<http://rightsstatements.org/vocab/InC/1.0/>

The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

when the tense personality needs toning down

## **BUTISOL**<sup>SODIUM</sup> BUTABARBITAL SODIUM

has a gentle, calming action that helps restore a more quiet frame of mind, without impairing mental performance.

Comparative studies\* favored BUTISOL SODIUM butabarbital sodium as the daytime sedative most suitable for common anxiety-tension states as seen in everyday practice.

\*Batterman, R. C., Grossman, A. J., Leifer, P., and Mouratoff, G. J.: Clinical Re-evaluation of Daytime Sedatives, *Postgrad. Med.* 25:502-509 (October) 1959.

*Cautions and side effects:* Contraindicated in patients sensitive to barbiturates. To be used with caution in moderate to severe hepatic disease. At daytime sedative dosage levels, drowsiness, skin rashes, "hangover" and systemic disturbances are seldom seen. (*Warning:* May be habit forming.)

*Dosage:* As a daytime sedative, 15 mg. (¼ gr.) to 30 mg. (½ gr.) t.i.d. or q.i.d.

*Available:* Tablets, 15 mg. (¼ gr.), 30 mg. (½ gr.), 50 mg. (¾ gr.), 100 mg. (1½ gr.); Elixir, 30 mg./5 cc. (alcohol 7%).
