The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

GENOA

DATA SECTION

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.
