TO OUR SUBSCRIBERS

The men and women who are responsible for the operation of the great property of the Wisconsin Telephone Company, supplying service to more than 175,000 customers, having in excess of 200,000 telephones, have come up from the ranks and are fitted for the task by long experience and training. Interesting facts concerning a few of those serving you are given below. These are typical of the entire organization.

J. J. Corrado, Manager, began his telephone career at Milwaukee in 1900 as helper in the installing department. He was transferred to Madison as installer and back to Milwaukee in 1902. In 1904, he was promoted to Chief Clerk to the Chief Installer, and later, when the new Grand Office was finished, was promoted to Captain of the Exchange. In 1906, he went with the New York Telephone Company at Brooklyn, N. Y., returning to Milwaukee in 1907 as a switchboard installer. In 1909, he was transferred to the Commercial Department, and in 1912 was appointed to Manager at Port Washington, Wisconsin. In 1913, he went to Milwaukee as Commercial Agent on switchboard work. In 1914, he was appointed Commercial Agent at Janesville, and Manager at Beloit in 1918.

Geo. Oliver, Wire Chief, began his telephone career as a lineman with the Wisconsin Telephone Company in January, 1899. In 1902, he became Wire Chief at Janesville, later returning to Beloit as Wire Chief. Mr. Oliver was in business for himself from 1907 to 1911, and Wire Chief since.

Mrs. Helen Brabazon, Chief Operator, began her telephone career in 1913 when she entered the employ of the Wisconsin Telephone Company as local operator. She was appointed toll operator in 1914, toll supervisor in 1917, assistant chief operator in 1922, and in December 1922, was appointed to Chief Operator.

W. N. Cash, District Manager, Janesville, began his career in the telephone business in 1900, coming to the Wisconsin Telephone Company in 1902 at Chippewa Falls. Since, he has been manager of the exchanges at Merrill, Menomonie, Eau Claire, Beloit, and Janesville, respectively. He was appointed District Manager at Janesville in 1914, which position he now holds.

W. R. McGovern, President and General Manager of the Wisconsin Telephone Company, a native Milwaukeean, has been in the telephone service, mostly in Wisconsin, for more than twenty years. He began as a draftsman in Milwaukee and served his apprenticeship in the various departments of the Wisconsin Company. He held different positions, such as equipmentman, construction foreman, Equipment Engineer and Chief Engineer. He later became Chief Engineer of the Central Group of Bell Telephone Companies, with headquarters in Chicago. Mr. McGovern returned to Milwaukee in 1919 as General Manager of the Wisconsin Telephone Company and was elected Vice President and Director in 1920 and President in 1922.

E. D. Blume, General Auditor, began work in September, 1897, for the Bell Telephone Company at Indianapolis, and held positions as store keeper, collector, cashier and chief clerk to the division superintendent. April, 1904, was transferred to South Bend, Indiana, as service inspector in charge of clerical matters and collections for the district. Later was made local manager at South Bend and then transferred to the accounting department for that company as traveling auditor, serving as traveling auditor until he was promoted to Chief Traveling Auditor and later Chief Traveling Auditor for the Illinois and Wisconsin Companies with headquarters in Chicago. On March 1st, 1922, he was elected General Auditor for the Wisconsin Telephone Company.

Fred E. Chandler, General Traffic Superintendent, while a student in the public schools, was employed in 1897 during spare time, at the telephone exchange at Dixon, Illinois. Continuous employment started on July 22, 1904, as night plant inspector, Chicago Telephone Company; Night Chief Operator, Chicago Toll Office, February 1, 1906. Toll Manager, September 1, 1907. Supervisor of Traffic, Chicago, Suburban Division, April 1, 1908. Division Traffic Engineer, February 1, 1909. Division Traffic Chief, June 1, 1911. He came to the Wisconsin Telephone Company as Traffic Superintendent May 1, 1915. Appointed General Traffic Superintendent January 1, 1921.

Walter W. Hiller, Treasurer, began his service with the Company on December 4, 1899, as office boy in the accounting department at Milwaukee. He later filled the position of assistant cashier, cashier, and assistant treasurer. In 1911 he was transferred to the headquarters of the Central Group of Bell Telephone Companies at Chicago and appointed General Supervisor of collections for the Bell Companies in Illinois, Michigan, Indiana, Ohio and Wisconsin. In February, 1914, he returned to Milwaukee as Chief Commercial Agent of the Wisconsin Telephone Company and on March 1, 1922, was elected Treasurer of the Company.

W. D. Hobbins, Chief Engineer, began telephone work in 1890, when he entered the employ of the Wisconsin Telephone Company as operator and repairman, and continued at that work for about three years. He then left the service for about three years, being engaged in electrical light and power work. He returned to the Wisconsin Telephone Company in 1896 and his service has been continuous up-to-date. From 1896 to 1898 he worked as lineman, on construction and repair work, sub-station and central office installation; from 1898 to 1900, assistant construction foreman, and from 1900 to 1908, construction foreman in charge of work throughout the State of Wisconsin. He has worked in practically every exchange and on most every toll line of the Wisconsin Company. In 1908, transferred to the Engineering Department as Outside Plant Construction Engineer. In 1911, appointed Facilities Engineer. In 1912, appointed State Engineer. In May, 1920, appointed Chief Engineer.

Leslie Killam, General Plant Superintendent, entered the service of the Bell Telephone System in April, 1896, as inspector. He held various positions in the East until 1900 when he went to Chicago as plant inspector. While in Chicago, he held among others the position of wire chief, chief operator and traffic manager. In 1905 he came to the Wisconsin Telephone Company as Chief Clerk to the General Manager and was later promoted to the positions of Assistant to the General Manager, Plant Superintendent, and in 1920, General Plant Superintendent.

O. B. Koepke, Auditor of Receipts, entered the employ of the Wisconsin Telephone Company as rental bill clerk in June, 1889. He has successively held the positions of Cashier, Bookkeeper, Chief Clerk, and Auditor. He was appointed Auditor of Receipts July 1, 1911.

J. F. Krizek, General Attorney, at the time a practicing attorney, began his career with the Wisconsin Company as Right-Of-Way Agent in 1906. Shortly thereafter he was made General Right-Of-Way Agent in charge of all its right-of-way and claim matters. In 1910, Mr. Krizek was appointed Commercial Superintendent, and early in 1911 was appointed Attorney for the Company, and in 1922, General Attorney, which position he now holds.

Frank M. McEniry, General Commercial Superintendent, began his career in the telephone business in 1900 as a lineman's helper, with the Bell Company at Rockford, Illinois, and was successively a lineman, installer, repairman, switchboardman, local manager at Warren, Galena, and Moline, Illinois, and came to the Wisconsin Telephone Company in 1906 as District Manager at Racine, Wisconsin. He was also District Manager at Green Bay and was appointed Commercial Superintendent with headquarters at Milwaukee in 1911 and became General Commercial Superintendent in 1920.

John O'Day, Vice President and Secretary, entered the employ of the Wisconsin Telephone Company at Milwaukee in December, 1902. The first position held was that of stenographer in the General Offices. In 1907, he was appointed Private Secretary to the General Manager, and in 1911, he became Chief Clerk of the General Manager's Department. In June, 1911, he went to Chicago as Chief Clerk to the General Auditor of the Central Group of Bell Telephone Companies. In September, 1912, he returned to Milwaukee to fill the position of Chief Clerk of the General Manager's Department. In September, 1920, he was appointed Special Agent in the Legal Department. In August, 1921, he was appointed Assistant to Vice President and elected Secretary March 1st, 1922, and Vice President in 1922.

STATION-TO-STATION TOLL SERVICE

Every day, thousands of long distance calls are made by patrons who state that they wish to talk to ANYONE at a distant telephone.

These are "station-to-station" calls.

Station-to-Station calls are completed more quickly and at less expense than when it is necessary for the operator to locate a particular person, and the charge for station-to-station service is consequently lower.

The use of this service will increase the utility of your telephone and will save you time and money.

Full information is shown on page 7 of this directory.

For additional information to other points, or for evening or night station to station rates, appointment rates or rates for messenger calls, ask for "Long Distance Operator."

SAVE MONEY ON YOUR LONG DISTANCE CALLS BY USING THE
STATION-TO-STATION TOLL SERVICE."

It is quicker and will cost you less.

Telephone Toll Rates

Your attention is again invited to the advantages and economies which may be had under our present Toll Rate Schedule.

"STATION TO STATION" RATE. When a person makes a toll call without specifying that conversation is desired with a particular person, and the connection is established and conversation held, the "station to station" rate applies.

"Station to station" calls should be made by number wherever Telephone Directory information is available. Where this information is not available at the calling telephone, such calls may be made by giving the toll operator the name and address of the subscriber at the telephone called.

"COLLECT" CALLS. "Collect" calls are calls for which the charges are reversed; that is, are to be collected from the subscriber at the distant station at which the call is completed.

Such "collect" calls, or reversed charges are allowed only in connection with "person to person" calls.

"PERSON TO PERSON" RATE. When a person makes a toll call, specifying that conversation is desired with a particular person or Private Branch Exchange terminal and the connection is established and conversation held with that person, the "person to person" rate applies.

As this service requires a greater amount of operating effort and use of toll circuits, the rate for such calls is about one-fourth greater than the "station to station" rate.

The "person to person" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 16c.

"REPORT CHARGE." When a "person to person" call is made and the particular person desired is not in or will not talk, or when an exact telephone address of the particular person desired has not been given and he cannot be reached at a telephone within one hour, a "report charge" applies.

Such a charge also applies if the calling party is absent when the connection is completed within one hour, or if he refuses to talk.

If the connection is finally completed that day to the party called at the same city or to a substitute designated by the calling party no report charge is made when the regular rate is collected.

This charge is to cover compensation for the operating work performed and use of toll circuits, and is approximately one-fourth of the "station to station" rate.

In any case where a "report charge" applies, the minimum charge is 5c.

"APPOINTMENT" RATE. When the calling party in placing his call appoints a definite specified time at which he will talk on a "per-

son to person" basis and the conversation is held at the specified time, the "appointment" rate applies.

The "appointment" rate is approximately one-half greater than the "station to station" rate.

The "appointment" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 20c.

"Report charges" apply under the same general conditions as specified for "person to person" calls

"MESSENGER" CALLS. When a call is made on a "person to person" basis and a messenger is required to secure attendance of the designated person at a public pay station at the distant point, the "messenger call" rate applies.

This rate is the same as the "appointment" rate for the same distance, plus any charge for messenger service.

The "messenger call" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 20c.

Messenger charges incurred are to be paid even if desired conversation is not held.

"Report charges" apply under the same general conditions as specified for "person to person" calls.

STANDARD TOLL NIGHT RATES. The following reduced rates for night service on a "station to station" basis only are effective:

8:30 p. m. to 12 midnight—about one-half of the "station to station" day rate.

12:00 midnight to 4:30 a. m.—about one-fourth of the "station to station" day rate.

For the purpose of applying night rates, the time of day at the point at which a "station to station" message originates, is used.

The minimum night rate is 25c. Day rates apply on calls made at night when the "station to station" charge is less than the minimum night rate.

EXAMPLE SHOWING HOW METHOD IS APPLIED

Assuming the air line distance between toll points to be more than 144 miles, but not more than 152 miles, the following rates for service under the various classes offered would apply:

	Initial Period
"Station to station" rate.....	\$1.00
Completed "person to person" rate.....	1.25
Completed "appointment" rate	1.50
Completed "messenger call" rate.....	1.50
Plus messenger charges	
Report charge25
Rate between 8:30 p. m. and 12 mid-night, "station to station" service only	.50
Rate between 12 midnight and 4:30 a. m. "station to station" service only..	.25

Helpful Suggestions

and

Information for Bell Telephone Patrons

The Use of the Company's Lines is limited to communications between parties, both of whom are present at the telephone, and employees of the Company are prohibited from accepting written or verbal messages for transmission or delivery.

Local Exchange Calls originating at public pay stations or telephones where it is necessary to deposit a nickel for each conversation are limited to five minutes duration and a charge of five cents will be made for each period of five minutes.

Subscribers to Party Lines are limited to five minutes use of the line at one time.

The Chief Operator will Furnish on request, new call numbers of subscribers not listed, and who have had service installed or of numbers which have been changed after this Directory was printed.

It is Impossible for Operators to give attention to complaints of trouble, therefore subscribers are requested to report any irregularities in their service promptly to the Chief Operator.

Ten Days' Notice for Changing location of telephones should be given. Subscribers are requested to report fully by letter any change in firm name or business, for correction in the following issue of Directory.

Bills for Current Months' Service are payable at the Company's Office by the 15th day of the month. Service is subject to suspension if payment is not made by that date.

Schedules of Rates in Force at each exchange are on file at the Manager's office and can be examined by applying to the Manager.

Non-subscribers will be listed in this Directory with residence address and telephone number if they reside where telephone service has been installed. A charge of twenty-five cents per month is made for this entry.

A Copy of this Directory is delivered free to every subscriber for use until the next issue, but the book remains the property of the Company. It is imperative that the current issue be always used to obtain correct call numbers.

This Company Assumes no Liability for damages arising from names left out of this Directory or from errors occurring in its compilation or printing.

Telephone Directories of the Principal Cities throughout the Country may be obtained by any of our subscribers wishing same, who will agree to pay the charges made by the issuing company. Prices and other information can be secured by calling the Manager's Office.

The Fire Department and the Police Department are always available by telephone. Tell

your story briefly, calmly and distinctly, giving your street address, and answer promptly any question asked by the Department called.

Patrons are Cautioned against the possible entry into their premises of Fraudulent Persons posing as Repairmen, Inspectors or Collectors. Employees of this Company, duly authorized to install, repair or remove telephones, or collect for service, are provided with proper credentials. Please guard yourself against any misrepresentation by asking to see these credentials.

Use of Foreign Equipment. The Company is responsible for satisfactory telephone equipment or other apparatus in connection with that furnished by it. Subscribers are cautioned not to purchase or use any equipment not furnished by this Company.

This Company Connects with the American Telephone & Telegraph Company, furnishing service to all of the important cities in the country.

Full Information as to classification of telephone toll rates—see following page.

Telegrams May be Sent over the wires of this Company, to or from Telegraph offices. The Telephone Company does not assume responsibility for the correct transmission of the messages.

Supervision by Private Branch Exchange Operators—The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange Operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Requests for Charges—If a patron desires notification of the amount of the charge on his message, he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

Report all complaints of long distance service to the "Long Distance Chief Operator."

For information not given above concerning long distance service, call "Long Distance Information Operator."

The Company Cordially Invites all users of the telephone to call at any Exchange for an inspection of the operating room and other interesting details of the business. The unique features of a Telephone Exchange are but little understood by the public at large, and observations by the subscribers often lead to suggestions, tending to the best results in the service.

Telephone subscribers, particularly those on party lines, can help to improve their own service and that of all other users by practicing brevity. Crisp and expressive phrases, which bring out the full thought clearly and expeditiously, facilitate your telephone conversation and release the line for other users.

Wisconsin Telephone Company

WHEN several telephone users are on a party line, all are entitled to equal service.

It would neither be fair nor practicable to assign certain periods of the day to each user. All should have access to the line on equal terms. Exact fairness is possible only by the help and co-operation of the subscribers themselves.

A telephone line should never be held longer than five minutes for a local call. Prolonged conversation, particularly on party lines, may cause serious delay to others who wish to use the line in an emergency.

Wisconsin Telephone Company

STATION-TO-STATION TOLL SERVICE

Every day, thousands of long distance calls are made by patrons who state that they wish to talk to ANYONE at a distant telephone.

These are "station-to-station" calls.

Station-to-Station calls are completed more quickly and at less expense than when it is necessary for the operator to locate a particular person, and the charge for station-to-station service is consequently lower.

The use of this service will increase the utility of your telephone and will save you time and money.

Full information is shown on page 7 of this directory.

Wisconsin Telephone Company

Are You Taking Advantage of the Different Classifications of Long Distance Service?

Long distance calls and charges are classified to meet the different requirements of our patrons at charges commensurate with the service rendered.

Analyze your requirements and use the service best fitted to your needs.

You will save time and money, and secure greater value from your telephone.

Full information on Page (7) of this Directory.

Wisconsin Telephone Company

ESTABLISHED 1855

OTTO PIETSCH DYE WORKS.

FRENCH DRY CLEANERS AND DYERS
Telephone Grand 4000 254-256 W. Water St.

LACE CURTAINS

Cleaned, Tinted and Finished. Draperies, Portiers and Artistic Hangings.
Cleaned or Dyed and Finished. Blankets, Comforters and Feathers Cleaned.

We Pay Express or Parcel Post Charges One Way on all Orders Sent to Us.

THE BIGGEST WORD

THE biggest word in the vocabulary of both women and men is clothes! Likewise, it comprises their biggest worry—and worry is one's worst enemy!

Why worry when we can eliminate the cause by keeping all of your garments fresh and new looking? Cleaning adds charm and length of life to materials.

ANOTHER service we can perform is on your garments that have become faded or where the color is no longer desirable. You can send these garments to us indicating your choice of color and thus bring added life and usefulness to garments that would otherwise be wasted.

Parcel-Post or express shipments accompanied by your instructions designating work you desire will have prompt and careful attention.

OUR service will satisfy you as it is doing thousands of other customers throughout the United States.

ESTABLISHED 1855
OTTO PIETSCH

When sending garments you will confer a favor if you will mention this directory.

The Divided Payments of the Niss Home Lovers' Club will help you.

Selling Correct Home Furnishings Since 1867.

Correct Home Furnishing

The way to furnish your home— By planning it

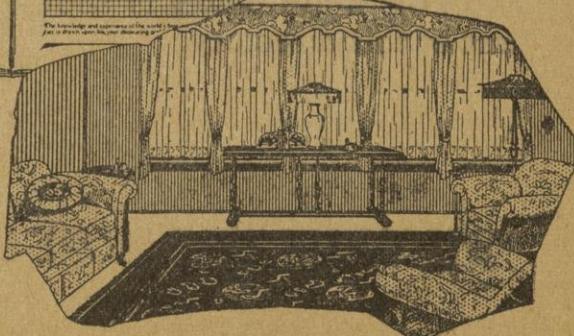

It means just this—furnishing your home as you would build it—by planning it to fit your needs and purse.

A home furnisher can assist you intelligently and suggest the proper size and location of correct home furnishings when he has a knowledge of your home and the location and size of each room, door and window.

The copyrighted methods of *the Niss Plan of Correct Home Furnishing* (patents pending) help you to furnish your home as you want it.

If you want to learn what can be done in your home, write for the "Correct Home Furnishing" magazine.

Correctly Furnished Home	
Living Room	
<small>This is one of the humblest suggestion of sections that will give you a rough sketch of your Living Room furniture. If the room is too large, draw a larger sketch; if too small, draw a smaller sketch. If you have a large room, divide it into two sections. If you have a very large room, divide it into three sections. If you have a very small room, draw it all upon one sketch.</small>	
<small>The assistance of the Niss Plan and Niss guaranteed decoration up-to-the-minute group to your preference of material and color will bring this sketch to life.</small>	
<small>LIST YOUR NEEDS HERE</small>	
<small>DESCRIPTION</small>	
<small>1 Chair \$12.50 1 Sofa \$35.00 1 Oval \$3.00</small>	
<small>Two Antique Mahogany 20x66 \$2.50 One 21x12 Commuter Chair \$5.00 Low Chippin' Gray Duff Lamp with Silk Shade \$7.50 Polyethylene Rose Lamp \$1.00 Honeycomb - Silk shade \$10.00</small>	
<small>614-2</small>	
<small>Dashed by experience all the time spent in furnishing rooms in the Niss Service is drawn upon for your decorating.</small>

BUILD A HOME ADD A ROOM

WITHOUT THE COST OF BUILDING IT
The MURPHY IN-A-DOR BED will do this for you.

Wm. F. Jungles—1902 Pontiac Street, Ft. Wayne, Ind. Owner of Bungalow—Plan of which is shown here, added a library to his home without the cost of building it, and states if he had it to do over again he would use all MURPHY IN-A-DOR BEDS. MURPHY IN-A-DOR BEDS besides saving cost of one room—save furnishing, heating, lighting and decorating costs. In addition to this the house drudgery of one room is saved. They are sanitary—easy to operate—easy to install.

SOMETIMES a telephone user will guess at a number rather than take the trouble to consult the telephone directory, which may be mislaid. If his guess is wrong a useless connection is established, a third person is inconvenienced, time is lost, and the work must be done all over again.

Make it a rule to keep your directory near your telephone and consult it each time you make a call.

The use of handy lists of numbers frequently called is not advisable, unless such lists are corrected each time a new directory is issued. The use of the directory itself is always safer.

Wisconsin Telephone Company

Right and Wrong Way

FROM time to time subscribers complain that they cannot hear the party at the other end of the line. In some instances this is found to be the fault of the apparatus or of the lines, but usually such complaints are due to the failure of the party at the other end of the line to *speak closely into the transmitter.*

The cuts below show the right and the wrong way.

Please follow the "right" way when using the telephone and thus assist in making Our service the best telephone service anywhere.

The right way.

The wrong way.

TELEPHONE PLEDGE

I believe in the Golden Rule and will try to be as courteous and considerate over the telephone as if face to face.

BECOME A TRAINED BOOKKEEPER

Every man and woman should know
how to keep a set of books.

You can master the science of bookkeeping in 12 weeks
in your own home.
