The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Microvase Captivator™ Disposable Snares.

Now featuring *Poly-Glide™*
snare action lubricant.

Microvase offers the premier family of disposable snares, now improved with Poly-Glide™

Poly-Glide is Microvase's exclusive snare action lubricant which reduces friction inside the snare sheath for responsive loop extension and kink-resistant pullback.

Captivator™ Disposable Snares are available in five loop configurations. High-quality braided wire construction assures superior capture and a clean, first-time cut.

Each unit is preassembled in a patient-ready, sterile package to reduce cleanup time and eliminate any risk of patient cross-contamination.

Find out more about the superior performance and efficiency of Captivator Disposable Snares. Contact your local Microvase representative or Customer Service at (800) 225-3226.

Captivator and Poly-Glide are trademarks of Boston Scientific Corporation.
