The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

3 NURSES TALK ABOUT AN INTIMATE SUBJECT

Like many a nurse, I'm on my feet long hours every day—even 'difficult days.' So I'm grateful for 'Moisture Zoning.' Thanks to this new feature, the edges of a Modess pad stay dry longer than ever before. Result—less chafing.

I'm in the public eye—in a white costume—eight hours a day. So you bet I'm glad of Modess' 'Moisture Zoning,' which means greater absorbency. And this—with Modess' moisture-resistant backing—gives me less fear of accidents, greater peace of mind.

I believe that comfort makes a nurse more efficient. That's why I've always liked Modess for its downy-soft, fluff-type filler, so different from layer-type napkins! And now that Modess has 'Moisture Zoning'—well, it starts softer, stays softer.

FREE to Nurses:

Two authoritative booklets on Menstrual Hygiene . . . For younger girls, "What a Trained Nurse Wrote to Her Young Sister." For older girls, and every woman, "The Periodic Cycle." Write for as many booklets as you need. Address: Personal Products Corporation, Dept. 32, 500 Fifth Avenue, New York, N. Y.
