CO-EDS MARCH IN SWING-OUT THIS EVENING

Flower Chain to Feature
Annual Senior Proces-
sion Tonight

Senior Swingout, the first of the closing exercises of the school year, will begin at 6:15 this evening at Lincoln Terrace. The procession of seniors in cap and gown will be followed by the announcement of Mortar Board elections and the dancing program. Singing at Muir Knoll will conclude the ceremonies.

All university women are urged to turn out for Swingout. The following places have been designated for the classes to meet: Seniors, half at South hall and half at North hall; Juniors, Lincoln Terrace; Sophomores, North hall; Freshmen, South hall. Seniors are to wear caps and gowns and black foot-wear, and the others are to wear white. No girls who are not in white will be allowed to take part in the procession.

The senior women, in whose honor these exercises are given, will march in two double columns from north and south halls down the sides of the lower campus to the path that crosses between the Engineering building and the Law school. The procession will turn there and march back up the center between the two rows of waiting junior carrying the flower chain. The seniors will be followed by the sophomore and freshmen women. Dean F. Louise Nardin will lead the procession.

An entirely new idea in the way of a dance pageant has been worked out and will be presented by freshman, sophomore, and junior dancing classes. The story of the pageant is the story of villagers who go to the village green to dance.

EIGHTS RACE ON MENDOTA COURSE AGAIN TOMORROW

Oarsmen Row Second Event of
Year at 10 O'Clock
Saturday

The second big rowing event of the season will be rowed Saturday morning at 10 o'clock when the crews of the three lower classes meet on Lake Mendota. After the splendid showing made by "Dad" Vail's protégés last Saturday in the intra-mural race, a fine exhibition of oarsmanship is expected.

The favorites in the prophecies are the freshmen, who very nearly trimmed the Aggies on Saturday. This eight is the pick of the first year rowing classes which have been training all winter and is the foundation on which "Dad" will build his varsity crews if the sport is reinstated. The frosh, however, will have keen rivalry in the juniors, four of whom pulled oars on the Aggie eight.

The men on the crews are:

Juniors—Toepfer, Ede, Peterson, Pier, Gibson, Mehlman, Rieck (captain), Allin, Smith (coxswain).

Sophomores—Weaver, Kaslin, Sly, Selvage, Koltis, Coxon, Samp, Heyman (captain), Metcalfe (coxswain).

Freshmen—Walther, Saunderson, Wiznicky, Wheeler, Platten, Hopkins, Pretin, McQuade (captain), Peterson (coxswain).

AUTO CRASH INQUEST CALLED THIS MORNING

Survivors of Accident Now Out
of Danger; Are Recover-
ing Slowly

Witnesses of Monday's automobile crash have been summoned to the court house for the jury inquest at 10 o'clock this morning. Croner W. E. Campbell, with attorneys, yesterday revisited the scene of the accident to procure further evidence.

Marjorie Huber is still in a very serious condition although her condition is improving slowly, according to information obtained at the Phi Mu house, yesterday. Mary Voorhees is getting along finely and expects to be out very shortly. Both girls are at St. Mary's hospital.

The coroner's jury will consist of Dean S. H. Goodnight, O. W. Sherman, H. C. Netherwood, A. P. Felton, W. R. Bentley, and Louis Gefert.

SENIOR WOMEN PLAN ALUMNI ACTIVITIES

The women of the Senior class are to be divided into twenty-five groups after Commencement, each group under the direction of a leader. The purpose of this arrangement is to keep the class in touch with one another. The leader of each group must receive one letter a year from every girl under her direction. The information thus received will go to make up the Alumni Magazine.

The senior camping party which was being planned has had to be called off, it was announced today, as no house was available.

PILOTS VARSITY TRACK TEAM

ANDREW I. ANDREWS

Captain Andrews, who will lead the Badger track team in his last race at the Western Inter-collegiate track and field meet at Ann Arbor today and tomorrow, is one of the best hurdlers in the conference. He is a veteran of before the war track teams, and with Knollin is expected to contribute a few points to the Badger total by placing in both the high and low hurdle events.

UNION FUND RAISED TO \$88,000 BY FACULTY

The faculty subscriptions to the Memorial Union fund have reached \$10,683, making a total of \$88,000 for the whole drive, according to reports turned in to Loring Hammond, chairman of the drive. The final returns of the drive among the employees association have also been received. The employees dance given May 1, netted \$183 for the fund, bringing it to \$2,796.

VARSITY POST SENDS DELEGATE TO STATE MEET

The University of Wisconsin post of the American Legion will send a delegate to the state convention at Green Bay. Such was the action taken at the meeting of the American Legion which was held in the engineering auditorium last night. The delegate will be chosen by the executive committee.

Plans were started for a smoker to be given next fall when the Board of Regents will be here as it is planned to have Gilbert F. Seaman, a member of the Board of Regents and formerly a Colonel in the Medical corps as an honored guest. Colonel Seaman was with the 32nd division.

BADGERS MEET MICHIGAN IN FINAL GAME

Will Try to Uphold Wisconsin Record by Defeating Conference Champs

The Badger baseball team will try to uphold the Wisconsin record for defeating conference champions this afternoon at 3:30 when the last game of the season will be played with Michigan at Camp Randall.

Although the Wolverines have not suffered defeat by any conference teams thus far during the season they are not unbeatable and if the Badger defense plays up to standard there is no reason why Michigan should score any more runs, in spite of the fact that all dope naturally points to a Michigan victory after an examination of the record of games won and lost by both teams.

ZULFER ON MOUND

Coach Kent is expected to start Zulfer on the mound, and since there are no more games he will have Miller and Ogle in reserve if relief is necessary. From Zulfer's showing, however, in the two games which he has pitched this season it is not probable that he will need any help. After playing first base in all of the early conference games Zulfer had to take up his end of the pitching duties when Miller was sent to the hospital and worked twelve innings against Purdue in his first game, losing in the last

SERVICES HELD FOR JANDORF MEMORIAL DAY

GRAND RAPIDS, Mich.—Carl Jandorf, Grand Rapids student who was killed by a patrolman's bullet at the University of Wisconsin was buried in Oak Hill cemetery, Grand Rapids, Monday afternoon. Rabbi Charles J. Freund, who conducted the funeral services at the home of the parents, Mr. and Mrs. Charles S. Jandorf, 318 Paris avenue, paid an eloquent tribute to his memory which was particularly appropriate to the day which is set aside for honoring the dead.

"His life was his own eulogy," Mr. Freund said. "The inspiration of his life and the martyrdom of his leavetaking will be of untold help to the living. Therein lies his immortality. His devotion to his parents was an example to the young manhood of today."

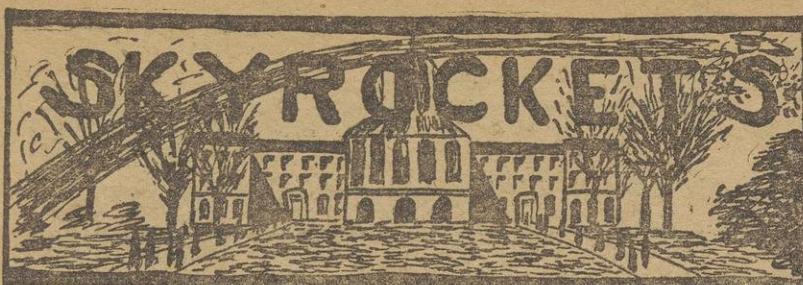

Six classmates were pallbearers, the group including Harry J. Krell, Joseph Gorney, Max M. Brock, Francis Greenbaum, Maurice Houseman, and Leo Rosen. School friends visited the Jandorf home throughout Sunday and Monday morning and in large numbers attended the funeral. Among the notable floral tributes were a blanket of flowers from classmates at the University of Wisconsin and a spray from President Birge of the university.

dear Ring:
i hope you are looking at our daily sheet every a. m. except Monday when it aint put out on account the staff has a hangover from Saturday eve at Kehls or somewhere or maybe a brown taste after the last or any Orph show and holidays when they gets a day with nothing to do but make up there back wukr anyway i was going to say that when it comes to letter righting Ring they is some birds got it all over us and Mark Twain.

"First off and funniest, Ring, here comes a guy and he writes a letter what they label communication only they is no communication to it but just an announcement to the publick that said publick aint got any brains at all so here comes a communication to explain why they aint and what should they do about it if anything because the righter of the communication he knows what is best and it is a shame to keep it to himself so he gives us

pcor weak minded birds beneath him the benefit of his resurches into cycology etcetera.

You aint forgot them letters on marriage and galoshes and low necks and other regretful things, Ring, nor I aint neither and how much I learnt from them and how much the publick got from reading them instead of that stuff from Proff Hornrims lecture and what carries on in Bernard hall etcetera and I got them all cut out and pasted in a book for reference I think I used a last years Sociable Control witch is a good book in its way but can be spared for better things.

Since then there aint been no real stuff until here comes this here Grooves guy which was senior president and got a iron cross and a white spade and some kind of a key which they gives guys who can talk louder and faster then them against him and I guess belongs maybe to the masons or something and he says a guy what doesn't belong to a frat here dont have no show in the school and aint never elected to nothing so lets all get together and throw out the frats.

and we can call ourselves the Order of the Barbs only we must be very secret or the frats will find out that we're really the Sociable Science club and besides, we dont believe in secret clubs so if we keep our secret they wont suspect that We have so many members as we have and all 20 of us ought to have a pin and perhaps some day we can start a frat after the others have gone and you see what i mean—no secret orders but ours and if the minority rules now in the persons (that means in the bodies, Ring), of the frats why not kick them out and let the minority rule in the persons of the Sociable Science club and down with the good old way and up with anything new and radical and lets forge ahead!

Yeah, they hollered the same thing in Russia, Ring, and look at em today.

SENIOR BULLETIN
OUT ON MONDAY

Souvenir Booklets to be Distributed Free to All Fourth Year Students

The 20-page booklet entitled the "Senior Bulletin," a souvenir of the class of 1920, will appear on the campus Monday and Tuesday of next week.

The pamphlet will contain phases of senior class activities which every senior will enjoy reviewing as reminiscent of his last year at the university. Its features as completed will include a foreword by President Birge, a class page with class officers, a eulogy of the senior class by Bertram Zilmer, senior sky-rockets by Walter Schwinn, and a "Who's Who" of the senior class. There will also appear in the booklet the first complete announcement of the commencement program and the cast and staffs of the senior play, "The Jesters" to be given June 21 and 22.

Tables will be placed in main hall and booklets will be passed out to seniors on Monday. Every senior will be entitled to a bulletin free of charge. On Tuesday the remaining booklets will be distributed to any student or member of the faculty. Seniors are urged to get copies Monday on account of the limited number of the edition.

RED ARROW VETS
DANCE SATURDAY

D'ja ever hear of the "Cootie Crawl" or the "Juvigney Jog"?

The Red Arrow club will have some of its best interpretive "hoof shakers" give demonstrations of their choice bits of eccentric dancing at the Red Arrow dance which is to be given in the parlors of Lathrop hall tomorrow night.

One of the biggest features of the evening will be the "Waco Wiggle" which will be demonstrated by none other than Ralph Scott himself. This number will come just before the "Armistice Special" which, rumors have it, is a camouflage for intermission.

The parlors will be artistically decorated with Red Arrow streamers and American flags. A corps of war-torn, battle scarred K. P's. will serve "lemonade rouge" throughout the dance.

It is expected that all 32nd division men will avail themselves of the opportunity of getting together. A special invitation has been extended to all 32nd division men in Madison.

Col. and Mrs. John G. Salsman and Miss Douthart will chaperon. Col. Salsman was formerly with the 32nd division and Miss Douthart, assistant dean of women, was a Red Cross worker in Limoges, France.

Anson Perkins '23 is chairman of the dance committee.

Tickets are on sale at "Dad"

Morgan's, the University Pharmacy, and at O'Connell and Meyers clothing store. Tickets may also be obtained at the door.

COMMERCE FROSH CONVO TO ELECT ADVISORY BOARD

Meeting at P. E. P. Building
Today to Make Plans for Sophomore Commission

The Freshmen convocation will be held this afternoon in the auditorium of the P. E. building, at 4:30. The purpose of this meeting is to elect members of the Freshmen class to serve as officers on the Sophomore advisory commission for next year.

The purpose of the Commerce Advisory commission is to aid the faculty of the Commerce Course in promoting interest in the work, and to build up one of the strongest and best commerce schools in the country. The work for next fall will begin with seeing that the freshmen get started right, and to instill in them the absolute necessity of hard work during their freshman and sophomore years, and to make them feel that they are a part of the Commerce school.

Names of all prospective commerce students for next year will be obtained this summer by the Sophomore commission, letters written to them explaining the work during the first year, and upon their arrival in the city, members of the commission will meet them at the depot, conduct them to the registrar's office, help them in se-

lecting their courses for the year, and then take them to their lodgings. All freshmen will sign cards giving their name, address, telephone number, etc., and later upperclassmen will be assigned different localities to aid the freshmen during the year.

Prof. S. W. Gilman will talk to the students tomorrow on "How the last two years work is linked to the first two years work in the Commerce school." Election of officers will follow the address.

CAPS AND GOWNS TO BE WORN AT SENIOR VESPERS

Final Y. W. Services to be Held
Sunday Afternoon on
Muir Knoll

An elaborate program is planned for Senior Vespers to which every senior woman wearing her cap and gown will be escorted by an underclassman dressed in white, Sunday, June 6, on Muir Knoll at 4:30 p. m.

In order to provide an escort for every senior, underclassmen are requested to sign up in the Y. W. C. A. office, Lathrop hall at once.

Dean F. Louise Nardin, Louise Weld, Amy Jobse, Phyllis Hamilton, Dorothy Wood, and Helen Snyder will give talks.

A special musical program including four violin solos and choral singing will be given.

BADGERS PLAY FINAL BALL GAME TODAY

round when the Badger defense cracked. The next week he let Ohio down without a single hit for nine innings only to be beaten out, as before, in the eleventh frame.

Wolverines Formidable

This will be the first time that a Michigan nine has played here since 1905.

Ruzicka or Schiedler will probably be Coach Lundgren's pitcher, although he may use Captain Parks. Schiedler defeated Wisconsin in a game earlier in the season and neither Parks or Ruzicka have lost to Big Ten nines.

Aside from their excellent pitching staff the Wolverines have an exceptionally good defensive team, although in hitting strength they are not the equal of Illinois. Knodt at short stop is one of the fastest infielders and base runners in the conference and has been hitting the ball hard all year. Perrin has a reputation for being a slugger, and the team as a whole is without a doubt the cleverest on the bases and the fastest in getting down the first base line of any in the conference.

In spite of the fact that the game comes on Friday the athletic department has prepared for an exceptionally large crowd by erecting additional bleachers.

and are interrupted by an April shower. After the shower the sun comes out and the sun and shower together call forth the Queen of the flowers in whose honor the villagers dance the maypole dance. This program gives an opportunity for folk-dancing as well as clever individual work, and a very artistic interpretation has been planned.

The university band will provide the music for the march and for the dancing. The band will also lead the procession to Muir Knoll. The songs there will be led by the different classes.

All of the women of the university are urged to be there and take part in the march, which will start promptly at 6:15. The seniors are asked to meet at North and South halls and the juniors at the Lincoln Terrace. The freshmen will meet at South hall and form in line back of the seniors stationed there. The sophomores are to meet at North hall. The seniors are asked to help keep the number at South hall about equal to those stationed at North hall, so that the lines will be about even.

A CHANGE IN POLICE POLICY

THE prompt hearing in the Jandorf case indicated a desire on the part of the responsible officials for speedy justice. By the arrangement for assistance in the prosecution from the attorney-general's office, the wide-spread interest in the case has been recognized. The people of the state are aroused by the death of a student at the hands of an officer of the law. They insist that the case be thoroughly sifted, with justice to both sides. No desire for revenge should becloud the issue; neither will any attempt to "whitewash" the affair be viewed with complacency.

Students believe that a just trial will be held. They are firm in their decision to maintain the orderliness which proved to doubters, if there were doubters, that university students revere the law. Their chief concern at present is that such tragedy shall never happen again.

The action of one member of the police force, no matter how hot-headed or unprovoked, must not be allowed to cause bitter feeling toward other members of the force. But strong criticism is deserved by the heads of the police department for negligence in emphasizing the rulings as to the use of weapons. When an officer draws his revolver in pursuing an unarmed person, it can hardly be called self-defense. It indicates lack of training. His superiors have not drilled into him that his gun is to be used in only the most extreme circumstances.

In selecting a man for the university district, the police department should choose a man of balanced judgment, who understands something of the spirit of university life. If there is the slightest doubt as to his ability to keep his head, if he is prejudiced in the least against students, another man should be put on the university beat. Otherwise, friction will constantly develop, and deplorable consequences may ensue.

The recent tragedy points to a mistaken policy toward students by the police department. In the interests of students, of their parents out in the state, and of orderly justice, a change must be made. Policemen must be selected for the university district who understand students and student life. The use of a revolver in student affairs at any time must be emphatically forbidden.

IRON CROSS ELECTION

IRON CROSS has again made its election and has inscribed upon its scroll of honor the names of men whose character and ability have been tried in the conflicts of undergraduate life. It is only proper and fitting that we recognize these men for the services they have so willingly and gladly given for their fellow students and the university.

These men have had a strong and definite purpose; a great aim and possessed attitude, ability, and perseverance to attain it. They have met obstacles and overcome them. They have given their time and energy for the upbuilding of all that is best in student life. They believe in the gospel of work, and their records show that they have done things.

The ambitions of students are many, but no ambition is more commendable than the desire to give the university all the

time that one can spare, that through it the standards of student life may be raised and efficiency in activities developed to the highest degree. The greatest joy in student life is the joy derived from giving.

These newly elected men have learned how to lead and they have lead well. They have had convictions and they have stood by them in spite of student opposition and censure. Such men we want. Let the spirit of these men live on and be ever a force for a greater and more harmonious Wisconsin fellowship.

MORTAR BOARD ELECTION

To the Editor of The Cardinal: Mortar Board elections will be announced tonight. So that the university as a whole will understand the basis of membership, the present members wish to explain the consideration on which elections have been made. Scholarship, service, and womanliness were the three criteria. In regard to the first, a weighted average of 85 for the three years was taken as the standard. However, realizing the unsettled conditions of the past three years, and believing that the system of marking in the different departments varied, the rule has not been absolutely rigid. On the other hand, some who were qualified in every other respect were debarred because of consistently low scholastic records.

With qualities as different to define as service and womanliness, no definite standards could be set. The most careful thought and consideration was put into an estimation of these. Every effort was made to obtain all possible information pertaining to them. The choice was then made without regard to any personal relations existing between the members of the organization and the candidates. More than one negative vote debarred a person from membership.

We realize that as there are women in the present senior class who have merited Mortar Board without election to it, so in this case, some who perhaps should have been honored will not be named in the elections.

MORTAR BOARD

START DRIVE FOR ALUMNI ASSOCIATION

The senior alumni committee is canvassing the senior class this week for members of the Alumni association. So far 190 of the 975 seniors have joined. Fifty per cent of the seniors were enrolled last year before graduation, and it is hoped that this proportion may be increased this year. The entire class of Ohio State university is already enrolled in the Alumni association there.

The purpose of the organization is to look after the affairs of alumni classes and to publish a magazine to keep graduates in touch with the university.

The committee in charge of getting members is composed of Margaret Woodruff, chairman, Phyllis Hamilton, Lawrence Hall, Ruth Johnson, Bert Mann, Janet Butler, Alphons Mueller, Marjorie Bartholomew, Fred Stuhler, Daphne Conover, and Loring Hammond.

OLDEST GRADS HERE FOR BIG REUNION

Two members of the class of 1860 will be present at the Alumni Day celebration on Tuesday, June 22. They are J. B. Parkinson of Madison, the oldest member of the class, and W. P. Powers, the youngest member of the class, who is coming all the way from Los Angeles. Large numbers of graduates from all other classes will also be present at that time.

All seniors are expected to take part in the alumni day activities, according to Robert Crawford, secretary of the Alumni association. DOPE FAVORS BADGERS IN TRACK MEET

Records of Varsity Stars
Indicate Strong Chance
for Conference Title

Coach Tom Jones and his cinder and field stars left last night for Ann Arbor where they will compete in the biggest event of the season, the conference track meet.

The squad of Badger track stars which will compete for western intercollegiate championship honors consists of the following 15 men: Captain Andrews, Knollin, Sundt, Maleckar, Spetz, Kelsey, Nash, Wall, Crump, Dayton, Brothers, Endres, Merrick, Ramsay, and Klug.

These men, all of whom have made good records on the cinder trail in competition this season, will represent Wisconsin in 13 out of the 15 events on the program, no entrants being made in the high jump and the hammer throw.

Wisconsin's success in the dual track meets throws a cheerful light on the subject but the records made by the men from other universities clearly show that Wisconsin's representatives will have keen competition in every event and will have to work for every place they get.

The following schedule of previous records made by various stars entering the meet will indicate the men whose showing should enable them to be among the strongest contenders:

FRESHMAN NINE DEFEATS JUNIORS

Yesterday afternoon an exciting class baseball game was captured by the freshmen, who beat the juniors 5 to 0. The late wearers of the green put up an air-tight brand of ball, and no junior succeeded in reaching second base. Much of the credit for this showing goes to Richter, pitcher for the frosh, who fanned 10 men, allowed 1 hit, and made a home run. Schultz did the receiving for the first year men, and Pfrang and Vanderhoof made up the battery for the juniors.

HEAVIEST GUN AND LARGEST AIRPLANE EVER BUILT IN U. S.

Uncle Sam's engines of war tend always to increased size, power and effectiveness. The point is illustrated by these pictures of a coast defense gun and

a bombing plane just completed for the U. S. government. The gun is the heaviest in the world and can hurl a 2,400-pound projectile thirty-one miles. The air-

plane is the largest ever built in this country. It is 108 feet wide and has two bodies, each fifty-five feet long and capable of accommodating a crew of four men.

SENIOR PLAY OFFERS RARE DUEL OF WITS

Jesters Vie With Each Other
to Gain Hand of Baron's
Daughter

Ja'veer have to "swap" stories to get in with your lady-love? Ja'veer have to be funny to get in on the good side of her grouchy father. Ja'veer have to match your wit with a rival's in order to be near the object of your affections?

If you ever have been in any such situations you will appreciate hearing the attempts of the contestants in the tournament of wit held in "The Jesters" to be presented June 21 and 22 in the open-air theater.

To the tournament of wit held for the purpose of choosing a jester to amuse and entertain the baron's daughter, Solange, there come at only three applicants. Baraco, the first, is a smirking, affected, drunken Italian whose role is played by George Brewer. J. E. Jackson, as Jack Pudding, is a grinning empty-headed peasant lad and Hilarious is a pessimist, to be portrayed by Goodwin Watson.

Shortly after the coming of these three, two noblemen appear in disguise and announce their candidacies. The first is Robert de Belfonte, a handsome man dressed in gay colors and calling himself Narcissus. He recites beautiful poetry and makes a decidedly good impression at the castle. This part will be played by John Warren.

The second man is Rene de Chancenac, who calls himself Chicot and imitates a hunchback. He has a charming wit, tells interesting and weird tales, and finds much favor with the household. This role to be taken by Janet Durrie is the best part offered. It may be played by either men or women and has been very successfully interpreted by Maude Adams.

It is soon decided that none of the first three applicants will do. The contest lies then between Chicot and Narcissus, both of whom are madly in love with Solange. Both men covet the position as jester in order to be near the young lady, knowing that her proud father would not permit her marriage with either of them. Chicot proves himself the wittiest, wins the position, and later wins the love of the daughter.

Mail orders already in show that the best seats for the performances are being reserved. Lyman Jackson at 415 W. Gilman street is in charge of the seat sale.

Women Burn Flag—Women sympathizers of freedom for Ireland burned a British flag before the treasury building.

BADGER SCIENTISTS GIVEN HIGH HONOR

Prof. L. R. Jones, of the plant pathology department of the Agricultural Experiment station, was the only botanist among the 15 scientists who were elected to membership in the National Academy of Science at its recent meeting in Washington. Professor Jones is well-known for his fight against cabbage yellows which threatened the state's cabbage industry.

Prof. C. K. Leith, chairman of the university department of geology, was elected to the academy at the same meeting, and the University of Wisconsin now has six memberships to its credit.

MISS SMITH PLEASES WITH PIANO RECITAL

A large crowd attended the graduating recital of Georgina Wilson Smith at Music hall last night. This is the second of the graduating recitals by the School of Music this year.

The first two numbers on Miss Smith's program were Schumann's Sonata in G minor, and Carnival Op. 9. These difficult compositions were very brilliantly played, with a great deal of technical skill. Next on the program was Moszkowski's Caprice Espagnole, which was easily and sympathetically played.

One of the most interesting num-

bers was La Cathedrale engloutie, by Debussy. This composition portrays the cathedral hidden in the solitude of the woods. In the distance are heard cathedral bells and the solemn chanting of the monks, the chanting growing louder to a climax, and then dying away. Miss Smith kept admirably the atmosphere of the music, and played it in a manner truly descriptive.

The Magic Fire Scene from Wagner's opera, "Die Walkure" showed unusual clearness and surety of touch. The last number, Concerto in F minor, by Chopin, was accompanied on the second piano by Frances Landon, who played the orchestral parts.

Miss Smith's playing is characterized by a brilliant technical skill and absolute sureness which is indeed a credit to the School of Music.

Mrs. Frederick V. Stott.

Four years ago Frederick V. Stott, New Yorker, who had cast in his lot with the British royal flying corps, was sent to a sanatorium at Battle Creek, Mich., to recuperate from wounds received overseas. To the sanatorium came beautiful Arline Buckley, sixteen, of Memphis, Tenn. They fell in love, but the parting came too soon for the romance to ripen. She returned home and two years later married a wealthy gentleman named Smiddy of her native town. Three months later he was killed in a duel and she became the possessor of \$500,000. In the meantime Stott had married in Nebraska, but failing to find happiness secured a divorce. Recently the young widow met Stott by chance in Milwaukee. Ten days later they were married.

TOSSES FLAPJACKS WHILE CANDIDATE FOR GOVERNORSHIP

MILWAUKEE—Cook and campaign—that's the program of Wisconsin's latest candidate for governor.

Edward F. Mueller, 29, who has obtained nomination papers to enter the race for the Republican nomination for governor is going to stick to his job, for a while at least. Mr. Mueller, who tosses flap-jacks in a downtown restaurant, has formally announced his candidacy.

He attacks the record of Governor Philipp, especially on high taxes. He says that he hasn't decided how to lower taxes yet, but he will do that little thing within thirty days. He's going to have the state legislature raise the pay of mail carriers and do a lot of other things.

"I have heard of Wilcox," said Mueller, while posing for a photographer, "but I don't know anything about him. I guess I'll have to look him up. When I find out who he is I'll take care of him."

"Ever hear of Tittemore?"

"No," said Mueller. "Where does he work?"

"Do you think Blaine and Dithmar will figure in the race?"

"Don't even think about them," he said. "Let them worry about Mueller. That's my program."

EXTRA SESSION NOT PLANNED

Underwood Makes An-
nouncement in the Sen-
ate Today

WASHINGTON—President Wilson has assured senate Democrats that if the present session is ended Saturday he will not call an extra session during the coming summer unless there is a grave emergency.

Announcement of the president's decision was made in the senate today by Senator Underwood who said he had been authorized to deny reports that an extra session was contemplated.

Congress will end its present session Saturday under a resolution of adjournment adopted today by the senate. The vote on the resolution was 44 to 24.

It came after two attempts to amend the measure so as to provide for a recess in the one case to July 12, and in the other to August 2, had failed.

Question

CHICAGO—By unanimous resolution today the republican national committee declared Chairman Hayes to notify all state organizations that they must discontinue holding local conventions for election of national delegates in places where "it is the custom and practice to refuse admission to negroes."

The committee attempted to avoid the race issue but failed. Aroused by the number of contests from the southern states in which it was shown that district conventions were held in hotels and other places where negroes are not admitted, Charles B. Warren moved to have the committee "issue a warning to the south" that contests on similar grounds must not be permitted to come up at the next national convention.

1921 BADGER ON WAY BY SPECIAL TRUCK SERVICE

Distribution Assured Early in Week; All Copies Issued at Once

About 2,000 copies of the 1921 Badger are leaving Chicago tomorrow with the remainder following on Monday by special truck service insuring distribution early in the week of the entire edition, according to Frank W. Kuehl business manager, who has made arrangements to have the books shipped out as fast as the glue dries on the covers.

Owing to a freight tieup part of the 1921 Badger was lost for about two weeks before going to the binders, resulting in a delay of the issue.

Distribution Will Be Fast

All copies will be distributed at once and it is planned to complete the giving out of the books in a day or two.

Subscribers must present receipts and have the cash to pay for their books on hand. The price will remain at \$4.25. Persons who have not their receipts must wait until the second day as the records can not be resorted to in the first rush.

All books reserved must be called for within three days of the first issue, after which they will be placed on open sale and disposed of to those people now on the waiting list.

Last year the Liberty Badger was sold out at once and over 500 people were disappointed at not securing a copy.

The 1921 Badger has had right of way at the printers, at the binders, and at the David J. Molloy company, embossers, who have written to the Badger heads that this year's cover is the best design that they have ever made up for any college annual.

DANCE DRAMA TO END FIELD DAY PROGRAM

Eight Novel Numbers to be Presented by Miss H'Doubler's Class

One of the most delightful numbers of the dance program to be presented Saturday at the close of Field day, will be "Minuet," a novel interpretation by Miss Aline Smith. The dance will gain added charm from the setting and the dainty costuming. Miss Smith is a freshman, and has done no dancing before her work this year with Miss H'Doubler.

The program this year promises unusual variety and charm throughout. It will consist of eight numbers as arranged by Miss Margaret H'Doubler, dancing instructor, and Miss Agnes Samuels, undergraduate head of dancing.

The dances have been arranged into a harmonious, balanced program, beginning with a group of four in "The Sunbeam and the Moonbeams," and continuing through "The Schubert Waltz," "A Group Dance," to the dance drama, "The Dream Gate," which will be the fourth number.

The principal role in "The Dream Gate," that of the little child who wanders into the enchanted land, will be taken by Eleanor Riley. The music for the drama was written by Bertha Ochsner, '19.

The next number will consist of several nursery rhymes, cleverly interpreted, which will be followed by "Tarantella."

The seventh number on the program, called "Dance Divertissement," will present several groups of solo and small group dances. It is in the number that Miss Smith's "Minuet" is placed.

The program will be closed by "The Sleeping Princess," the most elaborate of the numbers and the one requiring the largest cast.

The program will begin at 6:30 and will be staged in the outdoor theater back of Main hall. Tickets are on sale at the University Drug store and at both the Menges' pharmacies.

Each of the colleges will make a report on its own organizations, and on the work of its council.

The first meeting is to be held at 9:30 Saturday morning at the Psi U house.
