The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Take the "burn" out
of summer sun with

SURFADIL[®]

CYCLOMETHYCAINE AND METHAPYRILENE

- stops pain
- helps prevent further sunburn
- relieves itching

Surfadil contains *cyclomethycaine* to stop minor pain and itching almost instantly, *methapyrilene* to provide the benefit of antihistaminic action, and *titanium dioxide* to screen out the sun's burning rays and help prevent further burn.

Surfadil also provides relief from the minor pain and itching of nonpoisonous insect bites, poison ivy, and minor skin irritations.
