The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

LAKE D & C LINES

For Business and Pleasure Trips Use D & C Line Steamers

The Delights of a Lake Trip

REST after work is necessary to human endurance, and holidays are a wise economy. The Great Lakes of America offer more vacation opportunities than any other source in the country. The steamers of the Detroit and Cleveland Navigation Company operating to all important ports are unrivalled in point of elegance, comfort and quality of service—the perfect freedom offered by the saloon and promenade decks, the commodious state rooms, luxurious furnishings and excellence of cuisine make life aboard these floating palaces, a solace to the weary mind and body.

WHERE YOU CAN GO

Daily service is operated between Buffalo and Detroit, Detroit and Cleveland, six trips weekly between Detroit and Mackinac Island, the historic summer resort of the North Country, and from July 1st to September 14th a special steamer will be in commission between Cleveland and Mackinac Island, stopping at Detroit enroute every trip. During July and August special daylight trips between Detroit and Cleveland.

RAILROAD TICKETS AVAILABLE

Tickets reading via any rail line between Buffalo and Detroit, Detroit and Cleveland will be honored for transportation on D. & C. Line Steamers in either direction. Send 2 cent stamp for illustrated pamphlet and Great Lakes Map. Address G. P. A., Detroit, Mich.

INTRODUCTION

The publishers present herewith the 13th volume of the Waukesha City and County Directory. It will be found to be complete in all its departments, so far as it is possible to make them in a work of this kind. The publishers are confident the volume will fully meet all of the requirements of patrons and the public.

The several departments are arranged in the order following:

The Miscellaneous Department, pages 5 to 16, contains information concerning city and county government, banks, business organizations, churches, clubs, courts, hospitals, labor organizations, libraries, newspapers, schools, public buildings, secret and benevolent societies, etc.

The Buyers' Guide, pages 17 to 40, includes the advertisements of progressive business men and concerns, printed on tinted paper, arranged alphabetically according to the nature of business.

The Street Guide and Directory of Householders is embraced in pages 41 to 88

The Alphabetical List of Names of citizens, business concerns and corporations covers pages 89 to 309.

The Classified Business Directory is included in pages 311 to 374.

The County Directory, or Farmers' List, with Rural Routes, begins on page 375.

WAUKESHA

The judicial seat of Waukesha county is an incorporated city, population 12,558 (U S Census 1920), located on the little Fox river and on the C., M. & St. P., the C. & N. W. Rys. (depot ¼ mile apart), the M., St. P. & S. Ste. M. Ry. (depot ½ mile from other two), and on the T. M. E. R. & L. Co.'s Electric Ry., 17 miles west of Milwaukee and 102 from Chicago. City is lighted by electricity and gas, has an excellent system of water works, a complete sewerage system, a thoroughly equipped fire department, an opera house and 3 banks. Among the chief interests of the city are its mineral springs, the healing properties of whose waters have brought Waukesha into world-wide prominence and obtained for it the title of the "Saratoga of the West." The shipment of water has reached immense proportions. The first spring was discovered over fifty years ago. Within twenty years, however, numerous others have come into existence and the water is shipped all over this country and Europe. In order to accommodate the number of visitors who come here during the summer months numerous and large hotels and boarding houses have been built. There are churches of the Baptist, Catholic, Congregational, Episcopal, Evangelical, Methodist, Free Methodist, Reformed, Holiness, Lutheran, Methodist Episcopal and Presbyterian denominations. The city has a splendid system of public schools. The high school building is one of the finest in the state. In addition to its public schools, Waukesha is the seat of Carroll College, which was founded in 1846. The college is well endowed, has commodious and convenient buildings and equipment, and offers full collegiate courses. The State Industrial School for Boys is located here. The pupils are engaged in the manufacture of articles worn by the inmates. There is a large farm in connection. One daily—The Herald—and two weekly newspapers—Dispatch and Freeman— are published. In general lines of industry Waukesha is rapidly taking a position among the leading cities of the state. Three extensive iron companies give employment to a large number of men, while numerous smaller manufacturing institutions add their share to the industrial importance of the place. In its commercial buildings, Waukesha is unique. Almost the entire business district is built of white limestone, and in many instances with handsome granite facings, and this, with the excellently paved street, makes it one of the cleanest looking cities in the country. The city is connected with Milwaukee by electric railway.

WAUKESHA CHAMBER OF COMMERCE.

The Waukesha Chamber of Commerce is a progressive organization of business men, whose chief function is to safeguard the civic, commercial and industrial interests of the city. It is alert to encourage new enterprises and to foster those already here.

ADVERTISING WAUKESHA.

Copies of this Directory are placed by the publishers in Directory libraries which are maintained in the leading cities of the nation, where they serve to advertise Waukesha and its various interests.

National Advertisers---

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory.

Put—"See the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications of your line.

Local Advertisers---

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyer's Guide on earth. A modern up to date method of getting what you want.

Stability AND Permanency

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?
