## OUR VILLAGE

By J.S. Hotton

" God made the country, man made the town", may have been a sage remark but it doesn't fit our village. Williams Bay is a cooperative venture.

Millions and millions of years ago, so they tell us at the Observatory , the Almighty Architect of the universe designed and began to shape our rolling hills and valleys and to fashion the splendid water basin that forms our glorious lake. There isn't any doubt that the eleven hundred acres within our village boundaries is one of the outstanding beauty spots of earth. It is no wonder that first the Indian and later the white man picked this spot as a village site.

When the grand old Potawatomi Chief, Simon Kiquados came from Forest County on the northern border of the State to visit our village in 1929 one of our citizens said to him, " Well, Chief, how do you like this country where your ancestors lived a hundred years ago? ". His reply was " Very beautiful, my friend, very beautiful " and then rather quickly but with considerable pathos he added, " I tell you , my friend, if Columbus he tip over, we be here yet .".

( See next page )

OUR VILLAGE -  
( FROM PAGE 1 )

Instinct alone and the health-urge would lead either Indian or white man to choose an abode so abundantly fitted to human need.

A Superb Scene

Go to the top of Toboggan Hill - as we may call it till it gets a better name - and tell me whether in all your travels you ever gazed upon a sweeter scene. As your eye runs eastward over Como and southeastward over " the Bay " you confess - that is if your mind is fresh and fully alert - you confess that you did not know that land and water could be combined to produce such captivating beauty as greets your view from the brow of that lovely hill. Especially fortunate you will be if your first visit to this hilltop is on a sunny day in the golden Autumn when the oaks, the hickories, the maples and the sumac are radiant with their richest colors. Put your attention for a few moments as you stand there, on the homes of people nestling in the valley and on the hillsides before you. Contemplate the comfort and the beauty in that scene. If your soul is awake and there is a spark of reverence in your make up, you will exclaim as did the good old bishop who came to the village some years ago, " Designed of God for the purpose. "

What I am trying to say is that Williams Bay as the Creator gave it to us is a place of surpassing beauty.

The people of Williams Bay are sensitive to beauty. Their houses, their lawns and their gardens tell that. Now and then there is a sad exception to be sure, just to bring out the contrast. But thanks to the Garden Club the occasional slummy place is disappearing. There are many homes of rare charm and good taste, and more in the making.

A New Project

It is reported that some day not so far distant, there may be a public driveway to the top of Toboggan Hill thus opening the view to larger numbers. As for me give me the benefit of the climb on foot. It is a health-lift. The deeper breathing and the quickened circulation are better medicine than can be put in with a spoon. If you don't over do it.

\* \* \* \* \*

The balance of this article on the village will appear in the next issue of " Bay Leaves ". Other articles on " Our Village and its Personalities " will appear later.

A series of articles by our Superintendent of Schools, Volmer H. Sorensen on " Modern Trends in Education " will follow soon.

The editor would like other contributions from our village writers on themes which will be of interest to our readers.

## PERSONALS

Mr. and Mrs. C.E. Niehoff and daughter, Mary Anne, of Chicago, were at their lake shore estate over the weekend. They had as their guests, Mr. and Mrs. Art Wise and daughter, Dorothy, of Racine.

A post card from Mrs. Amy Jorgenson, saying that she and Miss Elsie Piehl have taken an apartment in Los Angeles, has been received, and that they are enjoying every minute of their stay in California. The weather has been grand.

Miss Florence Werner, who is a student at the Milwaukee Teachers College, spent last weekend with her parents, Mr. and Mrs. Eric Werner on Congress St.

Mr. and Mrs. A.W. Wakelvy, Kenilworth, were at their home on the lake shore for over Sunday.

Miss Louise Brown, who is teacher of French in the Evansville, Indiana High School, came Tuesday afternoon for a stay with her sister, Mrs. L.A. Hollister, in the Hollister home until the flood waters subsided at Evansville, which is one of the stricken cities in this recent great flood disaster. Miss Brown tells of some thrilling happenings during the disaster.

Dr. and Mrs. Elliott R. Downing left on Wednesday for a sojourn in California and Tucson, Arizona. While in Arizona, Dr. Downing will spend some time at the Museum of Natural Science at Tucson. They will be away two months.

On the front page of Elkhorn Independent a story of the watch which was given to Col. J.E. Atkins by the regiment with which he was the chaplain. Col. had left the watch in a jewelry store for repairs and the editor thought it a good story. We are asking Col. Atkins to give us an article about it for next week.

## ICE BOAT RACES ON PEWAUKEE LAKE

The following ice boats with their sailors are entered from Williams Bay in the annual regatta of the Northwestern Ice Yachting association.

Charles Sawyer, sailing E. N. McDonnell, "Sandy"-Class "E", Mel Spence, sailing "Sue Jack II" Jack Vilas Jr. boat, Class "E".

Harry Melges, sailing "Mickey Finn", Class "E", and "Kol Master" Class "C". H.V. Fitzcharles, sailing "Sue Jack III", Class "D", and "High Voltage", Class "E". F.A. Anderson, sailing "War Horse", Class "E".

Daily races have been held on the ten mile course on Pewaukee lake until January 29. The ice conditions are reported to be the best in years, and predictions are that most of the course records will be in danger.

Mesdames Mel Spence, Walter Beauvais and Harry Melges went to attend the races today (Thursday).

Mr. and Mrs. Glenn H. Curtiss of Miami, Florida, are guests in the Lee Clayton home in the Bay for a week. They came for the ice boating.

Mr. and Mrs. Bruce P. Adams Jr., Chicago, have a young son, Bruce Pelouze Adams, born January 13.

Mrs. Adams was Miss Medora Pelouze. Her parents, Mr. and Mrs. William N. Pelouze have an estate on the lake shore at Lake Geneva. Mr. and Mrs. Bruce Adams, Sr., have been coming to the Hotel Normandie, Williams Bay, for many summers.

Mr. Harry Billings spoke at the Rod and Gun Club, Lake Geneva, last Monday on "Training Dogs For Hunting". He told of the training given in retrieving of crippled birds and methods of Field Trials. About one hundred twenty attended the meeting.

## THE BELFRY PLAYERS

By a strange quirk of coincidence, the performance of "The Importance of Being Earnest", which the Belfry Players are to present in the Auditorium of the Williams Bay High School on Thursday, February 11th, will occur on almost the exact anniversary of its first performance. It was originally presented in London, at the St. James Theatre, on Thursday, the 14th of February, 1895, and met with instant success. "Lady Windermere's Fan", another great hit, another great hit, was presented in 1892. "A woman of no importance," "An ideal husband," and, finally, "The Importance of Being Earnest!" The truly brilliant character of the plays is proved beyond a doubt by their popularity thru the passing years, and it is difficult to believe that the author, the toast of London at that time, died in poverty and obscurity in Paris, only five years later.

Mrs. Blake Burton, who is handling the business end of the production for the P.T.A., which is sponsoring the play, has chosen for her committee, Mrs. Van Biesbroek, Mrs. Sam Johnson, and Mrs. James C. Halpin.

The Ladies Aid Society of the Congregational Church met on Thursday, (to-day) with Mrs. D.J. Oetjen, Mrs. F.M. Van Epps, co-hostess. After the business meeting, a program was enjoyed.

## WOMANS CLUB MEETING FRIDAY JAN. 29

The Womens Club will meet on Friday afternoon at 2:30, with Mrs. L.A. Hollister at her home on Clover St. There will be a program on Wisconsin Music and Musicians. Mrs. Vera Johanssen of Delavan will sing a group of songs by Wisconsin composers.

FORTY YEARS AGO IN WILLIAMS BAY

From Williams Bay Observer  
January 28-1897

Don't do it! Do what? Let a man saw a cord of wood for you for 40¢. We hear that some of the out-of-work people about town (White water) are offering to saw wood at these prices. Flesh and blood are worth more than that. The iron rule of supply and demand should not be permitted to crush a hungry man down to that degree.

February 4-1897

There has been quite a party from Chicago enjoying the winter sports at Congress Club, the guest of E.N. Camp.

The private ice-houses about the lake are being filled. W.A. Hackey filled the one at the Y.M.C.A. last week, and Charles Madison filled the one at Holiday Home.

September 3-1896

Mr. J.S. Hotton, well known as the efficient steward of the Y.M.C.A. Camp, is at the Camp this week as the guest of J.Q. Dunlop, and with him is his bride, formerly Miss Hattie Richardson of Sparta, Wis. The happy couple were married at Sparta, Wis. on August 20th, after which they went to Minneapolis and St. Paul, thence by the way of Lake Superior and Michigan to Chicago, and then came here, realizing that the wedding tour would not be complete unless it included Geneva Lake. They leave here on Friday for their future home in Chicago attended by the congratulations and best wishes of many friends here and elsewhere.

January 28-1897

A couple of lively runaways last last Saturday morning. James Kent's cutter and horse and Lew Thomas's team and sleigh. No damage done by either.

\*\*\*\*\*

(continued)

## FORTY YEARS AGO IN WILLIAMS BAY

From Williams Bay Observer

January 28-1897

Mr. J. Henyon, who has had charge of the marble setting at the Observatory under J. Schuerman, contractor, expects to finish his work today. He has set in all about 4200 Sq. feet of marble in the building. The main corridor is wainscoted with marble and a magnificent marble stairway leads from this hallway to the elevating floor in the large dome, where the forty inch telescope is mounted. English vein Vermont is used, which is one of the finest grades of American marble.

January 28-1897

The cold weather and snow made a boom for the local dealers in sleighs and cutters. The stock on hand being exhausted and a new supply ordered. All this within a week.

On Monday morning at sunrise the thermometer registered from 24 to 30 degrees below Zero.

February 4-1897

Some twenty-five of J.P. Smith's men on Lake Como, thinking that \$1.25 a day was not enough for working on the ice ( 10 hours a day) struck for higher wages one day last week. Whereupon, the foreman telegraphed for men to fill their places. They came, and twenty-five men were out of employment.

February 4-1897

The Smith Company commenced loading cars at the Bay Tuesday. They filled twelve cars in an hour and run ice into the house at the same time.

Elgin Butter marked on Monday at 20¢ per lb.

L.G. 819 - J - 1

Williams Bay, Wisconsin

The following is a letter received from Mr. F.H. Tweed, who owns a summer home in Loch Vista, Williams Bay and who has always been an ardent booster for Williams Bay in all its promotional activities. Mr. Tweed writes from his winter home at Coral Gables, Florida.-

"I have just finished reading the last issue of BAY LEAVES which was very interesting and I want to compliment you on the make up of the sheet. It was forwarded to me here at my Florida home.

I was just thinking as I sit here in my shirt sleeves, on the front porch, with the temperature at 80 degrees, that if you could arrange to move your toboggan slide and ski jump down here, I am sure that they would be very popular. But you had better arrange to bring your own snow!"

Wishing you the best of success, I remain

Sincerely yours,  
F.H. Tweed."

-----  
From Mr. L.G. Mockenhaupt,  
Chicago, who has a summer residence in Cedar Point Park, Williams Bay.

Chicago, January 20

"Please find enclosed my subscription to BAY LEAVES. Thank you for mailing it to us. We do enjoy reading it so much."

Yours very truly,  
L.G. Mockenhaupt."

-----  
SAILING COMING INTO ITS OWN

Mr. Walter Beauvais, who has been manager of the Jewell Boat Co. Williams Bay for the past two years, and who recently purchased the land and buildings from Mr. Walter Jewell, reports that the Beauvais Boat Co. has more orders for "C" boats than ever in the history of the business. Six to eight men are busily engaged in building "Beau Skeeter Ice Boats and the Class "C" boats.

The boat storage building is filled to capacity.

## WILLIAMS BAY SCHOOL NOTES

Miss Lilly Johnson spent the weekend at the home of Mrs. Donald Burton at Racine. Mrs. Burton was formerly Miss Quale was a teacher in the Williams Bay school last year.

-----  
The Girls Club had a theatre party Tuesday evening. They went to Lake Geneva to see the movie, "Camille". After the movie they went to the teacher's home for refreshments.

-----  
The Physical Education Program is about to change for both Junior and Senior High School. The Junior has completed a course in volley ball and basketball for the girls and Boxing and Wrestling for the boys. They will now begin a course in Tumbling for the girls and basketball for the boys. The Tenth Grade has completed a course in Volleyball and Basketball for the girls and Tumbling for the boys. They will now start a course in Tumbling for the girls and Boxing and Wrestling for the boys.

The Eleventh and Twelfth Grades have completed a course in Social Dancing and are supposed to begin a course in Basketball and Volleyball for the girls and Boxing and Wrestling for the boys, but due to the unanimous vote of the students, Mr. Cook has agreed to extend Social Dancing for three weeks.

-----  
The Fandangle that was given by the young people of the Congregational Church was a great success. The Fandangle consisted of a number of folk dances. Refreshments were served. Everyone enjoyed it very much. Miss Ruth Bottlmeier was in charge.

-----  
National Scout Week begins February 6, and continues until February 13. On Sunday February 7th the Scouts will go to church at the Congregational Church. Monday night, February 8, the Scouts are giving a supper for their parents to which the Cubs

Kenneth K- "Then you must be in it too far."

COMPOSER WELL KNOWN IN WILLIAMS BAY  
IS HONORED BY ORCHESTRA

Among the novelties played on Sunday afternoon January 24 at the the Illinois Symphony Orchestra's Concert was the "Tragic Overture" a composition by Florence Galajikian of Maywood, Ills. Another of Mrs. Galajikian's compositions, "Symphonic Overture" was played by the Chicago Symphony Orchestra at one of their concerts.

Mrs. Galajikian was winner in a composing contest in 1931, sponsored by the National Broadcasting Company.

CONTRIBUTE TO THE RED CROSS

The American Red Cross is asking for \$10,000,000 for relief in the districts in the Ohio Valley, Indiana and Missouri, where the most disastrous floods in history have been raging for the past week, and has caused millions of dollars loss in life and property. The disaster is unprecedented in peace time history.

Everyone is urged to give to the Red Cross Fund even if it is only a small amount, as it all counts and is much needed.

The Red Cross Chairman in all local communities are urged to solicit funds from every organization in their community. The quotas for all Red Cross Units have been increased to five times their original quotas.

The cost of rehabilitation in all communities damaged by floods and fires, will amount to millions of dollars, as nearly one million people in the flood areas are homeless and have lost all their possessions. Thousands are ill with flu, pneumonia, mumps and measles, and other diseases.

Local contributions may be given to Mrs. L.A. Hollister, Chairman, may be left at R.E. Burton's store, or with Mrs. G. Van Biesbroeck.

Anyone having warm clothing of any sort to give away, please bring to Mrs. Karen Steele on Spring St. and the clothing will be sent to the flood sufferers with the aid of the Little Army. Mrs. Steele will mend and send all clothing.

C O M E O N U P !

The weather is fine. Williams Bay has been enjoying a week of sunshine and warm weather, romantic moonlight, excellent skating, thrilling ice-boating. The highways are about clear of ice.

She is a niece of Mrs. D.J. Oetjen, Williams Bay.

REFERENDUM ELECTION  
TUESDAY FEB. 2nd

You are asked to vote "Yes" or "No." on the question "Shall the Village of Williams Bay in Walworth County, Wisconsin incur indebtedness of Thirty Thousand ( \$30,000.00) Dollars for the purpose of building and constructing an extension to the existing Waterworks Plant of said village in the form of a water purification and softening plant, with all necessary appurtenances and equipment, and do you approve and authorize an application by said village for a loan of Thirty Thousand Dollars ( \$30,000.00 ) from the Trust Funds of the State of Wisconsin to be repaid in twenty years in equal, annual installments and to bear interest at the rate of four per centum per annum, payable annually, for such purpose ? "

The Village Board must have your approval on the above before any further steps can be taken in the matter of getting good water for the Village.

Though most any tax payer hesitates to add any further burden to the already high taxes in the village, he still feels that as long as so much has been spent he should not stand in the way of this new proposition which assures water of which the village can really boast.

The water will not only be clear as crystal but will also be softened so that considerable saving will be made on soap and wear and tear on clothes.

The polls will be open at the usual place in the Community Room back of the Library from 9 a.m. to 5.30 p.m. Any person entitled to vote at any regular election can vote.

Every one should express his wish in the matter. The majority vote is what tells the story. The Village Board must be guided by your votes.

RED CROSS FUND GROWING

As the " Bay Leaves " goes to press the latest report from Mrs. L.A. Hollister, local Chairman is that \$82.00 has been received by the Committee.

Those wishing to help are requested to turn in their subscriptions to any member of the Committee or leave them at R.E. Burton's Store.

The Committee is anxious to send a check for \$100 to the Red Cross on Saturday.

## THIS AND THAT

Mr. E.H. Hollister will build on the East Half of the old Williams homesite a Super Service Filling Station just as soon as conditions warrant going ahead. Mr. Hollister expects to operate it himself. Texaco Products will be sold. It should be in operation by Memorial Day.

The Local Post of Veterans of Foreign Wars gave \$5.00 from their meager funds to the Red Cross.

With the Ski Jump ready and the Toboggan in good condition except for a little snow we are all set for Winter Sports, when Old Man Winter gets here.

Have you made a trip up to the Ski Jump? It is quite a hike, but will make you feel like a million dollars. Try it next Sunday afternoon.

Mr. W.C. Dean, who edited the Williams Bay Observer back in the 90's says that he wishes he were back here now operating his paper under present conditions. He printed it in the basement of the house just west of the Granzow residence. The house is for rent since Ned Grimm moved up in the next block. Hottons' has it listed both for sale or rent.

Advertisements are solicited from those who wish to cover Williams Bay residents.

There are nearly a dozen fish houses on the Bay. The Ciscos are biting very good. Many are getting their limit each day.

Ice Boating has been a real thrill this last week. Many boats can be seen with full sails. There have been a couple of spills with ducking for some.

If roads are still covered with ice there will be some sleigh rides over the week end.

Some Chicago parties are coming up and have had made inquiries about bob sleds.

There are some ice boats for rent.

The Hotton boats lend color to the scene with the blue and yellow sails.

The Kuderna home west of the Village limits is nearing completion.

You can boost " Bay Leaves " by telling the advertisers that you saw their goods advertised in " Bay Leaves ". Tell others about telling their stories in " Bay Leaves ".

Plans are being made to enlarge the scope of " Bay Leaves " to include a larger area around the Lake. It may be made a bulletin for property owners who have frontage on the lake or lake privileges.

It is your paper. Send in items of interest.

## ST. BENEDICT CATHOLIC CHURCH

Fontana

Masses at 9 o'clock. A.M.

Sue Vilas and her father, Mr. Jack  
Vilas. A half page article was  
written about the Beau Skeeters  
Club and the winter activities at  
the Bay.

# BAY DEFEATS DARIEN 20--15

The Williams Bay High School  
basketball team defeated the  
Darien high School team by the de-  
ciding score of 20--15- last  
Friday evening at Darien. The  
game was a very fast and very close  
battle from the tip off until the  
final whistle was blown. The Bay  
players showed a little more speed  
than their opponents, but Darien  
showed the best shooting ability,  
but the poor short shooting of the  
Bay team, helped to balance what  
would have been a very lopsided  
score for the Bay.

During the second quarter a  
Darien man was removed from the  
game for kicking at a Bay man. Yet  
the game was not a very rough one.

## Box Score-- Williams Bay

	F.G.	F.T.	P.F.
Rasmussen (F)	0	0	0
Stenstrom (F)	0	1	0
Soplanda (F)	0	0	1
Giaque (C)	3	0	0
Delap (C.F.)	2	0	2
Hess (C)	1	3	2
Johnson (C)	2	0	0
Total	8	4	5

The Williams Bay High School  
team is at present in a tie for  
the second place in the league and  
their game this Friday night will  
break that tie because they are  
playing Genoa City with whom they  
are tied with for the second spot  
in the league.

A GAME WELL WORTH SEEING.
