ART CURTIS CAPTAIN

WILL BE NEXT YEAR'S FOOTBALL GENERAL.

Has an Envious Record Both in Baseball and Football—A Strong Student.

Arthur Hale Curtis, '02, was elected captain of the football team at a meeting of the members of this year's team this afternoon at 5 o'clock.

Arthur Curtis was born at Portage, Wisconsin, but received his preparatory work at the Madison High School where he played on the celebrated teams of '95, '96 and '97. The '97 team is especially remembered as the team that went East where it defeated the East Tonawanda N. Y. team thereby winning the High School championship of the United States. He entered the Varsity with the class of

Captain Arthur H. Curtis.

1902 and made the team at right tackle which position he now occupies. For two years running his work at that position has been so uniformly excellent that he was almost unanimously chosen as the all-western right tackle. In defense few gains are made through his side while in carrying the ball his work has not been equalled by another western tackle. He is 19 years of age and when in playing form weighs 175 pounds.

Curtis is known among his friends as the man who never played on the scrubs and who has played in every Varsity game since he has entered the institution.

Last year he was the captain of the baseball team.

On the hill his reputation for conscientious work is most excellent. In his freshman year he was elected president of his class. He is a member of the Delta Upsilon fraternity.

Professor Bull Will Lecture.

Prof. Storm Bull will address the members of the engineer's club on the subject "Impressions of the Paris Exposition" at their regular meeting Friday evening. The meeting will be held in the auditorium of the engineering building. It is open to the student body who are cordially invited to attend. Prof. Bull was a member of the committee on awarding prizes on machinery at the exposition and therefore will be able to talk in a way which will please all. All who possibly can are urged to attend.

"A COLONIAL GIRL"

HAREFOOT CLUB WILL GIVE IT AS THEIR ANNUAL PLAY.

Will Occur About January Twentieth—Under Direction of Walton H Pyre—The Plot.

The Haresfoot Dramatic Club met last evening and selected their annual play. The bill decided upon was the well known southern play, "A Colonial Girl." It is not as yet definitely known when the presentation will take place, but it is quite probable that the event will occur sometime about January 20.

The play is a heavier production than has been undertaken for some years at the University. The scene is laid in the time of the American revolution, the place being the historic Remsen Mansion upon the Hudson. The plot revolves upon the stirring events of the British occupancy of the Hudson valley. In this selection of a costume drama, the Haresfoot Club has departed from the general line of plays presented locally last year, all of which were modern farce comedy.

The direction of the play is in the hands of Mr. Walton Pyre, and the casting of the parts will be done within the next day or two, after which rehearsals will proceed at once. Some of the best talent here has promised to take part and it is confidently presumed that a performance of high order can be looked for. Mr. Edwin A. Snow will manage the production of the play.

ATHLETIC CONFERENCE.

Held in Chicago During Thanksgiving Recess.

During the Thanksgiving vacation a conference of the representatives of the "Big Nine" was held in Chicago. Wisconsin was represented by Athletic Director Slichter. Various changes in the present constitution were proposed and discussed. The most important of those passed was the one relating to the eligibility rule. In the past it has always been held that no man is eligible to any athletic contest who has played within a school year at another institution. The case of Atwood of Chicago was cited as an example. He played on the football team of a minor school one fall and immediately after came to the University of Chicago where he attended school the required nine months. To remedy this defect the rule was made to read that no man is eligible to any athletic team of an institution who has played the previous season of that game at another institution. A motion was also passed excluding from the Intercollegiate meet any college not in the district represented at the conference.

Handball Tournament.

Best and Kedsey succeeded in winning three straight games from their opponents yesterday. Buchholz and Morgan played against Call and Berg to-day. On Friday Pengra and Kelley play against Smith and Jones. The players will find their names posted on the bulletin board, also the time that they are to play.

—Instructor Timberlake of the biological department is in Chicago today attending the wedding of his brother.

SOLDIERS WILL DANCE

FIRST MILITARY HOP SATURDAY EVENING.

Rules Will be Strictly Enforced—All Students Must Be in Uniform.

Saturday evening occurs the first of the popular Military Hops. The student's attention is directed, in this connection, to Military Order No. 11, printed upon another page. This gives the rules governing these enjoyable affairs and should be carefully observed by all. However it may not be amiss to state a few more particulars concerning the Military Hops.

They are, as most probably know, arranged and carried out by the regimental officers and are Military Hops in every sense of the word. Music is furnished by the Regimental Band. The admission is but a small sum—fifty cents per couple and a dollar for "stags"—prices which need keep none away. The entrance money, after current expenses have been paid, is used in supplying medals for the winning company in the annual competitive drill, held each spring. What remains is contributed to the crew.

The Military Hops are probably the most generally attended and most democratic of all social functions occurring in University life. Anyone conforming with the necessary conditions may attend, and this fact together with the high grade of entertainment has placed these balls among the most popular of all the social events which students attend. It is hoped that this first Military Hop may prove a brilliant success and to that end let all who can be present.

To the Faculty and Students.

The University Regiment has become so large that upon drill days—Tuesday and Thursdays, between the hours of 5 and 6 p. m.—it needs all the available space in Armory Hall. Companies drill in the main hall, in the upper hall and in the gun room, and the trumpeters drill in the trophy room. It is desirable that all gymnastic exercises should cease at these periods.

This year, contrary to the custom of previous years, a considerable number of persons appear for gymnastic exercises at the military periods, diverting and distracting the attention of the men under instruction. It will be a personal favor to myself and the officers of the regiment if we can have unrestricted possession of the Armory on the regular drill days for the hours mentioned.

Charles A. Curtis,
Captain U. S. Army.

Change of Date.

The play to be given under the auspices of the Self Government Board will take place December 18 instead of December 19 as was announced in last night's Cardinal.

Write a Christmas Story.

Students take advantage of the Daily Cardinal's offer for a cash prize of five dollars for a Christmas story. Competition closes Dec. 10.

—John Wilson, C. E. '02, who has been engaged in the U. S. Geological Survey in Iowa the past season returned to the University yesterday to again resume his studies.

MUSICAL MATTERS

STUDENTS' RECITAL BEING ARRANGED FOR NEXT WEEK.

Choral Union Will Use Members of Student Orchestra in Connection With Professional Talent.

The school of music, under the direction of Professor Parker, is preparing to give the first students' recital of the year in the near future, possibly next week. The recital will be given at Library hall and the program will include piano, vocal and mandolin numbers.

The school expects to give two students' recitals each semester in addition to which several private recitals will be given at the close of the year. The first has been somewhat delayed on account of the difficulties attendant upon organization and getting the students at work, so the second one may be expected early in January.

The purpose of these recitals is primarily to give the students an opportunity to play in public which is just as essential to the development of good performers as studio work. They also are meant to give the public some idea of the work being done at the school. No special preparations are made by the students who take part, the studies for performance being taken from those coming in the regular work.

The plan which was followed last year in regard to programs will be continued. The programs will be issued in the form of invitations which may be obtained by students, faculty members or others who are interested.

The Choral Union.

The Choral Union will make a new departure this year in that it will use the more proficient members of the students' orchestra in connection with Nitschke's and Lueder's orchestras at the concerts. Such instruments as are not available here will be obtained from Milwaukee and Chicago. This plan will involve greater labor on the part of Professors Parker and Nitschke but these gentlemen are willing to make the sacrifice for the sake of the added interest and stimulus which will be given to the work.

Season tickets which will give admission to both concerts, including reserved seats are now in the hands of members of the Union. The price has been reduced to one dollar.

School of Commerce Caps.

The School of Commerce has adopted a college cap, which will be distinguishable from the other caps in the University. A very pretty and appropriate design has been selected and a sample will be on exhibition from 10 to 12 on Thursday in the Economic Geography classroom. All School of Commerce men are requested to leave their orders for the cap as soon as possible. The freshmen will wear a cap slightly different in color, either of the design or of the cap, and will make their selection in the near future.

Joint Debate Jury.

The members of the two Joint Debate teams have agreed upon the following men to act as the jury: Dean J. B. Johnson, Judge Seibecker and Assistant Professor Paul S. Reinsch.

Many Prizes.

The number of prizes offered at present in the University for literary work is very large. It would seem that more students ought to take advantage of them than actually do so. Outside of the actual pecuniary reward the preparation of such work is a great factor in one's mental development.

The Cardinal is at present offering a prize for a story for its Christmas number besides the regular prizes offered for work done on its staff. The Sphinx offers standing inducements for literary and artistic work along its own line. The Badger has a long list of inducements, offered for various kinds of material, which ought to elicit some good productions. With such a splendid opportunity any student with literary ability ought to find a rich field for the exercise of his powers.

Enforce the Rules.

The officers of the University regiment are certainly right in demanding that the rules of the military department in regard to the hops be carried out exactly. If the military hops are to continue as strictly military functions and are to keep their true democratic spirit it is necessary that every one appear in uniform. There are plenty of uniforms to be had for the asking so that no one should be kept from the hop by reason of not taking drill at present. The action of the officers in regard to this hop should and will be carried out to the letter and the students should unite in helping the officials to make the first hop a precedent for the remainder of the year.

The freshman uses his new directory to check off acquaintances, the sophomore is unaware of its existence, some juniors and seniors use it to find people.

Convocation.

Dean Johnson will address the students Friday at the convocation on "Pure and Applied Science." It has not been determined whether a census of those present will be taken but it will be well for freshmen and sophomores to attend.

Local and Personal.

—Irving Fish, '03, is ill at the Psi U. house.

—Elmer Fullerton, '04, was called to his home at Kaukauna today by the serious illness of his mother.

—The Middle Laws took their final examination in equity pleading under Dean Bryant to-day. The next subject to be taken up is Code Pleading. Dean Bryant's work on Code Pleading will be used as a text book.

—Late advices from Chicago are to the effect that Wisconsin University has been awarded a prize on some of the sheep sent to the Chicago Fat Stock show last week. The prize was for a pen of five wethers, one year old and under two. Several other prizes were awarded to Wisconsin people, among whom are George McKerron & Sons, of Sussex, Alexander Galbraith and McLay Bros. of Janesville.

The Co-eds of the University of Chicago were informed yesterday that if they wished to attend public dinners at the University they must keep up in their studies.

Headquarters U. W. Regiment,
Office of the Commandant,
December 4, 1900.

(Orders No. 10.)

At the military drill on Thursday,
Dec. 6, 1900, the members of the
freshman class taking drill will fail
in without arms in the drill hall.

On the same date, at 5:15 p. m. the
members of the sophomore class tak-
ing drill will assemble in the gun
room for assignment to companies.

At this drill all officers, non-com-
missioned officers and privates will ap-
pear in uniform. White gloves, black
shoes and straight collars will be
habitually worn with the uniform but
the order in regard to shoes will not
be strictly enforced until after the
Christmas recess.

By order of the Commandant,
Gustav A. Fritsche,
Major and Adjutant.

Headquarters U. W. Regiment,
Office of the Commandant,
December 4, 1900.

(Orders No. 11.)

The first regular Military Hop of
the season will be held in the Armory
on the evening of Dec. 8, 1900, dan-
cing to begin at 8 o'clock and end at
11 o'clock p. m.

That there may be no misunder-
standing as to the conditions and re-
quirements governing these amuse-
ments the substance of Circular No. 1
is republished.

1. The hops are military, and no
male student will be admitted to the
floor of the Armory when a hop is
held unless he wears the uniform of
the University Regiment, the National
Guard, the U. S. Army and Navy, or
some other recognized and reputable
military or naval organization.

2. Members of the Faculty and
Alumni of the University may attend
without conforming to the require-
ment as to uniform, and there will be
no objection to their appearing in full
dress; but it is suggested, for the
sake of example, and because it will
be more in harmony with the demo-
cratic character of the hops, that they
wear undress.

3. Students of other Universities
and Colleges visiting friends in this
University, will, upon application to
the Commandant be admitted to the
hops upon the terms of the preceding
paragraph.

4. Music for the Military Hops will
begin to play at or before 8 o'clock p.
m., and will cease at 11 o'clock p. m.

5. Smoking tobacco in any form in
the Armory, its hallways, or ante-
rooms is at all times forbidden.

6. The number of Military Hops
which may be granted is six but failure
to comply with the rules herein
set down, or any behavior inconsis-
tent with the object of these assem-
blies may reduce the number.

The regimental and staff officers will
take measures to secure a careful ob-
servance of this order, that by a
strict compliance with their letter and
spirit the members of the corps may
deserve a continuance of these hops.

By order of the Commandant,
Gustav A. Fritsche,
Major and Adjutant.

PRIZE OFFERED.

By Badger Board to High Schools.

The Literary committee of the 1902
Badger Board has decided to present
a 1902 Badger to the high school stu-
dent who presents the best literary
contribution for this year's annual.
Address contributions to W. F. Mof-
fett, 630 Langdon St., Madison.

This contest is open to all high
schools and the Board hopes that
the high school students will take
advantage of the offer. All contribu-
tions must be in by Jan. 1.

The contributions may be in the
form of short stories, verses, roasts
and joshes or any similar literary
work and should be sent in as soon as
possible. They will all be considered
by a competent committee of the
Board and the best contribution will
receive the prize. The Board re-
serves the right to use contributions
not gaining the prizes or to reject all
the work submitted if it is not worthy
of being printed in the Badger.

Janesville.

Janesville High School began its
yearly work September 17, 1900 with
a large number of students enrolled.
Since the commencement of school a
few others have enrolled so that now
there are about four hundred and
twenty. The school has seven
courses, Modern and Ancient Classi-
cal, Scientific, English, Commercial,
Manual Training and Domestic Art.

Every noon a lunch is served for
ten cents by the Domestic Art De-
partment, to such teachers and
scholars as do not wish to go home.
About ninety are taking lessons in
Drawing and Clay Modeling. This
is proving very popular.

There has been no interscholastic
football in our school this year. On
account of this and to encourage foot-
ball in the school one of the promi-
nent citizens of this city offered a
silver trophy to be given to the class
which should win the most games in
a series of games. After many hard
fought battles the class championship
has been decided and the Juniors have
won the cup.

The High School Phoenix, which
was issued last year as an annual, is
this year published monthly. The
Junior class are issuing it instead of
giving a Junior play as formerly.
The old deficit is paid up and the
paper is an assured success. We
should be glad to have any High
School Publication on our exchange
list.

Cumberland.

The schools opened this year with
a very large enrollment, particularly
in the primary rooms, making it
necessary to rent a store building for
primary purposes, but we have pros-
pects of a new school building in the
near future.

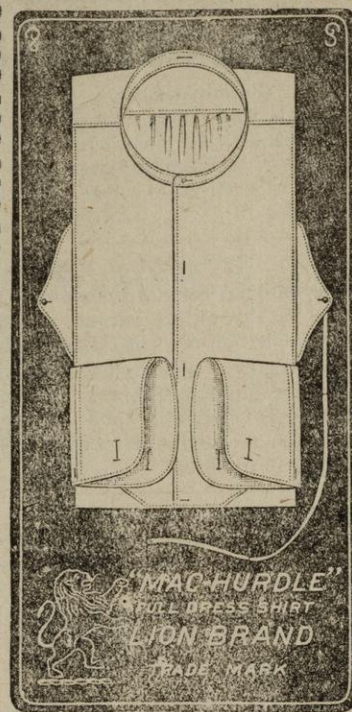

A new laboratory room has been
provided and three hundred dollars
worth of apparatus added to the former
supply. The High School building
has also been fitted with electric
lights.

The High School students, with the
assistance of the School Board, have
purchased a grand piano for use in
the assembly room.

A literary society has been organ-
ized in the school, meeting every two
weeks in the High school assembly
room. The programs usually consist
of literary and musical numbers with
a debate.

The School Board has adopted two
new courses making four in all.

Two new sets of books have been
presented to the library. One, The
Nineteenth Annual Report of the
Geological Survey, by F. F. Morgan of
the Cumberland Advocate, is a very
valuable addition to the scientific
library; the other, The Official
Records of the Union and Confederate
