WILL PLAY P. AND S.

VARSITY LINES UP AGAINST STRONG MEDICS TOMORROW.

Hard Game Anticipated. Doctors' Line Heavier Than Ours—Beloit Next Saturday.

The challenge from the College of Physicians and Surgeons has been reconsidered and as it is thought best to have a game tomorrow to put the men in better condition for the Beloit game next Saturday, the management has definitely decided to accept the offer of the "medics." This will afford all supporters of the cardinal an excellent opportunity of seeing the stuff the Varsity is made of. Last Saturday's game, although it demonstrated that there is excellent material here this fall, was no real test of the ability of the new men. Instead of having a line of new men many pounds lighter than them, the Badgers will face an aggregation of old college players, each one a star, and averaging fully as much and in some positions considerably more than the heaviest men Coach King has in his squad. Last Saturday the doctors went against Northwestern University and although they had not had a single practice previous to the game, their signals having been made up on the train, they defeated the wearers of the purple by a score of 6-0. In view of the fact that Northwestern is conceded to have one of the strongest teams she has had for years, and having the benefit of several weeks of practice, this score is surprising. Last year Wisconsin beat Northwestern only 36 to 0 several weeks later in the season with a team of considerably longer practice. Therefore an exceedingly close contest is to be expected tomorrow and it is entirely probable that the cardinal goal line may be crossed. The management have been put to considerable expense in getting this game, as the doctors required a considerably larger guarantee than is customarily paid for games early in the season. Therefore it is incumbent upon all loyal students to turn out and give the team enthusiastic support. As it is still early in the season, the team work is necessarily ragged and the men will need all the encouragement possible. The University band will be present at the game.

The game with Beloit next Saturday increases in interest as the date draws near. There has always been considerable rivalry between the two teams and as this year Beloit's prospects are brighter than usual, great enthusiasm has been awakened in the Congregational school since the contest promises to be hard and close.

Beloit's line is the best it has been for years, the three center men weighing over 600 pounds while the remainder of the line is fully as heavy as Wisconsin. The halves are fast and heavy and are experienced in all the tricks of the game. The team is composed essentially of veterans, there being only two vacant places on the team.

Golf Enthusiasm.

With the beginning of the college year the enthusiasm for golf has begun to show itself more vigorously than at any other period since the organization of the club. From a

membership of sixty-six last year, the club roster has increased to an even hundred and there are many applicants whose names have not yet been voted upon. Owing to this increase in membership, it has been found necessary to exclude all people from the links who are connected with the University. This resolution took effect with the first of October.

The greens have proven especially attractive during the summer months, the attendance being unusually large. Two tournaments were held during the summer, one for men only, won by Max Mason (now in Germany) and one for ladies, won by Miss Orr, niece of Governor Scofield.

The new links as laid out by Dr. Trowbridge, formerly of Ann Arbor, contain nine holes, they being so arranged as to call for a much longer drive than formerly.

The officers for the ensuing year are: pres.—Stanley Hanks; vice-pres.—Phil King; sec.—T. S. Morris; treas.—Paul Warner.

Board of Directors:—Prof. Victor Coffin, Clarence Taylor, Dr. Trowbridge, Fred Vogel, Frank Jacobs.

Engineering Notes.

Dean Johnson is in daily receipt of express packages containing pictures of the new Engineering Building, most of these coming already framed with the express charges prepaid. There will be probably several hundred of these pictures contributed to the new building by various railway and steamship lines, and manufacturing establishments. They will all be of engineering interest and of instructional value as well as ornamental to the walls of the new building. These walls have been tinted so as to make a beautiful background for this purpose.

The heat was turned on in the new Engineering Building to-day in all parts above the basement floor. The shades are being hung and the gas fixtures put up. The building will be wholly completed within the next two weeks and will be ready for inspection by the public at the time of the dedication of the new Library Building. The Engineers Society will hold its first meeting to-night in the new building.

Dean Johnson goes on Saturday to visit the American Terra Cotta & Ceramic Works near Chicago. He will make numerous selections of their various products both in the terra cotta and in the porcelain, and these will be arranged in cases on the sides of the balcony about the Steam Laboratory.

The course of non-resident lectures of the College of Engineering will be replaced this year by a course of lectures given by the professors of the department. These lectures will all be biographical and historical, the subjects of which will be the engineers of world-wide reputation whose names appear upon the outside of the building. These lectures will begin immediately after the holiday vacation and will be given in the auditorium of the new building.

—At a meeting of the Athletic Council last evening the season's football schedule was approved, and the work of the various managers of last year officially sanctioned.

The new campus postoffice at Yale was formally opened for work last Monday.

Harvard has a candidate for centre who weighs 275 pounds.

—Bess Baldwin, '02, is attending Pratt Institute.

GREAT SOCIAL EVENT

Y. M. AND Y. W. C. A. ANNUAL RE- CEPTION TOMORROW EVENING.

President and Mrs. Adams Will be Present—Elaborate Preparations Complete for the Event.

The extensive preparations for the joint reception by the Young Mens' and Young Womens' Christian Associations tomorrow evening in Library Hall are almost complete. This reception has become one of the opening features of each year's work, and is always looked forward to with great expectancy by all students both old and new. No better opportunity is offered to the new students for becoming acquainted with members of their own and other classes, and indeed with many members of the faculty. The absence of anything like formality permits the mingling of the guests on terms which place everyone at their ease. The associations have always been noted for their great cordiality in welcoming new students, so their annual joint receptions continue to increase in popularity. Neither expense nor effort is being spared to make this reception the best in years. From present indications the result anticipated by those in charge will be a complete success. Prof. Nitschke's orchestra will supply the musical part of the program.

One of the best caterers in Madison has been engaged to contribute his share to the evening's entertainment. Elaborate decorations are being prepared. The guests will be received from eight to ten, in the old Library Hall.

The committee on patrons and patronesses for the reception announce the names of President and Mrs. Adams, Acting-President and Mrs. Birge, Justice and Mrs. Winslow, Colonel and Mrs. W. J. Anderson, Professor and Mrs. O'Shea, Professor and Mrs. Scott, and Miss Mayhew.

Communication.

To the Editor.

Permit me to say a word through your columns to the student body concerning the work of the Madison Park and Pleasure Drive Association. The opening of another college year, has brought among us some five hundred, or more, young people, most of whom are not familiar with what this Association has done, and it is trying to do, in the city of Madison. We ask that those students who are familiar with this work will do the Association the favor of explaining to those who are not familiar with the nature of this work, and impress upon all the necessity of doing no injury to any of the shrubs, trees or vines growing along these drives or in the woods through which they pass. I speak of this now because of the damage that has recently been done to some of the trees and shrubs, and I regret to say that it has not all been done by the new student. Recently I met a student, who has been here for several years, coming in over the Lake Mendota drive with his buggy profusely decorated with broken branches of mountain ash, and upon being asked from what portion of the drive these branches came, his reply was, "not from the drive at all, but from a point beyond

the cemetery." The fact is that he had driven through the park known as Larkin woods, which belongs to the Association, and had stripped a young mountain ash tree of every one of its berries. This may have been the result of pure thoughtlessness, and yet one would suppose that such an act would be impossible by any one who had been here as a student a number of years.

These grounds are largely used by students, and without any expense to them. We wish to make them more beautiful that they may be more enjoyed, and we ask the hearty co-operation of all students along this line.

John M. Olin.

WINNER OF RICHMOND PRIZE.

Frank H. Gugel Awarded Fifty Dollar Prize for Best Essay.

Last spring a prize of \$50 was offered by Hon. Thomas C. Richmond for the best essay written by a University student. The essay was to take for its theme the question of money, and was to be along the following lines:—

1. What is an honest dollar? Illustrate.
2. Tested by the answer to the first question, has the gold dollar of the United States been, during the period from the year 1873 to the present time, and is it now, an honest measure of value and of deferred payments.
3. What, if any, change do you propose or do you think necessary in our present standard of value, to secure to the people of the United States an honest monetary system?

The following judges were selected: Judge J. B. Winslow, Prof. F. G. Hubbard and Dr. J. D. Butler.

After due consideration the prize has at last been awarded to Frank H. Gugel, law '01.

Mr. Gugel treated his subject from a democratic standpoint. His essay has been handed over to Judge Winslow, who will have it published soon.

Scholarships in Music.

At Library Hall, Thursday evening was held the contest for scholarships in music offered by the Congregational church choir. The conditions were that each person granted a scholarship, shall in return for the same, sing one year in the Congregational church choir. The scholarship consists of a year's free instruction either at the University School of Music, or the Farnese School of Music.

Up to the present time only the sopranos and altos have been chosen. Of these the fortunate receivers of the scholarships are as follows:

Sopranos—Misses M. G. McCauley, Mary Hatch, Lila Ransom.

Substitutes—Evelyn Kanouse, Mrs. J. M. Cochrane.

Altos—Misses Susan Wilson, Agnes Pratt, Rose Winterbotham. Substitutes—Birdie Morse, Ada Winterbotham. The basses and tenors will be announced in the near future.

No Convocation.

The regular weekly convocation which was to have been held at 12 o'clock today has been postponed until next Friday by order of the president.

—Allen John, '04, left last evening for a visit in Marinette.

—Martin Odland, '00, who declined the democratic nomination for county superintendent in the Eastern district of Dane county, is now assistant principal of the De Forest High school.

P. & S. Game.

Every lover of football should rejoice that at the last moment arrangements have been completed for a game tomorrow. It will be the first real game of the season and an unusually heavy one at that. The P. and S. men are almost without exception old college players and will give the 'Varsity a hard rub. It will be hard, fast football and a game that no one can afford to miss. This team decisively defeated Northwestern last Saturday and seems to have gotten into the game early in the season. Everyone that wants to see a rattling good game turn out tomorrow!

Reception Tomorrow.

The annual joint reception of the Christian Associations is the first important opportunity offered for the formation of acquaintances between old students and new. This reception takes place tomorrow evening at Library Hall and every student who can do so should make it a point to be present. The work done by these organizations is a great one and should receive the hearty support that it merits. Attendance at this function will help to swell the interest in the christian organizations and at the same time present an excellent opportunity for meetings between the members of various classes and departments.

The Cardinal is glad to welcome Mr. Robert Wild back to Madison and to wish him success. Mr. Wild was Editor-in-Chief during the year '98-99. He has also represented the University in the inter-collegiate oratorical contest and is a speaker of exceptional ability.

Prof. Olin's communication ought to receive the careful attention of all frequenters of the drives and parks surrounding Madison. Any acts of vandalism should meet with severe punishment.

Agricultural Notes.

Professor Henry spent about four months abroad this summer, visiting at the Paris exposition and in various European countries. At Paris he attended the Congress on the Rational Feeding of Cattle, as a delegate from the United States. He pronounces the agricultural exhibit at Paris very good, particularly the exhibit of France. The United States exhibit was also very interesting especially the dairy exhibit. The University dairy school was awarded a gold medal for its cheese exhibit. Dr. Babcock was awarded the grand prize of honor, the highest award given, for his milk test. Professor Henry in his tour of the European countries visited twenty-one agricultural colleges and experiment stations, studying the agricultural conditions abroad.

The College of Agriculture has received a communication from the educational authorities of Manila asking for instructors in scientific agriculture.

Extracts From University Library Rules.

I. The University library is open daily during term time from 8 A. M. to 6 P. M. and from 6:30 to 10 P. M., except on Saturdays, Sundays and legal holidays. On Saturdays the library is open from 8 A. M. to 4 P. M.

II. Students may become entitled to borrow books for home use upon the presentation of a library deposit card which can be obtained by the payment of \$2.00 to the secretary of the Board of Regents. This deposit, less charges for damages and fines, will be refunded upon the return of the card, endorsed by the librarian.

III. The holder of a card is entitled to borrow two books at a time. No two students will be permitted the use of the same card. Books may be retained two weeks and may be renewed for one week. A fine of two cents a day will be charged on each volume retained longer than the rules permit. In order to insure credit for books returned, they must in all cases be delivered to the person at the University library delivery desk.

IV. Encyclopedias, dictionaries and other reference works are not to be taken from the library. All other books are subject to reservation as reference works; when so reserved they may not be drawn from the library except at the close of library hours on Saturdays and must be returned by 8:15 A. M. on the following Monday. A failure to return such books at the proper time will subject the person to fine at double rates and to a forfeiture for one month of the privilege of borrowing reserved books.

V. Unbound periodicals may not be taken from the library by students. When taken from the periodical cases for use in the reading rooms, they are to be returned to their proper places in the case.

VI. All books and periodicals taken from the shelves in the reading and periodical rooms should be returned to their proper places after use. All books obtained from the University library delivery desk should be returned to said delivery desk.

VII. Courtesy to readers demands that the utmost quiet be maintained. Hence all unnecessary conversation is prohibited.

Is Chicago Watching Us?

It has been discovered that some one is getting the football plays at Randall Field. They take them with an Eastman Kodak, and buy their supplies at Sumner's Drug Store, as he carries a full line and is agent for Eastman's goods.

Met the "Boys."

Dear Father:—After bucking hard all the week I took a constitutional around the pack up town and met several of the boys at the One Minute Coffee House. One fellow ordered "Adam and Eve on a raft" and a cup of fierce coffee. We all followed suit. It proved to be poached eggs on toast and the best Mocha and Java. Send me that V which ma is saving—that "calf money."

Artie.
