## UNION BOARD IS PREPARING PLANS FOR QUADRENNIAL

Fulton, Tuhtar, and Dunlap  
Head Executive Committee For Exposition

Ellis G. Fulton '25, Eugene W. Tuhtar '25, and Wes W. Dunlap '25 will act as an executive committee to be in charge of the quadrennial university exposition to be given next year. The exposition will be managed by the Union board as one of its activities.

The three men on the executive committee will have charge of the direction of the committees and workers in arranging the various programs and displays. The exposition probably will be in the gymnasium and annex and will include displays from every department and course in the university.

### Requires Much Work

No date has been set for the exposition but it will be some time before the spring vacation members of the Union board stated. In 1921 the exposition was held late in April.

The exposition will require a great deal of planning and preliminary work this summer in order to facilitate the actual work of putting up displays and exhibits. Each college and division of the university will have a committee working to plan exhibits and displays.

### Last Expo Praised

Material for exhibits to be used by departments will include all work done since the last exposition as well as the current year. Extra-curricular activities will be given opportunity to work out exhibits as well as the official departments.

The 1921 exposition was considered by state officials and university authorities as one of the most progressive steps taken in recent years to put the university before the people of the state in its proper perspective.

## DELTA SIGMA RHO HOLDS INITIATION

Delta Sigma Rho, national forensic society, held their annual initiation banquet on Friday evening at which Carleton Meyer '24, Harold Sporer L1, and Harry Katowitz L2, became members. Harold Sporer debated against Michigan at Wisconsin. Harry Katowitz debated against Knox College at Knox, while Carleton Meyer closed against Illinois. Henry Blake was elected president for the coming year and Ross Bennett L1, was elected secretary.

## First Badgers Go to Frosh, Nelson and Bergstresser

Richard Bergstresser, '27, and James Nelson, '27 were first in the Badger line yesterday. The two Alpha Tau Omega freshmen, after an all night vigil outside of Music hall, succeeded in winning the coveted honor which carries with it the prize of a free Badger for each. Last year, two Sigma Pi men brought their bedding and camped all night outside the place of distribution.

Almost the whole first car load of 2,300 Badgers was claimed yesterday. The uninformed observer, as he passed Music Hall, any time after noon might have thought that registration was in progress. The rain, evidently was no deterrent to those who overflowed Music hall, and stretched part way across the campus.

About 100 copies were left after the day's distribution. These are on sale today at Sumner and Crampton's drug store. Books unclaimed within five days will be resold. Tomorrow, the second carload, also containing 2,300 copies, will arrive, and their distribution will commence Monday at nine o'clock, in Music Hall. Beginning Tuesday the remaining Badgers will be distributed from the Union building.

## Scenarios for 1925 Haresfoot Comedy Must Be in Today

Scenarios for the 1925 Haresfoot musical comedy are due this afternoon, according to Sidney R. Thorson '24, manager of the club. All those who have been writing scenarios are asked to meet at 2:30 in the Haresfoot loft, third floor of the Union building.

Thorson said yesterday that seven scenarios have already been submitted, and that many more are expected. At this time only a synopsis of the book is due. The complete books will not be called for until some time in October.

Those unable to attend the meeting this afternoon may leave scenarios with Thomas Morony '25, at the Sigma Nu house, 625 N. Henry street.

## CARDINAL WORKERS AWARDED CHARMS

Twenty-five on Editorial and  
Business Staffs Earn  
Emblems

Twenty-five members of The Cardinal editorial and business staff will receive gold, silver and bronze charms as recognition for continuous service with The Cardinal organization, it was announced by the board of control last night. The awards will be distributed at The Cardinal office from 4:30 to 5:30 o'clock Wednesday afternoon.

The new charm, a replica of a linotype matrix pierced by a copy pencil and displaying on its face the outline of the state of Wisconsin and the words "Daily Cardinal," is offered for the first time, following the action of the board of control last April to replace the old triangular pin awards. They are presented on the basis of one and two years' continuous service.

Gold charms will be given Porter F. Butts '24, managing editor, and Walter Plewke '24, business manager. They also will be sent to George L. Geiger '23 and Douglas Newell '23, editor and business manager, respectively, of last year's Cardinal.

## Self Government Association Has Long and Active Career

"That" the welfare of a college community lies in the realization of social responsibility on the part of every girl" is to Dean Louise Nardin, the fundamental principle underlying the self government association.

Although the organization of the association has changed from time to time, the philosophy of the association has been practically the same since it was organized in the late '90's.

"The organization does not function because of certain super-imposed rules," says Miss Lella Bascom, '02, in commenting on the early history of S. G. A. "We proved this for all time back in 1900 when we did not have a Dean of Women. We had our problems and were able to settle them through self government."

"An emphasis on the 'self' is just as strong today, according to Alice Corl, '25, president of S. G. A. "It is the desire of those in charge of self-government," says Miss Corl, "that every girl individually shall feel her place in the University of Wisconsin and that she be given every possible opportunity to develop herself and express herself in friendship channels and in avenues of interest which come outside of academic work as well as inside."

The activities of S. G. A. during the past year have developed and broadened in every field of inter-

## SUMMER SESSION OPENS JUNE 30, 5,000 EXPECTED

Courses Offered Compare Favorably With Those of  
Regular Session

The six weeks' summer session term for 1924 will begin June 30 with courses offered in practically all of the departments that are open to students in the regular semesters. Registration is expected to go nearly to the 5,000 mark. Last summer there were approximately 4,700 students registered in all the courses.

### Many Teachers Attend

While the greatest number of students registered are normal school graduates and teachers there are many who take advantage of the opportunity to shorten their regular course by a semester by taking two extra sessions during the summer. A fair number of those in attendance are regular students who have extra credits or deficiencies to make up.

Many of the instructional staff of the regular term will serve for the summer session, but there will also be a number of exchange professors and visiting instructors. Several of those engaged for this summer are educators of note in foreign countries.

### Session Popular

The summer sessions at Wisconsin have become extremely popular with teachers and students in other universities in recent years on account of the natural surroundings and opportunities for recreation about Madison. The entertainment features of the summer session are by no means the least attraction of the term, but its educational values have rapidly taken rank with the foremost summer sessions in any university.

## BUSINESS OFFICE IS OPEN UNTIL JUNE 14

The business office of The Cardinal will be open all week to transact any necessary business before the close of the school year, it was announced by Robert D. Castertline '25, business manager, yesterday. Persons who wish to settle outstanding accounts may do so this week.

## GRADUATION EVENTS BEGIN JUNE 20; 1,700 WILL GET DIPLOMAS

WILL HOLD UNION  
VODVIL NEXT YEAR

Any student who wish to try out for acts in the 1924 Union Vodvil may plan them and submit preliminary suggestions during the summer session, Hawley V. Porter '25, manager, announced yesterday.

"There still seem to be a few who believe that Union Vodvil will not be given next fall because of a former ruling limiting it to alternate years," Porter said. "The performance is assured for next fall and groups may begin work as soon as they wish."

Scenery and costuming will be turned over to experts again as was the practice last year and it is probable that a coach will be secured to direct the acts.

## POWERS TO STAND TRIAL FOR CRIME

Judge Stolen Gives Formal  
Decision in Posepny  
Slayer Case

Decision as to the next turn of the Powers-Posepny case was definitely rendered yesterday when Judge O. A. Stolen upheld the verdict of the coroner's jury, which on May 14 declared that Posepny met death in an "unwarranted and unlawful manner." Powers was ordered held for trial.

The attorney for Powers will attempt to show that Posepny was attempting burglary, when the officer shot him. In its findings, the court stated, "Defendant admits firing shot that killed Posepny, but contends that under the facts established by such evidence, the killing was justifiable homicide. Whether the killing is justifiable or not must be determined by consideration of certain principles of law." The court ruled that "in arresting for a felony a peace officer, or even a private person, acting without a warrant, may, if necessary, kill a felon, if he resists or flees." The court stated further that "the notion that a peace officer may in all cases shoot one who flees from him when about to be arrested, is unfounded."

In holding Powers for trial, the court found "that a crime had been committed and that there is probable cause to believe that the defendant is guilty and should be held for trial."

## SUMMER STAFF MEETS WITH EDITOR JUNE 28

The first meeting of the staff of the summer session Cardinal will be held at 12 o'clock Saturday, June 28 in the Union building, managing editor, Eliot Sharp '25 announced last night.

The purpose of the meeting will be to discuss final plans for the summer edition and to give out assignments.

All persons interested in working on The Cardinal are asked to be present at this meeting. Persons interested in working on the business stay may call at the business office or call Harry M. Schuck, B. 3326.

## REDEEM RAIN CHECKS ON MONDAY MORNING

At the end of yesterday's game with the Gophers rain checks were issued to all who had paid attendance to the game. These checks will be redeemable at the gym starting Monday morning at 9 o'clock, according to Paul Hunter, director of ticket sales.

### LAST ISSUE TODAY

Today The Cardinal suspends publication for the current school year. Publication will be resumed for the summer session June 30 and for the next regular session September 23.

Many Activities Scheduled For  
Three Day Period  
June 20-23

More than 1700 seniors will take part in the graduation exercises to be held June 20-23, and will receive degrees for completion of required work in the several colleges.

The graduation program will open Friday, June 20 with observance of class day. Saturday, June 21 will be alumni day. Baccalaureate exercises are to be held on Sunday June 22, and commencement day will be observed on Monday, June 23, at the Agricultural pavilion.

## International Club Ends Busy Season With Party Friday

Rain failed to dampen spirit and fun at the International club's party, yesterday afternoon. Sixty guests, including Prof. and Mrs. Pitman B. Potter, Prof. and Mrs. Walter R. Sharp, Prof. and Mrs. Allen F. Saunders, made merry in the home of Mr. and Mrs. E. C. Hoebel.

Forced to remain indoors, the plans for a lawn party did not materialize, but music, games, and dancing enlivened the evening.

The club finished a very successful year. The organization has produced two plays, staged an international review, and helped foreign students. Twenty new members were initiated during the year.

Officers for next year were installed at the annual banquet, held at the Hotel Monona. Peter C. Lani is to head the organization during the coming year.

Mohindra Bahadur, grad., is leaving for India, stopping en route for a visit in Europe. Eugene Verhaege is leaving to make his future home in Belgian Congo. Cecil Russell, a graduate student of the Engineering school, will be the guest of Tokitaro Suzuki, ex-president of the International Club, when he reaches Honolulu.

## ANNOUNCE FALL RUSHING SCHEDULE

September 20 to 28 Dates Set For Parties By Panhellenic

Dutch treat luncheons at public tearooms but not clubs, informal luncheons and dinners, tea dances, informal dancing parties and final formal dinner dances will mark the sorority rushing schedule for next fall which will continue from Saturday, Sept. 20, until Sunday, Sept. 28, when the pledging teas, as the final functions of sorority rushing, will take place.

Invitations may be sent out after June 25 for sorority teas to be given Saturday, September 20, and no rushing may take place prior to that date it was learned from the Panhellenic headquarters today. The entire schedule for rushing is as follows:

Informal tea from 2 to 6 o'clock Saturday, Sept. 20; informal day, Monday, Sept. 22, with informal rushing with no refreshments served in the afternoon, and dinner and dancing from 6 to 9 o'clock with no split dates; informal day, Tuesday, Sept. 23, luncheon at either some public tearooms or at the sorority houses, rushees paying for food as indicated on invitation; Wednesday, day of silence when sororities may not communicate in any manner with rushees.

Tea dance from 5 to 8 o'clock on Thursday, Sept. 25, with split dates allowed at 6:30 o'clock; formal dinner-dance on Friday, Sept. 26, from 6 to 11 o'clock with split dates at 9 o'clock.

Preference slips will be sent out to rushees bid at noon Saturday, formal written bids shall be sent out by special messengers Sunday noon, and all new pledges will signify their acceptances by appearance at the sorority houses at 5 o'clock Sunday.

## ANNOUNCE CLUBS OPEN TO WISCONSIN WOMEN

The Vassar club of New York and the Monteregian club of Montreal have extended privileges to women students of Wisconsin through the A. A. U. W. for study during the summer months, according to announcements received by Dean F. Louise Nardin. The Vassar club is located in the Allerton house on 57th street, New York. The Monteregian club announces a number of rooms available for the summer months.

## Will Give Penalty For Too Early Ticket Application

A five day penalty will be given all persons who hand in applications for this year's football tickets before Sept. 1. This plan has been adopted by Paul F. Hunter, director of ticket sales, in order to give the alumnus in San Francisco the same chance to get a good seat as the one in Madison. All orders received before Sept. 1 will not be handled before Sept. 5.

"Last year persons living in the immediate vicinity had the opportunity of sending in ticket orders before those of more distant points," said Mr. Hunter, "while by the new method, application blanks being sent out August 15, everyone will be able to get orders in at the same time, regardless of distance from the campus.

Nearly 675,000 pieces of printed matter will be used in handling the ticket sales next fall. In addition to the usual amount, special application blanks will be distributed this year throughout the country for general use, probably through newspaper offices.

Application blanks sent out to alumni will be non-transferable. To insure the carrying out of this plan, the name of the alumnus receiving the blank will be stamped on the back of the order before it leaves the department. This name must check with the address sent in by the party ordering the seat.

"A new system of triple check filing," Mr. Hunter asserts, "is expected to prevent all confusion as to how many tickets a person has ordered. The original application will be kept, besides being listed in separate files by game and by person. This will enable the department to tell instantly how many tickets a man has ordered, where his seat is, and will safeguard against mistakes. A larger office force than ever before will be engaged, and our department will occupy the entire first floor of the present university clinic."

Students and members of the faculty will be able to get two tickets if they can show it is necessary. To do so they will purchase one ticket at the regular student rate of 50 cents and the other at the public rate of \$2.50. A special section on the south end of the East stand has been provided for those wishing to take advantage of this plan.

Special blanks will also be used for this purpose.

## The Reader's Say-So

"ON DEPARTING CRIMINALS" Editor, The Cardinal:

May I answer your editorial on "Departing Criminals"?

America 'should bear the burdens and suffer the wrongs inflicted by the criminals of other lands' because the foreigner does the dirty work for us and because our industrial conditions of work and living make criminals. One third of the population of the U. S. is foreign and nearly all of these are engaged in industry. If it were not for the southern Europeans, who would mine our coal, make our steel, prepare our meat, excavate our tunnels and foundations, or do any of the other arduous tasks of our great empire?

In 1913 average income for a family of 5 persons was \$1,420 while the cost of living was \$1,280; in 1919 they received \$2,480 while cost of living went to \$2,550. Crime increases when cost of living increases and is not followed by a corresponding increase in income. Our annual luxury bill is 11 billions spent in wanton extravagance by those who do not work in factories.

90 per cent of the criminals are convicted of some minor offense against property. Criminologists nowadays blame crime upon environment and very little upon heredity. If the steamship companies and steel trust etc. insist upon a huge immigration, and bring cheap labor to America by means of low transportation rates and promises and then fulfill those promises by low pay and a jail sentence, can they expect to cure the evil by returning to foreign lands the wrecks they have been largely responsible for making?

It is wrong to export criminals in this country, because it is an admission of our inefficiency as a nation and educator—our greatest pride—and we have many. To bring men to a country, set them to work upon inhumanly severe and monotonous tasks, and then ship them back when they are broken is a foreign economic policy that can only be maintained by the strong in re-

## Railroad Jack in Town Again, Shows Up For Senior Sing

Railroad Jack, professed memory expert, is again in Madison stumping it from corner to corner with his tramper's philosophy. He was first seen at the senior sing last Thursday night wandering among the crowds with his tin sign, "Railroad Jack, Memory Expert."

Jack, a veteran of the road for a score of years, was a popular street orator and entertainer for hundreds of students throughout all of last year, when he was making Madison his stopping place.

Jack has offered his body to the Medical school for experimental purposes, believing that his mind, considered remarkable for its retentive qualities, will afford a useful subject for scientific research.

## Illinois Takes Big Ten Track Meet; Wisconsin Fifth

BROOKINS, IOWA,  
SETS NEW RECORD  
IN LOW HURDLESMc Andrews is High Point Man  
For Wisconsin; Weather  
Remains Cold

(Special to The Cardinal)

CHICAGO, Ill., June 7—A new world's record was made, a conference record was tied, and Illinois became conference track champion in the twenty-fourth Big Ten annual games at Stagg field here today. Illinois totaled 74 points for conference honors, Iowa was second with 39, and Michigan placed third with 31 1-2 counters. Wisconsin finished fifth with 13 1-2 points. Brookins, Iowa, made a new record in the 220 yard low hurdles around one turn when he ran the event in 23 and 4-5 seconds. He finished ahead of Kinsey, Illinois, Taylor, Grinnell, Guthrie, Ohio State, and Crawford, Iowa, his teammate. In the 220 yard dash Evans, Illinois, tied the Big Ten record by covering the distance in 21 and 3-5 seconds. He led his field during the entire race and won from Kilgore, Butler college, and Hughes, Schick and Ayers, all from Illinois.

## Qualify for Olympic Trials

Wisconsin scored points in the 440 yard dash, 100 yard dash, broad jump, one mile run, high jump, pole vault, two mile run and relay race. Kenneth R. Kennedy '26, Harry F. McAndrews '25, and John C. Read '24, placed fifth in the quarter mile run, 100 yard dash and two mile race, respectively, while the one mile relay team, composed of Herbert A. Flueck '25, Gilbert J. Smith '26, Bert M. Hilberts '25, and Lloyd M. Valley '25, won fifth place in this run. Besides placing in the 100 yard dash, McAndrews was second in the broad jump with a leap of 24 feet 3 1-2 inches. He was high point scorer of the Badger team with 5 points, while Earl E. Schneider '24, tallied three points by taking third in the one mile run. In the pole vault Capt. William Hammann '24 tied with Hunsley, Illinois, and Meder, Iowa, for third place. Eugene W. Tuhtar '25 tied with Wilson, Indiana, for fifth place in the high jump.

Because of the Olympic meet which will be held in Paris during the summer months, the first four athletes in each event qualify for the final trials in New York.

Cold weather prevailed during the meet and the stiff wind hampered the athletes in the running and jumping events. More than 5,000 persons were in attendance.

## The final standing:

Illinois, 74; Iowa, 39; Michigan, 31 1-2; Ohio State, 20; Wisconsin, 13 1-2; Northwestern, 11; Minnesota, 10 1-2; Missouri, 9; Butler, 9; Notre Dame, 7; Chicago, 5; Marquette, 3; Grinner, 3; Purdue, 3; Ames, 2; Indiana, 1-2.

## The summaries:

Jones Asks Badger  
Athletes to Keep  
Amateur Rating

A warning to all university and high school athletes to maintain their amateur standing by refusing to participate in any athletic contest for gain or even where admission is charged, either at the gate or to the grand stand, was issued by T. E. Jones, director of athletics, yesterday.

"With the approach of the summer vacation I wish to urge all Wisconsin men to observe the amateur rule" said Mr. Jones. "That rule provides:

"A student shall be INELIGIBLE to represent his college in athletic contests who engages in such contests as a representative of any athletic organization not connected with his college, whether in term time or vacation.

"Occasional games during vacation on teams not professional or semi-professional and having no permanent organization are not prohibited—provided no admission fee is charged."

"The regulations will be strictly enforced. The names of all letter and numeral men of all conference colleges will be sent to the commissioner of athletics as well as to all the schools of the Conference, that each may keep in touch with the activities of all college athletes."

wa, fourth; Kreider, Ohio State, fifth. Time, 4 minutes 26 4-5 seconds.

BADGER CREW IN  
SLUMP, JAX ON  
NUMBER FIVE OAR

Eight Getting Used to Current; Port Side of Boat Still Weak

(Special to The Cardinal)

POUGHKEEPSIE, N. Y., June 7.—The Wisconsin crew, taking increasingly stiff workouts daily in preparation for its first big contest on the Hudson in a decade, is in the midst of a slump. Grunitz did not work in at number five and Jax replaced him today. The speed and work of the boat was much better after this change.

The eight engaged in a long slow row this morning. They moved along nicely over the course this afternoon. They lacked drive and force, however, when they speeded up the stroke. The men are getting used to the current and it is believed they will come out of the slump by Monday.

## Starboard Side Best

The physical condition of the men is excellent. The starboard side is still far ahead of the port side in development. Hard fast rows twice a day all next week will bring them into real condition. K. S. Gardner Jr., crew manager reports.

"There is lots of fight in the men. They will come through" is his verdict.

The Wisconsin Alumni club of New York city has chartered an observation coach to follow the race and has invited all Wisconsin partisans to join the delegation. The Gotham delegation will travel from New York to Highland in a special car and will be joined at Poughkeepsie by many other followers of the Wisconsin crew.

CENTRAL HIGH IS  
THIRD IN GOLFLocal School Takes Part in  
Tournament at  
Racine

RACINE, Wis. — The Racine high school golf team successfully defended its state title at the Wisconsin high school golf tourney, which closed here a noon today, by taking the team event with a total of 457. Hartland was second with 526, Madison, third with 528; Fond du Lac, fourth with 533; Lake Geneva, fifth with 537; South Milwaukee 539; Riverside High, Milwaukee 541; Kenosha 544; Washington High, Milwaukee 549; Waukesha 550; Wauwatosa 557; Janesville 575; Appleton, 587, West Division High—Milwaukee, 611.

The black and gold colors were also carried into first place in the individual list when Edward Lehman, star of the Racine team, completed the two rounds of 36 holes in 144. His card follows: 35-39-34-36—144.

State Convention  
of Civic League  
Here Next Week

The first state convention of the People's Civic League will be held in Madison, Saturday, June 14, at the city Y. M. C. A. The business session will start at 2 p. m. following the luncheon at noon with a program of music and addresses by several speakers. Election of officers will be made at the business meeting.

Lancelot A. Gordon, assitant secretary of state, spoke at the meeting of the local chapter Friday night. He stressed the danger to the United States of the growing disrespect for law which is engendered by self-seeking officials who are scheming for their own political advantage.

"A policy of serving the public should be followed rather than keeping friends and supporters in

## Versus

We offer three perfectly good guesses to any one who wants to try to tell or explain why it rained yesterday. Well, anyway if all our games had ended this season the way yesterday's did we would have a clean sheet on the lost side of the percentage column.

Christianson didn't have a bad day on the mound at all. He walked the first man, put out the second, struck out the third and put out the fourth. Whereupon the skies began to weep copious tears of compassion and in all due respect to their grief the game was called off.

Concerning protested games for some time to come there will be remembered a game that was played on the lower campus last year. We don't dare tell who was playing other than that they were university students, for the final score was (approximately) 63 to 0. The losing team threatened to protest the game claiming that a varsity man pitched.

Prof. J. F. A. "Sunny" Pyre, chairman of the athletic council, left for Poughkeepsie a few days ago. He is there to watch the crew and for the purpose of making an official report to the athletic council concerning the Poughkeepsie trip.

Versus: In a game of horseshoe the other day something unusual happened. The first man throwing dropped a shoe near the stake his other going wide. His opponent following threw his first one away but the second one was a mean twister that fell short of the stake but lighted on the other man's close shoe, which bounced onto the stake, a ringer, but was tipped by the shoe which had hit it. How do you score this.

"Slim" Ellingson Elected Captain of Next Year's Baseball Team

"Rained out again," Such was the exclamation of all of the varsity baseball men when the game scheduled with the Minnesota nine yesterday was called off on account of rain. It was the third time this season that rain has spoiled games with other Big Ten schools for the Badgers.

"We have really been rained out of the championship this year," said Coach Lowman yesterday. "We have not had one warm day in which to practice, and bad weather conditions kept our pitchers from getting started and rain spoiled many of our games with the weaker teams."

## Ellingson New Captain

The game yesterday was called in the middle of the first inning, after Christianson had retired the first three Gopher batters.

"Slim" Ellingson was elected to lead next year's team. "Slim" has been one of the mainstays in the infield for the past two years, and has played both the shortstop and second base positions. He has always been a dangerous man at the bat, and is today recognized as one of the best shortstops in the Big Ten. He is well liked by all of the men and hopes to lead a championship team next year. His home is in Milan, Wis.

The men who received the coveted "W" are Captain Aschenbrenner, Captain-elect Ellingson, Christianson, Luther and Johnson, pitchers; Steen, Tangen, Goss and Skaife, infielders; and Emanuel, Dugan and Servatious, outfielders. Murphy also received a manager's "W". The men who received a "Wa" are Ritchie and Freuschwanger. Strawn Trumbo was named as next year's manager.

## Lose Seven Players

The men who will be lost to the team through graduation are Aschenbrenner, Christianson, Johnson, Goss, Servatious, Dugan and Skaife. Some of these positions will be hard to fill, especially those of the two pitchers, Johnson and Christianson.

Next year the coach intends to shift Ellingson to first, and use several men of this year's Frosh squad in the infield. Tangen will be back to play the third sack. Emanuel, Luther, Lamboley, Varney and Steen of this season's team will also return.

Wisconsin was represented by one of the best teams it has had in years. They finished in third place, but with favorable weather conditions would probably have been on top.

CULVER WINS FROM  
JUNIOR BOATMENAcademy Has Three Lengths  
Advantage at Finish;  
Water Very Rough

(Special to The Cardinal)

CULVER, Ind., June 7 — Culver academy won from the Wisconsin junior crew today by three lengths. Wisconsin led at the half way mark. Then number three broke an outrigger and they had to finish with seven men. The water was very rough and both crews had to empty their boats before the start. Four starts were made before the crews could get off because of the difficulty in lining up. At the finish of the race the Wisconsin boat was filled with water and almost swamped. Wisconsin used one of the Culver shells and their oars. The time for the course was 5 minutes and 40 seconds.

## SO LONG, '24

When a university historian shall some time in the future set out to record the accomplishments of various classes and write in permanent form the achievements of Wisconsin men and women, he will find much in the history of the class of 1924. In the present generation of university classes the senior class by its record during the past year alone is deserving of the highest praise. But there are other things that the class has done.

Three years ago the class went to the freshmen of that year after the latter had been asked to accept voluntarily the green cap tradition, offering to lay aside their inherited animosity toward the first year men and go half way toward setting up a new Wisconsin spirit. The willingness to forget the sophomores' traditional hatred of a freshmen has been characteristic of the spirit of the class throughout its career.

Furthering the new Wisconsin in all that she means to her hosts of alumni has been the constant ideal of the class. In doing this it has been necessary to break old class traditions. Class meetings, active committees, and capable officers have taken the place of stereotyped events and figurehead political offices; definite work has displaced meaningless committee meetings; '24 has shaken off the cobwebs.

A Memorial union campaign managed entirely by the members of the class contributed materially to the success of that undertaking. The re-introduction of the "red wagon" days and old Wisconsin traditions reminded students of the times that are looked back to as "the good old days" have been due largely to '24.

And when the history is complete we believe that 40 or 50 years from now sons and daughters of the class of 1924 will look back to 1923-24 as "the good old days" when spirit was high and Wisconsin was the Wisconsin of old, the "red wagon" days come back to stay.

So, so long Walt, and Marian, and Esther, and George, and Hook, and all of your 1695 fellows. We who were fortunate enough to be here with you, and who will all too soon follow you, extend our congratulations with the others. Goodbye, and good luck! Wisconsin will be glad that it can say: Watch '24.

## PRESS TIME

With this issue The Cardinal completes its thirty-third year of publishing a daily paper in the university field. In these 33 years it has tried to fulfill the duties and functions of a newspaper in a specialized field. Its aim is to be a reflection of the campus as it is,

mirroring accurately what students are doing and what they are thinking. In re-portraying this reflection it is natural that The Cardinal should grow as the university grows and keep step with the steady progress enjoyed by the institution.

Just as The Cardinal for the year 1923-24 has shown distinct improvements over the publication of past years, it will be the effort of the editors to add to this year's accomplishments in the coming term. Improved service in several departments is planned for next year. The most desirable features in the present departments will be retained with such additions as can be made readily. Every effort will be directed toward providing the readers of the paper with the best that can be procured.

The Cardinal will be waiting for you when you register in September.

## STRIKE THREE

Although rain prevented the baseball team from playing a full game on the Camp Randall field yesterday the Badger team was ready to wind up the 1924 season in its final contest against Minnesota. Beginning the season with all the odds against them so far as a championship was concerned the Badgers fought way to the top of the ladder but were nosed out at the end. Despite the failure to bring home a championship the 1924 team made a more creditable showing than any in several years. For some of the members of the team there will be no more college baseball. Perhaps some of these men may enter the professional field and continue to play because of their love for the American game. If so, all success to them as professionals. At any rate, that their service to their Alma Mater may not be too soon erased in our memories we set their names down here as having played the game for Wisconsin, and having played it for all they were worth:

## BREAKING THE TAPE

While most of us have finished our duties with activities and are thinking about preparing for examinations a small group of men are carrying on for Wisconsin at the Big Ten conference meet at Stagg field. For some of them it means a chance to try for the Olympic games. On the basis of their past records it is evident that some of them should qualify. If they do it will mean a big chance for them and it will mean much for the prestige of Wisconsin. For four years some of these athletes have been giving their best efforts for the Wisconsin track teams, often in the face of discouragement and disappointment. That they, too, may not be forgotten soon we print the names of those men who are wearing the spiked shoe for the last time as members of the Cardinal squad:

CAPTAIN WILLIAM HAMMANN

EDWARD DONOHUE

GEORGE FINKLE

JOHN READ

EARL SCHNEIDER

GERALD WADE

## Other Editors Say—

### FOUR YEARS WELL SPENT

At the approach of commencement, many a graduate is asking himself questions like these: Has it been worth the effort? Will the years and money spent ever come back or are they wasted? Does my diploma stand for anything? Or is not this popular fancy that "education" is the magic key to success all an illusion after all? There are times when every college student, as well as the senior, faces these questions.

In the light of the amount of time wasted by many men and women in college and in view of the use some of them make in their lives, these questions, at times, admittedly seem puzzling. But upon deeper thought the evidence is overwhelming that the years in college are well spent.

What is an educated person anyway? To be educated does not mean to be able to talk glibly about a number of things with smooth phrases and careful grammar. It does not mean to know the meaning of psycho-analysis or to write a paper upon the influence of Russian short story writers upon American realism.

For a man to be educated means that he has a mind which has been trained to gather, to assemble and to organize facts. To be educated means to have acquired a perspective. This is the most important of all. If we have perspective we are able to sift the valuable from the valueless, the important from the unimportant.

Balzac said that the history of civilization is the story of mankind climbing upstairs in wooden shoes and coming down in golden slippers. It is the business of the college to keep youth climbing, step by step in wooden shoes.—Daily Northwestern.

WITH THIS ISSUE we sing our swan song.

BUT BEFORE we go we would like to compliment a certain fraternity for being able to have among its members (according to its alumni publication) the following versatile young man—

Brother Roland B. (nickname Stub) covered himself with glory and ribbons and brought home two valuable cups. He carried off first prize in his class, then won first in his breed (shorthorn) and finally took sweepstakes for all beef breeds.

NO HE IS NOT a member of the freshman football squad.

### ARMED TO THE TEETH

The senior passeth out in June,  
With sheepskin in his hand,  
And thinks he is Napoleon,  
With the world at his command.

Question: What happens to a senior when he graduates?

Answer: He goes to the nearest haberdasher and buys a new hat—one with a much larger band.

YOU SEE most of them go back to places where it is still considered good manners to wear a hat.

WHEN A woman graduates she goth out, and with her higher education finally gets a man.

### WE WONDER

What Port Butts will do with all his feminine apparel which he used in Haresfoot, and whether Sam Thompson will get a job running dances for a boiler-makers' Union, and if Al Walters will have more luck in a civil election than he did in the senior election.

TODAY the seniors are seniors in a university. Soon they will be freshman in the school of life. How many of them, do you think will ever pass on to the sophomore stage.

A SENIOR in the school of life is a man or woman 84 years old.

### L'ENVOI

When the last roll call is finished  
And our work in school is done,  
How we'll swell with pride with  
our sheepskin hide,  
But Gaud how we'll miss the fun.

CAN YOU conceive of the number of cuts which will lie idle next year in the Cardinal morgue. Lets see if we can remember—about four of Howie Lyman, two of Nella Burgess, two of Port Butts, about the same number of Walt Frautschi, one of Harold Maier, and one of Ez Crane. There are a great many more but we haven't been introduced to them.

THE REASON there is only one of Ez Crane, is because there would be no use of having two.

HAROLD MAIER would have more but he's too modest.

UP STAGE BITS, that column which delights in advertising a man's knickers, is written, we suspect by a senior of considerable prominence. Have you noticed how glad Sid Thorson and Port Butts enjoy getting into Walt's space in the Cardinal.

### A TRAGEDY OF LIFE

A LAST MINUTE DECISION CALLS OFF A MUCH HERALDED WEDDING.

This decision was made by a dean, assisted by an assistant instructor, when it found out that a certain senior had decided to marry a certain girl when he graduated. The instructor gave him a poor, and the dean did the rest. It

takes 200 credits (L&S) to make a marriage license.

ANOTHER decision of this kind was made by the girl herself, when she whispered into the groom's ear that she belonged to the S. G. A. Whereupon the groom decided if he couldn't be boss of his own home there was no need of getting married.

BILL PURNELL enjoys telling jokes to the taxi drivers at the corner of State and Lake, but the best or the hardest joke, is the student who owns a car and hasn't money to buy gas.

CARL RUSSEL FISH has again said something that entitles him to space in this column. According to the eminent professor you can be applauded by rotten eggs as well as you can by skyrockets. Both are stimulating he says, but he does not favor abolishing the skyrockets for the eggs.

### THE '24 CO-ED

Above we have a likeness of Miss . . . She is a senior and is one girl in a thousand. She does not bob hair. She belongs to the . . . sorority, and from all accounts does not object to tall men. She drives her own car but is looking for a chauffeur. When she gets home she will have a good time telling the sewing circle all about the wild men of Wisconsin, and about the dean who spends his leisure moments hunting up snappy stories at Snappy's.

### NO MORE

No more walks upon the drive  
When the weathers right;  
No more bucking 'till half past five  
Or staying up in my clothes all night,  
No more cussing, no more swearing,  
When things look dark and black  
When a wretched prof. with a razzing smile  
Hands me a red marked blue book back.

No more co-eds with swimming eyes  
To lay on your shoulder  
And admire your ties,  
No more deans with a hungry look,  
Who cuss you soundly,  
For not opening a book.

No more nothing, things look great,  
I went through school without getting the gate.

### THE CULPRITS

Oolong—Mr. Kieth Davis, the columnist with the wicked line, who made the editor of this column, grow gray hairs cutting out the stuff that couldn't get by.

Beatrice—Miss Joyce Larkin, whose aesthetic wit more than once caused us to look in the dictionary, to see if we had guessed right.

T'Kettle—Mr. Roscoe, who enjoyed telling the co-eds what the world thought of them.

Count Zaza—Mr. Sapper, whose line would be good enough for any Royal household.

For obvious reasons, we will not disclose our own identity as we have two weeks left in school. Perhaps we could do what others are doing in deed and write our own

### FAMOUS LAST LINES

The one which you just read are our last, which is enough information to cause hilarity in certain quarters of the campus.

## VACATION CREDIT COURSES OFFERED

### Extension Division Gives 450 Correspondence Studies During Summer

Resident students may take credit courses during vacation through the department of correspondence study of the Extension division.

Last year 250 resident students earned credits toward their degrees this way, Mrs. A. H. Smith of the department of correspondence-study said yesterday.

The majority of these studied history, education, English and mathematics.

"Of the 450 courses we give, 250 carry credit toward a degree," Mrs. Smith said. "Most of these correspond to the electives on the hill. Many unable to attend summer school take these courses."

Students must receive the permission of the dean of their college to take these courses anytime except during the summer vacation. Examinations must be taken before the first day of the fall term to receive credit that year. These examinations may be taken at Madison or at one of the branch offices.

Charges are \$5 a credit. A student is allowed to earn one credit a week. Lessons are sent out as fast as they are studied. Most students take from 3 to 5 credits during vacation.

## BULLETIN BOARD

This column is for the use of members of the university staff and all campus organizations wishing to reach large groups. Notices will be received at The Cardinal office, Union building, up to 5 o'clock on the day previous to publication. Notices may be given over the phone by calling B. 250.

E. Pennock and  
Arthur Freytag  
Engaged to Marry

Announcement of the engagement of Elizabeth E. Pennock '23 of Urbana, O., to Arthur M. Freytag '23 of Chicago, Ill., was made last night at the Pi Beta Phi and Alpha Tau Omega houses.

Miss Pennock attended Hollins college her freshman and sophomore years, transferring to Wisconsin in her third year. She is a member of Pi Beta Phi sorority.

Mr. Freytag while attending Wisconsin was secretary of The Cardinal board of control and on the Octopus staff. He is a member of Alpha Tau Omega fraternity. At present he is employed in the real estate department of the Citizens State bank of Chicago.

The wedding will take place sometime next September.

Anita Lindow '26  
Engaged to Marry  
Clayton M. Bond

Mr. and Mrs. Frank O. Lindow, Sheboygan, Wisconsin announce the engagement of their daughter Anita, to Clayton M. Bond of Muscatine, Iowa.

Miss Lindow is a sophomore in the college of letters and science. She is a resident of Barnard Hall.

Mr. Bond graduates this year from the course in commerce, and will enter the employ of Libby, McNeill and Libby in July. He is a member of Beta Sigma Pi fraternity.

Seniors and Alumnae  
of W. A. A., Phy. Ed.  
Club Hold Luncheon

Sixty five seniors and alumnae of W. A. A. and the Physical Education Club will attend the first joint luncheon which will be held Saturday noon, June 21, in the Badger room of the Women's Club.

Dorothy H. Haskins '25, W. A. A., and Maurine Hall '24, Physical Education Club, are planning the affair. Following the luncheon the seniors will be taken into the alumnae chapters of their respective organizations. The Physical Club alumnae will elect officers. Seniors of both organizations will elect chairmen for next year.

Three hundred invitations have been sent to alumnae. Maurine Hall '24 and Marion M. Johnson, grad, are receiving acceptances.

PLAYERS INITIATE 12  
PREVIOUS TO BANQUET

Wisconsin University Players held a banquet at the Woman's Building on Friday evening, before which they initiated twelve new members. After the banquet the new initiates put on a stunt, and during the meal there were several talks given.

Miss Gertrude Johnson of the speech department, Olivia Orth '24, Laurens Hastings '24, Donald Kastler, grad, William Ross, grad, and Roy French, grad, all talked on the accomplishments of the club during the present year, and the plans and aspirations for the future.

The ones who were initiated are Bernice Klug '26, Ralph Meade '27, Eliot Sharp '25, Carol De la Hunt '26, Jackson Taylor '26, Caroline Hinsdale '26, Wilson Moran '25, Ruth Oberndorfer '26, Anna Best, grad., La Verne Morrison '25, Harold Beeman '26, and Lowell Frantschi '27.

Alete Schreiner  
Engaged to Marry  
Arthur W. Trainer

The engagement of Miss Alete Schreiner '22 of Two Rivers, Wisconsin to Mr. Arthur W. Trainer of Indiana, Pennsylvania was announced at the Phi Mu house of Thursday night at dinner. Miss Schreiner transferred here from Lawrence college and graduated from Wisconsin two years ago. The wedding will be sometime next fall.

Flag Day, June 14, was proclaimed today by Governor Blaine. He urged a general display of the flag and appropriate exercises in public places.

Next Year You'll Be Out  
in the Cruel, Cold World

Away from the many friends you made in your four years at the university you will feel lost without any contact with Wisconsin.

You won't be here to welcome the frosh at Varsity Welcome, nor to cheer the Cardinal football warriors on to victory in the opening games.

You may be back for Homecoming—but if you're not so fortunate you can get all the "dope" on the game the easiest way, whether you be in Saskatoon or Awgwan.

Uncle Sam will deliver the Daily Cardinal to you daily—six times a week, just loaded with news of your friends, organizations and other activities you may be interested in.

Just clip the coupon and attach your check for \$3.50—the Cardinal will follow you wherever you go.

## SUMMER SESSION STARTED IN 1887

President Birge Was First  
Secretary; 104 Students  
Enrolled in 1889

A summer school for teachers, lasting four weeks and consisting of courses in psychology and pedagogy, physiology, zoology, botany, chemistry, geography, physics, and English literature, for which no university credit was given, was the beginning of the modern summer session in 1887. President E. A. Birge, then professor of physiology and zoology, was the secretary of this new branch of the university's activities. Records show that in 1889, there were 104 students enrolled in the summer school.

In 1891 it was voted to give credit for courses taken in the summer school, "providing that the work has been adjudged satisfactory by the heads of the departments." In that year, 21 courses were given.

Since that time the growth in attendance, the increase of the number of courses offered, and the interest that has been evinced in the summer session, has testified to its success. The greatest increase in attendance was in 1908, when the enrollment jumped from 661 in the preceding year to 1026, and in 1921, when the post-war reaction brought such flocks of students that the 1920 enrollment of 3586 was raised to 4557.

In 1909 nearly 150 courses were offered to students attending the summer session. At that time Dean G. C. Sellery was the director. In 1911, Dean S. H. Goodnight, the present director, took over the course.

The bulletin for the coming season lists practically all the courses of the regular school year, given by the regular staff augmented by visiting faculty members of other institutions. Indications are that this year's attendance will be better than last year's 4690.

### Information Booth Provided For New Women Next Fall

An information booth in Bascom hall for the convenience of freshman women, a junior advisory tea on the first Sunday before classes begin, and district parties for freshmen and their junior advisors are included among the plans for the coming school year, as adopted by the Junior Advisory committee yesterday noon at Lathrop hall.

"We will attempt to provide a junior advisor for every freshman girl that enters the university next fall," said Genevieve Ellis '26, chairman of the committee. "Our Madison committee will see that the district chairmen get the names of all incoming freshmen during the summer. They will then pass the names on to the women in their districts, who will be expected to write to their advisees and to look

them up as soon as they get back to Madison."

It is thought that some junior women may not have been reached. Any who have not yet given their names to their district chairman

should phone Genevieve Ellis, B. 3788.

### SENIOR GETS PATENT ON RADIO GRAPHONOLA

Frank J. Renner, senior in the department of Industrial Education

has been granted a patent for an invention, which he calls the Radio-Graphonola. Plans are being made to have the instrument placed on the market this coming fall. Mr. Renner first conceived the idea of such an instrument before he enter-

ed the world war. Renner describes his invention as a combination graphophone and radio receiving set, combined in one cabinet.

For Daytime, Evening

\$2.49

Pure silk chiffon hose in forty-nine smartest shades. Regular \$3.00. Smooth service hose, \$1.95.

### Colorful Swimming Suits

\$3.95

Nothing is more necessary to the joys of summer than a well made, all wool swimming suit. In green, tan, cardinal, blue, purple, and black. Others up to \$12.50.

### SLIPPERS OF RUBBER

Just the thing for swimming because they are so light on your feet, \$1.25.

### THE GAY BANDANA TAKES TO THE WATER

Whether you dash off for an exhilarating swim or play on the beach, you will find these rubberized bandanas tied becomingly over your tresses a necessity, \$1.95.

### CHAMOIS BANDS, 35c

No need to worry about getting your hair damp, for these chamois bands tied underneath your cap will keep your hair dry.

### SUMMER BRINGS SILK SKIRTS

Roshanara, silk broadcloth, and Pasadena are the fabrics used in these serviceable skirts. They are knife-pleated or in the wrap-around style.

\$10.95, \$13.95

### Cinderella Jackets in Smart Colors

Cinderella herself could not have asked for prettier or brighter sweaters than these. So fetching when worn with a white skirt. \$2.25 to \$6.50.

### Leather Belts

A touch of smartness is added to the frock by one of these belts of white kid. 75c to \$1.00.

### Marjorie Says:

While pausing for thought — You may powder your nose, provided you have a vanity pencil with a cunning powder duster concealed in the top. More than that, these pencils should really prove an inspiration in writing, for they are very smart looking — black with hand painted flowers. And very practical. Others combine pen, pencil, and letter opener. At the Toiletrie Section, \$1.50.

### Quelques Fleurs?

Whatever be your favorite perfume, it will be a thousand fold more enchanting if contained in a slender-stemmed, hand-painted perfumer with a long glass dropper, \$2.

The colors may be chosen to match your boudoir color-scheme. A cunning puff box to match is only \$1.25.

### No Bigger Than a Man's Watch

—But far more useful, of course, is a new compact, ingeniously devised to contain generous amounts of powder and rouge in compact form. In attractive gun metal Lazell case, \$1.

### Different

—Is the blouse or sports dress in store for the woman who makes it of the new plaided silk pongee. Really, you'd almost think the threads were hand drawn to form the attractive checks and plaids. It comes 33 inches wide, in blue, lavender, or green plaids. Wouldn't it be stunning with new tinted glass buttons to match? The pongee, \$1.75.

## NEW HIGH MARK IN DISPLAY ADS

**Total Volume of Advertising  
Exceeds Previous Years,  
Says Laskey**

With the last issue of The Cardinal today a new high mark of total display advertising volume has been made by the advertising department during the past year it was reported late last night by Harold H. Laskey '24, advertising manager.

An increase of 3850 inches of advertising over the year 1922-23 is the record for this year, with a total of 56,250 inches, as compared with 52,382 for last year.

That advertising in the Cardinal has been built up quite substantially in the last few years is evidenced by the fact that the increase over 1921-22 is 7,400 inches. "More consistent use of advertising space in The Cardinal by regular advertisers and an increase in number of advertisers are both direct results of the persistent efforts of the advertising staff members," Laskey said.

"A greater use of the advertising columns of collegiate publications by the larger national advertisers has also had its effect in increasing the total advertising in the Cardinal this year," the advertising manager stated.

### PHI MU CHAPTER TO BE PROVINCE HOSTESS

Zeta Beta chapter of Phi Mu will act as hostess to the chapters of Zeta Province at a province convention to be held in Madison from June 24th to the 27th. Among the affairs which will be held in honor of the guests will be a formal dancing party in Lathrop parlors on June 25th.

### BADGER CORRECTION

Due to an error of the editorial department of the Badger the pages of Phi Omega Pi and Phi Mu sororities were misplaced in the year book. Phi Omega Pi should have appeared on page 500 instead of page 507 and Phi Mu should have appeared on page 501 instead of page 503.

## 1,700 SENIORS WILL GET SHEEPSKINS

Large Class Will Take Part in Annual Graduation Exercises

(Continued from page 1)

at Lathrop hall at 10 o'clock. Baccalaureate exercises will be held at 4 o'clock Sunday afternoon in the men's gymnasium. President Birge will deliver the baccalaureate address. At 7 o'clock the university band will give a twilight concert on the upper campus.

Commencement exercises will begin at 8:45 o'clock Sunday morning when the university procession leaves the upper campus. Members of the classes up to and including the class of 1874 are invited to march in the procession.

### Three Class Speakers

At the commencement exercises to be held at 9:30 o'clock in the Agricultural pavilion President Birge will confer the degrees and deliver a brief address. The Rev. R. M. Barstow will act as chaplain, and the university band lead by Major E. W. Morphy will take part in the program.

Carleton W. Meyer is the senior speaker who will represent the College of Letters and Science; William E. Ouweeneel, the College of Engineering; and Marvin A. Scharrs the College of Agriculture. The Law School will not be represented by a speaker this year, since there are only three speakers to be chosen, and one college is not represented every fourth year.

The candidates for degrees will march into Agricultural hall while the band plays. The invocation will be given by the Rev. R. M. Barstow, and the university hymn will be sung by the assembly.

### Birge Confers Degrees

After the three student orations, a music number will be played by the band, and following this the university salutation will be given as President Birge arises to deliver a commencement address.

President Birge will confer the degrees, and announce the winners of the various scholastic medals. The exercises will be closed with a benediction and the national hymn.

Each graduate is entitled to two tickets for the exercises, and admission can only be gained to the hall by ticket.

The graduating class is to occupy the pit of the hall, and the concrete tiers above are to be used by spectators.

All candidates for degrees are required to be present unless excused by the dean of their college. The candidates should be certain their names and post office addresses are left with the registrar so that the diplomas can be forwarded.

Ushers for the commencement exercises are to wear caps and gowns. To distinguish them from the members of the graduating class their caps will be decorated with a cardinal tassel and cardinal colored rosettes.

## MOST GRADS ARE NATIVES OF STATE

### Seventy-five Percent of Senior Class is From Wisconsin

More than 75 per cent of the seniors graduating this year live in Wisconsin. While 36 states, Hawaii, Philippines, District of Columbia and 17 foreign countries are represented, the senior invitations show that 1,257 of the 1,717 graduates hail from this state.

This is illustrated strikingly in the lists of students graduating in law and medicine. Of the 71 graduates in the law school 63 are Wisconsinites, two are from Illinois and one lives in Rhode Island. Fifty of the medical senior live in Wisconsin, the other two coming from Michigan and New York.

As always, there is a great difference between the lawyers and the engineers. If the lawyers show the least amount of cosmopolitanism, the engineers exhibit the most with 29 states and foreign countries having Wisconsin grads of '24 among their sons. Letters and Science comes second with representatives of 25 states and foreign countries.

While such familiar names as Sheboygan, Madison, Milwaukee, Oshkosh and Appleton predominate in the list of home towns, there is enough romance added in such exotic words as Shanghai, Siam, Tsinanfu, Soochow, Manila, Tientsin, and Lihue Kauai.

until the end of the summer term may take part in all of the graduating exercises except those of commencement.

A senior hang-over dance will be held on the night of Wednesday, June 18. A senior picnic is to be held June 19. The meeting place is in front of the library.

### In Charge of Senior Class Play

Top row—Alethea Smith '24, director of make-up and member of the cast; Olivia Orth '24, director; Sidney Thorson '24, production manager.

Bottom row—Eliot Sharp '25, business manager; Thomas McLean '24, Rollo; Laurens Hastings '24, chairman of committee and member of the cast.

Tickets for the last dramatic production of this academic year, the senior class play, will be placed on open sale at the University Pharmacy Tuesday morning. Those who have already placed orders for tickets should call for them there then. Monday, June 23, a booth will be set up in front of the Union

building where tickets can be had. "Rollo's Wild Oat," the play which has been chosen, was selected from a large group as being that which was most apt to appeal to student interest.

It is being staged almost entirely by members of the senior class. Ten of the 12 characters are seniors, as is the production manager, Sid Thorson, the director, Olivia Orth, and her assistants.

The talent as represented is a combination of Haresfoot and the University Players. It is possible that the Haresfoot orchestra will play for the occasion, according to Nelson Fairbanks '24, director of that orchestra.

### "Y" Breakfast For Class of '24 on Saturday, June 21

The annual Y. M. C. A. breakfast during commencement time for the graduating students, their parents, and the alumni will be held at 8:30 o'clock Saturday morning, June 21.

Carlisle V. Hibbard '00, who is considering the position of general secretary left vacant by the resignation of Frederick E. Wolf, is expected to be the guest of honor for this occasion, officers of the association said yesterday.

All those who have been with the Y will be the guests of the association at the breakfast, Mr. Wolf said. The breakfast will not conflict with any of the class engagements scheduled for later in the morning.

### Vice President

MARIAN METCALF

—Badger Studio  
Marian Metcalf vice-president of the class of '24 is in charge of a number of the events of the commencement activities of the class which will be held June 20 to 23 when more than 1700 seniors will receive their diplomas.

## JUNE 20 IS DATE OF PIPE OFFERING

Representatives of Junior and Senior Classes in Old Ceremony

When representatives of the tribes of '24 and '25 smoke the pipe of peace around the fire on the lower campus at 11 o'clock the night of June 20, the annual reenactment of an old Indian custom will take place.

The spokesman for the older tribe of '24 will be Wilber W. Wittenberg '24; Bert E. Hilberts '25 will give the response for the younger tribe.

The custom dates back to the early 90's. The pipe is kept in the historical museum with the class colors of every class since 1894. The pipe has been kept in the museum for the past four years except for the ceremony at commencement time.

Under the French regime in the territory of the Indians, no higher or greater honor could be paid to a stranger than to have him smoke the pipe of peace, which then became his property. In the Indian custom the presentation of the pipe was followed by a calumet or pipe dance and chant.

The significance of the tradition on the campus has the double meaning of the fellowship of the older class for those who will follow them and of the responsibility of safeguarding the customs of the university by the younger class during the next year.

The pipe itself is several feet long with a large painted red bowl, and a long polished wooden stem covered with the colors of the 29 classes that have left the marks of their possession on the pipe.

## MEMBERSHIP IN A. A. U. W. URGED

### Nardin to Send Out Letters Urging Seniors to Join

Letters are being sent out by Dean F. Louise Nardin to all senior women urging their affiliation in the American Association of University women. They will be permitted to become members of the national, Madison branches and the College club or they may take out memberships in only one of the organizations. The fees for national membership are \$2. Membership in the National, Madison branch, and College women's club, may be had for \$8.

Branches of the association are established throughout the United States. Membership in the national association gives the opportunity of non-resident membership in the national clubhouses at Washington. It also opens the possibility of exchange privileges in other American and international College clubs.

Former Wisconsin students who are members of the Washington branch of the A. A. U. W. include Emily E. Clark '25, who is in the bureau of internal revenue, Emma O. Lundberg '07 with the national department of labor, Edna G. Dyar, '14 in the neurological library.

For those graduates of the class of '24 who will remain in Madison next year, local membership gives complete club privileges and affiliation.

### PRINT SHOP REPORTS INVITATION SURPLUS

Almost 2,000 more copies of the senior invitations have been printed than were originally ordered. Of these 1,000 copies have been taken, leaving the Print Shop with a surplus of another 1,000 copies on hand. Up to date 11,000 copies have been sold. The programs are bound in limp gray leather stamped with the year and the Wisconsin seal. The first few pages are devoted to the formal invitation, the program of events, and a list of class officers and committees. The main body of the books gives the names of the graduating students arranged according to their schools and departments.

## HONOR GRADUATE GETS COMMISSION

**Louis Rutte of Cadet Corps Named Second Lieutenant**

Louis B. Rutte '24 has been designated an honor graduate from the University of Wisconsin corps of cadets and will be appointed to a commission in the regular army, according to a bulletin issued from the commandant's office yesterday.

Rutte will receive his commission within the month and upon accepting the appointment he will enter service in the infantry at some post in the United States, probably Fort Sheridan.

Military work has been Rutte's specialty both in his university course and his preparatory education. He completed the advanced infantry course here in 1923 and has held the position of lieutenant-colonel in the cadet corps throughout this year.

In 1918 he was graduated from St. Johns Military academy, and following his work at that school he completed one year at West Point. Rutte is a member of Scabbard and Blade, honorary military organization, and has been its president this year.

"I shall accept the commission," was Rutte's comment upon being informed of the appointment.

### HOLD SENIOR VESPERS ON MUIR KNOLL TODAY

Senior vespers, an annual event of commencement, will be held at Muir Knoll at 4:30 o'clock this afternoon. This custom has been practiced for five years and has proved a fitting close for senior collegiate activities.

President Birge will speak. The president of S. G. A., Lois Jacobs, W. A. A., Esther Bilstead, Y. W. C. A., Marion Metcalf, also give talks. Elizabeth Stelte, president of Y. W. C. A. for next year, will preside.

Each senior will appear in cap and gown and will be accompanied by an underclassman dressed in white. In case of rain the exercises will be held in Lathrop parlors. Norma Lengst '24 has charge of the music. Mildred John '26 has charge of the general arrangements.

## Extensive Building Program Is Scheduled For Summer

Desire for greater safety, greater beauty, and greater convenience prompts the planning of an extensive university building and repairing program for this summer. A fire-escape for Bascom hall, a beautiful quadrangle on the Ag campus, an elevator in Science hall, and a university swimming pier are capped in importance by the planning of a nurses' home and a new wing to the Chemistry building.

The dominant purpose in remodeling South hall is to make it fire-proof. Next September the interior will be very much like that of North hall. The same consideration is evident in the building of a fire-escape in the back of the north wing of Bascom hall.

Work is proceeding on the beautiful quadrangle of the Ag campus, which will extend from in front of the Hoard statue down to University avenue. Pools, walks, and landscaping will beautify it.

A university swimming pier and bathing beach are being put in shape near the university boat house, which is also being improved to facilitate conditions when canoes enter and leave. These improvements will be completed very shortly.

Next fall when it is too cold to swim in the lake, girls will find that at Lathrop the showers and dressing rooms have been remodeled and increased. Work is also being done on the tank.

Probably the greatest convenience of all will be afforded by the

erection of an elevator in the central front pit of Science hall. By fall it will be ready for general use.

Whereas the minor work will be completed this summer, the greater building projects, with the exception of the Wisconsin Memorial hospital, are still being planned by the state architect A. S. Peabody. At present the hospital is being equipped and by the first of July will begin to be used. It is located at Orchard and University avenue.

Ninety of the nurses who study at the hospital will be accommodated in a nurses home for which \$150,000 has been appropriated. It will be in back of the Badger pharmacy. Nurses whom it does not accommodate will live in houses within the area bounded by Warren, Orchard, Morris and University Avenue. Plans and specifications for the nurses' home are just about complete, but it cannot be stated definitely when work will begin.

The Charter street wing of the Chemistry building is to have two more stories, for which Mr. Peabody is at work on plans. \$90,000 has been appropriated for the work. This sum includes the expense of the equipment which will be installed.

The one remaining building project which has not been discussed is the Union Memorial building. The state architect is making another study of conditions, but the reason for the delay in starting the first unit is not the lack of plans but the lack of cash.

### O'NEIL PLANTS IVY FOR SENIOR CLASS

Concluding the class day exercises on Muir Knoll Friday afternoon, June 20, Daniel C. O'Neil '24 will plant the ivy for this year's class.

This custom dates back to the early days of Oxford, England. Wisconsin inaugurated the tradition with the first class day exercises in 1854. Most of the ivy that now covers the buildings on the campus was planted by the departing senior classes.

Edith A. Porter '24 and Anita K. Haven '24 will give the ivy odes of the planting. The ivy oration will be delivered by Oscar Christianson '24.

community, with a demonstration of opposition to the exclusion clause of the new American immigration. Thirty men took possession of the dance floor and made a number of bitter anti-American speeches, which they punctuated by dances swords drawn. Two American women fainted. The police made no move to halt the demonstration.

### EVANGELICAL CHURCH HOLDS MEET SERIES

A series of meetings are being held at the Evangelical church from June 8 to June 29. A strong and inspiring program for the series has been arranged. Rev. Giuliani of Milwaukee will bring an unusual message on spiritual experiences, both in Italy and America. Prof. G. B. Kimmel, president of the Evangelical Theological Seminary at Naperville, Ill., and one of the outstanding speakers of our denomination will speak on current religious problems. A special program of music will be provided for each service.

The program for the four meetings is as follows: June 8, Rev. L. C. Viel will speak on "The Unshakable Church of Christ," June 15 Rev. A. Giuliani will speak on "Experiences of a Man Who Met God"; June 22 Rev. L. C. Viel will talk on "Discoveries Which Make The Man," and on June 29 G. B. Kimmel, D. D. will speak on "Christ's Unfinished Business."

Special music has been arranged for each program.

## State Body to Act on Sale of Fish Hatcheries

One of the subjects to be taken up at the next session of the legislature will be the sale of the state fish hatcheries at Sheboygan and Sturgeon Bay to the federal government, according to Elmer S. Hall, chairman of the state conservation commission.

The Wisconsin legislature must authorize the sale and then Con-

gress must appropriate the funds. This state is the only one in the union operating its own hatcheries. The funds from the sale would be used for inland water purposes, according to the commissioner, who is planning extensive operations by the local body to safeguard the resources of the streams and lakes in Wisconsin.

WASHINGTON—The house bill proposing creation of the Mississippi fish and game refuge from swamp lands in valley states was passed last night by the senate.

## Arrest Two Men In Local Hotel; Held on Suspicion

Two men were arrested in the Capital hotel, one at 11 o'clock yesterday morning, and one at 12 o'clock; they are suspected of having jimmed a door of the Strand theater early Friday morning.

A bag of burglar tools was found in the room occupied by the two men, and others were found in a large Cadillac car which is being held. It is not known definitely whether or not the car was stolen.

The janitor of the Strand theater discovered the forced entrance yesterday morning.

Two other men who were known to be travelling with those arrested were being watched for at the Capital hotel, but had not returned to their room at a late hour last night.

Two women who were arrested as members of the party, were allowed to go free, and either went to Chicago or Milwaukee by afternoon train.

In the manipulation of a transom to gain entrance to the theater, perfect finger prints were left on the inside of it. Finger prints of all the employees of the Strand were taken yesterday.

Police were of the opinion last night that the two arrested had been frightened away from the theater after affecting a partial entrance.

Police are conducting an investigation which may lead to linking the two arrested with other infringements of the law.

## WILL MAKE AWARD AT COMMENCEMENT

For the second time the Edna Kerngood Glicksman prize will be awarded at commencement to the woman of the senior class whom the committee on award chooses as most deserving in intellectual attainments, womanliness, and service to the university. The prize is an award of \$50, given as a memorial to Edna Kerngood Glicksman. Mildred Downie was the first woman to receive the prize. Dean F. Louise Nardin, Miss Ruth Garwood, and Dean F. W. Roe are the committee members who will appoint the winner at this year's commencement exercises.

## Cars Stolen In Other Cities are Sought Here

Madison police have been asked by authorities in two Wisconsin cities to watch for stolen car. A Ford sedan carrying license No. B-59,109, was stolen at Whitewater and a Chevrolet touring car, carrying license No. B-28,630, was taken at LaCrosse.

## Will Welcome You For Registration September 22-23

We are even now looking forward to the opening of school in the fall. We are investigating styles in men's clothes, and will be able to display for your approval the best and most complete assortment of men's wearing apparel that it is possible to obtain.

We are taking great care in our selections in order that they may be just exactly what college men are wearing. We are studying out, ahead of time, just what the styles will be for college men. We have questioned Wisconsin men, we have investigated the situation in Eastern colleges, and we shall be able to offer you the most proper and up-to-date of all collegiate wearing apparel.

## Wait Till You Return to Buy Your Clothes

You will then be sure of getting just the right and the newest thing. Don't make the mistake of buying clothes that you will find are out of style or not favored by college men when you get back.

## JUNE CLEARANCE

That we may greet you in the fall with an entire line of new clothing, correct in all details, and without any of this year's stock remaining, we are clearing our present stocks. \$24.50 and \$29.50.
