[PRICE THREE CENTS]

WE BEAT IN THE FIRST HALF

BY A SCORE OF SIX TO NOTH-
ING.

THE GAME MAY BE A DRAW.

Where the Men Are Playing—Stickney and Everett with Them—Former Games with Purdue.

As we go to press the following dispatch is received from a representative of the Cardinal at the game with Purdue at Lafayette, Ind., this afternoon:

"Lafayette, Ind., Oct. 15.—The first half of the game is over, with the score standing six to nothing in our favor. The umpire threatens to rule Lyman out. In this case the game will be a draw.

The fotoball team left here yesterday morning at 5:10 for Lafayette, Ind., where they will play the Purdue University eleven. It is difficult to predict the result of the game, but it is evident that U. W. is playing a good game this year compared with some of the teams it usually plays with. We will be able to tell from the result of Saturday's game where she stands with some of the other teams. The Chicago athletics' victory over Champaign shows that one team did not over-estimate their work of a week ago last Saturday. Chicago had three new men on the team Saturday which might have made it stronger but when we consider the swipping victory there is no need to fear defeat from them with any team they could bring.

At the game this afternoon the new men will play in about the same position as when they played Chicago. We have no chance to judge of Purdue's work except that Balliet has been working hard with the men and they are in good condition.

Wisconsin will line up as follows:

Left End, Sheldon.

Left Tackle, Alexander.

Left Guard, Bunge.

Center, Kull.

Right Guard, Jacobs.

Right Tackle, Silverwood.

Right End, Major.

Quarter Back, Lyman.

Half Back Right, Karel.

Half Back Left, Nelson.

Full Back, Richard.

Substitutes, Bojendahl, Trautman, and Kaiser. Stickney and Everett went with the team.

The following are the scores in the previous games played with Purdue: October 19, 1892. At Lafayette, Ind. Wisconsin, 4. Purdue, 32.

November 16, 1893. At Madison, Wisconsin, 36. Purdue, 30.

President Andrews of Brown has written a new book entitled, "A History of the United States," which is to appear within a month. It consists of two volumes and is being published by Scribner & Co., New York.

GEOLOGICAL EXCURSION.

Prof. and Mrs. Van Hise took the class in geology for an outing into the country last Saturday. They took a carriage and drove out along the Chicago, Milwaukee and St. Paul railroad into the towns of Middleton and Cross Plains where the glacial drift area terminates. Stone quarries were visited on the way and sandstone, limestone and glacial striations studied. The hills in the treminal moraine of the glacier are very irregular, being depositions of the retreating glacier. The edge of the glacier is marked by a storing of boulders. The general lay of the land just within the driftless area was noted. The hills there are not so lenticular as in the drift area but are of irregular shape. They are also steeper, more rugged and more rectangular and have no general direction. The present topography of the driftless area is due to the washing away by the water. There are no lakes nor ponds in it, the region is well drained and fell from foreign boulders.

SIGMA CHI PARTY.

A Happy Gathering Saturday Evening.

The local chapter of Sigma Chi gave a dancing party Saturday evening at its chapter house on Mendota Court. A thoroughly good time was enjoyed by all.

Among those present were Misses Laffin, Judge, Ingersoll, Osborne, Pendleton, Daisy Virgin, Sames, Merrill, McNamey and Helen Laffin, of Milwaukee, Bassett, Vilas, Perkins, Nicodemus, McNamee, Wells, Charlotte and Mary Freeman, Harmon, Bowman, Warner, Taylor and Hill.

Messrs. Hopkins, Mitchell, Alstead, Niederman, Murphy, Vilas, Todd, Sidney, Stewart and Walter Sheldon, Myers, Atwood, Wright, Petley, Warner, Woodward, Wilkinson, Pittman, Schriber, Leitsch, Sanborn, Hayes, Morgan, Fred Warner, Nelson and Cornish. The party was chaperoned by Prof. and Mrs. Slichter.

ATHLETIC COUNCIL MEETING.

A meeting of the Athletic council was held at the directors' office in the gymnasium, on Friday evening. Action was taken regarding the excuses of those who presented reasons for exemption from military and gymnastic work. There were present Prof. Elsom, chairman; Professors Barnes, Van Hise, Slichter and Lieut. Chynoweth. A list of excused will be presented shortly to the faculty.

KRONCKE DISCUSSES THE POLITICAL ISSUES.

AYLWARD ROUSES MUCH ENTHUSIASM.

Jones and Schultz to Speak in the Assembly Chamber Soon.

Another enthusiastic meeting of the University Democratic club was held at the municipal court Saturday evening. A large number of democratic students were present. The first speaker of the evening was George W. Kroncke, law '95. Mr. Kroncke spoke only on national affairs and national issues. He did not agree with Gov. McKinley on the subject of the tariff. After excusing himself for what he said might be construed to be presumptuous on his part on the premises that all men have the right to their own opinion, he proceeded to point out the weak points in the governor's arguments.

He was followed by the next and principal speaker of the evening, John A. Aylward, the democratic candidate for district attorney in Dane county. President Richmond introduced Mr. Aylward as "our next district attorney." He is gifted with more than the usual force and persuasive powers, rousing considerable enthusiasm. He confined himself almost entirely to state issues. His address was very effective, provoking much applause. He said that the students had many things for which they should feel grateful to the democratic party. The new university buildings and the gymnasium, of which we all are justly proud, was the direct result of democratic rule. No business of importance was transacted. Arrangements are being made to have Burr W. Jones and Mr. Shultz, the democratic candidate for state superintendent of schools to speak in Assembly hall the early part of this week under the auspices of the club.

The important question of the adoption of the cap and gown will be considered by the senior class at the meeting tomorrow evening.

Now that there is some prospect of warmer weather tennis should revive somewhat. A tournament held in a few days would in all probability create a new interest in the game. Probably the best way to get entries would be to have separate tournaments for the championship of each class and let the class champions play together for the university championship. In this way a number would enter who might not care to enter in a general tournament.

We are now better able to understand why Minnesota is not so anxious to play with us this fall. The result of Saturday's game shows that easily enough. Not that Minnesota is really afraid of us. No, we would not say that but they want to keep on boasting for another year that the last time they played with Wisconsin they beat them forty to nothing. And the chances are that if they met us this fall on the gridiron they could not make that boast. Especially would this be so if the game were played on our own field and so it is that Minnesota refuses to play us unless we will go up to Minneapolis and play with them on their home field.

Hoping that Wednesday may be a satisfactory day for our field exercises, let us do all in our power to

make it a success as a student body. Each class is fairly well represented and the boys have been doing all that would permit to get in first-class shape for the various events. Although several students have not entered who are well qualified to do so, these as well as others can do as much by attending and endeavoring to bring all their friends not especially interested. It is frequently the case that the students who have the least interest change radically and are then enthusiastic. It is hardly necessary to urge the under classmen to attend. Classes will no doubt be suspended and it is hoped that synoptical lectures also, for the faculty are expected to attend as largely as students. Many an upper classman, however, loses his ardor after a year or two, simply calling field days old stories. These especially can not afford to maintain such one-sided views any longer as they are a serious injury to the institution, however indirect.

Let us do what is in our power for the welfare of athletics, if we only expend a quarter occasionally. If each student does his duty there is no reason why we can not raise a handsome sum for our association.

MADISON VS. WAYLAND.

The Madison high school defeated the Wayland academy at Beaver Dam Saturday by a score of 58 to 0. The High School team played as follows: Capt. and quarter-back, C. Slightam, center, Schilling; guards, Donkle and Donkle; tackles, Lyle and Johnson; ends, Dean and Benson; half back, Parkinson and Anderson; full back, Berryman; substitutes, Milward, Davis.

The game was called at 3:00. Beaver Dam won the toss-up and chose the wind. Berryman kicked off. Wayland lost the ball on a fumble, and Madison bucked the center for some good gains and then made an end play, Anderson securing a touch-down. Johnson kicked the goal. Beaver Dam kicked off and in a few minutes more the high school had won another six points. The play was one-sided for the rest of the half until, near the end, Beaver Dam nearly won a touch-down, being only five yards from the goal when time was called.

The second half was uninteresting. It was a repetition of a series of plays where Wayland would kick off, the high school would run up towards the center of the field, smash the line a few lines and then make a long run and secure a touch-down. Johnson was usually unable to kick the goal on account of the strong wind.

The Madison team played their usual excellent game, the features being Berryman's splendid interference and good tackling and center playing and the wonderful work of Donkle, the left guard, who handled with ease a man outweighing him ninety pounds. Lyle, the new right tackle, also surprised the team by his fine play.

The eleven returned on a special train arriving here at 9:30.

The next game will be with the second eleven of Beloit college at Madison, next Saturday.

SENIOR CLASS MEETING.

The senior class will hold a meeting in room 4, Main hall, Tuesday, Oct. 16, at 7 p. m. Action will be taken on the reports of the following committees: Cap and gown, Badger board, cane, and class reception. Every senior should feel it his or her duty to attend.

MARRIED IN PENNSYLVANIA.

The Harrisburg (Pa.) Patriot of Oct. 10 gives an account of a marriage which will greatly interest Madisonians. It says:

"Miss Margaret Isabelle Thomas, only daughter of John J. Thomas, manager of the Lalance-Grosjean works, was married last evening to Andrews Allen, of Wilmington, Del., son of the late Professor W. F. Allen, of the University of Wisconsin, at St. Paul's P. E. church, on North Sixth street. The wedding was one of the prettiest ever solemnized in St. Paul's, the chancel and altar being profusely decorated with flowers, smilax and palms, while the auditorium was filled with a brilliant throng of guests. It was eight o'clock when the bride, attired in a white silk gown with pearl trimmings and white tulle veil decorated with lilies of the valley, entered the church to the strains of the Mendelssohn wedding march, on the arm of her father. She was attended by Miss Katharine Tilden, daughter of Deputy Secretary of the Commonwealth Tilden, as maid of honor, wearing pink. The bridesmaids were Miss Margaret Murphy, of Centralia; Miss Thersa Neupert, of Lewiston, and Misses Carrie Wagner and Sara Houtz, of this city. The bridesmaids wore white and pink and carried large bouquets. The ushers were Daniel Campbell, Leechburg; Justa Justis, Faulkland, Del., and Geo. R. Graham, Harvey Houtz and Edwin Thomas, a brother of the bride, of this city. The bridal party were met at the chancel by the groom and his best man, William Ware Allen, a brother, of Madison, Wis. Rev. Leroy F. Baker performed the ceremony, the bride being given away by her father. After the ceremony, a brilliant reception was given at the Thomas home, 236 North Second street.

After giving a list of the guests,—Mrs. W. F. Allen, mother of the groom, among the number,—it adds: "Mr. and Mrs. Allen were the recipients of many beautiful presents. Among them were a solid silver tea service and bronze clock from the employees of the Lalance-Grosjean works, a magnificent onyx table and lamp, from relatives and friends. The young people have gone on an extended tour. On their return they will reside at Wilmington, where Mr. Allen is connected with the Edgemore bridge works."

The groom, as stated above, is a son, the eldest son, of the late Prof. W. F. Allen. He graduated from the civil engineering course, University of Wisconsin, in 1891, and immediately launched forth to battle with the world. That success has come to him is pretty well evidenced by the contract to which he has so recently become a party. Mr. Allen was an able student and in 1891 was in Athena's joint debate trio. He was a Beta Theta Pi and an all-around fine, popular, manly fellow. A host of Madison friends offer their cordial well-

wishes to him and his.

Mrs. W. F. Allen and Mr. W. W. Allen have returned.

Many Fine Pictures Secured for the
Affair.

A portion of the exhibit for the art loan which is to open the last of this month has already arrived. The committee on black and white rejoices in a large and choice collection of etchings and engravings sent from New York, by the courtesy of Mr. Frederick Keppel. Original etchings by Rembrandt, Millet and Seymour Hayden and engravings by Durer are among the collection. Members of the committee on oil painting have been in Chicago and secured several valuable pictures, and the collection of water colors promises to be unusually fine. Indeed, all the committees, in spite of great pressure of varied duties, are making great efforts and there is no doubt of a fine exhibit.

GYMNASIUM CLASSES.

The following has been received from Dr. Elsom, the director of the gymnasium:

"I desire to express my gratification at the interest manifested by both freshmen and sophomores in the regular class work in gymnastics, and also to commend their improvement in the way in which these exercises are performed. The temporary lack of heat in the armory building has been a great hindrance, yet this inconvenience has been borne with a non-complaining spirit by both classes. It has been thought advisable, however, to suspend the regular classes in gymnastics this week, unless the heating arrangements are completed before the week passes. Consequently the

classes are not required to report for work until further notice. Physical examinations will be made as usual."

J. C. Elsom, M. D.,
Director of the Gymnasium.
