SCHÜHLE'S Pure Grape Juice

The World's Standard. Made from the finest Hudson River Concord grapes.
We are located opposite the Poughkeepsie bridge.

Our Grape Juice History:

My wife and I started this grape juice business in 1901 with a capital of five dollars, and two pint bottles. Last fall we put up and sold two hundred thousand gallons without advertising. We sell to the leading grocers, druggists and confectioners, up-to-date hotels and restaurants in this country. Park & Tilford, of New York City, whom I consider the finest fancy grocers in the world, have analyzed our grape juice and pronounced it the finest in flavor, color and possessing the heaviest body of any other grape juice. They push the sale of our product in preference to any other in this country and foreign countries.

Remember, we are the first grape juice manufacturers that started with an absolutely **pure** article. This fact established a demand for our goods without advertising.

To Prof. Harvey W. Wiley, whom I consider the greatest man that ever lived, we express our sincere thanks for enforcing the pure food law which is the best law that was ever enacted for the benefit of the American people. This law gives the honest manufacturer a chance to succeed in making a living, and puts a ban on adulterated food products of all kinds.

JOHN SCHÜHLE, Pres., Treas. and Gen. Mgr.

Our Grape Juice is **not** sold under private brands. My signature "John Schühle" is on every bottle. Be sure you get the **genuine**.

The secret of our success is quality. The only Grape Juice that tastes like mother used to make. **ABSOLUTELY PURE.**

When you want Grape Juice insist on Schühle's.

Sold only by dealers who demand quality.

Bottle Complete

The new, improved Hygeia nursing bottle, patented Jan. 24, 1911, is manufactured in 8 and 12 oz. sizes. The BREAST CONTAINS A HIDDEN SHIELD, which restricts baby's hold to the nipple proper. The old style Hygeia is still on the market, and all the patents on it have not expired, but the new style Hygeia is an improvement on the old.

Please remember, that parts are sold separately.

Please remember, that we have a sterilizer to go with the Hygeia nursing bottle, manufactured in 5 and 7 bottle size.

We have several new nursing devices on the market, and will send sample to any druggist writing for the same.

The Ball-Cup Nipple, herewith illustrated, is a small nipple which fits only a small neck bottle. The perforation in this nipple is at the bottom of the cup. It is the only nipple in which the puncture is remote from the tip, and the cup regulates the flow of food as well as the size of the orifice.

Special prices on the Ball-Cup Nipple allowed until January 1, 1912.

St. Peter's Catholic Church, Danbury, Nov. 26. 1902
Hill Medicine Co., New York, N. Y.

Gentlemen—Having used your wonderful Rheumatic and Gout Remedy quite extensively in my parish, I take great pleasure in recommending it to all sufferers of Rheumatism and Gout as the most wonderful cure I have ever known. Your statement that one bottle will cure seemed to me almost impossible until I tried it and attest that I have never known it to fail when taken as directed. I endorse and recommend your Remedy with great pleasure for it is surely a blessing to those suffering with either Rheumatism or Gout.

Very truly yours,

H. J. LYNCH, Rector St. Peter's, Danbury, Conn.

GUILD'S GREEN MOUNTAIN Asthma Cure

This unrivaled remedy is the result of many years' study and experience, in the special treatment of diseases of the Lungs and Throat, by Dr. J. H. Guild, graduate of New York Medical College and New York Chemical Laboratory, a practitioner in Bellevue and New York Charity Hospitals, and a physician of recognized ability and distinguished eminence. This article has been the standard remedy for Asthma for a quarter of a century. It has found its way on its own merits to every civilized country on the globe. The growing demand, its great popularity and general use, stamp it as absolutely the most successful and satisfactory remedy that has ever been placed on the market. No other preparation has met with such great and uniform success, as a permanent cure of Acute or Chronic Asthma, especially Spasmodic Asthma, Hay Asthma, etc. Absolutely harmless; can be used by the most delicate with perfect safety, whether young or old, and never fails to give immediate relief and perfect satisfaction. Thousands of testimonials from all over the world reciting the most marvelous cures. The remedy is handled by all leading wholesale drug houses.

We are pushing it as the best. The most satisfactory and reliable of any.

WALKER & GIBSON

WHAT THE
**GILLETTE
METAL
BOTTLE**

MEANS

A Water Bottle built for service, saves time, money, perhaps a life.

Made of Brass with burnished nickel plate.

**RADIATES REAL HEAT.
HOLDS BOILING WATER.
LASTS A LIFETIME**

The Gillette Metal Bottle is lighter in weight than the rubber bottle, it can be filled with boiling water and remains hot an entire night when once filled.

Two sizes: Regular, holding 1½ quarts.
Midget, holding 6 ounces.

The Gillette Fountain Syringe is the Regular Metal Water Bottle with usual syringe attachments, and may be made clean and sterile with boiling water—an obvious advantage over the rubber reservoir.

The Miles goods are supplied under the conditions of the Dr. Miles Medical Company's Agency Appointment. These goods are consigned and not sold, and the title of them is in the Dr. Miles Medical Company until sold to the consumer.
