INTRODUCTION

The present volume constitutes the 15th edition of the Janesville City Directory. The work has been compiled with care and embodies the result of a complete canvass and enumeration of the residents of the city and their manifold activities. The Directory is compiled in several essential departments arranged in the following order:

THE MISCELLANEOUS DEPARTMENT, pages 9 to 20, includes a fund of information regarding city and county governments, banks, churches, courts, hospitals, incorporated companies, libraries, newspapers, public and parochial schools, secret and benevolent societies, and state institutions.

THE BUYERS' GUIDE occupies pages 21 to 54. This section of the Directory, printed on tinted paper, includes numerous advertisements of the leading manufacturing, business and professional interests of Janesville. They have been carefully grouped by departments and are indexed under classified headings and otherwise in various parts of the Directory. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. In a progressive city like Janesville the need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the City Directory enjoys in many and varied lines of trade.

THE STREET AND AVENUE GUIDE AND DIRECTORY OF HOUSEHOLDERS covers pages 57 to 121. In this invaluable section of the Directory the names of the residents and business houses are arranged numerically under the name of each street and avenue, the names of the occupant householder or business concern being placed opposite each number.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations is embraced in pages 123 to 416.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 417 to 483. This department shows the various manufacturing, mercantile and professional occupations compiled in alphabetical order by headings appropriate to the class of industry pursued. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

Janesville

A PROGRESSIVE CITY, IN SOUTHERN WISCONSIN

Janesville is located on Rock River, nearly in the geographical center of Rock County, on the southern border of the State. It was first settled in 1835, incorporated in 1853 and made the judicial seat of the county in 1839. It is 91 miles northwest of Chicago and 71 southwest of Milwaukee, on the C. & N. W and the C. M. & St. P. Rys., also the Rockfield & Interurban Electric Ry. The shipping facilities are among the best in the State. Fine water power is afforded by Rock River. A first class system of water works and an efficient fire department are ample security against fire. The city has gas and electric light works, electric street car lines, fire alarm telegraph, a daily and a weekly newspaper, high and graded schools and churches of the leading denominations. Tobacco raising, now one of the leading industries of Rock County, is of immense value to the city and has given rise to the establishment of numerous wholesale and jobbing houses in leaf tobacco; the manufactures are extensive and comprise woolen mills, farm implement works, furniture, auto trucks, shears, fireless cookers, porch shades, pen, wire fence, tractor and knitting factories, cotton mills, flour mills, dye works, building sand and gravel pits, beet sugar, toy, creamery supply and clothing factories and numerous others. The Wisconsin State School for the Blind is located here.

STATISTICAL FACTS CONCERNING JANESVILLE

Population, 18,293; area, $7\frac{1}{2}$ square miles; altitude, 800 feet above sea level; assessed valuation, \$28,831,319; bonded debt, \$1,440,000; tax rate, \$26.76 per \$1,000; miles of streets 88; miles of paving, 22; miles of sanitary sewers, 44; miles of storm sewers, 8; miles of electric street railway, 2; parks and parkways: 11 in number, acreage 14.12, value \$65,000; water works: capacity in gallons 16,000,000, daily average pumpage 2,000,000, miles of water mains 50, value of plant \$600,000; fire department: number of men 25, stations 3, horses 2, autos 6, engines 2, hose and chemical wagons 5, hook and ladder trucks 1, value of buildings, lots and apparatus \$100,000; police department: men 14, stations 1; public schools, 11; parochial and diocesan schools 3, miscellaneous schools 1; volumes in public library, 22,250; banks and trust companies: 5, capital \$700,000, surplus and profits \$587,000, deposits \$7,625,000; theatres, 4; hospitals 2; hotels, 12; buildings permits 1922, \$629,877.

THE JANESVILLE CHAMBER OF COMMERCE

The Janesville Chamber of Commerce is an organization of several hundred leading citizens and business men who are representative of the best civic, commercial and industrial activities of Janesville. The Chamber is one of the most advantageous and imperatively necessary features of this up-to-date city. It is the active dynamo from which power is generated, stimulating all lines of human endeavor, reaching out for advancement for civic, commercial and industrial progress, through the channels of concerted initiative and leadership until the object is gained and success attained.

INTRODUCTION

DIRECTORY LIBRARY

A library of City and County Directories and State Gazetteers has been installed by us in the offices of the Chamber of Commerce for the free use of our patrons. As the latest Directories are issued, they will be added to the Library, thereby keeping it up-to-date from year to year. We extend a cordial invitation to each and every one of our subscribers to make frequent use of the Library and to consult the Directories on file as often as desired.

MUNICIPAL PUBLICITY

Advertising Janesville

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers place copies of this issue of the Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Janesville, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves and their friends for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Where Keys Are Kept—Keys to open the doors of all boxes are kept in a little box fastened to the pole by the side of the street box, the box having a glass cover

Direction for sending in fire alarms—In case of fire go to the nearest street box, break the glass cover of the key box, take the key from the hook and place it in the door of the street box, which has a spring lock and is easily worked; the lock being released, open the door; place the index finger over the little brass hook or lug projecting from the slot near the top of the inner door, pull the hook down quickly, but steadily, to the bottom of the slot and let go immediately; the hook will fly back to its original place and the fire department will do the rest; persons turning in an alarm should remain at the box until the arrival of the department for the purpose of giving information as to the location of the fire

Signals given on the fire bell—Two taps on the fire bell, after the alarm from the box has been sounded, calls for one hundred pounds direct pressure; this signal repeated calls for 125 pounds pressure; three slow taps after the alarm means "fire out;" one tap on the bell denotes broken wire; the steamer responds to alarms

CLASSIFIED BUYERS' GUIDE

**OF THE CITY OF
Janesville, Wis.**

1923

The Buyers' Guide contains the advertisements and business cards of the most progressive business men and firms in our city, classified according to lines of business. The habit of using these Classified Lists will save the buyer large sums of money. It is the modern and up-to-date method of finding what you want and who sells it.

GO WHERE THE MONEY IS

Said James J. Hill

The great "Empire Builder" put a world of good advice in five words, too, when he said it. If you expect to earn a larger salary, you must prepare to go where larger money is being paid—qualify for the work—specialize—make your ability MARKETABLE.

Our Courses have pointed the way to hundreds. Don't delay. Remember you can begin here ANY DAY. We teach you individually. Write for full information or call to see us.

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

LAKE D & C LINES

For Business and Pleasure Trips Use D & C Line Steamers

THE DELIGHTS OF A LAKE TRIP

REST after work is necessary to human endurance, and holidays are a wise economy. The Great Lakes of America offer more vacation opportunities than any other source in the country. The steamers of the Detroit and Cleveland Navigation Company are unrivalled in point of elegance, comfort and quality of service—the perfect freedom offered by the saloon and promenade decks, the commodious state rooms, luxurious furnishings and excellence of cuisine make life aboard these floating palaces a solace to the weary mind and body.

WHERE YOU CAN GO

Daily service is operated between Buffalo and Detroit from May 15 to Nov. 1st, and between Detroit and Cleveland, from April 1st to Dec. 1st. During July and August special daylight trips between Detroit and Cleveland.

RAILROAD TICKETS AVAILABLE

Tickets reading via M.C.R.R., Wabash R.R. and Grand Trunk Ry., between Buffalo and Detroit and via N.Y.C. R.R. between Detroit and Cleveland will be honored for transportation on D. & C. Line steamers in either direction.

When touring in your motor car either East or West, add to your pleasure by transporting yourself and Automobile between Detroit and Buffalo or Detroit and Cleveland, via the D. & C. Steamers.

Send 2 cent stamp for illustrated pamphlet and Great Lakes Map. Address

Detroit Directory Library—Every Directory Office is a Branch

HOW DIRECTORY LIBRARIES ARE USED

He Wanted to Buy a Home

"Who sells ready-cut houses?" said a man to us the other day. "There is nobody listed under that heading in the Detroit City Directory, but I know there is some concern out in the State which sells them."

Reference to the Michigan State Gazetteer (State Business Directory) soon told him that the concern he wished was the North American Construction Company, of Bay City, Mich. "I will write and order what I want at once," was his parting remark.

Where one instance of this sort comes to our attention, the same things are happening over and over again wherever a City Directory is to be found.

If you will trace back new customers to find out how they found you, City Directory classified lists will receive their share of the credit.

The classified section of the City Directory is the greatest buyers' guide on earth. Any one classification may secure the largest order and the best customer, any or every day in the year, and its omission may lose a large order at any time.

Every day, all over the country, thousands of people are consulting Polk's Directory Libraries. We offer you the free use of our directories for single reference.

Many Directories of various cities are bought by progressive concerns, who desire up-to-date mailing lists, classified by trades and otherwise.

Ask for a free copy of our "Directory of Directories," or for our "List of Mailing Lists."

A \$50,000.00 Order

A traveling man from St. Louis called on a wholesale dry goods house in St. Paul, to sell salvage goods. They did not deal in that class of goods.

Later the firm dissolved. One partner decided to engage in that line of trade and wanted to buy a complete stock, amounting to about \$50,000.00.

He called at our office and examined the St. Louis Directory to find the name of the house the agent represented. The classification "Salvage Goods" did not show it.

We, being more familiar with the classifications in a Directory, found it under "Bankrupt Stocks," much to the delight of the jobber, and a tremendous order was placed with the salvage house.
