DRAMA CLUBS MAKE BIG HIT AT ROCKFORD

Capacity House Greets Second Performance of Joint Play; Cast Returns Today

(Special to Daily Cardinal)

ROCKFORD, Ill.—A capacity house last night greeted the second performance of "On the Hiring Line," Pre-Prom play and joint production of the three University of Wisconsin dramatic societies, Edwin Booth, Red Domino, and Twelfth Night.

The play was presented here under the auspices of Rockford college as a benefit for the Rockford Foundation, and, although the production may have been a little more spicy than was expected by a Rockford audience, yet it was well received and scored a distinct success.

Cast Returns Today

The company returns today from Rockford for the third presentation at the Parkway theater tonight.

Parkway Not Damaged

The Parkway announces that the theater has not been seriously damaged by the Kornhauser fire and that the performance of "On the Hiring Line" will be presented tonight.

Three dramatic clubs decided to repeat "On the Hiring Line" when it was realized that the vacation between semesters had taken many students home as well as the fact that the Prom performance was more of a Prom function which kept many people from going.

Play Made Hit

The play made a decided hit with the Prom audience and newspaper reviewers. Special emphasis was put on the professional nature of the production by the reviewers.

How Sherm Fessenden, a successful business man, gets his household into a set of farcical complications when he tries to solve the problem of getting servants to work in the country by hiring detectives to act as butler and cook is the basis of the plot of the play.

700 Crowd Ag Hall At Annual "Meetin"

More than 700 people crowded Agricultural auditorium last night to attend the second annual "Punkin Holler Community Meetin" given under the auspices of the Agric Triangle and the Euthenics club.

The program consisted of typical rural community acts by representative characters of the country. Agricultural hall was converted into "Punkin Holler" town hall for the occasion. Music was furnished by the Short course orchestra, and members of Agric Triangle.

CONCLUDE 181 REPORT

The conclusion of the report on course 181 made by the Student Senate investigating committee will be found on Page 5 of this issue of the Cardinal.

HELEN BENNETT SPEAKS AT 2ND WOMAN'S MEET

Y. W. Secretary Itemizes Prerequisites For Success

Miss Helen M. Bennett, manager of the Collegiate Bureau of Occupations, and Miss Eliza Butler, national personnel secretary of the Y. W. C. A., spoke at the second meeting of the woman's vocational conference held Friday afternoon in Lathrop parlors.

"Three important things are to be stressed by a woman when she chooses her profession," declared Miss Bennett. "She must decide if the task is something she is capable of doing; it must be something she really wants to do; and she must decide whether or not it is practical. There are many opportunities open for women in the business world and the chief reason for lack of success is that the girls are unfitted for the work."

Miss Butler spoke of the many opportunities open to girls as professional Y. W. C. A. workers. There are four types of associations open to girls interested in the work. Student communities, town and country associations, country associations, and city associations need paid secretaries, according to Miss Butler.

"From one to five years experience in this work after graduating is the best possible work to fit a girl for the industrial field. It is a training school in which practical courses are taught."

The system of vocational guidance was intended to help each employer in securing the best workers at least possible cost, and the motives for work have been changed from fear and the pay envelope to love of the job for which the worker is best fitted, according to President Walter Dill Scott of Northwestern university, who spoke at the first meeting of the conference on Thursday.

"The outbreak of the World war in 1914 brought an era of progress in the handling of men," said President Scott. "Marked changes in education, vocational guidance, and motivation for work and industry made for progress in the handling of men."

PABLO CASALS, SPANISH 'CELLIST, HOLDS HIS AUDIENCE ENCHANTED

A concert of more than ordinary interest was that of Pablo Casals, noted Spanish 'cellist, at the university gymnasium last night. From the first moment that those present heard the sound of his magnificent instrument until the last tone at the close of the program they remained motionless and enchanted.

Throughout the musical world, Casals has been heralded as the greatest of musicians, and certainly on his chosen instrument he is in a class by himself. His intonation is pure and wonderfully accurate; his left hand technique is like that of a violin virtuoso, while his tone is at times more pleasing than that of most violinists, since it is larger and more far-carrying.

He is above all a thorough musician, for his interpretations have the solidity of the mature thinker

Pre-Ball Dance to Be Held March 17

St. Patrick's Day, March 17, has been set as the date for the Pre-Military ball dance, which will be held in the university gymnasium, according to I. O. Hughes '22, chairman of the event, and the sale of tickets at \$1.50 for each couple will start immediately.

In order to make the dance an affair at which all students will feel free to attend, military uniforms will not be worn at this function. It is planned to make the dance a strictly informal party.

The dance is the first of a series of pre-Military ball parties which are being given this year by the university cadet corps, Gun and Blade club, and the American legion. Gun and Blade has also arranged to present a play at the Parkway in March, although a definite date has not yet been set.

Those who have been asked to act as chaperones at the pre-Military ball dance are President E. A. Birge and Miss Nan Birge, Dean and Mrs. S. H. Goodnight, Prof. and Mrs. Gordon McKay, Prof. and Mrs. James H. Walton, Mr. and Mrs. Tiege, Major and Mrs. John S. Wood, and Major and Mrs. Orlando Ward.

Offer Two Vodvil Acts at Agric Ball

Curley Wentworth will appear with his own company in an original musical act and "Doc" Hughes will display plenty of local color and comedy in an original monologue at the All Agric ball tonight in Lathrop hall.

Confetti, streamers, and colored spotlight effects will add to the enjoyment of the evening, giving a bizarre, mardi-gras effect.

"Scoop" Taylor, in charge of the ticket sale, which has been conducted in advance on the Ag campus and at the Badger pharmacy, reports that there will be tickets on sale at the door, but that the limit of 250 couples will not be exceeded. One member of each couple must be a student of the College of Agriculture, a faculty member, or a graduate student.

Chaperones for the evening will be Prof. and Mrs. William A. Sumner, Prof. and Mrs. W. H. Wright, and Prof. and Mrs. H. W. Stewart.

BIG SKI MEET IS HELD TODAY AT 2 O'CLOCK

Gigantic Jump on Muir Knoll
Is In Perfect Condition—List of Entries

With the gigantic jump on Muir knoll in perfect condition, everything is set for the opening of the big ski tournament to be held here at 2 o'clock this afternoon. The imported snow arrived safely on Thursday from Eau Claire, and, under the supervision of Tom Norberg of the Badger Ski club, was rushed to the slide yesterday and packed in place.

The slide, which is one of the best in the United States, will be used today for the first time since its erection two years ago. To add height and distance to the jump made, the end of the take off was extended yesterday afternoon by an additional 10 feet. This will make possible jumps of over 110 feet even though the day should be warm and the snow soft.

Gopher Riders Arrive

In trial jumps which were made yesterday afternoon, the riders were able to rise higher in the air than from the take off of the new Cary, Ill., slide which is considered the best in the world, and many sensational jumps are promised for the contest this afternoon.

The five riders of the Gopher Ski club representing the University of Minnesota arrived this morning from Minneapolis with their coach, C. B. Roemer, and will practice on this slide this morning in preparation for the dual meet with the Badgers this afternoon. The Gopher ski artists who will compete are Axel Langseth, Sigurd Swensen, N. D. Kean, Russell Schei, and Orling Larsen. The northerners have had the advantage of snow since Christmas on their home slide and are in much better condition for the meet than are the Wisconsin representatives.

Receive 40 Entries

The Badger team of five men will be picked this morning from the following group of riders: Seerre Storm, Tom Norberg, Arne Brinck, Einar Isdahl, Gordon Taylor, Kenn Fagg, and R. S. Goodrich. Hans Gude may be kept from participating by a wrenched shoulder. None of the men have had any practice this season except the few that took part in the Cary meet some weeks ago.

Over 40 entries have been received for the mid-western meet. These include 12 jumpers from the (Continued on Page 2)

Agric Song Contest Closes at 6 Today

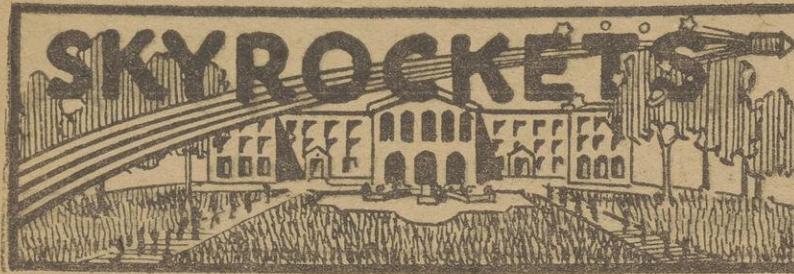

The Agric song contest which was opened in January will end at 6 p. m. today. Many songs of a very high caliber have been received, and it is expected that the decisions will be close.

"The song contest has been a distinct success," according to Bert Langen '23. He urges that all songs written for the contest and not as yet submitted be turned in by noon today.

Indian Trail Guide
Ready for Students

"Little Walks about Madison" is the subject of an interesting and valuable directory pamphlet recently published by the Historical society, written by C. E. Brown, chief of the Historical museum.

Prepared especially for the use of students, this paper is a guide to the ancient Indian trails that lead to places of historical interest which abound in the hills and valleys surrounding Lake Mendota. With the coming of milder weather, many students find a lure in short hikes. Suggestions for new trips may be found in this pamphlet.

In addition to the guide, Mr. Brown has had printed a small booklet of Indian folk lore. Both pamphlets may be obtained at the office of the Historical museum for the asking.

PENN. MEETS ENGLISH TEAM
The Pennsylvania university track team, after entering in the largest meets in the East, will sail for England on March 22 to compete against a combined Oxford-Cambridge team in London on April 8.

Hold Big Ski Meet
Today at 2 O'Clock

(Continued from Page 1)

Norge Ski club of Chicago, and individuals from many of the small city clubs throughout the state Contending for the Wisconsin state amateur championship are entrants from Milwaukee, Eau Claire, Stoughton, Watertown, Mount Horeb, Madison, and La Crosse.

List of Entries

The members of the Chicago club who will compete are: Karl Nilsson, Alf Jansen, Arne Sletner, Carl Norman, Rayhar Heyerdahl, Haldor Hagen, Norris Waterman, Sigurd Stedt, Fred Bruun, Tor Wollebak, Jon Furst, and Erling Gordon. Other entrants are: Sven Welhaven, John Plichta, and Arvid Kakke, Milwaukee; George Campen, La Moine Batson, Edward Baker, John Olson, Henry Fleming, and Carl Mortensen, Eau Claire; Erling Landwick, Ingolf Sand, William Sundby, Stoughton; L. J. Sverdrup, and O. M. Vikre, Minneapolis; Alvin Wegemann, Water-

made arrangements to film the meet, and has already taken pictures of the work done to put the slide in shape.

Engineers Dream Of Motor Carts Run by Wireless

A little cart, galloping about the campus on three wheels with Bosco for a playmate, is a sight that may greet the wondering eyes of 8 o'clock hill climbers in the near future if the dreams of H. H. Germond '23, and W. P. Flynn '23, are brought to a realization.

In the February number of the Wisconsin Engineer, placed on sale yesterday in the Engineering building, Germond and Flynn tell of the system they are developing for controlling the antics of a motor-driven vehicle by means of wireless waves. They have constructed an experimental cart—an honest to goodness vehicle—which they are able to start and stop; and they are now trying to develop a system of controls for steering it.

Ernest Bateman, chemist at the Forest Products laboratory, continues his treatise on the mechanism of protection of wood by preservatives in which he discusses the isolation of "barren" or non-toxic oil from coal-tar creosote and gives a mathematical proof of the existence of a solubility partition in certain coal-tar fractions.

E. L. Goldsmith '15 describes the nature of the work and the prerequisites for patent work in his article "Patent Law and the Engineer," while Dr. W. R. Whitney, director of the General Electric Research laboratory tells what characterization a man needs if he wishes to take up scientific research. Commercial training for the engineer is discussed by H. H. Wheaton '22, who contends that such training is not only desirable but necessary as a part of an engineer's life equipment.

Von Geltch Here In Recital Feb. 28

Waldo von Geltch, one of the best known of American violinists, will play here February 28 at the Presbyterian church.

Professor von Geltch for 11 years had charge of the violin department of the University of Wisconsin and has taught at Nashville, Chicago, and the University of South Dakota. Last year he resigned as professor of violin in the University of Wisconsin to devote his time entirely to concert playing. Although he has toured extensively and has been heard in every state, he retains his home in Madison where he devotes some time to practice teaching between his tours.

At present Professor von Geltch is under the management of Harry and Arthur Culbertson who maintain offices in New York and Chicago, and who direct the concert tour of Muratore, the great tenor of Chicago opera.

Twelfth Night Gives Plays February 25

The date for the postponed open meeting of Twelfth Night dramatic society has been set for Saturday, Feb. 25. The presentation of the three one-act plays which will be presented at this time was interfered with by the Pre-Prom play, and work had to be stopped last semester.

The plays are in better condition now than they could have been during the hurry and bustle of the close of the semester, according to Helen Double '22, production manager of Twelfth Night.

Disposition of Waste Is Serious problem

—BAKER

"We need a closer co-operation between industry and the public and between the state and industry in order to bring about a satisfactory solution of industrial waste," said C. M. Baker, state sanitary engineer, who spoke before the Chemistry club in the Chemistry building Thursday night.

"To determine what process will break down waste and to analyze the constituents of it is the serious problem facing the chemist.

"The disposal of industrial waste has as yet received no real solution, and it remains for the chemists of the future to solve it."

READ CARDINAL ADS

JOINT PRODUCTION IS REPLETE WITH MANY AMUSING INCIDENTS

"Venus, emerging from the motor coat."

Roberta Louden, as Pansy Capron, and Arthur McCaffrey, as Ronald Oliver, are participating in one of many amusing and lively incidents in the pre-prom production, "On the Hiring Line," to be presented at the Parkway theater tonight by

the dramatic clubs Red Domino, Twelfth Night, and Edwin Booth for the benefit of the great number of people who were unable to see the play on February 2.

The price has been lowered to meet popular range. Tickets may be purchased in Bascom hall or at the Parkway. Prices are \$1.50, \$1, and 50 cents.

ENGINEERING COMMITTEE HEARS EXAM COMPLAINTS

The introduction of complaints concerning the nature of the final examinations in certain courses and

the amount of weight given to final examinations in determining grades in those courses enlivened the regular monthly meeting of the Student-Faculty committee of the College of Engineering Thursday night.

THE SKI MEET

IF PERSEVERANCE brings its own reward the Badger ski jumpers should be repaid in hearty measure this afternoon. Perseverance and a great deal of initiative have been necessary to arrange the jump and provide the snow. The latter has been imported from the north at a cost of more than 50 cents per pound.

There was more than perseverance needed in arranging the meet. The Badger Ski club had invited the other entrants to Madison, and as a point of honor, it was necessary that the meet be held in no other place. Wisconsin can well be proud of the Norsemen who showed the good sportsmanship to arrange for the meet despite lack of practice and even lack of snow.

The meet deserves a large attendance. Skiing is a good sport to engage in and an exciting sport to watch. Added to the natural pleasure of the sport there is the warm thrill that comes from rooting for the success of men who have proven that they deserve it.

At this meet three championships will be determined: the Midwestern, the Wisconsin state, and Minnesota-Wisconsin. The meets between the two schools have so far resulted in a win for each school. Having recently tasted defeat at the hands of the Gophers, it will lend an added spirit of rivalry to today's contest.

Whether or not we love skiing, we at least admire good sportsmanship. And we can have no better chance of proving it than by attending the meet this afternoon.

WHAT ABOUT ENTERTAINMENT

THE lack of entertainment between halves at the varsity basketball games should be remedied. It is entirely possible that there is some cogent reason for not providing this entertainment. However, in previous years it has been furnished and no evil results were apparent.

The period between halves is a tedious one,

especially when the crowd of supporters has been keyed up to a high tension in the preceding half. Dropped from this tension to a sort of restless coma, the effect is decidedly displeasing. It not only shows lack of consideration for the crowd, but it also is a poor way to entertain visiting schools.

In former years the varsity gym team has appeared between halves and entertained on the trapeze, horizontal bars, and flying rings. At one game this year the gym team appeared on the floor ready to start, but they were prevented from doing so. Judging from this, the gym team is willing to come out. Whatever the reason may be for not allowing them to do so should be explained. And if that reason is sound, why could not some other entertainment be offered?

The place rightly belongs to the gym team. It is one of the very best opportunities for Wisconsin supporters to see the team work out. Practice is provided for the team and, what is better, recognition is given them. Gymnasium work is largely devoid of crowd support and student encouragement in any event. Added interest and impetus could be in this way given to the sport.

But whether or not the gym team can appear, something should be done toward relieving that period of tension between halves. There are any number of suggestions that might be made to provide entertainment. If none of these would meet with the approval of the athletic department, then it is clearly up to them to find some other means. We would like to see some arrangement made before the Northwestern game.

HERE'S YOUR CHANCE!

THE joint production of Edwin Booth, Red Domino, and Twelfth Night appears again at the Parkway tonight. "On the Hiring Line" is one of the cleverest farces that students have laughed at for a long time, and if you want to be in on the laugh, attend the Parkway this evening.

The productions of the university dramatic clubs have always been high grade and have been highly praised by those in a position to know how much they have reached above the usual amateurish standards. Much of their success has been due to the excellent coaching of Miss Gertrude Johnson, who has for 11 years given her services to polish of the rough edges that are so common in college productions.

This year her work is beginning to receive the recognition that is due it, for the joint production has gone on the road for the first time in the history of university dramatics. It is to be hoped and expected that future years will see still further expansion and recognition of the really worth while efforts that are put forth at the university in the dramatic field.

GETTING A GOOD START

Ages ago someone said that to be well begun was to be half done. In other words, he meant to convey the thought that a good start was the most important step in the accomplishment of a task.

It is never too late to start right, at least it is never too late to try, but the most opportune time for making an all around good start is at the beginning of the year.

No one questions the value of a good beginning. The person who gets a firm, early grasp on his objective stands the much better chance of succeeding. A careless early training often spoils the child nature.

So while the year is young and bulging with possibilities, do not lose the opportunity to get a good start and thereby insure success, for we get out of life only what we put into it.—McGill Daily.

BULLETIN BOARD

FRESHMEN WOMEN

Freshman commission will give a tea for all freshmen women in Chadbourne parlors, Saturday, Feb. 18, from 3 until 5:30.

WASHINGTON PARTY

The Newman and Mercier clubs will give an informal dancing party at the Woman's building, February 21. Jess Cohen's six piece orchestra will furnish the music. Tickets may be procured at the rectory, 723 State street. All Catholic students are invited.

CLEF CLUB TRYOUTS

Tryouts in Clef club for freshmen women and upperclassmen who were trying out in the fall, will be held Thursday, Feb. 23, at 7 p. m., in Lathrop parlors. For appointments call Lois Jacob, B. 5052 or B. 3418.

SIGNAL

Short business sessions in Engineering auditorium at 7 p. m., Monday, before moving picture, "Signal Corps Troops in Action," at 7:30.

BADGER CLUB

All university men and women are invited to attend the meeting of the Badger club at 8 o'clock Sunday evening in the "Y" parlors. Secretary Frederick E. Wolf will speak on "The World We Live In."

ICE CARNIVAL PRIZES

Those who have not received their prizes won at the ice carnival should call for them at the Chi Phi.

AGRIC TRIANGLE

Regular meeting of Agric Triangle at 9 a. m. Sunday in the S. G. A. room of Lathrop hall. J. M. Kolb will speak on "Opportunities for Service in Rural Life." All Agric men are invited.

BADGER CLUB

Regular meeting of the Badger club at 8 p. m. Sunday. Secretary Frederick E. Wolf will begin a series of talks on "The Struggle for Success." Meetings are open to all university men and women.

INDUSTRY AND THE CHURCH

A course of 10 lectures, with discussion, Sunday noons at the First Congregational church by Prof. A. P. Haake, of the economics department. Subject for Feb. 19, "The Organization of Industry."

SPANISH CLUB

Meeting of the Spanish club at 7:30 Monday, Feb. 20, in Lathrop parlors.

METHODISTS

The Methodists will meet at a cost supper at 6 p. m. Sunday. There will be a special program by the Philippino orchestra and the Wesley male quartet. Everyone welcome.

MEN'S FORUM

The men's Sunday Forum will meet Sunday at 9 a. m. in the Green room of the Y. M. C. A. All those interested in the modern movement of Christianity are cordially invited.

W. A. A. Elects Final Emblem Committee

The Final Emblem committee, elected at the meeting of W. A. A. Tuesday night, consists of one all-university senior, Ellen Correll; three association seniors, Frances Becher, Alice Oakes, and Alice Tucker; and two association juniors, Elizabeth Kirk and Elizabeth Torkelson.

Mabel Winter '22 and Belle Knights '23 were elected as delegates to the sectional convention to be held in Denver in April. Donations were voted to both the Mayhew fund and the Helen Kasbeer fund.

New members taken in are Helen Pratt '24, Lois Berry '25, Katherine Fuller '24, Jane Baldwin '25, Marion Strain '25 Deborah Shaner '24, Marion Fisher '25, Marion Moehlph '23, Janice Boardman '24, Esther Fifield '25 Eleanor Sikes '24, and Anita Haven '24. Pins were awarded to Fern Foxen '22 and Victoria Werner '22; and a big "W" was awarded to Dorothy Cremer.

HERE IS CONCLUSION OF REPORT BY STUDENT SENATE "181" COMMITTEE

(The following is the conclusion of the report submitted by the Student Senate committee investigating charges made against Accounting 181. The first sections of the report were published in Thursday's issue of the Cardinal.—The Editor.)

Charge 3

It has been charged that the department has been militaristic in the conduct of the courses.

There are five phases to this charge.

1. The general attitude of the department.

2. The complaint that in matters of cribbing, a man is held in suspicion until he has conclusively shown that he is absolutely innocent.

3. The complaint that 10 per cent is deducted on quiz papers not handed in at the ringing of the bell.

4. The complaint that laboratory doors are locked from 5 to 30 minutes at the beginning of the period.

5. The complaint that fear is instilled in students taking 181.

1. In regard to the general attitude of the department, we believe, gentlemen, that it is unfortunate that there is a feeling in the student body that the course is conducted along too rigid lines which in our hearings were often described as militaristic. However, we feel that there is justification for a certain amount of rigidity in a course having a business nature such as accounting has. Students must be trained in such courses to deal with men in a strictly business like manner. However, we believe that good judgment should at all times be used by the department.

2. In regard to the complaint in matters of cribbing—that is that a man is held in suspicion until he proves himself honest—we find that a large number of students have this feeling and we believe that it is due to frequent repetitions of warnings concerning violations of the university rules on cribbing. We learned from the department that in the past considerable cribbing has been done in 181 and because of university regulations the department was forced to conduct examinations under strict rulings. The department states that during the last semester nothing was said in regard to cribbing, but it was necessary at times to take away some papers. We hope that this policy will be followed in the future because as students, we know that any other policy tends to destroy the desire on the part of the student body for personal contact with the faculty.

3. In regard to the criticism that 10 per cent has been deducted on quiz papers for being late, we have found that on several occasions members of the department actually marked the words "Late 10 per cent off" on the paper in the presence of the student. We believe this to be an unfortunate happening because we have learned from the department that at least in 181 no deduction was made and the threat was merely a bluff to get the papers in on time. We know that the department sees its mistake in thus arousing student antagonism and as we know that the department is as desirous to remedy the existing ill feeling as we are to have it remedied, we know that some new means for getting in late papers will be devised in the future.

In fact, the department has told us that this semester students will be given 50 minute quizzes and allowed a maximum of 60 minutes to write them. We consider this lenient and fair and believe that the students should answer this fair treatment by handing in their papers on time.

4. In regard to the charge that laboratory doors are locked at the beginning of the hour, we find this to be true.

We find that from evidence collected that this practice has a tendency to arouse ill-feeling in the students toward the faculty, and second, we find that according to our state fire law the practice of locking, bolting, or barring the door of any room in a public building when in use by the public, is illegal.

We regret to learn from the head of the Commerce school that this feels that this situation is a re-

practice in spite of its illegality will be continued. We recommend that the attitude on this point be changed and that our law, no matter how minute, be obeyed. We believe that other courses on the hill should also obey this law.

As we understand student psychology, we can readily understand why students resent being locked out or in a class room. However, we believe that instructors should not be unduly interrupted and disturbed by late comers. Hence we recommend that students closely observe any reasonable regulation made by the department toward this end.

5. In regard to the complaint that fear is instilled in the students taking 181, we find that at times the faculty has reminded the students too vividly of failures in the past. In many courses this might not have any serious effect, but in courses such as accounting, where one problem represents a large percentage of the examination, the element of chance is already so great that the fears of the students are augmented by such reminders of failures. Under such circumstances the student cannot do his best work and he justly resents the attitude of some instructors in this augmenting his fears. We believe that in course 181 particular care should be taken in order that fears already too great may not be magnified.

However, we believe that the students are in some measure themselves responsible for these fears because of the part that members of the student body are constantly presenting them to the minds of their fellow students.

In concluding this charge of militaristic attitude in the department we find,

1. That the size of the instructional staff makes it impossible to have a personal contact with all the students in the course, but we believe that a student at all times has a right to courteous treatment. We urge that the students endeavor to come into more personal contact with the faculty. We know that this is the desire of all members of the faculty and we hope that in the interest of harmony between the students and the faculty the students will take upon themselves the responsibility of making themselves acquainted with the department.

2. We find that steps were even taken last semester to eliminate the feeling that one is being watched constantly for cribbing, and we urge that this policy continue.

3. In regard to the locking of the laboratory doors, we insist that the fire regulations be obeyed and some other policy instituted.

4. In regard to fear in the course, we urge that faculty and students alike put forth their best efforts to eradicate the feeling from the minds of the students.

Charge 4

It has been contended that there is an excessive price charged for the laboratory manuals. We find that due to an increase in the cost of printing and to the work involved in compiling and adapting the manual there is no excessive charge or profit.

Charge 5

It has been charged by several students that partiality is shown by the department to members of various commerce clubs and fraternities. We are pleased to state that such a charge is absolutely groundless.

Charge 6

It has been charged that quiz papers have not been returned and that hence the opportunity for the student to see his errors has been decreased.

We believe that such a policy is undesirable. Testimony shows that a great deal of the trouble and hard feelings towards the department has arisen through attempts of students to obtain their papers. We are glad to be informed that in the future the quiz papers will be returned, but because of the small personnel it will be impossible to note on the papers every mistake in detail. We believe that under such a policy of returning the quiz papers, followed by a discussion of the questions in the next lab period, many of the difficulties will be obviated.

In final summary this committee

is as desirous of seeing harmony returned as is the student body. We urge that the students do their utmost in co-operating to that end. Let us hope that the administrative difficulties that have helped to cause this situation will receive the attention of the proper authorities in the university and our state government in order that the Accounting department may be supplied with a sufficient staff to meet the demands of the increasing number of students.

The committee believes that in its actions it has done justice to all parties concerned. We submit this report to the Student Senate for your adoption or rejection.

(Signed)

WAYNE L. MORSE,
RALPH E. AXLEY,
MAYNARD W. BROWN,
Executive Committee.

NEWS OF CONFERENCE SPORTS

BADGERS FACE WOLVERINES IN CRUCIAL GAME

Dopesters Fail to Make Predictions as to Outcome

PROBABLE LINEUPS

Wisconsin	Michigan
Ceaser	F. Miller
Taylor	F. Kipke
Gibson	C. Ely
Williams	G. Cappon
Tebell	G. Reader

Coach Walter E. Meanwell and eight men left late yesterday afternoon for Ann Arbor, Mich., where they will play a crucial Big Ten Conference basketball game against the Wolverines tonight.

Both fives have won games from some of the strongest teams in the conference, and dopesters are making no predictions as to the outcome of the battle. Michigan lost by three points to Illinois at Urbana, while Wisconsin won from the same team by two points. Consequently, comparative scores give little indication as to the final score.

Should Stage Come-Back

If the Wisconsin team plays as good a game as they did against Illinois, they will win handily, but an exhibition such as was staged last Monday night would certainly mean defeat. Followers of Doctor Meanwell's quintet for several years past do not hesitate to predict that the team is going to go at a great pace on a foreign floor. This season's five is acknowledged to be as good as the one which tied for the conference championship last year, and consequently an improved style of ball is to be expected in the remaining games.

The team was not in the best of shape when it departed yesterday. Tebell is still handicapped by a brace on his leg, and it is possible that Irish will start at back guard. "Gus's" brilliant showing in the final moments of the Iowa game, however, insure his being used for at least a portion of the time. Gibson has about recovered from his recent illness, and should be able to give a good account of himself. The big center started out the season in a spectacular fashion, but his work of late has not been up to par.

Meet Purple Wednesday

The fact that Purdue may suffer a defeat, which would put other teams back in the running for the pennant, will serve as an added incentive to the Badgers tonight.

Doctor Meanwell, Captain Ceaser, Taylor, Williams, Tebell, Gibson, Irish, Gage, J. Williams, and Manager Davis are the men who made the trip. The team will return home on Sunday, and will spend the first two days of next week in preparing for the Northwestern five, which plays here on Wednesday.

Hold Big Ski Meet Today at 2 O'Clock

(Continued from Page 3)

front of Science hall at the foot of Park street. There will be six entrance lanes provided to handle the large crowds which are expected for the only skiing event which Madison has witnessed for several winters.

Judgments are made in jumping contests on the form and gracefulness of the jump as well as the distance. On each jump from 1 to 20 points are given for the form, and 1 point is given for each foot jumped. In case of a fall, no points are given on character, and 30 points are deducted from the distance made. Touching with both hands on landing is counted a fall. For touching with one hand on landing, 15 points are deducted. Two falls disqualifies a contestant until all standing jumps have been considered. The distance of jumps is measured from the face of the take-off to where the feet land.

GRAPPLERS ARE ALL PRIMED FOR PURPLE CONTEST

Fresh Wrestlers to Compete in Preliminary Event

Wisconsin wrestlers are in the prime of condition to meet the Northwestern squad in the dual meet to be held tonight, according to an announcement made by Coach Hitchcock last night. Although Northwestern will bring an enviable team to meet Wisconsin, the coach feels confident that his men will ably hold their own.

"Northwestern's combination is reputed to be a good one," declared Coach Hitchcock, "but I think we need have no fear. In fact, I have a great deal of confidence in my men. They are as good as any team we have had in a long time."

The following men will be used tonight: Phelps, 116 pounds; Woelffer, 125; Schenk, 135; Capt. Peterman, 145; Templin, 158; Hauer, 115; and Gregor, heavyweight.

A preliminary event in which first year wrestlers will compete will be also staged. In the frosh class, 115, 125, 135, 145, and 158-pound men will compete, while 115, 125, 135, and 145-pound sophs will also be given a chance to get acquainted to working before the crowd.

The meet is open to both men and women who are interested in seeing the event, according to a statement made by the athletic board.

Phi Psi, Sig Phi Eps, Betas Win in Semi-Final Round

The Betas, Phi Psi, and Sig Phi Epsilons won in interfraternity basketball Thursday night. The teams they eliminated were the Tekes, Theta Xis, and Alpha Gamma Rho.

The Betas swamped the Tekes by a score of 28 to 8. The Beta forwards were Pollock and Fitzgerald; center, Nolte, and guards, Gill and Lieberman. Fitzgerald made most of the points, putting the ball through the net six times. The Teke players were Monroe and Hastings, forwards; Horn, center; and Radke and Sperl, guards.

The Phi Psi downed the Theta Xis by a large margin, the score being 19 to 8. Farwell, at center, and Johnson and Smith, at forward, starred for the winners. The other members of the quintet were Bunge and Buell, who played at guard. The Theta Xi lineup was as follows: Carlson and Hotchkiss, at guard; Fern, at center; and Stuebing and Opitz at forward.

The Sig Phi Ep-Alpha Gamma Rho game turned out badly for the Aggies, the Sig Phi Eps quintet scoring 31 points to their opponents' 19. The lineups were as follows: Sigma Phi Epsilon: Hertz and Schaefer, forwards; Smith, center; C. Holm and H. Holm, guards. Alpha Gamma Rho: Hesse, Mills and Sayre changed off at forward; Gibson, Craig, and Sellers changed off at guards, and Royer played pivot.

Crippled Gym Team Meets Milwaukee Y. M. C. A. Tonight

Crippled by the loss of five of the best men, the varsity gym team will meet Milwaukee Y. M. C. A. here at 7:30 tonight.

Wisconsin defeated Milwaukee at Milwaukee last month by a score of 252.5 to 192.5. In spite of the former victory, Coach Fred Schlatter is not over-confident of defeating the Y. M. C. A. men tonight. The number of men at his disposal has been practically cut in half by ineligibility and other causes.

Five members of the varsity gym team have been declared ineligible by the faculty. Of these five, the loss of Frank Kubosch will be felt most severely. He was the mainstay of the varsity team, and would have been entered in four events.

Four other men, who are all very good, are now ineligible: Koch, Kruefer, Thompson, and Hamman. Boerke and Pfleger will not be en-

Badger Frosh Run In Initial Illinois Wire Track Meet

The Badger freshmen will meet the yearlings from the University of Illinois in a telegraphic track meet Saturday afternoon from 1:30 to 3:30 for the first time in the history of the two schools. The event will be run against time and the results compared by telegraph, thus allowing each team the advantage of running on its own track and saving traveling expenses.

The Illini frosh in this meet have the distinct advantage in all the distance races above the dashes, of having a much larger track with a longer straight-away on which much better time can be made than in the Wisconsin annex. On this consideration, Coach Burke bases his statement that the Suckers will probably win the meet.

In the distance events of the meet the Badgers will run Ralph Smithyman, Bert Hilberts, Robert Trier, R. L. Perry, John L. Bergstesser, H. F. Hoebel, and A. F. Robinson. In the dashes the frosh have Art Timm, I. M. Benson, J. D. Hart, Ezra Crane, E. J. Blewett, N. V. Blumenstein, W. C. Benson, and L. R. Harms.

For the hurdles the yearlings are counting on Robert Porter, W. L. Ragatz, G. S. Stebbins, Ralph Stehling, Norman Sharp, and George Lonergan. The quarter mile and half mile events will be run by L. M. Vallely, A. O. Johnson, E. Gutz, Albert Menke, Harry Hill, and Palmer Taylor.

In the field events are: Pole vault, Don Jones, H. Widder, and E. A. Schmidt; high jump, E. B. Donohue, V. C. Guenther, H. C. Bebb, and Donald Mack; broad jump, L. W. Muzzy; heights, P. R. Lallier, and M. Stangel.

Eighty Men Report For Ball Practice At U. of Illinois

(Special to Daily Cardinal)
URBANA, Ill.—Eighty men have reported for practice in answer to the first general call for baseball candidates at the University of Illinois. This is the largest squad that has ever reported for indoor practice at such an early date.

Under the watchful eye of Coach Lundgren the many battery aspirants have been working out for the past two weeks. With the return of Dougherty, regular backstop of last season, and McCom, the big slab artist, who broke his right shoulder in football the Illini coach has a large field of available battery men.

"Lefty" Barnes, the lanky pitcher who held Northwestern to a no hit-no run game last season, is showing up well in practice. Jackson and Bunker are the other veteran pitchers back on the job. Wally Roettger, the promising pitcher of last season's freshman squad, is still nursing his broken wrist, but from all indications will be able to make the spring trip to the south.

Coach Lundgren's chances have been but slightly affected by the recent faculty ruling, Jack Crangle and Dutch Kaiser being the only swatsman declared ineligible for competition. With veterans like Captain McCurdy and Stewart back in uniform, and the possibility of Hellstrom's leg injury allowing him to play, the task of selecting infielders should not be a difficult process.

Besides Peden and Vogel there are many aspirants for positions in the outfield. Reicke, the heavy hitting fielder of the 1920 season is eligible this year.

tered in this meet for other reasons.

There are nine gymnasts who will be entered in the meet tonight. They are: Bumer, Hansen, Kitchen, Kletzien, Leitz, Porth, Rand, Stevens, and Reinhold.

The team which Milwaukee will send will probably be composed of the following men: Zarnow, Casper, W. Redeen, B. Redeen, Wilmont, Walsh, Meir, and Heinze.

The meet with Milwaukee will not start until 8 p. m., and will be preceded by an interclass meet which will begin at 7:30.

SEVEN VARSITY TEAMS ENGAGE IN BIG MEETS

Four Wisconsin Squads Battle on Foreign Soil

Four Wisconsin teams will swing into action on foreign territory today. Besides the basketball team which meets Michigan at Ann Arbor, the hockey squad, track team, and swimming outfit engage in important meets.

The Varsity track squad entrained yesterday for South Bend, Ind., where it will stack up against Coach Knute Rockne's speedsters in the first dual meet of the indoor season.

Knollin Expected to Star
Newell and Wall are not in the best of condition for the meet. It is doubtful if they will start in any events. With the exception of these two men, Wisconsin is in tip-top shape to meet such Catholic stars as August Desch, hurdler and sprinter, Meredith, distance man, and Hayes, sprinter.

Capt. "Al" Knollin has been skimming over the sticks in the high hurdles event in championship fashion. He tied the indoor conference record at the Big Ten meet last year, and may be expected to repeat if conditions are favorable.

Sundt Shows Old-Time Form
Guy Sundt is putting the shot in his old-time form. Because "Chet" Wynne, Notre Dame weight man, was ruled out of competition for professionalism, Sundt will not have much trouble in copping first place in the shot put. George Finkle, Badger star distance runner, is expected to have no difficulty in taking his event. Finkle led a field of 70 runners in the Western cross country race.

While the track squad is racing Notre Dame, the hockey sextet will play the Indians in its seventh attempt to turn in a victory. The Badger puck chasers have been defeated six consecutive times, but with plenty of practice in the last week, they may make a better showing today.

Swimmers Meet Illinois
Notre Dame has a strong outfit which has taken the measure of conference teams on the rink. After the contest at South Bend, the Wisconsin team will entrain for Ann Arbor, Mich., where it meets the University of Michigan on Tuesday. It will then proceed to Lansing, for two games with the Michigan Aggies. The men who are making the trip are Grieve, captain and center; Baker, right wing; Mokrys, left wing; Blodgett, right defense; Combacker, left defense; Tredwell, goal.

Coach Joseph C. Steinauer's tankers will swim against Illinois in the first Big Ten swimming meet of the season. With several record breakers on the squad, Wisconsin will have an excellent opportunity to offset the defeats taken from Illinois for the last two years.

Relay Team is Fast
Johnson Bennett is Steinauer's best bet in the 100 yard and 220 yard swims. He has negotiated the former distance in time which is close to the conference record. J. J. Lamboley, H. E. Czerwonky, and Capt. William Collins are other Badgers who are counted upon to pile up points for Wisconsin.

The Badger relay team, composed of the four fastest men on the squad, is regarded as one of the speediest in the Big Ten. Lamboley, Davies, Sollitt, and Bennett will represent Wisconsin in this event. They will be forced to travel against four Illinois stars who have taken high places in all meets held this year.

Three Teams Compete
The Varsity tankers competed with a freshman squad on Thursday afternoon. In the last work-out before their initial meet, the men swam their distances in fast time.

While four teams are battling away from Madison, the wrestling, gymnastic, and ski-jumping teams are competing at home.
