SACRED MUSIC

ATTRACTS LARGE CROWD TO LIBRARY HALL.

Christian Association's Effort Appreciated by the Public—A Fine program Well Rendered.

An audience that filled Library Hall to the doors turned out yesterday afternoon to listen to the Sacred Concert given under the auspices of the Young Men's Christian Association.

On account of the illness of some who were to participate, three of the numbers, the vocal solos by Professor Olson and Miss McCawley and the piano solo by Miss Seeber, had to be omitted, but the remainder of the program was carried out.

The entertainment began with the singing of the Doxology by the audience. This was followed by a selection entitled "Cebere Siquiliana," by Anderson's mandolin orchestra. The mandolin orchestra is led by Mr. Hjalmar O. Anderson of the School of Music and is an excellent organization. The selection was well rendered, and played with expression.

The third number was a mandolin solo by Mr. Anderson, the Sonantina-Adagio by Beethoven.

Miss Ella M. Helm then sang a solo entitled "The Lord is Mindful" from the oratorio, "St. Paul," by Mendelssohn. She was accompanied by the orchestra.

The fifth number was a solo entitled "Fear Ye not, Oh Israel," sung by Miss Anna Gapen. Miss Gapen has an excellent voice and the selection was rendered with feeling. Her number was one of the best on the program.

Following Miss Gapen Mr. William E. Brown rendered with fine expression the "Angel's Serenade" on the violin.

The seventh number on the program was a tenor solo by Mr. Fred P. Bowen entitled, "Callest Thou Thus, Oh Master?" Mr. Bowen has a well trained voice of excellent quality, and his number was a pleasing one. The concert was concluded by a cello solo, entitled "Reverie," which was excellently rendered by Mr. Albert C. Ehlman of the School of Music.

Letter From President Adams.

A letter dated Dec. 2, was received to-day by registrar Hiestand from Pres. Adams, who is at present in San Remo, Italy. The two following extracts from the letter show how much Pres. Adams is being benefited by his trip. In speaking of San Remo he says, "Yesterday was one of the loveliest days one can imagine. The sun was shining with dazzling brightness and the temperature wrapped one around with such loving warmth that one was constantly tempted into the open air. Much of the afternoon we sat in the garden or on the esplanade looking at the blue wafer of the Mediterranean or at the olive colored hills and mountains. Speaking of his improvement in health he says, "We like San Remo so much that we may remain here longer than we intended to do. That I have improved steadily you may infer when I tell you that I have gained 18 pounds since I left Madison—only five weeks ago. My weight is now almost up to the old normal standard."

Handball Tournament.

The handball tournament is to be finished before the holidays. Never before in the history of handball in University has there been so much interest manifested as in the present one.

The junior championship was played this afternoon between Gust and Angell and Curtis and Mabbett. Tomorrow, Smith and Taylor will play the winners of the junior final. On Wednesday, the winners of the junior and senior finals will play Leighton and Erickson, the winners of the sophomore and freshmen trials.

On Thursday, the championship will be played at 12 o'clock noon. The players will be Hobbins and Koplin, winners of the law school, against the winners of Wednesday's game.

Van Hise on Ore Deposits.

Professor Van Hise will address the Science Club, Thursday evening at 7:30 in the lecture room of the new Library building, on the subject "The Earth Story of the Metallic Ores." Professor Van Hise is regarded both by mining men and scientists as a leading authority on this subject, and his new ideas on the origin of ore deposits have lately attracted wide attention. The paper will be discussed by Dr. H. Foster Bain, of the United States Geological Survey, and Professor C. S. Slichter. The Science Club invites the public.

La Grippe Still Rages.

The inclement weather of the last few days has increased the number of cases of "grip" to an alarming extent. Both students and faculty have been affected with the uncomfortable disease. Hardly a fraternity or boarding house has escaped its ravages. Numerous new cases are reported daily from all sections. It now seems that the plague will only be terminated by the interposition of the Christmas recess.

Freshman Dec. Preliminaries.

The preliminary trials for those having forensic selections in the Freshman Dec. came off Saturday afternoon and resulted as follows: first, F. L. Randolph; second, L. R. Ludlow; third, L. D. Blackman; fourth, G. L. Woledge; fifth, F. Arnold. It is a noticeable fact that all the winners are men and all are Athenaeans.

Charles Kirkpatrick of Cornell, Iowa, is the guest of his friend A. Greeves. Mr. Kirkpatrick will stay to attend the joint debate as he is a debater on the same question as will be debated here Wednesday night.

BIG CROWD EXPECTED

From present indications it seems probable that the hall will be filled, and it is urgently desired that all who can do so will attend. As has been mentioned before, the object of the play is to raise money for an art exhibit to be given in January.

Ushers have been selected for the entertainment and are as follows: Henry Winkle, Michael Cleary, Lee Boys, Leo Nohl, Ray Palmer, John McMillan, Stuart Washburn, Howell Parks, Frederick Taylor, Morris Fox, Carl Stillman, Chester Barnes, John F. Lawyer, Truman Dodson and Sidney Niles.

A College Education for the Filipinos.

The faculty of Yale University recently voted to give free tuition to five Filipinos of "exceptional fitness and high character," to be chosen by Judge Taft of the Philippine Commission.

It is the belief that the greatest need of the Filipino is education, and when we have once educated him our government of the islands will be practically solved. With this end in view schools have been erected, and many nations have been sent to the United States to be educated. Hence, the action of Yale in extending free tuition to desirable Filipinos is a commendable one, and should be followed by other universities in our country.

Our soldiers in the Philippines are doing their share towards establishing peace and order in the archipelago, why should not the colleges and universities at home grasp this opportunity and help on the good work?

The colleges of our land have always been patriotic and have sent their sons to the front when necessity demanded. Let them now take the enemy to their class-rooms and fight them with civilization's most efficient weapon, education.

It is to be hoped that the East will not stand alone in this noble work, and that the universities of the West will soon come forward and offer their advantages for the same purpose.
