The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

The Daily Cardinal

VOL. XXXIII. NO. 19

UNIVERSITY OF WISCONSIN, MADISON, TUESDAY, OCT. 10, 1922

PRICE 5 CENTS

CARDINAL GIVES TRADITION CODE TO NEW FROSH

List Is Omitted From Green Book and Bible

Because the list of traditions and rules regulating the action of freshmen on the campus were omitted from both the Green book and the freshman "Bible", The Cardinal is printing a code of the major traditions. Although the traditions have been augmented and modified off and on since their inauguration at the university, they remain in very much the same form in which they were originally drawn up by the student senates of the past.

Not only the yearlings are supposed to live up to these various customs. With the exception of the green cap tradition, the regulations apply to the sophomores as well.

The traditions and rules pertaining to them are given below.

Major traditions:—

1. A derby or stiff hat shall not be worn except on Prom night. The prescribed green cap shall be worn by all freshmen during the period set by the student senate throughout the school year.

2. Freshmen and sophomores are prohibited from sitting upon or leaning against the fence in front of the gymnasium. No freshman shall be impertinent to an upper-classman.

Minor traditions:—

1. No freshman shall smoke upon any part of the university grounds. This rule to be in force up to May 1 of each year.

2. Corduroy trousers shall not be worn by any freshman or sophomore.

3. Physical disability rendering such aid necessary shall be deemed the only legitimate excuse for the carrying of a stick or a cane by any freshman.

4. No freshman shall sit or loiter about the steps of the following buildings: Historical library, Engineering building, Agricultural hall, and Law building.

5. No freshman shall wear his high school letters, numerals, or insignia upon the university campus.

Violations of Traditions

Penalties for major offenses:—

Violations of these traditions may be punished in any of the following ways:—

1. The offender may be denied (Continued on page 2.)

OCTI CLAIMS FINAL WORD IN CONTESTS

Celebrity contests at Wisconsin will be settled for all time on October 18 when the Octopus announces the results of its far reaching and representative survey, announced Cedric Seaman '23, editor, yesterday.

Four women and three men have been chosen by the judges and these will be named in the first issue of the humor magazine.

The selections have been conducted in secret and because of this fact the final decisions may justly be considered authentic, declared Seaman.

The most beautiful woman, the most handsome man, the most popular woman and man, the most athletic girl, the most active girl on the campus and the best gentleman joiner all are numbered in the final results.

This is the first time that the Octopus has ever attempted anything of this kind and the editors believe that the judges decisions will meet with approval of everyone on the campus.

WEATHER: FAIR

Fair and somewhat warmer weather is promised for today. Continued fair weather is predicted for tomorrow.

Rubel to Feature Novel Ballet Booth Friday

Henry Rubel '23, of "Ink Alley" fame will be one of the features of Ballet Booth, the Edwin Booth club novelty dancing party, next Friday, at Lathrop gymnasium and concert room.

Rubel in his act, "Squirrel Food," will offer a series of burlesques, pianologues, and jokes which have made him popular on the campus as a comedian. Last year he appeared in Union vaudeville; "On the Hiring Line", the Prom play; "Pokey", an Edwin Booth play and several specialty acts of the Ballet Booth type.

"Ink Alley", the humorous column of the Wisconsin State Journal is conducted by Rubel. He also syndicates this column to other newspapers. Rubel is a member of Pi Epsilon Delta, honorary dramatic fraternity and Edwin Booth dramatic club.

Ballet Booth tickets are on sale today at the University pharmacy. Hill ticket sale opens Thursday.

HARRIS ESSAY PRIZE OPENED

Midwest Schools Given Opportunity to Enter Contest

The Harris Political Science prizes offered each year are open again to undergraduate students of Wisconsin and other midwestern colleges. The award for the best essay on any of the subjects suggested is \$150. The second prize is \$100.

The prize fund was established by the late N. W. Harris of Chicago for the purpose of furthering good citizenship, promoting a wider respect for law, order, and constitution and encouraging a more extensive and thorough study of questions relating to public morals, federal, state, and municipal government.

Prof. Fredric Ogg, director of the department of political science says, relative to this contest:

"I would like to see a number of Wisconsin students enter the Harris Political Science essay contest this year. The range of subjects is very wide and any student could find a subject which would be of distinct interest to him. Contestants would not be limited to the subjects on the list, but would be allowed to write on any phase or phases of any subject listed."

During the 12 years the contest has been open, Wisconsin has won three firsts. Year before last Clarence E. Fugina of Wisconsin won second prize. Last year the first prize was awarded to Richard E. Eliel, University of Chicago, and the second prize to Burton Y. Berry, Indiana University.

A bulletin giving the rules and subjects of the contest is posted on the bulletin board of the political science department in South hall.

Advertising Staff of Year Book Has First Meeting

The first meeting of the advertising staff of the 1924 Badger will be at 7 o'clock tonight in the Union building according to Lee Hanson '24, advertising manager of the year book. "Plans for the year will be outlined and discussed and I am anxious that we have a full turn out of all members of the advertising staff at this meeting," said Hanson.

Pfeifer Out For Senate Position in Junior Class

Robert F. Pfeifer is the first junior to announce his candidacy for the Student senate. He will run independently. Pfeifer is a member of the editorial staff of the 1924 Badger and is a reporter on The Cardinal. Last year he was a member of the semi-public debate team and editor of the Y. M. C. A. News Sheet. He was also active on the Sophomore commission and was general manager of the Frosh Bible. He is a member of the Junior council and is enrolled in the College of Letters and Science.

BADGER TEAMS BEGIN CANVASS FOR YEAR BOOK

Business Office Gives Out Statement As to Finances

With 16 men's teams and 12 women's teams at work, the 1924 Badger subscription campaign started this morning. The entire university section will be canvassed thoroughly in an attempt to get a subscription from every student. There are 7,000 blanks out and it is expected by Willard Kirchner that every one of them will be filled.

Until Wednesday there will be no official report from either the individual canvassers or from the team captains. Occasional unofficial reports indicate that canvassers are doing well. It was reported this noon that one girl had already taken forty subscriptions.

With the commencement of the campaign there has been much talking and conjecturing among the student body as to where the money goes which is taken in for subscriptions. Many students who know nothing of the workings of the staff organization, or of the expense involved in the publication of such book as the Badger, is, have an erroneous idea that there is, somewhere a surplus which is not accounted for.

Publish Statement

The average sale of annuals in universities and colleges is 60 per cent of the student body. In all the time Wisconsin has been putting out an annual, it has never had as low a percentage as the average. Every cent which is taken in by the Badger staff is spent in making the book as near the ideal as possible.

That students may have an idea as to the cost of publishing the Badger, the business staff has to publish the following data:

The approximate amount which is taken in each year is \$30,000.

Of this amount, \$18,000 is paid to Cantwell for the printing and binding of the books.

Eight thousand is paid for the engraving which is done by Stafford at Indianapolis.

To the Photoart House, official photographers for the Badger, is paid \$800.

This leaves only \$2,200 with which to pay for office supplies, and general operating expenses.

WISCONSIN DAY AT DAIRY SHOW DRAWS BADGERS

Ag Faculty Members Have Exhibits at Large Convo

Many students and professors from the College of Agriculture will journey to Minneapolis on a special train tomorrow at 1 o'clock to attend Wisconsin day at the National Dairy show Thursday.

The National Dairy show is considered the greatest show of dairy cattle in the United States, and prize winning animals from all sections of the country will be exhibited in the show ring in competition for grand championship honors.

Many prominent Wisconsin faculty members and students will attend the dairy exposition during the week. Faculty members who will be at the show are Dean H. L. Russell, Prof. K. L. Hatch, Prof. F. B. Morrison, Prof. E. S. Savage, Prof. E. H. Farrington, Prof. R. S. Hulce, Prof. J. L. Sammis, Prof. E. L. Luther, R. T. Harris and A. J. Kramer.

Special exhibits will be in charge of Wisconsin representatives. Prof. Sammis has charge of a large cheese exhibit. R. T. Harris and staff will exhibit 100 Wisconsin grade cows all of which have milk records of more than 365 pounds of fat. More than 50 of these cows will be placed on auction at the show.

Registrar's Records Show Enrollment to Be 7,381

The latest figures from the Registrar's office show a complete registration to date of 7,381 students at Wisconsin. This estimate includes 4,684 men and 2,697 women, an increase of 125 women over last year. No definite figures on freshmen are available as yet.

The College of Letters and Science shows the largest increase in enrollment. The course in commerce and the College of Engineering are down in their figures. All other schools register approximately the same number as formerly.

The Graduate school has an enrollment of 636 students to date. This is a far greater number than in previous years. A graduate woman's house has been opened to accommodate quarters for women students in this school.

Due to the large number of unofficial registrations and withdrawals that are being made daily, no authentic and complete data can be given for a few weeks.

TO BASE RUSH ON FAIR SCRAP

Tebell Plans Class Battle Without Illegal Methods

The team winning the annual class rush this year will win it by merit rather than by unfair tactics, according to Gus Tebell, '23, president of the Athletic board. Tebell already has set the machinery in motion to prevent the recurrence of unfair play and unsportsmanlike conduct occasionally exhibited during the past few years.

The rush will be staged at 1 o'clock Saturday afternoon on the lower campus. Fifteen sacks will be placed in the center of the field with a freshman and sophomore team opposite each sack. When a team succeeds in carrying its bag across the opponents' goal line it will return and aid another team.

At the crack of the gun the freshmen will start from the east end of the campus and the sophomores from the west and for 15 minutes the battle will age. More than 100 upperclassmen armed with as many newly purchased clubs of the copper brand will prevent any foul play.

If the lower campus is plowed or disturbed in any way the rush will not be held. Policemen will protect the freshmen from kidnappers Saturday morning before the rush and any deportation will be subject to the action of the student court. The chief of police and his 15 captains are to be named today by Tebell.

Advertising Club to Hear Don Mowry at Meeting

Don Mowry, secretary of the Madison association of commerce, will address the university Advertising club at 6 o'clock Wednesday evening in the banquet room of the city Y. M. C. A.

All members are requested to be present at the meeting since new members are to be voted on, according to the president of the organization. Those unable to attend are asked to notify Douglas Newell, Badger 171.

Men desiring to become members may make applications to Newell.

Board Entertains Staff With Cardinal Banquet

The Cardinal Board of Control will give a banquet at the Indian Room of the Monona hotel at 6:30 o'clock Thursday evening for all active members of both the editorial and business staffs of the Cardinal, whose names appear on the mast head. The Faculty advisers, Professors Hyde, Summer, and McMurray will be guests of honor. Informal talks will be made during the meal. The purpose of the function is to get together in order to become acquainted and learn to know each other on a social as well as business basis.

SELECT RUBEL'S COMEDY FARCE FOR HARESFOOT

Original Play "Kikmi" Wins Annual \$100 Prize Contest

"Kikmi", a two-act musical comedy by Henry S. Rubel '23 was selected yesterday by the Haresfoot club for its twenty-first annual show to be produced next spring.

Several manuscripts were submitted for consideration in the prize contest which was conducted by the club. A prize of \$100 goes to Rubel for his accepted play. Hobart C. Price '23, Porter F. Butts '24, and Gerald C. Koch '23 were the committee which chose the play.

Three sets will be needed for "Kikmi" which is an island in a far off sea where pirates, fair maidens, and heroes fall in love and have many adventures. There are four scenes in the show. The first two take place on ship board, the third in the streets of "Kikmi" and the last in the interior of a harem of the island.

Music Is Written

The play according to Rubel is a farce throughout and is filled with situations and lines which afford unlimited opportunity for comedy. The committee believes that this type of play, free from satire, will prove a greater hit this year.

More than fourteen musical numbers have been written for the new play by various members of the dramatic club. Never before in the history of the club, according to Koch, president, has such an early start in the play production been obtained.

A committee of three will start work immediately to lay plans for the construction of scenery for "Kikmi." This scenery will first be tried out on a model stage constructed for this purpose by Sidney Thorsen '24, a member of the committee. Thorsen yesterday remarked upon the adaptability of the new play to original scenery construction.

"We are highly satisfied with Rubel's play and feel that its element of fun and nonsense will take extremely well this year," Price, who is chairman of the play committee, said yesterday.

HOODO DAY TO BE JOURNALIST'S JOY

Friday, the thirteenth! Yes, and it is going to be a lucky one. That is, it is going to be lucky for all the new women taking journalism, and all of the old ones too.

Friday is the day the members of Theta Sigma Phi, honorary and professional woman's journalism fraternity, have chosen for a get-acquainted party. What day could be luckier than the one when a person makes a lot of new friends?

The party is to be in Lathrop parlors at 3:30 o'clock Friday, the thirteenth. The senior girls in the course in journalism are to act as hostesses and all of the other girls in the course in journalism are invited to attend the party as guests.

"Of course the principal object of the party is to get acquainted but we want the new-comers to know some of the things we stand for and we want them to get started in their journalism work exactly right," Marjorie Ruff, president of Theta Sigma Phi, said yesterday.

"Too frequently women take journalism without knowing one other person in the course. We want them to all know each other and we want them to know that we are interested in them and ready to encourage and help them whenever they need it and whenever we are able. Friday, we hope to make them understand this," Miss Ruff declared.

Cardinal Publishes List Of University Traditions

Continued from page 1

the right to hold office for a period not less than one year.

2. The offender may be denied the right to participate in any student activity or undertaking except such as are taken or engaged in for University credit.

3. The court may appoint a student committee to punish the offender.

Violations for minor offenses:—

1. Violation of this tradition shall be punished by depriving the offender of the right to vote in any student elections for a term of one year or two years, the minimum penalty to be one year and to be inflicted on all first offenders.

2. Violation of this tradition shall be punished the same as (1) above.

3. Violation of this tradition shall be punished by depriving the offender of his right to hold any office within the gift of the whole student body or of any class or vote in any student election; the same penalty to be imposed for one year for first offenses and two years for any subsequent offenses.

WILL DIRECT U. S. NAVAL OPERATIONS IN TURKISH CRISIS

Vice Admiral Andrew T. Long.

Vice Admiral Andrew T. Long, commander of the U. S. naval forces in European waters, has gone to Constantinople to direct the naval operations of the U. S. fleet should any become necessary in connection with the activities of the foreign fleet during the Turkish crisis.

Press Demands Resignation Of Lloyd George

Charge Premier Has Brought Nation to Brink of Useless War—

LONDON — The political and newspaper campaign against David Lloyd George, reached its climax when the four leading weekly reviews and one of the premier's staunchest supporters among the newspapers joined in a demand for his resignation.

This campaign has far surpassed in its widespread extent any of the similar campaigns which the premier during the troubled post-war period has had to meet.

What distinguished the present campaign from all previous ones is that it is not confined to the premier's natural political enemies but embraces solid organs of public opinion of all political shades.

The basis of the charges against Lloyd George is that his strong pro-Greek policy brought to the nation to the brink of war, which was only averted in the first place through the statesmanship and diplomacy of Lord Curzon, the foreign secretary, who secured an agreement with France on a near eastern policy, and in the second place through the moderation and tact displayed by Brig. Gen. Harington in his dealings with the Kemalists.

The grave charges against Lloyd George is that he has involved the country, at a moment of great financial difficulty, in the useless expenditure of between \$100,000,000 and \$150,000,000 for war purposes in the Dardanelles.

In the words of the outlook, "it has insured the triumph of France over Great Britain and caused the humiliation of Great Britain before the Moslem world, while France poses as the protector of the faithful, who bullied and chivvied Great Britain into accepting humiliations that no great power within the last century had peacefully endured."

First Budget Meeting Is Planned For Oct. 16

The first meeting of the finance committee on the city budget work is planned for Oct. 16. The date will be definitely set when the city auditor receives the estimated budget of the school board.

WILD ANGRY WAVES FURNISH MUSIC

LIBRARY CONTAINS VALUABLE VOLUMES

Although the University library does not consider itself a collector of old and valuable books, it nevertheless boasts of several which are of great worth and of great interest.

Two of these books are on the "Investigation and Studies in Jade" and belong to the Heber R. Bishop collection. Mr. Bishop had two sets of books on this subject and in his will he stated that one set was to be sent to the Empress of China, and the other to the University library.

Upon the settling of the estate, the second volume belonging to the set intended for the Empress of China was lost and was replaced by the duplicate intended for this library; thus depriving us of this volume. Some time after the library had received the first volume, a letter was received saying that the lost volume had been recovered and was being sent to the library.

In addition to these two highly prized books are several others. The Liber Scriptum of the Author's Club, published by the Author's club in 1900, contains the writings of many of the prominent authors of the latter part of the nineteenth century. The most interesting feature in this book is the fact that each work is accompanied by the signature of the author. To accomplish this it was necessary to send each part of the original copy to a different section of the world.

WOOD EXPERT WILL GIVE TALK ON TRIP

Harry D. Tiemann of the Forest his experiences while on a recent eight months trip to Australia at an illustrated lecture in Music hall auditorium at 8 o'clock Thursday evening, October 12.

"Australia is now the land of opportunity," said Mr. Tiemann yesterday. "Anyone who is capable in any profession business or in agriculture will find there all kinds of chances to earn a good living. I know of no better place for a college man who would like to try his fortune in another part of the world."

"The Australians, far from being uncivilized, are as set in their social ways as the fastidious English. It is the custom for all business to be suspended at four o'clock in the afternoon, when everyone indulges in the universal habit of drinking tea. Customers who happen to be in an office or a shop at that hour are invited by the proprietor to drink tea with him before concluding their business."

Mr. Tiemann will have many experiences to relate which will deal death blows to the prevailing ideas of "wild" Australia.

This is the Grape and Scroll design slip-over now on display in our yarn department. It is made with purple, lavender and black yarns, but may be made up in countless other original designs.

The Fleisher Yarns

Be sure to visit our Knitting Art exhibit of creations in Fleisher's yarns. The very newest style sweaters are on display.

Instruction in knitting Tuesday, Wednesday, Thursday and Saturday afternoons from 2 to 5:30. Other afternoons, 4 to 6.

For the co-ed who has her own ideas about things, the hand-knitted sweater offers an unusual opportunity for the expression of individuality in her clothes. Made in one's most becoming colors and style, the hand-knitted sweater gives a fascinating touch of distinction to your attire.

We suggest THE FLEISHER YARNS for your knitting because we have found, from actual experience, that these wonderfully soft yarns make better garments that fit well and retain their original shape and beauty.

Harry S. Manchester, Inc.
MADISON

FUR CUFFS EMPHASIZE WIDE SLEEVES ON NEW COATS

The wide sleeve is the outstanding feature of the new coats for winter and what is partly responsible for the prominence of the sleeve is the inevitable fur trimming which makes deep cuffs or outlines the edge

and seams. Here are two lovely winter wraps showing different styles in wide sleeves and the popularity of short-haired furs for trimming. Caracul and Persian lamb are used on these wraps. The dress in the center is an unusual model of cocoa

crepe satin. The graceful, rolled neckline is trimmed with flat rosettes of self-material, the overdrape of the waistline is caught with larger rosettes and flowing bowknot, and the full skirt carries out the rosette effect at the hem line.

NEWS OF CONFERENCE SPORTS

ENTIRE BIG TEN LOOKS MIGHTY AFTER BATTLES

Saturday's Games Show South Dakota and Gophers Strong

With a predominance of line smashing and offensive plays being used, nine of the ten football teams of the Western Conference, swung into action last Saturday for their initial engagements.

The victory via the aerial route was in little evidence Saturday but a development of that style is expected later in the season. A great deal of stress was laid on off tackle driving attacks.

With every Big Ten team romping home with the bacon Saturday and Indiana playing a tie, indications point to the greatest season in football history this year. Wisconsin toyed with Carleton College, used second string players, developed new plays, and still slipped the northerners a 41 to 0 defeat.

South Dakota Strong

South Dakota, the Badgers next foe, defeated St. Thomas by the score of 12 to 0. The westerners are expected to give Coach Richards' men some good opposition. Last year the Aggie school sent a team of giants to Wisconsin and held the Badgers to a 21 to 3 score. Minnesota handed North Dakota a 22 to 0 walloping and proved that the Gophers are a promising aggregation. The Gophers are now working hard for the opening of their conference schedule next Saturday when they engage Pat Herron's Hoosiers at Indianapolis.

The Indiana team was held to a scoreless tie in their opening game by the strong Depauw squad. Vast improvement will be necessary for the Hoosiers to down the northern invaders when they meet this week-end. Pat Herron was one of the best coaches at Pittsburgh last year and should have no difficulty in developing a strong outfit at the Indiana school.

Purple Doped to Lost

Chicago easily showed her strength by trouncing Georgia state in the first inter-sectional game of the year by the tune of 20 to 0. Although at first not considered as a contender for title honors, the Maroons clearly proved themselves to be one of the strongest teams to date. The Chicago gang should exit from their game with Northwestern next Saturday on the long end of the score.

Despite the fact that Coach Glen Thistlewaite's Purple men handed Beloit a 17 to 0 defeat last week, they are not expected to cause the Maroons a great deal of trouble. Many eyes will be focused on the Maroon-Purple game this week in an effort to see if certain changes that have been made at Northwestern have been of any avail. The supporters of the Purple squad are no less anxious to see their team come out of the mire than are the Big Ten enthusiasts.

By defeating Knox 61 to 0 Iowa clearly showed that they would give Yale some keen competition next Saturday when they travel eastward to meet old Eli. In losing eleven promising grid men and three star regulars including George Becket and Charley O'Hearn, quarterbacks, and Eddie Benck, full back, Yale is now seriously handicapped for the Hawkeye engagement.

With Cappon as their outstanding star, Michigan crashed through Case for a 48 to 0 win. Coach Yost has the makings of a powerful squad and will no doubt be heard before the season is over.

Purdue started the season with a bang and beat Milliken 10 to 0. Coach Pkelan started grooming his Boilermakers yesterday for their contest with the strong Notre Dame team this coming Saturday. He has a hard row to hoe and if he can triumph over the Catholic school it will be a feather in his hat.

Probably the biggest surprise of the opening battles was the difficulty which Ohio State encountered in eking a 5 to 0 win over Ohio Wesleyan. Football followers should not rate the Buckeyes because of their poor showing but should remember that in their first game last year Obelin defeated the Ohio State men 7 to 6.

RUSS DEVELOPS INTO STAR END

Russell Irish '24

By his steady playing in the Carleton college football game last Saturday, Russell Irish showed he is a worthy running mate of Gus Tebell at the left end position.

Irish is a bear at grabbing forward passes and his work on offense hardly can be improved. He is also a strong defensive player and smashes interference consistently and effectively.

Irish is playing his second year of Wisconsin football. He reported for Varsity last fall and was used as a reserve wingman. This season he is competing with Steve Pulaski for left end berth.

Russ is a "W" man in basketball, winning his letter as a guard on Coach W. E. Meanwell's aggregation. He played at Eau Claire Normal school for one year as a regular member of the football eleven.

SELL TICKETS FOR SATURDAY

Game Seat Sale Opens Thursday Afternoon at Gym

The ticket sale for the South Dakota game next Saturday will open at 1:30 o'clock Thursday afternoon at the booth in front of the gymnasium. Tickets will be on sale for students, members of the faculty and university employees from 1:30 to 5:30 o'clock Thursday and Friday afternoons and from 9 to 11 o'clock on Saturday morning, while the general admission ticket sale will open at Camp Randall at 1 o'clock Saturday afternoon. Positively no tickets will be sold at student rates after 11 o'clock Saturday morning.

Students may procure their tickets for the South Dakota game at the student rate by presenting their fee card when making application in advance at the ticket booth. Members of the faculty and university employees not personally known to the ticket sellers must present a statement from the head of the department that they are entitled to the student rate.

Students may file their applications for seats for the Indiana game by mail at any time before 5 o'clock Saturday, October 14. The application must be accompanied by the fee card and certified check or money order. If the fee card has been sent in with application for the Indiana game the student may show his lab card in applying for student ticket for the South Dakota game.

The reserved seat tickets for the Indiana game will be mailed about Tuesday, October 17, and upon receipt of his fee card the student may then immediately make application by mail for the Homecoming game with Illinois November 16.

SOUTH DAKOTAS BEAT ST. PAUL SCHOOL HANDILY

Badgers' Next Foe Proves Hard Match For Cadets

(Special to the Cardinal)

In a game considerably slowed up by frequent injuries to St. Thomas players, Coach West's South Dakota State college Jack-rabbits defeated the St. Paul cadets 12 to 0 in the first game of the season with a North Central Intercollegiate conference team.

State resorted to the open game more than line plunges on account of the fact that while the ball itself was dry the field was slippery. Little stalling was done on either side. The tackling of both teams was consistently good.

Mears brought State fans to their feet when Coffey batted a pass into his arms for a 40 yard run in the first quarter, after St. Thomas had successfully completed two 20 yard passes. Another pass, Welch to Carey, for 30 yards, brought State within striking distance of the goal as the first half ended.

Passing Game Fails

For State, Frank Welch did some effective punting and Schutte some good line plunging, besides running excellent interference. Coffey, Owens and Captain Roberts got away with a number of good runs.

The visitors attempted 17 passes and completed but 7. State tried 10 passes of which 5 worked. The cold and threatening weather combined with the rain of the previous day may have kept some out of town rooters at home but a good crowd witnessed the game.

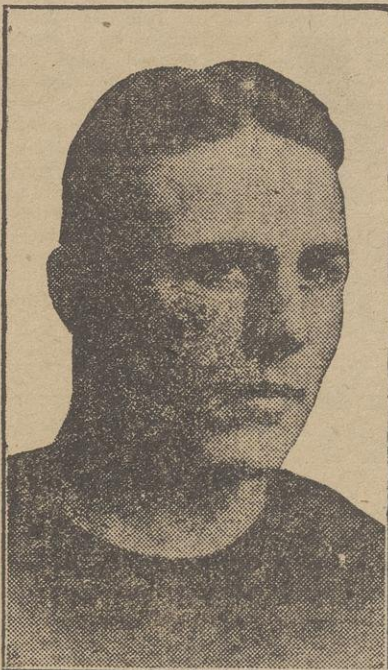

The summary follows:

State	Position	St. Thomas
Mears	L. E.	Reichow
Murray	L. T.	Irwin
Fenn	L. G.	Downey
F. Coffey	C.	Boeringer
Bachman	R. G.	Murray
Smith	R. T.	Keisling
Carey	R. E.	Conroy
F. Welch	Q.	Donaghy
Roberts (Capt.)	R. H.	Riley
Owens	L. H.	Houle (Capt.)
Schutte	F. B.	Hanousek

Substitutes: State — Bob Coffey for Owens; St. Thomas — Molan for Irwin, Schmidt for Downey, Baril for Keisling, Keisling for Murray, McGinn for Conroy, Ryan for Reichow, Graff for Houle, Glenn for Riley, Ward for Hanousek.

Officials — Smith, Minnesota, referee; Treadway, Beloit, umpire; Woodworth, Purdue, head linesman.

VETERAN BACK IS AGAIN ON DECK

Schutte

Schutte, fullback who tips the beam at 178 pounds, is a veteran football player. He was a power on the offense and defense with South Dakota state last year and is due to be even better this season.

Schutte has a terrific drive in his line plunges.

OWENS EXPECTED TO PROVE STAR

Ross Owens, speedy colored halfback, who stars with the South Dakota state football team, is expected to be one of the stars in the South Dakota-Wisconsin game here next Saturday.

Owens played a whirlwind game during the short time he worked against Wisconsin last year.

MATMEN FACE BRIGHT SEASON

Hitchcock's Men Start Early Work For Promising Year

Wrestling prospects, according to Coach Hitchcock, are brighter now than for several years. At present there are about 30 men working out daily, but the coach wishes more men to report to him who wish to try out for the varsity team. Coach Hitchcock will be in the wrestling room on the gym floor after 4:30 o'clock on Monday, Tuesday, Thursday and Friday afternoons. Any interested freshmen who have had experience should also see him.

The coach has started work early in order to prepare the men for a series of six meets which will be arranged at a coaches meeting in Chicago the first week in December. Mr. Hitchcock will then try to schedule dual meets with Ames, Minnesota, Chicago, Northwestern and two other conference schools, probably Indiana and Iowa. Plans are also on foot to arrange a meeting of the winners of the conference meet to be held in Columbus in March with the winners of the eastern conference. Plans are to have this meeting in Ames, the winners to be declared national wrestling champions.

Only two of the seven berths on the team are left vacant from last year. These places will be hard ones to fill though, Capt. Peterson being the 145 pound man, and Woelfer having filled the 125 pound class. At present the likely candidates for the positions are: 115 pound class, Phelps, a W man; 125 pound class, Benbow, Steair, and Haddorff, all last year squad men; 135 pound class, Cattau, Shink, and Holmes; 145 class, Heuer and Hembre; 158 class, Capt. Templin or Gregor; 175 class, Kessling, Kingston, and Stapik; Heavy class, Bieberstine, Nichols, Barr, or Fox.

It is evident that there are excellent possibilities from this group of men, all of whom have had previous experience and coaching under Hitchcock either on the regular or freshmen squads last year. The coach is also expecting some unknown men to show up who will probably give the above mentioned men a race for their places.

BRADER BRINGS NEWS OF HARD TEAM IN WEST

Dakotans Have Real Team According to Assistant Coach

Coach "Jimmy" Brader came back from the West Sunday and the tales he told of South Dakota state's prowess on the gridiron will cause Head Coach John R. Richards and his battling Badgers to resume their practice drills with much gusto this afternoon.

It seems that the Dakotans have a real football machine out on the prairie and the "acid test" that Wisconsin has been looking for will probably be forthcoming next Saturday afternoon. The South Dakota ags are slated to engage in a tilt with Wisconsin at Camp Randall. Brader watched them defeat St. Thomas, 13 to 0, on Saturday.

They have won their first two games of the season, defeating Columbia college by a score of 80 to 0, and St. Thomas on Saturday. That the latter contest was extremely hard-fought is evident from the closeness of the score. St. Thomas is one of the strongest teams in Minnesota and in past years, the Gopher collegians have engaged in hard tussles with Marquette university teams.

Badgers Lost Williams

Thompson, star end, was out of the last game. He will be in condition by next Saturday and should put up a tough battle against the Badger wingmen. Outweighing the Wisconsin forward wall, the South Dakota line is said to be fast, as well as heavy. A letter man is playing in every position, and with this team of veterans determined to garner its third victory, Wisconsin will have its hands full.

Coach Richards has the beginning of a one-two-three team, one which is able to upset any opponent in the Big Ten Conference if given the proper breaks. Playing with two substitutes against Carleton college, the Badgers had no difficulty in running up a score big enough to win two or three football games. Capt. "Rollie" Williams, usually a heavy scorer, was forced to remain on the sidelines while a third-string substitute, George Carlson, took his place. "Bob" Whitten, a flashing halfback, is the man usually assigned to Williams' position, but Whitten was suffering from scrimmage injuries and he was unable to work against Carleton. In the line, Bieberstein made a good showing although it was the first time he has been under fire. Christianson got in the line-up late in the game. An injured leg prevented him from throwing his full strength into play.

"Gus" Tebell was the old, reliable star against Carleton. He mixed in every formation and was a death trap for Northfield backfield men who attempted end runs. Not only did "Gus" spill the interference, but he also got the ball-carrier. Judging from his early performances, Tebell is due for the greatest year of his gridiron career. Irish and Pulaski worked at the left flank and both showed that they will have to be considered when Wisconsin swings into action against Conference teams.

Tackle Jobs Strong

"Jab" Murry and "Marty" Below are a pair of sterling tackles. Below broke through the opposing line and was down under punts with the speed of an end. At center, "Tom" Nichols and Alton alternated, both holding up their end of the work with effectiveness.

The Wisconsin backfield will be one of the fastest in the West this season. Gibson and Rollie Williams are speedy and clever in their running attack, and Taft is learning to hit the line with the proper pressure. "Shorty" Barr had difficulty in guaging the time limit allowed for his passes, but as the season wears on, the chubby quarterback will be lining the ball at receivers without much trouble from opposing forwards.

Jack Harris' work in the Wisconsin

Gasoline Alleys

WHAT father was when he was a boy is well known to every son. Fathers believe that they must guide the erring youth by telling him of what a good boy his father was.

A son of course knows that he must listen and try to believe that his father really was a model of behavior, that he was a good student, and that he never thought of doing any of the foolish things that sons do nowadays.

In spite of parental advice to the contrary, it is entirely probable that father was as anxious for a good time as son now is.

But father was handicapped. Times then were distinctly different. Driving behind an ox team may be more romantic but is certainly not as efficient as driving behind a powerful motor.

The stately minuets and polkas have given way to expressive and noisy jazz.

What father lived in a day son now lives in a minute. And the change is not entirely for the better.

In father's day text books were bulky and full of theories that are now exploded. Methods of study were not of the best. Instructors were given a mere pittance and naturally skilled instructors were hard to obtain.

But father had little to distract him. He could study in his room without hearing the constant ring of the telephone, the intermittent honk of electric horns.

His roommate was not jerkily pounding a typewriter, and making exclamations of a profane nature each time his two-fingered method proved inefficient.

Father had a snap. He studied in his room until late at night. Thereby bequeathing to suffering posterity that odious phrase—"Burning the midnight oil." He walked up the hill each morning and the cool, fresh air wrote health on his cheeks and put vigor in his being.

His anemic son now rides up the hill in a sleepy six to a sleeper 8 o'clock. He is bored with all and everything for he has run the gamut of life's experiences.

Truly for him there is little new under the sun.

The midnight oil is still burned,

but how different is the manner of its burning. Whereas father burned kerosene in a smoky lamp, son now burns the midnight oil by stepping on the gas of some high powered roadster.

But though many inventions and short cuts have been found since father's day no short cut to knowledge has ever been found. The kerosene lamp is gone but the electric light may still be used to advantage.

Electric light in the study room will please father more than will gasoline burning on the streets and alleys.

THE blue and gold of Michigan was an imposing sight last year at Camp Randall when the Michigan band gave a parade drill between halves.

Who is there that saw that game that can forget the impression created by that band? It was colorful, impressing.

Not that the band was for display only. No one can doubt that the tie with Michigan might have been a victory for Wisconsin had that band not been along to help the Michigan rooters and to cheer the Michigan team.

The cardinal will look better on the Michigan gridiron than did the blue and gold on Camp Randall.

It is pardonable, we take it, for Wisconsin rooters to believe that the cardinal would look well on any field in support of any Wisconsin team.

And it takes little stretch of the imagination to believe that our Wisconsin band would in no small measure cheer the team on to victory.

Our band has a well-formed reputation for doing just that.

It is not a mile farther from Madison to Ann Arbor this year than it was from Ann Arbor to Madison last year. It is no more severe nor expensive a triu one way than it is the other.

Michigan, we feel sure, has no better band either for display or for musical ability than has Wisconsin. With all due modesty that statement can be made.

Many have expressed the wish that the band go to Michigan with the team. With others that wish

Balanced Orph Bill Pleases Crowd But Eva's Tricks Fail

BY R. B. S.

Last night we smoothed all up, took upon ourselves one of our most efficient and mystified atmospheres and hid ourselves down the glittering drag Orphward. For goody, goody, goody, we were going to see Eva (by no means "little" Eva). There are a number of things around this school that have given us food for ponder and Eva promised to answer all of them. We saw and heard it all, but the rest of the bill was great.

Bert and Florence Mayo—

A little beauty as well as brawn who aerialized to a good many heart thumps.

Monroe and May

Some rather nasal cleverness at points but also inclined to be pointless.

Eva Fay

About all we can recommend for this act is Zymole trochies. An act as transparent as they make them with funny paper back-talk and just about as flat. A banana in a Havan wrapper.

The Wilton Sisters

The cream puff of the program but we like cream puffs. Some clever and original "Joys" which gave the Ta-Ta to our rather frazzled friends the "Blues."

Smiling Billy Mason

We gave all the vaudeville grade points to Billy when he appeared in an unusual mixture of films and vaudeville, with just as unusual captions and songs and chatter.

Norris Springtime Follies

We settled down to what promised to be just another "splurge" but soon were up again following the crowd in smiling at an act of dogs, a pony and a screaming flapper monkey which kept us smiling.

Communications

SENIOR POLITICS

Editor The Cardinal:

Yes, The Senior ticket has been announced,—should I say elected? A few of the boys got together and did just as they did away back in 1920 and 1921, nominated for president the popular idol of the class, the football captain, and also nominated a few vote-swappers for the rest of the offices.

Should we seniors not dispense with class elections and allow the captain of the football team to automatically become the senior president, regardless of his ability to do any thing else, except play football. Personally I have no objection to the present nominee, but I do object to the method by which he and his ticket "was framed". I believe that the ticket is not representative of the senior class, disregarding as it does a representative from either the Engineering or Agricultural schools, and still more important, disregarding as a student of sociology would say "the great unwashed" and the "great untouchable", the non-fraternity men and women, which comprise the greater per cent of our class.

I do not know what others may do, but as for me I do not care to take the time to vote, unless a representative ticket, framed not back of closed doors, but out in the open, is placed in the field.

Does all our ivory come from Italy?

Phillip Voltz '23

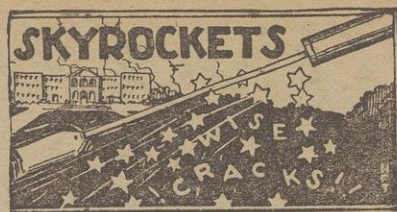

has not been expressed but nevertheless is present in no less measure.

The wish is not so far from realization.

The movement to send the band to the Wolverine camp has gained considerable force. Just what are the plans is not as yet known.

The chance for students to support the band and team in this way will be gratefully received upon the campus. No loyal Wisconsinite would care to see Wisconsin fail to send a band when Michigan sent theirs.

What the blue and gold can do well the cardinal can do better.

SAW THE PRINCE OF WALES picture this A. M.

HE WAS JUST getting ready to knock a gold ball for a loop.

GOOD JOB for some aspiring caddy or some one of these guys what likes to wear knickers.

THE PRINCE SAYS that he is through playing with "Baby Dimples".

SOMEHOW OR OTHER there's always a "hook" in them somewhere.

HE ALSO SAYS that to steer clear of girls with pug noses.

YOU NEVER CAN TELL what will turn up.

I saw a girl the other day
That surely made me frown.
She had an awful funny face
Her nose turned up instead of down.
And then I wondered what she'd do

If a storm should come around
Cause if she ever was caught in the rain.
I'm sure that she would drown.

Signed
The Prince, Himself.

Gibbie went down to have his picture taken the other day and the photographer said, "Full face?" and Gibbie says, "Nope, half back."

SOME YOUNG LADY at the football game asked her favorite gent friend if the players wore those funny things over their heads to keep their ears warm, and he was so chagrined that he broke her Lorigan all to pieces and smashed her mirror.

LITTLE DIGNITY CHASERS
When the seat of your "trou" shine and your shoes don't.

MET A LAZY GUY the other day he was standing in a revolving door waiting for some one to push him around.

LET'S SEE, which Prof. was it that just before he went to his 8 o'clock threw his wife out the back door and kissed the coffee grounds?

FAMOUS PROVERBS

Give a man enough rope and he'll smoke himself to death.

I hate the gyrles who bob their cyrles
And paint their lively faces,
Who run around this terrible towne
And dance in wycked places.
I cannot speak endearing words
On that I must keep mum.
This modern music sounds like naught
I'm deaf and blind and dumb.

YES, IN FACT he's so dumb that he thinks VENI, VIDI, VICI, is a college yell.

See that woman over there?
Yah.
Well, she's my soul-mate.
Yah?

Yah, we wear the same size shoe.

UNESSENTIAL ROOM-MATES
The one what eats crackers in your bed.

SAW A SIGN in a window the other day what read as follows, "PUBLIC DANCING ACEDEMY, refined dancing every night except Sunday."

AND SO everybody waited till Sunday.

IN HAWAII grass clothes are in vogue.

Some of the very latest styles will be found in homespun alfalfa with darling little cactus belts.

"YES SIR", said the man in the Chocolate shop, "Our cream is very good. I just whipped it."

WELL, as the young man said when the thug stole his clothes, "Leave me with a smile."

HEINIE.

Bulletin Board

BREVITY

Meeting of Commerce Advisory Commission Tuesday at 7:00 in Room 409 Sterling hall.

H. WALTHERS, Pres.

POULTRY CLUB

The Badger Poultry club will meet at the Poultry building October 10, at 7:30 o'clock.

PENTAGON CLUB

Pentagon club will meet at 7:15 o'clock, Tuesday evening at Acacia fraternity.

SPANISH CLUB MEETING

Spanish club will hold its first meeting at 7:45 o'clock Tuesday evening in Lathrop parlors. All advanced students in Spanish are urged to be present.

BADGER CLUB HIKE

The Badger club hike has been postponed until next week, when a definite date will be set by the committee.

ADVERTISING STAFF

The advertising staff of the 1924 Badger will meet at 7 o'clock Tuesday night in the Badger office in the Union building.

FRESHMAN BASKET BALL

Practice will be held until further notice at 7:30 o'clock on Tuesday evenings and at 4:30 on Wednesday and Thursday afternoons every week.

INTER COLLEGIATE CLUB

Intercollegiate club will have a cafeteria supper in the S. G. A. room in Lathrop hall Wednesday, Oct. 11. All transfer girls are invited to come.

A. I. E. E.

There will be a meeting of the student section of the A. I. E. E. at 7:15 o'clock Wednesday in room 204 of the electrical laboratory. A program and refreshments will follow the meeting.

GERMAN CLUB

The Deutscher Verein will meet at 7:30 o'clock Wednesday evening in Lathrop parlors. There will be a brief program of entertainment followed by an informal mixer.

PISTOL CLUB

The Pistol club will meet at 7:15 o'clock Wednesday evening in the Scabbard and Blade room of the armory. All cadets, either basic or advanced are eligible, but they must attend this meeting in order to compete this fall.

W. A. A.

The Women's Athletic Association will meet at 7:15 o'clock tonight in the S. G. A. room of Lathrop hall.

LUTHER LEAGUE

The Luther league will meet at 5:30 o'clock Sunday evening at the Luther memorial church for social hour followed by supper. Edgar Auerswald will speak on "Community Work in the Iron Mines."

ST. JOHN'S LUTHERAN

The St. John's Lutheran young people's society will meet at 7:30 o'clock tonight in the church parlors. All Lutheran university students are invited to attend.

GUN AND BLADE

There will be a regular meeting of the Gun and Blade club at 7:30 o'clock Thursday evening in the Union building. Important business is to be transacted and all members are asked to be prompt.

SPANISH CLUB

The Spanish club will meet at 7:45 o'clock in Lathrop parlors.

ADVERTISING CLUB

Advertising club will meet at 6 o'clock Wednesday evening, October 11 in the banquet room at the city Y. M. C. A. Anyone unable to attend notify Douglas Newell B17L.

SENIOR SUMMARIES

Seniors who have not received summary cards should get them between 3:30 and 5:30 o'clock any afternoon this week at the Badger office in the Union building.

RIFLE CLUB

A smoker will be given at 7 o'clock Thursday evening in the Scabbard and Blade room of the armory for all university men interested in rifle shooting. All marksmen of the cadet corps and men who have had experience in rifle work are especially invited.

Classes to Take Turns Entertaining Newman Club

The senior and graduate members of the Newman club acted as hosts for the meeting held last Sunday night. Under the new plan of activities, the seniors and graduates

will continue to act as hosts during the October meetings. The Juniors will be in charge during November, the sophomores in December and the freshmen in January. The Newman club, a social organization for the members of St. Paul's chapel, meets every Sunday evening.

NEW MEMORIAL CHURCH CALLED CATHEDRAL FOR ALL STUDENTS

Some call it "The Cathedral of the Northwest"; others call it "our church"; President Birge heralds its erection as a "home for students from all over the state"; and Judge A. C. Backus, of the Municipal court in Milwaukee, who is directing the campaign to finish it, refers to it as "our State church."

It was one bright Sunday morning in the spring of 1906 that a little group of Madison people and students gathered in a room above Keeley's "Palace of Sweets", then a popular student hang-out, and declared that there should be a place of worship at the University. Thus Luther Memorial church began.

In 1910, a small student group, nearly all working their way thru the university, subscribed and paid \$300 toward the purchase of a lot;

in 1914 a larger student group subscribed nearly \$2000 to a building fund. Students at the last session of the summer school got together of their own accord and pledged themselves to raise another \$2000.

Built of cream colored Colfax, with trimmings, including window tracery, of select Bedford, the church towers to a height of one hundred feet. With an auditorium that will seat 1,800, an altar of solid artistically carved stone, 27 tons in weight, art glass windows designed by Gaytee, an organ of 3,000 pipes, a gymnasium with shower baths, and eight Sunday school rooms, the church is designed to accommodate every form of activity and to become a true home for students.

MERCIER CLUB

The Mercier club will hold its first meeting at 7 o'clock tonight in the club rooms of St. Paul's chapel. Business and plans for the year will be discussed. All university students of Columbus or prospective members are invited to attend.

McGilvary-Zimmerman Announcement

Prof. and Mrs. Evander B. McGilvary announce the marriage of their daughter, Margaret, to David Martin Zimmerman, son of Mr. Martin Zimmerman, Lancaster, Pa., which took place Oct. 3, at Biert, Syria.

They will reside at Biert, where Mr. Zimmerman is connected with the Syrian branch of a New York firm interested in promoting the use of electric and gasoline machinery in the Near East.

Mrs. Zimmerman was graduated from the university in 1914. She is a member of Alpha Phi and Phi Beta Kappa.

Sigma Pi Fraternity Announces New Pledges

Sigma Pi announces the pledging of Frank H. Breaw, Long Beach, Cal.; Virgil O. DeWitt, Sioux City, Ia.; Frank Holscher, McFarland, Miss.; Lloyd H. Rooney, Baraboo; Arthur R. Thomas, Baraboo; Daniel G. McGuire, Madison, Indiana.

Commons-Middlebrook Marriage

The marriage of Miss Rachel Commons and Wren Middlebrook, Sacramento, Cal., son of Mr. and Mrs. S. A. Middlebrook, Meridian, Miss., occurred Saturday afternoon at Ho-Chee-ra the home of Prof. and Mrs. J. R. Commons, parents of the bride.

Mrs. Middlebrook was a member

of the class of '21. She is a Kappa Kappa Gamma and Theta Sigma Phi.

Mr. Middlebrook is a graduate of Mississippi Agricultural and Mechanical college, class 1919, and during 1920-21 he was engaged in graduate work at the Wisconsin.

Mr. and Mrs. Middlebrook left for Sacramento, Cal., where the bridegroom is with the Northern California Milk Products company.

Entertain for Tri Deltas

Miss Gretchen Gilbert entertained the members of Delta Delta Delta sorority Saturday at her home on Lake Mendota. The guests played cards and danced during the afternoon and dinner was served at six.

Dinner Guests at New French House

Prof. and Mrs. Hugh A. Smith were guests for dinner Sunday at the new French house, 1105 University ave. Prof. Smith has just returned from Europe after a years leave of absence.

Jackson-Phelps Engagement

Announcement was made Saturday evening at the Kappa Kappa Gamma house of the engagement of Miss Edith Jackson, River Forest, Ill., to William Phelps.

Miss Jackson is a junior in Letters and Science and a member of Kappa Kappa Gamma. Mr. Phelps is a graduate of the University of Illinois and a member of Delta Kappa Epsilon fraternity.

Personals

Margaret Knox, Gertrude Stevens, Irene Davis, Elizabeth Simmons and Bertha Phillips spent the week-end in Chicago.

Mrs. Geo. Stueber, Wausau, formerly Miss Leona Ruder, is a guest for the week at the Alpha Delta Pi house.

Mary Wiswell, Janet Olson and Mary James motored to Beloit with Mr. and Mrs. O. B. James.

Mr. and Mrs. C. Pitschner, Dubuque, Ia. motored to Madison to spend the week-end with their daughter, Doris.

Linsay Hoben, Carlton College, was a week-end guest at the Beta house.

Miss Clara Taylor spent the week-end at her home in Rockford. She was accompanied by Miss Ruth Leenhouts.

Gettle Is To Appear Against Rate Increase

Will Represent State in Hearing Before Commission

Commissioner Gettle will personally appear for the Wisconsin Railroad commission before the interstate commerce commission at a hearing scheduled at Des Moines, Iowa, Oct. 9 on the petition of the railroads for abolition of the ten percent differential in interstate rates now existing between wheat and commodities classified as coarse grain. The latter includes bran, gluten meal, and mixed grains and meals shipped into Wisconsin to the extent of probably 275,000 tons a year. The proposed increase of ten per cent in interstate rates on these feeds would add enormously to the total cost of cattle, poultry and hog feeds.

Wisconsin is joining with the commissions of Oklahoma, Missouri, Nebraska, Iowa, North Dakota, South Dakota, Minnesota, Texas, New Mexico, Illinois and Louisiana in opposing the increase in rates.

Mario Chamlee Will Sing

At Presbyterian Church

Mario Chamlee, whom Pitts Sanborn, the dramatic critic of the New York Globe, called the "young Caruso", will sing tomorrow evening at the Christ Presbyterian church, corner of Wisconsin avenue and Dayton street. Chamlee was to have appeared in Madison last Thursday but illness prevented his coming at that time. He has been secured for this date under the auspices of the Mozart club and music lovers of the city can well be certain of a pleasing entertainment tomorrow evening. Tickets for Chamlee's recital are now on sale at Hook Bros. music store.

Elsom and Gordon Attend Taylor County Institute

Prof. J. C. Elsom of the physical education department and Prof. E. B. Gordon of the Extension division attended the institute of the Taylor county teachers' association held last Friday and Saturday at Medford, Wisconsin. The purpose of the institute was to give rural teachers training in handling groups of people. The teachers were instructed in conducting singing, games, and various other group activities.

There is a growing need for training in social leadership, Prof. Gordon stated. He believes that the institutes which are being held in different counties each year are helping to meet this need.

SECRET PRACTICE

Football manager at Camp Randall announces that from now on there will be only secret foot ball practice.

Bill Hart Wins Fight With Death

LOS ANGELES, Cal. — William S. ("Bill") Hart, famous two-gun western motion picture hero, after three days of delirium in his Hollywood home, on the verge of death from an undiagnosed illness, fought his way back to consciousness today.

His temperature is now normal. Dr. Leon J. Roth, a personal friend of the actor, who, with two colleagues, has been for several days in constant attendance, announced.

"Bill will pull through," he said. "It was the battle of a marvelous physique, founded in the prize ring and hardened by years of service on western prairies, against the greatest odds he ever faced. But fighting even more bravely than his motion picture productions portrayed him, he is now, I think, on the way to recovery."

Methodist Hospital

Shows Gain in Year

The Methodist Episcopal hospital's first year of actual service shows remarkable progress in spite of handicaps, according to the report of the board of directors. The hospital has accommodated 1,104 patients during the last year. Of the surgical cases, mortality followed in 15 cases, and the total mortality at the hospital was only 2.17.

According to the Rev. R. A. Chase, president of the board of directors, the greatest need of the hospital is not operating expenses, but capital with which to build and equip the larger and more modern hospital required to fill demands. The income for the year totaled \$59,062.12, and subscriptions \$56,187.77; the assets, \$142,833.25, or \$2,955 in excess of liabilities.

Country Mag Out Today On Hill and Ag Campus

Replete with discussions of educational and recreational activities at the College of Agriculture, the October number of the Country magazine will make its appearance on the campus today.

"Advice to Freshmen", by F. J. Telford, '25; "The Rural Life Church Conference," by Prof. J. H. Kolb; "Playing Helps to Develop Youth," by Ted Manny; and "The Call of Opportunity in Agriculture" by Dean H. L. Russell, are included in this issue.

UNIVERSITY WILL AID SOCIAL WORK

"University students are urged to attend the Wisconsin state conference of social work which is to be held in the assembly room of the capital Wednesday, Thursday, and Friday under the supervision of the extension department of the university", was the announcement made yesterday by Eleanor Day '24, who has charge of the social work of the university Y. W. C. A.

Many speakers of national reputation will appear before the conference. Among these speakers are Owen Lovejoy, national president of the social workers association, Harriet Vittum, one of the foremost girl's work executives of America, Phillip Gordon, Indian missionary, as well as Prof. John R. Commons, Prof. E. A. Ross, and Prof. J. L. Gillin of the university faculty.

Miss Julia Lathrop, nationally known child welfare worker, will speak at music hall at 4:30 o'clock Thursday afternoon on "The Modern Child Welfare Movement."

Double Crossed Say K. K. K.'s; Governor Firm

Blaine Order Forbidding Meetings on Property Of State Seen

An executive order forbidding public demonstrations or initiations of the Ku Klux Klan on state property in Wisconsin is expected from the governor's office today, following an appeal by William Wiesseman, kleagle of the Milwaukee Klan, from the drastic order of West Allis police on Saturday, refusing the use of the state fair park.

Police were stationed at the entrance of the fair grounds park Saturday night to prevent the entrance of the klan members, who were scheduled to hold state-wide initiation.

Mr. Wiesseman denounced bitterly the faction which he said made it appear that the klan could use the park, and then at the last minute refused them the use of it.

"We were double-crossed," he said. "The use of the fair grounds was promised us. At the last minute when we were ready to hold our initiation, we were told we would have to seek elsewhere for a location."

"They told West Allis police that we would be obliged to get permission from Gov. Blaine."

NATION LEAGUE NEEDS AMERICA, DECLARES FISH

Hard-boiled Politicians Best Fitted For Diplomacy Work

"We should be in the League of Nations. It needs some good, hard-boiled politicians to run things. The questions before it are political, and can be settled best by men experienced in politics," declared Prof. Carl Russell Fish in a strong plea for a world-wide state and world-wide peace, given last night before the Dane county League of Women Voters at the city Y. W. C. A.

"The problem of peace is the biggest problem of our generation and it depends on us whether it will be the biggest problem for our children to face."

"The establishment of a super-state or world-state will mean the sacrifice of some of our national independence, but there is nothing in the world worth having that does not require some personal sacrifice. It is not a question of whether some sacrifice will be necessary, but rather of how much the sacrifice is and whether it is worth it," Professor Fish said.

"The states sacrificed some of their independence when they formed the union, but the advantages have more than offset it. The only way is to establish an imperfect one as the plan presented at the League of Nations conference obviously is, and correct its defects in the light of experience. In that way the government of our own country was started and developed."

Fall From Tree Causes Broken Arm and Ribs

Matthew Mautz, 32, Sun Prairie, is in St. Mary's hospital, suffering with several broken ribs and a fractured arm, as the result of a 30 foot fall from a tree while picking hickory nuts, yesterday afternoon. He was rushed to Madison by Dr. M. C. McCabe, Sun Prairie physician.

Paint Traffic Lines About Square Today

Downtown traffic zone lines are being stenciled again today, at the order of Chief of Police Thomas Shaughnessy. The lines were painted about a month ago but have practically been erased by traffic and rain.

Dayton St. Opening To Be Asked of Council

Opening of W. Dayton st. from N. Henry to State sts. will be pushed again at the council meeting next Friday night when Ald. Jacob Behrend of the Eighth ward introduces a resolution to this effect. Attempts have been made to open the street, but the project was voted down by the council.

LOCAL BUREAUS FIND JOBS FOR MANY STUDENTS

University Y. M. C. A. and
Association of Commerce
Co-operating

In spite of a prevailing scarcity of employment in general, the employment bureau conducted by the university Y. M. C. A. and in co-operation with the Madison association of commerce, has placed about 150 men students in permanent positions for the year and has a variety of Saturday and odd jobs to offer to students every week.

The association of commerce is giving university students a very real service by bringing them in contact with business men of Madison who desire their services. They also list applications in their bulletins.

At present, calls are coming in for men to do work on farms near Madison, such as picking apples. The demand for tutors is also increasing but not in proportion to the supply of competent tutors already available. Salesmanship positions have not appealed to students and several are still open. Applicants have a wide variety of experience in such work as drafting, ing, banking, printing and electricity.

Discrimination in favor of needy and deserving students is made in filling positions. The student who is willing to do most any kind of work generally has no great difficulty in finding employment, although many requests for work have been denied because of lack of available positions.

MICHA ELMAN, NOTED VIOLINIST TO FILL ENGAGEMENT IN MADISON

Mischa Elman

Mischa Elman, Russian violin artist is to appear in Madison in the near future on his tenth concert tour of the United States.

His first appearance in the country was with the Russian symphony orchestra in New York when he was but fifteen years old. Since then, he has made 9 tours filling 100 engagements every season. This season's concert tour is the greatest he has made in this country.

Elman belongs to that small race of musicians whom nature has en-

dowed with every requisite, with the very few who are the truly great in the world of art.

His interpretation is not merely a display of excellent technique, but includes all registers of artistic expression, imagination, powerful personality and fascination. His playing is not only beautiful from a purely musical standpoint, but is pervaded by intensity of human feeling and sensitive understanding.

Dean Nardin is Speaker At Wesley Forum Meeting

The student body's choice of loyalty to the best course of action instead of to a set of rules is one of the highest of Wisconsin ideals in the opinion of Dean F. Louise Nardin who spoke at the meeting of the Wesley forum Sunday.

"A college student is not necessarily irresponsible. It is due to the fact that it is difficult to place any responsibility on one person in a group. A student also fears being called a kill-joy or a poor sport. He is more apt to make a mistake in judgment than to lack good intentions, so we have to have the guidance of an older person."

At the conclusion of her talk Dean Nardin answered questions raised concerning the practical application of her principles.

Br-r It's Cold

Warm Weather Prophets
All Wrong, Declare
Chilly Ones

Shivering Madison residents who ventured out of their warm homes early today wrathfully berated local weather prophets who have predicted a late winter. One of the severest frosts of the year was experienced early this morning. It played havoc with unprotected flowers and shrubbery.

Piercing blasts off the lakes Sunday sent pedestrians hurrying to shelter and open car motorists speeding to warmth.

"How do they get that way?" queried one shivering Madison resident Sunday. "These weather prophets with their tales of a late winter are all wrong."

EVOLUTION NOT INCOMPATIBLE —GUYER

Religion and Science Cannot
Be Expressed in Same
Terms

"There is no warrant in evolution to prove that science and religion are antagonistic," Prof. M. F. Guyer of the Biology department said in his speech before the Badger club Sunday evening at the University Y. M. C. A. on "Evolution Today."

"Since religion is based on faith and belief," he continued, "and since science is based on facts, they cannot be expressed in terms of one or the other."

Answering his own question, "What is evolution?" Professor Guyer said that literally it meant an "unfolding." Thereby man believes that the animals and plants of today are earlier plants and animals in changed form, and that these newer forms are more complex. Man also believes that old groups have split to form new ones, and that all plants and animals probably came from the same common source.

"What gives the average layman pause," said Professor Guyer, "is the evolution of man." He then pointed out that practically every division of man's complex structure has its correspondent in the anthropoid apes. It must also be remembered that there is no scientific contention that man has evolved from creatures such as the anthropoids of today, but rather that both spring from a common ancestor.

In answer to the question, "Do not the teachings of evolution contradict the Bible?" Professor Guyer replied, "The truths of evolution are not opposed to the truths of the Bible. In making life worth while nothing has been as effective as the sustaining arm of religion."

Popcorn a Good Filler For Empty Brain Cells?

"Popcorn must be an aid to study," said Mr. T. W. Fry, manager of Jack's corn palace at State and Lake, yesterday. "My sales always increase about the time of evening when people begin to worry about those assignments for tomorrow which are not yet begun. In fact, I sell the most at night between 8 and 11 o'clock. Popcorn leads the sales with approximately 200 small bags and 75 large ones. In the afternoon, everybody eats candy, and Oh Henry's lead the list, then comes Keeley's Old Fashioned, and next in line are Lifesavers."

Minnesota Begins Drive To Build Huge Stadium

A nation-wide drive for \$2,000,000 to be used in the erection of the athletic stadium and a suitable auditorium was started yesterday among students and alumni of the University of Minnesota. The new stadium will be dedicated to the soldier dead of the world war. It will take its place among the most complete in the conference. The auditorium will be a memorial to former President Cyrus Northrop and will accommodate the entire enrollment of the university.

Brader Tells of Power Of Jackrabbit Eleven

Continued from page 3

In backfield Saturday was a revelation. The Racine lad hurtled through the line like an Arnold Osser or a Johnny Maulbetsch. Handicapped by an injured leg, he was the center pin of Wisconsin's march down the field. He can pass the ball as well as run with it. It is hard to predict just what Harris will be able to do with a team of Conference calibre, but he has the makings of one of the best backs that ever donned a Cardinal uniform.

Scrimmage Today

The problem of reserves in case of injuries to regular players will not bother Coach Richards a great deal this season. Trying out at least two men in every position except right end, the coach obtained a good line on their ability. He has worthy substitutes for every Varsity player and should the first eleven be hard hit by injuries, Richards could still line up a team strong enough to trouble any western opponent.

Varsity will probably engage in a skirmish this afternoon to knock off the rough spots in preparation for its game with South Dakota state.

Nations Corn Crop Hard Hit By Dry Spell

Estimates on Oct. 1, Condition Show Decrease of
21 Million Bushels

WASHINGTON — The nation's corn crop decreased by 21,600,000 bushels during September, presumably due to drought prevailing in many corn growing states, according to the department of agriculture's forecast of production based on conditions at the end of the month.

The department forecasts a crop of 2,853,399,000 bushels in comparison with the total of 2,875,000,000 bushels forecast at the end of August.

The spring wheat crop was estimated by the department of 268,314,000 bushels which compared with the forecast issued a month ago of a crop amounting to 277,000,000.

Preliminary estimates for some crops and forecasts based on conditions October 1, for others, (in thousand of bushels except where noted) were as follows:

Spring wheat, preliminary, 268,314. All wheat, preliminary, 810,123. Corn, forecast, 2,853,399. Tobacco (pounds) forecast, 1,355,456. Peaches, forecast, 56,125. Apples, forecast, 203,667. Sugar beets, (tons) forecast, 5,070. Grain sorghums, forecast, 95,840. Peanuts, forecast, 674,478. Beans, preliminary, 13,013. Oats, preliminary, 1,229,774. Barley, preliminary, 196,431. Buckwheat, forecast, 14,051. White potatoes, forecast, 433,015. Sweet potatoes, forecast, 105,490. Flax seed, forecast, 11,725. Rice, forecast, 39,159.

The condition of various crops on Oct. 1, was announced as follows: Corn 78.4 percent normal. Buckwheat, 83.8; white potatoes, 77.3; sweet potatoes 79; flax seed, 82.6; rice, 85.3; tobacco, 78.9; sugar beets, 85.1; grain sorghum, 64.9.

MARCEL WAVES OUTLIVE FREAKS IN HAIRDRESSING

Paris Will Celebrate Famous
Hair Dresser's Birthday

"Hair bobbing has not caused a decline in marcel waving" declares Mrs. Ella White Courtney, owner of the Varsity beauty shop. "Many university women have a marcel wave continued to the end of their bobbed hair, while some add a bob curl to the wave."

Apparently Paris has not noticed a decline either for it will celebrate the seventieth birthday of Monsieur Marcel, originator of the marcel wave this week. Promenades, balls, and banquets will be attended by throngs of gaily dressed Parisians. A bust of the famous hairdresser will be unveiled. The American Hairdressers' association has contributed more than \$500 as our part in the celebration. A similar jubilee in honor of Monsieur Marcel was held at Holborn, France in 1908.

After ten years of hair dressing, Marcel amassed a fortune of 1,000,000 francs. He retired from business and purchased the Chateau of Theil in the department of Eure.

Nardin Addresses Women At Sunday Vesper Service

Dean F. Louise Nardin spoke on the "Life Triumphant" at the vesper service, conducted by Y. W. C. A. for freshman and new girls Sunday afternoon in Lathrop parlors. Helen Kasbeer '23 presided.

Preceding the service music was played and later the members of Y. W. C. A. were hostesses at tea.

Vespers for all university women are held each Sunday in Lathrop parlors, followed by tea. Lois Jacobs '24 is in charge of music and Arleen Klug '24 is the social chairman.

SMALL FIRE

Firemen of Central station were called to the home of Louis Sumner, 9 E. Wilson st., at 2:45 this afternoon when smoke was seen coming from the basement. The firemen extinguished a small blaze in the ashbin. Damage was slight.

Public Affairs Board To Air State Finances

Will Meet Nov. 14 To
Pass on Aggregation
Requests

State finances are to have their bi-annual airing here after Nov. 14 when the state board of public affairs meets for its first session to consider departmental appropriation requests.

Gov. J. J. Blaine issued a call to the board today asking them to take up consideration of the budget on the 14th of next month. From that time until the legislature meets Jan. 10, 1923, state government costs will be considered.

J. B. Borden, secretary of the state board of public affairs, reports that all estimates of boards and commissions will be completed in two weeks. Their requests for funds will then go before the board of review.

It looks as if there is to be considerable paring done on appropriation requests before the finance committee of the legislature gets a chance to carry the process further.

It is believed that Governor Blaine will set an example for other departments by advising the board that the executive branch can be carried through the next two years without an increased appropriation.

He has indicated that similar frugality will be looked for from all state departments. If this is true, state affairs will be carried on during the coming biennium on approximately \$21,000,000.

The normal school board, however, has a ready met and agreed to appropriation requests for normal schools of between \$5,000,000 and \$6,000,000. Expenditures al-

lowed by the last legislature totaled \$3,400,000.

University regents meet this week to draw up their budget requests which are expected to total between \$13,000,000 and \$14,000,000 for the biennium. This requested appropriation would include a building program of nearly \$3,000,000 which the legislature might curtail if it got beyond the board of public affairs.

Rifle Club Selects Bode As President and Captain

J. C. Bode '23 was elected president of the Rifle club and captain of the rifle team at the initial meeting of the club in the armory last night. Other officers are as follows: W. A. Rorison '25, vice president and publicity manager, Carleton Meyer '24, secretary, F. W. Handberg '25, treasurer.

"The rifle team faces a hard schedule this year," Sergeant Shire said who is executive officer and coach of the team. "Challenges have already been received from St. John's Military Academy and the University of Indiana. However, the old members with the help of the new men ought to make an excellent record this year."

The rifle team won nearly all of its matches last year and placed well up in the international collegiate match, individual medals being given to members at the meeting.

Although outdoor firing is being done at the present time, announcement was made by Sergeant Shire that the indoor range is now ready for use and that new lockers are to be installed soon. The club will hold a smoker and a short business session in the Scabbard and Blade room of the armory next Thursday evening to welcome new members.

Will Erect Apartment Building Next to Co-op

A three story store and apartment building, which will be completed early next year, is being erected at 516 State street, near the Co-op, by Mrs. H. J. Parke. The

Threatens Burbank's Laurels

Miss Helen Rossare, champ gardener.

Luther Burbank, plant wizard, had better look to his laurels. Miss Helen Rossare, O'Brien, Wash., recently won twenty-six prizes for vegetables she had grown. The contest included Washington, Idaho and Oregon.

first floor will house two stores, one of which will probably be occupied by Brainerd and Harte, grocers, now located at 706 University ave. The building is planned as a memorial to Mrs. Parke's father, Dr. G. P. Kingsley, who died 6 years ago, after having lived at 518 State street for 37 years.

Physic Art Feature of Orpheum This Week

Seated in a raised dias on the Orpheum stage this week, Mrs. Eva Fay rapidly calls the names of those who have written questions, whether on their programs or paper otherwise supplied, and in short terse sentences answers the most personal questions. Delightfully refined and refreshing is the performance of the Wilton Sisters, clever youthful entertainers with unusual ability. Smiling Billy Mason, the celebrated screen star and one of the most popular of moving picture artists, is presenting "In and Out of Pictures." Other acts on this first half program are: Norris's Springtime Follies; Monroe and Mae in "A Breath of Youth and Charm," and Bert and Florence Mayo, in an unusual aerial stunt. The Orpheum will play a part in the Orpheum Circuit's Third of a Century Anniversary Anniversary, to be celebrated for one week starting Sunday, October 22.

WISCONSIN SQUARE

Members of the Wisconsin square will meet for the first of a series of informal dinners at 6 o'clock on Wednesday evening in the Y. M. C. A. There will be no regular meeting of the club this week.

BANDS DISPLAY FORM AT FIELD

Morphy Praises Work of
Organizations in Fall
Start

The fact that 75 members of the band appeared in full uniform on Camp Randall for the football game last Saturday, showed the energy the men are displaying this year and the great number of men who joined the bands.

According to Major E. W. Morphy, band director, the usual custom is to reserve the band for conference games only. "The wonderful showing these men made, adding great impetus to the initial football fight is typical of the morale of the fellows, and certainly speaks highly for Wisconsin spirit," said Mr. Morphy.

Forty men, was usually considered a large number for a band to have on the field, he said. He emphasized the strenuous practice the members had to put in three times a week and complimented them on the fine showing the large number of them made last Saturday, despite the discouraging weather conditions.

The first band and the reserve band played last week. There is a third band now in training, composed of freshmen and some other men. This band is to be called the second band, and will appear in public in the very near future.

The attitude of the day is rather slow to appreciate a thing, but quick to notice its absence, thinks Morphy. "Wisconsin must recognize the fact that these men are sacrificing a great deal of their time and energy to devote to this work, and appreciate their appearance accordingly. Besides, let the fellows know we appreciate them, for when we think of the great gap their failure to appear would be, their true service asserts itself, and justly demands expressed appreciation."

Hocking Made Head of French Club Last Night

George D. Hocking '24, was elected president of the French club at the initial meeting of the year last night. Other officers chosen are Mary Chase, '23 vice-president; Mary Aspenwall, '24, secretary and press agent; and George Darby, '24, treasurer.

The meeting was held at the French house, 1105 University avenue, with Elton C. Hocking '25 in charge as temporary chairman and Emil Francois '23 acting as secretary.

The club will meet at the French house every other Thursday night, according to plans formulated at the business session. Meetings will alternate with those of the Spanish club.

Tryout dates for the French club will be announced by the new president through a later issue of The Cardinal. Membership and program committee appointments will also be made soon.

Hands crave this Over-size Pen As they crave a balanced golf stick

Chinese-red
barrel—
handsomer
than gold

Super-smooth
point—
guaranteed
25 years

NO ONE more appreciates the new Parker Duofold than the students who play golf. The moment you grasp it your hand responds to that unmistakable feel that means business. Its fit, weight and balance produce a sensation akin to the pleasure of gripping your favorite club. It holds nearly twice the ink of the ordinary.

It has a point of native Iridium—as smooth and life-enduring as a rare jewel bearing—and guaranteed 25 years for wear and mechanical perfection.

This is the pen that Geo. S. Parker, inventor of the leakproof "Lucky-Curve" perfected through 30 years of infinite pains. Money can buy fancier mountings, but the world contains no other point like this. Its popularity has made a stir at the campus and classrooms unlike anything known before. Many pronounce it "handsomer than gold."

When one record shows that the average student buys 4 pens a year, don't you agree that it's better economy to buy one Duofold in a lifetime even at \$7? Now is the time to come in.
