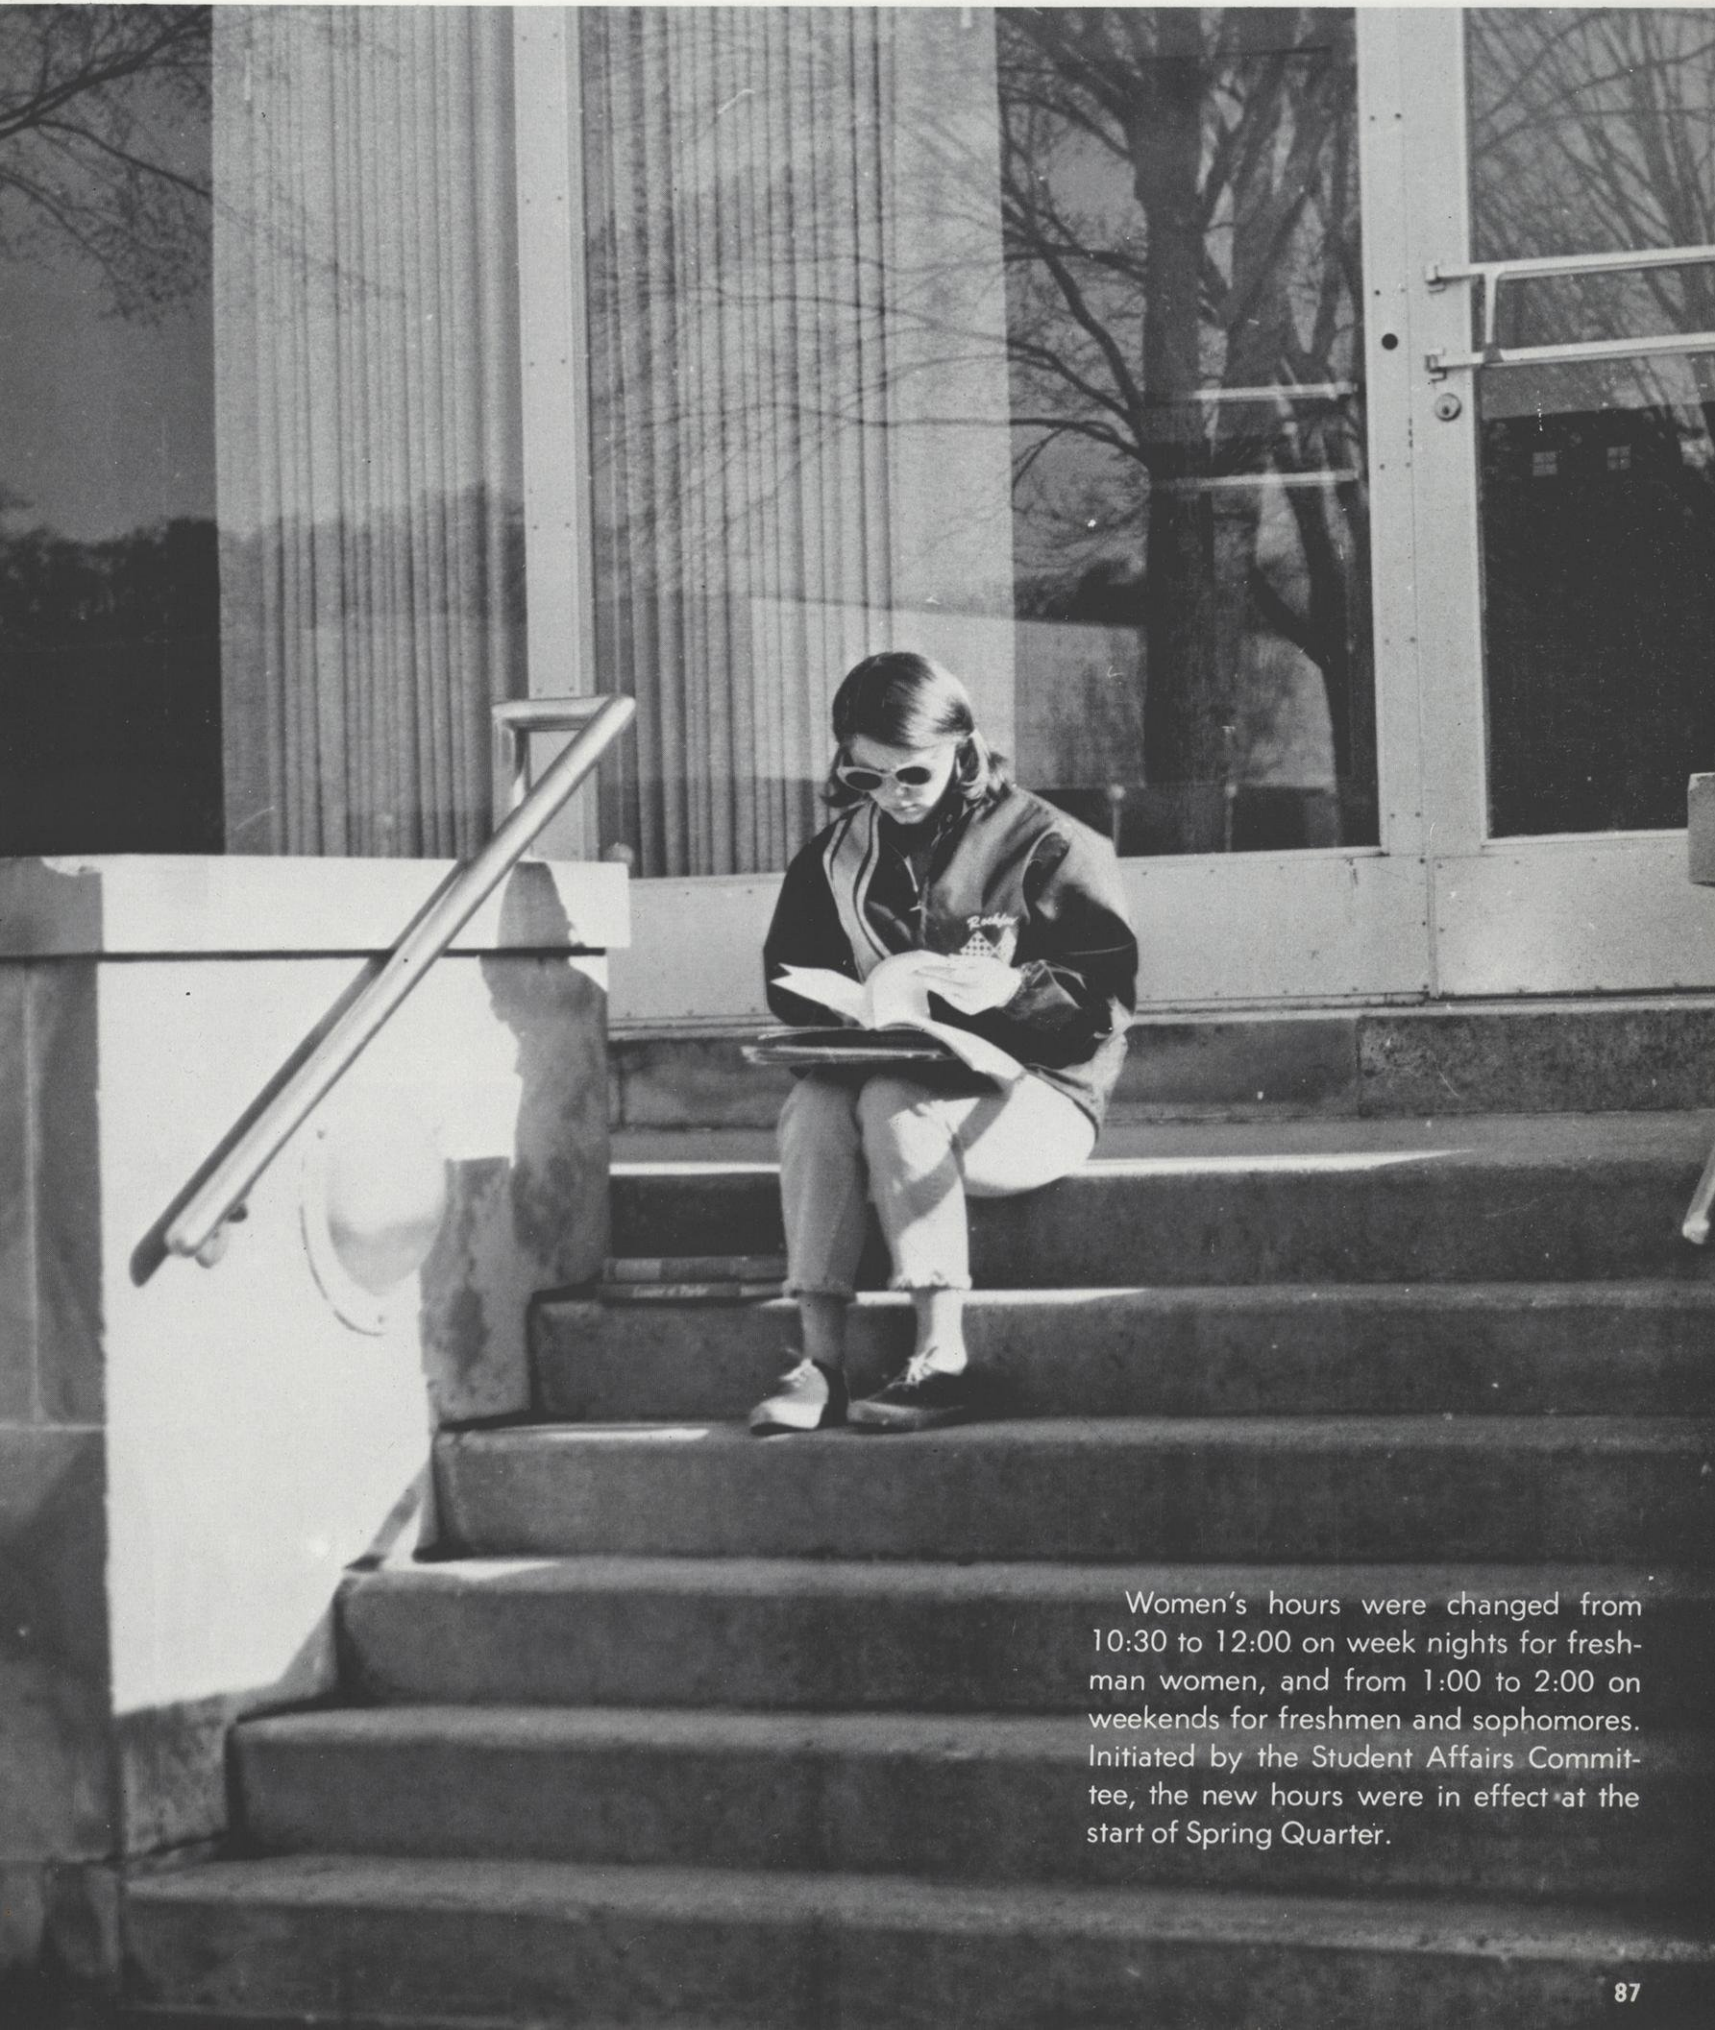

Deep End Hosts 'Three Party System'

THE DEEP END FEATURED THE "THREE PARTY SYSTEM" FROM MINNEAPOLIS JAN. 9-11.

The members of the group are Lynn Baker, who composes and sings, handles all the lyrics for the group and helps with the music arrangements; Dick Perry, who has been involved with music all of his life and sings and plays the guitar for the group, and Brad Burdquist, who has played singly and with other groups, and sings and accompanies Dick on the guitar.

New Women's Hours

Women's hours were changed from 10:30 to 12:00 on week nights for freshman women, and from 1:00 to 2:00 on weekends for freshmen and sophomores. Initiated by the Student Affairs Committee, the new hours were in effect at the start of Spring Quarter.

The pucksters extended their record to 19-4-2 over the past two seasons with a 10-3-1 year. Highlights of the year were double victories over Superior and the Air Force Academy of Colorado Springs, Colo. The Falcons also battled Gustavus to a 2-2 double overtime deadlock. Gustavus won the MIAC title the past two seasons.

The season was marred by the Falcons' two final losses to Superior 4-2 and 4-3 (overtime).

Winter Carnival, 1969

Bob Rasmussen and Michelle Byng, sponsored by Theta Chi fraternity, were elected king and queen of Winter Carnival. Brian Kreibich and Kirk Stromberg, sponsored by Phi Nu Chi, were the first runners-up, followed by Steve Lundgaard and Ginger Ryan, sponsored by Sigma Tau Gamma.

Theta Chi took first place in Winter Carnival with 57 overall points. Phi Nu Chi was second in the men's division with 36 points. Alpha Gamma Rho took third place with 33 points.

Kappa Delta Psi was first in the women's division of Winter Carnival with 36 points. Delta Iota Chi was second with 23 points, followed by Phi Delta Theta with 19 points.

The Vets' Club beat Theta Chi, 2-1, in overtime to win the Broomball Championship. Phi Nu Chi and Phi Sigma Epsilon tied for third place.

Winter & Ice Sculpture Display

Contest Awards

ACTIVITY FINALS

Women's Division, Ice Sculptures:

- 1st place—Kappa Delta Psi
- 2nd place—Delta Iota Chi
- 3rd place—Phi Delta Theta

Men's Division, Ice Sculptures:

- 1st place—Sigma Tau Gamma
- 2nd place—Phi Sigma Epsilon
- 3rd place—Theta Chi
- Honorable Mention—Alpha Gamma Rho

Men's Division, Snow Sculptures:

- 1st place—Theta Chi
- 2nd place—Alpha Gamma Rho
- 3rd place—Phi Nu Chi
- Honorable Mention—Phi Sigma Epsilon

Broomball

First Round:

Delta Theta Sigma forfeited to Phi Sigma Epsilon

Vets Club beat Alpha Gamma Rho, 3-2

Phi Nu Chi defeated the Class of '72, 3-2

Theta Chi won over Grimm-McMillan, 2-0.

Semi-Finals:

Vets Club beat Phi Sigma Epsilon, 1-0

Theta Chi defeated Phi Nu Chi, 1-0

Beard Contest Winners:

Fullest Beard:

- 1st place—Paul Juckem (Alpha Gamma Rho)
- 2nd place—Darryl Cowles (Theta Chi)
- 3rd place—John Dewane (Delta Theta Sigma)

Longest Beard:

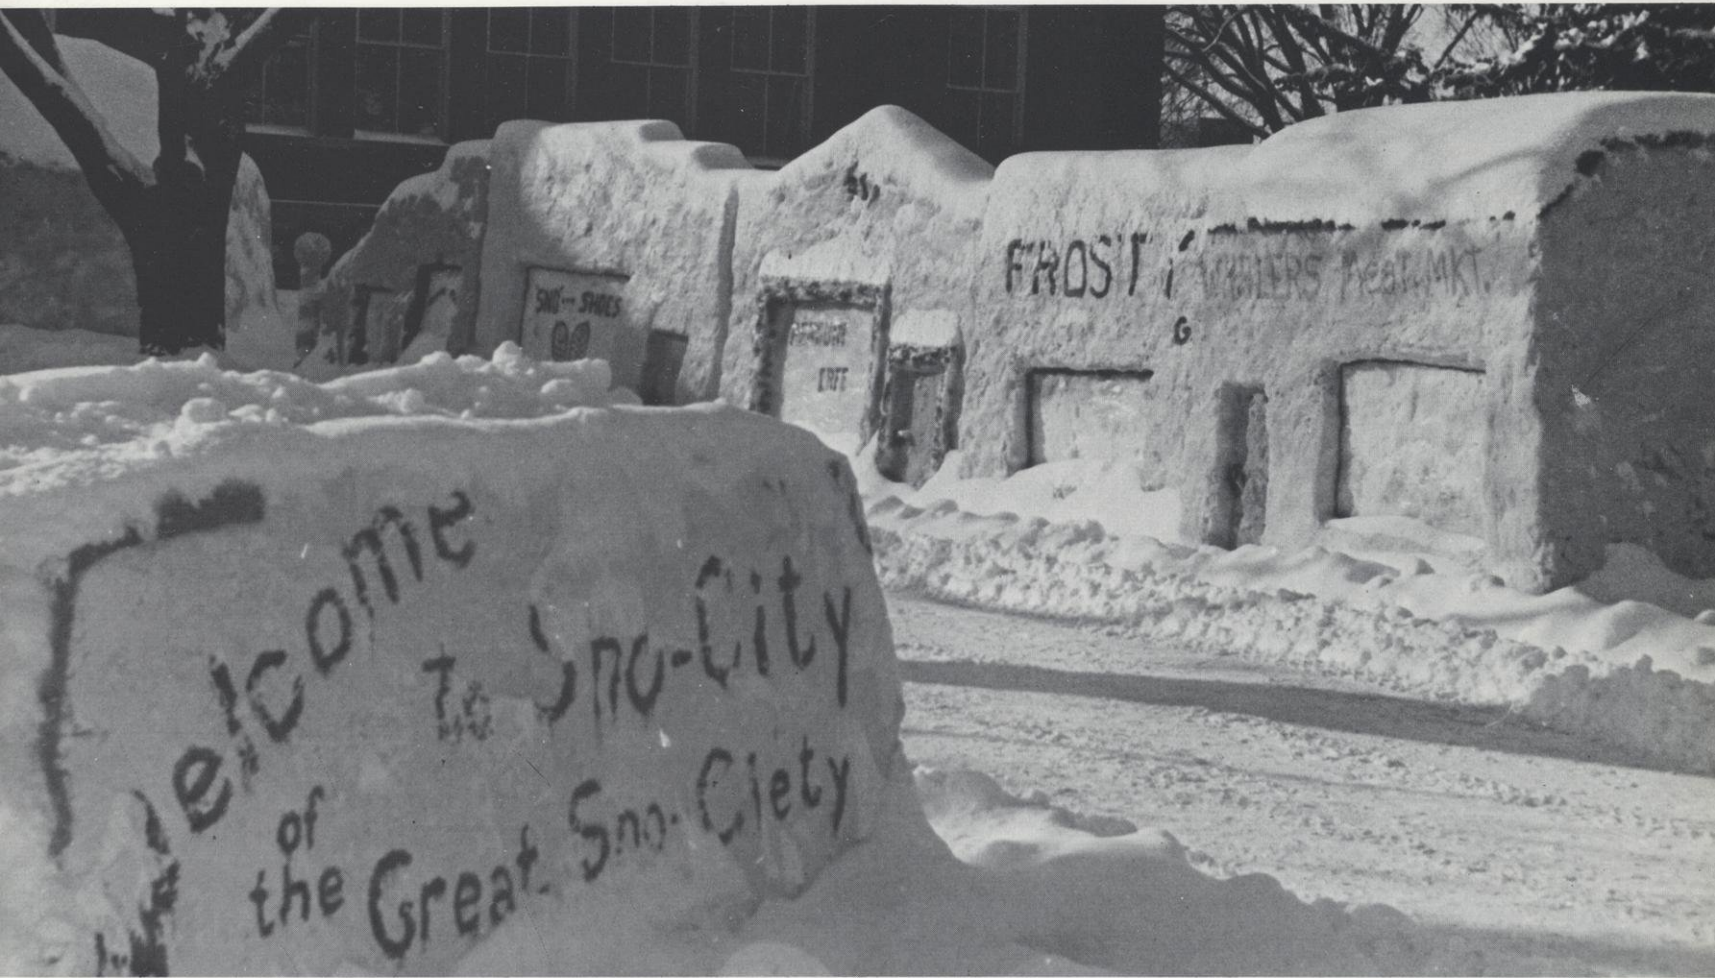

- 1st place—Dave Arnoldi (Phi Nu Chi)
- 2nd place—Gary Sackmann
- 3rd place—Eric Hanson (Delta Theta Sigma)

Most Unique Beard:

- 1st place—Paul Dotty (Phi Nu Chi)
- 2nd place—Stan Koich (Phi Sigma Epsilon)
- 3rd place—Hank Ference (Alpha Gamma Rho)

Winter Campus Photo Display

Knee Contest Winners:

Smoothest Knees:

- 1st place—Mary Jo Fox (Phi Delta Theta)
- 2nd place—Bonnie Robertson (Kappa Delta Psi)
- 3rd place—Marie Schaack (Delta Iota Chi)

Cleverest Design:

- 1st place—Donna Sandell (Phi Delta Theta)
- 2nd place—Phyllis Jensen (Delta Iota Chi)
- 3rd place—Leslie Curtiss (Kappa Delta Psi)

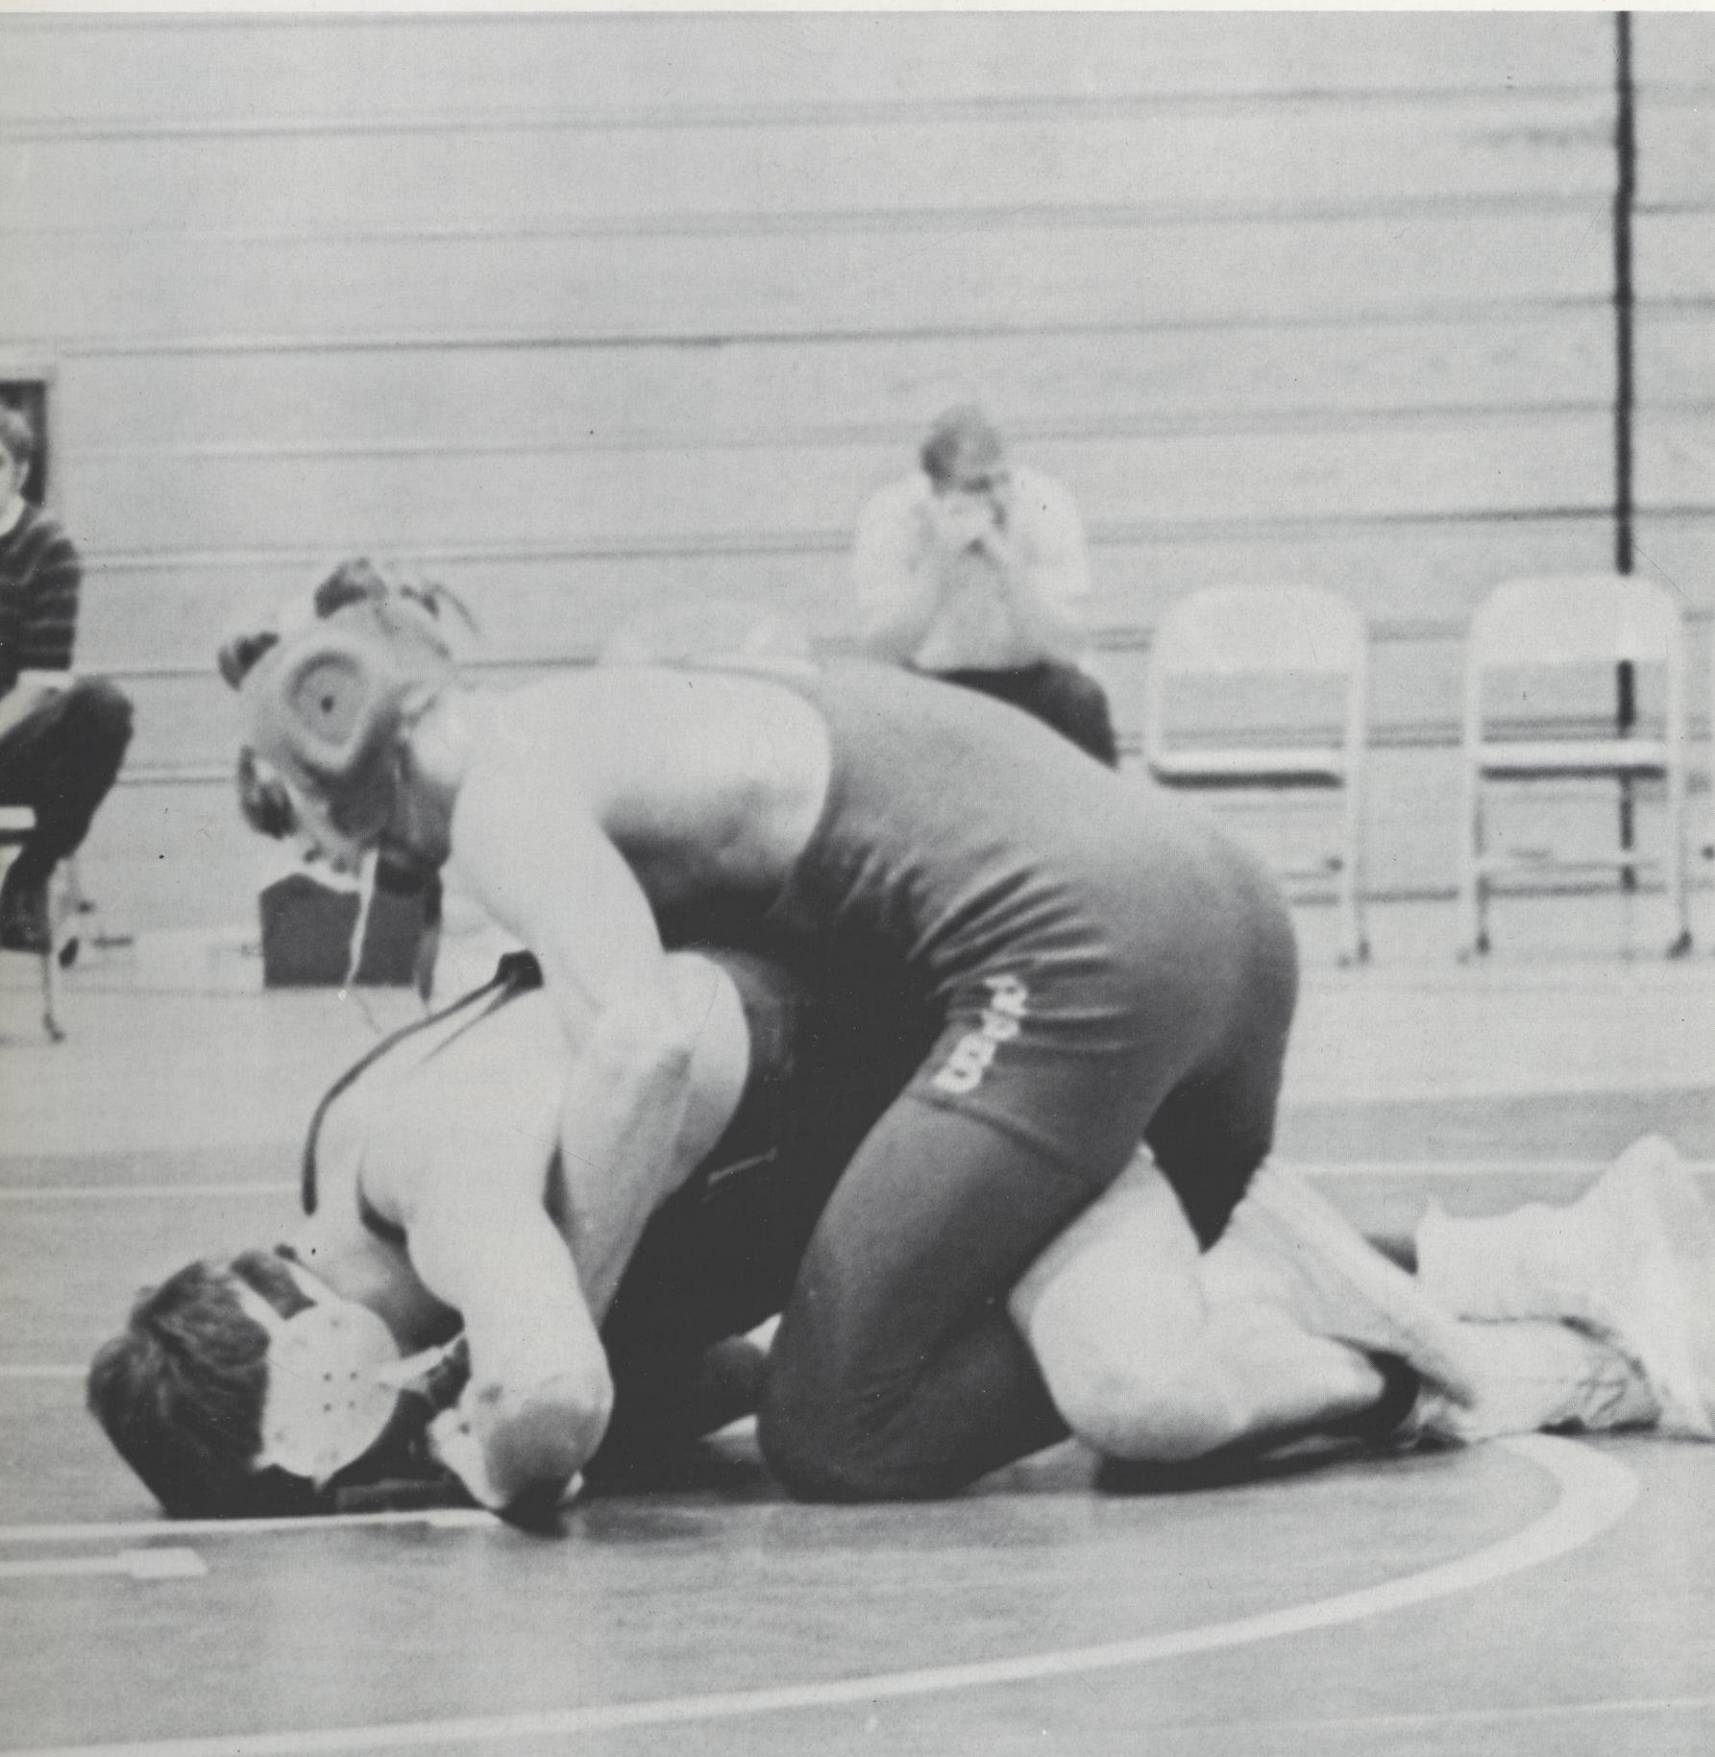

Best Dimples:

- 1st place—Joyce Pace (Kappa Delta Psi)
- 2nd place—Ann Reppe (Phi Delta Theta)
- 3rd place—Chris Nolden (Delta Iota Chi)

Talent Show

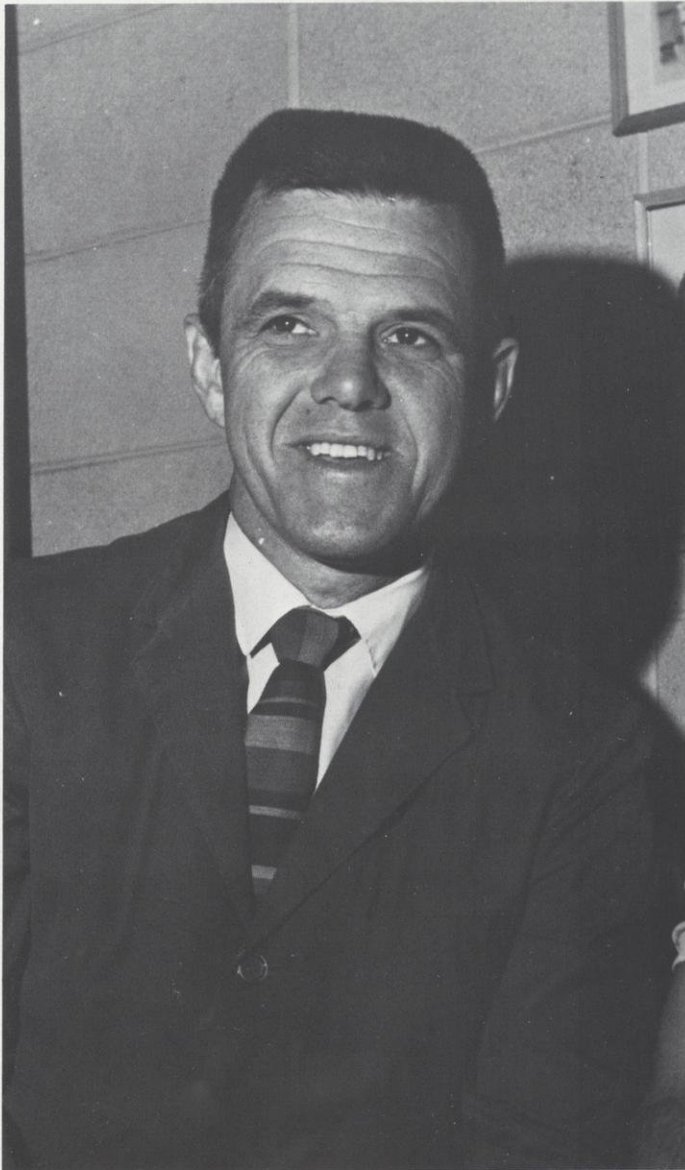

- 1st place—Kappa Delta Psi, vocal quintet by Paula Aderhold, Kris Gore, Murial Askov, Jan Curtiss, and Pam Poquette.
- 2nd place—Dan Kirchner and Pat Ward, piano duet.
- 3rd place—Alpha Gamma Rho, Len Strozinski

Coach James Wins 100th Dual Meet

When the Falcon wrestlers dumped Superior, 1967-68 conference champions by a score of 17-13, it was the 100th dual meet victory for wrestling coach Byron James.

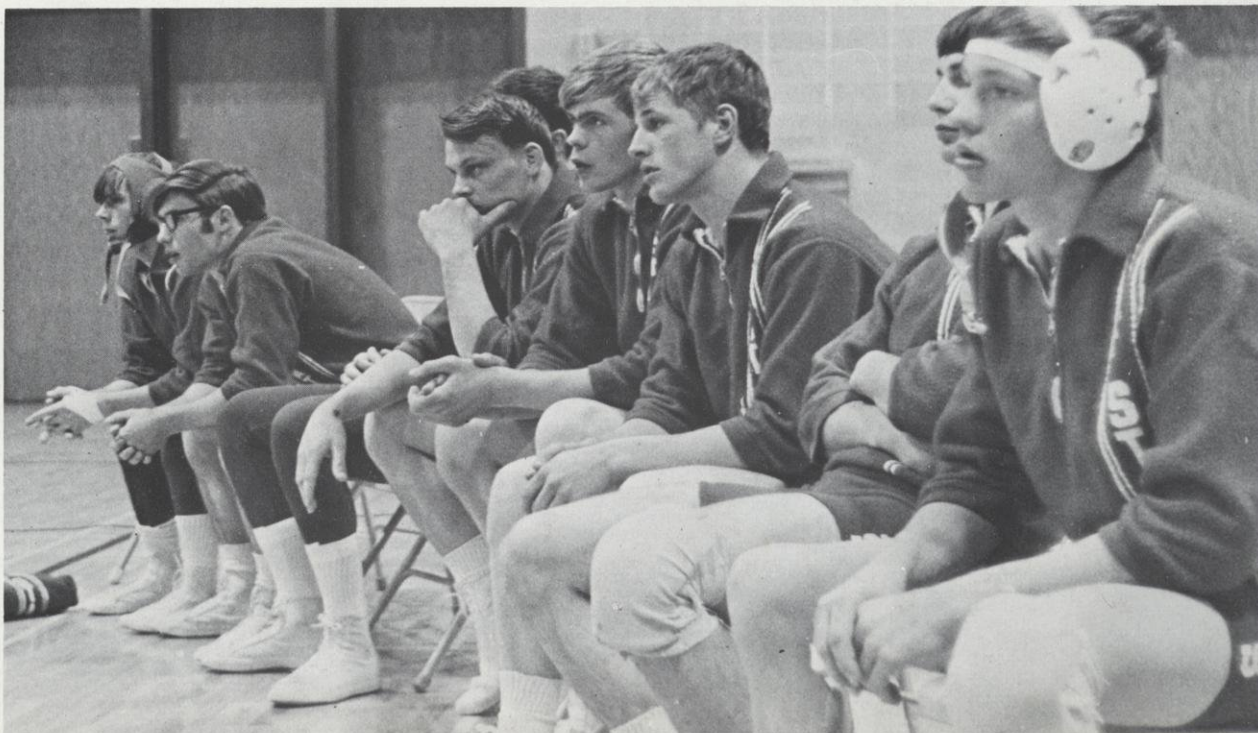

Falcon Wrestlers, 1969

Coach Byron James' wrestlers compiled a 5-7 record and Tom Alex, a junior from Bettendorf, Iowa, placed in the Wisconsin Intercollegiate Tournament. The grapplers finished sixth in the WSUC.

THE SEASON RECORD:

University of Minnesota	30	River Falls	.. 5
River Falls	 19	Northern Michigan	.. 18
Mankato	 22	River Falls	.. 11
Indiana	 24	River Falls	.. 8
Iowa	 26	River Falls	... 6
River Falls	 17	Superior	 13
River Falls	 23	Carleton	... 8
River Falls	 22	St. Olaf	 9
River Falls	 22	Eau Claire	.. 13
Stout	 24	River Falls	.. 12
Bemidji	 24	River Falls	.. 11
St. Cloud	 22	River Falls	.. 12

Gymnastics 1969

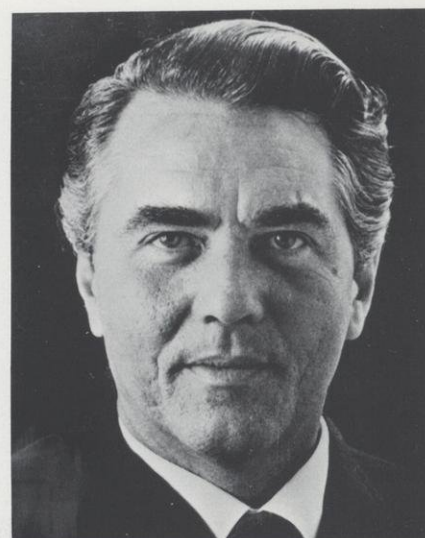

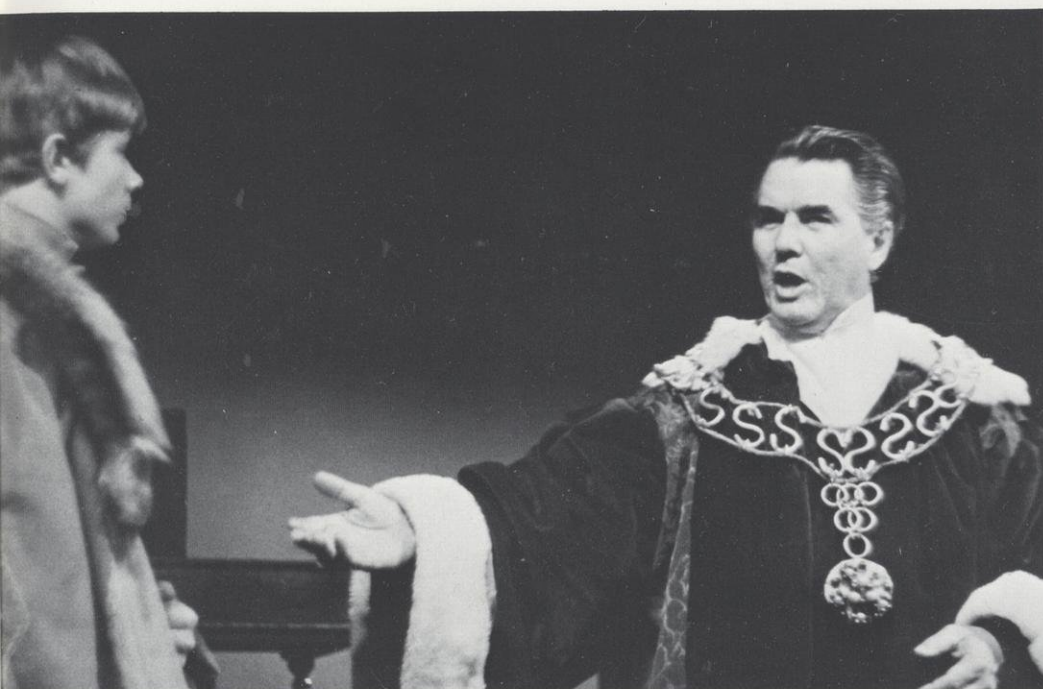

The gymnastics squad finished in the cellar of the WSUC for the second straight year with an 0-8 conference record and 1-11 overall.

Northern Iowa	97.21	River Falls	69.66	Superior	87.60	River Falls	86.45
Wheaton	109.65	River Falls	65.24	Eau Claire	96	River Falls	86.45

Marquette	79.38	River Falls	48.06	Oshkosh	117.42	River Falls	76.35
Platteville	122.30	River Falls	92.325	La Crosse	128.80	River Falls	88
Stevens Point	113.40	River Falls	92.325	Whitewater	89	River Falls	88

From left to right: Ron Lehr, Perry Karl, Greg Zwaldo, Wayne Schrubbe, Don Oakland, Larry Cipou.

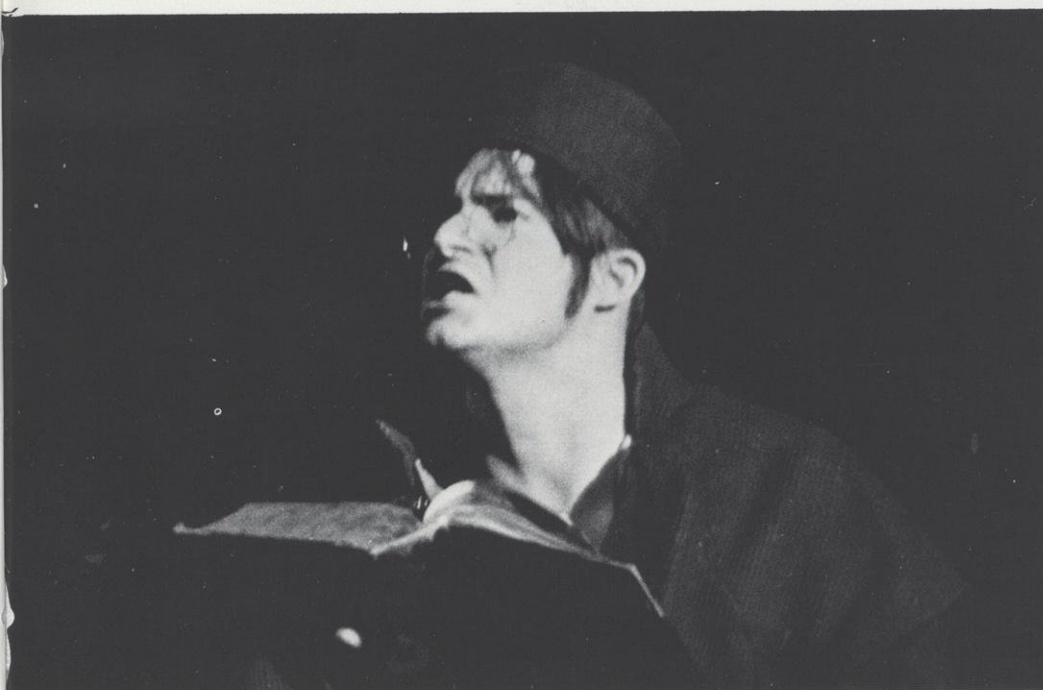

"A Man For All Seasons," Douglas Watson

Douglas Watson, who has appeared in more Broadway plays in the past 20 years than any other actor, took the part of Sir Thomas More in the Feb. 10-15 production of "A Man For All Seasons."

Watson has appeared in nearly 30 Broadway plays, several cross country and summer stock plays, 25 Shakespearean productions, in motion pictures, as well as on several television productions.

Watson stated, "The style of the theatre is outdated. It's dying because it's about 50 years behind our culture and lagging way behind art and music. Movies and TV have passed it by, but the theatre still hasn't changed. It has to find a form of its own."

Baseball '69 Season

The starting line up for the Falcons Baseball team 1969: Astine 1B, Blank ss, Frerker, 3B, Afdahl cf, Vail 2B, Broneak lf, Jacobson c, Geurkink rf, Arndt p, Bates p, Kucko p, Olson p. (Head Coach Don Page, Asst. Coach James Helminiak).

TROUBLES IN TENNIS

The River Falls tennis team, playing without the benefit of university tennis courts to practice and play on, has still played respectable tennis this season.

Coach Michael Davis' tennis team has worked hard to get the game back into proper perspective. In the future tennis will be a stronger sport at RF.

RAIN HALTS GOLFERS AT MADISON

Oshkosh edged out Whitewater for both the Wisconsin State University Conference meet championship and WSUC season title at Madison.

River Falls, Eau Claire, and Stout were unable to finish the meet because of a heavy rain which fell for most of the conference golf course.

Oshkosh won the rain-shortened meet with 610 strokes to 617 for Whitewater, and finished first in the season standings which also count triangular meet results, 23 points to 20. The meet was stopped at 27 holes. The Falcons and its two neighbors on the western side of the state, Eau Claire and Stout didn't finish 36 holes.

Steve Winter of Whitewater nipped defending medalist All Jellison of Oshkosh for the individual crown. Winter had 115, Jellison 117.

River Falls—Dennis Connley 41-39-45-125; Rich Cashman 43-44-49-136; Gregg Soli 47-43-49-139; Steve Babbitt 40-44-52-140; Dave Cronk 41-42-57-140.

MARCH 10-14

12th Annual Grassroots Conference

The twelfth annual Grassroots Politics Conference, March 10-14, focused on Wisconsin's current financial crisis. The theme of the conference was "Government and Money: Who Pays, Who Benefits?"

Ody Fish, Republican Party chairman, speaking at the conference summed up his party's position by stating, "If people want something, they must be willing to pay for it."

"If the Republicans are not guilty of misleading the people, they are certainly guilty of incompetence," said James Wimmer, chairman of the Wisconsin Democratic Party, in a speech which kicked off the conference.

1st Annual Journalism Day

The first annual Journalism Day at WSU-RF provided a chance for students and faculty to discuss the role of the press in American society. Journalists who participated include: Joe Rigert, of the editorial staff of the Minneapolis Tribune; Mary Kyle, editor of the Twin City Courier; and Jim Broman, news director for WCCO radio in the Twin Cities.

Floods, Anybody?

In the spring students from River Falls helped sandbag along the St. Croix River.

MAY 14

The Happenings, In Concert

As part of the Spring Weekend Entertainment, the "Happenings" were requested for Friday, May 16, but they were only available on May 14 and 15. The final date was set for Wednesday, May 14.

"Academics" includes students, faculty and the activities of the academic departments. The students are represented in this section by the seniors. For faculty, Meletean staff members have selected one person in each department whom they feel is representative of the department and have asked him to be its spokesman.

Dr. Donald Pollack

Education

Bachelor of Science, Milwaukee State
Teacher's College

Master of Education and PH., University of
Wisconsin—Madison Ed. D., University of
Colorado.

Since Dr. Pollack has become a part of the River Falls education staff, he has tried to make the student more aware of the philosophy behind teaching.

At this time, Jerry Sines of the education department is working on a case study to evaluate teaching methods. He hopes his findings will help students to learn faster and to develop their own interest sooner.

The education department feels more men and women are choosing to graduate with education as part of their academic degree.

Dr. Pollack thinks that the department is well equipped to give the best knowledge available to the students in the field of education.

Clifford C. Fortin

Library Science

Bachelor of Science, Master of Arts, University of Minnesota

Expanded quarters will allow an expanded program in library science, and "these are the most useful courses that a student can take," according to Fortin. They will make him more perceptive and a better student as well as enabling him to make better use of the library. Many students take library science courses for just that reason, and not because they intend to be professional librarians. Fortin keeps that fact in mind as he teaches his courses. There is an unlimited demand for graduates in the area of library science, Fortin says, with about 20 positions available for each graduate.

Dr. Nicholas J. Karolides
English
Bachelor of Science, New York University
Doctor of Philosophy, New York University

Darleen F. Johnson
Clear Lake, Wis.
Physical Ed. B.S.

According to Dr. Karolides, the addition of seven English instructors this year has added a new look in the English department, which has tripled in the last five years. He believes that River Falls is somewhat ahead of other schools' English programs in that it requires adult and children's literature for prospective elementary and secondary school teachers in addition to its wide offering of literature and other English courses. Only two schools in the state require adult literature for a major.

Karolides, who feels that he must teach to "stay with it," is the editor of the "Wisconsin Education Journal," the publication of the Wisconsin Council of Teachers of English. He is also the secretary of the Faculty Senate.

Educate The Mind And Stay Healthy!

Rial Smith
Physical Education
Bachelor of Science, Upper Iowa University
Master of Science, Wisconsin State University—La Crosse
Additional graduate work, University of Wisconsin, University of Minnesota

"A perfect department is never reached," Smith says, but a good feature of the physical education department is that it is always trying to improve. The program is student-oriented. He finds that there is a closeness between students and teachers which prevents the teacher from growing old. Smith says he loves to work with youngsters and he loves to teach. He looks for changes in the department in the near future, including a proposed major in men's physical education. He feels that the phy ed minor at River Falls is extremely strong, since minors are required to take only three hours less than the major requirements at La Crosse.

Psychology Department 1969

Dr. Wilfred C. Harris

Psychology

Bachelor of Education, University of Wisconsin—Milwaukee

Master of Philosophy, Doctor of Philosophy, University of Wisconsin—Madison

After teaching in the public schools in Iowa for eight years, and also at Bradley University, Harris came to River Falls where he is now in his 18th year. He has served as consultant for the reformatory at Red Wing and for Mount Pleasant Hospital and now works in the area of vocational rehabilitation for the state of Wisconsin. There is great competition for psychologists, Harris says, among universities and between universities and industry. The department at River Falls offers the master's program in several areas and enrollment is growing rapidly.

Mathematics 1969

Dr. Alwin Parker

Mathematics

Bachelor of Arts, Northwest Louisiana State College

Master of Science, Doctor of Philosophy, Louisiana State University

The math department has expanded its graduate program and its computer program, so much so that extra staff is needed. Parker feels that the math department compares favorably with any department offering a master's program. Personally, he enjoys working with the freshmen. He feels that he has the gifts of patience and understanding needed for the task.

Dr. Donald F. Brod

Journalism

Bachelor of Arts, Southeast Missouri State College

Master of Arts in Journalism, University of Missouri

Doctor of Philosophy, University of Minnesota

Increased enrollment in journalism courses has allowed the department to add some new courses—in advanced photography, international communications, and broadcast journalism. The addition of Radio Station WRFW has meant that the department has been able to replace its one course in broadcast journalism with a full-year broadcast emphasis. The station is just a part of a well-developed journalism program that serves about 70 majors, Brod said. Even the students in the broadcast courses must take basic journalism courses first, he said, because “we want them to be journalists first, then broadcasters.” The department has three main functions: First, to train and educate future journalists; second, to train high school teachers of journalism; and third, to provide other students with an introduction to the mass media. Brod feels that all the staff members are excellent and dedicated to their work. “All have excellent academic credentials and backgrounds in the mass media,” he said.

Importance Is Placed On Agriculture Education

Dr. R. Vern Elefson
Agriculture Economics
Bachelor of Science, University of Missouri
Doctor of Philosophy, University of Minnesota

The emphasis of the ag econ program at River Falls is on agribusiness. The only other ag econ program in the State University system is at Platteville, and there the emphasis is on engineering. Elefson said the River Falls department is looking forward to changes. The staff members are developing an undergraduate major and want to add another faculty member.

Agriculture Academics 1969

IN THE FUTURE

Animal Science Will Play A Big Role At River Falls

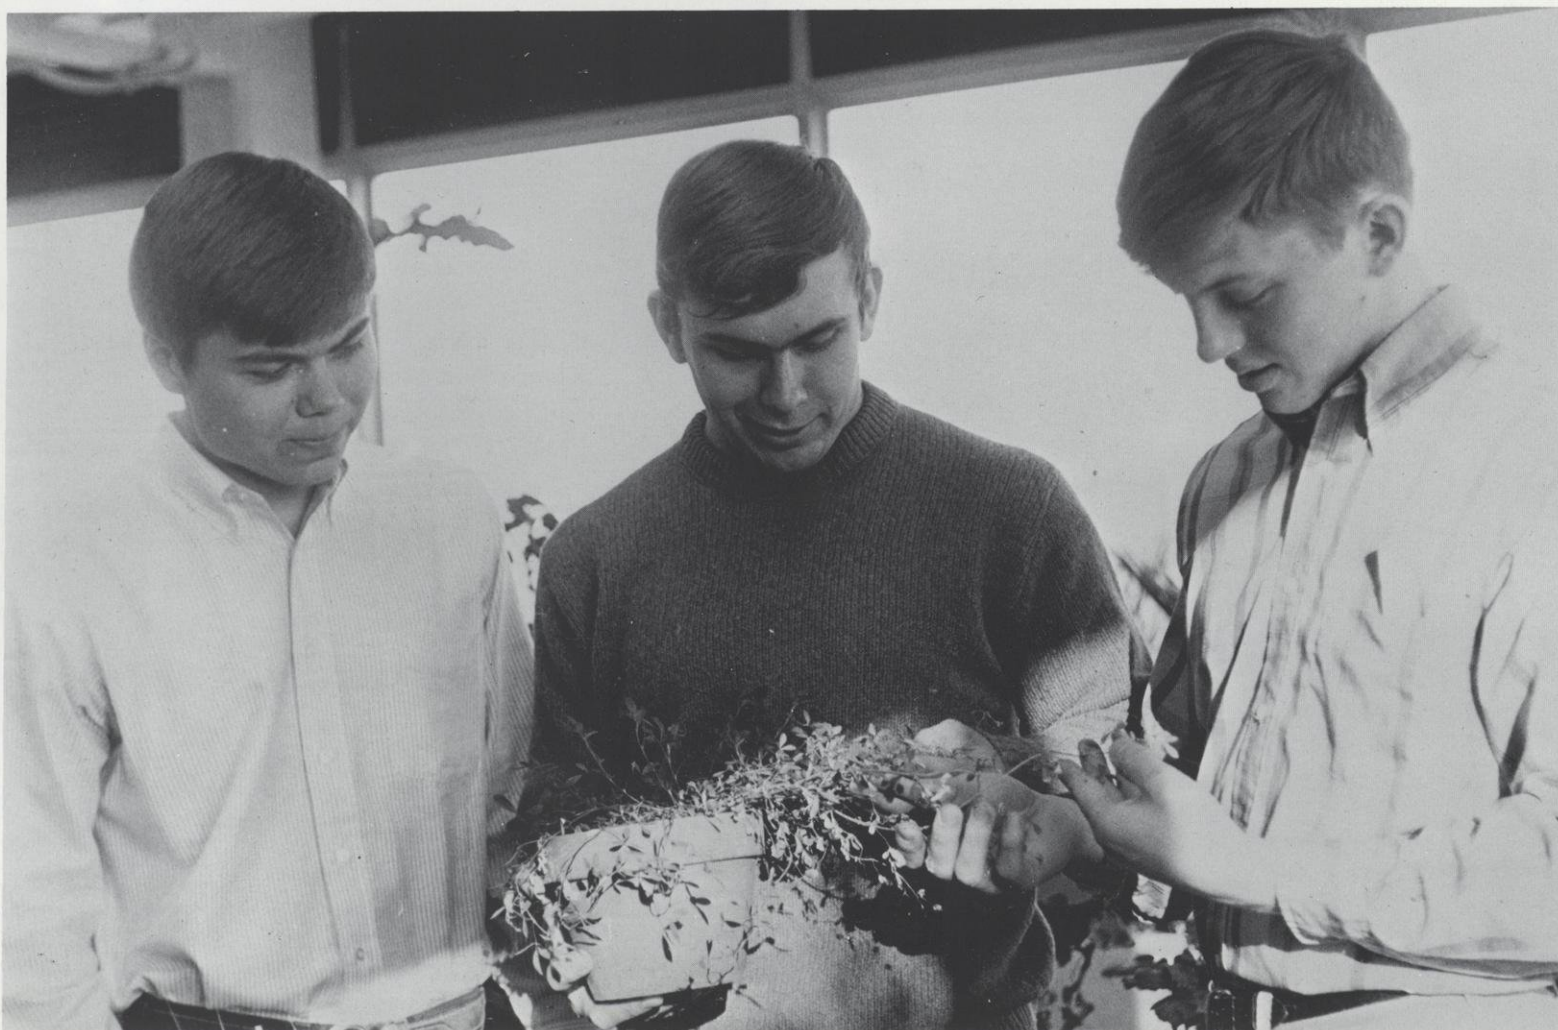

Dr. Don D. Hargrove

Animal Science

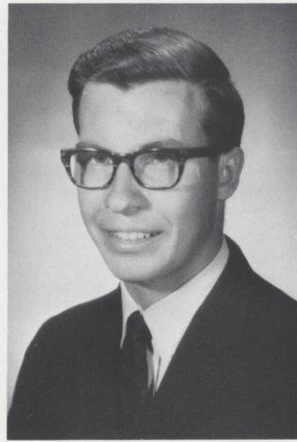

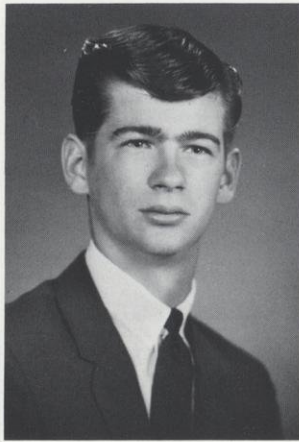

Bachelor of Science, Oklahoma State University

Doctor of Philosophy, University of Florida

Dr. Hargrove feels that because of a greater availability of material and information in the animal science department, the students at River Falls are better trained and consequently have greater opportunities than ever before. He firmly believes that the department will continue to expand—especially with the addition of a Food Science major next fall.

Agriculture Graduates 1969

Dr. Gerald Matteson

Ag Education

Bachelor of Science, Wisconsin State University—Platteville
Master of Science, Doctor of Philosophy, University of Wisconsin

Dr. Matteson knows his field at both the high school and college level, since he taught in several Wisconsin high schools before coming to River Falls. He says the Future Farmers of America has changed to the Agricultural Education Society and is developing an intern program in teaching agriculture. He believes the River Falls program has a strong degree of both quality and quantity and turns out fine students. Matteson says he enjoys teaching at a small school where the courses are flexible and developed to meet the needs of the students.

Agricultural Engineering Is Taught Here

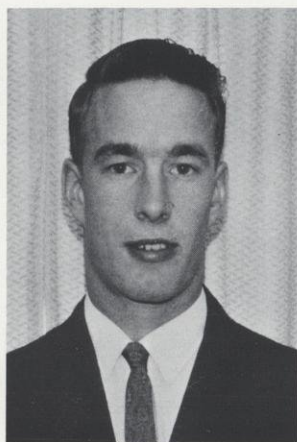

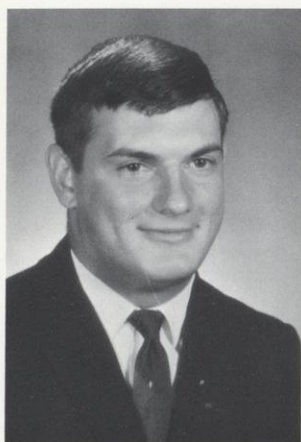

In The Future, The Geology Department Will Expand

Elwyn Owen
Plant and Earth Science
Bachelor of Science, University of Iowa

Though coming from a vast and varied background—having taught high school, worked as petroleum geologist for Phillips Petroleum Co., contributed to an earth science textbook for junior high school, and researched teaching innovation—Owen cites his two-year stay at River Falls as “his most enriching experience.” He lauds the fact that the university has recently added a major in Earth Science to its geology minor. He also hopes that the River Falls geology department can expand materially in the next few years and also expand its staff. He feels that the addition of a Geology Club, plans which include laboratory sections for introductory geology classes next year, and an offered summer geology camp in Bighorn Basin at Shell, Wyoming for River Falls students, are big steps in the right direction.

Carol Barrett
Geography
Bachelor of Arts, Master of Arts, University of
Kansas
Additional graduate work, University of Minnesota

Mrs. Barrett, who has taught previously at Wayne (Neb.) State College and the University of Minnesota, feels that the River Falls geography department is one of the smallest and youngest in the system, but also one of the most aggressive. The department is interested in new programs, such as the cartography program that it is developing now. Such a program will be the only one in the State University system. Mrs. Barrett would like to see the organization of a Geography Club. The 50 majors have shown an interest and like the idea of taking field excursions as a club. Mrs. Barrett enjoys teaching at River Falls. She feels the students are interesting and says, "They aren't afraid to ask questions and are concerned with exploring new factors."

Arts And Sciences Graduates 1969

Dr. Richard K. Darr

Economics

Bachelor of Arts, Midland College

Master of Arts, Doctor of Philosophy, University of Nebraska

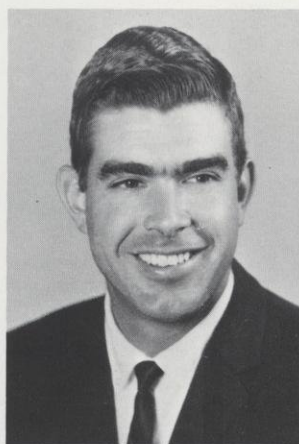

Dr. Darr, who has also attended Harvard and Michigan State universities and has taught at Eastern Illinois University and the University of Nebraska, sees a problem in recruiting teachers in economics. More than 90 per cent of those graduating with bachelor's degrees go into private business and industry, and those with Ph.D.'s go mostly into government. But Darr feels that students "learn if they want to, in spite of the faculty." Darr sees the need for more economics teachers at River Falls so that more courses can be offered. Courses should be added in international trade and in welfare. Also, the business administration and economics areas will become separate operations.

Grace Eunice Butler
Amery, Wis.
Medical Tech. B.S.

New Chairman Of The Music Department, 1969

Elliot R. Wold

Music

B.M., Concordia College, Moorhead

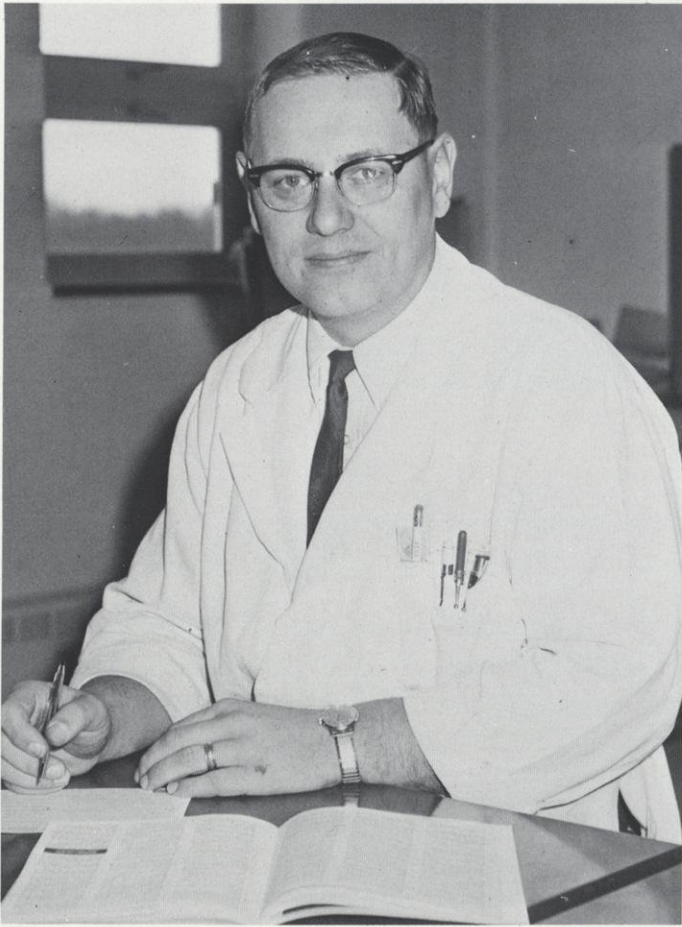

M.M., University of Wisconsin

Mr. Wold sees at River Falls a constant forging forward in all departments of music—especially contemporary music which promotes and reflects the attitudes of our age. He cites River Falls as having the strongest over-all music curriculum in direct contrast to other universities at which he has previously taught (which include Luther College in Decorah, Iowa and Concordia College at Moorhead, Minnesota). Over-all, he feels that though students are made to work hard at River Falls, the rewards are great for both the faculty and the students. He sees student involvement as increasing and thus believes that River Falls will be one of the best universities in the area.

Biology And Plant And Earth Sciences

Arts And Sciences Graduates 1969

Dr. James Richardson

Biology

Master of Science, Southern Illinois University

Doctor of Philosophy, University of Kansas

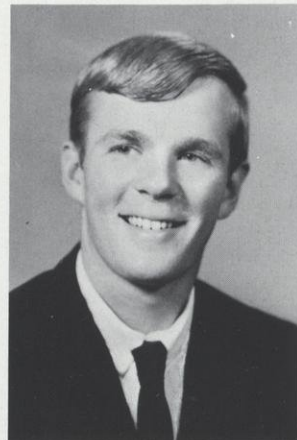

Dr. Richardson feels that River Falls has a good biology department, with increasing facilities and an active research program. He has always liked science, Richardson says. He likes teaching botany but also enjoys the general biology course because he is able to work with more students. The students have a good attitude, Richardson says. "They are eager and willing to learn."

Judith Lynn Cameron
Hudson, Wis.

Math B.A.

William Ammerman
Art
Bachelor of Science, Pennsylvania State University
Master of Arts, Master of Fine Arts, University of Iowa

Jack Crow
Plum City, Wis.
Economics B.S.

The River Falls art department is the best in the state system, Ammerman says flatly. He cites a stable faculty that works well together and has stayed together and which is big enough to provide specialists to handle the various areas of instruction. River Falls students make good showings in art shows and in graduate schools, he says, because they have good, solid backgrounds and are competent in specialized fields. The faculty members, Ammerman says, are "ambitious, innovative, never satisfied with things as they are."

James Daniels
Bayport, Minn.
Pol. Sci. B.S.

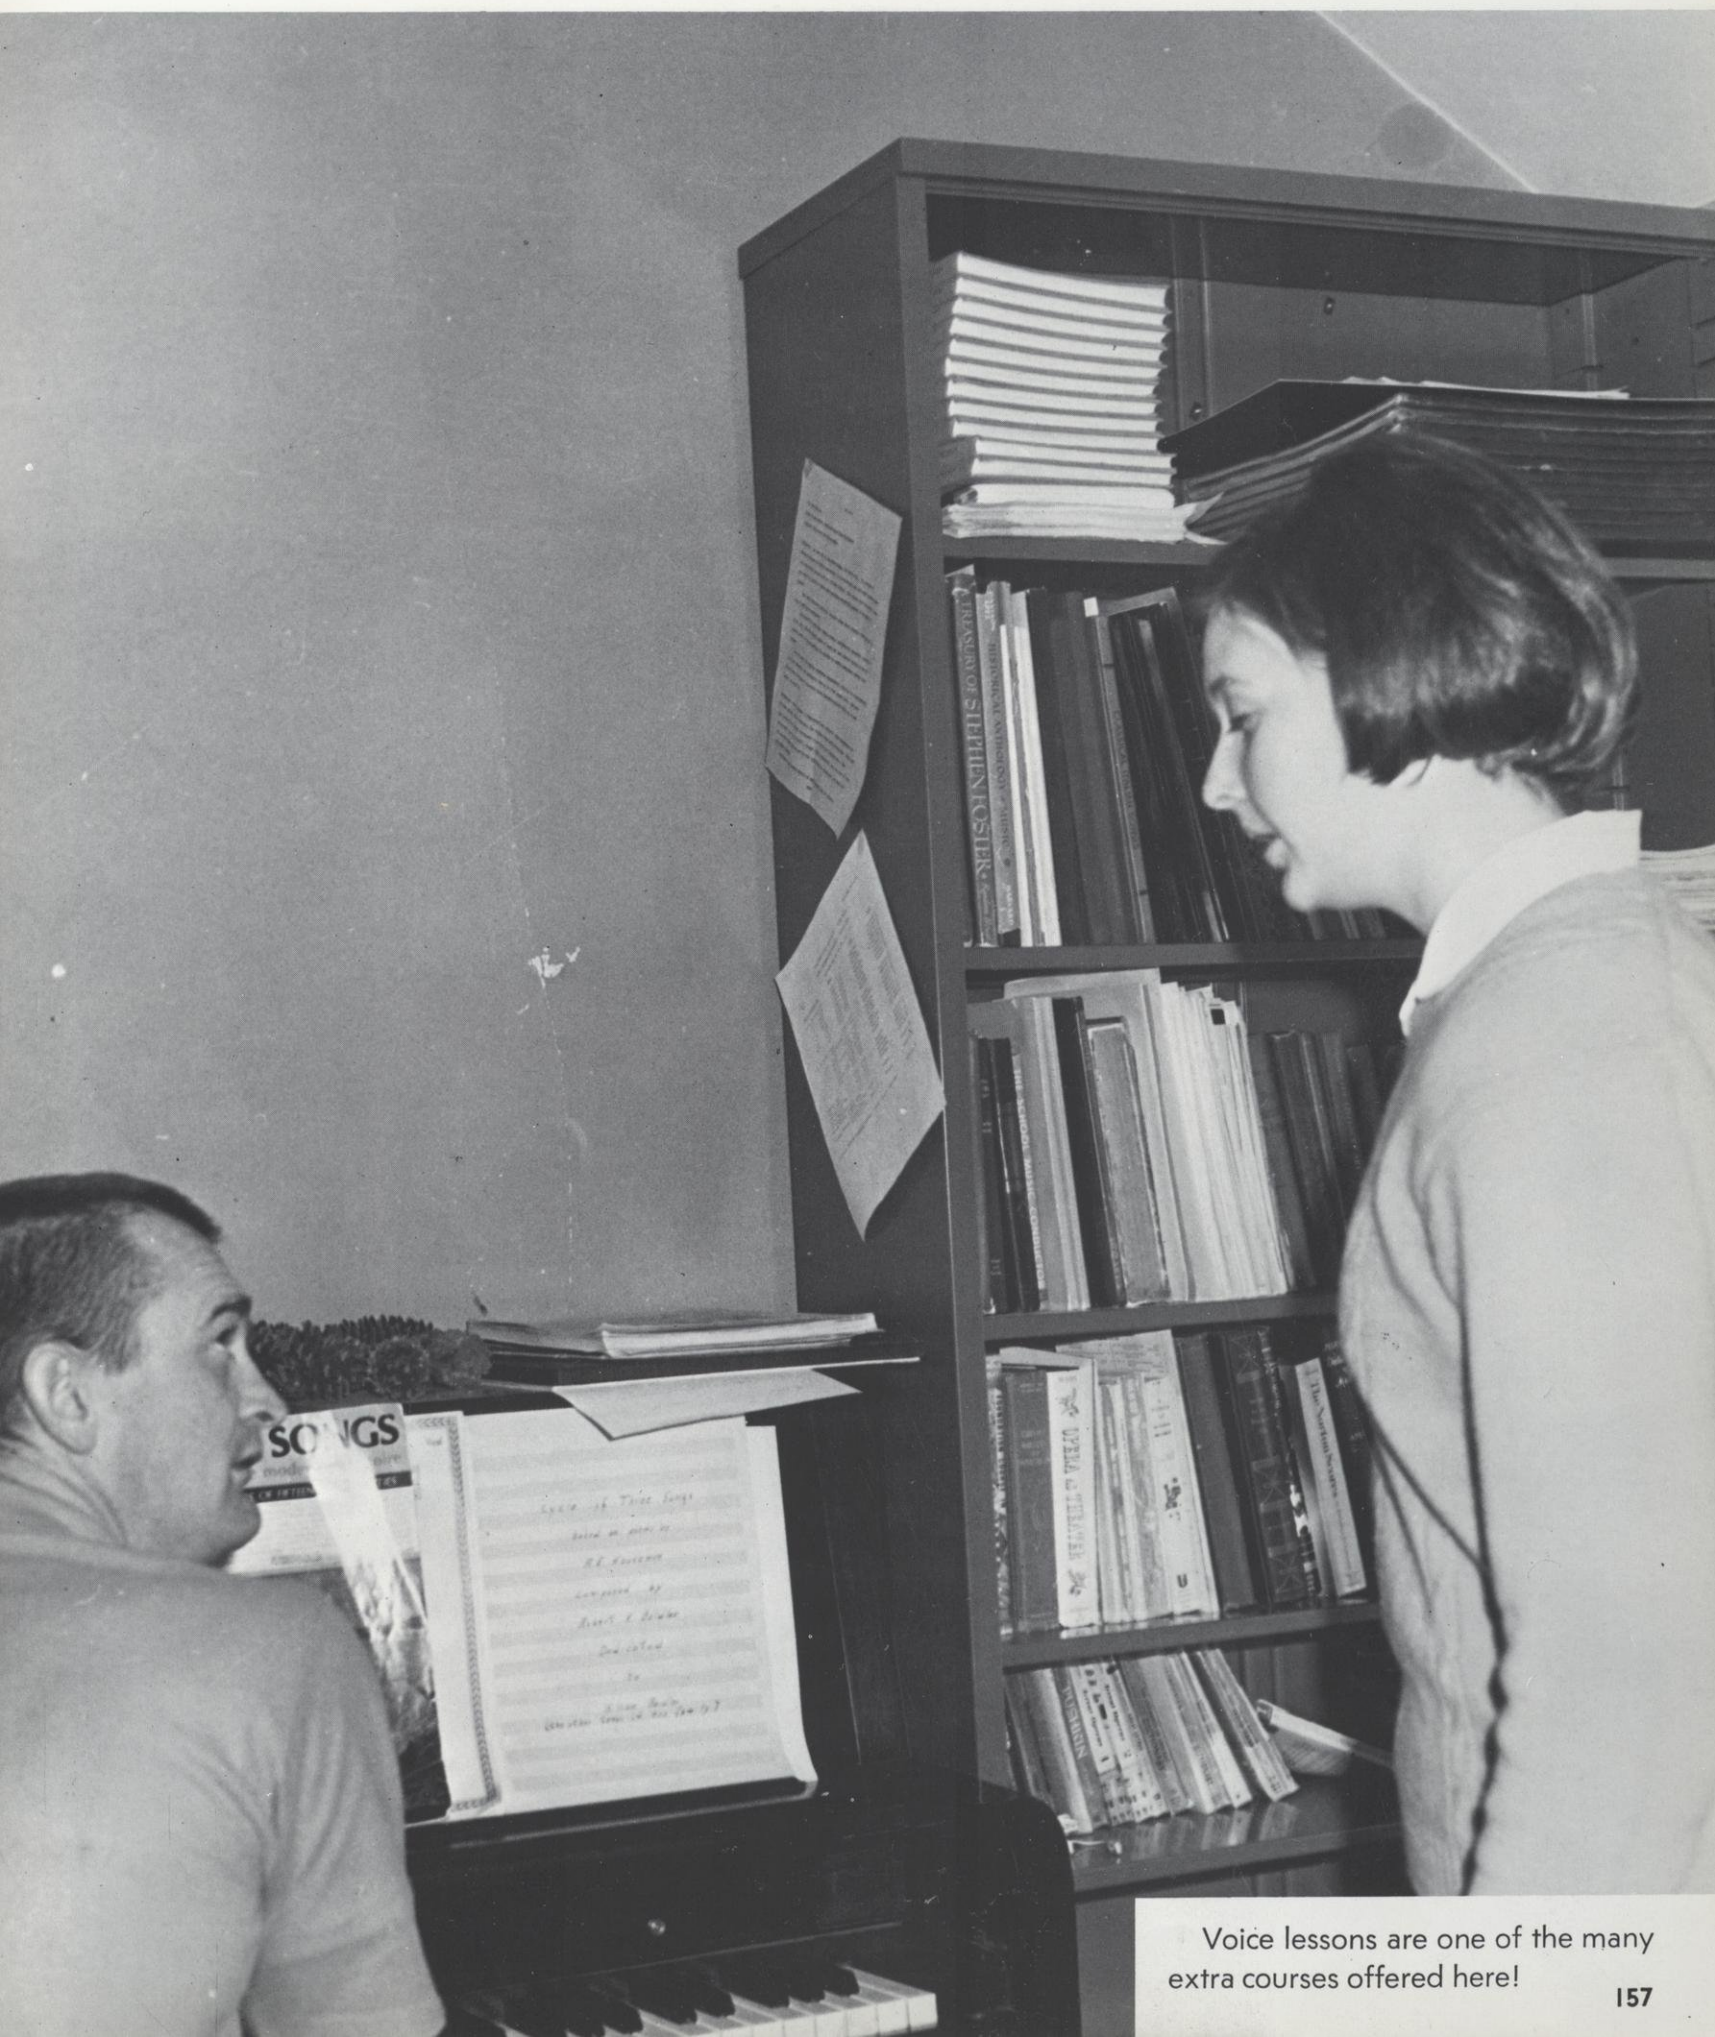

Dr. Richard D. Swensen
Chemistry
Bachelor of Arts, Wartburg College
Doctor of Philosophy, University of Iowa

Thomas J. Daniels
Weyerhaeuser, Wis.
Bus. Admin. B.S.

Dr. Swensen feels that the success of the River Falls chemistry department lies in the great number of individuals who, after graduating from this department, go on to teaching, engineering, or to graduate schools where they receive their Ph.D.'s. He states that within the chemistry department the emphasis has been put on program of learning and individual help for the student. In this way, the staff maintains personal interest in students and, Swensen concludes, this is the principle key to the success of this university.

A Student's Work Is Never Done.

Sociology For The Year '69

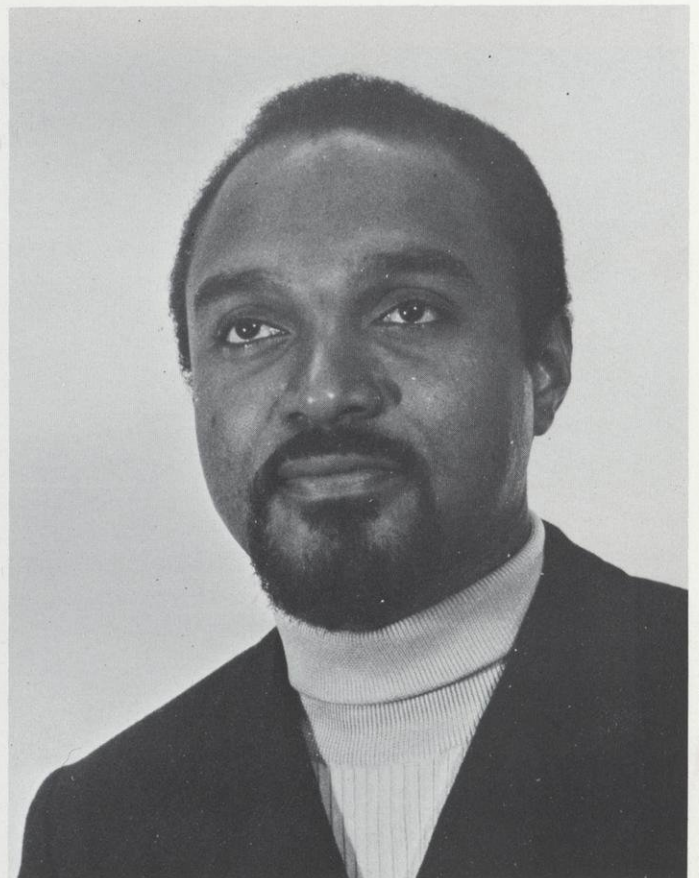

Dr. Robert B. Bailey III
Sociology
B.A., Talledega College
M.A., Birmingham University, England
Litt. Et. Ph.D., University of Utrecht, Holland

Dr. Bailey has seen the sociology department grow from a staff of two to over nine, since he has been at River Falls. (With this rapid growth, the sociology department will be getting a master's program in the near future.)

Dr. Bailey is very interested in the Study Abroad Program. He thinks the students should experience actual contact with the people and do field research in a foreign country to gain a better understanding of them.

Dr. Bailey said he would like to see more foreign students at River Falls because it would give us a better chance to learn about each other.

Criminology, Racial and Cultural Minorities are two of the classes which Dr. Bailey likes to teach. And here also, field research is the most important part of his class routine.

Dr. Curtiss O. Larson
Physics
Bachelor of Science, Wisconsin State University—River Falls
Doctor of Philosophy, Case Institute of Technology

Dr. Larson feels that students in education have needs which differ from the needs of students in liberal arts, and he doesn't feel that all departments are doing enough to meet these different needs. He thinks that the physics department is a good one and that the staff is well trained and sensitive to human needs. He considers the teachers well qualified and interested in teaching. Larson enjoys working with undergraduates.

Arts And Sciences Graduates 1969

Sanford D. Syse

Speech

Bachelor of Science, Master of Science, University of Wisconsin

"I was sitting on a hill in Korea one day and decided I wanted to go into the theater." And so Syse is a part of the theater program at River Falls after a teaching stint at the University of Illinois. Syse believes the River Falls theater program has "the best quality by far" in the State University system, but poor facilities. The department is getting better equipment and more funds, however, he says. He likes to bring professional actors to campus to expose students to their work. There is a close working relationship at River Falls between students and faculty, according to Syse, and "students are the most exciting people in the world."

Q. Do you think that it is important for teachers and students to be involved with students outside the classroom?

A. Yes . . . The classroom is sometimes confining. Both teachers and students can benefit from the contact outside the classroom. The setting outside the classroom may be where the learning experience actually begins . . . Unfortunately such contacts do not occur as often as one might wish.

Q. Why?

A. Lack of time is part of the reason, I suppose. Also, part of the reason is that both the student and the teacher might feel uncomfortable outside the classroom. The formality of the classroom and the learned behavior that ensues create a comfortable, if not necessarily creative and stimulating, situation for both the student and the teacher . . . Outside this structure both the student and the teacher must stand and be judged as individuals, not titles or numbers.

PURPOSES OF WOMEN'S RECREATION ASSOCIATION

The purpose of the Women's Recreation Association at Wisconsin State University—River Falls is to promote interest in, and to provide opportunities for participation in various individual and team sports, and to further interest in women's athletics. It works in co-operation with the Women's Physical Education Department and with the Wisconsin Athletic and Recreation Federation of College Women and the National Athletic and Recreation Federation for College Women.

Our W.R.A. strives to sponsor an interesting, well-organized program that all coeds will enjoy. Emphasis is placed on participation for the many, rather than for the select few. Through participation in our program, you will experience wholesome competition and make lasting friendships.

Join us in the spirit of fun!

Agrifallians 1969

Front row: Judith LeFevre, Mary Howland, Bette Davies, secretary. Back row: Eugene Hansen, president; Keith Swenson, vice president; Harley Schneider, treasurer; Dean Henderson, adviser.

The River Falls Agrifallions Society was organized on January 8, 1959. Membership is open to all students in the non-teaching fields of agriculture.

The purpose of our society is to promote fellowship and to further acquaint students with the professional and vocational opportunities in the field of agriculture. Speakers from various areas of agriculture are invited to speak to the group. Through speakers, we become acquainted with the internal functioning of management and new ideas of businesses.

This club, in conjunction with the Ag. Ed. Club, annually sponsors the River Falls Royal. This is a fitting and showing contest, with classes of beef, sheep, swine, and dairy selected from the Laboratory Farm. Trophies and ribbons are given to the contestants. The Ag Banquet is another activity sponsored and open to all students. It consists of a dinner at a supper club in the area, at which time the teachers are presented witty gifts, as token of the students' appreciation. Also each spring the agriculture picnic is held at Glen Park and includes a fry-out and baseball game between the faculty and seniors.

The bull is placed in front of the Ag Science Building on the second and fourth Thursdays of the month, as a meeting reminder.

The LSA is an organization which attempts to present a sense of spiritual awareness and questioning to the collegian. In attempting to do this, the LSA sponsors weekly evening worship services (vespers), Bible study series, and direct campus involvement through the Council of Religious Organizations in the form of programs, speakers, and studies.

Organizational activities include Sunday evening cost suppers, community and coffee house services.

Be thou faithful unto death, and I will give thee a crown of life.

Kappa Mu Epsilon 1969

Kappa Mu Epsilon is an honorary mathematics society with over 23,000 members nationally. WSURF has the Wisconsin Beta Chapter.

This organization meets regularly featuring speakers from the faculty, the faculties of other universities, and mathematicians in industry, who provide insights into many aspects of mathematics.

Front row: John Sabaka, Secretary; Lyle Oleson, Adviser. Back row: Raymond Hellmer, Vice President; Reg Ronningen, Publicity Chairman; Don Gettinger, Treasurer.

SIGMA CHI SIGMA

Sigma Chi Sigma stands for culture, service and sociability. This sorority is open to girls of sophomore, junior and senior standing who have at the beginning of the year, a 3.5 overall average. The sorority sponsors a scholarship to a third-quarter freshman who meets the sorority requirements, attends cultural events in the Twin Cities, and hosts various social events in River Falls.

Sigma Alpha Eta 1969

Sigma Alpha Eta is a national professional organization whose members are preparing for vocations in speech pathology or audiology. The organization was created to encourage professional growth by providing learning experiences not offered in the formal course structure; to provide situations in which students and faculty may work together to advance the profession as a whole; and to aid in public relations with other college and university departments and with local organizations interested in knowing about speech pathology and education of the acoustically handicapped.

Vote 'Yes' For 18-Year-Old Beer!

Alpha Gamma Rho 1969

Alpha Gamma Rho Fraternity was established on the WSU—RF campus in the fall of 1964. Since that time it has had a very eventful history. In the fall of 1967 Alpha Gamma Rho purchased the first fraternity house on campus and set up a food service to feed approximately 45 men of the fraternity. The date May 4, 1968 will always be remembered by Alpha Gamma Rhos on the River Falls campus because that was the day they became Alpha Psi chapter of the Alpha Gamma Rho national fraternity.

The school year of 1968-69 has been very eventful for all of the AGR's. The year's activities were set in motion in September with a chicken barbecue the weekend of the Little East-West Shrine game. A portion of the profit was donated to the Shriners. Homecoming was the next social event in which Alpha Gamma Rho participated. It was very successful with AGR taking all but one event and placing first overall in the men's division. Winter Carnival was not quite as successful: Alpha Gamma Rho placed third overall. With Alpha Gamma Rho placing first overall in the Foundation Week activities, it became the No. 1 social organization on campus for the 1968-69 school year.

Two other very important things have happened to Alpha Gamma Rho this year too. First was the beginning of construction of the addition to the fraternity house which will house the fraternity's members. The second was the hiring of "Mom" York, our housemother, whom we have found to be a very gracious lady willing to assist us in any way she can.

Sigma Tau Gamma 1969

Sigma Tau Gamma international fraternity was founded on June 28, 1920, in Warrensburg, Missouri. It was born in the belief that all men are social creatures and that friendships of college men are lasting ones. Sigma Tau Gamma is dedicated to the highest ideals of manhood and brotherhood; to congeniality, the development of good personal characteristics and social poise; to good scholarship, mature thinking and action; to good citizenship, democratic principles and acceptance of responsibility; and, to loyalty and service to college, community, country and fraternity. It believes in the principles of: Learning, Leadership, Value, Excellence, Benefit, Integrity.

Gamma Nu Chapter at WSU—River Falls was chartered on May 17, 1969, as the 64th active chapter of Sigma Tau Gamma. We had our start in 1963 when Sigma Rho local was established on campus. We have been known as an academically orientated fraternity, and also for many service projects for school and community. We have initiated several new events such as the school calendar and dance, bratwurst fries, White Rose Formal, and pancake fests, along with participating in all other school activities.

Phi Nu Chi, First Fraternity

Phi Nu Chi Fraternity originated as the first Greek organization on campus in 1958 by members of the Pinochle Club.

Phi Nu Chi is a social organization devoted to the betterment of community-university relations, an organization soliciting membership from all walks of campus life who have the common goal of a realization of their individual ideals through a unified group.

Phi Nu Chi actually recruits students to WSU—RF along with collecting for the United Fund. An annual snowmobile raffle using much of the proceeds to sponsor orphans and other worthwhile causes are always prevalent in the eyes of the members.

Phi Sigma Epsilon 1969

PHI SIGMA EPSILON FRATERNITY was established to promote a closer bond among men students of higher educational institutions, so that they might enter into more intimate fellowship with those dedicated to education and a better understanding of men.

The objectives, incidental to its purpose, are to encourage culture, to foster college spirit, to perpetuate friendship and intimate social ties within its membership, and provide college homes for active members. To this end it invites to membership such persons who exhibit commendable personal qualities, worthwhile educational ideals and sound scholarship. It shall endeavor to maintain a high degree of professional fellowship among its members and to quicken professional and social growth by honoring achievement in college or university work.

Theta Chi 1969

THETA CHI SOCIAL FRATERNITY

Theta Chi is one of the three original social fraternities on the WSU—River Falls campus. The fraternity was organized in January of 1963 as Sigma Tau Epsilon and has grown and prospered every year since.

In the fall of 1967 the school regulation prohibiting national fraternities from campus was lifted and Sig Tau began the search for a national organization whose goals and purposes came closest to our own. The search culminated on February 10, 1968, when after studying six national groups, Sig Tau decided to ask Theta Chi for affiliation. We were installed as Zeta Sigma chapter of Theta Chi on June 1, 1968.

Theta Chi in the past few years has shown increasing leadership on campus in social and intellectual activities. We have received the outstanding social organization award for Homecoming for 1966 and 1967. Theta Chi has won outstanding organization honors for Foundation Week in 1966, 1967, and 1968.

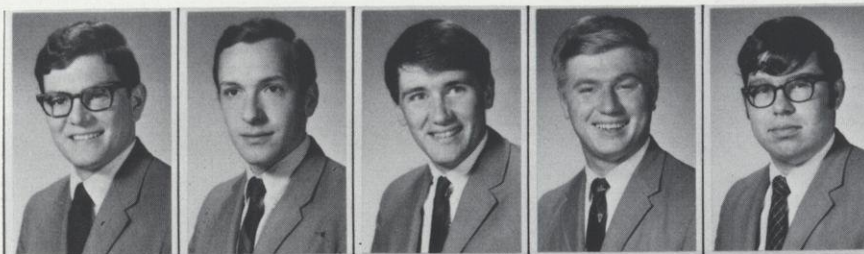

Two annual Theta Chi sponsored weekend activities, Football Festival Weekend in the fall and Sadie Hawkins Weekend in the spring have in the past few years become campus traditions which are looked forward to by everyone on campus.

Theta Chi prides itself on the varied backgrounds, areas of study, and interests of its members. We have brothers in every phase of campus life. Our brothers include student senators, other members of student government, church group members, and participants of the many professional and honorary groups on campus. We have varsity athletes competing in football, basketball, baseball, track, swimming, wrestling and gymnastics. For the rest of the athletically inclined brothers we have organized teams in touch football, basketball, bowling, baseball, and broomball in the intramural program.

Along with these many social activities, the brothers of Theta Chi provide services for the campus. We usher at all University Theatre productions in the Little Theatre and help usher at all "Big Name" events on campus. One of the service projects initiated by our group at its outset and one which we continue to support is a monthly contribution for the support of an orphan child in France. The fraternity also compiles and distributes the annual Student-Faculty Directory.

Theta Chi is proud of the activities and services provided by our group and of the achievements of the group and individual members.

Kappa Delta Psi 1969

"TAKA LA DIODAMEN"—"We will strive for that which is honorable, beautiful and charitable,"—is the motto of Kappa Delta Psi, the second sorority established on the River Falls campus.

Kappa Delta Psi was chartered in the spring of 1963 with 26 original members. The membership is presently 51 active members, one social affiliate, and eight pledges. By the spring of 1969, we hope to be a chapter of a national sorority.

The sisterhood of Kappa Delta Psi is based on mutual interest, friendship and assistances. Among the many service projects, Kappa Delta Psi ushers at all music concerts. We have adopted an orphan and have supported her for several years. Last year the sorority began to correspond with a platoon in Vietnam, who receive "care" packages and 30-foot letters regularly from the girls.

Kappa Delta Psi is active in many activities every year. Last year we placed first in the Homecoming Floats and Lawn Display, and second in other events to give us first place overall in Homecoming. This year we tied for First Women's Overall in Homecoming, with first place in the skits, and second place in all other events. For the year 1968, Kappa Delta Psi received First Women's Overall!

For three consecutive years the sorority has placed its candidate on the throne for Miss Daisy Mae. Last year the sorority sponsored the first place girls' softball and basketball teams. Kappa Delta Psi also participates in Foundation Week and Greek Week.

During the year, Kappa Delta Psi takes part in many individually sponsored activities. At Homecoming, the sisters hold an alumni breakfast and a Faculty Women and Wives Tea. At Christmas time we go caroling at hospitals and homes in the community. Each spring quarter a Senior Recognition Tea and Mother-Daughter Tea are given.

Sorority members participate in: University Activities Board, Legislative Action Committee, Greek Letter Council, United Council, Associated Women Students, Women's Recreation Association, Dorm councils, Inter-Dorm Council, band, choir, orchestra, women's chorale, cheerleading, extramurals, debate, Young Republicans, Young Democrats, class officers and honorary societies.

Though we participate in many things, it is more rewarding to do things with our sisters and to share with each other and discover the true meaning of a sisterhood.

Delta Iota Chi 1969

Established in the fall of 1963, Delta Iota Chi was the third social sorority on the River Falls campus. The sorority has expanded from its charter membership of 14 women to its current membership of 60 actives.

The sorority has been active in all campus events. The year 1968 saw Delta Iota Chi taking first place among the sororities in the Winter Carnival ice sculptures. The sorority also placed third overall in the 1968 and 1969 Foundation Week activities. The girls also worked hard on becoming first in the Homecoming events of 1968 in the women's division. In the past years it has taken awards for float, lawn and window displays and games night during Greek Week.

The annual Favorite Professor Banquet is the highlight of Delta Iota Chi's sorority year. Each member asks her favorite professor or administrative person to the banquet in a program to promote better relationships between faculty and students.

But in addition to all of these various activities, the members of Delta Iota Chi strive for good scholarship, high moral integrity and cooperation among the sorority sisters as well as with the University's student life.

Gamma Phi Beta 1969

The new Delta Alpha chapter of Gamma Phi Beta sorority was the first women's sorority on the River Falls campus, as well as being the first sorority to obtain national sorority status.

The Delta Alpha chapter of Gamma Phi Beta sorority was formally installed by the Kappa chapter (University of Minnesota) on May 3, 1969. Thirty-five collegiates and 10 special initiates were initiated into Gamma Phi Beta. All the national officers were present at the installation, along with Field Representative Miss Evelyn Brzezinski.

Each year Gamma Phi Beta gives its time in many service projects for the community of River Falls. The sorority's philanthropy project is for underprivileged children's camps in the United States and Canada.

Gamma Phi Beta sorority maintains the highest academic grade-point average of all the sororities on campus at this time!

Outlook 1969 Outlook 1969

THE GRADUATES WILL WALK MANY PATHS BEFORE THEY LIE DOWN TO SLEEP
TO IMPROVE THE WORLD THEY HOPE TO KEEP!!!

The Hand Of The Graduate 1969

What direction now?
What direction now?
What direction now?
What direction now?
What direction now?
What direction now?
What direction now?
What direction now?

Which way does a graduate go?

Up or down?
Up or down?
Up or down?
Up or down?
Up or down?
Up or down?

Up or down?
Up or down?
Up or down?
Up or down?
Up or down?
Up or down?

BIOLOGICAL
SCIENCE

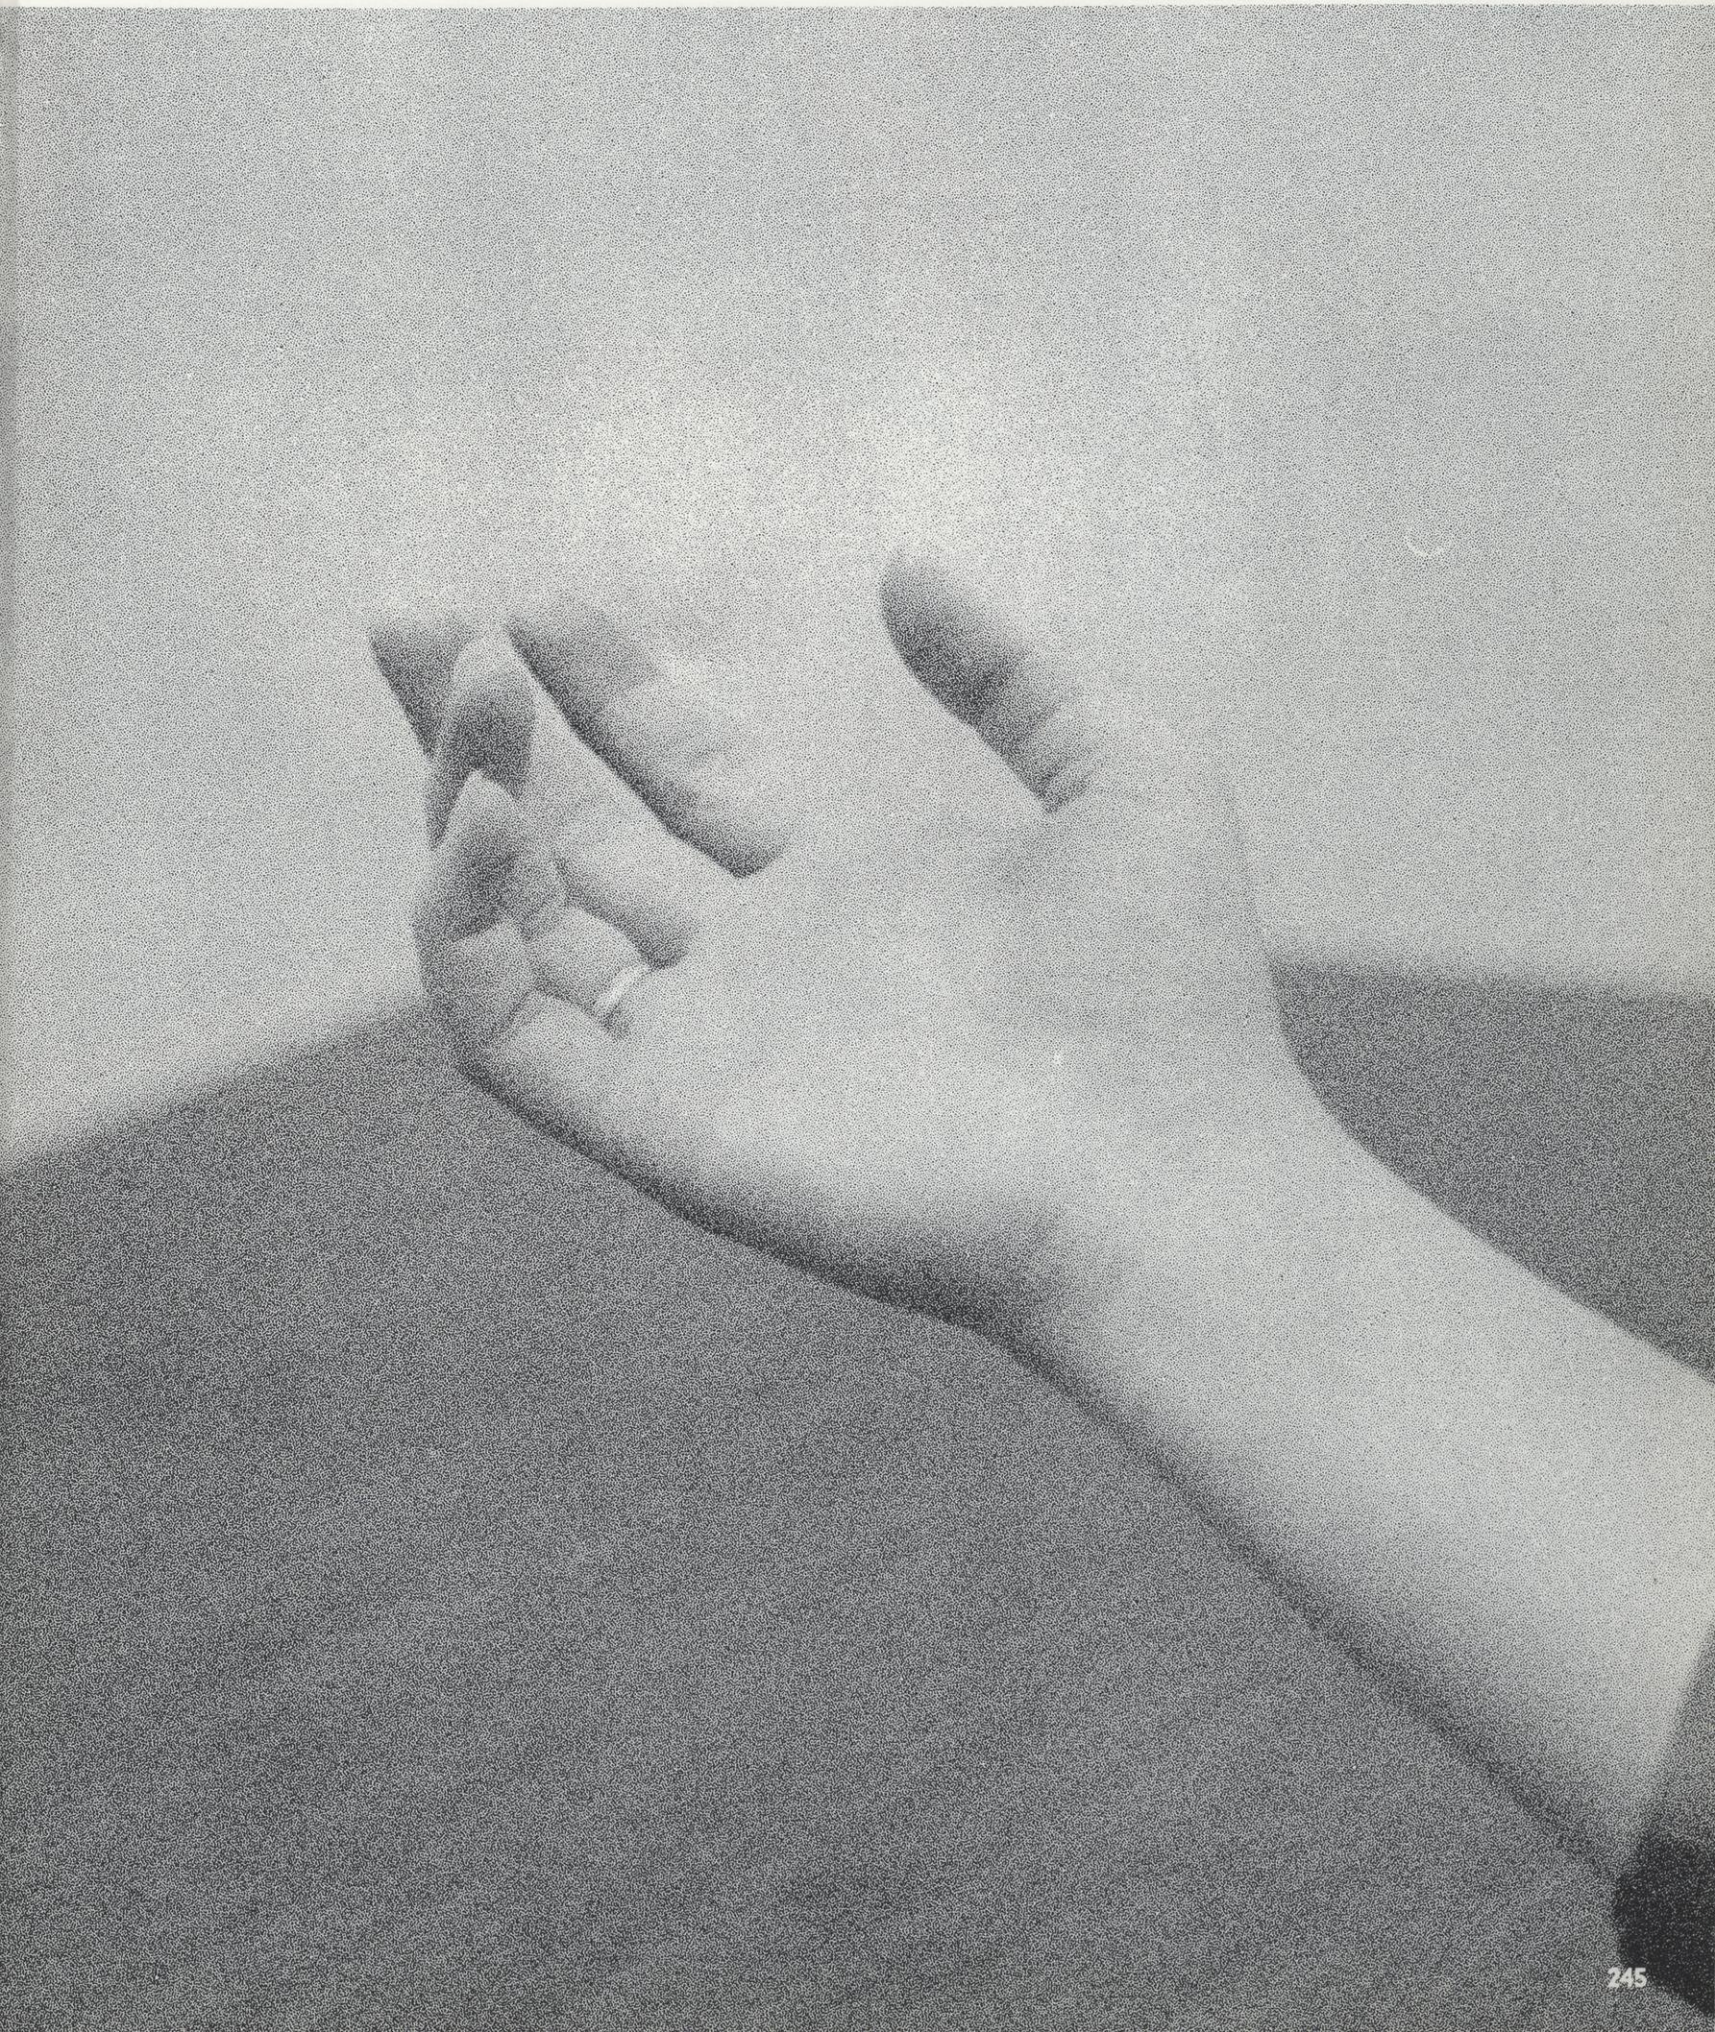

Some May Point The Direction !!!

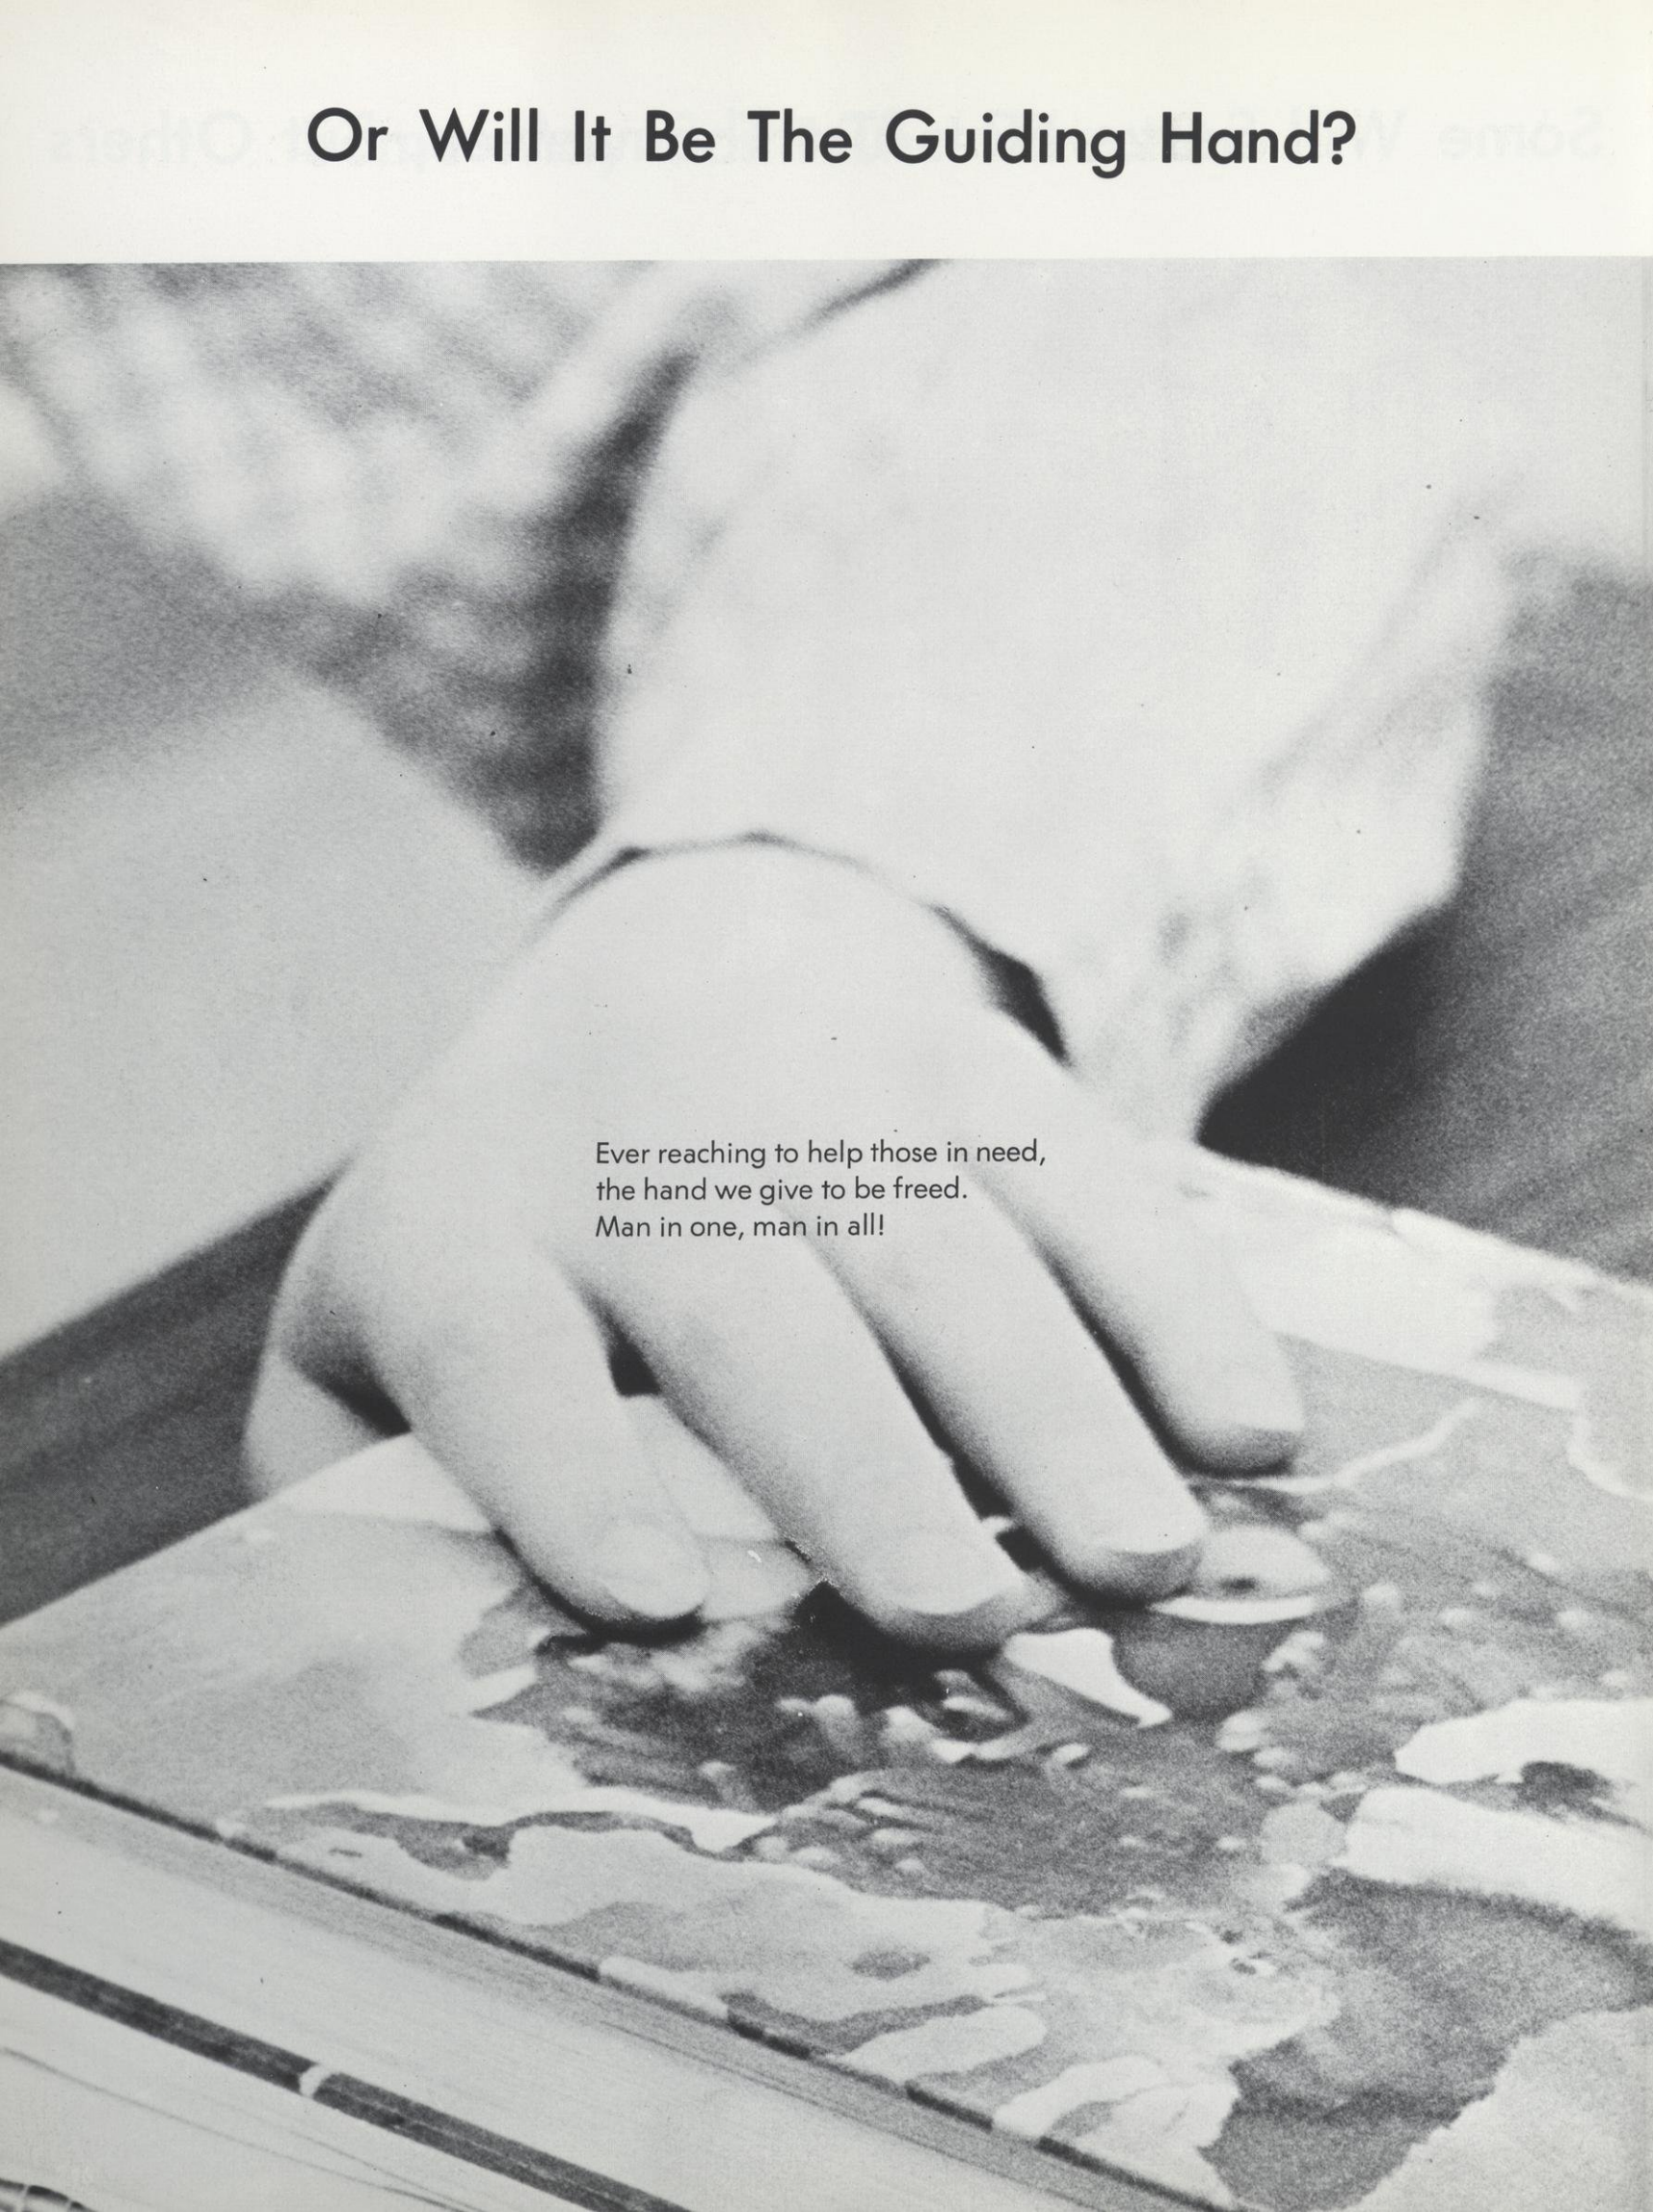

All nature is but art, unknown to thee;
All chance, direction which thou canst not see;
All discord, harmony not understood;
All partial evil, universal good:
And, spite of pride, in erring reason's spite,
One truth is clear, whatever is, is right.

Shakespeare

Some Will Serve Not Just Themselves, But Others

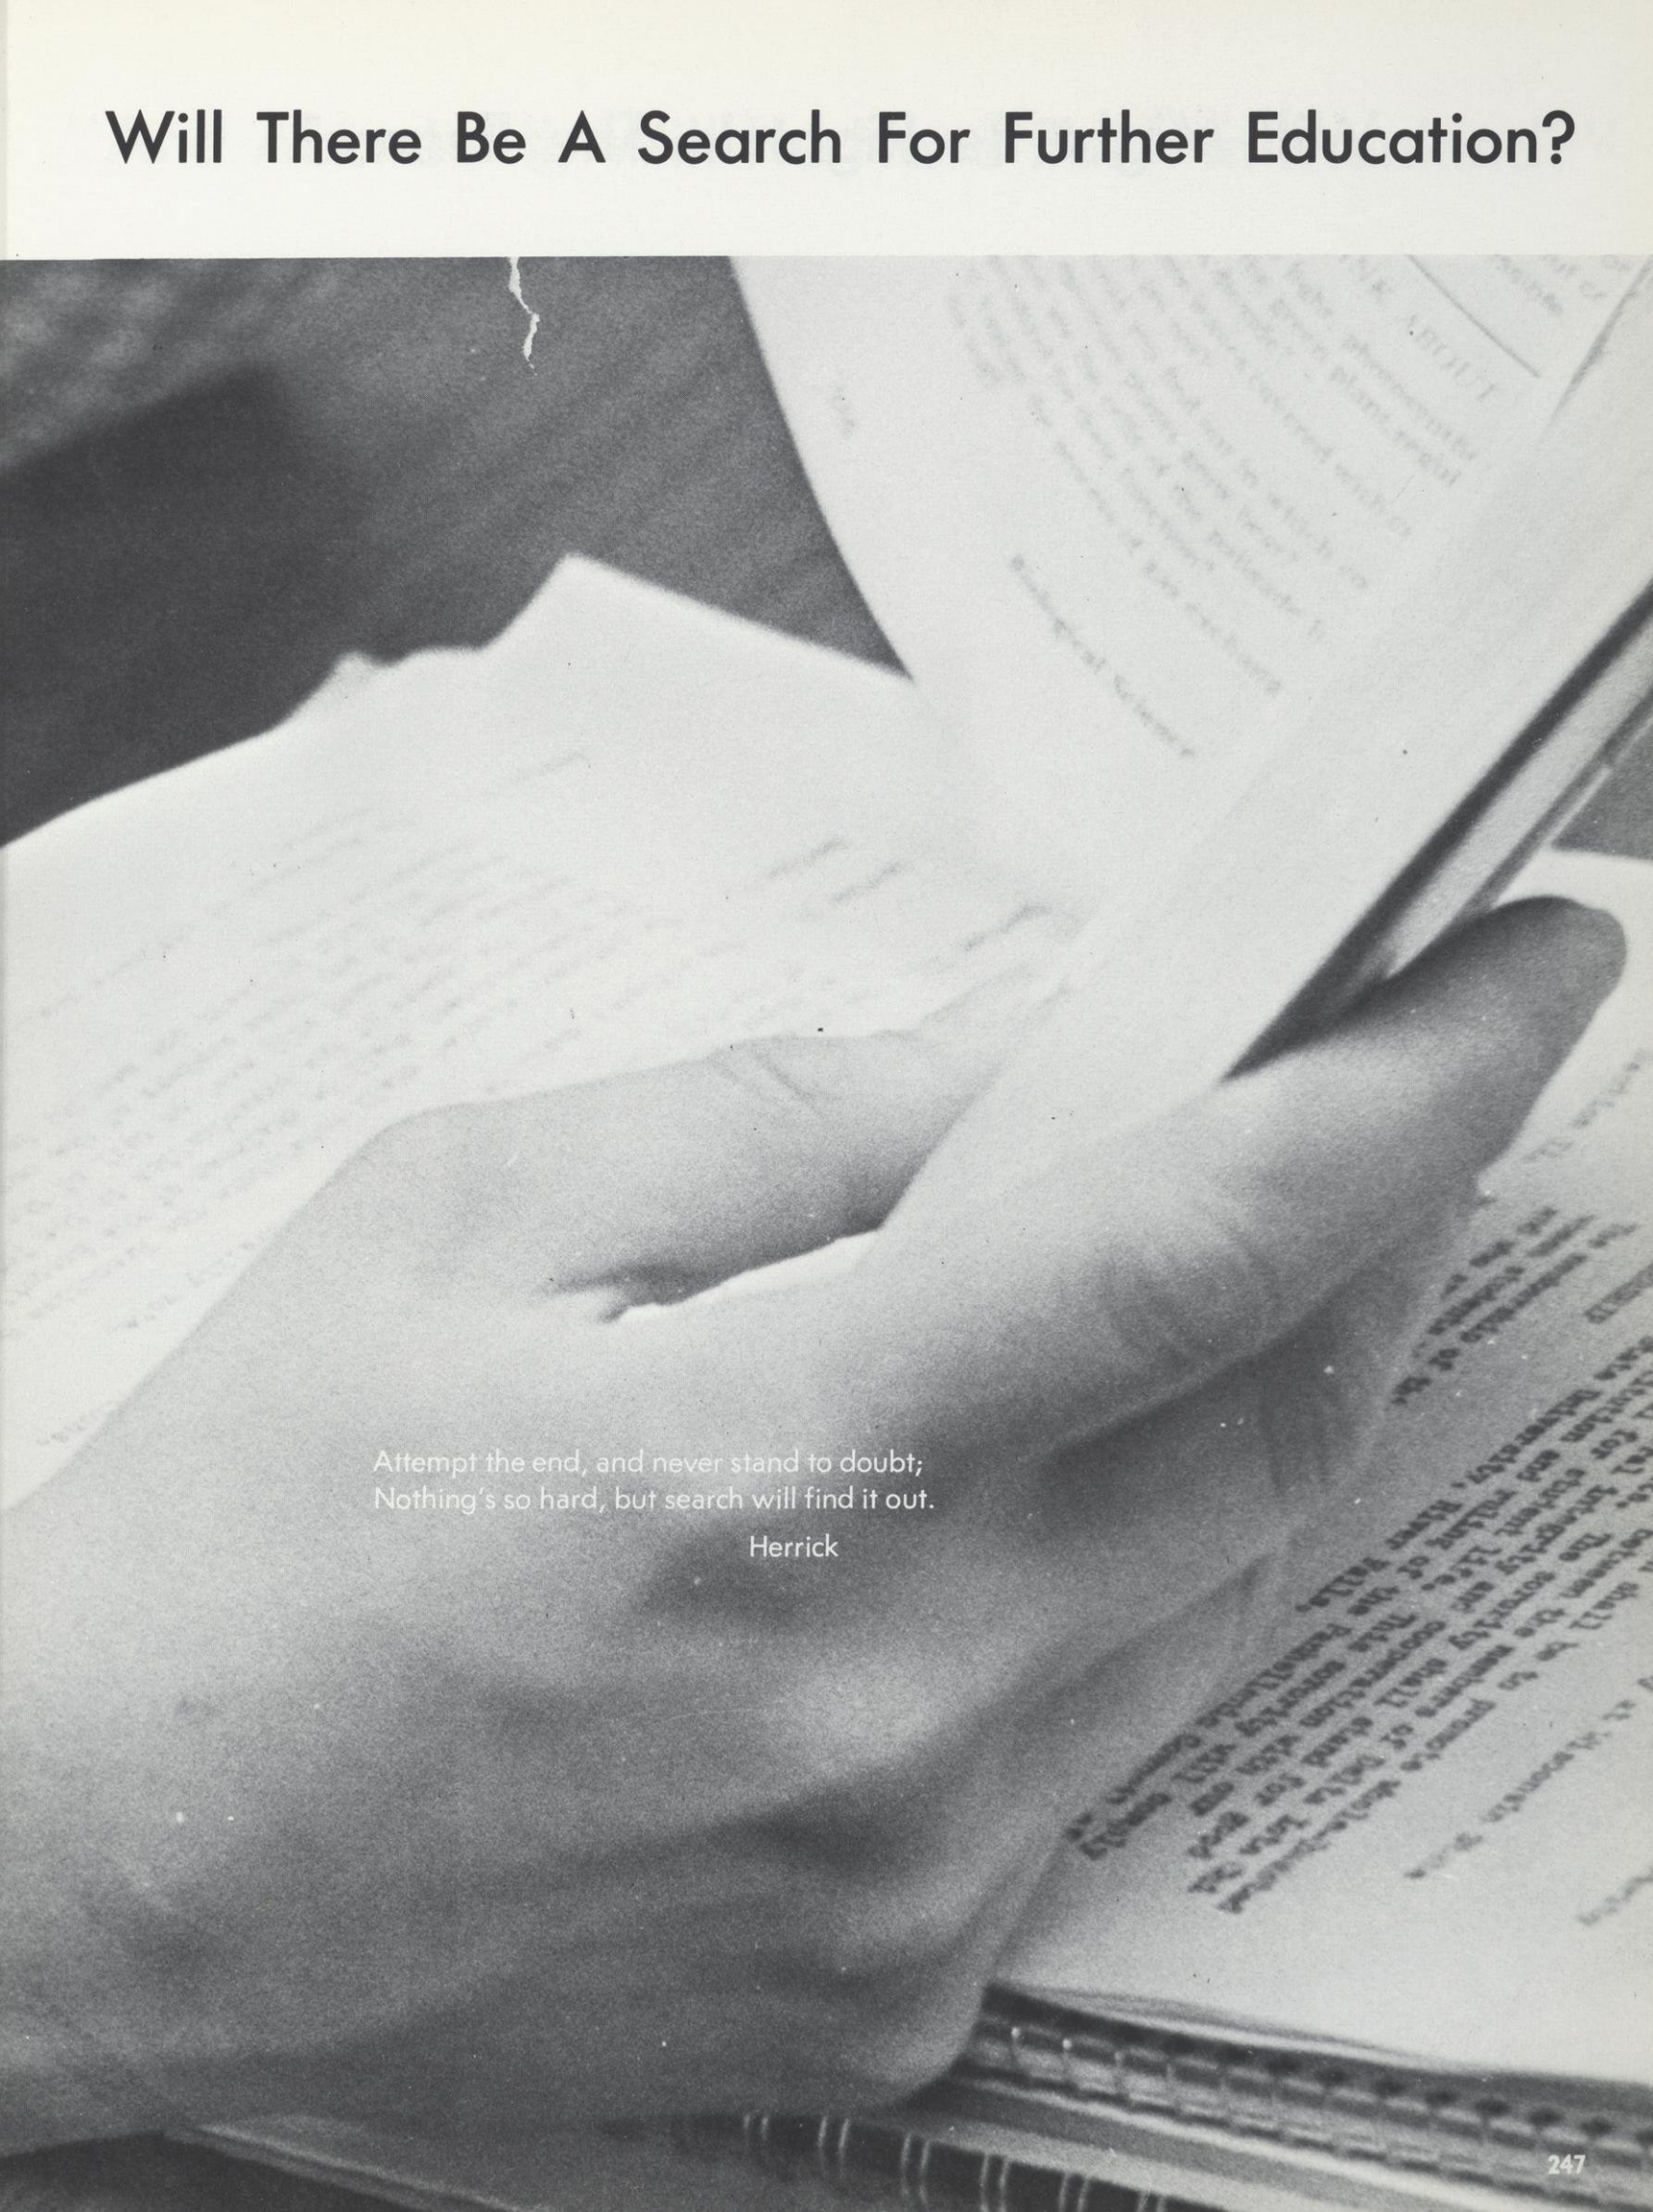

Or Will It Be The Guiding Hand?

A black and white photograph showing a close-up of a person's hand resting on a map. The hand is positioned with fingers slightly spread, as if pointing or tracing a path. The map is open, showing a detailed geographical area with various landmasses and water bodies. The background is blurred, focusing attention on the hand and the map. The lighting is soft, creating a contemplative mood.

Ever reaching to help those in need,
the hand we give to be freed.
Man in one, man in all!

Will There Be A Search For Further Education?

Attempt the end, and never stand to doubt;
Nothing's so hard, but search will find it out.

Herrick

Will Might Be Right In The Future?

... with firmness in the right,
as God gives us to see the right,—
let us strive on to finish the work we are in ...

Lincoln

“And Above All, Will He Have Faith In Mankind?”

Know then thyself, presume not God to scan. The proper study of Mankind is Man.

Epistle 2, 1

"Care For A Lifesaver?"

After 4 hours of deliberation it's finally settled—we'll all have a hamburger and a coke."

"If you don't come out in 2 minutes we'll shoot tear gas in."

"Our next selection will be Beethoven's 11th symphony in F minor for Flugelhorn and Bass guitar."

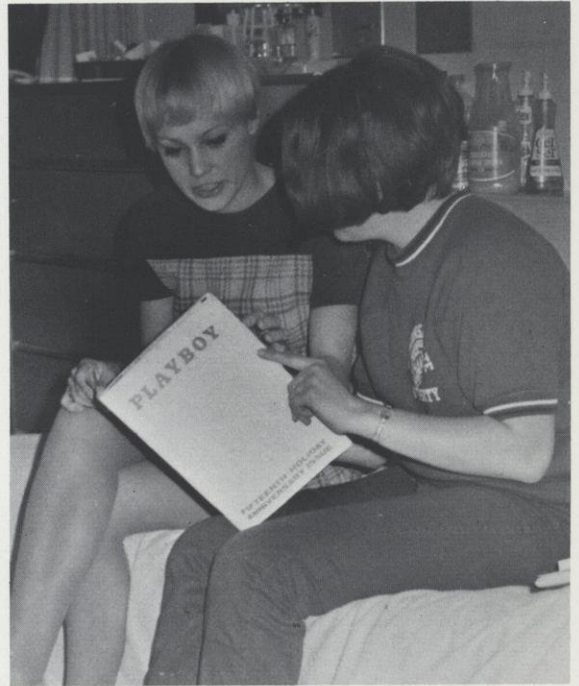

"Just put the money in a bag, act as if nothing is happening and no one will get hurt."

"Our group had 43% fewer cavities and 76% fewer teeth."

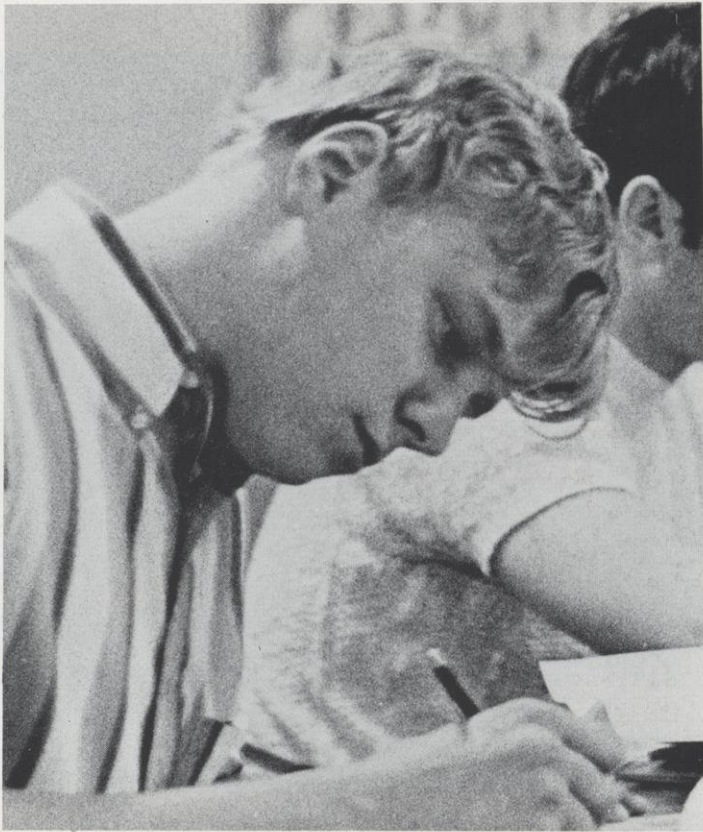

"This deodorant works O.K. but it makes my arms stiff."

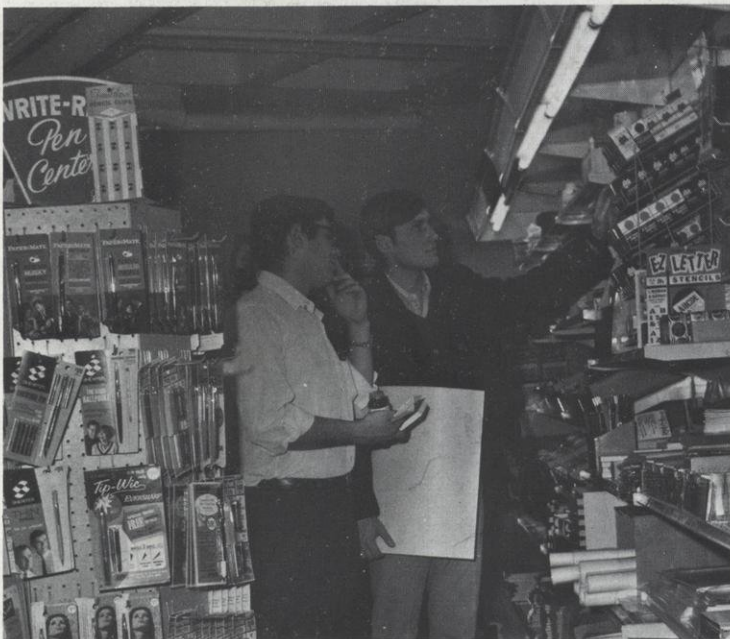

"I've never seen anyone in our shower built like that!"

"Thomeone thure made a great thign."

"I've noticed quite an improvement since I started using Clearasil."

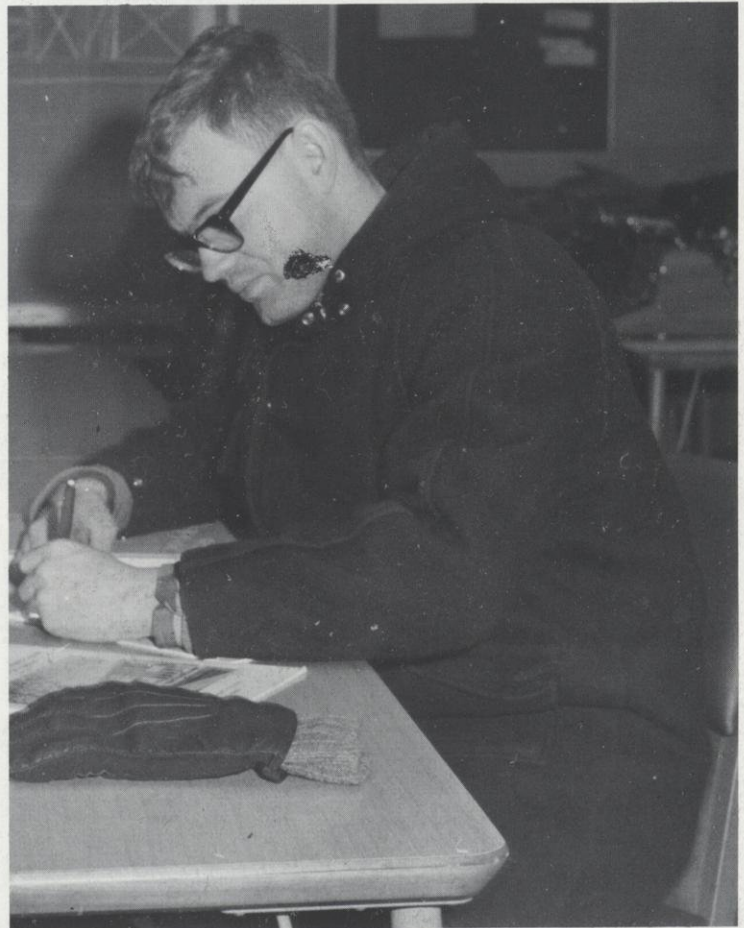

"Many shoplifters wear pantaloons to aid them in removing merchandise."

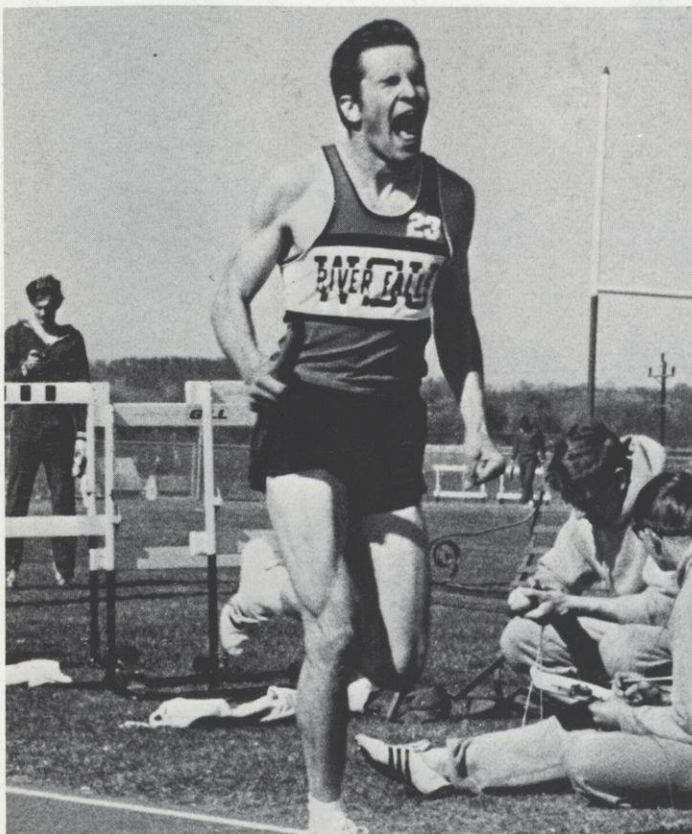

"Could you please turn off the beaters on the manure spreader."

"Our editor took out all these girls in one night and was in by 9:30."

"hmm ... it says—'put \$500 in small change under the swinging bridge by noon tomorrow or you'll never see your assistant editor alive again'."

"Wait till I find out who put that thumbtack on the race course."

"Craig's Fancy Scrap Book," Middleton / Meletean

Dear Students,

May 17, 1969

Thank you
for the opportunity
of being the sixty nine
Meletean editor!

Sincerely yours,

Craig F. Middleton
