BELOIT CHAMBER of COMMERCE

The Beloit Chamber of Commerce is a community enterprise.

Its members are the stockholders; its officers and directors the management.

Receipts from membership dues and the personal service of the members constitute its only working capital.

It is a corporation formed to manufacture public sentiment and business opportunities, to make these opportunities known to new citizens and to work for the CIVIC, COMMERCIAL, INDUSTRIAL and AGRICULTURAL interests of the community.

Information cheerfully given to visitors and strangers in Beloit.

Members from the rural districts are invited to make the Chamber of Commerce their headquarters when in the city.

R. H. Richardson

CHIROPRACTOR

—Call 2230, R 1

CHIROPRACTIC

In all lines of human endeavor there have been unprecedented advancement, in methods and efficiency, during the last quarter century.

Chiropractic represents that advancement in the department of Conservation of Health.

Without conflicting, in any way, with the established facts regarding the structure and action of the human body; Chiropractic is the only science that demonstrates a cause for disease, and at the same time provides a method of safely, permanently, and painlessly removing that cause.

Chiropractic IS NOT Osteopathy, Medicine or Massage.

EXPERT TESTIMONY

ALFRED WALTON, M. D., D. C. (Ex-President and Chief of the Surgical Division of Essex Co. Hospital, N. J.) after 30 years practice of medicine and surgery, finds in Chiropractic a science of which he writes: "It would be difficult to tell exactly what percentage of cures are possible following spinal adjustment, the percentage is SO HIGH however that the necessity for the employment of ALL OTHER measures pale into INSIGNIFICANCE."

The spinal column is the distributing centre of vitality. When these nerves are pressed upon, the organs they supply become diseased " U. A. LYLE, M. D., Logansport, Ind.

Many other endorsements can be given upon request.

INVESTIGATE

Most persons, upon investigation soon see the logic of spinal adjustment, and upon giving it a trial sound its praises unceasingly.

An intelligent investigation of this science will banish all prejudice, and skepticism, and convince you of the greater efficiency of Chiropractic in eliminating disease.

CHIROPRACTIC eventually: Why not NOW?

CONSULTATION and Spinal Analysis

WISCONSIN TELEPHONE COMPANY

Move Order and Renewal Agreement

..... Exchange 192 .

The Subscriber requests the WISCONSIN TELEPHONE COMPANY to move telephone Number now located at to on 192 , or as soon thereafter as practicable. . Remittance covering the charge in accordance with the schedule below amounting to \$ enclosed. Service to be furnished at the new location subject to the schedules, rules and regulations of the Company.

Accepted for Wisconsin Telephone Co. (Sign here) Subscriber

By *By Manager

*In case of a corporation or firm, or signature of an individual by another, the name and title of the person signing must be given.

SCHEDULE OF CHARGES

Moving a telephone from one part of a room or building occupied by the same subscriber, to a different location in the same room or building occupied by the same subscriber, except where the move requires the services of a lineman \$2.00

Moving a telephone from one part of a room or building to a different location in the same room or building not occupied by the same subscriber or where the services of a lineman are required 3.50

Moving a telephone from one building to another 3.50

Moving private branch exchange switchboard, power circuits, generator circuits and miscellaneous equipment Cost

An estimate of the cost of moving such equipment will be furnished upon request

Note—Subscribers desiring their telephone moved, will fill out and mail or deliver this order and agreement to the Company at least fifteen days in advance and the change will be made as promptly as practicable.

Helpful Suggestions **and** **Information for Bell Telephone Patrons**

The Use of the Company's Lines is limited to communications between parties, both of whom are present at the telephone, and employees of the Company are prohibited from accepting written or verbal messages for transmission or delivery.

Local Exchange Calls originating at public pay stations or telephones where it is necessary to deposit a nickel for each conversation are limited to five minutes duration and a charge of five cents will be made for each period of five minutes.

Subscribers to Party Lines are limited to five minutes use of the line at one time.

The Chief Operator will Furnish on request, new call numbers of subscribers not listed, and who have had service installed after this Directory was printed or of numbers which have been changed.

Ten Days' Notice for Changing location of telephones should be given. Subscribers are requested to report fully by letter any change in firm name or business, for correction in the following issue of Directory.

Bills for Current Months' Service are payable at the Company's Office by the 15th day of the month. Service is subject to suspension if payment is not made by that date.

Non-subscribers will be listed in this Directory with residence address and telephone number if they reside where telephone service has been installed. A charge of twenty-five cents per month is made for this entry.

This Company Assumes no Liability for damages arising from names left out of this Directory or from errors occurring in its compilation or printing.

Telephone Directories of the Principal Cities throughout the Country may be obtained by any of our subscribers wishing same, who will agree to pay the charges made by the issuing company. Prices and other information can be secured by calling the Manager's office.

A Copy of this Directory is delivered free to every subscriber for use until the next issue, but the book remains the property of the Company. It is imperative that the current issue be always used to obtain correct call numbers.

It is Impossible for Operators to give attention to complaints of trouble, therefore subscribers are requested to report any irregularities in their service promptly to the Chief Operator.

Patrons are Cautioned against the possible entry into their premises of Fraudulent Persons posing as Repairmen, Inspectors or Collectors. Employees of this Company, duly authorized to install, repair or remove telephones, or collect for service, are provided with proper credentials. Please guard yourself against any misrepresentation by asking to see these credentials.

Schedules of Rates in Force at each exchange are on file at the Manager's office and can be examined by applying to the Manager.

The Fire Department and the Police Department are always available by telephone. Tell your story briefly, calmly and distinctly, giving your street address, and answer promptly any question asked by the Department called.

Use of Foreign Equipment. The Company is responsible for satisfactory telephone service, it cannot permit the use of any equipment or other apparatus in connection with that furnished by it. **Subscribers are cautioned not to purchase or use any equipment not furnished by this Company.**

This Company Connects with the American Telephone & Telegraph Company, furnishing service to all of the important cities in the country.

Telegrams May be Sent over the wires of this Company, to or from Telegraph offices. The Telephone Company does not assume responsibility for the correct transmission of the messages.

Supervision by Private Branch Exchange Operators—The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange Operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Report all complaints of long distance service to the "Long Distance Chief Operator."

For information not given above concerning long distance service, call "Long Distance **Information** Operator."

Requests for Charges—If a patron desires notification of the amount of the charge on his message, he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

The Company Cordially Invites all users of the telephone to call at any Exchange for an inspection of the operating room and other interesting details of the business. The unique features of a Telephone Exchange are but little understood by the public at large, and observations by the subscribers often lead to suggestions, tending to the best results in the service.

SUBSCRIBERS LIST OF Wisconsin Telephone Co.

In explanation of the method of ringing on the rural lines, the letters and figures after the subscribers' number signify how many rings and whether or not they are long or short rings. The units denote short rings and the tens long rings.

R-3 denotes three short rings.

J-2 denotes two short rings.

R-20 denotes two long rings.

R-32 denotes three long and two short rings.

Example: Party 9904-R-13 is called. The request to central should be for "Rural."

When the rural operator answers, say 9904-R—one, three.

How Telephone Subscribers Can Help the Service

Always look up the telephone number before making a call. Give telephone number distinctly, one figure at a time. Answer calls promptly. Don't keep the line uselessly busy. Be brief but courteous to operators.

**Your Co-operation is Essential
to Good Service**

Build your business by intensive advertising in an intensive medium.
The Telephone Directory is the intensive medium.

A Single Line Telephone Helps Increase Business

Customers appreciate the value of Single Line Telephone Service in the stores of the merchants with whom they deal because it allows them to place their orders without the delays that sometimes occur when the merchant shares his telephone line with others.

A Single Line Telephone brings more business to the merchant because it makes it easier for the consumer to buy from him.

Right and Wrong Way

FROM time to time subscribers complain that they cannot hear the party at the other end of the line. In some instances this is found to be the fault of the apparatus or of the lines, but usually such complaints are due to the failure of the party at the other end of the line to *speak closely into the transmitter.*

The cuts below show the right and the wrong way.

Please follow the "right" way when using the telephone and thus assist in making Our service the best telephone service anywhere.

The Right Way

The Wrong Way

TELEPHONE PLEDGE

I believe in the Golden Rule and will try to be as courteous and considerate over the telephone as if face to face.
