" Fondly do we hope - fervently do we pray - that this mighty scourge of war may speedily pass away. Yet, if God wills that it continue until all the wealth piled by the bondman's two hundred and fifty years of unrequited toil shall be sunk, and until every drop of blood drawn with the lash shall be paid with another drawn with the sword, as was said three thousand years ago, so still it must be said, "The judgments of the Lord are true and righteous altogether."

EDWIN HOLM, PROP.

We are all, more or less, victims of circumstance. To a great extent our homes and our occupations are chosen for us. Few there are who can truthfully say that they live in a certain locality or follow a certain trade or profession as a matter of choice.

And yet, if an individual possesses a strong desire to live his life in a certain definite manner, he will in many cases carry out that desire. Such has been the case with the writer.

My first visit to Williams Bay occurred several years ago when I was a small boy. I accompanied my parents here on a vacation from Chicago. After two weeks of keen enjoyment, we left for home. I was utterly dejected at the thought of leaving.

Some time after, the purchase of property by Dad and Mother made it possible for us to spend many summers here. It was in those days that I resolved to make Williams Bay my home.

Upon completing college I cast about for a considerable time, seeking an occupation to my liking. I tried my hand at a great many things. I traveled, I studied, but finally in disgust with city life and city people, I definitely decided to come back to the Bay--- and believe me, I don't regret it.

If an individual is satisfied with his environment, he has a thousand to one chance of making a success of his life.

Whether you realize it or not, Williams Bay is an unusual village--- not just another small town. Although the principal buildings with a few exceptions are far from attractive, the town has a beautiful setting. I doubt whether we all fully appreciate the scenery about us. The views we get when approaching the Bay from the East, the west or the north, are magnificent, particularly the latter. Who can deny the impressiveness of the view from the Elkhorn road near the farm of Ernest Southwick?

(continued)

WHY I LIVE IN WILLIAMS BAY (Con't)

Our local landscape in contrast to so many others, is not yet spoiled by an overabundance of billboards, filling stations and smoke-stacks. However, this condition may soon be changed.

Williams Bay people, generally speaking, are not the pale-faced, standardized creatures found in large cities. Neither are they "small town hicks". They are congenial and natural.

Economic conditions are changing. Where young people formerly flocked to large cities in search of opportunity and happiness, they now turn to smaller communities. And why not? The average small town is a better place in which to live. I speak from experience. Out here it is possible to enjoy a healthy and sane existence.

There is one undeniable disadvantage in living in Williams Bay—the scarcity of gainful employment. However, the planned development of winter sports and an Arts and Crafts project, will do much to alleviate this condition. We must work together for the common good, and forget petty things.

I have great faith in the possibilities of Williams Bay.

Phil Fogle.

COME TO ORDER !

For fourteen years Fire Chief Victor Hansen has had to bang his fist on an old desk to call the meetings of the Williams Bay Volunteer Firemen to order — but not any longer. At the regular meeting last Monday night, two gavels were presented to him. Now he can pound on a fine oak table with a gavel in each hand. One was made by Frank Vavra from a native white oak and presented by him and the other was presented by L.A. Rasmussen. The latter was made from Pressed Wood manufactured in Elkhorn. Louis is a Director in the new company.

MORE ABOUT SAMUEL W. GRATHWELL

THE MEN'S ANNUAL BANQUET SPEAKER

On February 25th

The very day that Mr. Grathwell graduated from Leland-Stanford University he embarked upon his career as a Public Speaker- a political campaign in California. Since then he has spoken in practically every state in the Union and every Province in Canada, also in Alaska and Japan. The list of platforms on which he has spoken would take columns.

His lectures are informative and educational. He is a forceful speaker, with a wealth of choice epigrams, a delightful humor that is always purposeful. He leaves his audience a fund of rich and unforgettable ideas.

Carveth Wells, Explorer and Author, says of him " I have heard more lectures than I care to think about. Yours is the only one that has made a lasting impression on me ".

The tickets are going very well. Chairman Freytag will have more to say about the program next week.

LOCAL CLUB WILL SPONSOR ESSAY CONTEST

The Williams Bay Woman's Club is sponsoring an essay contest for the Seventh Grade pupils in the Williams Bay school, on the subject, "What Constitutes Good Citizenship?" The essays are not to be more than two hundred fifty words and must be completed by March first.

The first prize is \$2.00 and second prize \$1.00, for the two best essays entered in the contest. BAY LEAVES will publish the winning essays.

WILLIAMS BAY MADE GOOD ON SPORTS PROGRAM SUNDAY

For the first time this season since the announcement of the Winter Sports program, Williams Bay last Sunday was able to carry out the entire program for visitors.

SKATING- was excellent. Three young men from Chicago who skated up from Lake Geneva City and back again, stated that next Sunday they were coming directly to the Bay on the Snow Train.

TOBOGGANING- was good, though not as fast as it will be after the snow is well packed in the trench, but the speed seemed to satisfy most of those who went down. It was a busy place all day.

SKIING- Many young people found pleasure in skiing on the icy hills.

ICE-BOATING- The wind was a little too strong for the Beau Skeeters to race, but heavier boats were out with full sails. Many got the thrills of that sport.

SNOW TRAIN- brought a good number out for the day and all were enthusiastic about the place, sports and good time.

Mr. D.L. Dewey who has the toboggans AND skis for rent at Phil Fogle's Stand, had a real good break last Sunday and expects to have a good number of both at the Shelter next Sunday.

About 2:30 P.M. when the editor visited the Toboggan Slide, he noticed groups from Elkhorn, Sharon and Lake Geneva. Come again neighbors.

LISTEN TO THIS

The National Safety Council reports that deaths from motor vehicle accidents reached an all time record total of 38,500 in the

United States in 1936, exceeding the year 1935 mark of 37,000.

Total accidental deaths from all causes was 111,000 for the year, exceeding the 1934 record of 101,189.

Accidents permanently disabled 400,000 persons during the year, and temporarily disabled 10,300,000 others. New York and Milwaukee, each with a traffic death rate of 11.7 per 100,000 population, had the best records among the cities of more than 500,000 population.

The Council estimated that carelessness and recklessness cost Americans \$2,630,000,000 in wage loss and medical expense, \$830,000,000 for property damage in motor vehicle accidents, and \$290,000,000 for fire loss. A grand total of \$3,750,000,000 as compared with \$3,450,000,000 for the year 1935.

DWIGHT LYMAN MOODY

While our country is paying homage to two great Americans in this month of February, let us not forget a world's noble statesman, Dwight Lyman Moody, world preacher and evangelist, born February 5, 1837, at Northfield, Mass. of humble parents, being one of nine children.

In his early youth he was a shoe salesman at Boston, Mass., and later in Chicago. He used much of his earnings to rent pews in churches for the poor and finally rented vacant store buildings to start Mission Sunday Schools for underprivileged children who spent their idle hours on the streets.

He was a statesman believing and preaching the word of God. 25000 students have graduated from the Mission Schools in Northfield, Mass. and Chicago, and are in service in all parts of the world preaching the Gospel.

On his tombstone in Northfield, where he is buried, is the simple inscription: "He that doeth the will of God, abideth forever."

BOY SCOUT ANNIVERSARY

The 27th anniversary of the Boy Scout Organization in this country was celebrated on Monday, February 8.

In 1909, Daniel C. Beard, an American visiting in London, was sight seeing and became lost in a fog. A Boy Scout helped him to find his way. He offered the boy a tip but he declined, saying that he was a Boy Scout and must do a good deed every day. Mr. Beard was so impressed he decided that when he returned to America he would help the movement to organize an Association in this country. Scout-Craft is the key word in the method of training. The oath is-
1- I promise that I will do my best to do my duty to God and my country;
2- To help other people all the time;
3- To obey the Scout law.
