## FOR GOOD ROADS

A LEAGUE FORMED FOR IMPROVING HIGHWAYS.

COOPERATION OF STUDENTS DESIRED IN THE MATTER.

A Series of State Roads to Correspond to the old Post Roads.

One of the new organizations of special interest to wheelmen is the "Wisconsin League for Good Roads" organized recently in Milwaukee. The object of this organization is the extension of the movement in favor of good roads throughout the state. The governor has been asked to appoint a commission which is to recommend some system which has in view the connection of the principal cities of the state by means of public highways. The map here given shows the location of the old state roads laid out in an early day, and it is quite likely that a similar system will be adopted as an outline for work to be done by the state.

The improvement of roads under township and county supervision has not been productive of the best results and it is hoped that state management will remedy the defects of the present method. Lack of sufficiently experienced engineers and road builders has made the outlay of time and energy on the township piecemeal basis a sheer waste of public funds. This deplorable state of things can never be amended until a more general systematized supervision is established and it is this object which the "League" seeks to accomplish.

Of course the people most directly interested in this movement should be farmers and real estate owners inasmuch as they are most directly affected by the disadvantages of bad roads.

Wheelmen everywhere have been the instigators of the movement however, and there should be no lack of effort on the part of college men to help this cause along. Students are here from all parts of the state and an organized effort on their part while here, would place them in position to promote the work throughout the different counties on their return home.

Hon. Thos. M. Blackstock, a former

regent of the university is president of the organization and Otto Dorner law, 89, 505 East Water Street, Milwaukee, is the secretary. The initiation fee of the organization is one dollar and the annual dues one dollar, thus making it possible for all who have an interest in the movement to become connected with this organized effort. The secretary will furnish any further information desired for extending the work in the university.

### DEATH OF MRS. HENDRICKSON.

All members of the university were saddened to learn, this morning, of the death of Mrs. G. L. Hendrickson, the wife of the professor of Latin. She had been ill for several weeks, and finally passed away at 10 o'clock last evening. She was unconscious for some time before death. The immediate cause of her death was uranite poisoning, which followed a severe attack of pneumonia.

Mrs. Hendrickson was the daughter of D. S. Cook, of Whitewater, Wisconsin. She graduated from the Whitewater Normal school and also received a very thorough musical course in Boston. She married Prof. Hendrickson about four years ago, and came with him to Madison when he accepted the position of professor of Latin at the university. She had made many friends at the university, and many will recall her accomplishments as a pianist. The sympathy of all the students will be extended to Prof. Hendrickson in this bereavement.

There remain to mourn for Mrs. Hendrickson, her parents and husband and her brother, S. S. Cook, of Minneapolis, a son-in-law of Prof. Stearns. The funeral will be held at Whitewater.

### TOMORROW NIGHT'S MEET.

For the benefit of those who do not already know, the program of tomorrow night's meet is here given. The track events will bring out the pick of the men who are training for the contests and will be closely contested and exciting. The men who are training for the pole vault have been doing over 9 feet right along in practise and will make a good height, as will also the high jumpers. The shot is a handicap event and will thus bring out a large field.

The list of events is as follows:

40-yard dash.  
Mile walk.  
Running high jump.  
Pole vault.

Putting 16-pound shot (handicap).

Of the other events there will be light, middle and heavy weight sparing, wrestling at the same weights, and fencing. In all these events there will be a sufficient number of trials to reduce the numbers to two contestants in each class.

The contests will be exciting from first to last and everyone who has a bit of college spirit should attend. The Athletic Association has voted to send a team of five men to Chicago, March 2, and has taken this way of raising the money. This meet should not be allowed to prove such a financial fizzle as the one last Saturday night. Track athletes certainly need encouragement.

A. H. Long, law '89, is visiting in the city.

## DR. FRISBY IS OUT

HER POSITION AS PRECEPTRESS AND LECTURER.

WILL TAKE UP THE PRACTICE OF HER PROFESSION.

To Take Effect at the end of the year.

Dr. Almah J. Frisby has tendered a resignation of her position as preceptress of ladies hall and professor of hygiene, and will sever her connection with the university at the end of this school year. When asked by a reporter whether any special reason led to her resignation, Miss Frisby replied:

"No; it was not assumed when I entered on my duties here that I was to remain here all my life. I go in order to have a rest and a change of activity, and that I may follow my profession as a physician.

This is Miss Frisby's sixth year in connection with the university and she has filled her position with eminent satisfaction. Through her executive ability and her knowledge as physician she has rendered to the interests and the health of the young ladies of the university a most grateful service. It will be no easy matter for the board of regents to find a capable successor.

Dr. Frisby's premature resignation is due to the request of President Adams that all resignations that are contemplated be made as early as possible, so that he may cast about for suitable successors when he makes his eastern trip in the spring.

Miss Frisby is undecided as to where she will locate for the practice of her profession.

### COMPETITION DRILL.

The competition drill for Freshmen took place at 4 o'clock yesterday afternoon. About sixty recruits entered the drill and were lined up in double rank on one side of the drill hall. Major Cornish gave the commands, while Col. Chynoweth inspected the men. Though the drilling was far from perfect the thinning-out process was a slow one, and at the end of the hour about forty-five men were still on the floor. Most of those who were dismissed came to grief in the details of the manual of arms, and but few were at fault in the company drill. In fact, the privates were rather superior to the officers in the latter. The competition will be continued on Tuesday of next week, when it will probably be finished. The winners and their officers will be announced as soon as possible after the drill.

—Mr. J. F. McHugh, of Watertown, is visiting his friend, Thos. F. Shinick, '97.

Miss Katherine L. Sharp, of the Armour Institute at Chicago, is grand president of the province and will preside at the meetings. Among the visiting members who will attend the convention are: Miss Wyman of Eau Claire, Miss Hutchison of Mineral Point, Miss Pratt, of Minneapolis, and the Misses Miller, Shreve and Robinson of Milwaukee.

Mrs. Willet S. Math gave a reception for the visiting delegates last evening. Only members of the sorority were present. They were: Mesdames O. D. Brandenburg, J. M. Olin, C. I. King, F. A. ## NOTICE TO ATHLETES.

There seems to be considerable ret-  
icense on the part of the men who in-  
tend entering the trials tomorrow  
night in sparring, wrestling and fenc-  
ing about writing their names in the  
entry, posted on the bulletin board, in  
the gymnasium. This may be negli-  
gence and modesty, but in any case  
the entries must be gotten in at once,  
and to those who have not done so  
already, names can be written in the  
blank on the bulletin or handed to Mr.  
Everett, or Mr. Downer.

## A HALF DOZEN FOLK.

Gen. Joseph Roberts, of Philadelphia,  
was assistant professor of natural  
philosophy at West Point when Grant,  
McClellan, Burnside and Stonewall  
Jackson were cadets.Adolph Sutro, the populist mayor-  
elect of San Francisco, who won the  
day as the opponent of the Southern  
Pacific railroad, is himself a capitalist  
and a railroad builder. He spent, he  
says, \$300 to be elected.The emperor of Russia has four  
separate "services" of horses and car-  
riages. Fifty horses comprise each  
set, and everything more magnificent  
in the way of trappings than their harness  
can hardly be conceived.In spite of Verdi's age he tired out  
all the artists of Paris by his exacting  
rehearsals of "Otello." He kept the  
company practicing until 1 o'clock in  
the morning, and the weary prima  
donna had to give way to her understudy.Ellsworth Ingalls, the oldest son of  
the Kansas ex-Senator, is local counsel  
at Atchison of two Pacific railroads.  
Although but 28 he has built up a  
good law practice and is already at  
the head of the Republican organization  
of his county.Mme. Marchesi, the veteran teacher  
of grand opera song birds, is reported  
as very sensitive about receiving  
money for her instruction. It "shocks  
her artistic sense." Her pupils have  
to place their tuition fees in an envelope  
duly indorsed.
