WIN AT CHICAGO

THE TEAM RACE GOES TO WISCONSIN.

HOPKINS FIRST IN THE HALF MILE.

Downer Wins a Preliminary Heat in the 40 Yard Dash.

For the first time since track athletics have been on the list of Wisconsin's intercollegiate sports a championship has been won in that department and it is to be hoped that it is only a fore-runner of what we may see for in the future.

The party which consisted of Manager Overton, Dr. Ellson, Mr. Everett, Downer, Tower, Frame, Pittman and Hopkins left here Friday at 1:15 p. m. A number of students accompanied the team. The men stopped at the Sherman house, and Saturday forenoon was spent in going down to the Armory where the meet was to be held, looking over the ground and trying the track. The afternoon was spent in resting up for the evening's contests.

The first event was the 40 yd. dash in which Downer started. There were 40 men who started in the event, making 10 heats. Downer was in the eighth which he won in 5 sec., Cameron of the C. A. A. second. The second round of heats brought him against T. B. Turner and D. H. Jackson, the latter winning with Turner second. This was the fastest heat of the race, Jackson's time being announced as 4.3-5 seconds, which is the world's record. In the final heat Skillingen of the C. A. A. beat Jackson by the narrowest of margins, Bullard, U. of I. third, time 4.4-5 seconds.

The next race in which Wisconsin had an entry was the event of the evening, the intercollegiate team race. The other colleges entered were Lake Forrest, Chicago and Illinois.

In the drawing for position Wisconsin got the outside position with Lake Forrest on the pole, but when the gun cracked, Tower dashed at the steep banking of the first corner and shot down the incline ten feet ahead of the bunch which he held throughout the three laps, giving Frame a start which he also held, running a very good quarter and finishing about the same distance ahead of the field. The Lake Forrest man fell in this lap, and after this neither U. of I. nor U. of I. were in the race. Pittman ran better than he has ever done before cutting out a terrific clip for the first two laps, but losing a little ground in the third. He beat his man in, however, but made a bad pick-up and the Chicago man got away ahead of Hopkins who ran the last quarter. Hopkins, however, trailed him closely, passed him in the second lap and in the last one drew steadily ahead winning by 30 or 40 feet. Owing to the shape of the track, which was of four almost equal stretches and turns, the time was slow, 4 min. 83.5 seconds, but the pace was a

"scorcher" from start to finish and the race excited the greatest enthusiasm.

Within forty minutes after this event Hopkins went into the half mile and covered himself with glory by winning the event over such men as Turner, ex-champion of America and winner of the intercollegiate 880 when at Princeton, Woodbridge, captain of the Princeton track team in '93, McCrear, of Australia with a record better than 2 minutes and a lot of lesser stars. There were 19 starters and the favorites Turner and McCrear were on the inside of the front rank. Hopkins was in the middle of the second rank and in the general mix-up on the first corner he got into about 8th or 9th place. Running with excellent judgment however, he continued to work through the field, until he had passed all but Turner and McCrear. The latter was passed in the fourth lap and then Hopkins struck close to the ex-Princeton man until the stretch in the fifth turn, when he forged ahead in beautiful style and spurted the last lap winning by a dozen feet in 2.16.

These were the only events in which Wisconsin had men, so it can be seen that the percentage was not at all bad, the idea in taking men down being merely to win the team-race, if possible.

The banner which was the prize in the team race was put in the gymnasium this afternoon, where it is hoped that it will be incentive to make the men work for the spring meet.

MICHIGAN LETTER.

Oratorical Contests—The Enrollment—Base Ball and Track Athletics—Gymnasium Work.

Ann Arbor, Mich., March 2. (Special Correspondence.)—Oratory and orators have flourished here the past week. The class preliminaries to the 'varsity contest, March 15th, have resulted in the choice of the following for the final: J. E. Hickman and J. E. Lautner, '95; C. R. Stearns, '96; H. W. Danforth, '97; J. H. Mays and J. N. Davis, '95 law; F. L. Ingraham, '96 law.

The enrollment of students for the year was given out last week, the total being 2,852, to which number some will yet be added. The students are divided by departments as follows: Literary, 1,518; medical, 389; law, 657; dental, 188; pharmaceutical, 82; homeopathic, 18.

Entertainments and socials have been numerous for a week. Prof. Thompson's lecture before the Unity club on "The Individual and the State," the senior lit class reception and the freshman social have been the most noteworthy of these.

Economics, especially with reference to the currency question, is receiving a good deal of attention here now. The Michigan Political Science association admits student members for \$1, which membership gives them the quarterly publication of the association. The professor of the university is endeavoring to get a large student membership. Prof. Taylor read a paper on elasticity of the currency before a large audience the other evening. This paper was prepared for the state association and has attracted wide discussion. An organization of free silver advocates among the stu-

dents was effected on last Tuesday, to be known as the University of Michigan Silver club. So far about 75 members are pledged, but the leaders in the movement claim that they will secure 300 or 400. They intend to get the leading advocates of silver, such as Bland, Wolcott and Stewart, to come to Ann Arbor and deliver speeches on the subject.

The baseball candidates are at steady practice in the gymnasium, but it is too early to size up the individual players. The second western trip lasts from May 18th to 25th, and Wisconsin and Beloit are on the list of colleges to be played.

One hundred and fifty men responded to the call for a meeting of candidates for the 'varsity track team tonight. Capt. Le Roy and Trainer Fitzpatrick addressed the men on the plans for spring training. All but the broad jumpers and hammer throwers will work at their specialties during the month of March in the gymnasium. Practically all the candidates for the team have been doing class work in the gymnasium to get into good physical condition. There are now 1,200 or 1,300 students using the gymnasium, including 150 co-eds.

U. of M. Daily.

A WISCONSIN ATHLETE.

Despite a wet and slow track Copeland, '95, one of Stanford's mile men, made the 1,000-yard run within a second of the coast record. Copeland was a scratch man yet he easily passed all contestants, showing up specially strong in the final dash. The time made was 2:25 flat. It is safe to say that in the best of condition, on a fast track, Copeland can lower the coast record two seconds at least. —Daily Palo Alto.

PRESS CLUB.

The Press club will be addressed by Richard Petterick of Milwaukee, at the regular meeting, Wednesday evening, at 7:30 in the junior law lecture room.

ATHLETICS AT ILLINOIS.

Nearly all the members of the '94 baseball team at Illinois are in college. The outfield is almost sure to remain—Baum, Frees, and Roysden. Capt. Haskell will play in the short field and Lowes has an almost sure thing on the third bag. First and second bases and pitcher are where the fight is fiercest, there being three or four equally good candidates for each place. Huff, the old-time catcher, is back. The track team under Amos Clark is doing good work in the gymnasium. Bullard, a new man, and Rayburn are considered the most likely sprinters. Beebe and Fouts are throwing the hammer farther than they did last year, while Sweeney and Linn put in a good deal of work with the "medicine ball." Clark sprained his ankle a week ago. Training is going on for indoor events, for the home athletic association holds its annual indoor meet March 11. Physical director Dodge is holding classes in sparring and fencing. —Chicago Tribune.

—Gustav Heineman, law '96, has recovered from his recent illness.

UNITARIAN GUILD.

The Young People's guild of the Unitarian church held its regular meeting Saturday. The president, Miss McCune, being ill at home, Miss McMynn presided.

Rev. Mr. Simonds gave a short talk upon Emerson as a Preacher, saying, in the course of his talk that, as Emerson was a minister only four or five years there is no telling what he might have accomplished had he remained in the ministry. Emerson left the church because it chose to part with him rather than with the "super" or communion. While Emerson was of a noble bearing in the pulpit he lacked many of the qualities which are required in the ideal minister. Emerson seemed to feel that destiny had fitted him for a broader field than the ministry, and, in his chosen field of essayist he found occasion to record the fullness of his deep experiences and meditations.

The guild was further entertained by a recitation by Miss Rosenstengel and also a reading by Miss Ball.

It was announced that at the next meeting Miss Friedland would continue her paper on Russian Literature.

MELVIN CLUB.

The Melvin club held an interesting meeting at the home of T. Purcell on East Washington avenue Saturday. An unusually large number of members were present who had the pleasure of listening to an excellent program. Miss Kittie Luft gave a recitation in a very acceptable manner, as did also M. K. Reilly. J. T. Healy read a scholarly paper on the life of Father Ryan, the southern priest, patriot and poet. Miss Bessie Lynch and Dr. J. D. Purcell sang. Mr. J. L. O'Connor made a few brief remarks.

The election of officers for next term resulted as follows: James T. Healy, president; Miss Katherine M. Falvey, vice president; Miss Mary E. Donovan, secretary.

The club will celebrate St. Patrick's day, the 17th of March, with a banquet. St. Patrick's day falls on Sunday, but the banquet will take place the preceding Saturday night. Mr. M. K. Reilly will be toastmaster and among those who will respond to toast will be Rev. P. B. Knox, ex-Attorney General J. L. O'Connor, E. A. Conway, L. B. Murphy and others. The committee on arrangements has not yet decided where the celebration will take place.

The next meeting of the club will be held at the home of Justice and Mrs. J. B. Winslow, 131 Langdon street.

SCANDINAVIANS.

Nora Samlag is in a more flourishing condition this term than it has been for some years. The society rendered its second program last Saturday afternoon in Prof. Olson's room, North hall. There was a full attendance and several new members were admitted. Special features of the program were a sketch of the life of Bjoernson, by C. N. Johnson; an interesting account of the visit made by Bjoernson to the United States in '80 and '81, by S. M. Larson, and humorous reading by J. D. Moldstad.

A joint meeting of the different literary societies seems so feasible a scheme that one wonders why it was not thought of before. An entertainment comprising the several features of society work can easily be arranged and enough variety secured to make the program attractive. Besides this, the exhibition cannot help serving as a stimulus to a better standard in regular work.

The successful outcome of the relay team's trip to the C. A. A. meet is decidedly encouraging to those interested in the track team but it must not lead to any underestimation of the work necessary to make the meet June 1st, as successful. The team as a whole will have to meet rivals stronger than those met Saturday night and these successes, while they are very pleasing, should only be considered as the entering wedge to greater things which can be secured if the work is undertaken in the right spirit.

There is still much that can be improved in the work of the track team. The men have got to do more work and more men have got to get out. As yet very few of the old men are in training but it is high time for them to begin. Michigan has three times as many in training as we have and they are under the direction of a trainer who can give his individual attention to them. U. of I. has many more men in training than we have and the Iowa colleges are already at hard work, the Grinnell men already having gone to the training table.

We have plenty of good material

however. Now shall we get the benefits of it? Let every man turn in and do his utmost to help the team along and the victory last Saturday will not be the last for the track athletic team.

PROGRAM OF THE OLYMPIC GAMES.

The Greek committee, presided over by the Prince Regal, has just sent out the official program of the Olympic games to be celebrated at Athens, April 5 to 15, 1896. The athletic sports will consist of foot-races at distances of 100, 400, 800 and 1,500 metres, long jumping, high jumping and putting the shot. \$10,000 has been raised by the committee for cleaning the rubbish from the ancient race course, where these contests will be held. There will also be a cross country run of 48 kilometres over the course followed by the legendary soldier of Marathon, from the battle-field to Athens. The gymnastic exercises will be the usual feats of the present time, such as trapeze performances, work on the parallel bars, etc. Wrestling will hold an important place on the program, but boxing has been ruled out by the committee. There will also be shooting, swimming and boat, bicycle and horse racing. Cricket, lawn tennis and football matches will also be played. Amateurs only will be allowed to compete in all these events. In addition there will be a series of fencing contests open to professionals.—Daily Princetonian.

BASE BALL AT CHICAGO.

Prof. Stagg will soon begin the work of constructing a clay diamond on Marshall Field. It is also proposed to turf the outfield. The work of training the baseball team goes on with vigor in the cage. The men practice at ground balls, batting, base-running, and sliding, and the batteries do a certain amount of work each day. There is little doubt now that the team will be stronger than any the university ever put out. The best men of last year's nine, such as Pike, Nichols, Adkinson, and Abells, are still in college, and among the new candidates there are players of fine ability.

CHEMICAL CLUB.

The Chemical club will meet in the Chemical laboratory, on Thursday, March 7th at 7:30 p. m. Reports on various topics will be presented by Mr. Mead and A. P. Saunders.

—The New York Giants have signified their willingness to play Cornell this spring, and Manager Young thinks a game will be arranged to be played at New York City about April 15.

DON'T STOP TOBACCO

IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about **BACO-CURO**. It is purely vegetable. You do not have to stop using tobacco with **BACO-CURO**. It will notify you when to

stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box or 3 boxes (30 days treatment and guaranteed cure.) \$2.50. St. Paul, Minn., Sept. 7, 1894.

Eureka Chemical and Mfg Co., La Crosse, Wis.:

Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly,

ARROGANCE.

A painter sat at his canvass,
But art was not at his side,
Nor had she a part in his labor,
Till his hand had other guide.

It chanced that art's great master
Happened to pass that day,
And, seeing the painter working,
For art's sake stopped to say

How the work should be, nay, did it,
Then quietly went his way,
Nor asked other price for his labor
Than art herself could pay.

The painter gazed in wonder,
"Behold my work!" said he,
"For, of course, this other craftsman
Copied his art from me."

And the poor dunce died believing
The picture was all his own;
Ah, painter! those who are like thee
Outnumber the stars in the zone.

PROHIBITIONISTS:—There will be a meeting of the U. W. Prohibition club in the municipal court room Monday, March 4, at 7 p. m. This will be an important meeting, and all members should be present.
F. W. BARBER, Pres.

—Do you want a Cardinal sweater? If so look at the sample at the Co-op. A bargain if a large order is secured.

—Everyone should call at James B. Bradford and see the electric piano. The wonder of the age. The Nelson banjo is handled by the firm, and is one of the best makes in the world. A complete line of small musical instruments and sheet music. Call and see us.
J. W. and A. E. Graves, Managers.

—A dancing social will be given at the new dancing academy next Saturday evening. University students are especially invited. Ladies admitted free.

—Cabinet cigars on sale at Palace of Sweets, 109 State street.

—Another order for athletic goods will be sent from Co-op to Spalding and Bros. Saturday night.

—Fine Chocolates, at U. W. Confectionary.

LOST:—A copy of "Selections from Plato" lost in Main hall about one week ago. Finder please return to H. S. Siggelko, 311 Brook's street or leave with janitor of Main hall.
