Mr. Robert Riggs, Chief Geologist,  
Indiana Territory Illuminating Oil Co.,  
Bartlesville, Oklahoma

Dear Sir:

I have been informed that you have some surplus surveying instruments which you wish to dispose of. As I have secured some funds for adding to our equipment here I am interested in knowing what you have and what price you would part with it for. We are interested in telescopic alidades, plane tables, telescopic hand levels, and aneroid barometers. If you have anything in this line which is in good order we will be pleased to consider the purchase if funds hold out. Please let me know as soon as possible for this matter must be settled up soon.

Very truly yours,

S. T. Thwaites, Lecturer in Geology

Attention: Mr. C. M. Taylor,  
Asst. Purchasing Agent

Dear Sir:

I wish to thank you for your letter of the 16th with list of surplus surveying equipment.

I am ordering one of the alidades through our purchasing agent and this order will reach you in due course. We regret that since funds are now low for a time we cannot order more but if money becomes available later in the year as is often the case I want to get some of the plane tables.

Very truly yours,
