The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

FORGOTTEN MEN

GERIATRICS may be justly termed the stepchild of medicine, so little attention has it received, and the aged are "forgotten men." Yet, medicine

can provide much comfort to ease the infirmities of old age, among which constipation is almost ever present. You will find, as many physicians have already found, that Agarol is the preparation well-suited to the treatment of the obstinate constipation of advanced years. The contents of the colon are softened by unabsorbable moisture, evacuation is made easy and painless and devoid of dangerous straining. Such action is, of course, desirable not only in the aged, but in every age group. Agarol is gentle enough for the young child, yet in proper dosage active enough for the adult. ¶ A trial supply of Agarol will be gladly sent to you. It is supplied in bottles of 6, 10 and 16 ounces.
