These fill the ten university fellowships provided for by the regents, and also the three new fellowships which the school of Pharmacy has the good fortune of having placed at its disposal. They are of \$400.00 each for two years, and are due to the liberality of citizens of the state.

A year ago a number of druggists, at the time of the meeting of the State Pharmaceutical association, discussed in a private manner the establishment of a fellowship in Pharmacy. A fellowship for three years was the result of this discussion. For the other fellowships the school is indebted to the generosity of Mr. August Uhlein and Mr. Fred Pabst, both of Milwaukee. The candidates recommended by the faculty for these posi-

tions are Messrs. Hunkel, Mead and Richtmann.

The alumni fellowship has not been filled as yet, as no funds have yet been raised for its continuance.

### PI BETA PHI.

Holds a Reception at the Barnes Home.

The young ladies of Pi Beta Phi gave a pleasant reception and musical at the home of Mrs. Charles R. Barnes, last evening. The parlors were tastily decorated with carnations, the sorority flower and streamers of wine and blue ribbon. Dainty refreshments were served at intervals during the evening.

Mrs. Charles R. Barnes, Mrs. Smith, and Mrs. W. W. Daniells assisted in receiving. The musical program included a violin solo by Dr. A. P. Saunders and a vocal solo by Miss Jonas. Miss Edith Robinson whistled several selections in a pleasing manner.

Among those present were Misses Hayden, Harris, Flint, Carlton, Spence, Wright, Barker, Robinson, Griffith, Burton, Allen, Laffin, Craig, Smith, Huntington, McGregor, Steenberg, Mashek, Dacy, Perry, Robinson, Huntley, McGregor, Houghton, Church and Mrs. Sober. Messrs. Mason, Van Kirk, Hager, Sanborn, Trautman, Tarrant, Pyre, Jacobs, Thomas, Hose, Spooner, Noyes, Bleyer, Donovan, Swiler, Kingsley, Cassels, Brownell, Daniells, Bertrand, Witter, Cochems, Worden, Hayes, Dr. Sharp, Dr. Saunders, Prof. Daniells, Prof. Haskins, Prof. Barnes, Prof. Sober.

### MORE WORDS OF PRAISE.

A Letter Regarding Mr. Libby's Monograph.

University of Wisconsin, Madison, Wis., May 14, 1895.

Editor of "The Cardinal," Madison, Wis. Dear Sir:—It is very seldom that a thesis presented by a candidate for the degree of Ph. D. is so favorably received by scientific men and the press generally as Mr. O. G. Libby's monograph entitled: The Geographical Distribution of the Vote of the Thirteen States on the Federal Constitution 1787-88. Professor Carl Menger of the University of Vienna, who is generally regarded as the founder of the Austrian school of economics, has written a letter in which he speaks of this monograph in high terms. He says that the interesting relations shown between the economic and social conditions of the states on the one hand and the political tendencies on the other is in a high degree surprising and instructive. This letter is not only interesting on account of the praise received by one of our graduate students from so high an authority but because it illustrates the wide and careful reading of German professors.

Yours very truly,

Richard T. Ely.

—Prof. Dugald C. Jackson, professor of electrical engineering, has just had issued in pamphlet form an address delivered by him before Society for the Promotion of Engineering Education, at its meeting held in Brooklyn last August. The title of the pamphlet is "The Equipment of Electrical Engineering Laboratories."

## RECORDS TO BREAK

AT THE TRACK AND FIELD MEET NEXT SATURDAY.

NINETEEN EVENTS OF MUCH INTEREST.

Holt Will Do the Hitch and Kick—Who Goes to Chicago?

The interest which has been manifested in the track team during their work this spring on the lower campus will culminate Saturday, May 18th, in the annual field day. The event will be a class championship affair the same as last year and should be largely attended; for the picking of the men who represent Wisconsin at the W. I. A. A. contests June 1st will in a large measure be settled by the showing Saturday.

There was considerable talk of holding the contests on the lower campus, but for financial reasons it has been decided to hold the meet at Randall Field.

The program will include the regular intercollegiate events and also the hitch and kick and standing broad jump. Holt has been practicing the hitch and kick considerably for the last two weeks and has done remarkably well, so the contest is introduced to give him a chance to try for the world's record of 9 ft. 1 in. He has already done 9 feet in practice.

The order of events will be as follows:

### Track Events.

1. 100-yard dash, trials.
2. Mile walk.
3. 120-yard hurdle race, trials.
4. 888-yard run.
5. One-mile bicycle.
6. 100-yard dash, final.
7. 120-yard hurdle, final.
8. 444-yard dash.
9. 222-yard dash.
10. 220-yard hurdle race, trials.
11. Mile run.
12. 220-yard hurdle race, final.

### Field Events.

1. Running high jump.
2. Putting 16-pound shot.
3. Running broad jump.
4. Throwing 16 pound hammer.
5. Pole vault.
6. Hitch and kick.
7. Standing broad jump.

The entries close tomorrow night and every one intending to enter should bear this in mind and give his entry to Manager Overton or Captain Downer. No entry will be received after tomorrow night.

The men in training have with one or two exceptions, been doing excellent work, and the records are pretty sure to suffer. There is promise of hotter competition in many events than ever before, as there are many men in training who are very evenly matched. Especially is this true of the sprints, where Maybury, Aston, W. S., and H. Frame, Metcalfe, Montgomery, Lees and Downer have all been running very close. Richards will have more competition in the hurdles than ever before, and, barring accidents, both records in these events

will go. Hopkins ought easily to win both the half and the mile, though he has not yet reached his form. In the high jump, broad jump and pole vault there is also a certainty of hot competition, and the hammer and shot records will be likely to be broken. Blackburn is getting into fine form in the mile walk and will be pushed out by Peterson, Norton and Zimm. While there are not many men training for the bicycle race, those who are working are in good condition and will surely make as good a showing as last year's wheelmen.

The first contests will begin at 2:30 p. m. sharp, and will be run off as rapidly as possible, the field and track events being in progress at the same time.

The condition of the Athletic association treasury is an urgent argument for every one to turn out and encourage, by their presence, the men who are to represent Wisconsin at Chicago June 1st.

### ARE PLAYING TENNIS.

Wadsworth Beats Kurtz—And Noyes Beats Rogers.

In the tennis tournament this afternoon Wadsworth beat Kurtz in the preliminary round, 2-6; 6-3 and 6-0.

Wadsworth's game was weak at first but he warmed up and took the match in beautiful form.

Noyes beat Rogers in the preliminary, 6-2; 6-4.

Up to the time of going to press Steenland had beaten Hewitt one set, 8-6, and Hewitt took the second set, 6-2.

### CATHOLIC SUMMER SCHOOL.

Consideration of Plans and Outline of Work This Evening.

Bishop Messmer and other distinguished Catholics will be in attendance this evening at the Holy Redeemer church to outline the plans and work for the Columbian Catholic summer school. The program will be as follows:

Introductory remarks, Rev. P. B. Knox; Origin, History and Development of the Catholic Summer School, W. J. Onahan, Chicago; Social Features of the Summer School, P. D. Carpenter, Esq., Milwaukee; Religious Aspect of the Summer School, Theodore Kersten, Chilton; Summer School the Pivot of the Reading Circle, P. H. Martin, Esq., Green Bay; Columbian Summer School, Dr. Edward McLaughlin, Fond du Lac; Closing Remarks, Rt. Rev. S. G. Messmer, Green Bay.

### A CORRECTION.

The statement which was allowed to get into the Cardinal last evening that the price of tickets for the senior party would be \$4.50 has been the cause of considerable consternation. The figures were intended, however, to read \$1.50. Tickets to the gallery will be sold at ten cents.

—W. D. Howe, whose sickness compelled him, early in the term, to go to French Lick Springs for some time, is better but it is doubtful if he can get in shape to ride Saturday.

—Prof. Van Vleck gave his trigonometry class a quiz this morning.

What is a "defeat which contains a  
promise of future victory?" According  
to the Harvard News, it was by such  
a defeat that Harvard was beaten  
by Princeton last Saturday.

It is a noticeable fact that of the  
nine fellows elected in the college of  
letters and science not one is from the  
present senior class. Five of the  
chosen few are Wisconsin alumni, and  
one of the remaining four has taken  
graduate work here; besides this two  
of the new men have held professor-  
ships in the institutions which they  
leave to come here.

## WHAT GRADUATES SHALL WEAR

Their Dress Prescribed by the Board  
at Stevens Point.

The Stevens Point school board at a  
recent meeting adopted a decided inno-  
vation in prescribing the dress of  
graduates of the high school. The com-  
missioners passed a resolution to the  
effect that the girls who graduate  
shall appear on commencement day  
in dresses of "plain white muslin,"  
and the young men in "plain neat  
suits." The board considered this ac-  
tion necessary in view of the fact that  
well-to-do parents constantly vie with  
one another to see which can array  
their daughters in the most attractive  
commencement day finery. The poor  
students are thus made to feel uncom-  
fortable either by the unfavorable  
comparison of their dresses with those  
of their classmates or else by the  
heavy burden of expense incurred in  
providing an elaborate costume to com-  
pete with them.

dents in the United States are study-  
ing for the ministry.

## DON'T STOP TOBACCO.

How to Cure Yourself While Using  
It.

The tobacco habit grows on a man until his  
nervous system is seriously affected, impairing  
health, comfort and happiness. To quit sud-  
denly is too severe a shock to the system, as  
tobacco, to an inveterate user becomes a stim-  
ulant that his system continually craves.  
Baco-Curo is a scientific cure for the tobacco  
habit, in all its forms, carefully compounded  
after the formula of an eminent Berlin phy-  
sician who has used it in his private practice  
since 1872, without a failure, purely vegetable  
and guaranteed perfectly harmless. You can  
use all the tobacco you want, while taking  
Baco-Curo, it will notify you when to stop.  
We give a written guarantee to permanently  
cure any case with three boxes, or refund the  
money with 10 per cent. interest. Baco-Curo  
is not a substitute, but a scientific cure, that  
cures without the aid of will power and with  
no inconvenience. It leaves the system as  
pure and free from nicotine as the day you  
took your first chew or smoke. Sold by all  
druggists, with our ironclad guarantee, at  
\$1.00 per box, three boxes (thirty days treat-  
ment), \$2.50, or sent direct upon receipt of  
price. SEND SIX TWO-CENT STAMPS

### HOW TO WALK.

The Proper Length of a Step Twice  
the Length of the Foot.

A Delsarte teacher who is peculiar in  
knowing something of Delsarte's sys-  
tem of expression, says that women  
can improve their walk without a  
teacher, though they can't learn about  
walking from print.

The proper length of the step is twice  
the length of one foot, and it is meas-  
ured from the hollow of one foot to  
the hollow of the other. Now, take  
a piece of tape and sew on it bits of  
flannel at intervals twice the length of  
one of your feet, stretch it across the  
longest room you have at your dis-  
posal and you are ready for practice.  
Maybe you don't know that each  
foot should cross the same line with  
each successive step? It should—that  
is very important, so now you must  
walk your tape and set one foot and  
then the other right over those bits of  
flannel, letting the flannel come just  
under the instep. Do this and turn  
your toes out very well, and swing  
your leg from the thigh, and you are  
far on the road to a beautiful walk.

For the hammock and for veranda  
use the bolster cushion will be found  
useful. It should be arranged so that  
the cover and trimming may be  
washed. The cushion measures six-  
teen inches long and fourteen inches  
in circumference, the cover is worked  
in a cross-stitch with olive and blue  
rope linen floss used on java canvas  
or linen. The ends are finished with  
frill of lace and chenille tassels, and  
the cushion is hung over the back of  
the chair by strong cords.
