[PRICE THREE CENTS.]

SUCCESSFUL ATHLETIC MEET

THE RECORD FOR THE HITCH
AND KICK BROKEN.

WINNERS AND RECORDS OF THE
VARIOUS EVENTS.

Downer Wins the Dash—Frame and
Brewer Tie on the Kick.

The first of the indoor meets was held Saturday evening, in the gymnasium, and all things considered, it was a decided success. In spite of the fact that it was the first attempt the program was carried out very well, and no long delays marred the entertainment. But more encouraging than anything else was the form the men, especially the new ones, showed. The trials in the 40 yd. dash began at eight o'clock and the program was finished at quarter past nine.

In the first trial were Aston, Metcalfe and W. and H. Frame. H. Frame won the heat in 43.4 seconds with Aston second and the other two very close.

The second contained Richards, Tower, Smelker and Cochems. The men did not keep their courses and several fouls resulted on account of which the heat was run over Richards winning in 5 seconds, Tower being second.

For the third trial there were but three men Brewer, Downer and Maybury. The latter was penalized for a false start and the heat was won by Downer, Brewer second. Time 5 seconds.

The mile run was shortened to 12 laps and Hopkins and Elsener were tied for first place in an exciting finish, with Pope second. Time 4 min. 63.4 seconds. The field in this event was large but the positions changed but little during the race.

Cochems won the shot put with 36 ft. 4 1/2 inches. Liedenbergs second and Lees third. Cochems second put, which was foul because of his stepping on the toe-board was 37 ft. 1 in.

In the standing broad jump without any take off except the loose top of the mat, W. Frame, who won made 9 ft. 11 1/2 in. and on an exhibition jump afterwards he cleared ten feet. Day, '98, was second with a jump of 9 ft. 8 3/4 in. and Lees, 9 ft. 8 in. third.

In the 12 lap walk, Anderson, '98, took the lead at the start and maintained it to the end though Blackburn made a plucky effort to catch him. The time was 6 min. 15 sec. Both men should be much better than ever before when they begin work on the track next spring.

Following the walk came the semifinals in the sprint. In the first one were, H. Frame, Aston and Richards. Frame won, Richards, second. Time 5 seconds. In the second were Brewer, Tower and Downer. Downer won and Tower was second. Time 5 1/4 seconds.

In the hitch and kick H. Frame and Brewer tied for first at 8 ft. 7 inches, which breaks the previous record by 4 inches. As there was some doubt about the height it will be remeasured tomorrow.

Richards, Smith, Shucardt, Walker and Maybury started in the 45 yard high hurdle race and won, but Richards displaced the second hurdle so no record was established.

The last event of the evening was the final in the 40 yard dash. The heat contained Tower, Downer, Richards and H. Frame. The last two were set a yard for a false start and Downer won the heat by the narrowest of margins from Tower. Frame was third. The time was 5 seconds.

Much credit is due to the officials who conducted the program with good dispatch. They were as follows: Referee, Dr. Elsom; Starter, Mr. Stickney; Timers, Mr. Kingsley, Mr. Van Etta and Mr. Stoltze; Judges, Mr. Everett, Mr. Lyman and Mr. Silverwood; Scores, Mr. Booth and Mr. Hodges; Announcer Mr. Overson.

The next meet will be next Saturday night, Feb. 9th and the program will be published tomorrow.

MRS. ADAMS' RECEPTION.

Mrs. Adams gave a reception, in honor of Miss Upham, to the students of the university, Saturday evening. The guests were received by Mrs. Adams, Miss Upham and Miss Berryman. The reception was as pleasant in every way as the previous ones of the series have been and was thoroughly enjoyed by the large crowd present. The entire house was thrown open to the guests, who wandered at will throughout the rooms. The library and the dining room, where lemonade was served, were with the exception of the parlors the most popular rooms.

Y. P. S. C. E. BANQUET.

The members of the Young People's Society of Christian Endeavor held a banquet in the parlors of the Congregational church on Saturday evening, the occasion being the 14th anniversary of the founding of the first Endeavor society. Nearly all the members were present and a delightful time was had. The president of the society, Mr. C. R. Frazier, was toastmaster and the following toasts were responded to: "Our Girls," by E. R. Buckley, "Our Boys," by Miss Lizzie Noyes, "A Long Pull and a Strong Pull, and a Pull All Together," by Miss Bessie Brand, "Ourselves as Others See Us," by Geo. Paltridge, of Ann Arbor, "Our Janitor," by A. R. Sawyer. After the exercise the Chautaugua salute was given in honor of the pastor, Dr. Updike. After spending an hour in social conversation and games the party broke up.

FRESHMAN COMMITTEES.

The following committees have been appointed by the president of the freshman class:—

Athletic:—

John Day
Harry Tower
James Aston

Auditing:—

L. A. Goddard
Joe Davis
J. B. Stearns.

—Yale and Princeton will give a joint exhibition in gymnastics in the Yale gymnasium, the second week of February.

CHRISTIAN ASSOCIATION

DISCUSSES MISSIONARY WORK
AT THEIR MEETING.

SEVERAL STUDENTS WILL EN-
GAGE IN THIS WORK.

Papers Read at the Meeting—Other
Notes of Interest.

The meeting of the Christian associations yesterday afternoon was one of great interest and profit. The session was devoted to the consideration of Medical Missions and several instructive papers were read on different phases of the work. "The History of Medical Missions," was the title of Miss Armstrong's paper and the development of the central idea was shown clearly in many instances. The Jewish priesthood in the time of Moses combined the office of physician with that of priest and spiritual leader. One of the principal duties enjoined upon them was to examine all who were suspected of having leprosy and also to disinfect the clothing and houses of those who had the disease. The same principle was engaged in healing the sick and suffering and mitigating the physical miseries of mankind even before lifting them spiritually. Coming down to later times many of the monks also ministered to the sick and continue in that work to this day.

Miss Ellsworth dwelt particularly on the thought that Medical Missions were used as an entering wedge, opening the way so that the active missionaries and preacher might follow. Had it not been for these medical missionaries scattered throughout China all missionaries would have been expelled from that country when the Gary law was put into effect.

Mr. Hanson in an interesting paper showed the urgent need of the foreign countries in the matter of almost utter lack of efficient, intelligent medical service. In the United States there are over 100,000 physicians, while in all the foreign field with its 1,000,000,000 of population there are not five hundred capable physicians.

Mr. John Beffel in a well written paper spoke of the call of the missionary. Three questions were asked: Have you the qualifications? to which the answer is given that the worker must have health, common sense, firm religious belief, good preparation and be able to work with others. Do you recognize the need? Do you recognize the marching orders of Christ? The command comes, Go preach, teach, heal.

At the close of the meeting two young ladies joined the volunteer movement, expecting to go out as medical missionaries. There are now in the university four young men and three young women who have made the declaration: "It is my purpose, God permitting, to become a foreign missionary."

—Pennsylvania is said to have made a net profit of \$27,225 on her games last fall.

MATHEMATICAL CLUB.

The Mathematical club met in Science hall Saturday afternoon. Miss Calla Westover read a paper on the life of Prof. Arthur Cayley, and Mr. Stecker presented the subject of "Plane Curves of the Third Order."

Arthur Cayley was born in England in 1821. His parents lived for some years in St. Petersburg, where his father was engaged in business. When he was about seven years old they returned to England. He at first attended a private school, then Kings College School, London. It was here that he showed his mathematical possibilities; and it was the principal of this school who prevailed upon his father to send the boy to Trinity College. He graduated from college as senior wright in 1842. He was elected a fellow of Trinity College but refused to take "Holy Orders," and for this reason he could hold his position only a few years after taking his master's degree.

When Lady Sadler's trusts were settled and the Sadlerian professorship founded at Trinity College, Cayley was asked to take the position. This position he has held ever since. He was made honorary fellow and afterward elected to a foundation fellowship. As a mathematical professor Mr. Cayley is said to be "the right man in the right place." His memoirs exceed eight hundred and relate to every branch of pure mathematics, astronomy and dynamics. In his university work he never repeats a course of lectures, but always presents his latest researches. He gave a course of lectures on Elliptic and Abelian functions at Johns Hopkins in 1882. This course lasted from Jan. till May and is published in the American Journal of Mathematics of that year. Prof. Cayley is said to be the greatest living master of algebra. To him is due the theory of invariants; and ten of his best memoirs are on quantities and researches in non-commutative Algebra. However his thoughts and sympathies are not all confined to science. He is interested in whatever makes the betterment of humanity.

Mr. Slecker said that the substance of his paper was due to the German mathematician, Mobius, and that the method of treatment was classic. What is contained in referring all projective plane curves by central projection to a single curve on the surface of a sphere: that the spherical curve thus obtained had all the essential features of the plane curve from which it came and also had the advantage of leaving out the non-essential features which were often confusing. He then divided spherical curves in two classes,—simple and twin curves—and proceeded to treat them in their generality, deriving theories which were afterward applied to spherical curves of the third order, resulting in the establishment of the possibility of five distinct types of such curves.

The paper will be continued at the next meeting of the club when Mr. Slecker will show analytically the actual existence of the types who possibility is given by this purely geometrical treatment.

—The date for the Junior Promenade at Princeton is Feb. 15.

Some fault has been found with the
price of admission for the Choral
Union production of the Oratorio
tomorrow evening. Most concerts of
this character maintain rates above
those set by the management for the
best seats in the house. Certainly for
a classical rendering of this kind is
fully worth a dollar with no exaggera-
tion, but when excellent seats can be
procured for only seventy five cents
there is not the slightest reason
for complaint.

A MODEST SCHEME.

"Shall we send a track team to New
York or only to Chicago? If to either
place then conditions call for prompt
action from the student body, the
athletes, and the management. If a
team is to go to New York then at
least ten athletes must be secured,
carefully trained by professional
coaches, and must reach the highest
championship form before May, and
(a most important item) \$4,000 must be
secured for expenses. On the other
hand, should Chicago be selected as
the field of battle, no more than six
athletes need be chosen, each of whom
should enter two—perhaps more—
events, easily winning ninety out of
one hundred and twenty points in any
competition west of the Alleghany
mountains. This latter alternative
would dispense with the necessity of
professional coaches, besides cutting
down the expense of transportation
and subsistence to about \$1,500.

("Note: The above is handed out as
food for reflection, in hopes that the
matter will receive careful reflection,
and comes from an authority.—Ed.)

The above from the Occident of the
University of California is something
worthy of consideration. It is from an
article signed "A. M." and the note
was at the end of it. It truly is "food
for reflection." We hope that the
other colleges of the Western Intercol-
legiate Athletic association will no-

tice this and "reflect." A proposition
from them to ship the prizes to the U.
of C. in advance would be in line with
this modest voice from the Golden
Gate. Come by all means, gentle
Berkeleyans, and don't have any mis-
givings about not receiving a royal
welcome, and points too—that is, all
you can yet. We hope the process of
"seuring" the six athletes will be be-
gun early enough so that they will be
eligible to compete.

EDITORS COMING.

Wisconsin Press Gang to Visit Mad-
ison Next Month.

The Wisconsin Press association will
meet in Madison March 14-15. This
has been determined by the executive
committee. President H. M. You-
mans, of Waukesha, and Secretary B.
J. Price, of Hudson, were in the city
yesterday in connection with the mat-
ter. Besides the transaction of busi-
ness the usual literary exercises will
be held. Miss Blair, who is indexing
the newspaper files for the State His-
torical society, will tell of that work.
Messrs. Price and Youmans called on
Secretary Thwaites and modestly
made known their desire that a niche
be reserved in the prospective histori-
cal building which the press associa-
tion might regard as its home and
where a journalistic museum and por-
traits of noted editors of the state,
who have gone before, might be pre-
served.

ALUMNI NOTES.

'94—Miss Ada M. Parsons has charge
of the mathematical department in the
West Side High School at Milwaukee.
'94—Otto Anderson is taking a theo-
logical course at the Northwestern Uni-
versity and in addition fills the pul-
pits of a number of smaller towns in
the eastern part of this state.
'94—W. B. Short is principal of a
school near Dodgeville, Wis.
'75—F. S. Luhman is a prominent
physician at Manitowoc.
'89—C. M. Luling is manager of the
Coal and Iron Co.
—Mr. Leo Urban, who was the as-
sistant professor in chemistry at the
university some time ago, is now en-
gaged in the drug business at Milwau-
kee with a brother of Dr. Kramers.

PRESS CLUB.

The Press club meets Wednesday
evening at 7:30 p. m. in North hall.
S. M. Curtis, '89, will address the club.

GRAND Oratorio Concert!

ARMORY BUILDING,
UNIVERSITY OF WISCONSIN

Tuesday, Feb. 5, at 8 p. m.

The Creation, - by Haydn

Will be given by the

DON'T STOP TOBACCO

IT'S INJURIOUS TO STOP SUDDENLY
and don't be imposed upon by buying a
remedy that requires you to do so, as it
is nothing more than a substitute. In the
sudden stoppage of tobacco you must
have some stimulant, and in most all
cases, the effect of the stimulant, be it
opium, morphine, or other opiates, leaves
a far worse habit contracted.
Ask your druggist about
BACO-CURO It is
purely vegetable. You do not
have to stop using tobacco
with **BACO-CURO**.
It will notify you when to
stop and your desire for tobacco will cease. Your system will be as free from
nicotine as the day before you took your first chew or smoke. An iron-clad
written guarantee to absolutely cure the tobacco habit in all its forms, or
money refunded. Price \$1.00 per box or 3 boxes (30 days treatment and
guaranteed cure) \$2.50. For sale by all druggists or will be sent by mail
upon receipt of price. SEND SIX TWO CENT STAMPS FOR SAMPLE
BOX. Booklets and proofs free.

WRESTLING AND SPARRING RULES

The following are the rules for sparring and wrestling, governing the contests at the midwinter meet:

Mr. Everett will give free instruction this week and next to any who wish to enter the contest.

SPARRING RULES.

Rule I. Weights to be: Feather 115 pounds and under; light 135 pounds and under; middle 150 pounds and under; heavy 150 pounds and over.

II. The number of rounds to be contested shall be three. The duration of rounds shall be 2 minutes unless a fourth round be ordered which shall be 3 minutes. The interval between each round shall be 30 seconds.

Rule III. No coaching or advice shall be given to the contestants during the progress of any round.

Rule IV. The manner of judging shall be as follows: Two judges shall be stationed apart, at the end of each round each judge shall write the name of the contestant who in his opinion has won, and shall hand the same to the referee. In case the judges agree, the referee shall announce the winner. In case the judges disagree the referee or judges can order a fourth round, after which if the judges are unable to decide the referee will himself decide the bout.

Rule V. The decision of the judges or referee shall be final.

Rule VI. The referee shall have power to caution or disqualify a competitor for infringing rules, or to stop a round in the event of, either man being knocked down, or any unnecessary roughness being used or loud coaching from the audience, or when in his opinion the round is not progressing in a scientific and gentlemanly manner.

Rule VIII. In all contests the decision shall be given in favor of the competitor who displays the best style, and obtains the greatest number of points. The points shall be: For attack, direct clean hits with the knuckles of either hand, on any part of the front or sides of the head or body above the belt, defense, guarding, slipping, ducking, countering or getting away, where points are otherwise equal, consideration is to be given the man who does most of the leading.

Rule VIII. The referee may disqualify a contestant who is sparring unfairly, by slapping with the open hand, by hitting with the inside or butt of the hand, the wrist or elbow, hitting or catching hold below the waist or hitting when down (one knee and one hand on both knees) butting, wrestling or using offensive language, or not obeying the orders of the referee.

WRESTLING RULES.

Rule I. Weights shall be, Feather 115 pounds and under, light 135 and under, middle 158 and under, heavy over 158 pounds.

Rule II. Any grip, lock, or trip allowed except strangle, Full Nelson and Hammer lock.

Rule III. Both shoulders shall be on the floor at the same time to constitute a fall.

Rule IV. No striking, kicking, gouging, hair pulling, butting, strangling, or any thing that endangers life or limb or catching hold of the clothing worn by either contestant or the carpet shall be allowed.

Rule V. If the contestants entangle with what may be considered the boundary of the ring, they shall draw off and renew the contest with the same hold as when they drew off.

Rule VI. Falls will not be allowed when any part of either contestant is off the carpet.

Rule VII. Kicking the limbs shall be considered fair.

LOCAL AND PERSONAL.

—Hugo Duke, '98, spent Saturday in Milwaukee.

—Miss Ella Gile, '96, left for her home in Milwaukee to-day.

—The Glee club rehearses three times a week at present.

—H. E. Ryan, '98, is enjoying a visit from his mother of Wauwatosa.

—Mrs. Charles R. Barnes entertained the local chapter of Pi Beta Phi at her home on Lake street last Saturday evening.

—Prof. Freeman will give a series of lectures on "Studies in Shakespeare," in Watertown, the first one to be delivered February 9th.

—The members of the chorus, who sing in the oratoria tomorrow evening, meet for their last rehearsal to-night. The entire orchestra will be present.

—There will be no classes in the gymnasium or drill today and tomorrow, February 4th and 5th, on account of the preparations being made for the oratorio concert to be given tomorrow evening.

—As the success of Dr. Flint's hypnotic entertainment depends in great measure on the willingness of some of his patrons to offer their services as subject, free tickets will be issued to any one who will appear upon the stage at one or more of the exhibitions.

NEW MUSIC.

We have received the following music for Lyon and Healy:

The Revival—J. N. Pattison.

William the temple—J. N. Pattison.

The Organ Grinder—Harold Leston.

Molly Mazurka—W. P. Fennimore.

Andante con Grazia—F. Nava.

Out of the Depths—Herman Perlet.

Night Hymn at Sea—A. G. Thomas.

Roll-Call of the Veterans—O. L. Carter.

—Ohio leads the Union in its number of colleges with Illinois a good second.

Thursday, February 7.

Y. M. C. A. meeting, law building, 6:45 p. m.

FOOTBALL AND MESMERISM.

It may be news to many students and athletic men in particular that the Flint Brothers, who have been doing such excellent work on the football field during the last few seasons, are the brothers of Dr. Flint, the mesmerist, who opens a week's engagement at the Fuller this evening. The doctor himself takes a lively interest in athletics, and always makes it a point to visit college towns with his troupe. His brothers are now attending Chicago University, where they take a prominent part in athletic circles.

—Raimond J. Baird, author of "American College Fraternities," places the present membership of Greek letter societies at 110,000.

—The annual winter indoor meeting at Harvard will be held on Feb. 16.

—Henry Clark, professor of Botany at Chicago university, is not yet 21 years old.

LOST.—A cardinal, double-neck sweater in the locker room of the gymnasium, between 5 and 6 o'clock, Wednesday evening. The finder will be suitably rewarded on leaving the same at the office. No questions asked.

—German Dictionaries, second hand, are wanted at the Co-op. Hand them in early so that the manager will know how many new ones to order. Those in need of new dictionaries should order at once, so as to be sure the books will be on hand.

—There will be special features each evening at Warner's cycle opening.

—A dancing social will be given at the new dancing academy next Saturday evening. University students are especially invited. Ladies admitted free.
