PRICE 5 CENTS

Y. M. C. A. OFFICERS TO BE CHOSEN BY TWO-LIST BALLOT

New Plan Will Be Tried at
6 O'Clock Dinner
Tonight

Officers of the Y. M. C. A. for
coming year will be elected at a 6
o'clock dinner meeting tonight in
the Y. M. C. A. fellowship room.

The nominating committee, re-
luctant to follow a plan which in-
volved the final elimination of a
defeated candidate for each office,
has prepared two lists of nomina-
tions using three of the names in
common on both lists but nominat-
ing each individual to a different
office on the second list.

Two Lists Chosen

On the first list, Carl A. Kasper
'26 has been nominated for presi-
dent, George D. Hanna '26, vice-
president, George A. Schutt '26,
treasurer, and Kenneth V. Powers
'26, secretary.

George A. Schutt '26 has been
nominated for president on the sec-
ond list. Carl A. Kasper '26, vice-
president, George D. Hanna '26,
treasurer and Hillier Kriegerbaum
'26, secretary.

Members of the Y. M. C. A. will
have an opportunity of making ad-
ditional nomination for each office
from the floor. A separate ballot
will be taken for each office.

Submit Qualifications

Qualifications of the various
candidates as listed in the circular
that accompanied letters sent to all
members of the association are as
follows:

George D. Hanna — treasurer
Student Friendship fund; chairman
arrangements committee all uni-
versity religious conference; co-
chairman invitations and banquet
committee, Mother's Day, May 28;
Alpha Kappa Psi, Commerce fra-
ternity; member of European pil-
grimage of friendship, 1923, Kan-
sas State Agricultural college. Y.
M. C. A., treasurer of S. S. G. A.;
executive commission of sophomore
class; Pi Epsilon Pi, pep fraternity;
Beta Theta Pi.

Carl A. Kasper—Sophomore com-
mision; president junior council;
university band 1, 2, 3; university
orchestra 1 and 3; chairman floor
committee; university exposition;
Alpha Kappa Lambda; Phi Mu
Alpha.

Give Activities

Hillier Kriegerbaum—Vice presi-
dent sophomore council; member of

BADGER WILL BE OUT MONTH EARLY

Half of the Book is Now at
Printers; Are Waiting
For Expo

With over half of the 1925 Badger
already in the hands of the
printer and all other material ex-
cepting that pertaining to the uni-
versity exposition completed, there
is every indication that the 1925
Badger will be ready for distribu-
tion by the middle of May, almost a
month earlier than former years,
according to Otis Weise '26, editor.

There will be no open sale after
the annual's appearance and all of
the 3,500 copies that will be pub-
lished have been ordered. In this
way we will eliminate waste due to
speculative sales and assure the
Badger of a 100 per cent financial
basis, Weise stated.

Dedication of the 1926 year book
has been decided but its nature will
not yet be revealed. The senior
section has been printed and all the
colored work has been completed,
in spite of the set back experienced
a few weeks ago with the death of
one of the publishers who are put-
ting out the book.

"Striking simplicity is to char-
acterize the new Badger both in dic-
tion and pictorial cuts, and it will
present life at Wisconsin through a
reproduction of its rugged but ar-
tistic setting," said Weise.

Betas Will Build Spanish Chapter House on Old Site

The new chapter house of Beta
Theta Pi to be built on the site of
the old house will be of Spanish
style, constructed in brick and tile.
The firm of J. R. and E. J. Law are
the architects.

The library is to be constructed
as a memorial to the two men of
the chapter who were killed over-
seas, Donald Sage '19, Delavan, and
John G. Mitchell '19 of Milwaukee.
The fireplace is to be given by the
class of '95 as a memorial to Walter
F. Tratt.

It is to be three stories high, ex-
cept for the tower room which is to
have four stories and will house
about 35 men. The entire cost of
the building will probably not ex-
ceed \$50,000.

DENIAL OF CHARGE MADE BY P. A. D'S

Law Group President Says His Fraternity Was Not Involved

Denial of responsibility on the
part of his fraternity for the rot-
ten egg fracas last Saturday was
made by R. H. Gollmar '25, presi-
dent of Phi Alpha Delta, last
night.

Gollmar declared that his fra-
ternity had nothing to do with the
matter, that although it was ru-
mored that certain P. A. D.'s had tak-
en part in the egg-throwing of the
engineers on State street, there was
no reason to bring the fraternity
into the controversy at all.

"The engineers, in a gentleman's
agreement, agreed to pay the dam-
age done by throwing bricks
through our front windows, if we
would withhold arresting the men
who threw the bricks," said Goll-
mar.

"However, we cannot see how that
makes us liable for damages done
by a group of skylarking students
on State street. The P. A. D.'s have
been grossly maligned. Everyone
seems to take it for granted that
we, one of the legal fraternities, org-
anized and executed the whole
peril."

Wenzel Fabera '25, leader of the
engineer group, says that he has
gathered enough claims for dam-
ages done to the garments of the
engineers by the rotten eggs hurled
by the lawyers to more than over-
balance the claims made by the P.

1925-26 Academic Calendar

The schedule for the 1925-26 academic year has just been announced
in the general bulletin of the university, which is being distributed at the
registrar's office. The dates for scholastic events follow:

First Semester

1925			
September 17-19	Thurs.-Sat. (noon)	Early registration days	
September 21, 22	Monday, Tuesday	Registration days	
September 21, 22	Monday, Tuesday	Examinations for admission	
September 23	Wednesday	Lectures and recitation begin	
September 26	Saturday	Special examinations of removal of conditions	
November 26	Thursday	Thanksgiving day: legal and only holiday	
December 18	Friday (Noon)	Christmas recess begins	
1926			
January 5	Tuesday (8 A. M.)	Exercises resumed	
January 16	Saturday	Examinations for removal of conditions	
Jan. 25- Feb. 3	Mon.-Wednesday	Final examinations.	

Second Semester

February 4, 5	Thursday, Friday	Registration days,
February 8	Monday	Lectures and recitations begin
February 22	Monday	Washington's birthday: legal holiday
April 7-13	Wed.-Tues. (incl.)	Spring recess
April 17	Saturday	Examinations for removal of conditions
May (30) 31	Monday	Memorial day: legal holiday
June 7-15	Monday-Tuesday	Final examinations
June 14, 15	Monday-Tuesday	Examinations for admission
June 18-21	Friday-Monday	Commencement exercises

Summer Session 1926

June 21	Monday	Law school opens
June 26	Saturday	Registration day
June 28	Monday	Colleges and graduate school open
July (4) 5	Monday	Independence day: legal holiday
August 6	Friday	Colleges and Graduate school close
August 27	Friday	Law school closes.

GRAINGER WILL PLAY SOME OF HIS OWN COMPOSITIONS TONIGHT

Percy Grainger, Australian-American
pianist and composer, will conclude
the Union concert series of the
present season when he plays at 8:15 o'clock tonight at the stock pavilion.

Selected as one of the outstanding
pianists of the present time, Grainger
will present a varied program in which
many of the selections he composed
will be played. The young Australian-American
musician is the greatest interpreter
of folk songs, and it is expected
that Grieg's work will constitute
part of the program tonight.

Grainger was the choice of Dr.
Charles H. Mills of the School of
Music, as a pianist on the Union
concert series, said Lester Kissel
'25, president of the Union, last
evening.

"And the selection of Grainger met with almost universal
approval. He is famous as both a
composer and a musician."

In addition to his own compositions,
Grainger will play some of
Grieg's selections before his audi-
ence tonight. His remarkable
with both tenderness and vim, has
made Grainger the leading interpreter
of the Norwegian's folk songs.

Percy Grainger will broadcast
this evening's WHA concert at 9
o'clock instead of the University
band which was scheduled to give
the program tonight.

Tickets for the Grainger concert
are on sale at Hook brothers. Tickets
will be sold at the stock pavilion
preceding the concert.

EXPO MEN LEAVE TO GET SUPPLIES

Will Buy Electrical Equipment in Milwaukee For Exhibits

Alfred Muehlenbruch '25, head
of the construction for the university
exposition, and Floyd Fairman
'25, manager of the electrical
department, leave today for Milwaukee
where they will purchase special
electrical equipment for the
exposition to be held in the gym-
nasium April 16 to 18.

Electrical circuits in the gym-
nasium are not large enough so a spe-
cial pole line will be run from the
chemical engineering building to
the gymnasium in order to provide
the necessary power.

In addition to this power the
Madison Gas and Electric company
will supply additional power for

To Hold Massmeeting
The university exposition army
made up of all those who are
working in any of the departments
of the exposition, will meet at 4:30 o'clock Thursday
afternoon in 101 Sterling hall for a general massmeeting, according to Eugene A. Tuhtar
'25, general chairman of the exposition.

the exposition exhibits requiring
such power.

A special high pressure steam
line will be run from the mining
engineering laboratory through the
university tunnel system in order
to supply steam for a number of the
exhibits which will need such
power. An air compressor will
furnish sufficient compression and
air for the exhibits and huge fish
tank which is to be one of the fea-
tures of the exposition.

A general lighting system has
been planned for the exposition by
those in charge of the electrical de-
partment. Fixtures will be sup-
plied free by the Beardsley, Chan-
delier company of Chicago.

Plan Drastic Cut of Class Length in New Program

Plans for a comprehensive reor-
ganization of the university cur-
riculum, with a 50 per cent reduction
in classes and required subjects and
a substantial increase in leisure
time and social activities, was an-
nounced last night by the faculty
to take place beginning this morn-
ing.

Plans include optional attendance
at all classes, which will run until
noon only, except on Saturday;
classes to last only 35 minutes with
periods for recreation, dating, and
refreshments.

The university will furnish free
lunch for all such occasions. Room
165 Bascom hall will be remodeled
to accommodate pool tables and a
small dance floor.

And today is, lessee—oyess, April
1.

REPORTERS

All reporters on the Daily
Cardinal staff will meet at 11:50
o'clock today in the editorial
rooms in the Union building.

WEATHER
Fair today, to mor-
row increasing cold-
ness, probably be-
coming unsettled.

HAREFOOT CLUB STARTS ON TRIP THIS AFTERNOON

Entire Company For "Ivan
Ho!" Leaves For Oshkosh
Today

The entire company of "Ivan
Ho!" the 27th annual production
of Haresfoot club, entrains at 5:30
this afternoon from the Northwest-
ern station for Oshkosh where the
initial performance of the show will
take place with a matinee Thurs-
day.

Two pullmans, one lounging and
two baggage cars will be attached
to the train for Oshkosh, and these
cars will carry the company of 80
men throughout the entire trip.

Hold Night Rehearsals
Constant all night rehearsals and
two dress performances at the
Parkway theater have put the fin-
ishing touches to the routines
which have been rapidly formulated
by Coach E. Mortimer Shuter.
Costumes have all been decided
upon and the scenery has been
completed so that everything is in
readiness to start, according to Sid-
ney Thorson, manager.

Theatres in Oshkosh, Sheboygan
and Appleton have been completely
sold out and sets in other theaters
along the road are being rapidly
disposed of by mail-order.

Students are warned to make
out their mail orders for their seats
in Madison before they leave for
spring vacation because there will
be only one day between the return
to school and the first performance
of "Ivan Ho!" in Madison on April
17," said Thomas F. Morony '25
president of the club. "Each year
the performances of the Haresfoot
show in Madison are the most con-
siderate of all owing to the ex-
perience gained on the trip. "Ivan
Ho," will appear in Madison April
17, 18, 24 and 25. Matinees will be
given on both Saturdays."

Is Longest Trip

The itinerary of this year's show
takes the club into seven different
states and thirteen towns, the
longest of any trip thus far at-
tempted. For the first three days,
the men in the show will be kept
jumping with the hardest and most
arduous period of the trip with two
performances daily for three days,
Oshkosh, Sheboygan and Appleton.

Resting Sunday the show pro-
ceeds to Minneapolis for a perform-
ance Monday evening. A long jump
to Davenport, Iowa, then to Peoria,
Indianapolis, Cleveland, Detroit,
Chicago on Monday following Eas-
ter, up to Racine, Milwaukee and
finally returning to Madison for
April 17.

GUARD WILL GIVE EXHIBITION, COLOR

Squads to Form Arches of
Sabers: To Put on Silent
Manual

As the guests of honor of the
thirteenth annual Military ball, to
be held in the capitol on April 3,
descend the stairs from the Gov-
ernor's reception room where the
grand march begins, they will
march beneath a saber arch formed
by two squads of the president's
guard.

When the guests of honor have
passed, the squad will come to pre-
sent sabers, while the grand march
continues. Later in the evening,
during an intermission, two Schlottauer '25
squads of the president's guard will put on a
silent manual. This is a drill, per-
formed without commands, the
squad keeping time with bugle
calls.

George M. Schlottauer '25, re-
creations officer, is in charge of the
special features for the Military
ball. Working on the special fea-
tures.

MEN GRIND OUT FINAL TIME FOR WESTERN MEET

Eager to Hear "On Wisconsin,"
California Plans Gala
Day

A grim, determined atmosphere is settling over Camp Randall as each Cardinal track man is putting forth every possible effort to be one of the 20 Badgers to make the trip to California as Coaches Jones and Burke put on the finishing touches during these last few days before leaving.

Everyone of them realizes that they are undertaking a tremendous task in attempting to defeat a team of 20 crack cinder path artists from the University of California and a group of 20 stars picked from the best that can be gathered from the squads of Pomona, Occidental, Redlands, the Southern branch of the University of California, and California Tech. Yet everyone of them is determined to give such an account of themselves that will make all who see, hear and read about it, proud of Wisconsin.

Half Mile Men Selected
Yesterday two heats of time trials were run off in the half mile. In the first heat Bergstresser won a hotly contested race with Carter, second, Hilberts third, and Petaja fourth. In the second heat Captain Valley romped in first, followed by Schutt and Cassidy in the next two places.

The showing of Schutt this season has been a surprise to all followers of track. Displaying only mediocre ability during the season last year, and the hill and dale grind last fall, the rangy miler has finally found himself, and is now one of the best middle distance men Coach Jones has on the squad. He is yet comparatively young from the standpoint of experience in the track game, but what he lacks in experience he makes up in stamina; the experience can be picked up later as time goes on. Schutt seems one of the certainties to make the trip.

Javelin Tryouts Remain
The only tryouts yet to be held are in the javelin. Coach Jones is planning to hold these this afternoon, and then he can give a definite personnel of the team that will make the trip. The choice in this event lies between Kreuz, who has been working on the javelin all season, and Young, a newly dis-

Extra!

Athletic Council Will Send Varsity, Frosh Crews East

The Athletic Council in a meeting last night which lasted until after 1 o'clock voted to send both the Varsity and the freshman crews to the Poughkeepsie regatta. This action is subject to the voted of the faculty.

Intramural News

Block League

The Knollin block won the championship of the Wisconsin Intramural Block League when their quintet defeated the Sundt five in Monday night's game. A match will soon be promoted between the Knollins and the Tilden Nuts, champions of the Independent league.

Water Basketball

Delta Kappa Epsilon will meet Pi Kappa Alpha at 6 o'clock tonight, and Phi Kappa Sigma will engage Tau Kappa Epsilon at 6:20 o'clock. The last games of the final series will be played on Friday.

covered star in this event who has only been out a week and can consistently equal the mark of the Wisconsin regulars. He shows great promise of developing into a real find.

Barring any further mishaps, the team will make the trip intact from injuries excepting the loss of Ray Kubly, the best sophomore two miler that Wisconsin ever had and the best on the squad this year, who is in the infirmary with the mumps. Otherwise the team is physically fit, and it will be a case of the man who does the best in the tryouts is the man who will make the trip.

Little Colleges Good

In addition to the stars mentioned in the special article from Berkely there will be some other flashes from the smaller college group. Maxwell turns the 120 high sticks in under 16, and the 220 lows in better than 24. There are no Badger hurdlers who can touch these marks. There are a pair of brothers at Pomona who toss the javelin around 185 feet, if pressed, and one of the other colleges has a man who throws the stick out for a distance of 188 feet. This is about 20 feet beyond the best mark done by any of the Badgers yet this year.

Make the
World
Yours!

The world is yours—from the top of a horse! Sweep of lake untrammeled, curve of winding sunlit road, the earliest crocus that pokes up its timid yellow head—eyes and spirit are open to all these as your body relaxes to the walk of a well-trained horse.

Swish of wind through flying hair, blooming cheeks and alert eyes—suppleness of youth with every muscle tingling in rhythm, as the tree-arched slope of a hill road invites you and your mount to a brisk trot!

Philosophy, Literature, professional studies—all these can be read after your graduation—most of them will have to be!

But the bridle-paths by the lakes, spring scented, the mounts and the instruction to enjoy them—opportunities like these come seldom in a lifetime!

Watch for announcements of courses in equitation, beginning, intermediate, and advanced, open for registration April 6 and 7. Special discount from the already liberal rates for early registration before Saturday, April 14. Call Badger 6452 for information.

Make the world yours—from the top of a horse!

Badger 6452

\$250,000 Field House Bill Gets Governor Blaine's O K

Self Paying Structure Will Meet Great Badger Ath- letic Need

At last Wisconsin will not have to keep mum when the matter of university field houses is brought up. After long years of athletics without the proper facilities, the Sauthoff university field house bill has at last received the governor's signature after its passage by the legislature some time ago.

Two hundred and fifty thousand dollars is the amount denoted in the bill for the erection of the much needed structure. Just what sort and size of building will result from a quarter of a million dollars remains to be seen, for no definite construction plans have yet been made.

It is planned that the building will seat from 10,000 to 15,000 people. All the facilities of gymnasium and track will be afforded in the inside, while in addition to these the building will be surrounded by tennis courts and baseball diamonds. The athletic department has long felt the need of more tennis courts, and is now afforded a means of realizing this want.

2 Badger Strokers Undergo Important Major Operations

Two of Coach Steinauer's best swimmers are in the infirmary undergoing operations. George Hotton '27 is the ablest breast stroker who has done any varsity swimming this semester, taking a second in this event in the Iowa meet; but from that time on was ineligible. Ralph Libby, freshman backstroke star, is being operated on for appendicitis, and the yearling swimmers will feel his loss keenly when they line up against the sophomores Thursday night.

Although Gov. Blaine has been in favor of this bill throughout its discussion, he ventured no comment other than his signature. A salient feature of the bill and a big force in its passage is that it will cost the state nothing. Just like the huge Illinois stadium is being paid for, it is planned that the construction cost of the new field house will be met entirely by its receipts.

VARSITY TENNIS PROSPECTS HOLD FIRST MEETING

New Court Accommodations
Being Provided By Coach
Masely

At a meeting of all candidates for the varsity tennis squad yesterday afternoon the prospects for the coming season were discussed and periods of practice decided upon. Coach Masely has had posts put up in the gymnasium, and courts which will handle twelve men are being provided.

The men will not be able to get on the outdoor courts for ten days; for, although some of the courts are about in condition already, Coach Masely wishes to open all of them at once. Until the outside courts are ready the men will work indoors both afternoons and nights. These workouts will put the men in condition and will create interest for the spring season.

The men will not elect a captain until after several matches have been played. There is only one man back from last year's varsity, and the new material is a bit uncertain.

Canoe-time Is Here

It won't be long before you'll be able to skim over the blue lake in a graceful, buoyant Old Town canoe. The healthful exercise, the ease of control, the thrill of speed all go to make canoeing an ideal pastime.

We have many canoes in stock and can order any kind you wish. If you have any preference as to color or size, leave your order with us before you go home for vacation, and your canoe will be here within a short time.

BASEBALL AND TENNIS SUPPLIES

Our stock of baseball and tennis equipment has been replenished to include a large assortment of bats, balls, gloves, and mitts. For the tennis enthusiast, we have Wright and Ditson, and Lee tennis rackets and balls.

Get out your last year's equipment, see what you lack, fill your needs here, and be the first on court and diamond.

WRESTLING BOUTS SEE EVOLUTION IN RECENT SEASONS

"Mike" Howard, Hawkeye
Coach, Took Middleweight
Title in 1909

Many college wrestlers today believe the Western conference tournament, in which they are forced to wrestle twice in one day, to be a strenuous day's work. The bouts are limited to 12 minutes each, unless over time is necessary. Then the match is prolonged to 18 minutes.

Harder Grind Then
Wrestling meets, however, were much more of a "grind" at the time when Coach Howard, Iowa's wrestling mentor, grappled for the gold medal which he recently presented to Grattan, Iowa's middleweight wrestler. The Iowa coach won the medal at Prague, Bohemia, in an international wrestling tournament in 1909.

There were 59 entries in Coach Howard's class at this tournament. Two days were allowed for the meet. To win the medal, "Mike" Howard wrestled six bouts the first day and five the second.

Howard Took All Bouts

All bouts went to a finish unless the men were still on their feet after 30 minutes of wrestling. If the bout did not result in a fall within the time limit, the man won who was able to push the other out of the ring first.

"Mike" won all 11 of his bouts in this meet by falls.

Freshmen Loom Big in Coming Interclass Spaulding Contest

For the last few days the pool in the men's gym has been teaming with swimmers who are training for the annual interclass meet to be held tomorrow evening. Class numerals will be awarded largely upon the placing in this meet.

At the present it seems as though the freshmen have the best show of winning, for all varsity men are excluded from the competition. The freshmen are certain of both first and second place in the breast and back stroke. Recently elected Captain Pederson will doubtless win the latter event, and were not Libby, another yearling back stroke star, in the hospital at the present time, the first year men would take both first and second in this race.

Unless McGinnis dives, which is an improbability, Einfeldt of the freshman team should place first in these. Fox is a 220 man in whom the freshmen are pinning a good bit of faith; he will not disappoint them. In the shorter crawl races the first year men are also fairly strong, and, with as big a margin of events as those mentioned safely tucked away, the yearlings are comparatively certain of a victory. Their only competition lies in the sophomore team, as is always the case in any interclass affair.

CALIFORNIA SHOWS STRENGTH BY DEFEATING 'FRISCO OLYMPIC CLUB

(Special to the Daily Cardinal)

BERKELEY, Calif.—When Coach Walter Christie's California tracksters defeated the Olympic club of San Francisco March 21, a team composed of former college stars, by a score of 91-40, the most optimistic Golden Bear supporters were surprised. It was known that Christie had a good team, but no one knew how good.

The defeat was due on one hand to the infrequent training of the Olympic club athletes, and on the other to the impressive performance of the Bruins. Jim Barber, sprinter, and Elmer Gerkin, who hurls the discus and shot, were high point men of the contest.

Not Schwarze's Equal

Barber ran the century in ten seconds and the 220 in 22 1-10 on a track that is far from ideal. If the sun continues to shine in Berkeley, Barber should be in condition to lower these marks within a short time.

Gerkin put the shot 45 feet 9 1/2 inches, and the discus for 137 feet 10 inches. With more coaching under the direction of Coach Christie, who has developed California teams for a quarter of a century, Gerkin should become one of the best weight men on the coast.

In the 880 California has two capable representatives in Boyden and Chase. Chase surprised track followers along the coast by defeating Boyden last week; he ran the half mile in 1:58 1-5.

Quarter Mile Man Good

Johnson, a colored runner with a powerful sweeping stride, runs the quarter for California. His best mark for the event has been 49 seconds.

The Bruins have a number of outstanding candidates in the distance events. Captain Al Becker and Alderette, hurdlers, are both seniors with three years of experience. They are considered by critics as two of the best hurdlers on the coast.

Christie has a trio of capable pole vaulters in Upson, Hill, and Garrer. They were not pressed in the Olympic club contest, and as a result crossed the bar at only 12 feet one inch. What they can do under the strain of intense competition remains to be seen.

Gala Day Planned

Bondshu, California broad jumper, made 22 feet 11 inches last week, defeating Paul Boren, who was one of the American representatives at the Olympic games. In the javelin and high jump, Coach Christie's athletes have not shown more than mediocre ability.

While the Bruin track team is practising every day for its future meets, followers of the Golden Bear are looking forward with enthusiasm to the visit of the Wisconsin team. Plans are being made to make April 11 a gala day in the history of California track. Berkeley fans are eager to hear that famous melody "On Wisconsin."

RIFLERS WILL ADD 40 NEW MEMBERS

Best R. O. T. C. Shots Gather
at Rifle Club Smoker;
Will Join

Approximately 40 men signified their desire of joining the university Rifle club when the best shots in the R. O. T. C. banded together last night at a smoker in the Scabbard and Blade room of the armory at the call of Coach Ray E. Shire and chairman Carl J. Neess '27.

Neess, Captain Rorison and Cadet Colonel Ellis Fulton outlined the purpose and activities of the rifle club and the rifle team. Colonel Fulton expressed his opinion that the coordination of the physical and mental, as learned in shooting, is one of the greatest benefits that any man can hope to acquire in his younger life.

These 40 men will be initiated tomorrow night at an important meeting of the Rifle club. Election of officers is also scheduled for this meeting.

Besides acquainting these new men with the affairs of the club and team, medals were also awarded last night to the Wisconsin men who composed the team that took second place in the state meet at Milwaukee last month. Clyde A. Morley '26, was awarded the team medal and also those for state individual standing and grand aggregate scores. The other men were Captain Rorison, Neess, Ross, Randall, Hobbins, Durham, King, Tripp and Wangerin.

14 Hoosier Batsmen Leave With Coach on Long Southern Tour

With games scheduled with Oglethorpe, Mercer, and Vanderbilt university nines, Hoosier diamond stars leave Bloomington today for a southern tour with Coach Dean. Of the 14 men going on the trip, four are pitchers.

An extended trip like this is a new way of starting the baseball season, for, with the exception of a few daily practice games of the last week, these scheduled games are the first of the season.

Oglethorpe will be played tomorrow, and the team will then play Mercer, at Macon, on Friday and Saturday. A three game series is on the schedule with Vanderbilt for the first part of next week.

The man who waits for something to turn up is usually turned down.

Spring Football

Wisconsin's spring football practice opens at 3:30 o'clock this afternoon at Camp Randall under the direction of Coach George Little and his staff. Over 100 uniforms have been issued, which is a larger number than have ever reported for a football call in the spring at Wisconsin.

AG FRATERNITIES STRONG MATMEN

Farm House, Alpha Gamma
Rho, Phi Kappa Tau Win
Grappling Matches

As a result of the first stages of the interfraternity wrestling bouts last night Phi Kappa Tau, Farm House, and Alpha Gamma Rho emerged victors over Delta Pi Epsilon, Beta Theta Pi, and Sigma Chi respectively. It is a noticeable oddity that two of the winning teams were composed of husky "Ag" men.

Farm House blanked the Betas with a 16-0 score. The wrestlers on the winning team were Rott, Rundell, Chucka, Cameron, and Harrison. The latter was the only one to win his bout with a fall.

Alpha Gamma Rho's winning score was 10-9, with Budgerman, Schnur, and Piper annexing the bouts that admitted of their victory. Long and Wilkerson of Sigma Chi were winners in the 158 and 175 pound class, both taking their bout by a fall.

By letting Delta Pi Epsilon have but one decision in the five bouts, the Phi Kappa Tau grapplers took their match easily with the wide margin of a 14-2 score. Little, Peterson, Johnson, and Chapman were the winners, and Bundy was the man annexing the lone decision for the losing team.

LOCAL AD CLUB INVITES STUDENT FOR TONIGHT

University students, particularly members of the university advertising club, are invited to attend the advertising rodeo of the Advertising club of Madison at 6:15 o'clock tonight in the crystal room of the Loraine hotel, according to W. L. Miller, general chairman. H. C. Felton of Chicago, western advertising representative of the Saturday Evening Post, will discuss "How manufacturer and retailer can cooperate in getting the best results from national advertising as it appears in national publications and in newspapers."

Being timid isn't worth as much as it costs.

In New York a man is known only by the money he spends.

BADGER OARSMEN LEAVE MACHINES, SETTLE TO WATER

Lone Eight Working Out Daily
on Monona; Varsity Not
Yet Chosen

Back and forth on Lake Monona sped the fleet Badger shell yesterday, for the first time since 1911 that the Cardinal oarsmen have been on the water before the first of April.

"The boys showed as good form rowing together yesterday as any crew has in its first real rowing of the season," said Coach Dad Vail today.

Varsity Not Picked

All this week, and, in fact, every day until the big lake opens on this side, the Wisconsin crew will take gradual workouts on Third Lake. The men whom Dad has been rowing as the chosen few at the present time are by no means his final choice for the Varsity. Since only one boat can be taken to Monona, it will not be until he can work several eights on the big lake that he will make an effort toward a definite selection.

The men who are rowing this week are Porter, bow; Benson, Captain Teckemeyer, Grunetz, Podik, Bratton, Sly, Treichel; coxswain, Colter.

The only thing that will prevent daily rowing is a possible strong wind which may blow up at any time now. In such an event, however, the wind will probably be in an opposite direction from the present, and this will mean that this side of Mendota will open up quite rapidly; so no matter what the condition of the elements, the Badger crew is now permanently on the water.

Training Gradually

It will be some time before the men will put all their energy to the oar, for they must break into the stiff training gradually. The speed with which a crew trains at the beginning of the season is a factor in their practice which cannot be overlooked; too much sudden strain on a man might disable him for the rest of the season.

PEDERSON NEW FROSH SWIM TEAM LEADER

At a recent meeting of all freshmen swimmers Allen Pederson '28, star backstroke man of the squad, was elected captain. "Al" has shown remarkable ability not only in the backstroke event but also in the crawl events. Pederson is regarded as a likely candidate for next year's varsity and Joe Steinauer is expecting great things of this year's freshman captain.

Shooting dice for a living is a shaky business.

BON VOYAGE

At 5:30 o'clock this afternoon some four score men and "perfect ladies" leave Madison for the north—Oshkosh, the first stop on their two weeks playing tour. They take with them what has been called the greatest dramatic production Wisconsin has put out, and it is called, "Ivan Ho!"

This troupe will make a comprehensive tour of the middle west, playing in 12 cities situated in seven states, and, exclusive of the Madison engagement of six performances, showing 16 times.

These 80 men can certainly be looked upon as fairly typical of the student body at this university. They go out to meet Wisconsin graduates, parents of students and prospective students, friends of the institution and also those who are not its friends—for the fact that such people exist can not be denied truthfully. By them Wisconsin will be judged to a large degree—more by them, indeed, than by any other organized group which represents this university outside of its own immediate locality. They represent Wisconsin; they can be depended upon to represent Wisconsin well.

Just what does this trip mean to the university? Certainly such an undertaking as the twenty-seventh annual Haresfoot show has turned out to be must count for something bigger and broader than the mere experience the participants receive, great though that may be, and the personal fun they get out of it.

Yes, it means more; it means that when these Wisconsin men go out they carry Wisconsin with them, and, to put it candidly, advertise Wisconsin. They show what Wisconsin can do.

And their function is greater yet. Alumni have declared that the appearance of the Haresfoot production in their communities is one of the greatest factors in binding them to their alma mater that they know of. This is the salient fact about Haresfoot. Homecoming acts in the same capacity, to the same end, but in an entirely different way.

Haresfoot brings Wisconsin to the alumni and makes them the keener, more enthusiastic supporters of the university.

KNOW YOUR UNIVERSITY

A university that is worth four years—or even only one year—of student's life, is worth being known intimately and well by that student.

When that university has had three quarters of a century of history, glorified by continued successions

of achievement, the romance of those years should be every student's boasted heritage.

When the contemporary life of that university becomes so complex that its phases are storm centers for continued allegations and counter allegations, the student should feel an irresistible urge to inform himself accurately so that he can intelligently and clearly converse on those matters.

When that university goes through a threatened period of travail, in which great political issues, petty prejudices of uninformed citizens, and external considerations without the pale of the academic invite the probable disruption of all that has been done, each student owes it to himself to become intimately acquainted with the facts, the causes, the consequences, and the debatable angles of the difficulties.

Such a university is Wisconsin just now!

In the light of the recognized accomplishments of the university and its present debate with the state legislature in the matter of a cut in the appropriations request, it is particularly fortunate that a comprehensive but condensed and interesting cross section of student life, Wisconsin achievements, and university problems is to be made available for all students.

The Wisconsin magazine has devoted its present issue exclusively to portraying a complete picture of these things and undoubtedly presents the handiest as well as most complete story of the university, past and present. Student organizations have interested themselves in the project and will sell copies of the magazine on the hall Friday. Every student should have—or at least read—a copy.

Parents and friends will have many questions to ask about the university during the spring vacation. Take a copy or two of the magazine with you.

Know your university! And see that someone else knows about it!

NOT POLLYANNA, EITHER

Another splendid teacher has seen fit to accept a call to another institution than Wisconsin. His loss will be keenly felt.

Perhaps greatness of teaching is not fairly gauged by man's popularity with students. But if it is, Professor Root, who goes next year to head the history department at the University of Iowa, is a first rate teacher.

And certainly popularity would seem to be a fair gauge. It is one of the principles of education (or should be and actually is with too few people) that students will work in a class taught by a man whom they like. For one thing, he inspires them. That in itself is a worth-while result. He inspires them to do what? One person has said that he inspires them to do what they think is thinking. Perhaps. But isn't that better than not to do anything at all, than not to do what they know is not thinking? And it seems likely that he inspires them—many of them, at least—really to think.

A man may be poor in research, he may not have a host of facts at his fingers' tips, but if he is inspirational, he gives the students more than the mere sing-songing pedant gives them.

No, and this outlook is not that of a Pollyanna, either. It is simply common sense and truth.

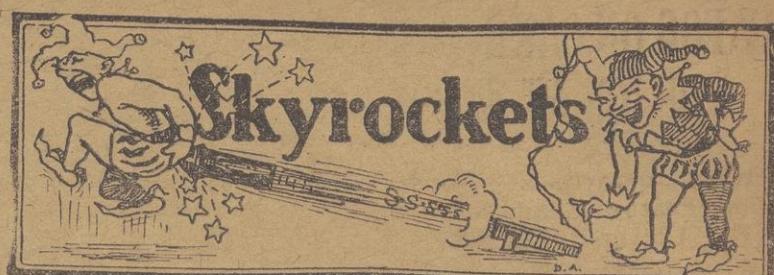

THE REDSKIN ON THE WHITE'S EDUCATION

From an interesting volume on the Aboriginal races of North America written by one, Samuel G. Drake, is taken the following sidelight on how education, as offered by the white man, appealed to the Indian.

"At the congress at Lancaster, 1744, between the government of Virginia and the Five Nations, the Indians were told that, if they would send some of their young men to Virginia, the English would give them an education at their college (William and Mary). An orator replied to this offer as follows:—'We know that you highly esteem the kind of learning taught in those colleges, and that the maintenance of our young men, while with you, would be very expensive to you. We are convinced, therefore, that you mean to do us good by your proposal, and we thank you heartily. But you who are wise must know, that different nations have different conceptions of things; and you will therefore not take it amiss, if our ideas of this kind of education happen not to be the same with yours. We have had some experience of it; several of our young people were formerly brought up at the colleges of the northern provinces; they were instructed in all your sciences; but when they came back to us, they were bad runners; ignorant of every means of living in the woods; unable to bear either cold or hunger; knew neither how to build a cabin, take a deer, or kill an enemy; spoke our language imperfectly were therefore neither fit for hunters, warriors, or counsellors; they were totally good for nothing. We are, however, not the less obliged by your kind offer, though we decline accepting it; and to show our grateful sense of it, if the gentlemen of Virginia will send us a dozen of their sons, we will take great care of their education, instruct them in all we know, and make men of

them.'

When that university has had three quarters of a century of history, glorified by continued successions

SHYSTERS AND PLUMBERS RE-UNITE

Dean Goodnight was the honored guest of the Society of Homely Men last night. Dean Goodnight is able to be up and about his duties today.

REPLY

A few days ago we received a letter recommending to us a house filled with Home Ec and Phy Eds, the kind that play bridge in the parlor on Saturday nights and use the fire escape for a smoke escape (Puh). The only direction for said house was "next the brick wall." As we have an especial weakness for co-eds of the Home Ec or Phied brands, we walked in search of the house. We traversed seven miles (English), or eighteen miles (Conversational), found nine brick walls, entered eight houses, and were bitten by four dogs. It seems to us that further directions are necessary. We await them.

An artificial geyser will spout gas and steam at the Expo. Advance reports state absolutely that this will not be Joe Steinauer.

Methuseah, who is not an engineer, was riding in a car in the parade. He stopped some of the senile henfruit. Meth is our boss. Sss boom ahh LAWYERS!!!

Connie was absolutely right. She did turn down my last ten requests for dates. Darn it though, my good luck can't hold out forever!

The dumbest man watching the engineers' parade thought that the XXX on the outside of the whiskey bottle float meant that it belonged to the Chi Chi Chi fraternity.

WHEN THEY FIX THE TENNIS COURTS, CAN SPRING BE FAR BEHIND?

Macbeth went out and got a haircut yesterday. He was afraid somebody would mistake him for Percy Grainger.

Connie described a dress, "The Breath of the Avenue" yesterday. We are anxiously awaiting her next, "The Breath of the Greenbush."

Argon is going to the Milit ball. Rab's tux, studs, shirt and socks fit him perfectly, but his shoes are half a size too small. Rab absolutely refuses to buy new shoes. Lordy, how we do hate a fellow as inconsiderate as that!

Bascom burned down, Don't go to school. Lie in bed There APRIL FOOL!

Signed, he who is yclept ARGON THE LAZY.

be reserved and paid for by Wednesday night, April 1, at the very latest. Send checks to Billeting Officer, 140 Langdon street.

CHRISTIAN SCIENCE

Christian Science society will hold its last service before the spring recess at 7:30 o'clock Thursday evening in 35 Music hall. All members are requested to be present for the business meeting following the regular service.

GRAFTERS' CLUB

The regularly weekly meeting of the Grafters' club will be held at 7:15 o'clock Wednesday evening in the Horticultural building. Prof. J. G. Moore of the Horticultural faculty will speak on "Gladiolus."

GERMAN CLUB

Members of the German department will give a dramatic reading of Schiller's drama, "Love and Intrigue" at the meeting of the German club at 7:30 o'clock Thursday night in the German house at 508 North Francis street.

ASK RETURN OF PINS TAKEN DURING DEBATE

During the intercollegiate debate with Illinois on March 20, a box of Pythia Literary pins was taken from Music hall. As they can be of no value to anyone but members of the society, Eileen Blackey '25, president, would like to have them returned to her so that the owners may have them at once.

4

Bulletin Board

This column is for the use of all organizations and university staff members who wish to reach large groups readily. No charge is made for notices. Notices may be brought to the editorial office in the Union building, 752 Langdon street, or phoned to Badger 250 before 5 o'clock of the day preceding publication.

GLEE CLUB VIOLINIST

Men interested in trying out for violin soloist for the Men's Glee club for the spring tour, April 6-20, call Eugene Leonardson this week at F. 1840.

CADET OFFICERS

All cadet officers interested in forming an officers' box for the Military ball call Austin Cooper at F. 4200.

MILITARY BALL

All men interested in forming a non-fraternity box for Military ball call Leonard Ranlow, F. 1489.

PHYSICAL EDUCATION

Registration for spring work in physical education for women will be held from 9 to 12 o'clock Monday, April 6, and Tuesday, April 7, and on Monday from 2 to 5 o'clock in Lathrop gym.

MILITARY BALL BOXES

All boxes for Military ball must

FRY EGG ON CAKE OF ICE AT EXPO

Electrical Department Plans Many Feature Exhibitions For University Expo

One of the largest exhibits at the university exposition which will open for a three day run in the gymnasium and the annex April 16, will be that of the electrical department, according to Frederick K. Leisch '25, who is in charge of the exhibit. Seven hundred fifty feet of space has been allotted to the department for the exhibit.

In point of interest perhaps the most attractive part of the exhibit will be that of frying an egg on a cake of ice. An aluminum frying pan will be placed on a large cake of ice, a bit of butter spread in it and two eggs emptied into it. Eddy currents induced by a magnet through the cake of ice will be the only caloric source by which the eggs will be fried a crisp brown. It is one of the processes or methods which the electrical engineer-

ing department of the university has perfected.

Among the other interesting features of the electrical exhibit, many of which will be in the nature of phenomena will be an induction motor built from a tin can, the smallest electric motor in the world; a cost meter which shows the charge per hour of operating toasters, heaters and other home electrical articles, and a radio exhibit revealing the heterodyne effect between two vacuum tubes oscillating at different frequencies. A continuous test will also be run to prove that glass is a conductor of electricity.

With the Alumni

The alumni of Neenah are going on a crusade to Oshkosh to utter a protest against the legislature's proposed cut in the finances of the university. A county mass meeting is being held in Oshkosh April 3 for which J. C. Thompson '93, Chester Allen ex-'18, and Fannie Medberry '96 are chairmen.

Robert Cunningham '16 is general chairman of the alumni meeting to be held in Janesville April 16. Coach George Little and Ralph Ut-

eritz will be the speakers for that night.

Frank Hoffman, a graduate of the class of 1900, is the president and sole owner of the Linstedt-Hoffman Insurance company of Manitowoc. He was also made president of the Wisconsin association of insurance agents.

Congress reminds us of an alarm clock. It always gets cussed for doing the best it can.

Tommy Snooks and Bessie Brooks
Went walking out one day.
Said Tommy Snooks to Bessie Brooks,
Let's eat at the Y Cafe.

And so they came and were satisfied beyond expression, for they found out how much fun it really was to eat in one of our private booths all by their "two-selves."

Here they could enjoy talking over their experiences of the day while enjoying a dinner of fried halibut, roast veal with strawberry short cake or Washington cream pie for dessert.

Bring your friend over this noon and tonight, and enjoy friendship around the dining table. Arrange with the cashier to reserve this booth every day for you—if you wish—and see how much fun it really is to meet there every day and eat together.

You'll like our Cafeteria

WORLD of SOCIETY

Capitol Function
Calls Forth Many
Week-end Parties

The social calendar this week end is filled with parties attendant upon the big party of the week, Military ball. There are a large number of organizations planning dinner parties to precede the ball and also parties and dinners to be held on Saturday evening.

Alpha Kappa Lambda

Thirty couples will compose the Alpha Kappa Lambda Military ball party. There will be a dinner at the house preceding the ball. Mr. and Mrs. O. L. Brunzell have been invited to chaperon.

Phi Pi Phi

Members of Phi Pi Phi are planning a Military ball party. Twelve couples will be in the party. Prof. and Mrs. Sidney Miller will chaperon.

Pi Kappa Alpha

Pi Kappa Alpha will hold a Military ball party on Friday evening. There will be a dinner preceding the ball. Dr. and Mrs. P. S. Barsness are to chaperon.

Square and Compass

Twenty couples will attend the pre-ball dinner party to be given by members of Square and Compass at the Lorraine hotel Friday evening. Mr. and Mrs. Neal H. Stoddard will chaperon.

Phi Delta Theta

Members of Phi Delta Theta will entertain at an informal dancing party at the chapter house. Mr. and Mrs. R. Marling have been invited to chaperon.

Pi Beta Phi

Pi Beta Phi will entertain at a formal dancing party at the chapter house this evening. Mrs. Montgomery is to chaperon.

Y. M. C. A.

A Military ball party is being planned by members of the Y. M. C. A. Mr. and Mrs. C. V. Hibbard will chaperon.

Triangle

A dinner party will be held at the Triangle house preceding the

Military ball. Prof. and Mrs. G. L. Larsen will chaperon.

Caisson Club

Members of Caisson club are planning a Military ball party for Friday evening. Captain and Mrs. R. K. Learnard will chaperon.

Tau Sigma Omicron

Members of Tau Sigma Omicron will hold a Military ball party on Friday evening. Mr. and Mrs. J. Simon and Mr. and Mrs. J. Feldman have been asked to chaperon.

Phi Mu Delta

Thirty-one couples will compose the Military ball party to be given by members of Phi Mu Delta on Friday evening. The party will attend a dinner at the Monona hotel preceding the ball. Col. and Mrs. N. M. Schautz have accepted the invitation to chaperon.

Sigma Phi Epsilon

Ten couples will attend the Sigma Phi Epsilon Military ball party. A dinner will precede the ball. Mr. James Waddell and Miss Irene Boehm will chaperon.

Phi Kappa Tau

Members of Phi Kappa Tau are entertaining at an informal dancing party at the chapter house on Friday evening. Mr. and Mrs. R. Massock are to chaperon.

Sigma Phi Sigma

Six couples will attend the Military ball party of Sigma Phi Sigma. A dinner party will be held at the chapter house before the ball. Mr. and Mrs. Ramsay have been asked to chaperon.

Delta Gamma

Delta Gamma will entertain at a formal dancing party at the chapter house on Friday evening. Mrs. Charles Dietrich will chaperon.

HERBERT MORSE '25
WINS N. O. L. CONTEST

Herbert Morse '25, intercollegiate debater for two years, won first place in the local Northern Oratorical League contest held yesterday afternoon in 165 Bascom hall.

Not only will Morse receive the \$25 prize offered by the Forensic board, but he will represent the university at the N. O. L. contest

GERMAN CLUB MEMBERS
TO PRESENT READING

Members of the German department will give a dramatic reading of Schiller's drama, "Love and Intrigue" at the meeting of the German club, at 7:30 o'clock Thursday evening, in the German house at 508 North Frances street. The cast includes G. C. Schuchard as the president, Von Walter, Mr. J. Breitenbucker as Ferdinand, his son, Prof. E. E. Reitte as Marshall Von Kalb, Miss E. Saleski as Lady Milford, Prof. E. Bruns as Wurm, secretary of the president, Prof. B. Q. Morgan as Herr Miller, city musician, Mrs. B. Q. Morgan as Frau "Millerin," his wife, Miss Margaret Ott as Sophie, Lady Milford's chambermaid, Alice Prendel as Louisa Miller, and W. Gaufewitz as the valet de-chambre.

A D's for damage to their chapter house.

A meeting of the student court will be called this week, according to Chief Justice Lucius Chase Ll. Chase is of the opinion that if any definite action is brought against the Law school, it will result in the whole student body of the Law school being placed on probation. Action taken by the lawyers against the engineers would result in the entire engineering school being placed on probation, in all possibility. Justice Chase thinks, however, that it will not be necessary to take such drastic steps to quell the tumult now existing between the two bodies.

ing point in the history of the student judiciary body and a good test case which will prove whether or not the court will continue to function, was the opinion expressed by Dean S. H. Goodnight in an interview yesterday.

As late as yesterday afternoon, the court had taken no action, according to Dean Goodnight. Lucius P. Chase, chief justice, indicated that no action would be taken on the case.

"Unless the court fulfills its duty which is defined in its charter as maintaining good order among the male student body, it may be necessary for the board of regents to take action through the faculty to abolish the court and establish a body which will be capable of preserving order and punishing offenses," he said.

Opinion among the faculty seems to treat the affair as a college prank, but do not favor repeating. Negotiations are still going on between the engineers and lawyers in an attempt to reach a settlement without the help of the student court.

"Ladies in Lace" Leave Today

Two of the prettiest girls Haresfoot has ever seen, Byron F. Rivers '26 and Lavern Smith '27, who have packed their powder and paint, their

gorgeous gowns, their lingerie and other unmentionables, and are impatiently awaiting the train which is to take them and the 80 other

members of Haresfoot to Oshkosh for the opening performance Thursday afternoon.

EXHIBIT TELLS OF WOMEN IN LAW

Work of Wisconsin Graduates
as Pioneers Graphically
Demonstrated

What women mean to the Law school is graphically portrayed on a bulletin board in the corridor of Lathrop hall. This exhibit has been collected by Kappa Beta Phi, women's honorary law fraternity, under the general auspices of the vocational committee of the office of the Dean of Women.

The only woman district attorney in the United States is a graduate of the Wisconsin Law school. Her name is Dorothy Walker '21 and she was elected district attorney of Columbia county in 1922 at the age of 23; in 1924 she was reelected.

The first woman in the United States upon whom judicial powers were conferred was a graduate of the Law school. She is Kate Pier '87, who was appointed circuit court commissioner in 1891.

Mrs. Robert M. La Follette '85 is the first woman to be graduated from the Law school. Since then Wisconsin has conferred the degree of Bachelor of Laws upon 17 women. Of that total of 18, 12 are still practicing law. At present there are six women in the Law school.

The highest scholastic record ever attained in the Law school is held by a woman.

JOURNALISTS PLAN TRIP TO CHICAGO

Reporting Classes Will Visit
Several Newspaper, En-
graving Plants

Members of the reporting classes of the Course in Journalism will take their annual trip to Chicago to visit several large newspapers and engraving plants on April 9, the first day of the spring recess.

In the morning they will see the Western Newspaper Union plant, manufacturers of column wide stereotype plates of news and general reading matter used by small daily and country weekly papers.

In the afternoon the group will go through Barnes Crosby company, makers of half tones, zinc etchings and color plates; the Associated Press, which distributes news to papers all over the country; the City News bureau, a cooperative news gathering company for all the Chicago daily papers; the Chicago Tribune, where they will see the linotypes, the perfecting presses, the city room, the "morgue" and the telegraph room; and the Chicago Examiner and American plant, where they will see the printing of the Chicago American.

Those taking the trip will leave Madison at 6:05 o'clock Wednesday morning on the Chicago, Milwaukee and St. Paul railroad. They will arrive in Chicago at 10:30 o'clock.

OPEN SALE TODAY
FOR SPECTATORSMilitary Ball Committee Will
Limit Number of
Onlookers

Spectators tickets for the thirteenth annual Military ball to be held in the capitol on April 3, will be **placed on sale** today, according to an announcement made by Firman Hass '25, finance officer.

Tickets are available at the University pharmacy, Palace of Sweats and the military department office, according to Hass. A special advance price of \$1 has been arranged for the advance sale at these places, but

Hass '25 De Longe the price of \$1.50 will be charged at the doors of the capitol on the night of the ball.

"Only a limited number of spectators tickets will be placed on sale," said Hass. "In the past spectators have been so numerous that

Charts Will Give
Cross-section of
University's Past

Just how much student attendance at the university has increased in the last 75 years will be demonstrated by charts at the university exposition which will start a three day run in the gymnasium April 16.

The number of buildings added since North hall, the first university building was opened to classes September 17, 1851, will also be shown graphically. What counties send the most students to the university and how attendance is distributed throughout the United States will be other features of the administration exhibit at the exposition.

The main chart of the exhibit will be one six by 12 feet, illuminated by varicolored lights, which will show graphically the history of the university, demonstrating the increase in attendance and buildings from 1850 to 1925.

READ CARDINAL ADS

they interfered with the dancers. This year military police will insist that the spectators remain above the dancing floor so as not to annoy those who are dancing."

Those working on the finance committee are Arnold Bopf '26, Elmer Giessel '26, and John Rogers '27.

NEWCASTLE, England — Little hope was held this morning of saving the 33 men who were trapped in the Montague Colliery at Scobewood, near here, yesterday by a sudden inrush of water.

Top Coats
For Balmy Days

These balmy days make your overcoat feel twice its weight. Yet you need protection against sudden temperature changes. The solution to the problem is a top coat.

Make it a point to come in before you go home for vacation, and try on a few of the new, long models, with their straight-hanging backs, their soft fabrics, in lighter shades of grey, blue-grey, and lavender. New shipment arrived yesterday.

You'll find them at unusually moderate prices.
