The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Harper and Row announces a coming major event in medical publishing:

Our famous Loose Leaf Reference Books,
GYNECOLOGY AND OBSTETRICS, are currently being
reorganized, revised and rewritten in order to keep up with
the rapid changes occurring in the specialty of OB/GYN.

EDITOR

John J. Sciarra, M.D., Ph.D.
Professor and Chairman
Department of Obstetrics and Gynecology
Northwestern University Medical School, Chicago

ASSOCIATE EDITORS

Clinical Gynecology
Thomas W. McElin, M.D.
Professor of Obstetrics and Gynecology
Northwestern University Medical School

Clinical Obstetrics
Albert B. Gerbie, M.D.
Professor of Obstetrics and Gynecology
Northwestern University Medical School

Maternal and Fetal Medicine
Richard Depp, M.D.
Associate Professor of Obstetrics and Gynecology
and
John J. Boehm, M.D.
Associate Professor of Pediatrics
Both of Northwestern University Medical School

Gynecologic Oncology
Herbert J. Buchsbaum, M.D.
Professor of Obstetrics and Gynecology
University of Iowa College of Medicine

The new six-volume series will be reorganized according
to the following subspecialties:

- Volume 1 – Clinical Gynecology
- Volume 2 – Clinical Obstetrics
- Volume 3 – Maternal and Fetal Medicine
- Volume 4 – Gynecologic Oncology
- Volume 5 – Reproductive Endocrinology, Infertility and Genetics
- Volume 6 – Fertility Regulation, Psychosomatic
Obstetrics and Gynecology, and Human Sexuality

Each section is designed to aid the physician by outlining
in a clear, concise manner the most efficient diagnostic
methods and treatment procedures. Thousands of
illustrations, many in full color, provide visualization
of important concepts. New advances and improved
techniques, under the editorial vigilance and vigor of
Dr. Sciarra and his alert team of distinguished medical
authorities, are reported annually by Revision Pages that
keep these Loose Leaf Books dynamically alive, and the
practicing physician currently informed.
