The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

STAND RECORD

FORESTS

Stand No. 3558

Name:

Locality:

County: Price

T: 30N

R: 2E

Sec: 29

Date: 3-7-53

Observers: Christensen

Size of Stand: extensive

Size of Area Sampled: 3.15 acres (uncut)

Forest Type: Balsam

Soil Type:

Topography: mostly lowland, few small rises

Slope:

Directions

Condition of Stand:

throughout.

A few old stumps. Much down logs. Many dead maples and conifer seedlings. Several deer tracks but no yarding. (Snow about 2 feet deep). Recent use of balsam light. Recent cutting in spots. These were avoided.
