The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

ANESTHESIOLOGY COMPREHENSIVE REVIEW VII

A UNIQUE APPROACH TO MASTERY THROUGH THE CASE DISCUSSION METHOD

SUNDAY-FRIDAY

MARCH 8-13, 1987
NEW YORK MARRIOTT MARQUIS

This popular intensive review course will again examine in depth the current clinical practice of Anesthesiology with emphasis on recent advances. In providing a comprehensive review to practicing anesthesiologists a viewpoint will be defined on the role of the anesthesiologist as Consultant. Consultations with the Experts provide informal group discussions with the faculty on various topics germane to the practice of Anesthesiology and preparation for case management discussions. Registrants may sign up in advance and select topics of their choice.

PLEASE NOTE THIS COURSE HAS BEEN EXTENDED DUE TO POPULAR REQUEST TO SIX DAYS AND WILL BE OFFERED ONLY ONCE IN 1987.

TOPICS:

- | | | |
|----------------------------|-------------------------------|--------------------------|
| Preoperative Evaluation | The Postoperative Period | Regional Anesthesia |
