## SOCIETIES BEGIN DEBATING.

GOOD ATTENDANCE AT ALL OF THEM.

NEW OFFICERS TAKE THEIR SEATS.

Athena, Philomathia and Hesperia Still Discussing Public Questions.

A good sized audience of Philomathians assembled in Science hall last evening to begin the work of the term. The first debate was on the question "Resolved that prison contract labor should be abolished." It was led on the affirmative by E. R. Buckley, '95, and on the negative by T. W. Brazean, two of the Philomathian joint debaters. After a spirited debate the jury gave its decision in favor of the negative. The recess was enjoyably spent in the singing of college songs. The second debate was: "Resolved that our present jury system should be abolished." This was won by the negative, led by E. H. Cassels, '95, in spite of the able debate presented by R. W. Jackman, '97. Officers for the first half of the fall term were elected as follows:

President, E. H. Cassels, '95.  
Vice President, T. W. Brazean, '96.  
Secretary, E. B. Smith, '97.  
Treasurer, F. W. Lucas, '96.  
Censor, H. A. Harding, '96.

The meetings of the societies in Main hall were delayed slightly by the inability of the members to open the building but the key was soon obtained and the programs were all carried out as planned.

In Hesperia the attendance was very good. The first debate, "Resolved that Canada should be annexed," was well debated by W. R. Graves, '95, leading on the negative, and A. M. Simons, '95, leading the affirmative. The decision of the jury was in favor of the side championed by Mr. Simons. After recess the debate was on the question, "Resolved that the government should own and control the telegraph." This was led on the negative by Amazeen, '96, and on the affirmative by Prevey, '96, and was won by the negative.

The following officers were inaugurated:

A. M. Simons, '95, president.  
W. F. Marlowe, '97, secretary.  
Dolf, '96, treasurer.  
W. R. Graves, '95, censor.

The meeting of Athena was opened by an inaugural address by the president, W. C. Ferris, H. Cochems, '97, and Gannon, '97, led on the first debate on the question, "Resolved that United States senators should be elected by a direct vote of the people." The question was decided in favor of Mr. Cochems on the affirmative. Kalaher and Tillotson, two of the Athenian joint debaters championed the affirmative and negative of the second question, "Resolved that the enfranchisement of the negro was impolitic." The question was decided in favor of Mr. Kalaher's side, the affirmative.

The following officers were inaugurated for the ensuing term: President,

W. C. Ferris, '95; vice president, John Leutscher, '95; secretary, Shinnick, '97; censor, F. J. Rowan, '96.

## BIRTHDAY RECEPTION.

Mrs. Margaret G. Ford and Mr. Marcus C. Ford entertained a large number of friends last evening at their pleasant home on Spaight street, the occasion being the twenty-first birthday of Mr. Ford. The parlors were prettily arranged and canvased for dancing, which was in order after 10 o'clock. The broad verandas were made a pleasant feature of the evening's enjoyment, affording opportunity for charming promenades. Refreshments were served in the dining rooms.

Among those present were Mesdames Kellogg, J. C. McMyrn, Osborne, Edwin Sumner, W. F. Vilas, W. W. Daniells, Charles I. King, George C. Hendrickson, R. M. Bashford, Joseph Jastrow, David B. Among those from out of town were Miss Hopkins, of Milwaukee, Miss Hubbard, of Cambridge, Mass., Mrs. Geo. W. Peck, Jr., of Milwaukee; Mr. E. P. Sherry, of Neenah, Mr. George C. Main, of Milwaukee, Mr. Harry Hewitt, of Menasha and Mr. Harry Gould, of Oshkosh.

## A PRETTY DINNER.

Mrs. Edward M. Fuller gave a dinner for Miss Charlotte Hubbard, of Cambridge, Mass., last evening. Covers were laid for twelve. The decorations were of American beauty roses and daisies. Those present beside Mr. and Mrs. Fuller and Miss Shirley Fuller were Miss Hubbard, Misses Caryl Fairchild, Mary Oakley and Florence Bashford and Messrs George C. Main, Vroman Mason, F. H. Ball, C. S. Spenseley and C. Floyd McClure.

## MORE SYNOPTICAL LECTURES.

PROF. HENDRICKSON ON CLASSICAL LITERATURE.

PROF. SCOTT ON ECONOMIC QUESTIONS.

Two Courses on Very Interesting Subjects.

The course of synoptical lectures in classical literature will begin with two series, one on Roman literature and the other on Greek. The following lectures will be given by Professor George L. Hendrickson on Phases of Roman literature:

1. Introduction—The Roman comedy (Plautus and Terence).
2. Catullus—Lyric poetry and the epigram.
3. Lucretius—The poet of materialism.
4. Horace—The citizen of the world.
5. Virgil—The natural epic of Rome.
6. Petronius—The earliest European novelist.

7. Juvenal and Martial—Satire and Epigram in Rome at the end of the first century.

8. The jurist—Formation of the body of the civil law (Corpus Juris Civilis).

9. The place and significance of the Latin language and of Roman literature in the world's history.

The course will consist of lectures and illustrative readings from the works of the writers considered. Required collateral reading will be assigned. The first lecture will be given on Friday, Sept. 21, in room 29 Science hall.

## PRACTICAL ECONOMIC QUESTIONS.

Professor Scott will give a course of lectures on Practical Economic Questions in the lecture room on the main floor of the law building on Mondays at 4 p. m., beginning Monday, Sept. 17. The lectures are entitled respectively: (1) The Problem of Liberty; (2) The Problem of Riches; (3) The Problem of Poverty; (4) The Problem of Philanthropy; (5) The Problem of Agriculture; (6) The Problem of Wages; (7) The Industrial Revolution; (8) The Monopoly Problem; (9) The Money Problem; (10) Labor Organizations; (11) The Single Tax; (12) Socialism.

## GYMNASIUM AND DRILL SCHEDULE.

The work in the gymnasium and the drill will begin next Monday and will continue as follows:

- Monday:  
Freshmen athletics, 4-5.  
Tuesday:  
Sophomore athletics, 4-5.  
Freshman drill, 5-6.  
Wednesday:  
Freshman athletics, 4-5.  
Thursday:  
Sophomore athletics, 4-5.  
Freshman drill, 5-6.  
Friday:  
General athletics, 4-6.  
Saturday:  
General athletics, 4-6.

## CHANGES AT HARVARD.

It is proposed to split Harvard up into several small colleges, somewhat after the Oxford university plan, each to consist of 500 students and its own dean and to be governed by its own administrative board. Each will also have its own dormitories, its own dining hall and reading room, etc. Names suggested for the various colleges are Helworthy college, Wadsworth college, Quincy college and Agassiz college. This proposition will be announced in the September number of the Harvard graduates' magazine in the form of an article written for the magazine by the late secretary of the university, Frank Boltes, shortly before his death.

## BICYCLE RECORDS BROKEN.

In the bicycle tournament at Springfield C. M. Murphy lowered the world's record for two miles, paced held by Tyler, from 4:15 3-4 to 4:06 3-4. In the mile international record race Bald won in 2:05 4-5, the world's record. Later in the afternoon Nat Butler took a slice off the two mile, paced, flying start record, lowering Murphy's time to 4:04 4-5. F. J. Titus, of New York, then lowered the hour record, covering 26 miles and 1,489 yards within the time limit.

## FRESHMAN MEETING.

The sophomores undertook to hold a class meeting for the freshmen yesterday afternoon but only a few of the freshmen were present. Several sophomores were elected to the various offices but all declined to accept the honors and a freshman was finally elected president. Speeches were made in front of Main hall, after which the meeting adjourned. The freshmen will probably arrange to hold their first regular class meeting early next week.

—L. B. Flower, '90, was in town yesterday.

—Claude Rosencrantz is visiting at the Rho Kappa lodge.

—The Phi Deltis will give a party on Monday evening.

—Miss Ada Bradshaw of Milwaukee will address the Christian associations in Library hall Sunday afternoon.

—S. Weidman, '94, is working with the U. S. Geological Survey in northern Michigan where he has charge of a company.

—The Young People's Society of Christian Endeavor of the Baptist church will entertain on Tuesday evening, September 18th at the church. All students are cordially invited.

—Geo. Sherman, '95, holder of the university record in the hundred yard dash, and Miss Abbie Seymour of Geneva were married during the vacation.

—H. C. Tolman, formerly instructor in Latin at the university, will succeed Prof. Smith as professor of Greek at Vanderbilt. It is stated, however, that he intends to become a candidate for orders in the Episcopal church.

—Wednesday, the 12th inst., Mr. John Keyes, of Duluth, Minn., a lawyer of prominence in that city, was married at the home of Prof. Giese, 929 University avenue, to Miss Etta Giese. The ceremony was performed by Rev. Dr. Updike.

Track athletes, especially any new students, are urged to come out and train for the fall field day which will be held on October 13. The time is necessarily very short and it is important that all who intend to enter any of the events should begin to practice at once.

To the new students especially a splendid opportunity is given to become acquainted at the Christian association reception to be held this evening. It is the first general social event of the college year and not only will the new students become acquainted with the old but will meet many of their instructors as the faculty are always present in large numbers.

It is desired that all persons who wish to do reporting on the Cardinal should report at the Cardinal office, room 7, Democrat building, Monday afternoon at 3:30. The work for the term will be laid out and discussed and assignments made to the reporters. Everyone who desires to do any work of that sort even if he has never tried it before should be on hand. The work is not hard and affords excellent practice for anyone who intends to do journalistic work after leaving college.

The reporters on the Cardinal will be chosen this year by competition. All wishing to try for a place are urged to see one of the board within the next few days for information. After a trial of a month the board will select a half-dozen men from the competitors for the reportorial staff. A careful account will be kept of the work done in the competition and only the men doing the best work will be given places. When vacancies occur in the editorial board the plan is to fill such vacancies from the list of reporters. Thus it will be seen that a regular system of promotion will be adopted and an earnest reporter may look forward to place on the editorial board as a reward for faithful, earnest service. Work on the CARDINAL is also often a stepping stone to another much coveted position, i. e., a place on the Badger board. So a man who is earnest in his work need not feel that his work as a reporter on the daily paper will go unrewarded.

Another point that might be mentioned here is that the editors receive credit from the rhetoric depart-

ment for the work done on the paper. We earnestly advise all, whether new or old, who wish to do any of this sort of work while at the university to see one of the board at the first opportunity.

## THE UNIVERSITY BUILDINGS.

Main hall is not, as many students suppose, the oldest of the university buildings. The first building erected on the campus was North hall or North Dormitory as it was then called which was built in 1851. This was followed by the South Dormitory, now Agricultural hall in 1855. These two sufficed for four more years when Main hall was erected. All of these buildings were built by the income of the university received from the public lands. The first appropriation received from the state was in 1871 and was used to construct Ladies' hall. Library hall and the old Science hall followed soon after. After the burning of Science hall its place was taken by three new buildings erected in 1886, Science hall, the chemical laboratory and the machine shops. The general tax authorized by the legislature of 1891 was utilized for the erection of Hiram Smith hall, the Law building, and the armory and gymnasium. The latest of the university buildings is the horticultural building finished last summer. Extensive additions are now being made to the machine shops and next spring an addition will probably be made to the chemical laboratory. The only buildings destroyed by fire were the old Science hall, which burned December, 1884, and the old gymnasium which stood just northwest of Main hall, burned June 12, 1891. The contents of Science hall which were destroyed were a great loss to the university but the building was replaced by a much better one. The gymnasium had ceased to be used and was not much loss.

## HANDBOOK OF GRADUATE COURSES.

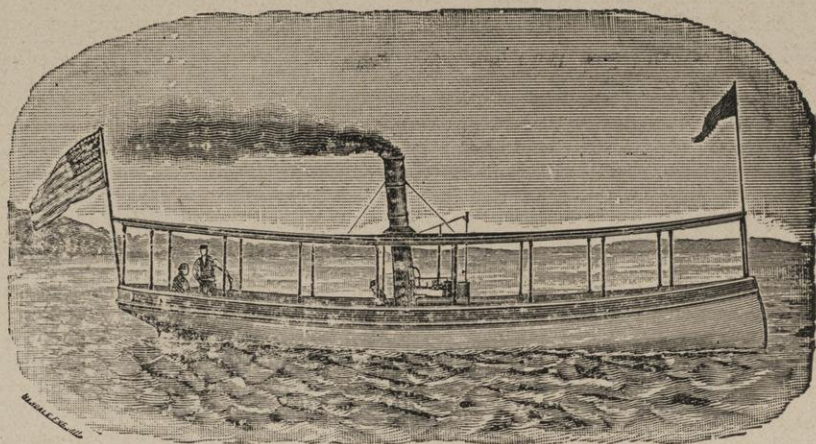

The university library has received several copies of the new edition of the handbook of graduate courses which has just been published. The book is compiled by a committee of the graduate club of Harvard, and contains a complete list of the graduate and advanced courses which are offered by nineteen of the large colleges and universities of the country. The institutions included in the book are Brown, Bryn Mawr, California, Clark, Chicago, Columbia, Cornell, Harvard, Johns Hopkins, Stanford, Michigan, Minnesota, Pennsylvania, Princeton, Radcliffe, Vanderbilt, Western Reserve, Wisconsin, Yale. In addition to the list of courses there is also a description of the universities, together with the number of professors, students, etc. The book is carefully compiled and will no doubt prove valuable to those interested in graduate work.

## THE AEGIS.

The first number of the Aegis appeared this week. The Aegis is the literary paper of the university and aims to publish the poems, stories, etc., written by the students. The number opens with a poem, "The Song of Senioratha," by Charles Floyd McClure. A story by Zona Gale is entitled the "Censor and the Nine Spot."

—The first general college meeting of the Young Men's and Young Women's Christian associations will be held in Library hall tomorrow afternoon at 3:30. The meeting will be addressed by Miss Ida Bradshaw, of Milwaukee, and a large attendance is expected.

—The members of the trades union of Madison have presented Mrs. Helen Campbell with a beautiful gold pen and holder and a silver tray, as a token of their appreciation of her address delivered at the Schuetzen park on labor day.

THE "EQUINOCTIALS."

The Weather-wise Are Just Now Looking for Them.

In Words and Works, published by Rev. Irl R. Hicks, astronomer, we are cautioned to "look for very cool nights with frost probable in the northerly sections," from the 12th to the 14th. This condition of things we have seen. The reverend gentleman adds: "Masters of vessels and managers of maritime interests should watch all indications in the heavens, and as reported by meteorological bureaus or foreshadowed by private barometers. This warning is fully applicable also to the 20th, 21st and days touching them. At this time our globe is at its equinoctial center and many violent atmospheric and electrical convulsions will be natural and necessary. "It is popularly understood," adds the prognosticator, "that the equinoctial is one big storm, and that it must transpire on the exact day upon which the earth's equator cuts the sun. This is a great mistake. Many storms result, both as we approach and recede from the equinoctial line, at least one whole month being involved. If other causes conspire, the crisis of storm and earthquake will fall on the central day or days, but if other causes are removed to either side the most destructive perturbations will fall from ten days to two weeks before or after the central day. The full and new moon falling in storm periods anywhere near the equinox, greatly intensify storms and seismic shocks. Hence storm periods embracing the 14th and 28th this September are apter to bring violent disturbances than the central equinoctial day. These things are all the results of natural laws, ordained by the great and wise Creator, and are discussed and explained in the Word and Works, so as to satisfy judgment and reason and at the same time so as not to be difficult of comprehension on account

of technicality of formula. Last period is from 25th to 29th. Watch last days of period. A very cool wave will wind up the month and usher in October."

A SLIGHT DIFFERENCE.

Detroit Free Press: The man who had been brought up in a boarding house got a day or two off, with a few dollars in his pocket, and concluded he would go away and have a good time, one feature of which was to buy meals at a swell restaurant. He reached the place and went in to his first breakfast. The piece de resistance was a porterhouse steak, and he tackled it with a great gusto. After a minute or two he called up the waiter.

"What kind of a steak is this?" he asked with an effort.

"Porterhouse, sir," responded the waiter, with a quarter-tip tone of pride.

"Are you sure of that?"

"Certainly, sir. Why?"

"Oh, nothing. I thought possibly you might have misunderstood my order and brought me a boarding house steak."

It was the busy season and Death bit his lip in vexation.

"What do you want?" he asked, finally.

"I demand," rejoined the hitherto faithful servant of the dark angel, as he stood with folded arms, "that something be done with that soubrette who persists in saying that I am responsible for the effects of her singing. I—"

There was bitterness in his tones. "—am no black plague."

SPIRITS CALLED FORTH.

Miss Anna Eva Fay, who gives a religious illustrated lecture on spiritualism and theosophy at the Turner hall on Sunday evening next, is a remarkable woman. The press of the larger cities speak in wonderment of her seemingly marvelous powers. The following is cut from the Albany, N. Y., Argus:

"Gen. Robert Shaw Oliver and Col. Edward Bowditch did their work well last night at Miss Fay's seance, and to say that they were as mystified as the audience could be plainly discerned by the expressions on their faces after each experiment. When hands plainly perceptible to the entire audience write communications on pieces of paper it is enough to make the hair stand on end of the ordinary person. After the seance Miss Fay held a reception which almost the entire audience attended to congratulate her on so marvelous a seance.
