HARESFOOT PLAY FEB 8

ANNUAL PLAY WILL BE "A COLONIAL GIRL."

Rehearsals Now Going on—Costly
Costumes Will be Imported—Cast
of Characters.

The date of the Haresfoot Club's annual play is definitely set as Feb. 8, although by mistake it has been wrongly published several times.

The rehearsals of the play were begun about a week before the Xmas recess. The actors have all learned their lines during vacation and are now ready for daily rehearsals which are to continue at once in earnest.

The play is well started now although there remains more than a month before its public presentation. This was thought necessary in order to give a finished production of the extraordinary play which has been the club's choice this year.

It is doubtful if ever before in this city amateur talent has undertaken a more ambitious dramatic production. "A Colonial Girl" is a remarkable play. It is a romantic drama and is in fact one of the most beautiful plays of this kind that has been recently produced. The play was constructed by Abbe Sage Richardson who recently died in Italy.

In the east the play has been made popular by E. H. Sothorn, and Chas. Frohman is at present touring it.

The large cast has been nearly completed and is composed of the best amateur talent which can be commanded. All of those appearing in leading parts have had much experience, while the beginners for the most part, have been carefully selected from those who have done promising work in the dramatic reading classes or who have appeared in plays elsewhere.

The play will be staged in a manner which it is hoped will out do any previous local talent production. From \$75 to \$100 will be spent for the rental of the elaborate costumes which the play calls for. These have been engaged from Philadelphia.

Manager Snow is arranging for the importation of some extra scenery which is needed.

The club has selected Mr. Walton Pyre to act as stage director. He is especially fitted to stage the play, as he has appeared in it professionally with the Salisbury Stock company.

So far as determined, the cast of characters with those who will play them is as follows:—

Godfrey Remsen, A young American, Mr. Walton Pyre.

Jack Osborne, Also an American, his friend, Mr. Ed. Jenner.

Sir Henry Danvers, English Official in New York, Mr. E. Clifford.

Giles, An old retainer, devoted to Godfrey, Mr. John Brennan.

Colonel Carteret, English Official, Mr. E. T. Fox.

Captain Antony Lovelace, Mr. Edwin Snow.

Lieutenant Kent, Mr. Harry Johnson.

Captain Royal Beaufort, a fop, Mr. Ed. Jenner.

Lieutenant Percy, Mr. J. Bartow Patrick.

Lieutenant Eaton, Mr. F. H. Kales.

Private Clark, Mr. Ray Chapman.

Mollie Hedden, An American Girl, Miss Jennie Butt.

Lady Sarah Keteltas, married clandestine, Miss Anne Scribner.

"CHADBURNE HALL."

New Name for "Ladies Hall" in Honor of Prof. Chadburne.

The name "Ladies Hall" was probably given at a time when girls were supposed to grow up to be "ladies" and did not take pride in becoming "women" as we use the term to-day. The girls did not care to be spoken of as "the ladies." Then why should their home be called "Ladies Hall?" For a long while a spirit of dissatisfaction with the name has existed and at last a definite step has been taken to get rid of a title, which seemed entirely too undignified to grace a Hall for college Women.

The subject has not now come up for the first time. Two years ago a resolution was passed to place before the legislature a petition to change the name to Sterling Hall in honor of President Sterling. But the resolution was not passed in time to be acted on by the legislature and the subject was allowed to rest until it was taken up again at a meeting of the Hall girls on Thursday, Dec 20th.

The name Sterling Hall was again suggested, but it was abandoned because members of the faculty have expressed an intention of proposing that name for Main Hall, should it be decided to name the buildings in honor of professors.

The name "Chadburne Hall" was finally decided upon and a petition has been carried before the legislature requesting that "Chadburne Hall" be substituted for "Ladies Hall" as a name of that building.

President Chadburne, in whose honor the name was chosen was the first president of the University. Before the time of Prof. Chadburne the office of chancellor took the place of president. It was through his efforts that appropriations were made by the legislature for building the Hall, which makes it particularly fitting that his name should be given to the institution in whose founding he took so great an interest.

It may be sometime before the change of name will go into effect, but when it does, it will not be with and lingering or sad parting that the girls take leave of "Ladies Hall."

Changes in Buildings.

During the recess a number of important changes and additions have been made in the University buildings. Owing to the need of smaller rooms and the overabundance of large room 74 U. H. has been remodeled and changed into three smaller rooms which will be occupied as the needs demand. This change will greatly strengthen the accommodations of University Hall.

The home of the School of Music is rapidly reaching its completion. The west wing of Library Hall formerly occupied by the library has been divided into two floors and partitioned into various rooms which will be equipped with instruments. At present workmen are engaged in plastering, and it is expected that the rooms will be ready for occupation before the end of the month. When situated in its new home the School of Music will be greatly assisted by the change and will provide greater facilities for instruction than has been possible heretofore.

Numerous changes have also been made in Science Hall which add greatly to the convenience of the building. A full account of these will be published later.

Mr. Lowell Merriam, '04, Daily Cardinal reporter, withdrawn from the University to accept a position on a newspaper at his home town.

SMALLPOX SCARE

CASE DISCOVERED LAST FRIDAY
IN FRATERNITY HOUSE.

Patient Removed to Contagion Hospital—House Thoroughly Disinfected
Caution Against its Spread.

* What has proved to be a case of smallpox, though in its mildest form, was discovered at the Kappa Sigma fraternity house last Friday. Mr. Harry Wheeler of St. Louis, who has been visiting his brother Albert K. Wheeler is the victim. The case was first discovered by Dr. Harper who was called in as soon as the young man was taken ill.

Fortunately all the members of the fraternity who room in the house were out of the city for the holidays when the case broke out. The patient was at once removed to the city's contagious hospital and the chapter house quarantined for the period required by law. The patient is able to be up and is doing nicely. In fact the only indications of illness at present time is a mild rash.

The members of the fraternity have all been vaccinated and are at present temporarily located in rooms in different parts of student quarters.

The house is being thoroughly renovated. All the furniture and bedding in rooms occupied by Mr. Wheeler has been burned. The walls scraped, repainted and calcimined and the floors and all woodwork scrubbed with chemicals from basement to garret. In fact every precaution which modern science provides has been employed. Health Officer Trainor assures a Cardinal reporter that the quarantine will be raised not later than Wednesday of next week and that the house will be absolutely safe for occupation at that time.

The health authorities are confident that the disease as far as this case is concerned, has been stamped out and that there is no danger of contagion. It is recommended however that as a safeguard the students be vaccinated in as much as throughout the country smallpox seems to be prevalent.

Mr. A. K. Wheeler, the brother who was slightly exposed has been isolated by the health officer and every precaution possible has been taken to prevent the spread of the disease.

Handball Tournament.

The handball tournament was finished before the holidays. The championship game was played Thursday before the vacation. Erickson and Leighton succeeded in winning three straight games from the law champions, Hobbins and Koplin.

The winners of the respective class trials were as follows:

Freshmen, Best and Kekey; sophomores, Leighton and Erickson; juniors, Curtis and Mabbett; seniors, Smith and Taylor.

Tomorrow's Convocation.

Secretary Thwaites of the State Historical society will speak at the convocation tomorrow on "Wisconsin a Hundred Years Ago."

—Rodney H. True, '92, now a member of the Harvard faculty has been spending the vacation in Madison. Professor True was formerly a member of our own faculty.

Local and Personal.

—The Tri Delt sorority will give a dancing party at Kehl's Hall this evening.

—Frank Hoffman, law '02, is spending a few weeks at his home in Tyndall, S. Dak.

—Misses Mabel Fletcher, '00, and Katherine Swain, '00, are visiting for a few days at Ladies Hall.

—Ed Trevelan of Fond du Lac, is in the city today to attend the Tri Delt party this evening.

—Ray Palmer, '01, was taken with appendicitis while at Oshkosh during the vacation and was removed to his home in Sparta. He is improving and will be able to return to the University in a few days.

—Professor Moses Coit Tyler, head of the American History Department of Cornell University, died this week. Professor Tyler delivered a course of lectures in the last summer session of the University of Wisconsin, entitled, "Great Men and Issues since 1783."

—W. D. Tallman who has been an instructor in the mathematics department for the last three years has resigned his position to accept the chair of mathematics at the University of Montana. Mr. Tallman begins his new work next Monday.

—Many of students who room in fraternity and sorority houses had trouble in occupying their accustomed quarters on their return. At the Kappa Kappa Gamma house the water pipes were frozen and it was impossible to start the furnace, so the young ladies are obliged to find rooms elsewhere until the damage can be repaired.

—Professor Charles H. Haskins was elected corresponding secretary of the American Historical Society at its sixteenth annual meeting held in Ann Arbor and Detroit Dec. 27, 28 and 29. Among the prominent speakers at this session were Prof. R. T. Ely, president of the American Economic Association; Prof. P. S. Reinsch and Reuben G. Thwaites.

—A. A. Nicholas, A. C. King and Ray Palmer, senior engineers, went to Oshkosh during vacation to perform an electrical test upon the Interurban railway between Oshkosh and Neenah. They were assisted by Professors Bull and Swenson and by the following engineering students: Louis Rueping, Paul Zinke, George Scott, B. F. Lyons, A. Allen and L. Brown. The test was very successfully carried out and will be an important factor in the theses of the principals.

—Professor W. A. Henry, has received a letter from President Adams, dated from San Remo, Italy. The letter states that both the president and his wife are rapidly regaining their health and expect to be able to return to Madison next fall. Since he has been abroad Dr. Adams has gained twenty pounds in weight, while his general health is greatly improved. From Italy Mr. and Mrs. Adams will journey to Egypt where several weeks will be spent in viewing the points of interest.

—A post office distribution has been established among the members of the faculty of the College of Letters and Science. Each of the respective buildings have been provided with a post office cabinet where letters from the main office and between members of the faculty may be deposited. Each instructor has a box where his notices and reports will be deposited. Communications will be distributed twice a day, once in the forenoon about 11 o'clock and again in the afternoon. This will greatly facilitate communications among the faculty.

Get Vaccinated!

While the occurrence of a case of smallpox in Madison furnishes no occasion for a panic, it ought not to be passed entirely without notice. There are a great many isolated cases of this disease in the state, and although they are all of a mild form, it must be remembered that smallpox is very uncertain and at any time is apt to become virulent. A good guess might be made that a very small proportion of the students in Madison have been vaccinated recently enough for it to be effective. Ordinary prudence as well as regard for those with whom one is associated should overrule all procrastination and bravado and vaccination ought to become general at once. It is so long since there has been a regular epidemic of this disease that it seems to have lost its terrors for most people, but in its violent form it is one of the most dangerous of sicknesses.

Highly Appreciated.

The Christmas souvenir edition of the Daily Cardinal met with an enthusiastic reception not only in Madison but throughout the state. The sale was very extensive. The large orders perceived from outside the city were especially gratifying. Among them was one from Manager Severance of Hotel Pfister, Milwaukee, for twenty-five copies.

Good-Bye Ladies Hall!

Ever since Culture (with a capital C) sent forth its decree some years ago that the weaker sex was composed of Women (with a capital W) and only the denizens of outer darkness would nominate themselves "ladies," a vague uneasiness has hovered over the fair occupants of the local female domitory.

This has finally resulted in the selection of a name for their habitation which is believed to combine the

advantages of satisfying the demands of Culture without the equivocal implication that the fair ones do not come under the dictionary definition of the tabooed term, with the great and deserved honoring of one of the fathers of the institution, and which at the same time gives them an appellation of the quietly refined and yet sonorous tone so dear to the feminine heart. All honor Woman's judgment and tact!

Winston Churchill at Michigan.

Winston Churchill, son of Mrs. Cornwallis-West, lectures at Michigan Jan. 9 on the subject: "From London to Ladysmith, via. Pretoria." His lecture on the same subject at Yale was very enthusiastically received. Why should not Wisconsin get him for a convocation lecturer while he is on his western tour?

That South Entrance Again.

Complaints are still rife about the State street entrance to the new library being unlighted. Several bad falls have been reported and we would again suggest that it is unwise to "cover up the well after the cat's drowned."

Ladies' Hall may be a thing of the past but "61" is still with us.

Brief College Items.

Yale has received \$10,000 for prizes and instruction in debating.

Cornell is to have a new outdoor board track ten or twelve laps to the mile.

Harvard has recognized basket ball as a regular branch of athletics at the University and the sport is to be governed hereafter by the Board of Control. There are sixty candidates trying for places on the team.

Cornell won the second Inter-collegiate cross-country race this year in one of the most closely contested runs ever held on the Morris Park course. Pennsylvania tied Yale for second place.

European Contemporary Politics. Professor Noyes will speak on "Impressions of Russian Institutions." Friday, Jan. 4, at 5 p. m., in Lecture room of Historical Library. V. Coffin.

Special Lectures in Chemistry.

Professor A. H. Sabin of New York City, chemist of Edward Smith and Co. varnish-makers, will give a special lecture on Monday, Jan. 7, at 4 p. m., in the Chemical lecture room. The subject of the lecture is: On the Nature and Composition of Varnishes. Professor Sabin has for many years been studying this very difficult subject in a scientific manner and with a good corps of assistants. In this lecture he will touch on the materials used and on the chemistry and physics involved. It will be on the technical side of the manufacture and especially, as far as possible with so obscure a subject, on the theoretical side of the uses of varnish.

On Tuesday, Jan. 8 at 12 m., in the auditorium of the engineering building, Professor Sabin will speak before the engineering students on the subject: "The Protection of Structural metal from Corrosion." The lecture is an authority in this line and a successful inventor of a process to accomplish the end indicated.

Student Notices.

All material intended to be entered in competition for any of the Badger prizes must be sent to the Chairman of the Board, 614 Langdon St., or if Literary material to Chairman of Literary Committee, 630 Langdon St., before 10 p. m. Friday, Jan. 4, 1901.

Junior Prom. Committee.

The Prom committee will meet in seminary room B, Law building, Saturday afternoon at two o'clock. Chairman.

Astronomical Data.

Astronomical data for January, 1901, furnished by the Washburn observatory:

Mercury is inconspicuous as a morning star the early part of the month and passes through superior conjunction Jan. 21st, to become an evening star. Venus is still the bright morning star but is drawing nearer the sun apparently and slowly diminishing in brilliancy. The red planet Mars, is conspicuous in the eastern sky in the later evening and reaches the meridian in the early hours, the morning. Jupiter and Saturn may now be seen ascending the southeastern sky in the morning, before the bright dawn appears, the former planet rising the earlier and much the brighter.

The principal fixed stars visible during the month are:

In the evening Hours.

Near the meridian: Aldebaran and Capella. To the east: the bright stars of the constellation Orion, and Sirius, Procyon, Castor and Pollux.

Visitors will be received at the observatory if the night is clear on the evening of Jan. 2, and Jan 16, from 7:30 to 9:30 o'clock.

Graduates and under-graduates of the University of California have published a book of 'Varsity stories' entitled, "Under the Berkeley Oaks." The proceeds will go toward erecting a fountain on the campus in honor of Mrs. Hearst.

The Board of Control at Minnesota voted to have no skating rink in Northrop Field this winter.

High School Department.

Lake Geneva.

Although Lake Geneva is not a very
large place, it is said to have as good
a school as any in the state.

At the beginning of the school year,
there were ninety pupils enrolled
and the average attendance is eighty-
five.

There are four courses of study in
the school, English, Modern Classical,
General Science and Latin.

Four teachers are employed, Mr.
Foster, the principle and superintend-
ent, Miss White, the English teacher,
Mr. Denison, the professor of lang-
uage, and Miss Brown, who has
charge of general work.

A new school-building is being
erected in the city. The lower floor
is to contain three rooms for the
grade work, and the upper floor will
be devoted to the High School, an
assembly room, class rooms and a
laboratory.

In our city we have, beside the
grade rooms, and the High School,
two kindergartens which are main-
tained at the expense of the district.

Milwaukee-Downer College.

The seminary department of Mil-
waukee-Downer college has about
170 pupils. Of this number 47 be-
long to the first year class.

The courses offered in the semi-
nary are the Ancient Classical, Mod-
ern Classical and English.

Three new teachers were added to
the faculty this year: Miss E. F.
Brown, a graduate of Wellesley Col-
lege and a former teacher at Downer
College; Miss M. L. Cook of Leland
Stanford University who teaches Eng-
lish and history; and Miss Fanny
Hunt who has charge of physical
training. The former members of the
faculty are President Sabin who
teaches the classes in Bible study;
Miss Cowles, Mathematics; Miss
Orpha E. Leavitt History; Miss
Marie Wolepert, German; Miss M. L.
Brown, Physics and Chemistry; Miss
M. J. Edmand, Latin; Miss M. F.
Haberstick, French; Miss Harriet B.
Merrill, Biology; Miss Eva J. Hill,
Greek and Latin.

The library contains about 4,500
volumes. It is supported by the
Elizabeth L. Greene and Mary
Mortimer endowment funds. The
foundations for a new dormitory are
being laid. When this building is
completed Holton Hall will be used
exclusively for Seminary pupils.

The chief social event of the past
week was the missionary fair. The
proceeds of the fair were about \$270.

Miss Alice Morse Earle addressed
the school recently on how she
came to write her charming books
on colonial life.

Oregon.

School closed Friday, Dec. 21, for
the holiday vacation of two weeks.

For a number of years past it has
been the custom of the school to hold
rhetorical exercises during the winter
term. These exercises are held
every three or four weeks on Friday
afternoon. This year, Dec. 7 opened
the first number. It consisted of
music, recitations, five minute talks,
papers, and a debate upon the ques-
tion; Resolved, that foreign emigration
to the United States should be pro-
hibited. The decision was given in
favor of the affirmative.

About two years ago the Oregon
people established a lecture course as-
sociation, and from time to time fur-
nished the community with good en-
tertainments but being unable to
keep it up, the High school at once
began the task to see what it could
do.

The evening of Dec. 6 witnessed the
result of its effort this year, when be-
fore a large audience, Professor Favor
gave his electrical exhibition. It was
by all means a successful one showing

FULL DRESS SUITS.

\$48.00 to \$65.00.

We are making a special line of FULL DRESS SUITS that cannot be equaled
for the money. Call and see us.

Both Phones 85.

KENTZLER BROS.

to the people of Oregon, just what its
High School could do in the way of
securing a good entertainer. Encour-
aged with the result of its efforts, the
High School together with the Alumni
are endeavoring to press on in this
undertaking and on Jan. 10 will give
a public debate on a very interesting
question; Resolved that women should
be given the power to vote and hold
office.

This year marks still another event
in the history of the school for it is
the first time library reading has been
required of the various classes. Al-
though this additional work falls
heavily upon the Seniors, yet it was a
much needed step as it makes the
library a more important feature in
the school than it has ever been be-
fore.

Cut flowers, plants of all kinds, dec-
orating for receptions and parties a
specialty.

Rentschler's Greenhouse, 932 Spaight
street.

Although Ford has moved down
Mifflin street a block, he is still mak-
ing the same high grade photos at the
same popular prices

Most people think that any old
place is good enough for a bicycle
through the winter, so they dump it in
the basement where it is damp, or
into the coal shed where it is almost
obliterated with coal dust, etc. Of
course they don't think of the conse-
quences until spring, then Oh! My!
they wish they had taken it to Wm. J.
Park Co., 113 State St., successors to
the Madison Cycle Co., and had it
cleaned and stored properly for the
winter for \$1.50, and saved \$5.00.
