AMERICAN RED CROSS

Camp McCoy, Wis.
Mar. 25, 1942.

Lt. Col. Fred Distelhorst,
Commanding Officer,
Camp McCoy,
Wisconsin.

Dear Sir:

On the eve of our departure from Hawaii, we were told by Lt. Lowrey that each of us had to his credit at least fifty dollars. This amount included money seized at the time of arrest and that received by Lt. Lowrey subsequently in our name. We were assured that this money was to accompany us to our destination. Also, on the same transport that conveyed us to San Francisco, our baggages containing our warm clothing were stored in the ship's hold. This fact was told us by Capt. Benson who escorted us to Fort McDowell at Angel Island.

Almost three weeks have elapsed since our arrival at Camp McCoy. Our Co-ordinator assures us that your honor is doing his best to track down the whereabouts of the undelivered baggage and funds. Each of us realized the situation. Yet, having been acclimated to a milder climate for decades, this cold is penetrating to us, and although mild there are numerous cases of upper respiratory infection on account of inadequate protection. The lack of spending money is inconveniencing us most severely. We cannot even have our daily cigarettes to say nothing of necessary toilet articles and stamps to communicate with our families.

Such being the circumstances, we representing the Japanese Internees from Hawaii, hereby submit our names petitioning to your honor that you will redouble your efforts and hope you will turn out fruitful in the quest of our baggages and money.

Yours very respectfully,

/s/

Camp Co-ordinator

LEGATION OF SWITZERLAND
WASHINGTON, D. C.

MEMORANDUM

Department of
an Interests

The Legation of Switzerland in charge of German interests begs to refer to a visit made by a representative of the Legation of Switzerland to the Alien Enemy Internment Camp, Camp Forrest, Tennessee, on October 5, 1942.

During this trip, the Legation's representative was approached by the following internees who were previously held at Camp McCoy, Wisconsin, and transferred on July 27, 1942, to Camp Forrest:

Kurt J. Pieper	Stiller, Bruno
Schomburg, Karl H.	Wieland, Gustav
Wimmer, Jacob	Sass, Heinrich Fr.
Vogelsang, Ewald H.	Schmalstieg, Rudolf K.
Boege, Theo. L.	Weiler, Rudolf K.

Nonnemann, Paul

It appears that these men were asked to perform labor outside and within the enclosure of Camp McCoy, such as painting the officers' quarters, improving roads, constructing a workshop, and other work of various kinds. At the same time they understood that they would be compensated at the rate of \$21.00 per month. However, when leaving Camp McCoy, none of these men received any remuneration for their work. They addressed a letter to that effect to Lieutenant Colonel H. Rogers at Camp McCoy on August 13, 1942, but received no reply.

The Legation would appreciate it if the Department of State would look into this matter with a view to having the compensation due the aforementioned internees transferred to their present place of confinement.

MENT OF
INTERESTS

memorandum

The Legation of Switzerland in charge of German interests begs to refer to a report made by one of its representatives upon his visit of the Alien Internment Camp in Stringtown, Oklahoma on September 21st and 22nd.

It appears that a canteen fund surplus of approximately \$ 700.-- existed at the time at the Alien Internment Camp McCoy, Wisc. and is still being held there in spite of the fact that the whole group which was formerly at said camp has been transferred in the meantime to Camp Stringtown.

The Legation is informed that this money has and will be used for purchases of books, musical instruments and other articles for entertainment.

Inasmuch as this surplus has arisen through profits made on purchases effected by internees, the Legation would appreciate it if the Department of State would take such steps as to have the balance of the aforementioned account transferred to Camp Stringtown, Oklahoma.

Washington, D. C., September 30, 1942.

LEGATION OF SWITZERLAND

Washington, D. C.

Department of
German Interests

MEMORANDUM

Our Reference:
X-MC.

The Legation of Switzerland in charge of German interests begs to refer to a memorandum from the Department of State dated November 17 with regard to the surplus of the canteen fund which is believed to have existed at Camp McCoy, Wisconsin, around June 15 before the group of German nationals was transferred to the Stringtown Internment Camp.

The contents of the communication mentioned above have been transmitted to Mr. George C. Lind, who was in charge of the canteen at Camp McCoy; and it is now stated that to the best of his knowledge the books showed as of June 15, 1942, a net profit of approximately \$400.00 and fully paid stock worth approximately \$300.00.

To sustain this statement, the Legation now wishes to submit original operating statements such as were drawn up monthly by the exchange accountant, from which statements it becomes evident that between March 22 and May 24 a net profit of \$501.52 was realized. His statement as of June 15 is not available, but it is believed that the camp authorities at Camp McCoy certainly have in their files the originals of the monthly reports turned in to them.

The Legation is now submitting this evidence in order that the entire question may be taken up once more, particularly since the internees at Stringtown insist that they should rightfully regain possession of the profit and proceeds of the stock which resulted from their canteen activity and entirely from transactions made with their own money.

April 22, 1942.

MEMORANDUM TO The Provost Marshal General
War Department.

Subject: Exchange in Alien Camps.

1. It is desired to make a record of conversations recently held by this office with Lieutenant Colonel Bryan and others who are on duty connected with enemy aliens.

2. As it is the right of every Commanding Officer to create an Exchange for the benefit of his personnel, the Commanding Officer of an alien camp may establish an Exchange for the Service of military personnel. Under the Prisoner of War Regulations, stores must be operated for the service of prisoners of war and the profits therefrom are to be spent for the betterment of such prisoners of war. It is understood that there is a mutual agreement between the Secretaries of War and of State that enemy aliens are to be treated in the same category as prisoners of war. Hence, it will be the duty of the Commanding Officer of an enemy alien camp to operate stores for the service of such aliens. The Army Exchange Service suggests that the local Commanding Officer set up his Exchange organization in such a way that there be a central office and some warehousing facilities, that one branch of his operations be that of running Exchanges for military personnel and that another branch of his operations be that of running stores for the aliens. It is suggested that the overhead incident to running the Headquarters Office and the warehousing facilities be equitably prorated between the Exchanges and the stores. The bookkeeping operations in the Headquarters Office will necessitate separate computations as to the net profits of the Exchanges as distinguished from the net profits of the stores. This matter of keeping two records is not difficult. In this way, the profits from the stores may thus be properly applied to the welfare of the aliens. The Army Exchange Service extends a line of credit of \$400,000 to the Alien Division of your office, such funds to be loaned as necessity arises for the furnishing of the capital structure of the Exchanges and stores just as, under present Army regulations, the Army Exchange Service lends money to the Exchanges of the various posts, camps and stations. From our understanding of the population of these camps, the capital necessary for each alien camp should be somewhere between \$5,000 and \$15,000. Under our present regulations, the Army Exchange Service lends money to Exchanges upon the approval of the Corps Area Commander. We do not clearly understand the chain of command between the local Commanding Officer and the War Department, but it is possible of such a nature that the local Commanding Officer will not have to secure the approval of the Corps Area Commander. We are not suggesting that it not be done, but we mention the point because the approval of your Corps Commander is

April 1, 1943

Special Division,
Department of State,
Washington, D. C.

Dear Sirs:

The Provost Marshal General has directed me to reply further to your communication dated February 19, 1943, SD 740.00115 European War 1939/5567 concerning canteen fund surplus at Camp McCoy Internment Camp, Camp McCoy, Wisconsin.

According to information furnished by the Commanding Officer, Camp McCoy Internment Camp, there was a total cash profit on hand as of June 30, 1942, amounting to \$253.07 which had accumulated between March 22 and June 30, 1942. During this period the exchange had been patronized by two Military Police Escort Guard Companies and Japanese and Italian internees in addition to the German prisoners of war. Based upon average strength, the German prisoners of war were entitled to 21.76% of the \$253.07, or \$55.07.

In lieu of distribution of profits, it was agreed that a dinner should be sponsored, the cost of which, together with other community expenditures, amounted to \$40.54. The difference of \$14.53 was not distributed because, if divided by the average for the German group for the period, each individual would have received less than fifteen cents. Consequently, it was reserved for community benefits.

Apparent profits, other than cash on hand, consisting of stock is not distributable because Army Regulations authorize distribution of profits only from cash available. When the exchange was opened, the stock was purchased on credit established with local merchants, upon the personal guarantee of Lt. Colonel Fred L. Distelhorst, then Commanding Officer, to absorb any loss sustained. Replacement of the initial stock from Gross

profits has not relieved the contingent liability, and the stock cannot be considered as profit available for distribution.

The Commanding Officer, Camp McCoy Internment Camp, has stated further that the operating statements which were attached to the memorandum of the Legation of Switzerland dated December 19, 1942, are not official records of the exchange, but are statements prepared by and for an unauthorized council composed entirely of internees without representation of the United States Army. These statements fail to take into consideration either an equitable distribution of profits among all personnel using the exchange or the cash available for distribution.

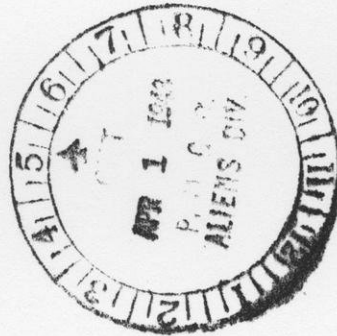

Inclosed are copies of exhibit "A", Analysis of Distribution of Funds, based on total cash assets as of June 30, 1942, and exhibit "B", statement of expenditures of the major part of the cash profit of the German internees.

Yours very truly,

E. M. Bryan,
Brigadier General,
Director, Aliens Division.

SUBJECT: Canteen Dividends.

TO: The Commanding General,
Sixth Service Command,
Civic Opera Building,
20 North Wacker Drive,
Chicago, Illinois.

FOR THE ATTENTION OF:

The Commanding Officer,
Camp McCoy Internment Camp,
Sparta, Wisconsin.

1. Prior to a transfer of interned civilian enemy aliens to the Department of Justice, it is requested that the commanding officer provide for an adjustment with the transferees of any canteen dividends which have accrued to their benefit.

2. The method of adjusting the accrued canteen dividend to benefit the civilian internees responsible for the accumulation is within the discretion of the internment camp commander. The following methods are suggested:

a. Declaring a cash dividend as of the date of transfer for the group as a unit and transferring the cash available for distribution to the canteen at the Immigration and Naturalization Service Alien Internment Camp to which the group is being transferred.

b. Distribute accrued dividends in the form of merchandise on an individual basis.

c. Sponsor a dinner or some other entertainment or group activity enabling the group of transferees as a whole to benefit from their accumulated dividends.

3. For purposes of future references, it is further requested that an itemized record be kept of any adjustments made.

SPMGA (35) 383.7

1st Ind.

War Department, S.O.S., P.M.G.O., Washington, D. C., February 17, 1943.
 TO: Commanding Officer, Camp McCoy Internment Camp, Camp McCoy, Wisconsin.

1. Reference is made to the five internee letters named in the basic communication. One of these letters by Anton Zimmerman, ISN-10-12-G-107-CI, Spokesman, makes complaint to the Legation of Switzerland regarding outgoing mail, claiming that it takes approximately three weeks to arrive at destination.

2. Examination of the five letters shows that one of them was dated January 8; 3 of them February 3, and the other letter, February 8, whereas letter of transmittal was dated February 10, 1943. None of these letters had internment serial number of writer on the letterhead or on the outside of the envelope.

3. Letter dated December 9, 1942 SPMGA (10) 311.7, Subject: "Internee Mail", paragraph I provides: "No item of incoming or outgoing mail should be held by the internment camp commander for more than 24 hours. The date of dispatch or arrival at camp will be stamped on the outside of each item of mail. Outgoing mail which bears a date at variance of more than forty eight hours from the time of such stamping will be returned by the camp commander to the writer for correction." Likewise, letter dated September 17, 1942 SPMGA (10) 311.7, Subject: "Internee Mail", paragraph IV provides: "All internees should write their letters on internee stationery W.D. PMG Form No. 4." These five letters indicate that either they were held before forwarding or that they were improperly dated.

THE OFFICE OF CENSORSHIP
CHIEF POSTAL CENSOR
WASHINGTON, D. C.

March 20, 1943.

Col Tollefson

Brig. Gen. B. M. Bryan,
Director, Aliens Division,
Office of Provost Marshal General,
War Department,
Washington, D. C.

Dear General Bryan:

Receipt is acknowledged of your letter of March 18th stating that a spokesman for the German Internees at Camp McCoy, Wisconsin has complained that outgoing mail from the internees frequently is in transit as much as three weeks before delivery to the addressees.

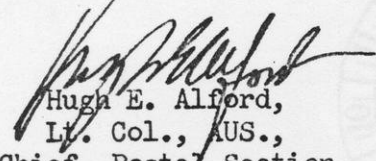

In reply, you are advised that there has not been any delay in the censorship of Prisoner of War mail in the New York Station for more than two months. Whatever delay has occurred, therefore, is not due to a lack of prompt handling by Censorship.

We know of no good reason why the Postal authorities have refused free postage privileges to packages addressed to internees at Camp McCoy, after such packages had been identified as Prisoner of War or Internee mail.

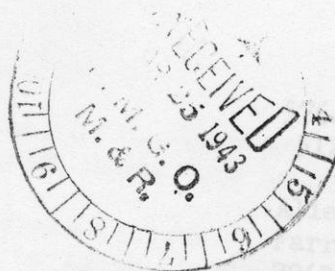

A more comprehensive investigation can be made, if the complaining internees would cite one or more instances where free privileges were denied, giving the names and addresses of the senders as well as the names of the internees at Camp McCoy.

Upon receipt of further advices, it will give us pleasure to request the Postal authorities to investigate the complaint.

Sincerely yours,

Hugh E. Alford,
Lt. Col., AUS.,
Chief, Postal Section.

Headquarters, For The Alien Enemy Internment Camp, Camp McCoy, Wis., March 22, 1943.

To: Provost Marshal General, War Department, Washington, D. C.

1. Internee Anton Zimmermann, ISN-10-12-G-107-CI, Spokesman for the German Internee's at Camp McCoy Internment Camp, has been interviewed concerning letter to the Legation of Switzerland in paragraph No. 1, Basic Communication. Internee Zimmermann states that his letter to the Legation of Switzerland was written some time ago and that at the present time this condition does not exist.

2. Strict compliance with letter SPMGA (10) 311.7 dated December 9, 1942, Subject, "Internee Mail" is being observed at this Headquarters, so that no item of Internee mail is held over twenty-four hours.

5764

William J. Barrett
WILLIAM J. BARRETT
2nd Lt., NMB
Adjutant

This office has requested information of the Camp McCoy Internment Camp and the Commanding Officer has replied that Internee Anton Zimmermann's letter to the Legation of Switzerland was written some time ago and that at the present time the condition complained of does not exist. The Commanding Officer reports that no internee mail is held at the camp over twenty-four hours.

The Office of Censorship has replied that prior conditions in delay of the censorship of internee mail have been alleviated, that all internee mail is now censored and forwarded promptly, and that no reason appears why postal authorities should refuse free postage privileges to small packages addressed to internees after the packages have been identified as internee mail. The Office of Censorship further states that a more comprehensive investigation can be made if internee mail can be cited where free privileges were denied and if the names and addresses of senders of packages can be obtained.

It would appear, however, that the matters complained of have been satisfactorily adjusted.

Sincerely yours,

cc: Chief, Administrative Services, ASF

SPMGA (36) 311.7

March 27, 1943.

Special Division,
Department of State,
214 Winder Building,
Washington, D. C.

Attention of Mr. Bernard Guffler.

Gentlemen:

The Provost Marshal General has directed that I reply further to your aide-memoire, file number SD 311.6213/252, received March 15, 1943, concerning complaints regarding package and mail service to and from Camp McCoy Internment Camp, Camp McCoy, Wisconsin.

This office has requested information of the Commanding Officer of the Camp McCoy Internment Camp and the Office of Censorship. The Commanding Officer has replied that Internee Zimmerman, who originated these complaints with the Swiss Legation, was interviewed concerning this matter, and stated that his letter to the Legation of Switzerland was written some time ago and that at the present time the conditions complained of do not exist. The Commanding Officer reports that no internee mail is held at the camp over twenty-four hours.

The Office of Censorship has replied that prior conditions in delay of the censorship of internee mail have been alleviated, that all internee mail is now censored and forwarded promptly, and that no reason appears why postal authorities should refuse free postage privileges to small packages addressed to internees after the packages have been identified as internee mail. The Office of Censorship further states that a more comprehensive investigation can be made if specific instances can be cited where free privileges were denied, particularly if the names and addresses of senders of packages can be furnished.

It would appear, however, that the matters complained of have been satisfactory adjusted.

Sincerely yours,

B. M. Bryan,
Brigadier General,
Director, Aliens Division.
