VOL. XXXII. NO. 5

MADISON, WIS., SATURDAY, SEPTEMBER 24, 1921

PRICE 5 CENTS

CARDINAL TO GET BIG TEN NEWS DAILY

Conference Radio Service
to Be Given First Test
Tonight

Radio station 9XM, of the department of physics, has been secured by The Daily Cardinal to handle the University of Wisconsin end of the Western Conference Radio News service.

The W. C. R. N. S. was formed at a meeting of delegates to the Western Conference Editorial association held at the University of Michigan, in Ann Arbor, on May 21, 1921, and steps were taken to establish a more adequate news service between the Big Ten universities.

Specially written exchanges and "dope" stories, a photo exchange, and the inauguration of radio inter-communication was planned by the conference editors at that time.

Later in the summer the American Radio Relay league held a convention in Chicago and discussed at considerable length the prospects for such a radio news service. It was decided at the meeting to co-operate, in every way possible, with the student newspapers in the sending of wireless news.

In accordance with the stand taken by the A. R. R. L., Prof. E. M. Terry, director of the local radio station, and M. P. Hanson, chief operator, have offered the use of the university equipment to The Daily Cardinal. Station 9XM is one of the strongest in the conference, and it is expected that little trouble will be experienced in reaching the other Big Ten schools.

Unofficial W. C. R. N. S. tests will be conducted from 10a30 p. m. to 12:30 a. m. tonight, and the official tests will be held Monday night at the same time. If the tests tonight are successful, the first news to be received by wireless over the new service will be published in tomorrow's Daily Cardinal.

Many Advantages
The advantages of such communication are easily seen. The speed with which wireless reports can be transmitted will make even play by play reports on the games available within a very few moments after the actual play is made. Then, too, the fact that not only conference universities will receive our reports but also every other receiving station within our range is another distinct advantage.

to broadcast all home athletic games play by play, and particulars will be published in advance of each game, in order that all stations desiring the reports from Madison may keep open at the time the news is sent out.

BASKET BALL
All men who wish to try out for Soph basket ball manager should report at the A. T. O. house, Saturday, Sept. 24, at 2:30.

GEORGE DAVIS, Manager.

HARD LUCK!

Abolition of Fussing Parlors
Is No Improvement at
Barnard, Girls Say

No private little fussing parlors in Barnard any more. After due deliberation (which lasted all summer) it has been decreed that said parlors be converted into one big room, and much plaster is being scattered about in consequence.

It has been promised that the remodeling will be finished soon, but Barnard inmates are skeptical. What seems to worry all of 'em is "where'll we go when it starts to snow." Up to the present moment Chadbourne has not offered the use of her parlors, but where there's life . . .

Anyway, when the decorators get busy, things will look perky again, and maybe it's all for the best after all!

P. S.—This isn't serving notice on Barnard fussers; there's always the elevator, and the gangway thru to Lathrop.

FIRST MIXER WILL PACK GYM TONIGHT

The first all-university mixer of the year, under the auspices of Union board, will be held this evening in the men's gymnasium from 9 to 12 o'clock. Plans have been made to make the affair one of the best, Thompson's 10-piece orchestra being engaged to furnish music for the dancers.

A large crowd is expected and the freshmen in particular are urged to attend this "get together."

"The first thing in the education of the freshman should be that they attend a mixer," said Morton Frost '23, of the Union board. "We urge them to come out and get acquainted. Everybody is sure to have a good time."

The price of admission will be 25 cents, the proceeds going to the Union Board, which conducts a series of these all-university mixers during the year. The Union Board is the only organization which stages such all-university dances.

CLASS OF '25 IS WELCOMED BY 'VARSITY

Weather Joins in to Make
Greeting "Happy"
One

While the university band played and upperclassmen sang "On Wisconsin," nearly 2,000 members of the class of 1925 filed up the center of the upper campus yesterday morning at 11 o'clock and passed through the official "receiving line" of the university.

The weather, changing from its inhospitable attitude of registration week, joined in the Varsity Welcome as well as the students; and the bright sunlight, shining on the brilliant splashes of color in the crowd's women students, seemed to fill the atmosphere with a feeling of good fellowship.

The program began after the marching pageant of the classes with the singing of the university hymn, "Light for All," after which Dean G. C. Sellery made the introductory address. When President E. A. Birge then stepped to the platform to make the address of welcome, he was greeted with the singing of the Varsity Toast. Governor J. J. Blaine addressed the students on behalf of the state and city, and Prof. Carl Russell Fish spoke for the faculty. Sterling H. Tracy '22 voiced the welcome of the upper classes.

Pageant of Classes

The pageant of the classes began with the marching of the sophomore and junior classes to the foot of Lincoln terrace, where the files executed a zig zag marching figure, bringing themselves into a solid body to await the freshmen, who approached four abreast, a solid column for the whole length of the campus.

"You come at a time of historic interest to the university," said President Birge. "Seventy years ago today the first building was opened on this campus." He recalled that William Vilas was one of the students at that time and expressed the hope that some freshman of this year's class might make such a record in the world.

"This university is not for the individual students alone, and your appreciation of the opportunities afforded you will be measured by the services that you can render to our state, and a true education here acquired will reflect itself according to the sympathy here developed and the spirit here inculcated for the betterment of the great mass of mankind," declared Governor Blaine.

"On behalf of the state, we welcome you to these opportunities, and in return the state only asks from you a determination to serve and a consecration of your ability to the social welfare."

Prof. Fish for Faculty

Prof. Carl Russell Fish was in his usual good humor and responded in behalf of the faculty.

"We ought to understand you better than you understand us," said Prof. Fish. "You have never been in the faculty but we have been students,—and even freshmen, though many of us have forgotten it.

"We are not here to govern you.

(Continued on Page 11)

Green Caps Are Favored By Vote of Sophomore Commission

Body Would Also Restore Class Rush and Cap Night

The restoration of the green cap and the enforcement of traditions was favored in a resolution passed Friday noon by the Sophomore commission of the Y. M. C. A.

The adopted resolution favors regulated traditions, the principal keynote of the meeting being "regulation" as a solution to the present difficulties. In the vote taken on the green cap tradition alone, the majority of the commission voted to recommend the reinstatement of the lately condemned headgear, adding also a provision that all freshmen including ex-service men and second semester frosh should comply with the spirit of the tradition. The only exemption favored is that by clinic excuse.

To Vote Monday

The election at which the fate of the traditions is to be decided will be held Monday, Sept. 26, and the men of the three upper classes will vote "yes" or "no" on the following questions:

Do you favor the return of the class rush?

Do you favor the compulsory wearing of the green cap by freshmen, and of cap night?

Do you favor the voluntary wearing of distinctive headgear by the men of all classes?

Explanatory Note

If the vote is "YES" on the first question, the rush will be held under the customary restrictions making for safety and fair play.

If the vote is "YES" on the second question, the status existing prior to June 9, 1921, will automatically return.

If the vote is "NO" on the second question, a commission of students is contemplated to review the entire question of traditions and to propose for student approval at the regular election in October a re-

(Continued on Page 11)

CROWD OF 27,000 IS EXPECTED AT '21 HOMECOMING

Plans to make the 1921 Homecoming, greatest in the history of Wisconsin, are well under way, and the athletic department is preparing to accommodate a record crowd of 27,000 persons. The improvements now in the making at Randal Field will increase the seating capacity by more than 4,000.

The Homecoming committee is desirous that all persons, both men and women, who wish to work on Homecoming meet today on the second floor of the Union building between the hours of 2:30 and 5 o'clock, or call Badger 250.

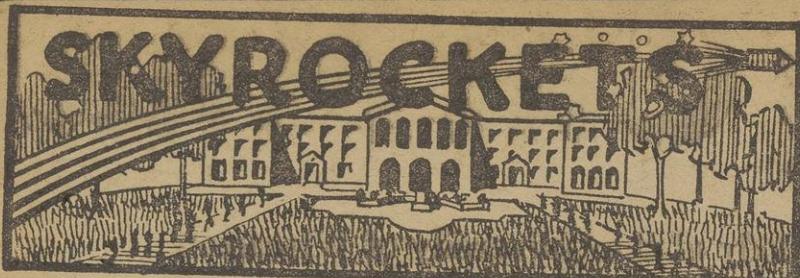

Minnesota, the 1919 champs, will be the Badger opponents October 29, and as Wisconsin is anxious to avenge its 19 to 17 defeat of two years ago, the game promises to be one of the biggest in the middle west.

All alumni are being urged to come back and see the annual Homecoming game and to join the festivities that always mark the event. Donald Bailey '22, chairman of the 1921 Homecoming committee, is sending 7,000 letters to alumni in order to recreate their Wisconsin spirit and bring them back to Madison.

As this year will probably bring the largest crowd that ever attended a Homecoming game, the athletic department will soon have mail order blanks ready for distribution for the Minnesota game.

The usual massmeetings, parade, and bonfire will be held the night preceding the game, and on Saturday night after the game the annual Homecoming ball will be held.

ALL UNIVERSITY MIXER TONIGHT
Men's Gym. Thompson's 10 Piece Orchestra
9 O'Clock Admission 25c

FORTUNE has been considerate to us and has placed into our hands a mean, dirty thrust, but hard-hearted and cold-blooded as we are, nothing can stop us from giving the news to you. It seems that some well-meaning mother intended to enter her two sons here this year and desired the best possible rooming house for their benefit. So she wrote the Phi Deltas for a picture of their chateau on Lake street, with the information that if it suited her taste she would be kind enough to take quarters. Immediately, and without hesitation, so the story goes, the Phi Deltas perked up their ears and sent her two pictures. The first was an excellent view of Bascom hall, labeled neatly at the bottom, Our Home; and the other that of a certain red brick, white-pillared building at 620 Lake street, which was emblazoned, Our Stable. We blush. More cannot be said.

IT has been said that ridicule is the best sort of advertising. There is the case of Henry Ford, for instance. So we feel safe in announcing that the Dekes have taken into their flock the professional rushee Buddy Graham.

PLAYED golf yesterday, or rather, we should say, tried to play, and were successful in losing no less than an even half dozen balls. From now on we are going to walk down to the lake and throw six in each day. It saves both energy and time.

SOME stenog (it was probably the case of necessity being the mother of invention) has produced an extra key for a typewriter. When you don't know how to spell a word you hit this new key and it makes a blur that might be taken for an "a" or an "e" or most anything. We have ordered two dozen for our own personal use.

Handsome Female: "Are these grapes dear?"
Sterling Tracy (working in grocery store): "Yes, darling."

THE following comes from an Iowa newspaper, "A new son was born to Mr. and Mrs. Joseph Sovers, of Big Grove township on June 7. This makes the fifth son and one daughter of this family. Mr. Sovers is one of the progressive farmers of big grove and raises a very superior grade of cattle and hogs." Only don't go back and tell Mr. Sovers that we know it.

THEY used to cut down father's

pants for son. It would be a reasonable venture that they now cut down baby's skirts for sister.

WE are told that Betty Sears has Roebuck for her adviser. It looks as though she is going to get through school as cheap as possible.

WINTER is coming again and it is pretty safe to say that although civilization has progressed one more year since last winter, some of us will insist on wearing derbies.

YOU know, readers, you have to read this col. and therefore it is highly appropriate that you should contribute. If you have any real sad or mournful ideas, send them in. In that case we won't have to work so hard, but don't tell everyone that that is why you sent it in, because then we might get into trouble.

FAMOUS STOPS
July 1st, 1919.
Nov. 11th, 1918.
Jan. 1st, any year.
Wood Alcohol.

AS we stood watching the Varsity Welcome yesterday something, somehow, seemed wrong and so we stood for a long time, because we couldn't sit, trying to figure out what it was. All at once it came to us. You could hardly tell the frosh from the upperclassmen, for the little green cap was missing. Did you notice the difference? No? Oh, you were in bed.

NOW that Shorty Barr is ineligible, there are only 5,643 others we have to beat out for the quarterback job.

"This is the end," said the Stew, as he walked off the pier.

WEATHER

The highest temperatures during the last 24 hours was 78 at 3 p. m. and the lowest was 54 at 6 a. m. Sun sets at 5:54.

Unsettled weather and warmer, accompanied by a barometric trough that is moving eastward across the plains. High barometer with clear and cooler weather prevails in the lake regions and central states. Clearing and cooler weather prevails on the northern Pacific slope.

NEWS OF CONFERENCE SPORTS

"Shorty" Barr To Head All-Americans

MANY TEAMS OPEN SEASON ON GRIDIRON

Eighteen Major Schools
Play First Games
Today

They're off!

Eighteen major university and college football teams will swing into action this afternoon against more or less weak elevens in the first games of the 1921 gridiron season. Eleven strong eastern aggregations, two squads which hail from part below the Mason and Dixon line, four teams representing

TODAY'S GAMES

Brown vs. Rhode Island state at Providence.
California vs. St. Mary's at Berkeley.
Carnegie Institute vs. Thiel at Pittsburgh.
Centre college vs. Kentucky Wesleyan at Danville.
Dartmouth vs. Norwich at Hanover.
Colgate vs. St. Bonaventure at Hamilton.
Geneva vs. Pittsburgh at Beaver Falls.
Georgia Tech vs. Wake Forest at Atlanta.
Harvard vs. Middlebury and Boston university at Cambridge.
Indiana vs. Franklin at Bloomington.
Northwestern university vs. Beloit at Evanston.
Notre Dame vs. Kalamazoo at Notre Dame.
Ohio university vs. Morris Harvey at Athens.
Pennsylvania vs. Delaware at Philadelphia.
Penn State vs. Lebanon valley at State college.
Syracuse vs. Robart at Syracuse.
Yale vs. Bates at New Haven.

schools of the middle west, and one big coast squad will blow off the gridiron lid. Of the four middle western elevens scheduled to play, three are Big Ten institutions.

Northwestern, Indiana, and Ohio State are the big three which will choose to receive or to kick-off this afternoon. The Purple squad, lacking only two of last year's veterans, will stack up against Thomas Mills' speedy Beloit college team. The State line collegians have been working out for several weeks, while the Methodists reported to Coach Elmer McDevitt only one week ago. Reports presage a more than usually hard tilt between the two teams, as both are composed of veterans of previous hard campaigns.

Coach E. O. Stiehm of Indiana will send his men against Franklin in a game which is expected to help put the Hoosiers in fettle for the Harvard game at Cambridge on October 8. With a week in which to prepare for Franklin, Indiana is expected to send a fairly strong eleven on the field. Ohio State university will have little more than a light scrimmage to beat Morris Harvey today. Notre Dame opens its season with Kalamazoo on the home gridiron. Coach Knute Rockne's aggregation defeated the collegians by a 39 to 0 score last year, and a like runaway is predicted for this year's contest.

Plucky Center college takes on Kentucky Wesleyan. "Bo" McLellan, "Red" Weaver, Montgomery, and Roberts, all returned to the little Blue Grass institution, intend to lead the eleven through another highly successful season. California, champion of the west coast, will mix with St. Mary's at Berkeley in preparation for another chase after the western title.

In the East, both Yale and Harvard take the field. The Crimson squad meets two teams on Saturday. Middlebury is the first victim, and Boston university is slated to be the second. It is not an unusual thing, however, for the Bostonians to spring a surprise and play better football than is expected of them.

Large Frosh Squad Is Out For Practice

70 Yearlings Issued Their Football Equipment Yesterday

Seventy of Coach Driver's freshmen football aspirants were authorized and issued equipment at Camp Randall yesterday afternoon. The balance of the candidates will report to Coach Jones this afternoon and will be put through various athletic tests before they will be allowed to join the regular freshmen squad.

Several of the men who were given equipment have had considerable experience and may make valuable material for next year's team. Koch, of Davenport, Iowa, and Gilbreath, of Detroit, are two candidates for the pivot position, who weigh better than 180 pounds. Techemeyer, who played for four years on the Madison high school team, is sure to put up a hard fight for the same position.

Among the many aspirants for the wing positions, is Rippe, who has played under "Tubby" Keeler, a former Badger star now coaching at the La Crosse Normal. Polaski, of Delafield, who was on the Wisconsin yearling squad a couple of years ago, is back again and is considered one of the most promising men of the Frosh squad.

Other candidates of note are Jacobson, of Appleton, and Millman, of Platteville; two 147 pound men who have had a vast amount of experience at the quarterback position.

The balance of the candidates, and the positions for which they are trying out, are as follows: Centers—Fromm, Fries, Stubenvall, Thompson, Zechaeihner, and Sykora. Guards—Hendricks, Smedal, Narmon, Eiseman, Quackenbush, Blinke, Horley, Baillie, and Gunnison. Tackles—Runte, N. Tuttle, Mogy, Welsh, Cassoday, Kingston, Peterson, F. Tuttle, Vergeres, Scofield, Salsbury, Nelson, Collins, and Werner. Ends—Diebold, Ester, Wieder, Knutson, Nolte, Ward, Dear, Feuchtnanger, Stangel, Kuecker, Bur, Shaller, and Neilson. Quarterbacks—Pollock, Schneider, Barnett, Graham, Ballon, and Maclareen. Halfbacks—Catterton, Edgell, McCarkle, Stehling, Orcutt, Reed, Peterson, Halt, Leavitt, and McGrath. Fullbacks—Moore, Bradley, and Beatty.

FROSH GIRLS ARE FIRST TO PRACTICE FOR CLASS HOCKEY

That one department at least has realized the super-importance of the Freshman is shown by the Physical Ed. department in their conductance of advance hockey practice for Freshmen girls. Miss Wesson has scheduled practice games for Monday and Tuesday afternoons of next week, at 4:45 out at Camp Randall. At these times instruction will be given in the art of playing the game with as little shin-scraping and as much speed as possible.

This relieves the Freshmen class of their customary handicap, as no other classes are to hold any practices until the department's registration days.

Practice games were also held last Thursday and Friday afternoons, and a great number came out to see what the game is like, and whether or not they have enough breath and strong enough shins to succeed in the game. These classes may be dropped out of any time before regular classes begin. The department is anxious for all Freshmen girls interested to come out to Camp Randall either or both afternoons.

VARIED COMBINATIONS ARE TRIED BY COACH RICHARDS

Presenting--
JIM BRADER

James Brader, slated for the left tackle position on this year's eleven, is a man of long football experience. He entered the university from Madison high school, where he had two years of experience, playing on the '17-'18 championship team and won his first "W" as a freshman on the S. A. T. C. team, playing left end. In the year '19-'20 he held down a tackle position with an enviable record.

As a freshman, Brader won his numerals in swimming and baseball. He is a member of Beta Theta Pi, Ku Klux Klan, White Spades, Pi Epsilon Delta, and Edwin Booth.

WOMEN ENROLL FOR SPORTS NEXT WEEK

Freshman and sophomore women will register for fall sports at Lathrop gymnasium next Wednesday, Thursday, and Friday, Sept. 28, 29, and 30. Registration hours will be 2 to 5 each afternoon.

The fall sports are swimming, hockey, tennis, volleyball, archery, quoits, and dancing. Teams will be formed in swimming, hockey, and volleyball. Tennis honors will be given. The tennis instructor is to be Miss Alice Gall, a graduate of Wellesley college.

Each freshman or sophomore and all upperclass women who have not fulfilled the two year requirement must register for three days of sports each week. On Monday and Tuesday, Sept. 26 and 27, freshmen desirous of trying out for the hockey team will report for practice at 4:45 p. m. Swimming team tryouts will also be held on these dates, for freshmen only.

Minnesota and Chicago Combinations For Frosh

From now on Wallace "Shorty" Barr will lead the All-Americans.

This announcement came Friday afternoon as a result of the law faculty dictum which was issued late this week, refusing to permit Barr to take a condition examination in a law school subject. Previous to the issuance of the order, "Shorty" had been given an outside chance to become eligible by taking the condition quiz, but the latest ruling has killed all hope of his playing this year.

Barr was first-string quarterback, alternating with Allan C. Davey '21, during the 1920 football season. His heady field generalship, drop-kicking ability, and work on the attack and defense made him Wisconsin's best bet for the pilot position this year. "Shorty" was probably the best forward passer in the Big Ten conference, if not in the Middle West. Swift and accurate, his heaves found their mark in a receiving end or back almost every time he hurled the sphere. His personality is one of his chief assets in successfully running an eleven.

With several other good men ineligible for Conference competition, the chubby quarterback will bring the All-American football team in shape to tackle the Varsity. Harold Holmes '23 will act as Barr's running mate at halfback, and with Coach Guy S. Lowman directing this squad, the third team should put up some hard battles during the practice sessions. Illinois and Michigan plays will be dished out for the All-Americans to thoroughly learn, and these will be worked against the first string eleven shortly before the games. Formations employed by Minnesota and Chicago are to be handled by the Freshman eleven.

Because of the intense heat yesterday afternoon, Coach John R. Richards cut short the Varsity practice after calisthenics, punting, and signal drill had been given the men. Tebelle tried his toe at place-kicking for a short while, and Gould passed up the signal drill, instead devoting his time to hurling the oval.

Arthur R. Saari '24 and Elvin M. Hartlett '22 took places in the Varsity backfield during the signal drill. George C. Bunge '22 remained at center, with Roman Brumm '23 working in a tackle position.

The Varsity lineup used during the drill follows:

Right end—Tebelle.
Right tackle—Hohlfield.
Right guard—Nelson.
Center—Bunge.
Ends—Tebelle and Taft.
Tackles—Brader and Brumm.
Guards—Hohlfield and Nelson.
Center—Bunge.
Quarterback—Williams.
Half backs—Saari, Elliott.
Full back—Captain Sundt, Hartlett.

Two scrimmages were held during the afternoon. Richards pitted the second team, piloted by E. H. Gibson '23, against the third squad, led by Ralph Gill '23, for a fast mixup. The battle ended when Howard Johnson '23, diminutive second team halfback, tore off 12 yards and went over the goal line for a touchdown. Coach Richards watched the work of men on the second and third squads closely, and it is conjectured that he is seeking about for a new Varsity combination.

In the second set-to, the fourth and fifth elevens battled each other. Hundreds of fans again lined the field in their efforts to get a line on Wisconsin's chances for a Big Ten championship.

Ask City To Annex Tract to East End

Street Body Votes Addition of 75 Lots to Tenth, Ward Area

The annexation of a triangular strip of land on the outskirts of Madison adjoining the tenth ward, will be completed tonight if the report of the street committee, which met on Thursday, is adopted by the common council. The land comprises about 75 lots and valued at about \$20,000. It is bounded by the city limits, Gregory st. and Western ave.

The annexation was asked by Ald. J. H. Brown of the tenth ward. At present there are no special improvements on the land and very few residents. It will eventually increase the valuation of the city.

The committee recommended the granting of a gas tank and pump license to Matt Mayan, 2114 Winnebago st., and to A. O. White, 313 W. Johnson st., but rejected the petition of Vito Capadona, 826 Regent st. The plans for the new bridge to be built over the Starkweather drainage channel at Atwood ave., were approved and it will be recommended that the city clerk advertise for bids on the work.

Wisconsin Indians to Join in Big Pow-Wow

CHICAGO—American Indians once more will light their tribal camp fires on the shores of Deer Lake tonight. Gathered from various points of the middle west, four Indian chiefs today brought their dwindling bands to Palatine, Ill., and pitched their tepees for the annual Indian day celebration tomorrow. Chief James Eagle brought the remnant of his tribe of Potawatomies from Black River Falls, Wis., and Chief Quahados headed another band of the same tribe from Blackwell, Wis. Camped close by were a score of Winnebagos from Pittsville, Wis., led by their sightless chief, George Monegar. Chief Reginald Oshkosh brought a party of Menomones from Wisconsin to join the festivities.

CO-EDS BLUSH AS COLLEGE MEN SCRAP
CHICAGO—The cheeks of co-eds assumed a deep magenta yesterday afternoon when sophomores and freshmen of Lake Forest college, battling in the annual flag rush, became divested of the major portion of their raiment.

As the flag of the sophomores was raised to the top of a greased pole on the campus 100 freshmen charged. R-r-rip! It was the sound of scores of shirts being torn from the persons of the students. The sophomores repulsed the attack—and now the feminine students of the freshman class will have to wear one black, one white stocking for a week.

Deary me!

THETA SIGS ELECT NEW VICE-PRESIDENT

Katherine Rockwell '22 was elected vice president of Theta Sigma Phi to fill the vacancy left by Mrs. Genevieve Boughner, formerly a member of the faculty of the course in journalism. It was also decided that meetings will be held throughout the year on the second and fourth Thursday of the month. Every other meeting will be devoted to a program furnished by the members.

THE NUMBER STILL HIGH

INDICATIONS are that the registration this year will equal if not exceed the registration last year. It is encouraging that so many students are here in spite of the serious depression of business throughout the country.

Many students will find it more difficult to stay than in previous years. Work is not so plentiful and the demands for work are increasing daily. It is a serious matter for students to be competing on the wholesale for jobs and there is danger that some employers will take advantage of the situation.

Another aspect of the continued large enrollment is that the dean's office is going to descend mightily on the low grade students again. Already the university is taxed beyond capacity to take care of the students here. There can be no place for idlers. This should be a warning to any who are not entirely bent on tending to business this year. They are already on the toboggan slide.

Some good will come of the situation if students learn to practice thrift and to get seriously to their work.

PREPARATION IN TIME

IT is reported that the plans are already being launched for Homecoming. An early start will mean a great deal toward making the affair what it ought to be. The call for workers should meet a hearty response at once.

One thing that needs careful attention is the matter of the ticket sales. The athletic department has made some new plans for caring for the thousands who expect to attend. The machinery should be oiled well in advance so that the efforts of the committees may be successful.

THE VARSITY WELCOME

THE unqualified success of the Varsity Welcome yesterday ought to settle once and for all the question whether or not this inspiring event is to be held annually.

The welcome will become more than an annual event. It will become in time a tradition in the true sense of the word.

The welcome has possibilities of becoming the one event of the year that will weld together the student body into a coherent whole. Nothing has ever exemplified the spirit of the university so completely and so impressively as the Varsity Welcome. The minds of freshmen are keenly sensitive to their impressions during the first few days of school life. Impressions during this time remain with them until the end of their college days and on into the years that follow.

It is also good for the upperclassmen to witness every year such a demonstration of what the university stands for. Many of them are prone to take things on the campus as a matter of course and they lose sight of the great, compelling theme underlying the mission of the university.

Incidentally, the filming of the welcome by the Pathé company was a splendid thing. It will be wholesome publicity, and heaven knows the university has had more than its share in the past of the other variety.

A WORTHY VENTURE

THE Athletic Review is not on circulation. Some 500 copies have been taken by the students and a larger number has been taken by the athletic department for distribution to the high schools throughout the state.

The magazine is attractively edited and promises to fulfill the purpose for which it was started.

There will be little trouble obtaining excellent athletic material when every ambitious athlete in the high schools and prep schools of the state find out what is going on at this university in the field of sports.

Every copy received by students on the campus should be passed along to friends back home who may come some day to Wisconsin.

VISITING RELATIVES

ILLIONS of people used to spend vacations in visiting relatives. Country folks went to "see" their city cousins, and the city folks camped down on Uncle Reuben. In those days of free and easy times the latch string was always open and the people took care of unexpected guests without getting flustered.

If people could see a chance to get away, they wrote to their friends that they would be glad to come and visit them. The suggestion was rarely turned down. The visitors helped with the housework, everyone had a jolly time, and family ties were kept close.

In these times people are not satisfied unless they entertain in a stylish way. The folks who used to spend weeks with relatives, perhaps come and take a meal or make an afternoon call. Labor is saved for the housewife, but the old family intimacies are breaking up.

The end of a perfect night is when the alarm clock rings.

All of the colleges of Wisconsin are growing at about the same rapid rate—about 100 per cent in the last ten years.

Pharmacy courses enrolled more than 250 students at the university last year.

How to keep wooden articles from shrinking or swelling was told in a recent bulletin of the U. S. Forest Products laboratories, Madison.

La Crosse county sent 120 students, including 41 women and 79 men, to the university this year.

Free medical care and infirmary treatment are given to all university students in return for \$6 annual fee.

BULLETIN BOARD

Methodist Freshmen

Methodist freshmen will meet at Wesley hall, corner of University avenue and Charter street, Saturday at 2 p. m. for a hike to Sunset Point. In case of rain, meet at the chapel for an indoor mixer. Price 15 cents.

BADGER MEETING

All students who have signed up or who desire to try out for the advertising staff of the 1923 Badger meet in 22 Union building, Monday noon at 12:45 sharp.

TENNIS TOURNEY

All entries for the all-university tennis tournament are to be at the gym by next Wednesday, Sept. 28, at 5 o'clock.

SUNDAY EVENING CLUB

The first meeting of the Presbyterian Sunday Evening club will be on Sunday, Sept. 25. A social hour and supper served by the Presbyterian Students' association will precede the discussion. The supper will be served at cost and all students are invited to attend this meeting for social fellowship and serious consideration of live religious subjects.

BADGER CLUB

The Badger club will hold its first meeting Sunday evening Sept. 25, at 8 o'clock. The speaker of the evening is President Birge. All university students are invited and freshmen are especially urged to come and get acquainted.

AG TRIANGLE

The Agric Triangle will hold its regular meeting in the Y. M. C. A., Sunday morning, Sept. 25, at 9 o'clock. Inauguration of officers will be held and plans for the year will be discussed.

CONGREGATIONAL CABINET

The Congregational cabinet meets Sunday evening, 7 o'clock, at the parish house.

OCTOPUS BOARD

The Octopus board will meet at 4:30 Tuesday in the Octopus office, Union building.

DREWEY TO EDIT ENGINEERS' MAG

Montrose A. Drewey, who held the position of local advertising manager on the Wisconsin Engineer, will edit the magazine this year. Frank A. Buese, last year's circulation manager, is now business manager. Other positions on the staff of the Engineer have not yet been filled.

No great change will be made in the policy of the magazine this year. The addition of a section which will be devoted to engineer athletics will be the only change. Harry Phillips has been placed in charge of this department.

Prof. L. F. Van Hagen, faculty advisor of the engineer's magazine, has high hopes for this year's publication. He is confident that the drive for out-of-town advertising which was started in September and the addition of the sport section will help greatly in raising the circulation figures. The magazine boasted of a circulation of 1200 last year and its editors and managers are confident that they can add at least 100 more names to the list this year.

Official Notice

SCHEDULE OF CONDITION EXAMINATIONS

Condition examinations in all colleges and courses will be held in Room 165 Bascom Hall at 1:30 P. M., Saturday, September 24, excepting insofar as special personal arrangements have been made in certain engineering and medical subjects and in accounting (9:00 A. M.). ONLY THOSE STUDENTS WHO HAVE ALREADY REGISTERED FOR THESE EXAMINATIONS WILL BE ADMITTED. In cases where one student has two examinations he will be permitted to write until 5:30.

C. A. SMITH
Secretary of the Faculty

LUTHERAN STUDENTS ATTEND RECEPTION

The Lutheran churches of Madison co-operating through the newly organized Lutheran brotherhood of the university were hosts at a very successful reception for Lutheran students at Lathrop gymnasium last evening.

Governor J. J. Blaine spoke briefly of the need of adhering to spiritual ideals. "A greater measure of tolerance will be instrumental in the attainment of the larger Brotherhood and a more perfect world responsibility," he said.

Prof. E. B. Gordon led the crowd of 600 in a group of songs that bubbled over with enthusiasm and good fellowship. Vocal numbers were given by Pearl Siljan and Emerson Cole.

Later the group was very royally entertained in a series of games and stunts under the capable direction of Doc Elsom.

SALT LAKE PASTOR HAS BAPTIST PULPIT

J. Sherman Wallace of Salt Lake City, Utah, has become the new pastor of the First Baptist church.

Mr. Wallace is a graduate of McMinnville College of Oregon. He took his master's degree at the University of Washington. He is also a graduate of the Rochester Theological Seminary.

For eight years he was a professor at McMinnville college. Since then he has been pastor at various places. For the last three years he has been pastor of the Immanuel Baptist church of Salt Lake City. Most of the summers he has been on chautauqua platforms.

He is a man who understands student life and all are invited to come out on Sunday to hear him.

High Court to Test Legality of Milk Law

State Supreme Court Grants Application of Carnation Co.

The Supreme court today granted the application of the Carnation Milk Co. to start an original action in the name of the state contesting constitutionality of the filled milk law passed by the last legislature.

It is expected that the contest over the new law which goes into effect Sept. 27, will be brought before the court at an early date. Announcement has been made by attorneys for the milk company that this is but the start of a fight which will be carried to the U. S. Supreme court, if the state court holds the law valid.

Farmers of Wisconsin are particularly interested in the action. Thousands of petitions from them during the legislative contest over the original bill brought about passage with but small opposition in the assembly, and with a unanimous vote in the senate.

Noted French Aviator Killed During Race

ETAMPES, France—Capt. Bernard De Romanet, the noted French aviator, holder of the world's speed record for one kilometer, was instantly killed here today while taking part in the elimination races for the Deutsch De La Meurthe cup.

The canvas on Romanet's machine tore while he was flying more than 180 miles an hour at a height of 650 feet and the plane fell. Capt. De Romanet's world record for speed was established on Nov. 4 last when he flew over a measured kilometre at the rate of 309 kilometres, 12 metres per hour (about 193 miles).

MEET TONIGHT ON TRADITIONS

The first meeting of the all-university traditions commission will be held tonight at 7:30 o'clock in Room 1 of the Law building. Special efforts have been made to bring out a full attendance of the commission. Rules for procedure and the definite questions to be handled will be placed before the commission.

Superior is the Largest Coal Receiving Port

Superior is Wisconsin's chief coal receiving center, according to report of the department of markets which shows that 3,954,104 tons of soft coal have been taken in at the Superior docks up to Sept. 1. Milwaukee ranks second with receipt of 1,851,080 tons.

Manitowoc received 205,000 tons, Sheboygan 200,282 tons, Green Bay 197,000 tons, and Ashland 360,369 tons.

Plan Banking Talks at Meeting Thursday

Talks on banking in all towns and cities of Dane county are being arranged for by Henry J. Loftsgordon, Madison, chairman of the Dane county educational committee of the Wisconsin Bankers' association. The state and county executive committees of which met Thursday at the Madison club. Series of lectures on banking are being delivered throughout the country. E. T. O'Brien of Kenosha, chairman of the state educational committee explained the details of the project, which was initiated by the American Bankers' association.

Rubbish Fire Put Out by No. 4 Company

\$15,000,000 is Advanced to U. S. Grain Growers

WASHINGTON—Advances of \$15,000,000 for agricultural purposes announced yesterday by the finance corporation will be made available to grain growers having memberships in the Equity Cooperative Exchange in Minnesota, and North and South Dakota, officials said today. The exchange has its main offices at St. Paul, Fargo, N. D., and Superior, Wis.

Money Tight in Wisconsin Figures Show

Mortgage Foreclosures Are Many; Total \$197,611.64 in Half Year

That money is "tight" in Wisconsin is shown by mortgage and land contract foreclosures and money judgments in the circuit court this year, according to figures compiled by John T. King, deputy clerk of the court.

Up to September 15, which, on account of the summer vacation, constitutes but about half the court year, mortgage and land contract foreclosures amounted to \$128,507.04; money judgments, \$69,104.60, making a total of \$197,611.64.

For the entire year of 1920 the total came only to \$77,535.90, less than half of the 1921 total. Mortgage and land contract foreclosures were \$45,852.32 and money judgments \$31,683.58.

Figures for the year 1919, in which there was also a big business depression are: mortgage and land contract foreclosures, \$252,351.30; money judgments, \$49,022.14; total \$301,373.44.

Indications are, according to Judge Stevens of the circuit court, that the figure for 1921, when the year is completed, will be at least as high as that of 1919.

OTTAWA—In today's semi-finals Miss Alexa Stirling lost her title 3 and 1 as Canadian champion which Miss Cecil Leitch is regarded as certain of winning in the final round of the tournament tomorrow. Miss Leitch is entered in the U. S. Woman's championship tournament next month, where Miss Stirling will defend her title.

HEADQUARTERS

THE UNIVERSITY OF WISCONSIN CORPS OF CADETS

Reserve Officers Training Corps, Senior Division

MADISON, WISCONSIN

September 19, 1921.

General Orders, No. 1.

1. On or before Thursday, September 22, 1921, all male Freshmen and Sophomores will report to the office of the Commandant for assignment to military duties. The Commandant is the sole authority for determining the military status of the student and claims for exemption must be submitted to the military department. Students will present their class schedule cards when reporting for assignment.

2. All male students of the freshman and sophomore classes will be required to take the basic course prescribed subject to the following exceptions:

- (a) Foreigners not desiring to become citizens.
- (b) The physical unfit on medical certificate.
- (c) Members of the short course in Pharmacy.
- (d) Normal school graduates and those who enter with sufficient advanced credit to give them junior or senior standing.
- (e) Discharged commissioned officers of the Army, Navy, or Marine Corps.
- (f) Men honorably discharged after the following periods of service in the Army, Navy, or Marine Corps:
 - (1) Three months' overseas' service service in a combat unit.
 - (2) Four months duty in the Service of Supply or training camps or schools of Europe.
 - (3) Six months service in the United States.

3. Military instruction will begin at the opening of the semester. Instruction will be held three hours weekly. This regulation applies to both freshmen and sophomores.

Approved:

E. A. BIRGE
President

By Order of the Commandant.

Down the sides of new Chemise Frock of Canton Crepe fall youthful pleated frills, that Paris has decided shall be called Cascades—hence the origin of the Cascade Frocks. Paris also says to be truly smart it must be of black—Canton Crepe of course! Metal threads of embroidery sometimes trim, but often the frock relies entirely on its cascades for trim. A great many shoppers have told us we are showing the best dress styles and values in town.

Society News

Will Not Return to University

Miss Freda Clark, who attended the summer session of the university with her mother, Mrs. Charles A. Clark, will be unable to return this year because of the death of her mother which occurred in an automobile accident in St. Louis, on September 20. Miss Clark was a Sophomore in the college of Letters and Science, and planned to continue her studies here this fall.

First Rushing Function

This afternoon marks the opening of the rushing season for the women's Greek letter organizations. All sororities will be at home to rushers from 2 to 6 this afternoon at formal tea.

More Rushing Programs Completed

Kappa Kappa Gamma will give an Italian dinner next Thursday evening. This was planned by Miss Eleanor Sheldon who just returned from Italy, where she went to school for a year. Friday night they will entertain at the Bassett cottage on Lake Mendota with a picnic, and their last affair will be a formal dinner dance on Saturday evening. Miss Mildred Gerlach is

head of rushing for Kappa Kappa Gamma.

Kappa Delta sorority, whose rushing chairman is Miss Edith Black, will entertain on Thursday with a Japanese tea. Decorations and tea will be in Japanese style. Their dinner dance, to be given on Friday evening, will have quaint old-fashioned decorations. Mrs. George Fess has given her cottage on Lake Mendota for an Indian picnic which they will give Saturday.

Delta Gamma's first rushing party will be a Pick-up picnic, at the Ramsey cottage on Lake Mendota. They will give a Polly-Pat dinner on Friday, which will be a formal dinner dance. Their function for Saturday is an English breakfast, from 10 to 12 Saturday morning. Miss Helen Hoper is Delta Gamma rushing chairman.

Personals

Miss Mary Stinson is visiting at the A. O. Pi house and will remain during rushing.

Mrs. J. G. Sellzer, Milwaukee, was a guest of Chi Omega sorority on Friday.

ASPINWALD HEADS BOWLING LEAGUE

Eighteen Fraternities Meet to Make Plans For Season

Bob Aspinwald '22 was elected president of the 1921-22 Inter-Fraternity Bowling league at a meeting held yesterday afternoon at the Kappa Sig house. Twenty-five representatives from 18 fraternities and clubs were present at the gathering. Fred Genrick '23 was elected vice-president, Rollan Hickey secretary, and Stewart Knilans '23 treasurer. Ralph Scott, a veteran bowler was elected to be the fifth man on the committee in charge.

It was decided to hold the next meeting next Tuesday afternoon at the Kappa Sig house at 4:30, at which time the entrance fees, schedules, and other important measures will come up. It is the hope of the officers that the league will be under way within two weeks from today. It is quite probable that two divisions will again bowl for the championships as was the case last year. There will be too many teams entered to make one division of the league and in order to speed the schedule up, two division schedules will be drawn up with games being played on Tuesday and Thursday evenings and possibly on Wednesday evenings. One division will use the alleys on Tuesday night and the second division on Thursday. Postponed games and odd games will be bowled off late Wednesday evenings on the second shift. It is expected that more fraternities than last year will compete for the honors.

Several trophies will be offered as in previous tournaments and the competition promises to be keen between the various houses for the many cups that will be offered for the winners. It is expected that the preliminaries and semi-finals will be over before the Christmas holidays and that the finals will be bowled immediately upon the return from the two-weeks vacation.

The following fraternities and clubs were represented at the meeting yesterday: Phi Delta Phi, Phi Delta Theta, S. A. E., Theta Chi, Theta Delta Chi, Tau Kappa Epsilon, Zeta Psi, Acacia, Beta Theta Pi, Triangle, Chi Psi, D. U., Kappa Sig, Phi Gamma Delta, Phi Kappa Psi U., Sigma Phi, and Delta Sigma Phi. It is expected that several fraternities, not represented at the meeting yesterday will send representatives to the next meeting and will enter teams in the league. Many fraternities welcomed back veteran star bowlers and there are several high score men reported among the pledges of the various fraternities.

President Aspinwald requests all fraternities who have not already signified their intentions to compete, do so at once by getting in touch with the secretary. Next Tuesday afternoon will be the last chance for fraternities to enter teams in the league.

OCTOPUS STAFF PLANS BIG YEAR

Expansion to Wisconsin high schools, improvement of contributions by systematic management, and promotion of staff workers on a merit basis are the outstanding plans for the coming year as laid before 34 staff members and candidates for positions in the Octopus office yesterday at 4:30.

A high school page in each issue devoted entirely to contributions of high school students will be the Octopus' medium of breaking into the field of state high schools. The plan is calculated to give the Octopus prestige in the state and the editors a line on good humor contributions, should they come to Madison.

An accurate account of the contributions of each staff worker will be kept this year, and promotions will be made on the basis of the quantity and quality of work turned in. To raise the Octopus above the amateur level of humor magazines, helpful criticism will be given the new contributors by the experienced staff editors.

The first issue of the Octopus will be on sale October 19. The deadline for contributions has been set for October 1. Freshmen and Homecoming will be the general themes for contributing writers.

STUDENTS DESIRED IN LIBRARY COURSE

Six juniors and seniors have registered for the course in library work. At least two more are desired. If you are preparing to teach, plan to take this course if possible. Anyone interested may consult Miss M. E. Hazeltine at the library school at 206 N. Carroll street.

LUTHERANS BEGIN WORK TOMORROW

Student activities at Luther Memorial church will officially start on Sunday, Sept. 25. Rev. Soldan, university pastor, and Marion Neprud, student secretary, have made plans which should interest all Lutheran students. At 9:30 a. m. the student Bible classes will be started with Atty. Carl Hill and Leo Kohl as leaders. Mr. Hill's subject will be "The Book of Acts," and Kohl's subject will be "The Social Principles of Jesus."

Herbert Procknow, president of the student cabinet, has called his first meeting for Sunday at 4 p. m. At 5:30 p. m. the new students will have an opportunity of getting acquainted at the regular social hour which is followed by a cost supper. Rev. Soldan will address the first meeting of the Luther league at 6:45 p. m. He will speak on "Our Individual Trial." All Lutheran students and friends are most heartily welcome to make Luther Memorial church their church home.

NEW SPECIAL SCHOLARSHIP ESTABLISHED

New York Alumni Give
\$700 Scholarship For
Exceptional

A unique experiment in scholarships, designed to meet the needs of the student who has exceptional capacity in a special field but who may be deficient in other fields, has just been undertaken by the university.

The New York city branch of the Alumni Association of the University of Wisconsin has established an annual scholarship of the value of \$700 with free tuition to be known as "The Zona Gale Scholarship"—named in honor of a distinguished graduate of the university, to be awarded to a student who has shown that he possesses special talent of an unusually high order, and who wished to spend all his time in the university in pursuing courses which he thinks will develop his special talent, without being required to complete studies in which he has little or no interest. The holder of the scholarship will not be required to satisfy the regular entrance requirements if he is deficient therein, and he will not be a candidate for a degree.

Special Talent Necessary
To obtain this scholarship, a student need not have completed the usual high school course of study, provided that he has given adequate proof, first, of the possession of exceptional talent in a particular field, and second, that he can perfect his talent by spending a period at the university in the pursuit of studies of his own choosing. Such a student will not be a candidate for a university degree, which always represents the completion of certain prescribed studies. A committee of the university faculty consisting of Dean Harry Glucksman, Prof. V. A. C. Henmon, Prof. W. E. Leonard, Prof. C. E. Mendenhall, and Prof. M. V. O'Shea (chairman) will administer this scholarship, and the members of the committee will keep a sympathetic eye on the student and note whether he is deriving benefit from his residence in the university. So long as he is making progress in the development of his special talents he will be given complete freedom to follow any program which he thinks will be of greatest advantage to him.

This scholarship is open to any person in any part of the country who has given evidence of exceptional creative ability in any field of human interest and activity. Nominations for the scholarship may be made to the registrar of the university by superintendents or principals of schools, by teachers, or by anyone else. To receive consideration, the nomination must be accompanied by evidence that the candidate possesses unusual original talent, and that he would be able to utilize the advantages offered by the university for the development of his talent. There are no restrictions in respect to age, sex, or race.

An Experiment
"This scholarship is in keeping with the traditions and aims of the University of Wisconsin, which extends a welcoming hand to every individual who can properly utilize its facilities for intellectual, social, ethical, or vocational development," declares Professor O'Shea. "It is thought that this experiment may yield some evidence showing whether or not it is desirable to modify the usual college requirements for persons of special talent of an exceptionally high order. The committee will make reports to the Wisconsin Alumni Association of New York city regarding the outcome of the experiment.

"One who will spend a few minutes glancing through a biographical dictionary will hardly fail to note instances of distinguished men and women who were misfits in college. Some of the leaders in every department of human activity were either unable to enter college because they could not satisfy entrance requirements; or, having been admitted, were not allowed to remain because of deficiency in certain prescribed studies. There are complaints in autobiographical sketches of the lack of elasticity in

college courses, which has resulted in the exclusion of persons who possessed unusual talent in particular fields but who were unable to complete, or who were not interested in, some of the required work."

CLASS OF '25 IS WELCOMED

(Continued from Page 1)

You have self government. We are not here simply to give you information. You can buy that anywhere. Some members of the faculty say that we are here to inspire you—and then they say that a sense of humor is not present in the faculty. We are both in the same box. We are here to work together. I find that I work more profitably with my students than without them. We are all students.

"When I was asked to speak here I didn't think so much about what I was going to say as I did about what I was going to wear. I didn't know whether I was supposed to wear my academic regalia and my robes of office or whether to appear in everyday clothes. This old world is suffering too much from class distinctions. Even if I do wear my everyday clothes here and if a member of the freshman class is taken for a member of the faculty what harm is done? And even if a member of the faculty is taken for a freshman that is not so serious. After all we want you to know that members of the faculty for just what they are—just human."

Sterling Tracy spoke on behalf of the upperclassmen.

"Many here have been welcomed into the social gayety of the university," said Mr. Tracy. "I want, however, to welcome you in the sphere of the Wisconsin spirit. You can obtain the same social advantages at other universities. But there is a something here at this university that you cannot get at other universities. We call it the Wisconsin spirit. The Wisconsin spirit represents that idealism, democracy and progressiveness that is inherent in the people of Wisconsin."

Two official photographers of the Pathé News, the International News film service were on the upper campus to film this second annual out-of-door varsity welcome. The sending of regular staff photographers guarantees that the film will be shown throughout the country in the regular Pathé channels.

SOPH COMMISSION FAVORS GREEN CAP

(Continued from Page 1)

vised code of traditions enforceable without hazing.

If the vote is "YES" on the third question the commission referred to will be empowered to recommend headgear for each class, such proposals to be passed on by the students at the regular election in October.

Abolished Last June

The traditions were officially abolished on June 5, 1921, following the day of the freshman cap burning. Opposition to the Senate's action in abolishing the green cap was immediately voiced last June in the form of a protest massmeeting of students, and a petition signed by 1,834 students and calling for a student referendum on the traditions question. The Senate did not rescind its action, but in view of the demands of such a large part of the student body, arranged for the referendum which will be held Monday.

Tip Hat to "Prexy"

The question of disrespect toward President Birge was also considered at the meeting of the Sophomore commission. A movement has been started by the commission to the effect that every male student tip his hat on meeting "Prexy" and the entire school is asked and invited to make this act of courtesy a tradition of the school.

STUDENT INJURED IN FALL DOWN STAIRS

William Olson, 19, university student, was seriously injured yesterday when he fell down a stairway at 1113 West Washington avenue, where he was rooming. Olson stepped on one of his shoe strings, which had become untied, causing him to fall. In a semi-conscious condition, he was removed to the General hospital, where Dr. W. J. Ganser is attending him.

NEW MEMORIAL UNION CAMPAIGN LAUNCHED SOON

General Chairman Will Be Named This Morning; Plans Outlined

The general chairman for the new Memorial Union building fund campaign to be launched soon is to be named this morning by the Union board. This action by the Union board was authorized at a conference of students at the University club Thursday night.

Plans for the campaign, as outlined by Dean S. H. Goodnight, chairman of the Memorial committee, include a big Memorial Union day celebration in November, and a varsity parade through the downtown streets of Madison. A city campaign will be conducted at the same time under a separate committee.

Among the students who pledged their support at the conference were: Donald Marvin, Thomas Coxon, Hubert Townsend, Everett Jones, Sterling Tracy, Paul Gangelin, Kenneth Fagg, Willett Kempton, Edwin Reeve, J. Lowell Geiger, George Crownhart, Irwin Maier, Donald Bailey, William Sale, Hobart Kletzein, Dale Merrick, George Stolley, Lee McCandless, Daniel O'Neill, Charles Fitzsimmons, Warren Taylor, Melbourne Bergerman, Carl Ceaser, Richard Gibson, Robert Sykes, Reuben Chadbourne, Harry Fox, Milton Borman, Robert McDonald, Leo Kohl, Fred Brewer, Carl Richfer, Evrard Caluwaert, Morton Frost, Arthur Kinnan, Leslie Gage, Richard Tyrrell.

The Memorial Union building is to be the center of under-graduate communal life. It will serve as headquarters for all student activities, taking the place filled by the

present Union building, and serving as a social center as well. A theater with seating capacity of 2,000 will provide a stage for student entertainments. Alumni headquarters will be maintained for transients.

The drive will be conducted as in Ohio and Illinois. A student committee will be in charge, to enlist the aid of every man and woman on the campus.

The Campus Religious Council

Of the University of Wisconsin

is an Association composed of students and pastors, representing various Denominations and groups doing religious work at the University.

You have come here to prepare yourself for the demands and duties of later life. Your preparation will not be complete unless you include the development of your religious life and the enrichment of your spiritual ideals.

You can do this by attending your Church regularly and by being a member of its Bible Classes. Your Church wants you to make your college years count for the most in a real growth and religious contentment.

"Men whose brains alone are trained may and often do fail in life but men of godly life and trained mind can never fail."

Signed, Adrian Scolten,

President of the Campus Religious Council.

Presbyterian.....731 State St.

Classes for both men and women will meet every Sunday at 9:30 at the Presbyterian Student Headquarters.
