BAY LEAVES

WILLIAMS BAY

VOL. 2

NO. 1

Greetings!
To

BRADLEY

Greetings!

"Bay Leaves is being published this season at the request of many of last year's readers. For several months I have been asked "When are you going to start the 'Bay Leaves'?"

Williams Bay is a busy place in the Summer and it will be the purpose of the editor to keep you informed regarding the activities of your village.

Right at the start I wish to get your help in making it even better than last year. You very kindly helped by turning in items of interest and in giving subscriptions. Try and write out items telling of visitors in your home, trips you make, clubs which you entertain and other news. Such copy should be in the editor's office by Tuesday evening of each week.

To make it easy to reach the editor, arrangements have been made for you to either mail copy direct or leave it with any of the merchants. William Elbert will accept such items at the Barber Shop.

The merchants are here to serve you with quality goods at low prices. See them for anything you need. If certain goods are not in stock, they can be secured for you very quickly.

As during last season copies will be sent to you each week. Volunteer subscriptions are asked to send copies out for publicity purposes. A suggested subscription for your personal copy is 5¢ per week. In all there will be, including Labor Day number, 16 issues. To help buy supplies which are up 50%, it is hoped that many will send in advance subscriptions.

Frank M. Van Epps,
Editor and Publisher.

Spring Festival

The Spring Festival, Sponsored by the Garden Club, will take place on Saturday, June 9th. The entire community is interested in this affair as the proceeds are to be used in helping to beautify the Triangle lot recently purchased by the Village at the Corner of Geneva and Congress Streets.

The following organizations have expressed their intentions to help in the program:

The school will furnish the band music;

The Girl Scouts will have a fish pond, for which they are collecting the white elephants the people will be kind enough to let them have.

The Boy Scouts will help with the advertising, and will have a side show, in which the people will be able to take a trip as far as the Grand Canyon, and be back in time for supper.

The Gospel Tabernacle Ladies Aid will have a booth where they will serve coffee and Scandinavian bakery and pastry in the afternoon.

The Congregational Church Choir is going to lead in Community singing.

The P.T.A. will have a book stall, where all books will be sold for 10¢. They intend to collect the books that people have read, but do not care to keep. This system will put them back into circulation, and give everybody a chance to read a new book for 10¢.

The Colonel Little Army will hold a penny show.

The Woman's Club will take charge of a shuffle board game.

The Study Club, The Men's Community Club, The V.F.W. and the V.F.D. are preparing surprises.

Holiday Home Children to
have Garden

The Board of Directors of Holiday Home has decided to prepare a plot of ground for the children to grow vegetables and flowers. This is a new venture and will give a thrill to many a city youngster who never had an opportunity to plant anything.

The Williams Bay Boy Scouts and Cub Scouts have volunteered to go up there and help prepare the garden in advance as the first group does not come out until the schools are out in Chicago.

Plants are being solicited from gardens in the vicinity. Sawyer's Green house and Gardens have already donated a good supply of tomato and cabbage plants and petunias. Who else has some plants or flowers for this worthy cause?

Call Rev. Keiser and a Cub or Scout will call for the plants. His phone is 1270-J-3.

Oscar Stenstrom, Scout master, Phone 1243-R-2, will also take the message.

Lake Shore Project

The widening of the lake shore which was started as a CWA Project is being completed under the FERA.

Under the CWA the Federal government furnished the money for the payrolls, trucks and fill. A big piece of work was accomplished and a very much appreciated weekly payroll came into the village, but an unfinished job was left.

Under the FERA the Village pays for the sand, trucks and workmen's compensation insurance and the government pays the payroll.

Mrs. Otto Stoffregen donated the trees which have been planted.

Some more trees can be planted from year to year.

Anybody want to take this on?

LOYAL ADVERTISERS

It has been a pleasure to interview last year's advertisers for their messages to you in this issue. To every one I have stressed the fact that all advertisements must be a paying investment.

They with one accord said that you readers did note their advertisements and many of you mentioned them in making purchases.

B.W. Christian Company had an advertisement in every issue last Summer and is again telling you about good plumbing service right at your telephone. At their store in Delavan there is the most complete stock of plumbing supplies in the county.

Just now they have on display in their windows the Neo-Angle Bath, the Companion Lavatory and the One Piece Toilet. You should see these latest designs in plumbing fixtures.

Ask for a circular at the Bay Branch office.

Granzow and Peterson start on their 31st year in serving you with good things for your table. To better serve you they enlarged their refrigerating equipment last Fall and also enlarged their market.

Their full page advertisements every week last Summer attracted your attention by their unique design as well as their week-end values. They will appear again every week this season.

Hotton and Sons have found Bay Leaves a good place to get across their message of "As friend with friend always." Their ads with the colored stickers attract your eye very quickly. They are on the job every day to help those who wish to make their homes with us find the right place.

Fish Line Store again has a full page of week-end values. Bob and Iver have rented the adjoining store and added it to their space. It gives them the much needed space for better serving.

Who was First in Walworth
County?

The first white child born
in the county was Geneva Van
Slyck, whose parents were the
first to settle at what is now
Fontana.

The first claim to land was
made by John Brink, Reuben and
William Ostrander and John Hodg-
son, a party of surveyors who
saw the possibilities at the
foot of Geneva Lake while staking
out the section lines in 1835.

The first to come for actual
settlement was Christopher Payne
to the outlet of Geneva Lake in
February, 1836. He had with him
two companions, Mosher and
Trinble. In March, 1836, they
started a cabin.

Every week additional first
events in the county will appear
in this column. They are gleaned
from a study preparatory to the
compilation of "The Tales of
Walworth County", a history of
the first hundred years, by F.M.
Van Epps, Williams Bay. If you
have any suggestions for this
column, mail them to him.

WILLIAMS BAY TO ADVERTISE AGAIN

The Men's Community Club at
its last meeting voted to carry
on again its advertising for this
year. The club has concluded
that the cumulative effect of
newspaper advertising which
brings with it the editorial com-
ment and other assistance from
the newspapers should be main-
tained. The Club this year is
working on a minimum budget which
is less than one-half of what was
spent last year. Its aim is to
promote this village for year-
around residences and also to
make better known its summer re-
sort facilities. The advertising
committee of the Club is now get-
ting subscriptions to this fund
and will welcome any cooperation
and contributions.

The Garden Club of Wms. Bay

The Garden Club was started in 1930 at a Women's Banquet. It has been instrumental in beautifying the Library grounds, planting trees in the Park and keeping a fine flower bed in the Park. It also sponsored the planting of the Water works yard and the furnishing of the Community Room.

It holds meetings twice a month during the Spring and Summer and monthly during the Winter.

The May 8th meeting was held at the home of Prof. and Mrs. Elliott Downing in University Heights. Prof. Downing gave a very interesting lecture on "Pests in your Garden." He made sketches of the insects as he spoke about them. After the talk he showed his garden which has many interesting flowers and shrubs which have grown remarkably well under his careful nurture. Dr. and Mrs. Eaton of Beloit were guests from out of town. Dr. Eaton is President Emeritus of Beloit College.

At the Annual Meeting of the Club, May 15th, the following officers were elected for the new year:

Mrs. Geo. Van Biesbroeck, Pres.

Mrs. H. A. Bradt, Vice Pres.

Mrs. Geo. W. Moffitt, Sec. & Treas.

The Annual Flower Show will be held in connection with the Spring Festival on June 9th. The following committee was appointed for the show: Mrs. F. M. Van Epps, Chairman, Mmes. V. Hanson, G. W. Moffitt and G. Van Biesbroeck.

Members of the Club plan to visit the Iris Show at Freeport, Illinois on June 2nd and 3rd.

The hollyhock was selected last year for the Village Flower, and the heavenly blue morningglory is the second choice. Villagers are urged to plant many of these flowers.
