LAWS FOR COLLECTION OF TAXES.

SEC. 1089 of the Statutes of 1898, as amended by Ch. 335, Laws of 1899. The treasurer of each town, city or village on the receipt of the tax roll for the current year, shall forthwith post notices in three or more public places in such town, city or village, that the tax roll for the same is in his hands for collection, and that the taxes charged therein are subject to payment at his office at any time prior to or on the thirty-first day of January in such year, and after the said thirty-first day of January, he shall proceed to collect the taxes charged in such roll and remaining unpaid, and for that purpose shall call at least once on the person taxed, or at the place of his usual residence, if within the town, city or village, and demand payment of the taxes charged to him on such roll.

SEC. 1090 of the Statutes of 1898, as amended by Ch. 335, Laws of 1899. On all taxes paid or tendered at the office of such treasurer prior to or on said thirty-first day of January, he shall remit all of the five per cent. collection fees, except so much thereof as he is authorized by law to have for his fees upon taxes so paid.

SEC. 1096, Statutes of 1898. Every such treasurer shall each year compare the stub book of receipts with the tax roll of his town, city or village, as to the description of land or other property, upon which taxes have or have not been paid, and as to the amount of money received for taxes; and the said treasurer shall certify on such stub book that he has made such comparison, and that the stub book and tax roll correspond; and the stub book thus certified, shall be returned with the tax roll to the county treasurer, who shall file the same with the county clerk, to be by such clerk preserved in his office. Such stub book, or a certified copy thereof shall have the same effect as evidence as the original receipt.

Note by the Secretary of State.

Under Chapter 378, Laws of 1903, taxes on the mortgaged interest in real estate must be carried out separately, if separately assessed. It is impracticable to carry these items out in separate columns. Clerks should in making out tax roll, insert the names of mortgagee and the appropriate amounts in the line immediately below the name, description, etc., of the owner or mortgagor, so that the entire tax affecting a particular description of real estate may appear in the same connection.
