ERICA, FREYTAG CHOSEN AS HEADS FOR 1927 BADGER

New Editor and Business Manager Have Done Consistent Work on Annual

Ewart Merica '27 was elected editor-in-chief and Elmer Freytag '27 was elected business manager of the 1927 Badger by the Badger board at a meeting yesterday afternoon.

During his first year, Merica served as assistant engraver and in the past year has held the job of engraving editor. Freytag was a freshman assistant last year, and has been photographic editor for this year's annual, his work being both in the editorial and business departments of the production.

Few Appointments Made

Only a few of the major positions on the staff of next year's Badger will be filled this spring, the board desiring to give the new leaders opportunity to select their own assistants. For this reason, the board yesterday took no action on appointing either an associate editor or an assistant business manager for next year.

The election yesterday was the second one to take place under the new system inaugurated a year ago. Until last year, the editor of each Badger was elected by the class in whose name the book was to be published but by the new method, the editor is chosen by a board most of the members of which are elected by the class.

Both Are Experienced

The present board, which elected yesterday and which has been present at the meetings of the 1926 board this year, will serve until the 1927 Badger is completed. At that time, a new board, elected by the class of 1928 next fall will come into office.

HEIN ELECTED AS NEW PHILOMATHIA LEADER

Philomathia at its last regular business meeting of this year elected officers. Reinhard Hein '26 was elected president; Paul Moskowitz '26, vice president; Maurice Benfer '26, secretary; Isador Alk '26, treasurer, and Karl Ludwig '26, censor. Karl Ludwig was elected to the forensic board. Constitutional amendments were made at the regular business meeting.

HAZELWOOD HEADS COLLEGE COMICS

Midwest College Body Elects New Officers at Ann Arbor Meeting

ANN ARBOR, Mich. (Special)—Clark Hazelwood, manager of the Wisconsin Octopus, was elected president of the Midwest College Comic association at its semi-annual meeting in the Union building here today. Hazelwood completes a year as secretary of the association. The other officer is John Price of the Ohio State "Sun Dial," secretary-treasurer.

Exclusive reprint rights were granted by the association to College Comic, College Humor, Life, and a few other magazines of their type. This step was taken to safeguard the member humor publications against reprinting of their material in magazines of a sensational and salacious character.

Six applicant magazines were admitted to one year's probationary membership in the association. The question of a uniform advertising rate for member publications was discussed, but held over for consideration at next year's meeting, which will be in Evanston, Ill. G. P. Williams of the American Color Printing company spoke in the morning on the relation of the college magazine to the engraver.

The Octopus delegation to the convention consists of Clark Hazelwood, manager; John E. Davis, editor; Ralph Crowley, business manager; and John W. Powell, associate editor.

Wisconsin Does Not Place at Evanston Speaking Contest

Illinois won first place at the annual N. O. L. contest held at Evanston Friday evening. Carol Hubbard '25, Wisconsin representative did not place.

Hubbard was chosen to represent Wisconsin after Herbert Morse L3, winner in tryouts, was declared ineligible. Her oration was on "Followership, the Other Half of Leadership."

The rules of the contest call for an original oration to be delivered by the author.

EIGHT ELECTIVE JOBS DEFAULTED

Apathy Shown in Contest For Positions in Spring Elections

Eight of the 20 positions to be filled in the spring elections have been filled by default, according to the petitions filed in the dean's office.

On the Athletic board the following positions have been won by default president, Steven H. Polaski, '26; vice president, Clarence B. Herschberger '27; football, Jefferson Burrus '27; basketball, Henry R. Brooks, '27; crew, Harold L. Coulter '25; and cross country, Ray Kubly '26.

There are two men eligible for track, Kenneth Kennedy '26, and Charles E. McGinnis '27. For minor sports, Richard Feuchtwanger '27 and Richard Ratcliff '27 are eligible. Three men, James A. Clark '27, Charles E. Nelson '26, and Brewster Shaw '27, are running for the position of non-W man. One man is to be elected to fill each position.

Only one position was filled by default for Union board, that of the non-recommended junior. The position goes to Osborne Hand '26. One of the two recommended juniors, Lincoln Frazier '26 and Lloyd Gladfelter '26, will be elected. The two recommended sophomores are Ewart Merica '27 and Calvin Koehring '27. The two no-recommended are Richard Bergstresser '27 and Charles Callagher '27. One will be elected to each position.

Two of the following three are to be elected to fill the two-year positions on the Cardinal Board of Control, Mary Brandel '27, Elmer Freytag '27, and John F. Gillin '27. One of the following is to be elected to fill the one-year position, Ruth Krause '26, Ralph D. Timmons '26, and Gordon Walker '26.

Gridiron Banquet Meets With Approval of Campus Leaders

That a Gridiron banquet, such as is being sponsored by Sigma Delta Chi, is an institution that should have a far reaching effect on the campus and state was the opinion expressed by a number of men students who hold positions of importance in the university when interviewed yesterday.

Les Kissel '25—The bringing of a Gridiron banquet is a novel idea and should be entertaining and worthwhile. It should become a tradition of the campus to be looked forward to each succeeding year, where students and faculty can get together, air their opinions and become better acquainted.

John Bergstresser '25—No doubt a Gridiron banquet is one of the best ideas ever entertained on the campus, and is the best thing possible to promote understanding between the various interests of the university. Undoubtedly the chance to bring forth opinions will unearth many problems and questions that will be carried further and better the conditions of the institution.

MUSEUM ROBBERY ENLISTS STATION WHA TO NEW USE

Information Regarding Stolen Indian Relics Sent From Local Station

Radio has been called into use in an effort to apprehend the thieves who Monday or Tuesday noon broke into eight show cases at the Wisconsin Historical museum and made away with many valuable Indian relics.

Information regarding the stolen curios was broadcast from university sending station WHA last night, and continued efforts will be made by radio to recover the valuables.

Suspect Two Man Job

A check up of the method of committing the robbery reveals that it was perpetrated by men who make a practice of robbing curio shops. It is believed that this robbery is one of a chain of similar deeds committed by two men who operate out of Chicago, selling their stolen goods to collectors and curio dealers.

Efforts are being made by local authorities to notify all curio dealers to be on the watch for the goods. Complete descriptions of the property have been broadcast by radio.

C. E. Brown, curator of the State Historical museum, believes that the burglars entered the museum

Twenty-seventh Initiation Dinner and Serenade Held For New Members

Sixty-five new members were initiated into the Haresfoot club at its twenty-seventh annual alumni banquet and initiation which was held last night at the Loraine hotel.

Following the banquet the members attended the Orpheum theater. At midnight, the Haresfoot club gave its annual serenade, which delighted the Latin quarter last night. The orchestra played song hits from "Ivan Ho!" and the "Haresfoot Sweetheart," while the other club members sang the numbers.

Thomas W. Morony '25, president of the club, presided at the banquet. A welcome to those present was given by the Lady Rowena, otherwise known as Byron Rivers '26. Don Tyrrell, a member of the Haresfoot alumni board, talked on "Where Are We?" He outlined the plans for Haresfoot's future.

JUNIOR ATHLETES BREAK 4 RECORDS IN RELAY EVENTS

McGinnis, Schwarze Also Show Wares For High School Athletes Here

By BOB LEWIN

Several of America's future Olympic stars took a long public workout at Camp Randall yesterday afternoon. And although it was only a small public that attended these record breaking exercises of track athletes from 30 of the leading high schools of Wisconsin, Michigan, Illinois and Iowa, they performed excellently enough to have one Mr. Paavo Nurmi, professor of distance running, Mr. Joie Ray, and numerous speedsters, realize that youngsters will soon be able to cope with the ability of veterans.

Four New Records

As a result of the second annual Mid-West relay carnival four new records were established, and good marks were made in every relay race and special event. Milwaukee Washington lowered the record of the famed Cedar Rapids, Ia., quartet in the distance medley relay run by completing the event in 11 minutes 22-10 seconds. The old mark was 11 minutes 32 seconds.

New Javelin Distance

Hurling the discus 111 feet 3-1-4 inches, De Long, Milton Union, made a new mark in this weight event. Hall, Milwaukee West, finished second with a throw of 111 feet. The old record was set in

RODEO TO THRILL AT HORSE SHOW

Pen Jump is One of the Most Daring Riding Events

Steeplechase and rodeo thrills will be combined in the pen jump, one of the most daring of the events of the Horse show, next Saturday afternoon. The jump, by its very nature, requires skill and precision by both rider and animal.

Galloping at full speed, the horse must leap into a pen 24 feet square, with walls four feet high, and clear the bar on the other side safely. Another feature of this event will be to jump the horse into the pen, come to a standstill, and without a running start, leap over the back wall.

Two barns of the College of Agriculture have been turned over to the Horse show committee to stable animals from out of town, Harry Wood '25, chairman of the committee on properties, has announced. Two veterinarians will be present to examine the animals frequently during the time they are here.

Hurdles, built after the specifications of the American Horse Show association, are being constructed specially for the show. These include, bar, rail, post, and brush jumps.

For the Friday night show, the stock pavilion is being equipped with an enlarged lighting system.

Adequate seating has been arranged for, to handle the crowds expected to attend the outdoor show Saturday afternoon. Bleachers with a capacity of 3,000 will be erected on the library side of the lower campus.

To accommodate late entries, the dead line has been moved back several days in the hope that a larger number of animals from Wisconsin and out of the state, will be entered.

OHIO BEATS BADGERS TO KEEP BIG TEN LEAD

Errors Count Heavily Against
Wisconsin in 4 to 1
Score

(Special to the Daily Cardinal.)
COLUMBUS, Ohio, May 2.—Fall-
ing before an attack started in the
first inning, the Wisconsin baseball
team went down before Ohio by a
score of 4 to 1.

Had it not been for the drive of
the Buckeyes in the first inning,
the Badgers would have stacked
well against them.

A walk, a hit, and two errors
gave the Scarlet and Gray the
chance in the opening stanza, and
the Ohio team was able to squeeze
three runs over on the Badgers.
Stoll pitched for the Badgers, and
performed well. Barnum, behind
the bat, played a strong game.

Leave for Michigan

Wisconsin played exceptional
baseball after the disastrous first
inning, but failed to hit in the
pinches.

After the game here today the
Badgers entrained for Michigan to
meet the Wolverines on Monday.
Wisconsin again faces a powerful
team. The Wolverines, joint hold-
ers of the 1924 title with Ohio
State, are a veteran aggregation.

stage play, "Checkers," by Henry
M. Blossom, Jr., will be shown at

part of this week as the feature
picture in cooperation with the
Horse show, next Friday and Sat-
urday. The picture is a story of
the race track and is replete with
the thrills characteristic of race
track stories.

The contribution to the Horse
show will not rest on the feature
film entirely but by special ar-
rangement. An instructive film,
showing the different gaits of
horses will be shown.

Further still, four horsewomen
will appear on the stage and give
a brief exhibition of riding.

Badger Bout Law Changes Predicted

MILWAUKEE—Radical changes
in Wisconsin boxing laws are fore-
cast because of the fact that Gov-
ernor Blaine is in favor of out-door
shows and is opposed to the present
regime of the boxing board. The
outdoor shows are being pushed by
the Boxers' League here, which has
been fighting to get a lease in the
Auditorium. If outdoor boxing is
sanctioned, it is planned to use the
State Fair Park here, while Otto
Borchert of the Cream City A. C.
says he will use his ball park. It is
also hinted that the boxing com-
mission will be abolished and a new
board formed.

FOUR NEW RECORDS ARE SET UP IN MID-WEST RELAYS

CROWLEY, DE LONG, WASHBURN TAKE HONORS AT MEET

Small Crowd Attends Second
Annual Mid-West
Carnival

(Continued from Page 1.)

1924 by Hall. The former record was 106 feet 10 inches.

In the javelin event, Washburn, Oak Park, Chicago, threw the spear 156 feet 10 1-2 inches to break the record made by Cincosky, Milwaukee West, last year. Cincosky had thrown the spear 155 feet 4 inches in the carnival yesterday, but a later throw by the Oak Park star gave him honors in the event.

The running broad jump record established by Gibbs, Menominee, Mich., fell when Crowley, Milwaukee East, landed in the pit 20 feet 11-2 inches from the take-off board. The old mark was 19 feet 10 inches.

Relay a Hard Fight

While Milwaukee Washington's distance relay team was able to lower the record, the final race resolved into a hard struggle between the visitors, Milwaukee East, and Oak Park. Oak Park's strong team was near the lead during the entire race, but the speedy running of Rattman, Ellingson, Schorse, and Smith left a field of racers trailing.

Ziese, Milwaukee Washington, came within one-fifth second of the carnival record set by Royer, Oak Park, Chicago, in 1924, when he finished the 120-yard high hurdles in 16.5-10 seconds. Benson, Nicholas Senn, defeated Baird, Mason City, Ia., and Sherwood, Nicholas Senn, in a thrilling race for first place in the 100-yard dash. The final lunge of the Chicago trackster enabled him to break the tape ahead of the fast traveling Mason City sprinter. His time was 10.3-10 seconds.

Galesburg Shows Well

Galesburg, Ill., a new entry in the Mid-West relay carnival, won the two-mile relay event by negotiating the distance in 8 minutes and 32 seconds. The Illinois lads crossed the line ahead of Oak Park, Chicago, Rockford, Ill., and Milwaukee West.

Winning the quarter mile relay and the sprint medley relay, Milwaukee East demonstrated superb ability in these races. Nicholas Senn took the one-half mile competition, while Mason City was able to capture the one-mile run.

Milwaukee East Outstanding

By taking three first places, Milwaukee East made a remarkable showing in today's carnival. Nicholas Senn, Chicago's heavily scoring aggregation, won two firsts, two seconds, and two thirds. Oak Park counted two first places and three second places.

Charles McGinnis '27 and Hubert Schwarze '27, varsity track stars, gave exhibitions in the high jump and shot put, respectively. McGinnis jumped 6 feet 2 7-8 inches. The bar was at 6 feet 6 inches, but the sag lowered his mark.

EDWIN C. MORGENROTH PLANS Y. M. C. A. OUTING

Plans are now under way for the annual outing and picnic sponsored by the Y. M. C. A. at Lake Kegonsa May 15, according to Edwin Morgenroth '26, in charge of arrangements. All students and members of the Y. M. C. A. may attend. The cost of the trip is approximately \$4, Morgenroth said yesterday.

PLAN TO EARN NEAR EAST MONEY BY SALE

The only money for Near East Relief being sought this year will come from the sale of Armenian handkerchiefs during the week by the women of the freshman and sophomore commissions of the Y. W. C. A. These handkerchiefs are being put up for Mother's day at \$1.

From the Stands

The weather must have been made to order for the relay carnival yesterday. A sun that tried bravely to shine all the time and succeeded admirably except for short intervals looked down on 300 brilliantly clothed athletes below, while a section of spectators in the great grey stadium ate peanuts, cheered gallant efforts, and had an all around good time.

Red jerseys predominated, interspersed with orange and purple uniforms. Those with the white jerseys of the "W" men made an effective contrast with the green turf.

After the high school boys finished playing with the shot, big Schwarze took off his coat and demonstrated how the sphere should be thrown. The high school fellows watched him with admiration, to say the least. Some of the small Loys in the stands made a bad break, when they exclaimed, "We want Schwarze in the high jump."

McGinnis entertained the crowd royally with his high jump exhibition. Making 6 feet easily the star Badger jumper took off his jersey and cleared the bar at 6 feet 1 inch. Visions of a new high jump record were seen by the crowd as the announcer called—6 feet 6. A sag in the bar made the final result 6 feet 2 1/2 inches, however, and another athlete's dream failed of fulfillment.

Scanlon of Oak Park brought the crowd to its feet twice with his spurts in the relays. Running with a beautiful stride he was feared by all his opponents.

Iowa Bows to Irish

Pastimers By 5-2 Score

IOWA CITY, Ia.—The University of Iowa was able to get but three hits, one of them the scratchiest kind of scratch, off Besten of Notre Dame here Friday and the Irish won, 5 to 2.

Besten was pretty much the whole show, striking out ten Hawks and getting a screaming double that could easily have been stretched into a triple. He was given brilliant support by Farrell.

Captain Scantlebury and Eddie Finn were the Hawk's main stays in the field.

UNIVERSITY MEN'S GOLF TOURNAMENT BEGINS TOMORROW

32 Men Having Lowest Scores
Will Qualify For
Finals

Qualifying rounds of the university golf tournament will begin tomorrow and will be played on the Blackhawk golf club course.

The 32 men having the lowest scores will comprise the championship division, qualifications being based on medal play for 18 holes.

Wednesday afternoon of this week will be the last day in which rounds may be played over the course for qualifying. All scores must be turned in to George Berg's office, in the gymnasium with the signature of the player and a statement by some person who witnessed the entire round as to the accuracy of the score handed in.

Extra groups of contestants will be arranged for according to the number of entries that are received for the meet. Prizes will be awarded to all winners and to the low medal player.

Due to the fact that the Blackhawk golf course is now becoming crowded on Saturdays and Sundays university students who have been extended the privileges of the club for playing on the course have been requested by the club not to use the course on the days specified and have reserved it for regular members so that university golfers will have to play the first part of the week.

"A \$1,500,000 appropriation for improvements and another \$2,720 for operating expenses will be made for the university if the legislature accepts the plans which are now up for consideration before the finance committee."—The Daily Cardinal, May 2.

"An increase in the annual mill tax appropriation of \$3,000,000 for the University of Michigan to \$3,500,000 a year provided in the Penny senate bill WAS PASSED in the house this afternoon. The senate had set the increase for the second year at \$3,800,000, so the bill now goes to a conference committee for final adjustment.

"The tax is for operation and maintenance only. IN ADDITION, appropriation bills for buildings and improvements totalling \$1,800,000 are now in conference committee for final agreement."—The Chicago Tribune, May 1.

"The success of the (Wisconsin appropriation) measure will in large part determine the course of the university (of Wisconsin) during the coming year."—The Daily Cardinal, May 2.

"A committee of three members of the faculty at the University of Michigan is conferring with a similar committee from the board of regents on the matter of securing a president for Michigan."—The Michigan Alumnus for May.

SPEAK NOW OR—

The Memorial Union executive committee has completed its plans for the Memorial Union building, has submitted them to the board of regents and now wait upon the results of the investigation to be made by a skilled architect and his subsequent conference with the board of regents before they order working plans drawn up. In the meantime, they present the plans to various privileged people for approbation and approval, expecting and hoping at the same time to receive some amount of criticism, constructive and destructive. They seem to say: "Let you now speak, or else hereafter for ever hold your peace."

Who will be the Claudio—or Claudios—of this much-ad-about-everything is the question. The Daily Cardinal is going to be one of them. But before it says its say, it wishes to point out that there can not be many Claudios, inasmuch as no cuts of the plans have appeared in the papers for the benefit of those interested and concerned, and as a consequence, alumni and students—subscribers to the Memorial Union fund—have had an opportunity to secure their impression of the proposed building only from the word descriptions,

which are on the whole extremely unsatisfactory. Since the executive committee, through its agent, has asked us to make suggestions, we suggest here and now that they present their proposition to subscribers through cuts as well as through word pictures.

Then it might not be wrong to expect floods of communications to pour in to the reader's say-so columns of the papers, communications which would criticize and suggest. Of course, it would not be right to expect that all or even any of the suggestions would be followed. But such a system would at least bring forth the general impression of subscribers, their reactions to the present plan. That would be fair to them—and fair to the executive committee, for then post-construction criticism could not be launched.

A week ago or so the Daily Cardinal published a long editorial on the Memorial Union plans, one which approved the plans in general. This paper still looks upon the plans in the same light, feeling, as it did then, that they have been worked out well, and that the only constructive criticism would be that the building is apt to resemble the entire campus in being a hodge-podge, a conglomerate muddle, unless its three units be built of the same material of the same hue. It would seem altogether best to make the whole thing of the cheaper brick—and yes, yellow or green or pink—than the central unit of stone and the two wing units of brick with a colored facing. The frightful array of varied monstrosities which adorn our campus at the present moment is enough to drive a person insane without there being added to them a single building made of every known stone and painted in the colors of the rainbow.

We can only place our hopes in Mr. Cret, the advising architect from Philadelphia, and pray.

To him we will also leave the location of the building. Ever since the Memorial Union building idea was conceived it seemed to be a fore-gone conclusion that the structure would be placed on Langdon street facing the lake. The idea was grasped and held to firmly. We believe that the committee did look elsewhere, but it was so set on the idea of placing the building there, that it gave only a cursory glance in other directions for the sake only of satisfying its own conscience and the few outspoken thoughts of the public.

We go so far as to presume to suggest that many alumni think it criminal to place the Memorial Union building on the lake shore. They feel that the lake shore between Park and Lake streets should be set aside for a park—a memorial to the soldiers, too, if you wish—a park similar to that one planned to be built in honor of Theodore Roosevelt at Oyster bay. Then, they feel that the Memorial Union building should be erected opposite the library, fronting on Lake street, between State and Langdon streets, and that the lower campus should be made into a respectable looking place, with the military drill field moved westward.

The executive committee's argument that the building should be on the lake to provide a center for class functions, such as sings on the lake shore, and so that those who use the building may enjoy the lake seems idealistic. In the first place, a spacious lake shore park would be much more suitable for such gatherings. In the second, is it expected that students are going to stand at the lake shore windows gazing out lovingly on Mendota's rippling waters? No, else the pool halls and bowling alleys, the pharmacy and and rooming houses would be bare, and students would line the lake daily, sitting on the shore in silent contemplation of—"ain't nature grand".

But enough. We are overjoyed, who is not, that the project is so well along. We should not joke about it. But we do wish to show our approval of the executive committee's action of moving as carefully and deliberately as it has instead of throwing up any old sort of a building, but suggesting that it continue to move deliberately and not try to rush the project off the books into reality in too much of a hurry now, but to give every possibility consideration even now and, that there may be no regrets, to give all subscribers, in stead of just a chosen few, the opportunity of seeing the plans as they stand.

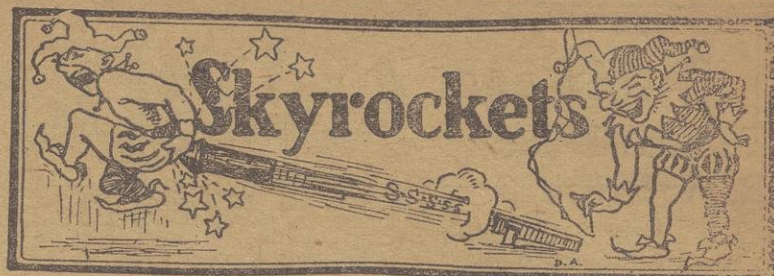

If the subscribers turn critics, accept or refuse their suggestions as seems fitting best. But give them a chance to speak, even though the office is swamped with correspondence and you have to hire a dozen extra secretaries to read the mail.

Rockets, the other day, made some sort of a threat about the first person who mentioned "three more 12:30 week-ends. All right then, come on. There are only two more 12:30 week ends—not three any more.

METHUSELAH.

Ho, ho, this is too good to keep. Did you hear of the cop that came up to the shore of a river, and there spied a fellow in swimming where it said distinctly that no swimming was allowed?

The cop yelled, "Hey, you, as soon as you come out I'm going to arrest you!"

And the fellow yelled back, "Ha, ha, the joke's on you. I'm committing suicide."

Now that the Miller of the Economics department is going elsewhere to make students grind out Transportation, Eddie Seim is wondering how long he'll be able to stay at Wisconsin without a friend on the faculty.

AG TRIANGLE CONDUCTS CHILDREN'S PLAY DAYS

Group games and relay races are the features of the Dane county school play days which are being conducted in all of the rural schools in Dane county under the auspices of Ag Triangle.

Six years ago the practice was initiated under the direction of Dr. J. C. Elsom of the department of physical education and an authority on community recreation.

There is a special opportunity for both men and women in this rural community work to act as directors and assistant directors of these play days, according to Floyd Dawson, grad.

The Columbian Squires will hold a breakfast meeting Sunday morning at 9 a. m. at the K. C. clubhouse.

A fitting tribute to Mother—Honey Way Candy, charmingly boxed for mailing!

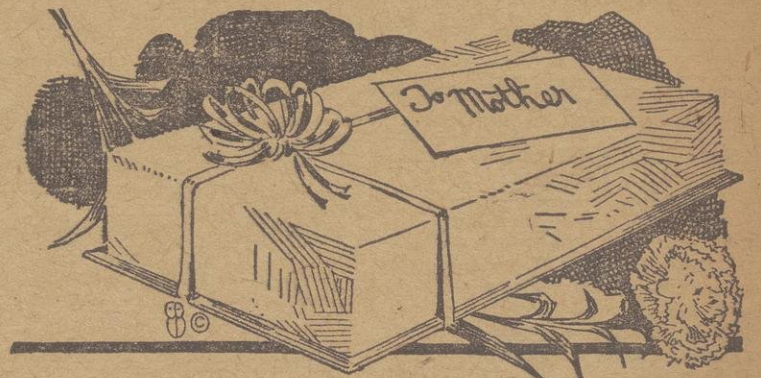

If the Honey Way can transform a prosaic beefsteak or a lowly potato into a thing of subtle lusciousness—

Imagine its magic over the gossamer stuff that chocolate centers are made of!

Nuts, honey-dipped; bits of choice comb; flaky, mellow marshmallow with the tang of acres of clover—and Honey Fudge Cake transmuted into a brown delectable chocolate jacket!

Miss Fischer will pack a box for YOUR mother with especial care—if you order early!

"Foot Loose" Not Remarkable, But Beautifully Done

It's good to see something like "Foot-Loose;" not, necessarily, because it is a remarkable play, for it isn't, but because it is done in such a beautiful manner.

Appearing at the Parkway yesterday afternoon and last night, Margaret Anglin and William Faversham sallied forth to vie with each other not only in the text of the piece but in the little matter of acting.

Miss Anglin had the advantage in the better role, one which, somehow or other, seemed to have been written—well, for her, if you wish—but principally for Ethel Barrymore, the role of a woman trying to make her way by her "wits, her charm and a touch of generosity," if I remember the lines correctly. And with the audience, if not with her associates in the play itself, she succeeds tremendously.

Mr. Faversham, in an ordinary part, the part of the man who meets her again after many years of separation and finds her trying to harm the woman with whom he is in love, makes the most of his opportunities, ever suave and extremely real.

The "also-rans" are capable, particularly Edith Campbell Walker in the pale, watery role of the harassed woman who coolly thinks she can handle her own fate and accordingly accepts it as it comes.

As to the play, it is very much like—well, "Declasse," unconsciously deliberate, breaking forth now and again in gentle subtleties, but not especially full of sparkle. It would be exceedingly flat if it lacked the element of "intrigue" which it advertises.

COMPLETE THESIS FILE AT LIBRARY

University Maintains Catalogue of Senior Works For Past 32 Years

The thesis catalogue, maintained by the university library, contains a record of all undergraduate theses since 1893.

Theses are presented to the library after being approved by the instructor, and it is not a thesis proper until it is filed. When all theses are presented a binding fee of \$1 is charged.

"Before being presented to any honor committee, theses must be handed in at the library," according to L. C. Burke, assistant librarian. "Ignorance of this fact causes a great deal of trouble each year, and it is important that those who write theses remember it."

"Sets of papers, written in these courses as substitutes for theses are bound and returned to the department in which they were written. This accounts for the fact that certain undergraduate theses are not to be had in the library."

"Theses are for the use of students in the library but cannot be taken out unless special permission is granted."

RADIO USED TO LOCATE MUSEUM ROBBERY LOOT

(Continued from page 1.)

at noon when the regular watchman was in another part of the library building.

Indian Relics Lost

"There may have been some students around who thought these men were attendants at the museum, for they no doubt carried a small grip," said Mr. Brown yesterday. The curator has made a complete check up of the loss.

The following articles were stolen:

Four Indian stone pipes, Siouan form, Indian lead pipe, Cherokee Indian pipe with a carved bear on its stem, Indian stone pipe, rectangular, large silver George III Indian medal, large perforated Indian silver brooch, silver Indian trade bracelet, silver Indian earring, silver seal, engraved, silver snuff box, 2 Indian stone gorgets, 2 Indian banner stones, 2 large Indian copper pikes with bent tip, copper spear point with bent blade, several small wood and ivory carvings, piece of Brussels point lace, 2 silver and bronze World war medals.

Anyone having any information about the robbery is asked to communicate with Mr. Brown or Miss Annie Nunn, assistant superintendent of the Wisconsin State Historical society.

Better Fireworks to Thrill Venetian Nighters This Year

Fireworks for the night events of the Venetian day celebration, May 23, have already been ordered and promise to be of a different and better nature than those previously shown on Venetian night. The Lakeside Fireworks company of Roscoe, Illinois, will supply the fireworks and will send their material to Madison May 23 with two men of the company who will have charge of firing the works at night.

Committee chairmen met yesterday afternoon in the Union building to review plans for the annual event which this year will be held at the same time as the state interscholastic track and tennis meets.

CO-OP WANTS CAP AND GOWN MEASUREMENTS

All senior girls are requested by Alice Cummings '25, chairman of the cap and gown committee, to go to the Co-op sometime this week to be measured for their caps and gowns. If the orders are not given this week, there will be some difficulty in getting them filled in time for graduation.

Lincoln Frazier '26 general chairman of Venetian day, outlined the plans and what had already been done as well as lining up the work with what has been done in previous years.

Two thousand buttons to be sold to help pay the expenses have also been ordered. Since there will be no entry fee for the floats and piers this with the athletic council money must pay all expenses.
