No. 11.

Spring will be here March 20th at 7.45 P.M.

SPRING, GENTLE SPRING

SPRING ! SPRING ! GENTLE SPRING !
Youngest season of the year,
Hither haste, and with thee bring April
with her smile and tear;
Hand in hand with jocund May,
Bent on keeping holiday.
With thy daisy diadem,
And thy robe of brightest green -
We will welcome thee and them,
As ye've ever welcome been.

SPRING ! Spring! gentle Spring !
Youngest season of the year,
Life and joy to nature bring:
Nature's darling, haste thee here.

Spring ! Spring ! gentle Spring!
Gusty March before thee flies,
Gloomy Winter vanishing;
Clearing for thy path the skies,
Flocks and herds, and meads and bow'rs,
For thy gracious presence long !
Come and fill the fields with flowers,
Come and fill the woods with song, -
We will welcome thee and them,
As ye've ever welcomed been.

Spring ! Spring ! gentle Spring !
Youngest season of the year.
Life and joy to nature bring:
Nature's darling, haste thee here.

J.R. Flanche.

WORKING TO A PLAN.

On July 31, 1922 a booklet was published by the Village Board entitled " A Development Plan for Williams Bay ". The book was prepared by Jacob L. Crane, Jr., who had been invited by the Board to make a preliminary survey. Mr. Crane has since become a recognized authority on City Planning.

In it you will find very interesting information regarding our village. The Village Clerk has a few copies which can be loaned to those interested in studying it.

In the suggested development program he divides the projects under three heads.

I. Projects For The Next Ten Years.

(a). Immediate Projects.

1. A Topographical Survey and Plan of the Secondary Streets.
2. Detail Plans for the Bay Front Development and Business Center.
3. Acquisition or option of the West Bay Front Park Land.
4. Acquisition of the " Town Square " property and use of the Building for a Comfort Station and Tea House.
5. Traffic Regulation Ordinances.
6. Building Code.
7. Public Health protection program.
8. Tourist Camp.

(b) Projects to Follow, within the First Ten Years.

1. Mark Paths and place Stiles for them.
2. Plant Memorial Elms along Elkhorn Road.
3. Extend School District.
4. Establish unofficial control of Private Building.
5. Start Arts and Crafts Center.
6. Acquire Option on all Park Land.
7. Construct Waterworks.
8. Extend Cherry Street through to Elkhorn Road.
9. Put in Winter Sports Equipment and institute a campaign to bring winter visitors.
10. Construct a Community Building, combining Comfort Station, Town Hall, Arts and Crafts Headquarters, Auditorium and other facilities.

II. Additional Projects within the First Twenty Years.

1. Complete the Major Streets, the extension of Cherry Street, the new Street out to the north-east, and the connections to and the improvement of Constance Boulevard; leaving Geneva Street relocation until the moving back of the railroad and the bay-front development. can be put through.
2. Develop the Secondary Street System wherever needed.
3. Improve the streets by surfacing, planting, removal of poles.
4. Develop the Parks.
5. Put in Sewer System.

III. Other Projects for Completion as soon as Possible.

1. Complete main Bay Front Development and Business Center
2. Aviation Field
3. Cemetary.
4. Golf Course.

Prof. Frank E. Ross, Williams Bay, receives recognition in the field of Science for his perfections of photographis lenses.

"Frank Elmore Ross, astronomer. Born in San Francisco, Calif., 1874. Son of Daniel Walter and Katherine (Harris) Ross. B.S., Univ. of Calif., 1896; fellow, 1897-98, at Lick's Observatory, 1898-1899. Ph D., Univ. of Calif., 1901. Married Margaret J. Benton, May 5, 1904; one son, Robert D. Married Elizabeth Bischoff of Rockport, Mo., June 10, 1913. Children- Alan K., Barbara H. Teacher Mathematics and Physics, Mt. Tamalpaia Military Acad., Calif., 1896-97; Ass't. Prof. Mathematics, Univ. of Nevada, 1900; Ass't Nautical Almanac office, 1902-1903; Research Ass't Carnegie Institute, 1903-05; Director International Latitude Obs., 1905-1915. Physicist Eastman Kodak Co., 1915-1924; Prof. Astronomy Yerkes Observatory since 1924. Member Nat'l Academy, American Astrom. Soc. Has specialized in mathematics, astronomy, variation of latitude; physics of the photographic plate; planetary and stellar photography, development of wide angle high-speed lenses; corrector lenses for mirrors."

VILLAGE CAUCUS NOMINATIONS

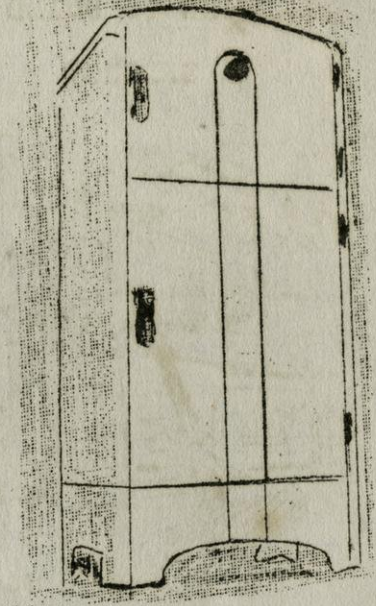

At the Village Caucus held last Monday night, March 15, the following were nominated for offices for the ensuing year and their names will appear on the ballot.

Village Pres., John E. Atkins, J.S. Hotton. Trustees, Roy Johnson, Chas. Madison, Howard Mereness, Alfred Pederson, L.A. Rasmussen; three to be elected. Clerk, F.M. Van Epps; Treas., O.M. Waterbury; Assessor, Albert T. Anderson, Chas. H. Sawyer. Constable, Gus Fleming, Theodore Johnson. Justice of Peace, Alfred Hotton, David Moeller. Supervisor, Victor Hansen.

Note: H.A. Bradt should be in list of Trustees. Alfred Hotton has withdrawn from the Justice of Peace list. Phil Fogle is placed on the ballot for Justice of Peace by petition.

ELECTION APRIL 6th.

AIR CONDITIONED COOLERATOR

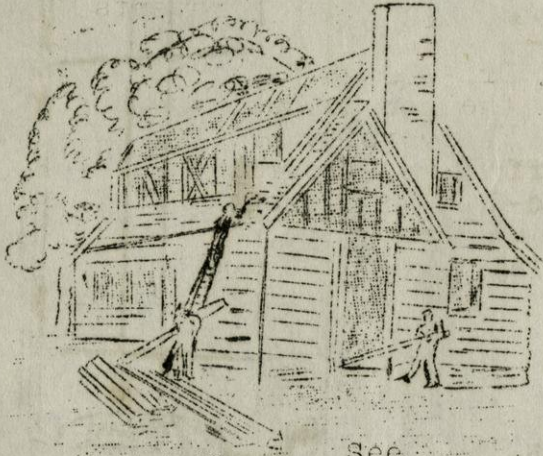

More than 350,000 families have changed to this big, beautiful refrigerator. Make a 10 day trial free!

IT'S BIG ! IT'S Beautiful !

Coolerator saves as much as \$100! And with it's patented air conditioning chamber, Coolerator will keep your foods fresher by preventing the rapid drying out of air. It uses ice in a totally different way to wash, humidify, circulate and cool the air that touches your food. One filling of ice lasts ordinarily from four to seven days - gives you plenty of crystal clear, taste free ice cubes in 5 minutes. Costs from 1/3 to 1/2 of what you expected to pay. Call at our showroom.

The following essay on Good Citizenship by Phyllis Anderson, daughter of Mr. and Mrs. Albert Anderson, Williams Bay, won second award in the essay contest on "WHAT CONSTITUTES GOOD CITIZENSHIP", sponsored by the Williams Bay Woman's Club.

WHAT CONSTITUTES GOOD CITIZENSHIP

To me good citizenship means obeying community laws, keeping the city clean, being loyal, faithful, obedient, truthful, loving kind, brave and helpful.

We can do this by helping other people follow these things. If everyone works together a community will be cooperative. That will be good citizenship in the city.

Obedying the community laws means to help the community by doing the things that is required by it. One way is to be sure that the street crossing is safe before crossing. Also see that it is safe for little children. Another way is to keep the ice off sidewalks and streets. Keeping the city clean is another rule of good citizenship, and requires the help of every citizen.

Then one must be loyal to one's friends, meaning that one would do anything for one. Another rule is to be faithful. When one is faithful one must serve one's friends and country. If one is obedient, one obeys his elders.

Truthfulness is another rule. One should always be truthful in everything. Being loving and kind are rules that should be obeyed in the home, school, out-of-doors or anywhere. Bravery is another thing that is required of every citizen. It means to be strong and stick up for your friends and country. Helpfulness is the last requirement of a good citizen and everyone should be helpful at all times.

NEW INSTRUMENT DESIGNED AT YERKES
FOR McDONALD OBSERVATORY, FT.
DAVIS, TEXAS.

While securing items for "Forty Years Ago in Wms Bay" at the Yerkes Observatory Library, I found the staff inspecting a large new instrument that had just been assembled in the Observatory instrument shop. It turned out to be one of the instruments being built here according to the designs of Dr. George W. Moffitt for use at the new McDonald Observatory of the University of Texas. It was a quartz spectrograph intended for use at the Cassegrain focus of the large telescope, and while being conservative in design, contains many novel features calculated to render the instrument especially efficient and conveneint to use, it was said. I learned that Dr. Moffitt has designed many lenses and instruments for other institutions and is widely known in this field of work.

The gleaming instrument was said to be a typical example of the splendid workmanship of the Observatory instrument maker, Mr. Charles A. Ridell. This instrument was two years in the making.

The spectrograph used in connection with the 40 inch telescope at Yerkes, which at the time of its installation was considered the best of its kind, is large and bulky and requires three men to place it in position. This new instrument can be placed into position by the observer without assistance.

EDITOR.

Mr. and Mrs. Ude Immega and little daughter have moved to the new bungalow built for the caretaker on the E.N. McDonnell estate on the North shore of the lake.

FROM OUR READERS

North Beach Drive
Milwaukee, Wis.

"It is a pleasure to receive BAY LEAVES each week in my new home. Reading it I feel so in touch with life in Williams Bay, where Mr. Jenkins and I spent such happy years.

I am wishing the village paper continued and greater success"
Yours very sincerely,

Gertrude Halbert Jenkins"

Elmhurst, Ill.,
March 2-

"Here is my subscription to BAY LEAVES. I think you are doing a fine thing by keeping the summer residents in touch with the "Bay". It makes us feel more like one of the people than just a tourist.

Every week the paper is read with more and more interest in my home. It seems to bring the time much closer when we can enjoy coming up to the Bay."

Yours Truly,
J.C. Licht.

The Okeson Sisters of Williams Bay
WILL APPEAR WITH ROTNOUR PALYERS

The Okeson sisters, Dorothy and Betty will entertain at the Delavan Opera House next Sunday evening between acts of the play staged by the Rotnour Players. The girls will present a Harmony Duo with guitar accompaniment.

We learn that the Okeson Sisters have a very good amateur act and Williams Bay folks should make it a point to attend the play on Sunday evening, March 21, at the Delavan Opera House and give the girls a "hand."

Charles Horvath who has been attending Milton College has gone to Chicago to assist his father in reorganizing that business in that city, which he recently acquired. William and Edward Horvath have been helping on Saturdays.

BAY ARCADES BOW TO WHITEWATER

After a closely fought battle in which the lead changed hands several times, the Bay Arcades fell before the trampling feet of the Whitewater quintet by a score of 32-31 last

Thursday in the local gym. A chance to win the game in the closing seconds to play was muffed by Les Case when he missed the two free tosses awarded him. If these two throws would have been capitulated the game would have ended 33-32 in favor of the Bay.

At the start of the first quarter Whitewater stepped out in front with a lead of seven points.

This lead was soon cut down and before long the Bay stepped in to take possession. After this it was any bodies ball game right up'till the time ended.

Both teams displayed weakness in the passing department and as a result several baskets were made on bad ones. The local lads also were weak on defense, a fault which they may have been unable to overcome.

Captain Glen Cook lead the victors with 5 baskets and 3 free tossed

while Case scored 10 points for the losers. Norman Johnson turned in a fine game at forward for the losers and contributed nine points to the cause.

FLASHES FROM CEDAR POINT PARK

* * * * *

There is a strong possibility of Lake Geneva getting a new post-office, a nice large building. It is understood Jim Farley, Postmaster General is sending an inspector to Lake Geneva to look over the town. Miss Mary Powers, postmistress, and William Freytag, District Attorney, have been working quietly on this project for six months.

Mr. Ambrose Swasey of the firm of Warner and Swasey, Cleveland, Ohio was in Williams Bay last Tuesday looking after the work in the large dome of the Yerkes Observatory.

FORTY YEARS AGO IN WILLIAMS BAY

From the Williams Bay Observer
March 18, 1897

The bridge between the depot and post-office has lost some of its underpinning and is rapidly becoming unsafe.

A masquerade ball will be given by the Williams Bay Gun Club in the dining hall of the Lake Vista Hotel, Friday evening. George Boville and Frank Brown, floor managers. An oyster supper will be served by Emmet Carpenter in the basement room occupied by the Athletic Club.

W.A. Lackey has put up nearly 200 tons of the best quality of Lake Geneva ice and when the hot waves of summer sweep over us, will be ready to dispose of chunks of last winter's blizzards at a reasonable price.

Miss Annie Radley has returned to her uncle's (Harrison Seeley) North Walworth, having spent several weeks with Mr. and Mrs. E.G. Davis at Williams Bay.

It is with pleasure that we announce that the Railroad Co. has finally declared that our station was of enough importance to have a separate existence, and on Tuesday last, orders were sent out severing all connection between it and the Lake Geneva station to which it has been subordinate, and Frank Parsons is now a full fledged station agent with an increased salary.

Wild geese, robins, blue birds, meadow larks, and black-birds put in an appearance last Thursday, reminding us that Spring is near.

R.M. Kenyon has been granted a patent on his load-binder invention. He sold the right some time ago to L.C. Douglas of Lake Geneva, and the final papers have just been issued which permits him to close the deal.

You are invited to hear
a series of five

PASSION WEEK DISCOURSES

on

" THE TRAGEDY OF THE CROSS "

given by the Pastor

in the

Williams Bay Congregational Church

Beginning Monday evening, March 22nd and continuing
through Friday evening, March 26th.
at 7.45 each evening

These discourses will contain interesting and valuable information on the life and teachings of Jesus, on the events of the last week of His life, on the why of the crucifixion, and will attempt to present the " Tragedy of the Cross " as a living, throbbing drama of salvation through invincible love.

Set aside the evenings of Holy Week to participate in these meetings, and thus to get a firmer grasp on the greatest event in all history - the revelation of the love of God through Jesus Christ.

NEWS ITEMS

The old Williams house on Geneva Street, is to be remodeled. Mr. E.H. Hollister, the owner, plans to make it into small apartments. Work has already been started on it. Though the oldest house in the village, it was well built and has many splendid possibilities for remodeling.

Mr. and Mrs. C.J. Grimm, who have been for the past four years at the C.E. Niehoff estate on the lake shore in Wms Bay, have accepted positions with Mr. James Atwood, at Rockford, Ill., They went to Rockford last Saturday.

The Grimms (Chauncey and Jessie) have been residents of the Bay for the past fourteen years and have always taken an active interest in the village affairs. We wish them success in their new place.

Mr. and Mrs. L. Henyey attended the 187 Convocation ceremonies at the University of Chicago on Tuesday. Mr. Henyey had the Ph.D. conferred on him.

Mrs. Selden Spencer and daughter Elizabeth went to Kansas City, Mo. last Saturday to visit with her parents, the F.P. Lymans' and to attend the birthday dinner for a favorite aunt, who was ninety years of age on Sunday, March 21.

Mrs. H.R. Green, a summer resident of Cedar Point Park for the past thirteen years, entertained recently a group of her summer neighbors at her Chicago home. Among those present were Mrs. A.B. Rand, Mrs. W.J. Pine and daughters, Marjery and Mrs. Morley, Mrs. Thos. Wood, Mrs. W.A. Schwab and Mrs. Modine.

A new dog, an aristocrat, has come to town, arriving by express last Monday from Watrous, Saskatchewan, consigned to L.A. Hollister, of the Hollister Lumber Co. He lacks a name still, but as his grandfather was the Duke of Edmon-ton, he will probably have a title of some kind. (continued)

WILLIAMS BAY CONGREGATIONAL CHURCH LADIES AID SOCIETY ACTIVE

St. Patrick's, patron saint of Ireland, anniversary, was celebrated in full splendor at the tea, on Wednesday, March 17, given by the Ladies Aid Society.

The program consisted of appropriate favorite songs of Ireland, carried out in song and games. Mrs. Karen Steele sang the solo, "Come Back to Erin"; and Mrs. V. Sorenson, soprano, Mrs. Steele, Alto, sang as a duet, "When Irish Eyes Were Smiling".

Mrs. W. Lockwood played popular Irish tunes while those present ed the title of the songs played. Mrs. Clara Gramley won the prize, having the most numbers correct. Another game, writing the most 3 letter words from the word "Saint Patrick", was a close contest. Mrs. G. Van Biesbroeck won first honors, writing 33 words in ten minutes. Mrs. Harry Breen took second honors. This contest kept the ladies in a studious mood for a while.

The game of writing an original last line of an Irish Limeric, provoked much mirth and laughter as each one's line was read. Mrs. L.A. Hollister won the prize for the best last line of the rhyme.

The table was appropriately decorated in St. Patrick's Day colors. Mrs. G. Van Biesbroeck and Mrs. J.S. Hutton poured. The following ladies acted as Committee.—Mrs. Alfred Johnson, Mrs. Kukuk, Mrs. A. Ohl, Mrs. F.M. Van Epps.

Next Thursday, March 25, the Ladies Aid Society will meet with Mrs. Charles Madison, Mrs. W.A. Lackey assisting hostess. This will be the regular Missionary meeting of the society. Mrs. Selden P. Spencer and Mrs. J.S. Hutton, Missionary Comm. will have charge of the program. The study of Africa will be resumed.

Members of the Cong'l Ladies Aid Society wishing to order Easter lilies, please call Mrs. Z. Sawyer—Phone 1270-J-1, before Friday, March 26.

Mr. and Mrs. Alfred Johnson will go to Muskegon, Mich. the last of the week for a visit with Mr. Johnson's sister.

The Walworth County Gold Medal Basketball Tournament will continue tonight at the High School auditorium. Adm. 25¢.

ADDITION TO ICE PLANT COMPLETED

Ambrose Brothers (Joe and Mike) have been busy this past Winter building an addition to their Ice Manufacturing Plant.

The storage capacity has been doubled and will now take care of 3200 tons or 15400 cakes of ice. A cake of ice is 44 in. x 22 in. x 1 1/2 in. and contains 6 cu. feet. The capacity of the plant is 150 cakes per day. The season is approximately 180 days and 27000 cakes of ice are manufactured during the six months. If these cakes of ice were placed end to end they would extend from Williams Bay to Richmond, Ills., or nineteen miles. Some toboggan slide!

The plant supplies ice for around Geneva Lake, Delavan Lake, Delavan City, Elkhorn, Fontana, Walworth, Darien and Lauderdale Lakes.

BELFRY PLAYERS OFFER PRIZE FOR RADIO SCRIPT.

The Belfry Players are offering a prize of three dollars to the High School student, or any boy or girl 18 years of age, or less, who submits the best original radio script to the judges, in compliance with the rules of the contest. They feel that this is an ever widening field commercially, which will demand more and more new writers, and they wish to encourage any talented young people to consider this as an outlet for their writing.

Copies of the rules of the contest have been sent to the English department of the various high schools in the surrounding territory, and it is hoped that there will be a large number of manuscripts submitted. In order to be considered, manuscripts must be in the hands of Mrs. H.F. Reynolds, Walworth, Wis., by April 15, and the name of the winning author will be announced as soon as possible after the close of the contest. The winning script will be presented by the Belfry Players over their regular weekly program (WCLO), and others that are considered worthy and can be adapted to their use, will also be produced by them, with due acknowledgment of authorship.

Evening Service charge 8:00

Rev. Paul Alfors who has been out in Evangelistic meetings and is home for a brief time, will bring the message.

Men's Fellowship meeting Monday, March 22, at 8 P.M. Mr. Ed Kettleson, a former resident of this community, now a Chicago printer, will be our guest speaker for the evening. He is also bringing with him a soloist and a pianist to assist in the singing. Every man and boy is invited to be there, this is your invitation.

Don't forget to bring your Bible and join the rest in the study of the book of Romans on Wednesday evenings at eight o'clock.

In accordance with our practice in former years we will have a service on Good Friday, March 26, at 8 P.M. in the main auditorium. Everyone is heartily invited to come.

The Easter Program will be Easter morning from 10:30 to 12. All are welcome to attend a specially arranged service will be conducted at the first and the pastor will speak at the close.

ST. BENEDICT CATHOLIC CHURCH
 Fontana, Wis.

MASSSES- 9 A.M. Sunday. Lenten Mass
 7:30 P.M. Friday evening.

Rev. and Mrs. Victor H. Keiser, are receiving congratulations on the birth of a son on March 13, at the Mercy Hospital in Janesville. The young man has been named Robert Lincoln.

"A Religion of Ascents" will be the topic of the Palm Sunday sermon next Sunday, March 21. Appropriate music will be furnished by the choir. A fine response has been given to the special emphases throughout the Lenten season, with increasing interest and attendance as Holy Week and Easter approaches.

Both the adult group and the young people's group complete their Bible study units this week. The adults have made a Brief Survey of the New Testament and the young people have studied the Life and Teachings of Jesus. The attendance at both groups has been so fine and the continued

interest seems so great that other units of study probably will be undertaken after the Easter season.

Services will be held in the church throughout Holy Week, beginning on Monday evening. The pastor will give a series of five discourses on "The Tragedy of The Cross", explaining the main events of the last week of Jesus' life and information on His life and teachings. A cordial invitation is extended to all for these services.

 "Rising above the amateur status, the Yale Glee Club has become so proficient that this past summer the men were taken on a tour of Europe. Of course they were feted in many places they visited. According to press reports, they voluntarily chose water as their drink on this trip, a fact which accounts for the absence of wine glasses on the tables when pictures were taken of the banquet tendered them in Paris."

Norman Schlichter, writes-
 "With the drinking temptation now as never before in our own land, to be a total abstainer under all circumstances, means to be a person of the finest self-control in all things. How glad I was to see these Yale men, all young, of course, getting into this most laudible class of all Americans, the total abstainers wherever they are."
