The University of Wisconsin System marks its 38th anniversary in the fall of 2009. The UW System was created in October 1971, by a law placing all of the state's public university campuses under a single Board of Regents. The UW System is composed of 13 universities, 13 two-year UW Colleges and UW-Extension which provides outreach services from offices in every county. Although only 38 years old, the UW System was one of the first statewide higher educational systems in the nation and has been a pioneer in developing coordinated and high quality programs and services on a statewide basis. System administrative offices are in Madison.

Universities are located in Eau Claire, Green Bay, La Crosse, Madison, Milwaukee, Oshkosh, Kenosha (Parkside), Platteville, River Falls, Stevens Point, Menomonie (Stout), Superior and Whitewater. Colleges are at Baraboo, Fond du Lac, Janesville, Manitowoc, Marinette, Marshfield, Menasha, Rice Lake, Richland Center, Sheboygan, Waukesha, Wausau and West Bend.

Gary F. Karner (ex-officio)	WIAC Office

Gary F. Karner
Commissioner

Dr. Gary Karner is entering his 14th year as the commissioner of the Wisconsin Intercollegiate Athletic Conference (WIAC), a Division III conference consisting of nine institutions from within the University of Wisconsin System. His first major undertaking as commissioner was to merge the former Wisconsin State University Conference and Wisconsin Women's Intercollegiate Athletic Conference, which had functioned as separate men's and women's conferences for over 25 years, into the WIAC.

During his tenure as commissioner, the WIAC has solidified its status as the premier Division III conference in the country as evidenced by the 44 NCAA National Championships the conference has captured over the past 13 years.

Karner also has directed a number of highly successful initiatives including the establishment of the WIAC Corporate Partner Program, a conference web site, a comprehensive sportsmanship program, as well as events such as the "Border Battle" and the WIAC Men's and Women's Postseason Basketball Tournament. Most recently, Karner achieved another milestone by brokering an agreement to have selected WIAC events (including all of the conference championships) televised on a regional sports network (FSN Wisconsin) - the first-ever such agreement in the history of Division III athletics.

Prior to becoming the commissioner of the WIAC, Karner spent nearly eight years with the NCAA national office as a compliance representative. During his tenure with the NCAA, he played a key role in the development of the institutional compliance review process as well as the NCAA Division I Athletic Certification Program. He also served as a NCAA liaison to a number of NCAA committees, the PAC-10, Big Sky, WAC and Big West conferences, and the College Football Association (CFA).

Karner also spent nearly 13 years in public education as a teacher, coach, and administrator in Wisconsin and Colorado. He earned his bachelor's degree from the University of Wisconsin-Stevens Point in 1975 and his master's and doctorate from the University of Wisconsin-Madison in 1978 and 1984, respectively.

Karner has served as the president of the National Association of Division III Athletic Administrators as well as on the executive committee of the NCAA Division III Commissioner's Association, the NCAA Interpretations and Legislation Committee and the NADIIIAA Sportsmanship and Ethical Conduct Committee. He is a current member of the NCAA Division III Baseball Committee.

Wisconsin State University Conference Historical Review

An organizational meeting of the Wisconsin State University Athletic Conference, then to be known as the State Normal Conference, was held in Madison in July of 1913. The two-fold purpose of this meeting was to secure for each school a schedule of games and to establish rules to regulate and control athletic competition within the proposed conference. The basic purposes of the rules have been to limit and control competition to bona fide students who are making regular progress in their studies toward a diploma or degree; to insure faculty control of athletics; and to promote harmony among the members. With the exception of a short period during World War II, the conference has maintained a regular schedule of games.

The schools represented at the organizational meeting in 1913 were Superior, River Falls, Stevens Point and La Crosse, which were to become known as the Northern Division; with Oshkosh, Whitewater, Milwaukee and Platteville constituting the membership of the Southern Division. Each division determined its champion, and then met for a play-off game or a series, mainly in football and basketball. These championship games were played the first year of the organization and for many years thereafter.

To insure faculty control of athletics, the constitution stated that each institution shall have one representative and one vote; also that the representative must not be one who is paid primarily for services connected with athletics and with the physical education department of the university.

From the original membership of eight, the conference increased to 10 schools. Stout Institute, now University of Wisconsin-Stout, became a member in 1914, and the first record of membership of the then Eau Claire Normal was in January 1917. These two, along with the original eight, maintained continuous membership over the years until June, 1964, at which time the University of Wisconsin-Milwaukee (formerly Milwaukee State Teachers College) terminated its membership in the conference.

In July 1966, Fred Jacoby was appointed as the first commissioner of athletics for the conference. With rapidly increasing enrollments, expanding athletics programs, and increased time needed to administer the affairs of the conference, it was a needed and necessary appointment.

In August 1971, Max Sparger replaced Fred Jacoby as commissioner of athletics. In September 1971, the conference member institutions became part of the newly merged University of Wisconsin System. This merger did not, however, affect the operational procedures and constitution of the Wisconsin State University Conference.

In August 1993, Dr. Dennis Keihn was named commissioner following the retirement of Max Sparger. Keihn was succeeded by Dr. Gary F. Karner in 1996.

Wisconsin Women's Intercollegiate Athletic Conference Historical Review

In 1958, the Wisconsin Athletic and Recreation Federation of College Women (WARFCW) was formed for the purpose of coordinating athletic activity among Wisconsin institutions of higher education. This organization followed the national model (ARFCW) in which governance was primarily the responsibility of student leaders. The WARFCW included representatives from: Eau Claire State College, La Crosse State College, University of Wisconsin-Milwaukee, Oshkosh State College, Platteville State College, Ripon College, River Falls State College and University of Wisconsin-Madison. The WARFCW held sports days in archery, badminton, basketball, golf, gymnastics, tennis and volleyball.

In 1966, a motion to form a women's athletic conference was presented, but defeated. Then, in 1969 at the annual convention held at Carthage College (Kenosha), a motion to limit the number of sports days per sport to one was passed. This constituted a state meet in each particular sport. Member institutions were allowed to travel to other member schools for dual meets.

In the winter of the 1969-70 academic year, a number of schools, which are currently members of the Wisconsin Women's Intercollegiate Athletic Conference (WWIAC), participated in a unique state basketball tournament at the then Wisconsin State University at Stevens Point. As a result of playing a partial round robin, three state champions were recognized. The triumvirate championship of basketball, with its sportsday hues, was questioned later in the spring of 1970 at the state track meet involving essentially the same schools. At that meet, Martha van Steenderen (UW-Whitewater), Chair of the Wisconsin State Division for Girls' and Women's Sports (DGWS), appointed Dr. Judy Wilson of River Falls and Dr. Mary Jo Mullen of Stevens Point to investigate Minnesota's intercollegiate athletic organization for women and report back to the Wisconsin Athletic and Recreation Federation for College Women (WARFCW) schools.

Dr. Wilson and Dr. Mullen began their work, with Dr. Wilson contacting the Minnesota contingent and Dr. Mullen organizing the fall 1970 meeting for the presentation of their report. Marty Beck of Bemidji, Sue Day and Joyce Locks of Winona State served as resource people. Dr. Mullen chaired the fall 1970 meeting at Stevens Point to which eleven universities sent representatives.

At that time, an agreement was reached that the development of a conference was needed. Dr. Mullen took the draft of the Constitution of the newly formed WWIAC and presented it for final approval at a meeting held at UW-Eau Claire on January 29-30, 1971. After two days of deliberations, the WWIAC became a reality. In the spring of 1971, the first "Governing Board" meeting was held.

The original membership consisted of twelve schools (the nine current members plus Carthage College, UW-Madison and UW-Parkside) and grew to its maximum of 16 by 1975 with the addition of UW-Milwaukee, Carroll College, UW-Green Bay and Marquette University.

All members were at one time affiliated with the Association of Intercollegiate Athletics for Women (AIAW), and the Midwest Association of Athletics for Women (MAIAW). Initially, the AIAW conducted regional and national championships with a large school/small school format. This initial format was later changed to a three division format determined by percentages of financial assistance based on athletic ability.

In 1982, the AIAW dissolved and members affiliated with the NAIA (National Association of Intercollegiate Athletics) and/or the NCAA (National Collegiate Athletic Association), Division III. As of the 1993-94 academic year, all WWIAC institutions had only NCAA Division III affiliation.

In 1975, the University of Wisconsin System allocated a part-time position for coordination of the WWIAC. Gail Grimm was appointed Executive Secretary, and was succeeded in 1977 by Dr. Emogene Nelson (UW-River Falls).

It was through Dr. Nelson's efforts that a commissioner's position became a reality. In August 1979, Dr. Janice Stocker became the first WWIAC Commissioner, resigning in August 1984. Judy Kruckman (UW-Eau Claire) served as acting Commissioner until her appointment in June 1985.

In 1984-85, the Conference functioned for the first time as a non-scholarship (no financial assistance allowed based on athletic ability) organization, and Faculty Athletics Representatives acted upon recommendations made by the Athletics Directors.

Judy Kruckman served as commissioner until 1996, at which time Dr. Gary Karner was chosen to oversee both the WWIAC and WSUC.

Wisconsin Intercollegiate Athletic Conference Historical Review

On July 1, 1997 the nine members of the former Wisconsin State University Conference (WSUC) and the Wisconsin Women's Intercollegiate Athletic Conference (WWIAC) were joined together to form a single conference--The Wisconsin Intercollegiate Athletic Conference. Dr. Gary F. Karner was appointed commissioner in July 1996 to direct the merged conferences. Effective with the 2001-02 academic year, Lawrence University joined the conference in the sport of wrestling. Gustavus Adolphus College (Minn.), Hamline University (Minn.) and Winona State University (Minn.) became members of the conference in the sport of women's gymnastics during the 2004-05 academic year.

In 2009-10, the conference added men's soccer as a sponsored sport with the announcement of Finlandia University (Mich.) as an affiliate member. Lawrence discontinued its affiliation with the WIAC in wrestling.

The WIAC has continued the record of athletics and academic excellence established by its predecessors. The conference is widely recognized as the premier Division III conference in the country as evident by the number of NCAA championships captured annually by WIAC teams and the overall finish of WIAC institutions in the NCAA Division III Directors' Cup standings. The conference also has assumed a significant leadership role in the governance structure of the NCAA and has been recognized for its advances in gender equity and the community activism of its student-athletes.

2008-09 All-Sports Award

Three separate All-Sports Awards are presented yearly recognizing the top institutions for men's and women's sports separately, as well as an overall winner recognizing men's and women's combined. The awards are based on the highest total number of points accumulated during the previous academic year beginning with the fall sports and ending with the completion of the spring sports season. Points are awarded according to final standings in each sport on a 9-8-7-6-5-4-3-2-1 basis, 8-7-6, etc., or 6-5-4, etc., depending on how many schools are competing in the sport. Either (but not both) indoor or outdoor track and field are included in the calculations and the awards are determined on the basis of the lowest number of sports offered by any WIAC institution in each category. Award winners for 2008-09 included: Men-Stevens Point; Women-Eau Claire; Combined-Stevens Point.

WIAC Scholastic Honor Roll

Each academic year, the Wisconsin Intercollegiate Athletic Conference honors individual student-athletes for their outstanding work in the classroom by selecting them to the WIAC Scholastic Honor Roll. The conference office compiles the names of the student-athletes who have qualified for the Scholastic Honor Roll from information submitted by the campuses. A student-athlete has to maintain a 3.0 (B) or better grade point average during the last academic year and compete in at least one athletic contest to be recognized.

WIAC All-Academic Awards

Since 1989, the former Wisconsin Women's Intercollegiate Athletic Conference recognized the institution with the highest overall GPA for its female student-athletes. In 1998, the WIAC began recognizing the institution with the highest GPA for its male and female student-athletes separately, as well as an overall award combining both the men's and women's programs. Effective with the 2001-02 academic year, the academic honor is presented to those institutions in which the grade point average for its student-athletes is equal to, or greater than, the grade point average of the overall student body. The awards are announced in July for the preceding academic year.

University of Wisconsin - Stout

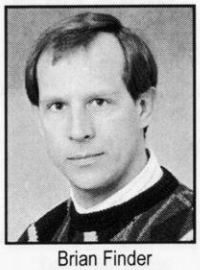

Charles Sorensen
Chancellor

Students who graduate from UW-Stout, Wisconsin's Polytechnic University, get more than a diploma: they start a fulfilling career in a field they choose. Our success is the result of an educational philosophy where students, faculty and staff use applied learning, scientific theory and research to solve real-world problems, grow the state's economy and serve society. Students spend more time in labs than in traditional classrooms. And more than half of our graduates leave with on-the-job experience through an internship or co-op position. Technology permeates all campus activities. Students receive a laptop computer to use, professors integrate the latest technology in their classrooms, and the entire campus has wireless capability. As the first university in the nation to receive the Malcolm Baldrige National Quality Award, UW-Stout is continually looking at ways to improve what we do best, prepare students for their future.

University of Wisconsin - Whitewater

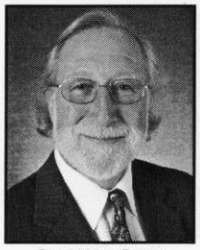

Richard Telfer
Chancellor

UW-Whitewater offers the unique mix of a hometown of 12,000, proximity to the Kettle Moraine Recreation Area and its multitude of outdoor activities, and a one hour drive to Madison and Milwaukee. The focal point of campus is a two-block mall which links classroom and administrative buildings with recreation and athletic facilities. A nature preserve and arboretum form the northeast boundary of campus. UW-Whitewater recently renovated its main athletic facility, added the Kachel Fieldhouse, dedicated a new Student Athletic Center, and remodled the outdoor sports complex.
