CATALOGUE

OF

THE

KENOSHA CRIB CO.

KENOSHA, WIS.

TO OUR FRIENDS:

In submitting our annual catalogue to our friends, we wish to say that every part of it interests YOU. Look it over carefully at your convenience and keep it for further reference. We are still pursuing the policy by which we have achieved our success in business—i. e.: Giving our customers goods of real merit, improving the quality from year to year by all possible means, and treating our patrons in such a manner as to make them our friends.

Our prices are, and always shall be as low as such qualities can afford. Soliciting your future patronage, which we assure you we will strive to merit, we remain,

Yours Very Truly,

THE KENOSHA CRIB COMPANY.

THE GOODS WE MANUFACTURE, AS SHOWN IN
THIS CATALOGUE, ARE COVERED BY LETTERS
PATENT, AS FOLLOWS:

APRIL 14, 1885.

FEBRUARY 2, 1886.

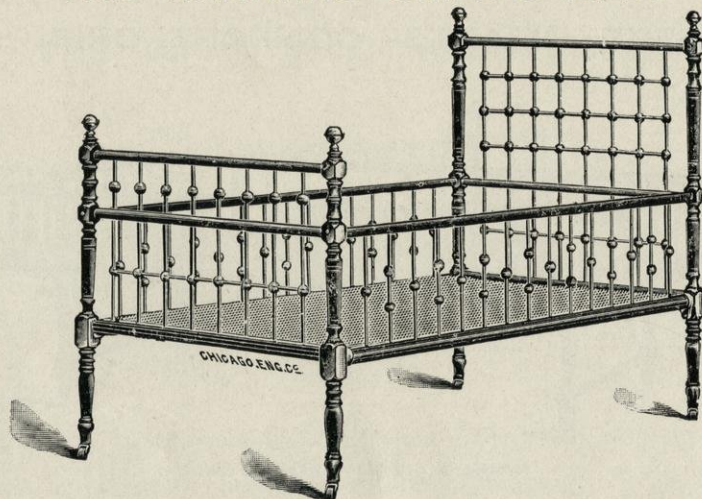

AUGUST 21, 1888.

" 21, 1888.

NOVEMBER 26, 1889.

OTHER PATENTS PENDING.

THE HANNAHS CHILD'S BED.

THE VERY BEST CHILD'S BED MANUFACTURED.

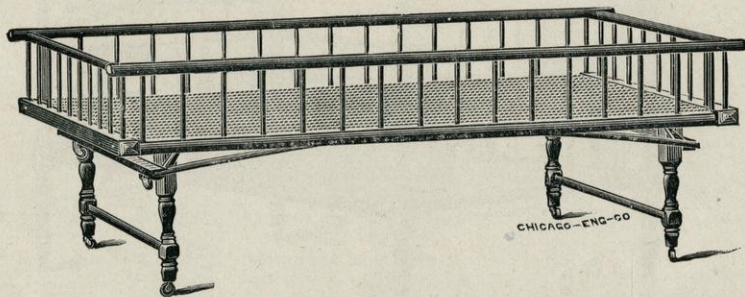

The Hannahs Child's Bed has been a pronounced success from the first, and we feel confident that *it does* fill a long felt want. This bed is light but substantially made, and is a *first-class* article in every respect. It is supplied with a finely woven steel wire mattress. Made of maple, finished natural, imitation mahogany, cherry or walnut; of oak, finished antique.

No. 20—30x60 inches, 12 inches deep. Head 40 inches high, foot 30 inches high.

No. 21—40x60 " " " " " " " " " "

Handsome, Corrugated Brass Balls, which cannot be dented are now used on these beds.

THE INFANTS' COMFORT CRIB.

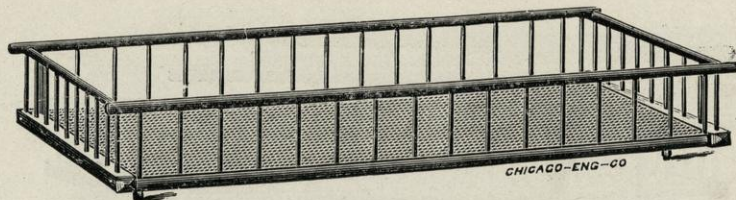

RAISED READY FOR USE.

This crib is supplied with our adjustable brace, which gives it a rigid leg when raised, and being mounted on casters, can be readily moved about without falling down.

All our Cribs are on Casters, both when Raised and when Folded.

THE INFANTS' COMFORT CRIB.

FOLDED.

The folding of the crib is very simple and when folded still rests upon casters so that it may be rolled under an ordinary bedstead without removing the bedding from the crib. These goods are strictly first-class, and nicely finished in imitation mahogany and walnut, also natural wood (hard maple). Manufactured in the following sizes:

No. 1—30x54 inches.

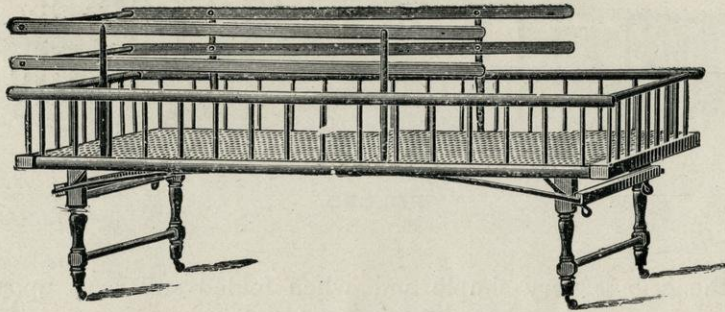

No. 2—40x54 inches.

No. 3—30x64 inches.

No. 4—40x64 inches.

All our Cribs are on Casters, both when Raised and when Folded.

THE INFANTS' COMFORT CRIB.

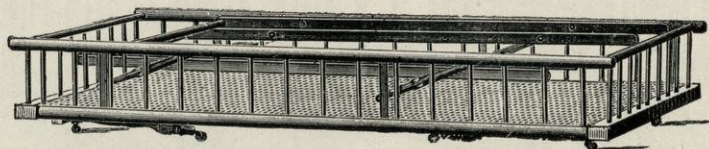

WITH FOLDING SIDE--RAISED READY FOR USE.

The above illustration represents our Infants' Comfort Crib, with *new adjustable folding side*. Nicely finished in imitation mahogany and walnut, also natural wood (hard maple).

All our Cribs are on Casters, both when Raised and when Folded.

THE INFANTS' COMFORT CRIB.

WITH FOLDING SIDE.—FOLDED.

The folding of this side is very simple, there being no hooks or spring catches to unfasten. All that is required in folding is to slightly raise the adjustable side, which allows it to fold upon the inside of the cot, so that it may be rolled under an ordinary bedstead without removing the bedding from the crib. They are substantially made, the castings being made of malleable iron, and where an extra high side is wanted, makes the neatest, best and most practical side in the market. This side is so constructed that it may be easily attached to any of our cribs. Manufactured in the following sizes:

No. 5—30x54 inches.

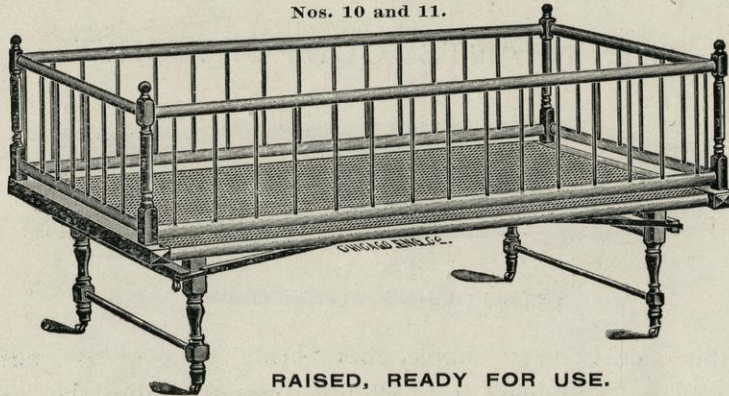

No. 6—40x54 inches.

All our Cribs are on Casters, both when Raised and when Folded.

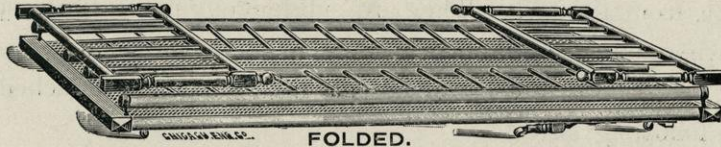

THE KENOSHA CRIB COMPANY.

THE FAVORITE FOLDING SIDE CRIB.

Nos. 10 and 11.

This crib combines strength, durability and lightness, besides being a most convenient and practical crib. It is made of all turned work, and has not the big, clumsy, awkward appearance so noticeable in other makes.

The folding of this crib is by far the most simple used—any child can prepare it for use. These cribs, being the most compact packers in the market, recommend themselves to buyers, as freight and storage room are always points to be considered.

The device for holding the leg rigid is used by us only.

THE KENOSHA CRIB COMPANY.

THE FAVORITE FOLDING SIDE CRIB.

Nos. 10 and 11.

ONE SIDE FOLDED OUT.

This illustrates our Nos. 10 and 11 *crib with one side folded out*, making it very convenient for the mother at night, as by thus using the crib alongside the bed, she can take care of her child without having to lift over the high side of the crib. This feature alone recommends our "Favorite" cribs in preference to any crib made. We wish to call your attention to the catch used on these crib sides—they are so arranged as to make the body rigid and tight, and not shaky and rickety like many others. Made of hard maple. Finished in natural maple, imitation mahogany, cherry and walnut.

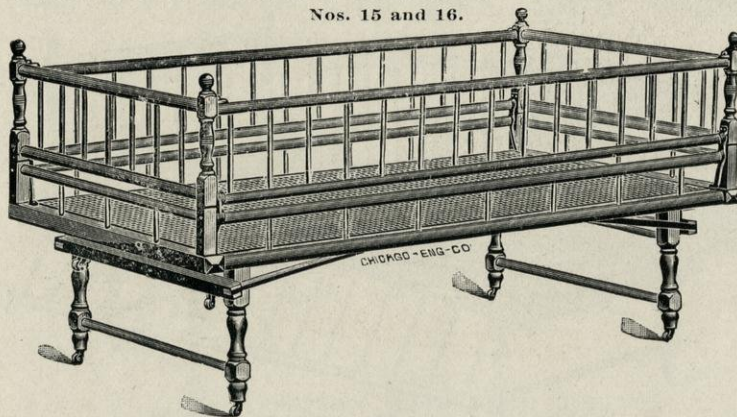

No. 10—30x54 inches. Body 12 inches Deep.
No. 11—40x60 " " 12 " "

All the Castings used on this Crib are Malleable Iron.

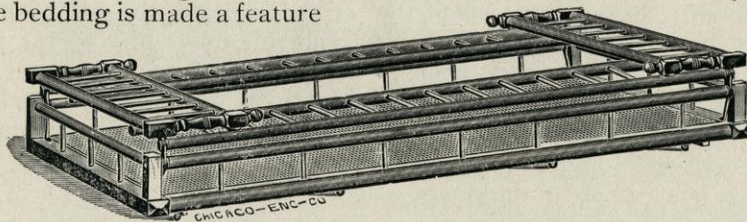

THE KENOSHA CRIB COMPANY.

THE FAVORITE FOLDING SIDE CRIB.

Nos. 15 and 16.

We represent in the above cut our *Favorite Folding Side Crib*, with double side to *contain the bedding when folded*. It is the lightest, neatest, best, and away ahead of any crib manufactured where enclosing the bedding is made a feature

All the Castings used on this Crib are Malleable Iron.

THE FAVORITE FOLDING SIDE CRIB.

Nos. 15 and 16.

The folding of this crib is so easy and simple that it does not require a big strong person to handle it, but can be prepared for use or folded by a child.

ONE SIDE FOLDED OUT.

This cut shows our Nos. 15 and 16 crib with one side folded out for the mother's convenience at night, thus using, she can take care of her child without having to lift over the high side. *All our cribs are on casters, both when raised and when folded.* We guarantee these cribs to suit. They are built in proportion and with taste every way. Made of hard maple. Finished—natural finish, imitation mahogany and walnut.

No. 15—30x54 inches. Body 12 inches Deep.
No. 16—40x60 " " 12 " "

All our Cribs are on Casters, both when Raised and when Folded.

THE KENOSHA CRIB COMPANY.

THE BEST INFANTS' COMFORT CRADLE.

PATENTED APRIL 14, 1885.

The basket being hung on four suspending rods renders it impossible to tip or cant sideways while the child is lying or standing at the side. It has a glide motion instead of a rock or swing—the basket always remaining level while in motion. They are mounted on wheels so they can be easily moved from place to place by a child. Furnished with a fine woven steel wire bottom. Finely finished in mahogany, walnut and maple.

Size of Basket—20x36 inches; 12 inches deep. Weight, 14 lbs.

All our Cribs are on Casters, both when Raised and when Folded.
