MINUTES OF THE REGULAR MEETING

of the

BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN SYSTEM

Madison, Wisconsin

Held in the Clarke Smith Room, 1820 Van Hise Hall

Friday, October 8, 1982

9:10 a.m.

- President Beckwith presiding -

PRESENT: Regents Beckwith, Finlayson, Fish, Fitzgerald, Fox, Heckrodt, Jesinski, Knowles, Lawton, O'Harrow, Podlesny, Veneman and Zirbel

ABSENT: Regents Gerrard, Grover and Schilling

Upon motion by Regent Fish, seconded by Regent Finlayson, it was voted that the minutes of the regular meeting of the Board of Regents of the University of Wisconsin System, held on September 10, 1982, be approved as mailed to the members of the Board.

---

REPORT OF THE PRESIDENT OF THE BOARD

President Beckwith announced the reappointment of Regent Lawton to the Council of Trustees of the UW Hospital and Clinics for a term ending in August 1986. It was noted that if his membership on the Board of Regents terminated before then, his term on the Council would expire at the same time.

Reporting for the Council of Trustees, Chairman Lawton stated first that at its meeting the previous day, the Council had reviewed the results of an audit, which showed that the hospital was doing quite well and was in better shape financially than many others.

He then commented in detail on another issue considered by the Council, in order to prevent any misinterpretation of the action taken. That matter concerned a request by the Department of Defense that the University sign a memorandum of understanding to allocate a certain number of hospital beds for use in case of a sudden, rapid accumulation of casualties from an overseas conflict. Outlining the background of the proposal, he said that in 1980 metropolitan hospitals around the country had been asked to set aside a total of 50,000 beds for that purpose. Inasmuch as the armed services had about 20,000 beds and the Veterans Administration had 85,000, the additional request amounted to anticipation of 100,000 to
200,000 casualties, as compared with 150,000 military personnel hospitalized during the entire Vietnam War, which had involved the use of sophisticated conventional weapons. The proposal was met with a storm of criticism because many people interpreted those numbers as a description of nuclear war. While the Defense Department denied that claim, skepticism remained and three prestigious hospitals—the University of California at San Francisco, Stanford, and Madison General—declined to sign the memorandum of understanding.

The request had been brought to University Hospital the preceding fall, Regent Lawton continued, at which time the Medical Board, which is the Executive Committee of the staff, advised that it should not be signed, while the full staff later recommended on a close vote that it should be signed. He then read the resolution unanimously adopted the previous day by the Council of Trustees:

Resolved that the UWHC Council of Trustees advises the Chancellor to inform the Department of Defense:

(1) That the medical staff and the University are willing and prepared in the future as we have been in the past to make immediately available staffed hospital beds and professional services as required to care for casualties were military action to occur.

(2) That the hospital will designate a senior member of the medical staff to be an emergency liaison with the Department of Defense and to carry out any appropriate advance planning; and

(3) That the University has chosen not to sign the formal CMCHS agreement because the history of the medical staff and the hospital has clearly demonstrated our medical support of military forces and since such action might be misinterpreted by the public as indicating that there is any satisfactory plan for the medical management of a nuclear war.

Referring to paragraph (1) of the resolution, Regent Lawton stated that his first reaction to the Defense Department's request was outrage. "Why would they even ask? Our history is a proud history, a willingness to serve the country in times of war. Our hospital was built in memory of those who served in World War I. We decimated our staff to furnish a medical unit in World War II, one of the proudest units in the war. Since then, we have continued to cooperate by providing reservists. There is no reason to believe that on request and need we would furnish not 50 beds, but 400 beds, should they ask us." With regard to item (3) of the resolution, he said that the Governing Council of the Institute of Medicine in Washington, D.C., on which he served, had considered whether the Institute should undertake a study of the medical aspects of nuclear war and had concluded that such a study would be a waste of time and money. He quoted from an August 11, 1982, article in The New York Times which summed up the Governing Council's view: "Nuclear war, any kind of nuclear war, would
cause death and suffering on a scale never seen before in all history, and modern medicine with all its skills could do little or nothing to help."

In conclusion, Dr. Lawton emphasized that "The Council of Trustees is totally confident that our staff and our hospital will serve with distinction in any emergency of any kind that occurs. But it should be made clear to the public that there is no plan for taking care of nuclear war because there can be no plan."

Calling attention to the written report of the September 24, 1982, meeting of the Higher Educational Aids Board and the Wisconsin Higher Education Corporation, Regent Beckwith commended HEAB for producing a sensible budget, having avoided several deep pitfalls. (The report is on file with the papers of this meeting.)

In her report as President of the State Board of Vocational, Technical and Adult Education, Regent Zirbel commented on the VTAE budget. Indicating that it included requests for new programs, she remarked that a lack of funds, along with increased enrollments, presented a very difficult challenge for that System and that the VTAE Board also was concerned about Higher Education Act funding. The next meeting was to be held at the end of November.

Regent Fitzgerald presented Resolution 2689 and moved its adoption. The motion, seconded by Regents Fox and O'Harrow, was voted unanimously.

Resolution 2689: Whereas, Warren Carrier served seven years as Chancellor of the University of Wisconsin-Platteville; and

Whereas, his innovative reorganization and development of career-oriented programs led UW-Platteville to the largest enrollment in its history; and

Whereas, he turned his administrative skills to the benefit of the entire UW System in an assignment as acting senior vice president; and

Whereas, he brought to all of his university activities a blend of artistic creativity and extraordinary sensitivity to intellectual matters and academic challenges; and

Whereas, his quiet dignity and wise counsel will be long remembered by his administrative colleagues, faculty and members of this Board;
Now therefore, be it resolved that the Regents of the University of Wisconsin System commend Dr. Warren Carrier for his service to public higher education in Wisconsin and confer upon him the status of Chancellor Emeritus.

Regent Beckwith stated that it had been his pleasure to work with Dr. Carrier for the past five years and that "he certainly is and was a splendid gentleman; I enjoyed serving with him."

With reference to the schedule of Board of Regents' meetings for the coming year, President Beckwith noted that the plan had been to hold the April 1983 meeting at UW-Platteville, but that it was now felt it would be more appropriate to change the location of the April meeting to Madison and to schedule a meeting in Platteville after appointment of a new chancellor. The new Fine Arts Center at UW-Platteville would be dedicated in April, he added, expressing the hope that many regents still would be able to attend that event.

President Beckwith announced that Chancellor Horton had invited the Board to convene its May 1983 meeting at UW-Milwaukee. There was consensus that the invitation be accepted.

---

REPORT OF THE PRESIDENT OF THE SYSTEM

It was moved by Regent Knowles, seconded by Regent Jesinski and carried unanimously that the following resolution be adopted:

Resolution 2690: That the report of non-personnel actions by administrative officers to the Board of Regents and informational items reported for the record (copy on file with the papers of this meeting) be received for the record; and that actions included in the report be approved, ratified and confirmed.

President O'Neil welcomed Dr. Ralph Curtis who had been named Acting Chancellor of UW-Platteville.

Dr. Robert Garwell, who recently had been appointed Dean of the College of the Arts at UW-Whitewater, was introduced by Chancellor Connor. Dean Garwell came to Whitewater after seven years at Drake University.
Referring to the recently released report of the Committee on Assessment of Quality-Related Characteristics of Research Doctorate Programs, President O'Neil explained that 228 universities with doctoral programs were assessed in six disciplines and according to a number of measures. While deriving any composite rankings from discrete assessments in 12 to 14 categories was difficult, several dimensions of the results seemed to him noteworthy. Judged on the criteria of scholarly quality of program faculty and effectiveness of the program in education of research scholars or scientists, he reported, UW-Madison ranked second between the two coasts and second among all publicly supported universities in the country. In chemistry, the rankings were third between the two coasts and third among all state universities, while computer science was ranked second between the two coasts and fifth among all public universities. He added that in the fields of physics and geosciences the conclusions emerged somewhat less clearly, although those rankings were also strikingly high.

With regard to UW-Milwaukee departments which were rated on the same criteria, the President indicated that the chemistry program was ranked above those of such institutions as the universities of Missouri at Columbia, Temple, Tulane, Northern and Southern Illinois, Kentucky, Alabama, and a number of others. In the field of mathematics, UW-Milwaukee was rated higher than Missouri, South Carolina, Texas Tech. and Boston University, as well as other distinguished institutions. The Department of Physics was ranked above Washington State, Arizona State, Southern Illinois, the State University of New York at Buffalo, and Wayne State, among others.

Although a university's stature or prestige does not rise or fall entirely on the basis of such valuations, President O'Neil stated, "It is reassuring in such uncertain and troubled times to know that the reputation of our faculty and their scholarship and their ability to prepare the next generation of scholars and scientists remains so high in the judgment of their peers and colleagues across the country. It is eminence of this sort that we fear losing or diluting through insufficient continuing support in such vital areas as equipment, library collections and faculty salaries, and these are of course the critical priorities to which our biennial budget proposal is addressed. I can think of no higher or vital mission than the preservation and nurturing of such eminence, stature and potential."

Mr. Scott Bentley, President of the United Council of UW Student Governments, spoke with regard to the biennial budget proposal, which had been presented to the Regents the preceding day. Indicating that it contained many recommendations with which United Council concurred, he said the request for additional general purpose revenue funding for minority initiatives was welcome. Inasmuch as minority retention is a major problem faced by institutions of higher learning, he felt that added support of advanced opportunity programs for minority/disadvantaged students as well as increased money for special academic retention projects would be important steps forward in moving toward a society of true equality.
With respect to fee levels, Mr. Bentley expressed appreciation for recognition of the desirability of returning to the 75% GPR/25% fee ratio for instructional funding of resident undergraduates. While he viewed the proposed reduction in fee levels from 27.3% to 27% as a step in the right direction, he noted that at the rate of .3% each biennium, it would take until 1995 to return to the 25% level. At the least, he stated, United Council would like to see a resolution stating that the 25% rate would once again be utilized. He thought it would be preferable, however, to reduce student fees from 27% to 25% and request GPR funding to replace the lost revenue, leaving the Department of Administration and the new Governor to decide whether such a proposal would be realistic in light of the state's economic situation. In support of this suggestion, he stated that "the long-standing formula of 75/25 reflects Wisconsin's unique commitment to higher education. Tuition may appear to be lower in Wisconsin than in any other school in the Big Ten, but this only reflects the state's deep commitment to maintaining acceptable levels of access for all students in our university, a commitment that is most definitely in the spirit of the Wisconsin progressive tradition." He expressed fear that, if action were not taken in the coming biennium to return to the traditional formula, the Legislature might come to expect a funding ratio of 73%/27%. A less acceptable option to United Council, he added, would be gradual reduction over the next three years in the percentage of cost supported by students, with fees set at 27% in 1983-84, 26% in 1984-85 and 25% in 1985-86.

Remarking that the fee formula is based on the premise that the state receives benefits from the university education given to students, Mr. Bentley then recommended replacing fee monies with GPR funding in a number of specific areas. With regard to proposed economic development initiatives, he maintained that, since the entire state would benefit, students should pay 30%, rather than 82.5% of the cost of modernizing instructional laboratory equipment. In addition, he continued, the budget proposal would provide for students to pay 91% of the cost of library improvements, even though it was stated in the policy paper that Wisconsin's economic development would be enhanced by the availability of strong libraries. He felt it would be more equitable if 70% of those costs were borne by general purpose revenues. Turning to another item, he asked if deferral of salary increases in 1982-83 might result in a possible "double assessment" in student fees. Finally, he questioned allocation of fees for special academic support for college preparation and career counseling, commenting that expenditures in this area did not seem relevant to the cost of instruction and that it was difficult to believe current staff and resources could not meet that need.

Regent Fish stated that, although he was sympathetic with the concerns expressed by Mr. Bentley, he could not agree with the suggestion that the budget should request more funding than could realistically be expected, and he pointed out such a posture would only serve to reduce the stature of other requests made by the Board. "I have found that if a request is unrealistic, expecting someone else to make the cut, they will make the cut, and they will also make it deeper than if you made it yourself. If we expect someone else to do that work for us, we may well come out with student funding not at the 27% level but at the 29% level. So, I specifically hope that United Council does not pursue the view that we should let someone else make those decisions; it would not be beneficial for the regents or for the students."
Regent Beckwith concurred, adding that the Board's duty is to develop a responsible budget. "If we fail to do that, we are all going to pay the price of irresponsibility."

Expressing agreement, Regent Veneman said that if the budget requests were not realistic, credibility would soon be lost.

With regard to specific recommendations made by Mr. Bentley, President O'Neil noted that they were addressed to the somewhat unusual reallocation of what was left of the one-time fee increase in the current year after restorations in the permanent property and the fringe benefit lines. Indicating that the amount was approximately $7.8 million, he explained that off the top would come the standard fee share of annualizing the pay plan to the 8% which would have been the figure this year but for the 2% reduction. The second claim on that revenue was the fringe benefit cost increase when made permanent at a normal rate. The remainder—somewhat less than $4 million—would be used in the first year of the biennium for instructional equipment and library access items. In the second year, the GPR portion of those costs would return to its usual level; that is, $1.4 million GPR/$600,000 fees for instructional equipment and $700,000 GPR/$300,000 fees for library access. He added that there were several major items to which no fee portion was attached, such as the one for research, technology transfer and small business development, which was appropriately a GPR request in its entirety.

REPORT OF THE EDUCATION COMMITTEE

Vice Chairman Finlayson presented the Committee's report.

Vice President Lyall announced to the Committee that a Joint Committee on College Preparation had been appointed by President O'Neil and Regent Herbert Grover, State Superintendent of Public Instruction, pursuant to Resolution 2674, adopted by the Board at its September 1982 meeting, which urged that the UW System President consult with the Superintendent of the Department of Public Instruction "on the idea of establishing a process for development of a systemwide list of expected competencies of students for succeeding in college." The Joint Council, consisting of sixteen members broadly representative of secondary schools and University of Wisconsin System institutions, was charged with the task of developing a statement on preparation for college which would be suitable for distribution to high school students, parents and counselors across the state. Indicating that the Council's first meeting was to be on October 14, 1982, at 10:00 a.m., in Room 1820 Van Hise Hall, Dr. Lyall noted that the meetings would be in open session and that comments and suggestions from non-Council members were encouraged. Mr. Thomas Smith, appearing on behalf of Superintendent Grover, advised the Committee that Vice President Lyall's statements regarding the Joint Council and its charge agreed with the views of the State Superintendent.
Regent Finlayson reported that the Committee approved an amendment to UW-Milwaukee Faculty Policies and Procedures, which would insert language to clarify the time points at which guidelines for tenure and promotion take effect.

Adoption of the following resolution was moved by Regent Finlayson, seconded by Regent Fitzgerald and carried unanimously:

Resolution 2691: That, upon recommendation of the President of the University of Wisconsin System and the University of Wisconsin-Milwaukee Chancellor and Faculty Senate, the following amendment to Chapter 3.18 of the UW-Milwaukee faculty personnel policies and procedures as required under UWS 2.02 be approved:

Chapter 3.18 Strike existing Chapter 3.18 and replace it with the following:

3.18 Criteria Advice

(1) Teaching, research and service are all to be considered in any judgment concerning promotion or appointment with tenure, specifically as measured by demonstrated teaching ability, professional competence, past and anticipated creative accomplishments, and contributions and service to the public, the University, and to the faculty member's profession. Annually each Divisional Executive Committee shall distribute to every member of the Division a written statement of the standards and guidelines governing its deliberations in cases concerning promotion or appointment to tenure or within tenure rank.

(2) With respect to the granting of tenure, all probationary faculty shall be evaluated by departmental and divisional executive committees in accordance with the most current written standards and guidelines in existence, or, at the candidate's written request, those written standards and guidelines in existence at the time of initial employment. A faculty member may exercise this option only once and prior to any tenure evaluation of the candidate by the department.
(3) All tenured associate professors being considered for promotion to the rank of professor shall be evaluated in conformity with current written standards and guidelines or, at the candidate's option, those in effect during the year immediately preceding the year of consideration for promotion.

The Committee then approved an amendment to UW-Platteville Faculty Personnel Policies and Procedures which would strike from the language of Ch. 3.04 the restrictive phrase, "The minimum probationary period for faculty shall be four years," so that the section would read as follows: "The maximum probationary period for a UW-Platteville faculty member whose appointment is full time shall be seven years. The maximum for a part-time faculty member whose appointment is half time or more shall be ten years. Any shortening of the probationary period or counting of prior service must be based upon the recommendation of the department or its functional equivalent and approved by the Chancellor." It was emphasized that the proposed amendment would not in any way enable the overriding of departmental prerogatives with regard to the origination of requests for tenured appointments.

Resolution 2692 was unanimously adopted, upon motion by Regent Finlayson, seconded by Regent Fitzgerald.

Resolutions 2692: That, upon recommendation of the President of the University of Wisconsin System and the University of Wisconsin-Platteville Chancellor and the Faculty Senate, the following amendment to UW-Platteville faculty personnel policies and procedures, as required under UWS 2.02, be approved:

UW-P 3.04 Probationary Appointments

Strike the sentence "The minimum probationary period for faculty shall be four years." from the first paragraph of this section.

Regent Finlayson stated that the Committee reviewed materials compiled in response to a series of questions contained in a letter of August 27, 1982, from Regent Schilling, which concerned admissions standards and the way in which UW institutions convey their academic standards and expectations to high schools. Other questions in his letter, pertaining to the need for and extent of remedial instruction in the UW System, were to be taken up at a subsequent meeting. (A copy of the letter is on file with the papers of this meeting.) Chancellor Horton (UW-Milwaukee), Acting Chancellor Polk (UW-Center System), and Vice Chancellor Ratner (UW-Parkside) joined the Committee members for discussion, which began with a summary by Vice President Lyall of various documents regarding admissions. Noting first that s. 36.11(3), Wis. Stats., provided for each
instituion to establish specific requirements for admission to its courses of instruction within the broader Board of Regents' policy, she referred to the following statement in the freshman admissions policy (Regent Policy Document 72-11): "In recognizing the necessity of making educational opportunity equally accessible to all its citizens through the University of Wisconsin System, it is important that the diverse needs of the state's population be accommodated through a flexible admissions policy. This policy must meet the dual goals of fulfilling the special missions of each campus and providing accommodation for students at some unit within the University System's range of programs." The three tiers of admissions policies within the System were reviewed: (1) Board of Regents policy; (2) individual institutional policies; and (3) specific requirements established for particular programs within the institutions. Finally, the Committee and the administrators present exchanged views regarding differentiated admissions policies that apply to out-of-state and foreign students. Because of the lateness of the hour, it was necessary for the Chairman to bring the Committee meeting to a close, with the understanding that discussion of admissions policies would be resumed the following month.

Concluding her report, Regent Finlayson complimented Dr. Lyall for the thoroughness of the information presented in response to the questions which had been posed.

Chairman Veneman presented the Committee's report, noting that all regents had been invited to participate in that portion of the meeting in which the Committee received the report of the Committee on University/Business Relations and gave preliminary consideration to the 1983-85 biennial budget.

The Committee received the report entitled A Profile of University Service to Business and Industry, 1980-1982, which identified a broad range of cooperative links between institutions of the UW System and the private sector and provided a directory of resources that could be used by businesses and industries interested in learning of relevant University services.

In his opening remarks, President O'Neil stated that this important report represented the culmination of a year's intensive work by the Committee on University/Business Relations, chaired by Chancellor Swanson (UW-Stout), which included as members W. Robert Marshall, Director of the UW-Madison University-Industry Research Program; Joseph Domitrz, Dean of the UW-Whitewater College of Business and Economics, and UW-Milwaukee Professor of Physics William L. Walters. The Business and Finance Committee then heard a presentation, similar to one made the preceding day for the Wisconsin Association of Manufacturers and Commerce, by President O'Neil, Chancellor Swanson and Ms. Jean Akhtar of the UW-Madison
University-Industry Research Program. In conclusion, the President pointed out that the report was dynamic rather than static and that it was to be updated as time went on. The information contained in the report would be readily accessible to those in the business world who wished to make use of it. (The report is on file with the papers of this meeting.)

Regent Veneman reported that the Committee considered priorities and cost projections for the 1983-85 biennial budget, which was characterized by President O'Neil as an attempt to strike a responsible balance between what was essential and what seemed possible in view of the state's fiscal environment. He identified for special emphasis enrollment-related requests and requests reflecting the System's potential for contributions to the state's economic recovery and vitality. Chancellors Shain (UW-Madison), Penson (UW-Oshkosh), Horton (UW-Milwaukee) and Hannah (UW-Eau Claire) all spoke on behalf of the proposal, highlighting institution-specific concerns.

It was moved by Regent Veneman and seconded by Regent Knowles that the following resolution be adopted:

Resolution 2693: That, upon recommendation of the President of the University of Wisconsin System, the biennial budget priorities and cost projections for State GPR and Academic Fee Funds, as described in Biennial Budget Policy Paper #1, be submitted to the Department of Administration for its report to the Governor-elect on state agency requests, and that final approval await further consideration at the next meeting of the Board.

(Biennial Budget Policy Paper #1 is on file with the papers of this meeting.)

Expressing agreement with a suggestion made earlier by the President of United Council, Regent Jesinski urged that there be included in this budget a statement of intent to return in future biennia to the formula under which 25% of instructional costs would be funded by student fees. "I understand the need for the 27% at this time. I am not concerned about that as a one-shot approach, but I am concerned about this becoming the new historic formula."

Regent Beckwith remarked that he would hesitate to take an action which purported to bind future boards, inasmuch as another Board of Regents two years hence would have to decide the percentage to be paid by fees. Indicating that the 1983-85 budget policy paper made note of the traditional 25% level, he said it also carried the message that the Board would like to keep the costs of higher education for students as low as possible in future years. While he concurred with that objective, he thought the historical context should be kept in mind. Recalling that prior to 1969 the student share had been 22-1/2%, he pointed out that since then the real cost of education for many students had not gone up two percentage points,
because of the availability of grants and relatively low-cost loans. "When we talk about what is the appropriate allocation of the cost of higher education between students and their families on the one hand and the taxpayers on the other hand," he said, "we have to take a broader look at what is in fact the true burden in 1982," as compared with earlier times when financial aids were not so readily available.

Stating that the administration had done a commendable job of identifying budgetary priorities, Regent O'Harrow said he must reluctantly bring to the discussion an adverse economic report from the farm community. In exploring the purchase of a home or farm in northeastern Wisconsin, he and his wife had viewed several farms which were in foreclosure. "One of them will be sold on the traditional courthouse steps this month by the sheriff; and you think of the human tragedy that's gone into this failure." He pointed out that the price of farmland was going down, a fact which would have repercussions in the amount of taxes that would be generated. Secondly, he continued, the cost to produce a bushel of corn was about $2.75, but it was selling for only $1.90 per bushel, while it was worth $3.00 a bushel if used for fuel. He observed that these economic conditions meant that farmers would not be paying much income tax, which in turn would have an impact on the University's budget. In addition, he stated that the inability of farmers to do much purchasing had serious consequences for many other sectors of the economy. "Because the agricultural community is in a stagnant position, we're impacting on most of the businesses in Wisconsin, and I don't see any end in sight. The past national administration and our present administration have used our surplus of product as a club in international diplomacy. And the consequences of this and these surplus crops with which we are awash is devastating to the farm economy. I really don't know what the Legislature is going to do to come up with funds to finance the University."

Indicating that Regent O'Harrow's remarks underscored the theme of responsibility in this budget proposal, Regent Beckwith emphasized that "we are endeavoring to do all that we can to maintain the quality of our institutions, restore some of the bad deficiencies that have arisen in recent years, but we are mindful of the difficulties in the economy. It will take all of the skills of System Administration and members of this Board, all of our persuasiveness, all of our integrity to sell this budget."

While he considered the budget proposal a modest one, Regent Heckrodt said he understood the necessity for presenting a conservative request. "I think if we at this time attempted to reduce student participation in the fiscal policy, we would lose some credibility with the state legislators and other government parties, and it would be very much more difficult to get what we are going to try to get."

Asking Regent Fish for his reaction as the most experienced member of the Board, Regent Beckwith said his feeling was that there had been instances in the past when the Board of Regents submitted budgets which contained many programs which were wanted and needed by the University but which had been rejected at the other end of State Street for not being attuned to fiscal realities. In his judgment, this budget was a very responsible one, which should not be viewed as unrealistic.
Regent Fish responded that, although education sometimes considers its friends as being those who ask the most, that is not generally true because when requests are out of line, cuts are made which are not in relationship to the facts. "That is why I think it is incumbent upon the Board of Regents to present a responsible budget request, and I think this is a responsible budget request." While he thought there would be reductions, he believed they would be made because of the state's fiscal problems, not because the requests were unrealistic. "I would like to see the student share reduced. I would like to see more money spent on a great variety of projects and programs. But we have to face the reality of the funding level."

Regent Fitzgerald stated that she shared Regent Jesinski's concern about the 27% fee level. "I think we would be very naive if we ever think we are going back to 1969 and the 22-1/2% or 1981 and the 25%. But I wonder if it creeps up to 30%, how do we stop it then? And that is where we are headed. I do not see that you can say we will stop at 27% if we are going to give them the best education that we can."

The question was put on Resolution 2693, and it was adopted unanimously.

Continuing the report of the Business and Finance Committee, Regent Veneman stated that three bequests were presented for approval. The first, from Robert B. Doremus, who had been Associate Dean of the College of Letters and Science at the UW-Madison, provided two percent of the adjusted gross estate for each of the following: the Elvehjem Art Center, the School of Music and the Special Letters and Science Fund at UW-Madison. The estate was estimated to have a gross value of $400,000. Dean Doremus joined the English Department faculty in 1940 after receiving a doctorate from Harvard University, and his service on the Dean's staff began in 1947. He was named Associate Dean in 1953 but continued to teach courses in victorian prose and poetry. A lover of music, he regularly attended concerts and supported the UW School of Music.

Upon motion by Regent Veneman, seconded by Regent Finlayson, the following resolution was unanimously adopted:

Resolution 2694: That the bequest of the late Robert B. Doremus, Madison, Wisconsin, be accepted by the Board of Regents of the University of Wisconsin System in accordance with the terms and conditions of the will; and that the Trust Officer or Assistant Trust Officer be authorized to sign receipts and do all things necessary to effect the transfer for the benefit of the University of Wisconsin-Madison.
The second bequest was from the late Reinhold O. Ebert, of Menasha, Wisconsin, who received a B.A. degree in 1922 and an M.A. degree in 1923 from UW-Madison, where he was a premedical student and as a graduate student served as an assistant in physiology. The terms of the last will and testament provided that, after certain specific bequests, fifty percent of the remainder of the estate was to go to the UW-Madison. The value of the estate was not yet known.

Regent Veneman moved adoption of Resolution 2695. The motion was seconded by Regent Fish and carried unanimously.

Resolution 2695: That the bequest of the late Reinhold O. Ebert, Menasha, Wisconsin, be accepted by the Board of Regents of the University of Wisconsin System in accordance with the terms and conditions of the will; and that the Trust Officer or Assistant Trust Officer be authorized to sign receipts and do all things necessary to effect the transfer for the benefit of the University of Wisconsin-Madison.

The final bequest was from the late Ramona Messerschmidt of Pima County, Arizona, who received a B.A. degree from the UW-Madison in June 1926. The University was to receive the entire estate, the total value of which was unknown pending probate, for the purpose of funding annual scholarships in clinical psychology.

Adoption of the following resolution was moved by Regent Veneman, seconded by Regent Podlesny and unanimously voted:

Resolution 2696: That the bequest of the late Ramona Messerschmidt, Pima County, Arizona be accepted by the Board of Regents of the University of Wisconsin System in accordance with the terms and conditions of the will; and that the Trust officer or Assistant Trust Officer be authorized to sign receipts and do all things necessary to effect the transfer for the benefit of the University of Wisconsin-Madison.

The Committee approved the monthly list of gifts, grants and U.S. government contracts, which included $2 million for 32 grants from the National Institutes of Health and more than $1.5 million from the Federal Department of Agriculture Science and Education Administration. Despite these sizable programs, federal support continued to lag behind that of the preceding year by a substantial amount, with $6 million less received for research. Nonfederal support, on the other hand, was running about $4 million ahead of the previous year.

Resolution 2697 was adopted unanimously, upon motion by Regent Veneman, seconded by Regent Fitzgerald.
Resolution 2697: That, upon recommendation of the President of the University of Wisconsin System, the gifts, grants and contracts presented at this meeting (copy on file with the papers of this meeting) be accepted, approved, ratified and confirmed; and that, where signature authority has not been previously delegated, appropriate officers be authorized to sign agreements.

Regent Veneman reported that the Committee was advised by Vice President Lorenz that fees and tuition for the 1982 summer session were $300,000 less than the amount budgeted. It was too early to tell if this deficit would be covered by revenues exceeding budgeted amounts during the academic year.

Vice President Lorenz also informed the Committee that the Joint Committee on Finance did not request a hearing on the Department of Administration’s proposed allocation of escrowed funds for the acquisition of permanent property and that, therefore, the proposal was approved. The University received $305,000 for the new School of Veterinary Medicine and $1,829,000 for instruction-related laboratory equipment, leaving a net shortfall of about $1 million in the $8 million budget cut after applying this allocation and $5 million of extra fee income to the reduction.

REPORT OF THE PHYSICAL PLANNING AND DEVELOPMENT COMMITTEE

Chairman O'Harrow reported for the Committee.

The Committee considered the 1983-89 Capital Budget Policy Papers for the System: "Long Range 3.5: Capital Budget Planning Principles, 1983-89" and "Long Range 3.5.1: Capital Budget Planning Guidelines, 1983-89" (copies on file with the papers of this meeting). L.R. 3.5 set forth basic principles for capital budget planning within the System in order to provide direction to the individual universities and System Administration in the formulation of capital development programs during the 1983-89 period. The principles, which were to be reviewed biennially, would be applied in the evaluation of university and Systemwide capital requests in both annual and biennial capital budgets. L.R. 3.5.1 provided specific guidance to the units of the System and System Administration in developing the 1983-85 capital budget, consistent with the principles set forth in L.R. 3.5. These guidelines were further supplemented by instructions issued by the Division of State Facilities Management for development of the 1983-85 capital budget. They applied to self-amortizing as well as state-funded projects and would be utilized in reviewing projects submitted by the University in both annual and biennial capital budgets.
At the Board meeting, Regent Fish inquired about including in the guidelines compilation of the capital project list on a priority basis, to which Vice President Winter replied that the guidelines were intended primarily for project development at the campus level. Regent Fish said he would propose no amendment, provided it was understood that the System capital request would have them enumerated by priority.

President O'Neil stated that projects would be listed in that way as part of System Administration's recommendations to the Board.

In response to a question by Regent Fish about establishment of priorities at the campus level, the President indicated that those requests would also be in ranked order. System Administration then would work with the institutions in putting together a single, comprehensive System list in priority order.

It was moved by Regent O'Harrow, seconded by Regent Fitzgerald and carried unanimously that the following resolution be adopted:

Resolution 2698: That, upon the recommendation of the President of the University of Wisconsin System, the following budget planning papers be approved:

- L.R. 3.5: Capital Budget Planning Principles, 1983-89
- L.R. 3.5.1: Capital Budget Planning Guidelines, 1983-89

Regent O'Harrow reported that the Committee approved budget increases and concept and budget reports for two projects at UW-Madison, the first for the Biochemistry Building addition and the second for the 1410 Johnson Drive remodeling/Engineering Building addition. The first request involved a budget increase of $474,600 and would grant authority to plan, bid and construct a 35,305 assignable square foot addition to the building. Included was construction of the previously requested 33,480 assignable square foot addition at a cost of $7,250,000 plus a 1,825 assignable square foot lecture hall to be funded with a $300,000 gift from the Wisconsin Alumni Research Foundation Trustees and $174,600 of GPR-supported general obligation bonding energy conservation funds for installation of a heat-reclaim system with a 3.3-year payback. It was noted that undergraduate enrollments which had expanded 8.8 times in the past 12 years, along with a 50 percent increase in the number of pre- and post-doctoral fellows and faculty, had resulted in serious overcrowding of the building. In addition, the department's reputation for excellence brought numbers of scientists from throughout the United States to Madison on a regular basis to present lectures and symposia, the length and frequency of which did not allow scheduling around the instructional activity occurring in lecture halls located in other buildings.

The 1410 Johnson Drive remodeling/Engineering Building addition project included a budget increase of $212,000, bringing the revised total cost to $2,312,000 to be funded from GPR-supported general obligation
bonding. It provided for remodeling of 14,575 net assignable square feet of space in the former State Highway Laboratory Building to provide necessary research laboratories and related space for the microelectronics laboratories of the Department of Electrical and Computer Engineering, which had grown beyond their existing space. Remodeling was considered essential for the controlled environment necessary to proper operation of new equipment, and the need for the additional funds resulted from higher-than-estimated costs of constructing "clean rooms."

Regent O'Harrow moved adoption of Resolution 2699. The motion was seconded by Regent Jesinski and unanimously voted.

Resolution 2699: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, the concept and budget reports and the requested budget increases be approved, and authority be granted to plan, bid and construct the following two projects, at the revised project costs and from the funding sources indicated:

Biochemistry Building Addition Project, budget increase of $474,600 for a revised project cost of $7,724,600 [$7,250,000 - GPR-General Obligation Bonding as enumerated; $174,600 - GPR-General Obligation Bonding (Energy Allocation); and $300,000 - Non-GPR Gift and Grant Funds]

1410 Johnson Drive Remodeling/Engineering Building Addition Project, budget increase of $212,000 for a revised total project cost of $2,312,000 from GPR-General Obligation Bonding.

The next item presented to the Committee was for approval to purchase a 0.11-acre parcel of improved land at UW-Stout for an estimated total acquisition cost of $26,000. Contiguous to the land upon which UW-Stout's General Services Building is located, the parcel was improved with a small, wood frame dwelling which would be sold for salvage or razed. The property was appraised at $21,000 in September 1982, and an option at that amount had been secured. Included in the total acquisition costs were $1,000 for appraisal and closing costs and $4,000 for relocation.

Adoption of the following resolution was moved by Regent O'Harrow and seconded by Regent Heckrodt:

Resolution 2700: That, upon the recommendation of the UW-Stout Chancellor and the President of the University of Wisconsin System, authority be granted to purchase a 0.11 acre parcel of improved land, located at 819 South Broadway in the City of Menomonie, at an estimated total acquisition cost of $26,000, including relocation and related costs.
Regent Fish inquired as to whether the students who were living in the house had been there before the beginning of the fall semester, to which Chancellor Swanson replied that he did not have that information. Stating that he was distressed by the prospect of paying $4,000 to relocate the students for one or two months, Regent Fish commented that, if they had not been living there when the option on the property was taken, its terms should have precluded the owner from renting the house until the option had been exercised. "We, in effect, are giving the students $4,000. We would have been better off having them in the dormitories."

The point made by Regent Fish was well taken, Regent O'Harrow remarked, noting that the Committee wished to obtain more information about relocation funds, inasmuch as it was their understanding that the total sum of money set aside was not spent in most cases, the average being less than half the amount budgeted.

Stating that he did not believe that information to be accurate, Regent Fish indicated that he would like to attend the meeting at which the relocation matter was discussed.

Put to the vote, Resolution 2700 was adopted unanimously.

Regent O'Harrow stated that the Committee then approved granting authority for the City of Eau Claire to bid and construct the Garfield Avenue improvements project at a cost of $110,000, as an assessable improvement to a city street, utilizing funds from the GPR appropriation for assessments, per sec. 20.865 (3)(b), Wis. Stats. The objective of this project, which had been developed cooperatively by the City, the Division of State Facilities Management, System Administration and UW-Eau Claire, was to reduce pedestrian/vehicular conflicts within the academic core of the campus.

Adoption of the following resolution was moved by Regent O'Harrow and seconded by Regent Fish:

Resolution 2701: That, upon the recommendation of the UW-Eau Claire Chancellor and the President of the University of Wisconsin System, authority be granted for the City of Eau Claire to bid and construct the Garfield Avenue Improvements project at UW-Eau Claire, for an estimated total project cost of $110,000 from the GPR appropriation for assessments, per s. 20.865 (3)(b), Wis. Stats.

As asked by Regent O'Harrow to make a presentation to the Board regarding the above project, Chancellor Hannah referred to a map of UW-Eau Claire, pointing out that Garfield Avenue, which connects the lower and upper campuses, is the only street at UW-Eau Claire on which there is continuous vehicular traffic and that the portion in question is a city street, despite the fact that it abuts University property on both sides. On the north side of the street, she explained, is Hibbard Hall, the largest
classroom building in the University Cluster, with the number of students it accommodates per day making the area the most congested one on campus. While the project was primarily concerned with traffic control, she said the street was in poor repair, having numerous holes and cracks which presented particular problems for the numerous bicyclists at the University.

Indicating that the street was to be closed off at some point, as part of a larger plan to convert the center of the campus to a mall, the Chancellor noted that was a long-term plan with several future stages. What was especially interesting about the current project, she felt, was that it provided an example of cooperation between the city, state, municipal utilities and the university. Northern States Power Company about a year previously had removed all the overhead power lines and put them underground, as part of a beautification project, and at this time the city, based on plans developed by university and system officers, was willing to rebuild a section of the street, with construction to be paid for by state trust lands funding of $110,000. Explaining that the pedestrian areas would be raised about six inches to accommodate the sidewalk height and that the road would dip and rise over those, she said part of the plan was to discourage vehicular traffic into the campus. There also were plans for racks to accommodate many more bicycles and for replacement of trees which had been destroyed by a 1980 storm.

The question was put on Resolution 2701, and it was adopted unanimously.

Due to time constraints, the Committee deferred consideration of the UW-Eau Claire and UW-Superior 1982 campus transportation plans.

Regent O'Harrow reported that the Committee approved a change in scope for the Enderis Hall remodeling project at UW-Milwaukee, from remodeling 65,000 gross square feet of space to providing for construction of a 17,380 gross-square-foot addition and substantially reducing the scope of remodeling, all within the currently authorized funding level of $2,740,000 from GPR-supported general obligation bonding. The purpose of the project was to provide for consolidation of the Schools of Education, Social Welfare and Allied Health, with the basement level of the addition to provide 7,961 gross square feet for the Medical Technology program and 9,419 gross square feet on the first floor level for the Occupational Therapy and Human Kinetics programs. It was noted that the architect and staff in the Division of State Facilities Management considered construction of an addition to be the most cost effective alternative and that approval of this change in scope would allow for the completion of the concept and budget report, currently scheduled to be brought back to the Board for approval in December.

The following resolution was unanimously adopted, upon motion by Regent O'Harrow, seconded by Regent Finlayson:
Resolution 2702: That, upon the recommendation of the UW-Milwaukee Chancellor and the President of the University of Wisconsin System, approval be granted to change the scope of the Enderis Hall Remodeling project from a project to remodel 65,000 GSF (38,000 ASF) of space to a project to provide for construction of a 17,380 GSF (12,028 ASF) addition and for a substantially reduced scope of remodeling, within the currently authorized funding level of $2,740,000, from GPR-supported General Obligation Bonding.

The next item presented to the Committee concerned allotment of $213,200 of Capital Improvement Fund earnings, $2,104,500 of General Fund-supported borrowing, and $818,600 of program revenues, for a total of $3,136,300, to plan, bid and construct 43 roof repair/replacement projects on System campuses. It was pointed out by Vice President Winter that the need for those projects was established through semiannual roof inspections by teams of representatives from System Administration, the Division of State Facilities Management and campus staff. The roofs being repaired or replaced were, with few exceptions, only those defined as Priority I, in which cases the roofs leaked, insulation was wet, and there was damage to contents, interior finishes, mechanical equipment or structural components, and Priority II, in which cases the roofs had wet insulation and there was moisture in felts, but major leakage was not yet evident. The replacement roofs were to be of a different design, with improved drainage and state-of-the-art materials which should result in extended lives. It was also reported that the average life of the roofs being replaced was 20 years.

To put the request in perspective, Regent O'Harrow noted that there were some 280 acres of roofs in the System and stated that the Committee felt System Administration and campus staff were doing an excellent job of maintaining these valuable properties.

It was moved by Regent O'Harrow and seconded by Regent Jesinski that the following resolution be adopted:

Resolution 2703: That, upon the recommendation of the UW-Eau Claire, Green Bay, LaCrosse, Madison, Oshkosh, Platteville, River Falls, Stevens Point, Stout, Superior and Whitewater Chancellors and the President of the University of Wisconsin System, authority be granted to request the allotment of $213,200 of Capital Improvement Fund Earnings, to use $2,104,500 of General Fund Supported Borrowing, and to use $818,600 of Program Revenues, for a total of $3,136,300, to plan, bid and construct forty-three roof repair/replacement projects as described in papers of this meeting on file in the office of the Secretary.
Pointing out that roofing problems were widespread and were not confined to System buildings, Regent Podlesny asked if something longer-lasting could not be designed.

Regent Fish recalled that he had raised the same question years previously and that the Building Commission had worked on it. The problem, he explained, was that many buildings had been designed with flat roofs rather than pitched roofs, primarily because architects preferred the former from an aesthetic standpoint and also because it was possible to submit lower bids on them. "It's generally the taxpayers who wind up paying for it through roof repairs." Noting that the Building Commission had sent many plans for flat-roofed buildings back to the architects for change to pitched roofs, he felt that solution should remedy the problem in large part.

He observed, however, that Wisconsin has a climate which is hostile to roofs and that many university roofs were built during the period 1946 to 1952. They were reaching an age, therefore, at which repair or replacement was needed. Indicating that when this request was presented to the Building Commission, the age and repair history of each roof would be examined, Regent Fish thought that of the total of 43 roofs involved in the proposal, there might be three or four in which repairs were required because of deficiencies in the quality of construction.

Regent Podlesny inquired as to whether there was any guarantee on the roofs of the new School of Veterinary Medicine facilities.

While roofing companies do provide guarantees, Regent Fish replied, many do not remain in business for more than a few years, "so the roofing company generally expires before the warranty does." Noting that a number of suits had been filed by the University—and a couple of them had been won—he said it usually was not worth pursuing the warranty.

Regent O'Harrow added that the Physical Planning and Development Committee was provided with extensive information on histories of the various roofs and the cost of repair, along with documentation of the great efforts being made to find better materials and improve drainage.

Put to the vote, Resolution 2703 was adopted unanimously.

Consideration of UW System policy on acquisition of telecommunications systems was deferred, pending receipt of a Department of Administration report on procedures/policies for acquisition of telecommunication systems and reaction to that report by the State Building Commission.

The Committee also deferred the report on energy conservation efforts within the UW Center System to the next meeting when more time would be available for the presentation.
Board of Regents meeting 10/8/82

Concluding his report, Regent O'Harrow stated that the System expected to have hold-harmless clauses inserted in UW-Stevens Point and UW-Eau Claire steam-sale agreements in the near future. It did not, however, appear possible to include such a clause in the UW-Superior/Indianhead VTAED District agreement at this time because of unavailability of any alternate source of steam. The district had indicated it would consider additional insurance and possible inclusion of a hold-harmless clause in its next contract.

UNFINISHED AND MISCELLANEOUS BUSINESS

Regent Fox presented his report on a request by Mr. Rudy Collum that the Board review the decision to terminate his employment at UW-Parkside. Indicating that Mr. Collum was a former member of the academic staff at UW-Parkside and that the position he held had been eliminated, Regent Fox noted first that the appeal was before the Board pursuant to UWS 12.05(8), Wisconsin Administrative Code, which states the following with reference to the findings and decisions of the campus hearing body and chancellor in a layoff situation: "This decision shall be deemed final unless the board, upon request of the academic staff member, grants review based on the record." It was his opinion, therefore, that the Board at its discretion could grant such a review but was not required to do so. He then read from his report as follows:

"Mr. Collum's appeals to the Academic Staff Committee and the Board of Regents raise numerous grounds. While all those grounds were considered during this review of the record, I will only address here those having substantial relevance in light of the record or those of such a nature that they should not go unaddressed.

"1. It is suggested that the UW-Parkside administration did not follow System and campus rules in its decision to curtail the athletic program. This reviewer believes the record clearly demonstrates that the administration established its priorities and properly consulted the appropriate faculty committees. While it is possibly beyond the scope of this review, it appears not only that the priorities were properly established but the positions properly identified as well.

"2. Mr. Collum, the only black in the Department of Physical Education and Athletics, alleges that he was discriminated against because of my ethnic background and because of the fact that I am the only black staff member in our department." In reviewing the record, the record shows no evidence to support this allegation.

"3. Somewhat related to the question addressed in number 2 above, is whether the affirmative action policy of the Parkside campus was followed or even whether it is
applicable to a position description in the category occupied by Mr. Collum. The Parkside administration raised this issue at the hearing before the Academic Staff Committee but I was unable to obtain a complete understanding of this issue from the record. The uncertainty of the application of that policy vis-a-vis the Academic Staff Policies and Procedures of UW-Parkside and UWS, Wisconsin Administrative Code, is troubling. Also, the record shows that Mr. Collum wrote asking assistance from the Parkside affirmative action officer on September 23, 1981, less than a month after receiving notification of his layoff, and never received a response. I recommend that the Board of Regents review this issue in this case.

"4. Another question raised by this appeal is whether, given the elimination of his position of assistant basketball coach, Mr. Collum could have performed the duties of academic staff members in his department with less seniority than he. UWPA 9.03, when discussing layoff of academic staff members, says 'layoffs . . . should normally be seniority-based on length of service as academic staff at UW-Parkside. This presumption in favor of seniority may be overcome where program needs dictate other considerations.' The record clearly supports UW-Parkside's position that one staff member less senior than Mr. Collum should be retained because program needs dictate other considerations, that being an instructor in Kinesiology necessary to support its coaching certification program. However, the record does not demonstrate that all academic staff members retained by the department who were less senior than Mr. Collum were kept because program needs so dictated. I suggest that this is a reviewable issue and that the Board of Regents should provide such a review in this case.

"5. Mr. Collum suggests that UW-Parkside did not comply with UWPA 9.08. UWPA 9.08 reads, in full, as follows:

ALTERNATIVE EMPLOYMENT. UW-Parkside shall devote its best efforts to securing alternative appointments within the institution in positions for which staff laid off under this chapter are qualified under existing criteria. UW-Parkside should seek to provide financial assistance for academic staff members who have indefinite appointments and who are to be laid off to re-adapt within the operational area or within another operational area of the institution where such re-adaptation is feasible within one year's time. Further, UW-Parkside shall devote its best efforts to insure that such staff members shall be made aware of openings within the UW System.
Since Mr. Collum's appointment was not an indefinite one, the retraining or readaptation provision of UWPA 9.08 does not apply, Regent Fox noted, adding that there was a question, however, as to whether UW-Parkside devoted its "best efforts" to securing an alternative appointment within its institution and within the UW System. He suggested this was a matter which the Board of Regents should review.

Quoting from the summary paragraph of his report, he stated, "I find the procedures up to and including the notice of elimination of position to be proper and supported by the record. However, and not with a conclusive idea of potential remedies, I do recommend a review by the Board of Regents of those limited areas that I outlined."

At the suggestion of President Beckwith, it was decided that he would solicit comments on the report from the UW-Parkside Chancellor and Mr. Collum or his representative, along with their thoughts as to how the issues identified in the report might most appropriately be reviewed. If, after receiving those comments, he concluded that no hearing should be conducted, the matter would be returned to the Board at the next meeting. If he concluded that a hearing procedure should be undertaken, a hearing officer would be appointed to review the issues as recommended by Regent Fox and to report to the Board. President Beckwith indicated that in these circumstances it might be appropriate to name a hearing officer who is not a member of the Board of Regents and that he would consult with President O'Neil and Executive Vice President Kauffman in that regard.

President Beckwith expressed appreciation to Chancellor Shain and Dean Easterday for providing the regents with an interesting and informative tour of the School of Veterinary Medicine the preceding day.

At 11:05 a.m., the following resolution, moved by Regent Knowles, seconded by Regent Fox, carried on a unanimous roll call vote, with Regents Beckwith, Finlayson, Fish, Fitzgerald, Fox, Heckrodt, Jesinski, Knowles, Lawton, O'Harrow, Podlesny, Veneman and Zirbel voting "Aye" (13) and no regents voting "No."

Resolution 2704: That the Board of Regents convene in closed session to consider personnel matters, as permitted by s. 19.85(1)(c), Wis. Stats.
CLOSED SESSION ACTIONS

The Board arose from closed session at 11:40 a.m., and adoption of the following resolutions was announced:

Resolution 2705: That, upon the recommendation of the President of the University of Wisconsin System, Dr. Kenneth E. Lindner be appointed Distinguished Professor at the University of Wisconsin-La Crosse, effective January 1983.

Resolution 2706: That, upon the recommendation of the President of the University of Wisconsin System, Dr. Leonard Haas be appointed Distinguished Professor at the University of Wisconsin-Eau Claire, effective January 1983.

The meeting was adjourned at 11:40 a.m.

      FOR THE PERIOD 11-15-80 THROUGH 11-14-83
      AT A TOTAL COST OF $322,421.00
      AWARD # NO1 HV 12905, MOD. 3
      MSN HS-MED MEDICAL PHYSICS

   2) SYNAPTIC STRUCTURE AND FUNCTION DURING SENESCENCE
      FOR THE PERIOD 07-01-81 THROUGH 06-30-83
      AT A TOTAL COST OF $23,106.00
      AWARD # 3 RO1 AG01572-03S1
      MSN HS-MED PHYSIOLOGY

   3) HORMONAL REGULATION OF URIDINE UPTAKE IN ANIMAL
      CELLS
      FOR THE PERIOD 07-01-81 THROUGH 11-30-82
      AT A TOTAL COST OF $76,029.00
      AWARD # 5 RO1 AM25861-03S1
      MSN HS-MED ZOOLOGY

   4) POSTDOCTORAL FELLOWSHIP AWARD
      (AWARD REDUCED TO REFLECT EARLY TERMINATION)
      FOR THE PERIOD 09-01-81 THROUGH 04-16-82
      AT A TOTAL COST OF $14,250.00
      AWARD # 5 F32 HLOGO91-02, MOD. 2
      MSN HS-MED ONCOLOGY

   5) ION EFFECTS ON INTERACTIONS OF RNA POLYMERASE AND
      DNA
      FOR THE PERIOD 01-01-82 THROUGH 12-31-82
      AT A TOTAL COST OF $84,045.00
      AWARD # 5 RO1 GM23467-06, MOD. 1
      MSN L&S CHEMISTRY

   6) CANCER CENTER SUPPORT (COMPREHENSIVE)
      FOR THE PERIOD 04-01-82 THROUGH 03-31-83
      AT A TOTAL COST OF $1,602,772.00
      AWARD # 5 P30 CA14520-10, MOD. 1
      MSN HS-MED HUMAN ONCOLOGY

   7) CONTROL OF EMOTIONAL DISTRESS IN CANCER
      CHEMOTHERAPY
      FOR THE PERIOD 05-01-82 THROUGH 04-30-83
      AT A TOTAL COST OF $159,737.00
      AWARD # 5 R18 CA26235-03, MOD. 1
      MSN L&S PSYCHOLOGY

RESEARCH

18) COMPONENTS AND PATHWAYS IN BIOLOGICAL OXIDATIONS
   FOR THE PERIOD 09-01-82 THROUGH 08-31-83
   AWARD # 5 RO1 GM12394-19
   MSN GRAD ENZYME INSTITUTE (144-S491) 151,924.00

19) INHIBITORS OF AMINOPEPTIDASES
   FOR THE PERIOD 09-01-82 THROUGH 08-31-83
   AWARD # 5 RO1 GM29497-02
   MSN HS-PHR PHARMACY (144-S492) 94,208.00

20) RETINOPATHY IN THE PREGNANT DIABETIC PATIENT
    FOR THE PERIOD 08-15-82 THROUGH 07-31-83
    AWARD # 1 RO1 EYO3843-01A1
    MSN HS-MED OPHTHALMOLOGY (144-S493) 37,775.00

21) REGULATION OF MAMMALIAN AMINO ACID METABOLISM
    FOR THE PERIOD 09-01-82 THROUGH 08-31-83
    AWARD # 5 RO1 AM17587-08
    MSN HS-MED PHARMACOLOGY (144-S497) 110,743.00

22) ILLNESS COGNITION AND COPING IN THE ELDERLY
    FOR THE PERIOD 09-01-82 THROUGH 08-31-83
    AWARD # 1 RO1 AGO3501-01
    MSN &S PSYCHOLOGY (144-S499) 145,744.00

23) SEX DIFFERENTIALS IN MOBILITY OF THE AGED
    U.S. PATTERNS
    FOR THE PERIOD 09-01-82 THROUGH 08-31-83
    AWARD # 1 RO1 AGO2913-01A1
    MSN L&S GEOGRAPHY (144-S500) 40,712.00

24) A MICROPROCESSOR-BASED NEONATAL APNEA MONITOR
    FOR THE PERIOD 09-01-82 THROUGH 08-31-83
    AWARD # 5 RO1 HD14103-03
    MSN ENGR ENGR EXPER STA EL&COMP (144-S523) 16,022.00

25) BEHAVIORAL MANAGEMENT OF PARKINSONIAN SYMPTOMS
    FOR THE PERIOD 09-01-82 THROUGH 08-31-83
    AWARD # 5 RO1 NS15796-03
    MSN HS-MED NEUROLOGY (144-S542) 53,642.00

26) RESEARCH CAREER AWARD
    FOR THE PERIOD 09-01-82 THROUGH 08-31-83
    AWARD # 1 KO4 NS00719-01
    MSN AG&LSC GENETICS (144-S543) 39,159.00

27) HEMATOMPHAGOUS CLERADINI: SYSTEMATICS AND
    ZOOGEOGRAPHY
    FOR THE PERIOD 09-01-82 THROUGH 08-31-83
    AWARD # 5 RO1 AI17152-03
    MSN AG&LSC ENTOMOLOGY (144-S549) 10,261.00

28) INDUCTION OF PROTEIN SYNTHESIS IN HUMAN
    ENDOMETRIUM
    FOR THE PERIOD 09-01-82 THROUGH 08-31-83
    AWARD # 5 RO1 HD11726-05
    MSN HS-MED OBSTET & GYNECOL (144-S555) 41,881.00
RESEARCH

29) POSTDOCTORAL FELLOWSHIP AWARD
FOR THE PERIOD 09-12-82 THROUGH 09-11-83
AWARD # 1 F32 HLO6554-01
MSN AG&LSC BIOCHEMISTRY (144-S562) 17,736.00

30) STUDIES OF HYSTERESIS EFFECTS IN ACCOMODATION
FOR THE PERIOD 09-30-82 THROUGH 09-29-83
AWARD # 5 RO1 EYO3421-03
MSN L&S PSYCHOLOGY (144-S564) 43,498.00

31) POSTDOCTORAL FELLOWSHIP AWARD
FOR THE PERIOD 09-01-82 THROUGH 08-31-83
AWARD # 1 F32 HLO6652-01
MSN HS-MED MEDICINE HEMATOLOGY (144-S565) 17,040.00

32) POSTDOCTORAL FELLOWSHIP AWARD
FOR THE PERIOD 10-05-82 THROUGH 10-04-83
AWARD # 5 F32 GM08568-02
MSN AG&LSC BIOCHEMISTRY (144-S571) 17,040.00

27. FRONTIER SCIENCE AND TECHNOLOGY RESEARCH
FOUNDATION, INC.
AMHERST, NY
PRIME CONTRACTOR WITH DHHS PHS NIH
ECOG CANCER CONTROL PROGRAM
FOR THE PERIOD 10-26-77 THROUGH 11-30-82
AT A TOTAL COST OF $219,253.00
AWARD # NO1-CN-75348-WISC, MOD. 10
MSN HS-MED HUMAN ONCOLOGY CLIN ONCOL (144-L649) 31,139.00

28. UNIVERSITY OF SOUTHERN CALIFORNIA
LOS ANGELES, CA
PRIME CONTRACTOR WITH DHHS PHS NIH
"CHILDREN'S CANCER STUDY GROUP" CANCER CONTROL
PROGRAM
FOR THE PERIOD 03-28-80 THROUGH 11-30-82
AT A TOTAL COST OF $78,214.00
AWARD # MB98412, MOD. 6
MSN HS-MED PEDIATRICS (144-P580) 15,004.00

29. THE BROOKINGS INSTITUTION
WASHINGTON, DC
PRIME CONTRACTOR WITH DHHS PHS NIH
AN ECONOMIC MODEL OF THE CHOICE AMONG LIVING
ARRANGEMENTS OF THE ELDERLY
FOR THE PERIOD 07-06-81 THROUGH 08-31-82
AT A TOTAL COST OF $12,204.00
AWARD # AGR DTD 08-26-82, MOD. 1
MSN L&S INST-RES ON PDV (144-R337) 2,000.00

30. MARSHFIELD MEDICAL FOUNDATION, INC.
MARSHFIELD, WI
SUBCONTRACTOR WITH THE BOARD OF REGENTS OF THE
UW SYSTEM UNDER AGREEMENT FROM DHHS PHS NIH
EASTERN COOPERATIVE ONCOLOGY GROUP - WISCONSIN
STUDIES
FOR THE PERIOD 06-01-82 THROUGH 05-31-83
AT A TOTAL COST OF $18,836.00
AWARD # 874W031
MSN HS-MED HUMAN ONCOLOGY CLIN ONCOL (144-S028)
RESEARCH

31. NEW YORK UNIVERSITY MEDICAL CENTER
NEW YORK, NY
SUBCONTRACTOR WITH THE BOARD OF REGENTS OF THE
UW SYSTEM UNDER AGREEMENT FROM DHHS PHS NIH
EASTERN COOPERATIVE ONCOLOGY GROUP OPERATIONS
OFFICE
FOR THE PERIOD 06-01-82 THROUGH 05-31-83
AT A TOTAL COST OF $4,253.00
AWARD # 983W393
MSN HS-MED HUMAN ONCOLOGY EAST COOP (144-S027)

32. SOUTHWEST FOUNDATION FOR RESEARCH AND
EDUCATION
SAN ANTONIO, TX
SUBCONTRACTOR WITH THE BOARD OF REGENTS OF THE
UW SYSTEM UNDER AGREEMENT FROM DHHS PHS NIH
GENETICS AND INBREEDING IN NON-HUMAN PRIMATES
FOR THE PERIOD 08-15-82 THROUGH 08-14-83
AT A TOTAL COST OF $68,675.00
AWARD # 387P240
MSN L&S PRIMATE RES CTR (144-S415)

33. SONICRAFT, INC
CHICAGO, IL
PRIME CONTRACTOR WITH DOD AF
A STUDY OF RADIATIVE BALANCE OVER THE CENTRAL
PACIFIC
FOR THE PERIOD 06-03-82 THROUGH 06-07-82
AWARD # P.O. 12683
MSN GRAD SPACE SCI&ENG CT (144-S534) 4,500.00

34. DOD, ARMY
FREDERICK, MD
PULMONARY ADAPTATION TO HIGH ALTITUDE
FOR THE PERIOD 09-01-82 THROUGH 09-30-83
AWARD # DAMD-17-82-C02259
MSN HS-MED PREVENTIVE MED (144-S536) 6,843.00

35. DOD, NAVY
ARLINGTON, VA
RELIABILITY THEORY
FOR THE PERIOD 05-01-79 THROUGH 04-30-83
AT A TOTAL COST OF $90,000.00
AWARD # NOOO14-79-C-0321, MOD. 3
MSN L&S STATISTICS (144-M914) 15,822.88

36. DOD, NAVY
MONTEREY, CA
ACCESSING AUGUST L979 SATELLITE AND CONVENTIONAL
METEOROLOGICAL DATA FOR THE U S EAST COAST
FOR THE PERIOD 08-01-82 THROUGH 12-31-82
AWARD # N62271-82-M-2005
MSN ENV ST CTR FOR CLIM RES (144-S522) 5,980.00

37. ENERGY, DEPT OF
ARGONNE, IL
IN SUPPORT OF THE FOLLOWING:
RESEARCH

1) EXPERIMENTAL AND THEORETICAL HIGH ENERGY PHYSICS
   FOR THE PERIOD 04-01-60 THROUGH 12-31-82
   AT A TOTAL COST OF $34,115,876.00
   AWARD # DE-AC02-76ER00081, MOD. 15
   MSN L&S PHYSICS (144-E164) 225,000.00

2) EQUIPMENT SUBACCOUNT
   FOR THE PERIOD 02-01-79 THROUGH 12-31-83
   AT A TOTAL COST OF $370,500.00
   AWARD # DE-AC02-76ET53051, MOD. 12
   MSN L&S PHYSICS (144-N829) 10,000.00

3) PLASMA RESEARCH (EXPERIMENTAL-OCTUPOLE & TOKAPOLE: THEORETICAL)
   FOR THE PERIOD 10-01-80 THROUGH 12-31-83
   AT A TOTAL COST OF $1,610,000.00
   AWARD # DE-AC02-76ET53051, MOD. 12
   MSN L&S PHYSICS (144-Q275) 30,000.00

4) ENERGY GENERATION AND THE SULFUR-CARBON CYCLE
   FOR THE PERIOD 03-01-81 THROUGH 02-29-84
   AWARD # DE-AC02-76EV02161, MOD. 7
   MSN AG&LSC BACTERIOLOGY (144-Q762) 59,000.00

5) ENERGY BUDGETS OF ANIMALS: BEHAVIORAL AND ECOLOGICAL IMPLICATIONS
   FOR THE PERIOD 12-01-81 THROUGH 11-30-84
   AT A TOTAL COST OF $108,223.00
   AWARD # DE-AC02-76EV02270.A007, MOD. 9
   MSN L&S ZOOLOGY (144-R644) 22,502.00

6) DEVELOPMENT OF NITROGEN-FIXING MONOCOT-BACTERIA ASSOCIATIONS
   FOR THE PERIOD 08-01-82 THROUGH 08-31-83
   AWARD # DE-AC02-80ER10717, MOD. 2
   MSN AG&LSC BACTERIOLOGY (144-S531) 68,000.00

7) THE CRITICAL CURRENT DENSITY, THE FABRICATION PROCESS AND THE MICROSTRUCTURE IN SUPERCONDUCTING
   COMPOSITES OF Nb-II FOR HIGH ENERGY PHYSICS
   FOR THE PERIOD 09-01-82 THROUGH 05-31-85
   AWARD # DE-AC02-82ER40077
   MSN ENGR ENGR EXPER STA MET & MIN (144-S532) 124,964.00

8) SYMPOSIUM ON WAVES OF FLUID MECHANICS TO BE HELD ON OCTOBER 18-20, 1982
   FOR THE PERIOD 08-01-82 THROUGH 07-31-83
   AWARD # DE-FG02-82ER13020
   MSN L&S MATH RES CTR (144-S574) 5,362.00

38. ENERGY, DEPT OF LAS VEGAS, NV
   THERMAL BEHAVIOR OF LIQUID METAL FILMS EXPOSED TO ICF PELLET SPECTRA
   FOR THE PERIOD 08-10-81 THROUGH 02-09-83
   AT A TOTAL COST OF $80,430.00
   AWARD # DE-AS08-81DP40160, MOD. 4
   MSN ENGR ENGR EXPER STA NUCL ENGR (144-R308) 50,000.00
RESEARCH

39. ENERGY, DEPT OF
OAKLAND, CA
PREPARATION OF FINAL VERSION OF TRNSYS AND ITS
DOCUMENTATION
FOR THE PERIOD 08-02-82 THROUGH 04-01-83
AWARD # DE-AC03-82SF11656
MSN ENGR ENGR EXPER STA SOLAR ENRG (144-S439) 57,665.00

40. ENERGY, DEPT OF
WASHINGTON, DC
INVESTIGATION OF THE EXHAUST EMISSION
CHARACTERISTICS AND DEPOSIT FORMING TENDENCIES
OF LOW HYDROGEN/CARBON RATIO FUELS IN A SPARK
IGNITION ENGINE
FOR THE PERIOD 02-15-79 THROUGH 02-14-82
AT A TOTAL COST OF $81,000.00
AWARD # DE-FG01-79CS50020, MOD. 4
MSN ENGR ENGR EXPER STA MECH ENGR (144-M711) 4,050.00

41. UNIVERSITY OF CALIFORNIA
LOS ANGELES, CA
PRIME CONTRACTOR WITH DOE
TARGET DEVELOPMENT FOR AN EIGHT MEV CYCLOTRON
FOR THE PERIOD 08-01-82 THROUGH 09-30-82
AWARD # 400011-0
MSN HS-MED MEDICAL PHYSICS (144-S427) 2,265.66

42. UNION CARBIDE CORPORATION
OAK RIDGE, TN
PRIME CONTRACTOR WITH DOE
SYSTEM STUDIES FOR HIGH VOLTAGE DIRECT CURRENT
POWER TRANSMISSION
FOR THE PERIOD 06-15-81 THROUGH 09-30-82
AT A TOTAL COST OF $191,000.00
AWARD # 9065, MOD. 3
MSN ENGR ENGR EXPER STA EL&COMPUT (144-R094) 91,000.00

43. ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, DC
EFFECTS OF LOW LEVEL PB EXPOSURE ON BEHAVIOR OF
ADULT FEMALE MONKEYS AND OFFSPRING
FOR THE PERIOD 09-01-82 THROUGH 08-31-84
AWARD # R-810129-01-0
MSN L&S PSYCHOLOGY PRIMATE LB (144-S538) 220,442.00

44. INTER, FISH AND WILDLIFE SERVICE
WASHINGTON, DC
IN SUPPORT OF THE FOLLOWING:

1) ECOLOGY OF COYOTES ON THE PINON CANYON ARMY
TRAINING AREA
FOR THE PERIOD 09-01-82 THROUGH 09-30-83
AWARD # 14-16-0009-1511-2
MSN AG&LSC NAT RESOURCES WLIFE ECOL (144-S572) 3,800.00
2) THE BIRDS OF PREY ON THE PINON ARMY TRAINING AREA
FOR THE PERIOD 09-01-82 THROUGH 09-30-83
AWARD # 14-16-0009-1511-3
MSN AG&LSC NAT RESOURCES WILFE ECOL (144-S573) 3,200.00

45. SOCIAL SCIENCE RESEARCH COUNCIL
NEW YORK, NY
PRIME CONTRACTOR WITH LABOR
DOCTORAL DISSERTATION
FOR THE PERIOD 09-01-82 THROUGH 08-31-83
AWARD # SS-55-82-15
MSN L&S ECONOMICS (144-S533) 13,435.00

46. SOCIAL SCIENCE RESEARCH COUNCIL
WASHINGTON, DC
PRIME CONTRACTOR WITH LABOR
A MICROECONOMIC ANALYSIS OF WAGE INDEXED CONTRACTS
FOR THE PERIOD 11-15-81 THROUGH 11-14-82
AT A TOTAL COST OF $13,843.00
AWARD # SS-55-82-01, MOD. 1
MSN L&S ECONOMICS (144-R624) 850.00

47. NASA, GODDARD SPACE FLIGHT CENTER
GREENBELT, MD
IN SUPPORT OF THE FOLLOWING:

1) PARTICIPATION IN DEVELOPMENT OF AN IR TEMPERATURE
SOUNDER FOR A SYNCHRONOUS METEOROLOGICAL SATELLITE
FOR THE PERIOD 09-01-82 THROUGH 09-30-82
AT A TOTAL COST OF $3,623,325.00
AWARD # NAS5-21965, MOD. 25
MSN GRAD SPACE SCI&ENG CT (144-E685) 153,463.00

2) ANALYSIS OF THREE-DIMENSIONAL THUNDERSTORM MODEL
OUTPUT IN TERMS OF GEOSYNCHRONOUS SATELLITE
OBSERVATIONS
FOR THE PERIOD 03-01-80 THROUGH 03-31-83
AT A TOTAL COST OF $73,892.00
AWARD # NAG 5-23, MOD. 3
MSN L&S METEOROLOGY (144-P244) 6,724.00

3) TECHNIQUE DEVELOPMENT TO IMPROVE SATELLITE
SOUNDINGS OVER RADIATIVELY COMPLEX TERRAIN
CONDITIONS
FOR THE PERIOD 09-01-82 THROUGH 08-31-83
AWARD # NAG 5-274
MSN GRAD SPACE SCI&ENG CT (144-S525) 37,488.00

48. NASA, MARSHALL SPACE FLIGHT CENTER
HUNTSVILLE, AL
APPLICATIONS OF THE AVE-SESAME DATA SETS TO
MESOSCALE STUDIES
FOR THE PERIOD 05-13-80 THROUGH 08-30-83
AT A TOTAL COST OF $229,604.00
AWARD # NAS8-33799, MOD. 5
MSN GRAD SPACE SCI&ENG CT (144-P477) 42,992.00
GIFTS, GRANTS AND CONTRACTS
OCTOBER 08, 1982

UNIVERSITY OF WISCONSIN - MADISON

RESEARCH

49. NATIONAL ENDOWMENT FOR THE HUMANITIES
WASHINGTON, DC
THE DOCUMENTARY HISTORY OF THE RATIFICATION OF
THE CONSTITUTION AND THE BILL OF RIGHTS
FOR THE PERIOD 07-01-82 THROUGH 06-30-84
AWARD # RE-20196-82
MSN L&S HISTORY
(144-S501) 96,984.00

50. NATIONAL SCIENCE FOUNDATION
WASHINGTON, DC
IN SUPPORT OF THE FOLLOWING:
1) DIAGNOSTICS OF OBSERVED AND NUMERICALLY SIMULATED
EXTRATROPICAL CYCLONES (II)
FOR THE PERIOD 06-15-81 THROUGH 11-30-83
AT A TOTAL COST OF $248,296.00
AWARD # ATM-8110678, MOD. 2
MSN GRAD SPACE SCI&ENG CT
(144-R041) 92,350.00

2) METEOROLOGY SUBACCOUNT
FOR THE PERIOD 06-15-81 THROUGH 11-30-83
AT A TOTAL COST OF $77,354.00
AWARD # ATM-8110678, MOD. 2
MSN L&S METEOROLOGY
(144-R042) 15,700.00

3) MICROWAVE SPECTROSCOPY OF IONS AND OTHER TRANSIENT
SPECIES
FOR THE PERIOD 08-01-82 THROUGH 03-31-84
AWARD # CHE-8206194
MSN L&S CHEMISTRY
(144-S199) 207,000.00

4) RESEARCH IN NUCLEAR REACTION THEORY
FOR THE PERIOD 09-01-82 THROUGH 02-28-85
AWARD # PHY-8204302
MSN L&S PHYSICS
(144-S453) 205,000.00

5) PEPTIDE HORMONE REGULATION OF PROTEIN
PHOSPHORYLATION
FOR THE PERIOD 09-01-82 THROUGH 02-29-84
AWARD # PCM-8208920
MSN L&S ZOOLOGY
(144-S524) 68,000.00

51. NATIONAL BUREAU OF ECONOMIC RESEARCH, INC
CAMBRIDGE, MA
PRIME CONTRACTOR WITH NSF
U.S. TRADE POLICY, COMPETITIVENESS, AND CAPITAL
MOBILITY IN THE WORLD MARKET
FOR THE PERIOD 08-25-82 THROUGH 07-31-83
AWARD # 2534
MSN L&S ECONOMICS
(144-S577) 16,359.00

52. UNIVERSITY OF MAINE
ORDO, ME
PRIME CONTRACTOR WITH NSF
RELATIVE CHRONOLOGY OF ANTARCTIC SOILS AND
RELATED PEDOLOGICAL STUDIES
FOR THE PERIOD 08-15-81 THROUGH 08-14-83
AT A TOTAL COST OF $42,837.00
AWARD # AGR DTD 08-25-82, MOD. 1
MSN AG&LSC SOILS
(144-R510) 22,914.00

B. The lease of space at 905 University Avenue, occupied by UW System Administration Budget Preparation and Analysis staff, has been renewed for the period December 1, 1982 to November 30, 1983, at the annual rental rate of $9,234.50. There are no additional renewal options with this lease.

C. The special group health contract for employees not qualified for other state group plans has again been renewed with Blue Cross Blue Shield United for the period beginning October 1, 1982. The monthly premium of $39 is an increase of 26% for single coverage with coverage for a family increasing by 22% to $121. Premiums effective October 1, 1981, increased 41% and 43.5%, respectively.

D. The agreement between the City of La Crosse and UW-La Crosse for continuing the lease of property adjacent to the stadium for use for parking has been signed by the Vice President for General Services. The agreement covers the period October 15, 1982 through October 14, 1983, at the annual cost of $150.

E. An agreement between the American National Red Cross and the University of Wisconsin - Madison to establish guidelines under which university facilities may be used in a time of disaster in the community has been signed by the Vice Chancellor for Administration.

F. The agreement reported to the Board in June 1982 involving lease of commercial space in Randall Towers for a grocery store by Ronald D. Westphal has been reissued in the name of Harold E. Westphal due to the death of Ronald D. Westphal (father). All other terms and conditions are unchanged.

G. In April 1982, an agreement between UW-Madison and Options in Community Living was reported to the Board. Since that time, agreement has been reached between University Hospital and Clinics and Options in Community Living, Inc., to lease three additional rooms (356 NSF) for a total of 785 NSF, at the same rate of $6.93 per square foot.
SUMMARY MINUTES OF THE REGULAR MEETING
of the
BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN SYSTEM
Madison, Wisconsin
October 8, 1982

This is a summary of major actions taken by the Board of Regents on the above date. Full minutes of the meeting will be available within one month at the main library or archives on each campus of the University of Wisconsin System and the Legislative Reference Bureau of the State Capitol.

Subject Index

Approval of September 10, 1982 regular meeting minutes 1

A. REPORT OF THE PRESIDENT OF THE BOARD

1. Reappointment of Regent Lawton to the Council of Trustees of the UW Hospital and Clinics 1

2. Distinguished professorship, Dr. Leonard Haas, UW-Eau Claire 10
SUMMARY MINUTES OF THE REGULAR MEETING

of the

BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN SYSTEM

Madison, Wisconsin

Held in the Clarke Smith Room, 1820 Van Hise Hall
Friday, October 8, 1982
9:10 a.m.

- President Beckwith presiding -

PRESENT: Regents Beckwith, Finlayson, Fish, Fitzgerald, Fox, Heckrodt, Jesinski, Knowles, Lawton, O'Harrow, Podlesny, Veneman and Zirbel

ABSENT: Regents Gerrard, Grover and Schilling

Upon motion by Regent Fish, seconded by Regent Finlayson, it was voted that the minutes of the regular meeting of the Board of Regents of the University of Wisconsin System, held on September 10, 1982, be approved as mailed to the members of the Board.

---

A. REPORT OF THE PRESIDENT OF THE BOARD

1. President Beckwith announced the reappointment of Regent Lawton to a new term on the Council of Trustees of the UW Hospital and Clinics.

2. With regard to the Council of Trustees' meeting the preceding day, Regent Lawton, Chairman of the Council, reported on a resolution adopted in response to a request by the Department of Defense that the hospital allocate a given number of beds for treatment of casualties in case of war. (Details will be provided in the full minutes of this meeting.)

3. Regent Beckwith called attention to the written report of the September 24, 1982, meetings of the Higher Educational Aids Board and the Wisconsin Higher Education Corporation (copy on file with the papers of this meeting).

4. A report regarding the State Vocational, Technical and Adult Education Board's biennial budget request was given by Regent Zirbel, President of the VTAE Board.
5. Regent Fitzgerald presented the following resolution and moved its adoption. The motion, seconded by Regents Fox and O'Harrow, carried unanimously.

Resolution 2689: Whereas, Warren Carrier served seven years as Chancellor of the University of Wisconsin-Platteville; and

Whereas, his innovative reorganization and development of career-oriented programs led UW-Platteville to the largest enrollment in its history; and

Whereas, he turned his administrative skills to the benefit of the entire UW System in an assignment as acting senior vice president; and

Whereas, he brought to all of his university activities a blend of artistic creativity and extraordinary sensitivity to intellectual matters and academic challenges; and

Whereas, his quiet dignity and wise counsel will be long remembered by his administrative colleagues, faculty and members of this Board;

Now therefore, be it resolved that the Regents of the University of Wisconsin System commend Dr. Warren Carrier for his service to public higher education in Wisconsin and confer upon him the status of Chancellor Emeritus.

6. It was decided that the location of the April 1983 Regent meetings would be changed from Platteville to Madison.

An invitation by Chancellor Horton to hold the May 1983 meetings at UW-Milwaukee was accepted.

---

B. REPORT OF THE PRESIDENT OF THE SYSTEM

1. It was moved by Regent Knowles, seconded by Regent Jesinski and unanimously voted, that Resolution 2690 be adopted.

Resolution 2690: That the report of non-personnel actions by administrative officers to the Board of Regents and informational items reported for the record (copy on file with the papers of this meeting) be received for the record; and that actions included in the report be approved, ratified and confirmed.
2. President O'Neil welcomed Dr. Ralph Curtis, who had been named Acting Chancellor of UW-Platteville.

Dr. Robert Garwell, newly appointed Dean of the College of the Arts at UW-Whitewater, was introduced by Chancellor Connor.

3. The President summarized results of a study by the Committee on Assessment of Quality-Related Characteristics of Research and Doctorate Programs, which give high rankings to UW-Madison in the fields of mathematics, statistics, chemistry, computer science, physics and geosciences, and to UW-Milwaukee in the fields of chemistry, mathematics and physics.

4. Reporting for the United Council of UW Student Governments, Council President Scott Bentley commented on the 1983-85 biennial budget proposal. (Discussion about this matter will be related in the full minutes of this meeting.)

-----

C. REPORT OF THE EDUCATION COMMITTEE

Vice Chairman Finlayson presented the Committee's report.

1. Vice President Lyall announced to the Committee that a Joint Council on College Preparation had been appointed by President O'Neil and Regent Grover, State Superintendent of Public Instruction, pursuant to Resolution 2674, adopted by the Board at its September 1982 meeting. The Council was charged with developing a statement on preparation for college. (A list of Council members is on file with the papers of this meeting.)

2. Adoption of the following resolution was moved by Regent Finlayson, seconded by Regent Fitzgerald, and carried unanimously:

Resolution 2691: That, upon recommendation of the President of the University of Wisconsin System and the University of Wisconsin-Milwaukee Chancellor and Faculty Senate, the following amendment to Chapter 3.18 of the UW-Milwaukee faculty personnel policies and procedures as required under UWS 2.02 be approved:

Chapter 3.18 Criteria Advice

(1) Teaching, research and service are all to be considered in any judgment concerning promotion or appointment with tenure, specifically as measured by demonstrated teaching ability,
professional competence, past and anticipated creative accomplishments, and contributions and service to the public, the University, and to the faculty member's profession. Annually each Divisional Executive Committee shall distribute to every member of the Division a written statement of the standards and guidelines governing its deliberations in cases concerning promotion or appointment to tenure or within tenure rank.

(2) With respect to the granting of tenure, all probationary faculty shall be evaluated by departmental and divisional executive committees in accordance with the most current written standards and guidelines in existence, or, at the candidate's written request, those written standards and guidelines in existence at the time of initial employment. A faculty member may exercise this option only once and prior to any tenure evaluation of the candidate by the department.

(3) All tenured associate professors being considered for promotion to the rank of professor shall be evaluated in conformity with current written standards and guidelines or, at the candidate's option, those in effect during the year immediately preceding the year of consideration for promotion.

3. Resolution 2692 was unanimously adopted, upon motion by Regent Finlayson, seconded by Regent Fitzgerald.

Resolution 2692: That, upon recommendation of the President of the University of Wisconsin System and the University of Wisconsin-Platteville Chancellor and the Faculty Senate, the following amendment to UW-Platteville faculty personnel policies and procedures, as required under UWS 2.02, be approved:

UW-P 3.04 Probationary Appointments

Strike the sentence "The minimum probationary period for faculty shall be four years." from the first paragraph of this section.

4. The Committee reviewed materials on university admission standards which had been compiled in response to a series of questions contained in a letter of August 27, 1982, from Regent Schilling.
D. REPORT OF THE BUSINESS AND FINANCE COMMITTEE

Chairman Veneman reported for the Committee.

All regents were invited to the portion of the Committee meeting at which the first two items were considered.

1. The report entitled A Profile of University Service to Business and Industry, 1980-1982 was presented to the Committee by President O'Neil and Chancellor Swanson, Chairman of the Committee on University/Business Relations. A broad range of cooperative links between institutions of the UW System and the private sector was identified in the report which also provided a directory of resources that could be used by businesses and industries interested in learning of relevant University services. (The report is on file with the papers of this meeting.)

2. Regent Veneman moved adoption of the following resolution, and the motion was seconded by Regent Knowles:

Resolution 2693: That, upon recommendation of the President of the University of Wisconsin System, the biennial budget priorities and cost projections for State GPR and Academic Fee Funds, as described in Biennial Budget Policy Paper #1, be submitted to the Department of Administration for its report to the Governor-elect on state agency requests, and that final approval await further consideration at the next meeting of the Board.

After discussion, which will be detailed in the full minutes of this meeting, Resolution 2693 was adopted unanimously.

(Biennial Budget Policy Paper #1 is on file with the papers of this meeting.)

3. Upon motion by Regent Veneman, seconded by Regent Finlayson, the following resolution was unanimously adopted:

Resolution 2694: That the bequest of the late Robert B. Doremus, Madison, Wisconsin, be accepted by the Board of Regents of the University of Wisconsin System in accordance with the terms and conditions of the will; and that the Trust Officer or Assistant Trust Officer be authorized to sign receipts and do all things necessary to effect the transfer for the benefit of the University of Wisconsin-Madison.

4. It was moved by Regent Veneman, seconded by Regent Fish and carried unanimously that Resolution 2695 be adopted.
Regular Board 10/8/82
Summary

Resolution 2695: That the bequest of the late Reinhold O. Ebert, Menasha, Wisconsin, be accepted by the Board of Regents of the University of Wisconsin System in accordance with the terms and conditions of the will; and that the Trust Officer or Assistant Trust Officer be authorized to sign receipts and do all things necessary to effect the transfer for the benefit of the University of Wisconsin-Madison.

5. Adoption of the following resolution was moved by Regent Veneman, seconded by Regent Podlesny and unanimously voted:

Resolution 2696: That the bequest of the late Ramona Messerschmidt, Pima County, Arizona be accepted by the Board of Regents of the University of Wisconsin System in accordance with the terms and conditions of the will; and that the Trust officer or Assistant Trust Officer be authorized to sign receipts and do all things necessary to effect the transfer for the benefit of the University of Wisconsin-Madison.

6. Regent Veneman moved adoption of Resolution 2697. The motion was seconded by Regent Fitzgerald and carried unanimously.

Resolution 2697: That, upon recommendation of the President of the University of Wisconsin System, the gifts, grants and contracts presented at this meeting (copy on file with the papers of this meeting) be accepted, approved, ratified and confirmed; and that, where signature authority has not been previously delegated, appropriate officers be authorized to sign agreements.

7. It was reported to the Committee by Vice President Lorenz that fees and tuition for the summer session were $300,000 less than the amount budgeted and that the System received $1,829,000 for instruction-related laboratory equipment and $305,000 for the School of Veterinary Medicine from the allocation of escrowed funds for the acquisition of permanent property.

---

E. REPORT OF THE PHYSICAL PLANNING AND DEVELOPMENT COMMITTEE

The Committee's report was presented by Chairman O'Harrow.

1. Upon motion by Regent O'Harrow, seconded by Regent Fitzgerald, the following resolution was unanimously adopted:
Resolution 2698: That, upon the recommendation of the President of the University of Wisconsin System, the following capital budget planning papers be approved:

L.R. 3.5: Capital Budget Planning Principles, 1983-89

L.R. 3.5.1: Capital Budget Planning Guidelines, 1983-89

(Copies of L.R. 3.5 and L.R. 3.5.1 are on file with the papers of this meeting.)

2. It was moved by Regent O'Harrow, seconded by Regent Jesinski and unanimously carried that Resolution 2699 be adopted.

Resolution 2699: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, the concept and budget reports and the requested budget increases be approved, and authority be granted to plan, bid and construct the following two projects, at the revised project costs and from the funding sources indicated:

Biochemistry Building Addition Project, budget increase of $474,600 for a revised project cost of $7,724,600 [$7,250,000 - GPR-General Obligation Bonding as enumerated; $174,600 - GPR- General Obligation Bonding (Energy Allocation); and $300,000 - Non-GPR Gift and Grant Funds]

1410 Johnson Drive Remodeling/Engineering Building Addition Project, budget increase of $212,000 for a revised total project cost of $2,312,000 from GPR-General Obligation Bonding.

3. Adoption of the following resolution was moved by Regent O'Harrow and seconded by Regent Heckrodt:

Resolution 2700: That, upon the recommendation of the UW-Stout Chancellor and the President of the University of Wisconsin System, authority be granted to purchase a 0.11 acre parcel of improved land, located at 819 South Broadway in the City of Menomonie, at an estimated total acquisition cost of $26,000, including relocation and related costs.

After discussion, which will be related in the full minutes of this meeting, Resolution 2700 was adopted unanimously.
4. Chancellor Hannah made a presentation to the Board regarding the project to which Resolution 2701 refers. The resolution then was unanimously adopted, upon motion by Regent O'Harrow, seconded by Regent Fish.

Resolution 2701: That, upon the recommendation of the UW-Eau Claire Chancellor and the President of the University of Wisconsin System, authority be granted for the City of Eau Claire to bid and construct the Garfield Avenue Improvements project at UW-Eau Claire, for an estimated total project cost of $110,000 from the GPR appropriation for assessments, per s. 20.865 (3)(b), Wis. Stats.

5. Due to time constraints, the Committee deferred consideration of the UW-Eau Claire and UW-Superior 1982 campus transportation plans.

6. Regent O'Harrow moved adoption of the following resolution. The motion was seconded by Regent Finlayson and voted unanimously.

Resolution 2702: That, upon the recommendation of the UW-Milwaukee Chancellor and the President of the University of Wisconsin System, approval be granted to change the scope of the Enderis Hall Remodeling project from a project to remodel 65,000 GSF (38,000 ASF) of space to a project to provide for construction of a 17,380 GSF (12,028 ASF) addition and for a substantially reduced scope of remodeling, within the currently authorized funding level of $2,740,000, from GPR-supported General Obligation Bonding.

7. It was moved by Regent O'Harrow and seconded by Regent Jesinski that Resolution 2703 be adopted.

Resolution 2703: That, upon the recommendation of the UW-Eau Claire, Green Bay, LaCrosse, Madison, Oshkosh, Platteville, River Falls, Stevens Point, Stout, Superior and Whitewater Chancellors and the President of the University of Wisconsin System, authority be granted to request the allotment of $213,200 of Capital Improvement Fund Earnings, to use $2,104,500 of General Fund Supported Borrowing, and to use $818,600 of Program Revenues, for a total of $3,136,300, to plan, bid and construct forty-three roof repair/replacement projects as described in papers of this meeting on file in the office of the Secretary.

After discussion, which will be detailed in the full minutes of the meeting, the resolution was unanimously adopted.

8. Consideration of UW System policy on acquisition of telecommunications systems was deferred, pending receipt of a Department of Administration report on procedures/policies for acquisition of telecommunications systems and reaction to that report by the State Building Commission.
9. The Committee was advised that the System expected to have hold-harmless clauses inserted in UW-Stevens Point and UW-Eau Claire steam-sale agreements in the near future but that it did not appear possible to include such a clause in the UW-Superior/Indianhead VTAE District agreement at this time.

---

F. UNFINISHED AND MISCELLANEOUS BUSINESS

1. Regent Fox presented his report on a request by Mr. Rudy Collum that the Board review an employment decision made by UW-Parkside. (The report is on file with the papers of this meeting and its recommendations will be detailed in the full minutes.)

At the suggestion of President Beckwith, it was decided that he would solicit comments on the report from the UW-Parkside Chancellor and Mr. Collum or his representative, along with their thoughts as to how the issues identified in the report might most appropriately be reviewed. If, after receiving those comments, he concluded that no hearing should be conducted, the matter would be returned to the Board at the next meeting. If he concluded that a hearing procedure should be undertaken, a hearing officer would be appointed to review the issues as recommended by Regent Fox and to report to the Board. President Beckwith indicated that in these circumstances it might be appropriate to name a hearing officer who is not a member of the Board of Regents and that he would consult with President O'Neil and Executive Vice President Kauffman in that regard.

2. President Beckwith expressed appreciation to Chancellor Shain and Dean Basterday for providing the regents with an interesting and informative tour of the School of Veterinary Medicine the preceding day.

---

At 11:05 a.m., the following resolution, moved by Regent Knowles, seconded by Regent Fox, carried on a unanimous roll call vote, with Regents Beckwith, Pinlayson, Fish, Fitzgerald, Fox, Heckrodt, Jesinski, Knowles, Lawton, O'Harrow, Podlesny, Veneman and Zirbel voting "Aye" (13) and no regents voting "No."

Resolution 2704: That the Board of Regents convene in closed session to consider personnel matters, as permitted by s. 19.85(1)(c), Wis. Stats.
CLOSED SESSION ACTIONS

The Board arose from closed session at 11:40 a.m., and adoption of the following resolutions was announced:

Resolution 2705: That, upon the recommendation of the President of the University of Wisconsin System, Dr. Kenneth E. Lindner be appointed Distinguished Professor at the University of Wisconsin-La Crosse, effective January 1983.

Resolution 2706: That, upon the recommendation of the President of the University of Wisconsin System, Dr. Leonard Haas be appointed Distinguished Professor at the University of Wisconsin-Eau Claire, effective January 1983.

The meeting was adjourned at 11:40 a.m.

Judith A. Temby
Secretary

October 13, 1982
