7 Males (3 women) returned from
Serm Nenu after 5 years
training as propagandists.
They are now located at
B. Pha Deng, SW of 15-258
10 km on west side hill.
Are relatives of Tasseny in
area. Are also 2 Companies
bad guys at village. So
far are only eating w/ villagers,
are soldiers who have been in
area for some time.

Currently 8 villages
under enemy control in
area, & 9 villages friendly.
Propagandized that
Americans are experiencing

difficulties at home &
withdrawing from Asia.
Therefore, Communism will
win, & everyone, including
VP, will be Communist.

Orders in V.V. ordered
V.P. not to meddle in
affairs in V.V./M.K. area.
He should stick to his
own area only, plus
LS-25/4 area.

villagers from Phon Fa/Phon
Huat area in Sybry came to
Thi Luang in & talked to
VP & Herchay. They claim no
enemy in area. The 8 or 9
villages in immediate area.

FAR chop papers ^{supposedly}
hand often & pick up
chuckens, etc.

Meo at My Met have
gone with CM My Met
and UP has more or less
washed his hands of
them.

The situation w/ Meo in
Paklay area is still
screwed up.

Meo from Phou Muang (LS-96)
came to see U.P. during
That Luang

all Nam Houei people want to
leave because of injustices committed
by military there & PL threat

For certain 40 families want to come out
of Phou Houat - maybe there is making
out of others who will come & want.
