THE WISCONSIN ALUMNI MAGAZINE is published monthly during the School Year (October to July, inclusive) at the University of Wisconsin. SUBSCRIPTIONS—Including Annual Alumni Fees—\$1.00 a year, foreign postage 50 cents extra; life membership, including life subscription to the Magazine, \$30, of which nine-tenths goes into a permanent endowment fund. CHANGES OF ADDRESS must be sent to the business manager before the 21st of the month to insure prompt delivery at the new address. DISCONTINUANCES. Subscribers should notify the Association if they wish the Magazine discontinued at the expiration of the time paid for. If no notice is received, it will be understood that a continuance is desired. REMITTANCES should be made payable to the Alumni Association of the University of Wisconsin, and may be by check, draft, express or postal money order; personal checks should be drawn "Payable in exchange." All mail should be addressed to

## THE TRAINING OF TEACHERS

By EDWARD C. ELLIOTT

Director of the Course for the Training of Teachers

Under the present circumstances, the State of Wisconsin calls each year for five hundred new teachers for its public high schools. One-third of the entire teaching force of the schools retire from service each year. The situation in Wisconsin is typical of American education. This means a stupendous educational waste. The conservation of the resources of education is as important to the state as the conservation of the resources of nature. Lumber, water and phosphate are no more valuable as social assets than capacity, ambition and usefulness of boys and girls. The great obstacle to educational conservation is the lack of a trained and permanent body of teachers.

THE making of teachers has been one of the chief recognized activities of the college and the university since even the mediaeval period, when these institutions began to take on the form and character which they now have. The early academic degrees were certificates of proficiency for teaching, or as we might say, licenses to teach. Partly from the inertia that things established have, and partly the necessity of human affairs, higher educational foundations, half conscious only of the end, went on for several centuries preparing men to teach. The modern college and university inherited, and have continued to exercise, the ancient privilege according to the ancient formula. In re-

cent years, however, under the stress of a democracy to be educated, and through the stimulus of a new science that claims the title Education, a widespread awakening has taken place, which has caused our colleges and universities to go about this important business of teacher preparation in a manner far more direct and purposeful. It is well nigh superfluous to say that the University of Wisconsin has been affected in many ways by the progressive movements following the awakening.

The foundation charter of the university (1848) provided for four departments: Literature, Science and the Arts; Law; Medicine; and Theory and Practice of Elementary Instruction. This was before the day of the normal schools and high hopes were entertained

that the university would make a substantial contribution to the solution of the problem of teachers for the common schools. These hopes were never realized, notwithstanding the sporadic efforts made in 1856-1858, and again in 1863.

PROFESSOR EDWARD ELLIOTT

It may be that there are some among the older alumni who retain recollections of the old normal department, which ceased to have existence after 1866. If so, it will not be difficult to recall one of the chief objections that were raised in opposition to it, an objection that, while then prevailing, in this day and age comes to us as belonging to the sere and yellow past. Said the report of the board of regents

for 1865,—“The faculty are of the opinion that the normal department has made the university a more useful institution during the past three years than otherwise it could have been. It is not, however, to be disguised that among former students of the university, and among leading ones now in the institution, there has been a strong feeling of opposition to the department on the ground of its bringing females into the university. There has been an apprehension that the standard of culture would be lowered thereby.” And then this delightful qualification,—“No reason whatever has as yet existed for this apprehension,” which would appear to possess the logic of later history. In June, 1910, there were graduated from the university, one hundred and sixty-nine students who were entering upon the work of teaching; of these twenty-six were men and *one hundred and forty-three* were women!

This is not intended to be an excursion into academic geology. If it were, more time and space than are now available would be needed to describe the series of efforts that were made, in the interests of those who must, or would, use the university career as the gateway to teaching. With or without the historical sequence of things, even the briefest mention of teacher training in the university would be lacking without a mention of Professor J. W. Stearns, who for nearly two decades following 1885, labored in

laying the foundations for that work which now promises to assume such an important rank in the activities of the university.

The present responsibility of the university for the more effective training of teachers easily owes its origin to the high school, that institution which has developed with such rapidity and which today is groping in the dark to find its real place in the scheme of things educational. It was entirely natural and it was perfectly logical that the high school should turn to the university for its teachers. It was natural as well as logical that the university product should turn to the high school as the fittest place for teaching service. Out of the problems of secondary education, and out of the problems that confront men charged with the task of organizing and directing a system of common public education have come the problems which the university has lately been endeavoring to meet. The public schools, especially the high schools, need, nay are demanding, *better* teachers; they require *more* teachers; they should have and should prove attractive to *men as teachers and supervisors*. These three items constitute the larger problem before the university; yes, before the state. Service of the university to the state could assume no more effective form than that which successfully coped with these obstacles to the elevation of lower educational systems; upon which the university itself rests.

A brief account of the recent endeavors of the university to carry its rightful burden would go back to the year 1906-1907, when the faculty of the college of letters and science adopted a report of a committee of its members appointed to present a plan for the improvement of the training of teachers, with special reference to the high schools of the state. Out of this report, through several intermediate and difficult stages came the organization of the Course for the Training of Teachers, approved by the board of regents early in 1908.

While the larger American universities, the state universities in particular, have been industrious during the past five years in establishing and organizing separate teachers' colleges and schools of education, thereby destroying the essential unity of the old colleges of liberal arts—these colleges for obvious reasons being especially affected by the teacher training movement—the policy at the University of Wisconsin has been one that sought to bring about greater unity and establish a closer relationship between interests and activities that were related to the general problem of the preparation of teachers. The Course for the Training of Teachers is not a separate part of the university organization; neither is it another wheel within the already complicated set of wheels of the university machinery. It is merely an administrative device for the unification and intensification of the work within the

university entering into the professional preparation of the teacher. While nominally within the college of letters and science it is not confined to that college alone, but stands in close relation to certain departments in the college of agriculture and the college of engineering. The course may be said to be organized about the department of education as a core, in the same manner as the course in commerce is organized about political economy, and the course in chemistry, about chemistry.

This is scarcely the place for a technical discussion of the why and wherefore of the present plan. It is appropriate though to emphasize what seems to be the principal, immediate business of the university as regards the preparation of teachers. In addition to becoming more conscious itself of its duties, the university must create an attitude on the part of students that the circumstances and needs of modern schools will no longer permit the "college graduate" who has gained merely a conventional grasp of things intellectual, or who has made a dashing pursuit of that *ignis fatuus* of the college education "culture," to step into the school, and to manipulate those most delicate of all mechanisms,

the mind of the pupil. And further, that teaching to be worthy of the name, requires a preparation as carefully devised and as intensive as that required for the lawyer, the doctor, the engineer, or the agriculturalist. The university must not only educate and train, but it must select more rigidly those whom it sends out with its stamp of approval. In this way it is grappling with the problem of bettering the quality of the teachers it prepares.

The state and its schools need not only better teachers but more teachers, and above all more men teachers. These are more than internal questions. They are distinctly public questions. Their final solution is dependent upon forces of an economic and social variety. One thing is certain—more teachers will not be had, neither will they be attracted until the public consciousness is awakened to the point of according to the public school teacher not only an adequate compensation in coin but an adequate compensation in terms of social respect; of which the teacher must be worthy. This is one of those great public issues in which the alumni of the university may fitly become interested.

## TEACHING APPOINTMENTS 1910-1911

FORTY more requests were received this year by the faculty appointment committee for recommendations of students to fill positions as professors in other universities and colleges, as superintendents and principals, and as teachers in academies, high schools, normal and graded schools, than have ever been listed in the office before. The list of 360 appointments for the coming year includes positions on the Atlantic, Pacific and Gulf coasts, and on the Canadian border, and even one in Korea and one in Honolulu.

There are forty-eight different universities, colleges and academies, whose faculties received recruits from Wisconsin's graduates, among them universities in Michigan, Ohio, Illinois, Pennsylvania, Vermont, Wisconsin, Maine, Iowa, Washington, Minnesota, Indiana, Arizona, North Dakota, California, South Dakota, Oregon, Texas, Kansas, New Mexico, Louisiana, New York, Colorado, Massachusetts, Missouri and Hawaii.

Superintendents of schools in three cities were appointed from among the Wisconsin graduates, and principals in the schools of thirty-eight cities, including thirty in Wisconsin, and eight in other states. Six normal and training schools named state university

graduates for faculty positions. The high schools took by far the greater number of the appointments, 228 having been made members of high school faculties from the number listed. Thirty-seven of these are in states other than Wisconsin.

The list of appointments follows:

Abels, Mrs. Margaret H., '10, Latin, Sparta.

Adams, Florence A., '10, science, West De Pere.

Adams, R. W., '10, principal, Spring Green.

Allen, Jessie, '10, English and German, Cambridge.

Allen, Mary L., '10, French, etc., private school, Atchison, Kans.

Allen, Ruth F., '05; A. M., '07; Ph. D., '09, botany, State Agricultural College, Lansing, Mich.

Andrus, Calla A., '10, German and English, Brandon.

Atwood, M. J., '10, principal, Ontario.

Baer, Edna L. V., '09, history and English, Plymouth.

Baird, O. W., '10, mathematics, Kenosha.

Barr, Florence E., '09, German and history, Hillsboro.

Barry, Mary R., '10, mathematics and science, Juneau.

Beath, J. W., '08, principal, North Fond du Lac.

Becher, M. A., '06; A. M., '10, physics, South Division High school, Milwaukee.

- Benedict, G. A., '07, principal, Greenwood.
- Benesh, Mayme C., undergraduate, music, Wabeno.
- Bergh, Lona I., '09, Latin and German, Marshfield.
- Berto, T. J., '05, principal, Watertown.
- Black, J. D., '09; A. M., '10, English, Western Reserve university, Cleveland, O.
- Blackman, Carolyn E., '07; A. M., '10, Latin, Ferndale, Calif.
- Blanchard, W. O., '10, principal, Waterford.
- Bogue, Grace, '08, science, De Forest.
- Bole, S. J., graduate student, instructor in mathematics, University of Illinois.
- Bowles, Ida H., '09, Latin, Cristobal, Canal Zone, Panama.
- Bray, F. M., '03, principal, Tomah.
- Breitenstein, Lilian, '10, German, history and literature, Patch Grove.
- Breitkreutz, Adeline A., '08, mathematics, Racine.
- Brown, Rozana C., '07, principal, graded school, Lac du Flambeau.
- Budd, Ethel L., '10, Latin and mathematics, Berlin.
- Bump, Ruth A., '10, mathematics, Hartford.
- Buresh, A. E., '08, principal, West De Pere.
- Burgess, Ida N., '08, English and German, Prescott.
- Byrne, Mary F., '07, Latin and German, Sacred Heart Academy, Madison.
- Burnham, Dorothy Marie, '09, English and history, Menomonie.
- Byrne, Catherina B., '10, German and science, Walworth.
- Cairns, J. H., undergraduate, agriculture, Olivia, Minn.
- Calkins, E. E., '99, English, North Division High school, Milwaukee.
- Carpenter, Magdalena T., '09, Latin, Rugby, N. Dakota.
- Cary, Caroline Marie, '10, English and public speaking, Chippewa Falls.
- Cavanaugh, Clara E., '09, Latin and history, De Pere.
- Chamberlain, H. R., '99, principal, Pueblo, Colorado.
- Chaplin, Leta L., '10, mathematics, Platteville.
- Christensen, Blanche L., '10, Latin and mathematics, Necedah.
- Clarke, E. H., graduate student, principal, Muscoda.
- Clark, Georgiana, undergraduate, history, Wausau.
- Clark, Vinnie B., '10, physical geography, Oak Park, Ill.
- Colburn, G. B., Ph. D., '08, Latin, Swarthmore college, Swarthmore, Pa.
- Collmann, C. W., '09, principal, West Salem.
- Conrad, Elisabeth, '09; A. M., '10, French and German, Girls' High school, Port Deposit, Md.
- Cook, Eudora, '05, Latin, Bozeman, Montana.
- Cooper, Belva N., '10, English, South Division, Milwaukee.
- Crafer, T. W. B., A. M., '07; Ph. D., '10, assistant professor of po-

litical economy, Middlebury college, Middlebury, Vt.

Corstvet, Anna A., '07; A. M., '10, history, Wesleyan university, Bloomington, Ill.

Crain, E. P., '07, principal, Crystal Falls, Mich.

Cronin, Helen, '07, English, Port Washington.

Crosby, May, '07, mathematics, Stoughton.

Culver, Harry, '10, science, Mineral Point.

Curkeet, J. E., summer session student, science, Richland Center.

Curtis, Margaret M., undergraduate, English, Waterloo.

Davis, Helen E., '10, science, Wabeno.

Davison, W. B., '08, civics, Shortridge High school, Indianapolis, Ind.

Day, Abbie L., undergraduate, critic work, State Normal school, Marquette, Mich.

Desmond, Susie I., '07, instructor, County Training School for Teachers, Monroe.

Dessaint, Edna, '03, Latin and Greek, Colorado Springs, Colo.

Dexter, Elise F., '06, German and English, Beloit.

Dillingham, Grace L., '00, girls' school, Korea.

Dixon, R. E., '09, English, Portage.

Dodge, Florence A., '04, Latin and German, Shullsburg.

Doe, Julia A., A. M., '10, Greek and Latin, Milwaukee-Downer college.

Duncalf, Fred, Ph. D., '09, as-

sistant professor of European history, Bowdoin college, Brunswick, Me.

Drips, Della G., '07, history and science, Neillsville.

Du Four, Laura E., '04, history, Racine.

Durbin, Margaret J., '10, history, South Milwaukee.

Dyrud, Matilda, '06, mathematics, Beloit.

Ernst, Adolphine B., '01; A. M., '07, German, Milwaukee-Downer college.

Ekern, Helga M., '05, history, Plymouth.

Eller, W. H., '10, principal, Bangor.

Ellinwood, Alice J., '10, mathematics, Sparta.

Ellis, Mrs. Nellie MacGregor, '95, Latin and German, Mazomanie.

Ellis, R. W., A. M., '10, Cedar Valley seminary, Osage, Iowa.

Ellsworth, Clara A., '10, botany and physical geography, Menomonie.

Erb, Elizabeth A. S., graduate student, English, Sheboygan.

Evans, Lillian H., '04, English, Winona, Minn.

Farrington, Hazel, '10, history, De Forest.

Farrington, Myrtle A., '10, principal, graded school, Downsville.

Faucet, Frances, '08, fifth and sixth grades, Calumet, Mich.

Fiske, Lulu B., '99, instructor private school, Los Angeles, Calif.

Flett, Julia, '10, English and history, Montello.

Fitch, Helen M., '10, assistant, physical training, University of Washington, Seattle.

Flick, E. C., '08, chemistry, Houston, Texas.

Flynn, M. H., '09, physics and chemistry, Neenah.

Fowler, J. F., '10, commercial subjects, North Division High school, Milwaukee.

Frazier, C. R., '95, superintendent, Everett, Washington.

Fuhrman, Edith, '10, German and history, Mattoon.

Fuller, W. D., '10, principal, Sparta.

Gaebler, H. D., '08; A. M., '09, German, University of Washington.

Gaffke, A. J., '10, agriculture and botany, Plymouth.

Gallagher, B. J., '06, principal, Iola.

Garrett, M. B., graduate student, assistant professor of history, University of Mississippi.

Gay, Mary E., '08, science, Tomah.

Gaynor, Elizabeth W., '07, German and history, Chilton.

Glasier, Emma B., '02, assistant, Manitowoc.

Graber, J. F., '03; Ph. M., '10, English, La Grange, Ill.

Graves, Lola M., '10, English and history, Poynette.

Gray, Roseanna, '10, critic teacher, State Normal school, Stevens Point.

Greene E. M., A. M., '10, assistant professor of French, Butler college, Indianapolis, Ind.

Gray, W. A., '10, principal, ward school, Hibbing, Minn.

Gregory, Marie, '09, English and history, Merrilan.

Grimes, N. C., A. M., '09, professor of mathematics, University of Arizona, Phoenix.

Grindell, D. D., '10, history, Madison.

Gronert, T. W., '08, principal, Beaver Dam.

Groves, Regina E., '04, assistant, Pawnee, Ill.

Haberstich, Felicie M., A. M., '09, dean, Grafton Hall, Fond du Lac.

Hambrecht Elizabeth L., '08, English, Mauston.

Hammond, L. D., A. M., '10, instructor in chemistry, Purdue University.

Handt, Carolyn Hazel, '09, German and English, Kewaunee.

Hanrahan, Alice K., '10, English, Delavan.

Hansen, A. F., '07, English, Yeatman High school, St. Louis, Mo.

Hardy, Ella M., '02, English, Aberdeen, S. Dakota.

Hargrave, Florence V., undergraduate, English, Tomah.

Harkness, Elizabeth B., '10, English and history, Durand.

H'Doubler, F. T., '07; Ph. D., '10, assistant professor of mathematics, Miami university, Oxford, Ohio.

Henderson, Leonora L., '06, mathematics, Sioux Falls, S. Dak.

Hensey, J. L., '10, military tactics, etc., Bunker Hill academy, Ill.

- Hegg, Clara E., '09, history and English, St. Olaf college, Northfield, Minn.
- Hering, H. H., '10, assistant, Rockford, Ill.
- Herrick, A. J., '09, superintendent, Cumberland.
- Hewitt, I. J., '10, principal, graded school, Granton.
- Higbee, Hazel B., '09, English, Sun Prairie.

## ALUMNI TEACHING IN CHINA

**A**N interesting comment upon the international influence which the University of Wisconsin is exerting is to be found in the fact that five Wisconsin graduates are at present holding teaching positions in colleges of the Celestial Empire.

Ambrose P. Winston, '87, is professor of economics at the School of Finance, Peking.

Sidney R. Sheldon, '94, has just left for Siccawai, Shanghai, to teach engineering at the Imperial Polytechnic College of that metropolis.

Stanley K. Hornbeck, Ph. D. '09, and Paul D. Merica, '08, are both on the instructional force of the Chekiang Provincial college at Hangchow.

Horatio B. Hawkins, '05, has for several years been connected with Kiangsu Provincial College, Soochow.

A former Wisconsin student, L. H. Bolenz, ex-'10, who taught at

the Middle School of Chengtu, was killed in July, 1910.

It will be noted that all these men are Americans. Last June the University of Wisconsin for the first time graduated three Chinese students, and granted a higher degree to four Chinese. Guoktsai Chao of Shanghai, Yet C. Owyang of Canton, and Chutung Tsai of Shanghai received the degree of A. B.; while the degree of A. M. was granted to Lau-Chi Chang (Queen's College, Hongkong), of Canton, in political science; Kungchao Chu (Harvard), of Nanking, in political science; Ye Tsung Tsur (Yale), of Shanghai, in education; and Nae Tsung Woo (California), of Chekiang, in political economy.

As the number of native Chinese at the University of Wisconsin—at present over twenty—is constantly increasing, the influence of the Badger institution in Chinese affairs is destined to become more and more potent.

"ON THE SHORES OF FAIR MENDOTA"

# THE DECENNIAL REUNION OF 1900

By LYNN S. WILLIAMS

Continued from October Number

MORROW'S offer of love and kisses to any who would respond to his appeal for cash was rewarded at the reunion luncheon with a song extemporized by some of the girls. It was funny to see how completely Morrow's nerve wilted when this band of brazen beauties besieged him with

"Old Money Bag Morrow!

My! Wasn't he rash!

Offered love and sweet kisses

Just to get hold of our cash.

In money came rolling,

Dollars and dollars galore,

But where are the love and sweet  
kisses

From Morrow, the man we adore?"

Rumor has it that the tall and handsome Money Bag privately met the claims of a few preferred creditors.

The boosting campaign was carried on for several weeks by this tri-weekly bombardment of mail matter, when presently came the following letter urging attendance at the reunion:

"Dear old Man:—

What shall we say?

What would you say if you had this letter to write?

You know what we want; we want you to attend the Reunion.

Why should we care? Well, we don't care any more than you do. But we care a whole lot. So do you. It is an assured fact that

we shall have by far the greatest Reunion in the history of any Western University. And it is your attendance and ours more than any other one thing that will make the Reunion a success.

SHE'S ON HER WAY,—“THERE'LL  
BE SOMETHING DOING”

No doubt you have gone back to Madison, as have we. And what have you found? The same old buildings, the same old lake, the same beloved trees and drives. Yes, all these, but not the anticipated joy of “a visit to Madison.” And what was the reason? The answer is in the changed customs,

"POSING—THAT'S ALL"

"HEADQUARTERS"

the new faces and an unwonted and unexpected loneliness.

You expect to visit the old hill once and again? Why not do it now? Do it with the rest of the bunch. You will find not only the old surroundings, but also the old faces, the old friends and the old

"THE 'MONEY-BAG' WINS"

spirit made new. You will never have such a chance again. The class of 1900 is widely separated now. In ten years we'll be still more scattered. Already some have passed beyond. Ten years will thin our ranks still more. This

is the first great Reunion of 1900. We can never have a greater!

It will add something to our pleasure if you are there. Your enjoyment of the Reunion will be measured by the attendance of your old chums. You want them. And we want you. We have been working hard to make this thing a success.

Now it's up to you.

Won't you say Yes? And say it soon? Send in your card at once. If you were on the Arrangement Committee you would be badgered to death to know how many to arrange for. Then, too, we want to print in the Reveille a list of those who will come.

Say you'll be with us,—even if something should make it impossible for you at the last moment. We'll get some one to fill your place if we have to. Come only for one day if you can't be with us longer.

You have nothing in life that is worth more to you than old friendships. And is it not worth some trouble and, if need be, some sacrifice to maintain and renew them?

By Jove, you can't afford to stay away!

Yours for the time of your life

#### A FEW OF THE OLD BUNCH.

P. S.—Accommodations in the University Y. M. C. A. building and nearby houses have been arranged for the 1900 crowd at fifty cents per day."

This, of course, had the neces-

"1900 ARRIVES"

"1900 DEVOURS THE GOLF CLUB"

sary follow-up appendages returnable to Statistician Marvin.

Now, until you have had a little experience with this sort of thing, you will expect everybody at least to sign the return post card and mail it. But they won't. Human nature isn't made that way, and you can't change it. You can't

dresses, of those who did not stay through and graduate. On the other hand, some of the most enthusiastic boosters of the reunion idea were among those who were with the class through only a part of its scholastic career. Even to the end of our campaign there remained about fifteen per cent. of

"IN PASTURES GREEN;— THE MASCOT MUST BE FED"

expect to get replies all told from more than two-thirds of your mailing list. You will have to keep hard at it for weeks to do that. Meanwhile the preparations must go on in ignorance of the number who will attend and of funds which will be available.

The record shows 318 graduates in the class of 1900. Insofar as possible the ex-members also were included in our plans. We discovered, however, that it is a very difficult matter to get even the names, let alone the present ad-

dresses of graduates which could not be learned, and of the non-graduate members we did not get the addresses of more than twenty per cent. all told.

Purely at a guess, therefore, we had made to order regalia for 150 reunionists—parasols, ribbons, and hosiery all in green and white for the girls, and hat bands, neckties, pennants, likewise hosiery for the men. Both eds and co-eds were supplied with souvenir pins—little ivory elephants with the class numerals engraved in green.

(Concluded in December Issue.)

# THE FOOTBALL OUTLOOK

BY W. D. RICHARDSON, '11

ALTHOUGH it must be admitted by everyone that the showing made by the Badger football team to date has not been one that is conducive to any great amount of optimism, yet any attempts to criticize should be withheld until later on in the season.

Up to the time of writing, Wisconsin has played two games. The first was against Lawrence on Oct. 8, when, for the first time in our relations with the northern college, the Badgers were held to a tie, 6 to 6, Lawrence making her scores on two drop kicks, and the cardinal score coming as the result of a well-executed forward pass, followed by a true boot for a goal.

Two weeks later, on Oct. 22, we played Indiana at Indianapolis and went down in defeat, the score being 12 to 3.

We were lucky in the Lawrence game and unlucky in the latter contest. The Appletonians really deserved a victory, for they outplayed our men in almost every department. Against Indiana, we were unfortunate, I said, because the score, regardless of the merits of the two teams, should have been 6 to 3, Indiana making the second touchdown in the last half minute of the second quarter on a sensational run by Halfback Gill, who

played a lion's share in the final verdict.

When we seek to find an excuse for the Lawrence game, many things may be said. In the first place, Lawrence started work nearly a month earlier than we, conference teams being required to wait until Sept. 20. Another thing that favored them was the fact that they had already faced Minnesota and had passed through the "first game period," which has proven so disastrous to many teams. They were in better condition, had developed better teamwork, both offensively and defensively, and were more fortunate in having a number of veterans in the lineup. This, added to the fact that their team had been picked early and had been playing together for some time, gave them a marked advantage which nearly proved disastrous to the cardinal.

Coming to the Indiana game, we find nearly the same conditions holding good. Uncertainty regarding eligibles, constant shifting of men as a result thereof, "green" material, and a lack of previous games, made the task of whipping a team into shape to defeat the veteran Hoosier aggregation, a well-nigh impossible task. The consequence was that when the Badgers faced these Indianians they were not going in anything like mid-sea-

"WE WANT TOUCHDOWN"

son speed. Even at that, the Badgers might have staved off defeat had they been fortunate enough to have one good ground-gaining halfback and a good punter. The greatest amount of ground lost was due to the marked contrast between Gill's and Pierce's punting. If, however, we should have beaten Indiana, it would have meant that the poorer team at this stage of the season had won.

Let us glance at the conditions that faced the team's prospects at the outset. There had been a change in the athletic department, a sweeping change. This caused a more or less uncertain feeling. Only one veteran, Buser, was eligible at the beginning of the year. It was known that the others, or most of them, would be eligible, but the fact that they had not been certified, was a hindbersome one. It then looked as though Coach Barry would be obliged to whip an eleven out of the same number of practically "green" men. It was thought that the sweeping changes in the rules would make it even easier to teach the game to new men than to the old timers but such did not prove the case.

Finally a tentative lineup was announced just before the Lawrence game. It looked promising. Then at the last minute, Bright, the most promising man for fullback, was declared ineligible. That upset the entire plans of the coaches. It necessitated the drilling of a new man and there was not

a great number of men on the squad who were capable of filling the place. In fact there was not one other good fullback in the squad. Benson and Samp, who have been played at the position, while hard workers, are not A No. 1 fullbacks. They lack speed and are unfamiliar with the position.

The quarterback position is another cog that clogged. It was uncertain who Moll's successor would be for a time but Gillette won out. He, however, had never played football to any great extent before and what was the result? The coaches had to center their work on him for a long time. He lacked the craftiness that is so requisite for a good quarter and his inability to direct the play, as an experienced quarter could have done, unsteadied the whole team. It must be said, however, that he has picked up a knowledge of the game in a remarkably short time and before the season closes will rank high up among the western quarters. He is fast and a good passer and as soon as he gets settled in the position should prove a wonderfully good man.

We are weak in halfbacks. Neither Bunker, Newman, Gilbert nor Birch are halfbacks of the Crawley type, although of the four the latter is by far the best. He is handicapped, however, by not having a running mate who is capable of getting the opposing end out of the play, and hence to gain for him is a hard task. Gilbert is a fighter

but is far too light to be effective. Bunker has the bad habit of slowing up before he hits a man. Newman looks as though he might develop into a good man if given the proper chance. Another newcomer is Wernicke who carries the ball well but who fails to pick his openings.

In spite of the poor line prospects at the beginning of the year, it now looks as though we will have a line capable of holding its own against anything in the west. Dean's work at end is too well-known to need comment. He should make the All-Western. Hoeffel, the new man at left end, is a natural player, fast on his feet and a sure tackler, besides working the pass well. At the tackles, there are two veterans, Buser and Mackmiller, the latter being moved out from a guard position where he played last season. They are heavy and Buser is speedy. His playing in the Indiana game warrants the consideration of critics when they turn their attention to picking an All-Western aggregation.

The addition of Pierce and Murphy has strengthened the squad where it was weakest, viz., in giving

it more weight. Murphy has had one season's experience as a varsity man, having won his "W" two seasons ago.

Arpin at center is a big improvement over any of the men who have been tried, and, barring the disadvantages of being light, is an acceptable pivot man. He passes well and is a good defensive player. There are a number of subs who warrant attention but lack of space forbids save to say that if the team has a successful season, they, as well as Coach Driver's admirable freshman team, deserve to share in the praise.

As to the future. We ought to defeat Northwestern and Chicago. I don't think we can turn the trick against Minnesota for if we did we would be upsetting every particle of football "dope." The gophers have their old scoring machine of last year and have been going along better than any other eleven in the country as far as scores are concerned. If we hold them to a close score and take the measure of the maroons, every Wisconsin student ought to feel satisfied with the season's work.

## THE INFLUENCE OF ALUMNI TEACHERS

HAT a factor the University of Wisconsin is in moulding the character of the future citizen and in equipping Young America for life, must be apparent to every one who examines the imposing list of teaching appointments for the present year printed in an earlier section of this issue. Of this year's graduating class alone, 132 have chosen the noble profession of teacher and educator for their life's work. Assuming that each of these comes into daily touch with but twenty-five pupils, the number of students directly influenced by members of this one graduating class is over three thousand. The great majority of appointments is to positions in high schools. In

other words, the University of Wisconsin, through the men and women she sends out, is an influence in the lives of thousands of boys and girls at a time when they are most impressionable and most easily led and guided. Over three thousand young men and women fitted for life by one university graduating class—what an inspiring thought! And what an admonition to the university, at all times to maintain the highest standards of morality and the most rigid adherence to truth and righteousness, so that the twenty-five per cent of each graduating class that are directly responsible for the training of the American citizen of the next generation may be properly equipped to meet the responsibility that is theirs!

## THE MILWAUKEE MONTHLY DINNERS

The decision of the Alumni Club of Milwaukee to hold men's dinners on the first Thursday of every month, and the cordial invitation extended to Wisconsin graduates not only of Milwaukee, but from all over the state, to attend them, deserves the commendation of the whole Alumni Association. What monthly reunions of this nature can do for Wisconsin spirit and for the

advancement of good fellowship among the graduates, is shown in the case of the Alumni Club of Chicago, where monthly dinners have in a great measure contributed toward making the Chicago Club the strongest local alumni association in existence. The Milwaukee alumni have, we believe, an even greater opportunity to foster interest in the University of Wisconsin,

and to promote friendships between the sons of a common Alma Mater. Milwaukee not only has a larger percentage of University of Wisconsin graduates than any other city except Madison, but its strategic position as metropolis of the state insures the presence of a considerable number of out-of-town alumni at the time of every dinner. The secretary of the Milwaukee Alumni Club is emphatic in his invitation to graduates not residents of Milwaukee to attend these

monthly reunions whenever and as often as they happen to be in the Cream City. This invitation deserves a most hearty response. THE WISCONSIN ALUMNI MAGAZINE congratulates the Milwaukee Alumni Club upon its progressive spirit. By offering a rendezvous for the alumni of the state the Milwaukee graduates are assisting materially in the good work of alumni reorganization and awakening which has been characteristic of the last two years.

#### LOYALTY OF THE CHICAGO CLUB

The Chicago Alumni Club has again proved its loyalty to the General Association. A letter was recently sent by the secretary of the Chicago alumni, asking the members to join the General Alumni Association, and to become subscribers to its official organ. The prompt response given to this letter indicates that the alumni of Chicago are interested in the work of the General Association and are anxious to support it. Is not the example of the Chicago Club worth imitating? Those in charge of the Wisconsin Alumni Association are

making every effort to get the official organ into the hands of *every* alumnus. But they cannot do the work unaided. A letter by every secretary of a local association to the members of his club would do a world of good in enrolling subscribers for THE WISCONSIN ALUMNI MAGAZINE. Every new subscriber means a new member of the General Association. Let the alumni join the Association to a man, and the influence of that organization in shaping the future of Alma Mater will be a most important factor.

# THE WISCONSIN ALUMNI CLUBS

## PICNIC OF AMES CLUB

**A**T the invitation of the committee, consisting of Miss Fredericka Shattuck, '05, Prof. J. E. Brindley, '02, and Dr. B. H. Hibbard, '02, the former students and graduates of the University of Wisconsin in the vicinity of Ames, Ia., held their annual picnic in the woods on the banks of Squaw Creek, on the evening of October 13.

A huge bonfire on which a delicious steak, wieners, and coffee were prepared made things very pleasant. The supper was served upon the green grass, and after the meal old college songs and univer-

sity yells were given. Stories and reminiscences of the old days at the university were indulged in, and the hope entertained that the picnic might be an annual affair.

The following persons attended the picnic: Dr. and Mrs. B. H. Hibbard, '02, Prof. and Mrs. J. E. Brindley, '02, Prof. and Mrs. Wm. B. Anderson, '01, Prof. Wm. Kunterth, '04, Prof. J. C. Gordon, '96, Prof. and Mrs. L. G. Schmidt, Miss Fredericka Shattuck, '05, Dr. L. H. Pammel, '85, Dr. and Mrs. B. G. Dyer, Prof. Evinger, Prof. and Mrs. F. A. Fish, '01, and Mr. H. J. Plagge.

## BANQUET OF MONTANA ALUMNI

By J. H. WARNER, '04

The second annual banquet of the Montana Alumni Association was held at the Thornton Hotel, Butte, September 17, 1910. About ninety invitations were sent out to known Wisconsin alumni and students in Montana. The program of toasts was as follows: "Wisconsin, A Progressive University," John Richards, '97; "Student Self Government at Wisconsin," J. P. Kennedy, L. '11; "The Days of '84," T. J. Walsh, L. '84.

Mr. Richards in his response pointed out the progressive, pio-

neering character of Wisconsin university in the matter of education. He compared the forward movement along educational lines at Wisconsin to the similar contemporary political movement, practical efficiency and service being demanded with increasing emphasis from student graduates and faculty as from the peoples' representatives in political life.

Mr. Kennedy, a present undergraduate, described the recent growth of methods of student self government at Wisconsin. His

subject excited keen interest and discussion among the older graduates.

Mr. Walsh of Helena followed the wonderful growth of Wisconsin university from the days when he was one of six hundred or seven hundred students making up the total enrollment to the present time when the students number over five thousand. Besides speaking of the conditions and thought obtaining at the university in the early eighties, he dwelt at length upon the present aims and standing of the institution, particularly pointing out its service to the state and nation through practical work on present day problems in fields scientific, industrial and political.

He aptly termed the University of Wisconsin the greatest asset of the state.

Upon conclusion of the program of toasts the following officers were elected for the ensuing year: President, T. J. Walsh, L. '84 of Helena; vice-president, John Richards, '97 of Butte; secretary-treasurer, J. H. Warner, '04 of Butte. The list of those present is as follows: T. J. Walsh, L. '84, John N. Kirk, '93, Oscar Rohn, '95, George Downer, '97, John Richards, '97, Nicholas Rotering, L. '03, J. C. Derge, '04, J. H. Warner, '04, R. B. Stevenson, '04, L. P. Donovan, L. '06, A. B. Melzner, L. '06, F. Young, '10, J. P. Kennedy, L. '11, Walter Nickle, '12.

### MONTHLY ALUMNI DINNER AT MILWAUKEE

By ERNST VON BRIESEN, '00

The Milwaukee alumni have decided to have a monthly dinner at Hotel Charlotte. The plan is to get as many of the fellows who are downtown to lunch to make it a point to eat at the Charlotte on a particular day, which will be the first Thursday of every month. We want all the alumni from out of the city, who happen to be in Mil-

waukee on that day, to arrange to eat there. They will thus surely meet many old friends. The plan is not to wait for anyone, but whenever you are hungry, go over there and eat. We hope that those who come will remain and enjoy themselves for a time, but they are to go and come as business calls them.

### ALUMNI TEACHERS

Over 700 former students of the university, now engaged in teaching in the schools of the state, will hold their annual reunion in Milwaukee during the Wisconsin Teachers' Association meeting No-

vember 3-5, under the auspices of the University of Wisconsin Alumni Teachers' Club.

A dinner will be given by the club in Gimbel's grill room Friday, Nov. 4, at 6:30 p. m. President

Van Hise and a number of alumni teachers will respond to toasts.

The officers of the association this year are: J. T. Hooper, '92, Ashland, president; May Lucas, '00, Manitowoc, vice-president; R. B.

Dudgeon, '76, Madison, secretary and treasurer.

The headquarters of the University of Wisconsin during the teachers' meeting will be in the parlor of the Plankinton.

### ST. LOUIS ALUMNI

The University of Wisconsin St. Louis Alumni Association held its first dinner and business meeting of the 1010-11 season, Wednesday, October 19, at the Washington Hotel. Twenty-two members were present and the following officers elected: President, J. B. Emerson, '99; vice-president, Mrs. V. W.

Bergenthal, '98; secretary-treasurer, Donald McArthur, '04.

The secretary was instructed to request from the university the attendance of a representative at the next dinner to be held the third Tuesday in November.

Weekly luncheons will also be held during the winter at various of the down town cafes.

### AEROPLANE MEET AT CHICAGO

The U. W. Club of Chicago is planning the greatest of its many notable stunts.

An aviation meet is promised for the 17th of November. It is expected that five or six types of aeroplanes will participate. Every Wisconsin alumnus or former student who attends the meet will be given an opportunity to fly an aeroplane.

There are in Chicago nearly 700 alumni and former students of Wisconsin. At a football dinner given at the Victoria Hotel in the fall of 1902 the U. W. Club had an attendance of nearly 400. The attendance at the aviation meet is expected to rival that at the June banquet of the General Alumni Association, when over 500 were present.

Lynn A. Williams, U. W. '00, is the general chairman in charge of the arrangements for the aviation meet and his enthusiasm in the success of the affair is unbounded. He is ably assisted by Commodore Allard Smith, who will have charge of the entire aeroplane fleet. Captains F. E. Chandler, Andrews Allen, C. H. McKenna, Arthur Curtis, George Haight and H. P. Howland will each control the manœuvres of an airship.

The efforts of these navigating officers will be ably seconded by Fred Newman, the chief engineer, and his mechanics, Van Hagen, Crumpton, Weld, Boettcher, Drew and Potter.

The commissary department is in the hands of Fred S. White,

Felix Boldenweck and W. A. Morrow. Fred Silber, A. B. Marvin and R. T. Conger have arranged for program and music, and in order that the Chicago public may not live in ignorance of the U. W. Club and its aviation meet,

President C. E. Pickard, U. W. '75, has appointed a special committee on advertising and publicity, this phase of the meet being in the competent hands of Israel Schrimski, Paul Wright and Elias Bredin.

---

## A FRESHMAN'S DEVOTION

BY SHIGEYOSHI OBATA, '13

ED. NOTE—This poem was written by a young Japanese student and member of the Wisconsin International Club. Mr. Obata describes in verse the impression which the university made upon him as he entered in the fall of 1909. The distinctly oriental atmosphere of the poem is especially interesting.

When morning mist arises on the silver lake  
 And weaves white silken wreaths round thy hills and halls,  
 When upon thy dome and thy golden groves about  
 The evening sun in golden glory falls—  
     Oh how beautiful, how beautiful, Wisconsin!

Abound in thee, as flowers, fruits, and trees,  
 In mountains of the south, all knowledges to be sought;  
 As with jewels and gems from seas of the west,  
 With virtues and honors thy radiant breast is fraught;  
     Oh how glorious, how glorious, Wisconsin!

Now buried in thy rapturous bosom, I dream and drink  
 The purple cups that thou pourest me full and free;  
 And my heart is with future joys and riches o'erflowed;  
 Oh God be thanked that I am come to thee!  
     Make me ever thine, forever thine, Wisconsin.

# UNIVERSITY LEGISLATION

## REGENTS

The regents in their October meeting authorized President Van Hise to nominate an athletic manager to begin work at once. Provision was also made for an additional assistant professor of physical training. George C. Dacy, '10, was appointed assistant in physical training for the short course students in agriculture.

The executive committee was authorized to purchase the property of John M. Olin, one of the most valuable plots in the city, which lies between the homes of Dean E. R. Birge and President Van Hise. The university plans to erect women's dormitories on the sites of the Olin property and the president's residence.

The regents granted degrees to the following graduates: Bachelor of laws—James H. Brown, Victory; Verne R. Edwards, Bloomington; Franklin E. Jenswold, Baraboo; Albert M. Kelley, Milwaukee; Albert G. Michaelson, Mount Horeb; John D. Miller, Lynden Station; James R. Murphy, Chippewa Falls; Milton Orchard, Muscoda; Wildon F. Whitney, Whitewater; bachelor of science in agriculture—T. J. Dunnewald and Oliver M. Osborne, Madison; Edwin E. Burke, Waukesha; master of philosophy—E. B. Gowin, Beloit; bachelor of arts—Frieda Fligeman, Helena, Mont.; Hazel C. Hildebrand, Rhinelander; Mary W. Hopkins, Pueblo, Col.; Earl Pryor, La Crosse, and George L. Watson, Fond du Lac.

Prof. Scott S. Goodnight of the Ger-

man department was made assistant director of the summer session.

R. W. Owens and J. G. Wales were promoted from assistants in English to instructors; J. D. Diehl was promoted from assistant in German to instructor in German.

The following assistants were appointed: Prince C. Hopkins, physics; Ida P. Johnson, German; Ida M. Street, English; Frederick Ernst and Maude Parkinson, romance languages; Jessie G. Schindler and Carl N. Hill, public speaking; Freda M. Bachman and Floyd D. Bailey, plant pathology; Vermillion Armstrong, bacteriology; Alice M. Sinclair, William N. Steil and E. T. Bartholomew, botany; Herbert Wing, Jr., ancient history.

E. L. Morgan was appointed scholar in agricultural economics.

Student assistants were appointed as follows: G. R. Sexton, commerce; C. F. Schwenker, commerce; Chauncey Hyatt, E. D. Harnden, Fred S. H. Smith and P. C. Kolinsky, physical training.

The following appointments for the winter dairy course were made: Walter Bernstein, Penllyn, Pa., assistant in milk testing; Axel Bruhn, Madison, and F. P. Schwingel, Madison, assistants in cheese making; Olaf Larson, Fennimore, assistant in creamery.

Harry L. Post, Sextonville, and B. E. Bragg, Wadsworth, O., were appointed assistants in farm dairying for the short course in agriculture.

# PROGRESS OF THE UNIVERSITY

## FACULTY

### RAVENEL IS ABROAD.

Dr. M. P. Ravenel, professor of bacteriology at the University of Wisconsin, is in Europe where he represented the University of Wisconsin at the centennial celebration of the University of Berlin, October 10-13. He expects to return to this country Nov. 1.

### BENKENDORF SPEAKS.

Prof. G. H. Benkendorf of the dairy department of the college of agriculture addressed the National Creamery Buttermakers' Association at their annual meeting in Chicago, October 26-28. Professor Benkendorf is secretary of the Wisconsin Buttermakers' Association and has been chosen to respond to the address of welcome by Mayor Busse of Chicago.

### SHAKESPEARE FRAUD PROVED.

That five quartos of the earliest known editions of Shakespeare's works are frauds, as far as the dates of publication are concerned, has been proven by William J. Neidig, instructor in English. By careful study of the peculiarities of the type and spacing on the title pages of certain quarto editions, Mr. Neidig proved that five of the quartos dated 1600 and 1608 were really printed in 1619, after Shakespeare's death and not during his lifetime as scholars have hitherto assumed.

The price of early editions of Shakespeare's plays will be seriously affected by this discovery, since much of their value lay in the fact that it was supposed the great dramatist himself might have handled the books. Mr. Neidig

shows that these early editions were really printed three years after Shakespeare's death and thus have no more value than a later edition. The 1600 edition of "The Merchant of Venice" recently sold for \$3,000.

It is supposed that the printers antedated the quartos several years to avoid difficulties with the holders of publication rights.

### DIRECTOR OF GYMNASIUM.

Dr. W. E. Meanwell, superintendent of public gymnastics, Baltimore, will be appointed as assistant professor of physical education at the university at the next meeting of the regents. He will also be director of the gymnasium, a new position in the physical training department.

Dr. Meanwell has held two championship records, one as lightweight champion in boxing, and the other as Canadian champion wrestler.

### "PREXY" DENIES RUMORS.

That he was recently re-elected by the regents to the presidency of the University of Wisconsin by a narrow margin of one vote, was denied by President Charles R. Van Hise when his attention was called to newspaper dispatches sent out to that effect.

His appointment to the presidency by the regents in 1904, he pointed out, was for an unlimited term, as has always been the case with the president of the university.

The question of his re-election, he said, had never been considered at any meeting of the board of regents, as under the

terms of his appointment there was no occasion for it.

#### RULING ON "FRATS."

The report of the faculty committee on the investigation of fraternities and sororities at the University of Wisconsin which went to the regents on October 13, recommends:

No freshman shall be initiated during his first year at the university, until after the close of the June examinations,

said rule to become effective in the fall of 1912.

No sophomore or upper classman on probation, shall be initiated into a fraternity or sorority.

Freshmen pledged during their first year shall not be allowed to reside in, or eat at a fraternity or sorority house until the close of the June examinations.

The report has been accepted by the inter-fraternity council, and will go to the legislature with its indorsement.

## CURRICULUM

#### SCHOOL MUSIC BY MAIL.

Believing that effective work in the theoretical study of music can be done by correspondence-study, the school of music is now offering courses through the extension division. Two courses of 16 lessons each are announced, one in public school music, the other in musical appreciation.

#### REORGANIZE MUSIC SCHOOL.

Important changes in the university school of music have been inaugurated with the advent of the new musical director, Dr. Louis A. Coerne. Hereafter all students must meet the regular university entrance requirements before being permitted to take up music studies. The school of music will thus be placed on the same footing as the other schools and colleges of the university.

The regular course in music, as now arranged, covers a period of four years. A choice is allowed the student of organ, pianoforte, violin, or voice instruction, the completion of the full course in each of these subjects leading to the degree of graduate in music.

For teachers who expect to combine the teaching of music with other branches in grades and high schools, a special course

is designed. A more complete two year course has been arranged for those who wish to fit themselves for the supervision of music in the public schools.

A number of courses in the school of music have been arranged so that they may be taken by any student in the college of letters and science. These courses include classes in harmony, counterpoint, history of music, musical composition, methods in public school music, principles of musical education, musical appreciation, masterpieces of music, and choral music.

#### TEACH BUSINESS METHODS.

Teaching business methods by correspondence has just been undertaken by the University of Wisconsin through the extension division. Twenty-two courses are now ready. It is planned to offer 98 courses as soon as possible.

#### HOME ECONOMICS POPULAR.

The number of girls enrolled in the department of home economics of the college of agriculture is more than double that of last year. Over 100 young women are taking the four years and graduate courses. A large number of students in the college of letters and science, candidates for the bachelor of

arts degree, have elected the general survey of home economics, and art and design studies, open to students in that college.

#### PAPER MAKING STUDIED.

How paper may be made from new kinds of wood pulp, and how wood products now wasted may be utilized in paper manufacture, will be studied by engineering students this year under the di-

rection of the college of engineering and the staff of the United States Forest Service laboratory at Madison.

A miniature pulp and paper mill, equipped with the latest machinery for grinding, beating and pressing paper pulp, is one of the features of the forest products' laboratory. A paper machine which manufactures a continuous sheet of paper fifteen inches wide has also been installed.

## STUDENTS

#### ATHLETIC BOARD.

President Charles R. Van Hise has appointed the faculty committee to have charge of the supervision of the university athletics, consisting of Physical Director George Ehler, chairman, and Profs. M. C. Beebe, C. H. Bunting, A. G. Laird, J. G. Sanders. This is practically a new committee, the only member of last year's committee being Prof. Laird. Prof. Beebe was a member of the athletic committee some years ago.

#### ANDERSON LEAVES.

Sid Anderson, last year's wonder at quarter, has decided to quit the Badger school and has already made arrangements to enter Yale.

#### TO COACH CREW.

E. R. Sweetland, present director of athletics at the University of Kentucky, has been appointed coach of the Badger crews, to succeed E. H. Ten Eyck, who resigned in June. Sweetland was a member of four winning Cornell crews of 1895 to 1898, and coached Syracuse crews in 1901 and 1902.

#### CROSS COUNTRY AT MADISON.

The new faculty committee on athletics at the University of Wisconsin at its first meeting decided to invite the graduate

committee to hold the conference cross-country championship in Madison, Nov. 19, the date of the Chicago-Wisconsin football game, and has received assurance that the invitation will be accepted. The championship race, five miles in length, has always been held in Chicago in previous years, and it is with general satisfaction that Badger athletes have learned of the new plans.

The committee elected the following officers: Chairman, George W. Ehler, director of physical training; secretary, Prof. C. H. Hunting; treasurer, L. J. Pickarts, bursar of the university.

The body accepted an invitation from St. John's military academy to hold a crew race between St. John's and the varsity crew next spring.

#### WILCE ACCEPTS.

Jack Wilce has accepted the office of graduate manager of athletics at Wisconsin, and is seeking release from his high school contract at La Crosse.

#### HEADS REPUBLICAN CLUB.

Hal R. Martin, law '11, and prominent in debating and oratory at the university, was elected president of the Republican club of the university. Arnsdorf Hill, '12, was elected secretary; Clarence Te Selle, law '11, treasurer; E. E. Witte, '09,

of Watertown, chairman of resolutions committee. The steering committee, partly elected, consists of Michael Utgard, agric. '12; Cady, law '12; William Spohn, hill '11; John Childs, hill '11. The purpose of the club is to advance the interests of the Republican party in the university, the club standing on the party platform, especially that part of it which has to do with the university.

#### HOLDS HOUSE WARMING.

The International club, made up of students from twenty nationalities, on October 15 held a house-warming of its new club house at 617 State street. In the club house some thirty men from different nations are housed, while one wing of the first floor is devoted to general club purposes. A home is thus provided to the foreigners to whom other social advantages are often closed.

On October 23 the club listened to a lecture on "The United States as a World Power," by Dr. Charles F. Dole of Jamaica Plains, Mass., the noted writer and publicist.

#### OVER 400 MORE STUDENTS.

The students at the university thus far this year number 3,869, an increase of 416 over the same time last year. This is a gain of 12 per cent. If this increase continues, the attendance of the university will be doubled every eight years instead of in a period of ten years as heretofore.

As the total enrollment at the end of last year reached 4,947, a continuation of this increase in other courses beginning later in the year may result in a total attendance for this year approximating 5,500.

#### PROFS AND STUDES CO-OPERATE.

In accordance with the plan adopted by the faculty for a closer co-operation

between the students and faculty in developing the self-government system, President Charles R. Van Hise has appointed the new committee on student interests. It consists of Prof. A. L. P. Dennis, chairman; and Profs. Eliot Blackwelder, J. L. Kind, J. G. D. Mack, W. L. Westerman, together with the following ex-officio members: Mrs. C. S. Woodward, Profs. R. L. Lyman, L. A. Coerne, W. G. Bleyer, Physical Director George Ehler, Captain Ralph McCoy and Dr. Joseph Evans. The new committee takes the place of the three faculty committees that had charge of social, dramatic, and musical affairs.

#### TO GIVE JOINT PLAY.

The men's dramatic society, the Edwin Booth club, and the women's dramatic organization, the Red Domino club, will cooperate this year in the production of a play. Saturday, December 10, has been set for the date of performance but the play to be given has not been decided upon.

#### DIXIE CLUB ELECTS.

The Dixie club, composed of students at the University of Wisconsin who live below the Mason and Dixon line, has elected officers for the year. The following were elected: S. H. Ankeney, '11, Florida, president; W. P. Gee, South Carolina, vice president; L. Anton, '11, Louisiana, secretary; J. I. Littleton, Alabama, treasurer; and W. C. Farnum, '12, Missouri, sergeant-at-arms.

#### MEDICAL SOCIETY OFFICERS.

The honorary medical fraternity of Nu Alpha will have as its officers for the coming year the following: President, R. C. Hartman, Davis, Ill.; vice-president, Otto L. Hanson, Chippewa Falls; secretary and treasurer, F. R. Nuzum, Janesville.

## INTERCOLLEGIATE DEBATERS.

The teams for the intercollegiate debates with the University of Iowa and the University of Nebraska to be held Dec. 2, have been elected as follows: Andrew T. Weaver, Pewaukee; Howard T. Lewis, Madison; Hal R. Martin, Law '11, Madison, and Frank Daley, '11, Madison, to debate against Iowa at Madison; Harry Meissner, '12, Milwaukee; Raymond Bell, '12, Madison; William Spohn, '11, Janesville, and John Childs, '11, Eau Claire, to debate against the University of Nebraska at Lincoln. The subject to be debated is: "Resolved, that the movement of organized labor to secure the 'closed shop' should receive the support of public opinion." The team which will debate with Iowa university will defend the affirmative side of the question, while the team that meets Nebraska will uphold the negative side. Prof. R. L. Lyman will coach the affirmative team and Carl N. Hill, '09, the negative.

## FRESHMEN STILL GREEN.

That graduates of the high schools who enter colleges are extremely ignorant of the location of important cities, mountains, rivers, etc., is shown by the results of recent tests given to freshmen.

Of a class of 162 who were examined in the simplest geography, one-fourth failed, one-fourth made a poor showing, one-third did fairly well, and but one-sixth made a satisfactory showing. Only two displayed an unusual knowledge.

A surprising ignorance of the location of prominent cities in the United States was discovered. The pupils were asked to name the state in which the cities of Richmond, Mobile, Memphis, Butte, Syracuse, Nashville, Spokane, Atlanta, Key West and Scranton were located. Many could name but a few while the number who could name all was very small.

The greatest ignorance was shown with respect to the location of mountains. A considerable number of students could not locate a single one of the five mountains, Pyrenees, Caucasus, Himalaya, Sierra Nevada, Mt. McKinley, while nearly half missed two or three out of the five.

## NEW PEN PUSHERS FRAT.

Theta Sigma Phi, an honorary journalistic sorority, is to enter the university in the near future. The charter membership will include Aimee Zillmer, Frances Shattuck, Helen Connor, Elsie Bullard, Ada Hopkins, Alma Slater, Harriett Maxon, Florence Lundquist, Florence Two and Lydia Gross.

## CHANGE STUDENT CONFERENCE.

Reorganization of the student conference committee of the University of Wisconsin, in an effort to eliminate the unwieldy personnel of the body, was affected recently. The committee, which serves as an arbitrary medium between students and faculty, always has been an effective body but has recently been open to criticism on account of the method of determining the members.

The members of the committee, under the new arrangement, will be elected from each of the classes according to colleges and from the following organizations and student publications: Y. M. C. A., Union, International club, Interfraternity council, Athletic board, Daily Cardinal staff, Sphinx, Badger, Wisconsin Magazine and the Athenae, Hesperia, Agricultural and Engineers' clubs.

## AGRIC GRADS IN REUNION.

Over 300 graduates and former students of the college of agriculture met on Thursday, September 15, at the State Fair at Milwaukee, and held a rousing informal reunion. All were heartily in

favor of the idea and it is expected that a much larger attendance will be present next year.

#### GERMANISTISCHE GESELLSCHAFT.

The first entertainment by the Germanistische Gesellschaft took place Wednesday, October 19, in the concert hall of Lathrop hall. Among other notable features of the evening a potato puppet play was given, under the direction of Professor Kind.

#### ADOPT LIVE PLATFORM.

Appropriation for a Union building, the advisability of appointing a dean of men, the adoption of a seven game schedule, and the erection of a new boat house, constitute the planks of the platform adopted in the meeting of the Senior class held during the past month.

At the election of the class "Mike" Timbers was elected president, Phoebe Twinig vice-president, Karl Kraatz secretary, "Teddy" Baer treasurer, and Wm. H. Ellis sergeant-at-arms.

The juniors also held an election, which, however, was attended by such shocking alleged frauds that another election must be held. At the present writing no result has been announced.

#### SKULL AND CRESCENT ELECTS.

The following are the freshmen elected to Skull and Crescent at their annual smoker: William James, M. C. Bruce, Phil. Newman, George Drummond, Walter Carr, W. S. David, John Van Riper, E. A. Weschler, N. M. Wyatt, N. D. Bassett, R. H. Ray, C. W. Straubel,

C. D. Rudolf, H. V. Joannes, R. H. Carpenter and Duncan Hunter.

#### BASHFORD SPEAKS.

The second convocation of the year took place on October 20, when Bishop James Whitford Bashford, '70, of China, spoke on "The Social and Political Awakening in China."

#### MANY FOREIGN STUDENTS.

An unusually large number of students from foreign countries and other states have entered the college of agriculture. Six foreign countries are represented by 16 students, and 25 states have sent 162 students for the agricultural courses. The largest delegations are from China, Mexico and South America.

Jose Leguia, son of the President of Peru, South America, is studying agriculture preparatory to entering agricultural work in his native country. Vladimir V. Zuamenski has entered with a special commission from the Russian government to specialize in horticulture.

C. J. E. Schutte of Pretoria and M. J. H. Trew of Johannesburg, South Africa, have entered in the four year course. B. K. Palit comes from Calcutta, India.

The Chinese delegation includes seven young men who are under advisory direction of the Chinese Ambassador at Washington. They are T. S. Kuo, M. Y. Loo, C. C. Pan, T. Y. Tang, K. S. Woo, H. W. Moh and Y. M. Tseng.

Mexico is represented by Jesus de la R. Fuente of Madadores, and F. M. Cardenas of Saltillo, Mexico.

## MISCELLANEOUS

#### SOCIAL UPLIFT MOVEMENT.

A new movement in social uplift has been inaugurated by the University of Wisconsin, through the new institute of municipal and social reform, conducted

under the direction of the university extension division, beginning October 17. All classes and lectures will be held in Milwaukee at the extension division branch.

The institute has been started in response to the solicitations of many citizens of the state. The object of the courses of study offered is to train men and women for expert service in social reform, social welfare, and municipal efficiency. The prevention of crime, the lessening of poverty and the raising of the standards of life among certain classes, it is hoped will be accomplished.

The institute will have two general courses, given by experts in city planning and city government, and experienced directors of charitable institutes. The work will consist of lectures, conferences, observation visits to homes, and field work under the personal supervision of Mrs. Anna Garlin Spencer of the University of Wisconsin and the New York School of Philanthropy.

Three lectures on municipal government by the mayors of three cities will form the program of the first week of the institute. On October 21 Mayor Seidel of Milwaukee will speak on "The Creation and Execution of Municipal Policies." Later in the year Mayor Gaynor of New York will address the members.

Classes in the training of visiting nurses are arranged. Recognizing the importance of improving home conditions among the poor, the institute will also give a thorough course in home training methods for those who expect to go into social settlement work. In addition to the regular lectures, special lectures will be given by prominent educational leaders and men of affairs.

The institute for municipal and social service became installed in its new quarters adjoining the city clerk's office in the city hall recently.

#### JAPANESE SHOW GRATITUDE.

A specially woven silk banner, bearing a resolution of thanks signed by all the members of the honorary commercial commissioners of Japan, who visited the

United States in 1909, has just been received by President Charles R. Van Hise. The banner was accompanied by a letter expressing the sincere gratitude for the hospitality shown the party during its visit to the university.

The resolution of thanks is written in Japanese, the letters are black woven on a rich golden background. The banner was woven at the silk mills of Nishijin, Kyoto, at the special request of the mikado. Baron E. Shibusawa, chairman of the commission of Japan to the United States, headed the committee that sent the banner to the university.

#### AT TEACHERS' CONVENTION.

Twenty members of the faculty will be on the program of the Wisconsin Teachers' association which holds its annual meeting in Milwaukee November 3-5.

An illustrated lecture on modern playgrounds will be given by Dr. J. C. Elsom, physical director at the university. Dr. Elsom will also speak on "Health in the Country Schools." Miss Abbey Shaw Mayhew, of the department of physical training for women, gives an address on "Folk Games and Dances."

H. L. Russell, dean of the college of agriculture, is to discuss the place and practice of agriculture in the rural school, while Miss Abby L. Marlatt, supervisor of home economics, will lead the discussion in the meeting of the Wisconsin branch of the American Home Economics Association.

#### STUDENTS HEALTH PRESERVED.

That over one-fourth of the total number of students enrolled at the university applied for medical advice during the past semester and summer school term, is shown by statistics just compiled by the department of clinical medicine, installed at the university last February. The services of the department are free to all students.

# ALUMNI NEWS

## BIRTHS

'95.

Born—To Mr. and Mrs. Wilbur L. Ball of New York City, a daughter, on April 25, 1910.

'97.

Born—To Mr. and Mrs. W. N. Smith of Platteville, a son, on June 13.

'98 L '03.

Born—To Mr. and Mrs. R. G. Harvey of Racine, Wis., a son, on July 3.

'98.

Born—To Mr. and Mrs. C. F. Thompson, on August 31, a son, Robert Penniston

Born—To Mr. and Mrs. Ernst von Briesen of Milwaukee, a girl, Martha Margarete, September 4. Her grandfather on her mother's side was Jacob Bickler, '70.

'02.

Born—To Mr. and Mrs. A. D. S. Gillett, Superior, a daughter.

'05.

Born—To Mr. and Mrs. C. Steinmetz, Jr., a son, Christian Robert, on September 16. Mr. Steinmetz will be remembered as captain of the 1905 basket ball team which won the Western Intercollegiate championship and then went to Columbia university, but was defeated by a score of 21-16. Mr. Steinmetz is now associated with Senator Julius E. Roehr in the practice of law at Milwaukee.

Born—To Mr. and Mrs. Edward S. Moles of Chicago, a daughter, on September 25. Mrs. Moles was Ora Mason, '06.

Born—To Mr. and Mrs. Alva Eighmy, a daughter, in September. Mrs. Eighmy was Estella Starks, '05.

'06.

Born—To Mr. and Mrs. E. R. Smith, a daughter, on September 29. Mrs. Smith was Lulu Cass, '06.

Born—To Mr. and Mrs. Thaddeus H. Brindley, a son, on October 3.

## ENGAGEMENTS

HERFURTH, '93—DAVIS.

Mrs. Theodore Herfurth of Madison announces the engagement of her daughter, Sabena Mildred, to William Lloyd Davis. For the past two years Miss Herfurth has held a position as instructor in the German department of Milwaukee-Downer college and formerly filled a similar position in the university. Mr. Davis is a graduate of the university and a member of the Sigma Alpha Epsilon fraternity. He is now engaged in the business of real estate and investments in western lands. The wedding will take place early in December, after which the young couple will spend six months in travel abroad. On their return they will make their home in Madison.

NOYES, '07—BARKHAUSEN.

Mrs. J. C. Noyes of Oshkosh announces the engagement of her daughter, Miriam, to Henry G. Barkhausen of Oshkosh. The wedding is to take place in the winter.

## MARRIAGES

COOKE—BOGUE, '94.

Genevieve E. Cooke of Parker, N. D., and Alan Bogue, Jr., of Centerville, S.

D., were married on June 30. At home at Centerville, where Mr. Bogue is engaged in the practice of law in the firm of Bogue & Bogue. At the June, 1910, primaries Mr. Bogue was nominated for states attorney (county attorney) on the Republican ticket. He will have no opposition in the November election.

MILES—CHANDLER. '01.

The marriage of Mabel Keenan Miles to Zach A. Chandler, principal at the Howe School for Boys, Howe, Ind., took place at Hubbard chapel of Grace church, Chicago, August 25. Mrs. Chandler is a niece of Dr. George Keenan of Madison.

ESCH, '02—FAVILLE.

Ella L. Esch of Sparta, Wis., and Theodore R. Faville of Greenwich, Conn., were united in matrimony at the home of the bride's brother, John J. Esch, '82, on September 10 at La Crosse. The ceremony was performed by the Rev. Henry Faville, father of the groom. Bride and groom were unattended. The wedding march was played by Esther Conklin, '05. At home at Greenwich, Conn., where the groom, a graduate of Yale, is in charge of a congregation. Mrs. Faville until recently was superintendent of schools at Sparta.
